GOODS AND SERVICES INFORMATION

For Polymerisation apparatus for dental purposes

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For 3D printers

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Polymer beads for use in manufacturing; chemicals used in industry, namely, fluorinated polymers for use in 3D printing; chemicals used in industry, namely, cationic polymers for use in 3D printing; chemicals used in industry, namely, polymer solutions for use in 3D printing; unprocessed aqueous linear polymer gels; polymer resins, unprocessed; unprocessed polymers for use as reference standards in industry, namely, for the Medical diagnostic and prosthetic Applications industry, Electronics industry, and Communications industry; chemicals used in industry, namely, plastisizers for use in synthetic polymers; polymeric intermediates, namely, chemicals used in industry being oligomers, and unprocessed polymer resins; unprocessed aqueous polymer dispersions; chemicals for use in polymerisations, namely, chemical polymeric additives for 3D printing; unprocessed reinforced polymers; chemicals used in industry, namely, polymerization plastics; chemicals used in industry, namely, chemical additives for polymers; chemicals used in industry, namely, chemical compositions being photo curable for polymers; unprocessed polymer dispersions; unprocessed polymers for use as reference standards in science; chemicals for use in the manufacture of smoke suppressed polymers; photographic developers for use with light sensitive materials; chemicals used in industry, namely, photoinitiators for the polymerization of artificial resins; polyamides; polymer compounds for industrial use for use in the manufacture of industrial goods; chemicals used in industry, namely, plastisizers

for use in natural polymers; chemicals for use in the manufacture of flame retardant polymers; polymer compounds for use in manufacture of industrial goods; photographic developers for positive type photoresist; chemical compositions for polymerization of organic compounds for the plastics industry; chemical compounds for use in the manufacture of polymers; unprocessed water absorbing polymers; chemical substances for modifying the properties of polymers; unprocessed synthetic polymers

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For 3D reproduction services, namely, 3D printing for others; polymerization, namely, lithographic additive manufacturing for others; rental of 3D printers

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Semi-processed synthetic polymer resins; polymer films for use in manufacture; semi-processed polymer resin fibres, other than for use in manufacturing textiles; synthetic elastomer polymers in liquid or paste-like form for use in further manufacture; semi-worked polymer resins; polymer film used for manufacturing electronic circuits; semi-worked thermoplastic filaments used for 3D printing

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Development of new technology for others in the field of 3D printing; design and testing for new product development; development of measuring and testing methods in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; development of testing methods in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; design and development of new products; research and development services in the field of engineering; industrial development services, namely new product design services; development of industrial products; development of industrial machinery; research and development of new products for others; design and development of new technology for others, namely, new product design services, research and development of new products for others; research and development of new products for third parties in the field of plastic materials; development of machining techniques, namely, technical research in the field of 3D printing; product research and development; software design and development; services for the development of methods of testing in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; design and development of engineering products; design and development of industrial products; research und development of new products for others; design and development of medical technology products; development and test of chemical production methods; research and development services in the field of chemistry; development of industrial processes in the field of 3D printers; design of software for use with printing machines; design and development of consumer products; development of new products; computer software design and development, namely, creation of control programs for electric operation control and drive modules; research and development of new products; research to develop new products, namely, research and development of new products; design and development of testing and analysis methods in the nature of development and establishment of testing specifications and procedures in the field of 3D printers; consultancy services in the field of technological development; product design and development in the field of 3D printers; scientific research and development

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

BASIS INFORMATION

Currently 66A Yes

OWNER INFORMATION

Owner Name Cubicure GmbH **Address** Cubicure GmbH Gutheil-Schoder-Gasse 17 A-1230 Wien AUSTRIA **Legal Entity** GmbH **State or Country Where Organized** AUSTRIA

INTERNATIONAL REGISTRATION INFORMATION (SECTION 66A)

Owner of International Registration Number 1668588 **International Registration Date** Feb. 09, 2022 **Date of Section 67 Priority Claim** Aug. 27, 2021 **Expiration Date** Feb. 09, 2032

EXAMINING ATTORNEY

Examining Attorney HARMON, RAYMOND E

REASON FOR PUBLICATION

RELATED PROPERTIES INFORMATION

International Registration 1669696 **International Registration Date** Jan. 04, 2022

GOODS AND SERVICES INFORMATION

For Machines and machine tools for handling of long and flat products within paper, steel and wood industries, namely, bar transportation systems being pneumatic transporters, bar sorters, bar stackers, bar benders, bundle formers in the nature of metal forming machines, bar unloading stations being unloading machines, coil transportation systems being pneumatic transporters, coil trimming systems being machine tools for the cutting and forming of materials, and coil unloading stations being unloading machines; material production and processing machines, namely, machines for the cutting and forming of materials; road construction machines; waste compacting machines; strapping machines; textile bonding machines; hydraulic pumps, electric compressors, and power operated blowers; industrial robots; handling equipment, namely, cargo handling machines for long and flat products within paper, steel and wood industries

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Education and instruction services, namely, providing non-downloadable webinars, online classes, on-site classes, and workshops in the field of operating and maintaining machines and systems for handling of long and flat products within the paper, steel and wood industries; training and instruction in the erection, assembly, operation and maintenance of machinery used in the paper, steel and wood industries; consultancy services relating to engineering education; technical training relating to safe erection, assembly, operation and maintenance of machinery used in the paper, steel and wood industries

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Installation of industrial steel plants and equipment; repair of metal processing machines; machinery maintenance services; installation of machine plant; machinery retrofit and conversion services; maintenance and repair of machines and machine tools for treating and processing metals; advisory services relating to the installation of engines

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Safety and security devices, namely, programmable logic controller systems comprising safety programmable logic controllers or non-safety programmable logic controllers, inductive sensors, laser sensors, proximity switches, interlock doors, panels, and plates; laser measuring systems; pressure measuring apparatus; measuring instrumentation and apparatus, namely, digitizers; monitoring devices, namely, programmable logic controllers (PLCs) and electric sensors; controlling devices, namely, namely, wireless controllers to monitor and control the functioning of other electronic devices for monitoring production data; controlling devices, namely, signal conditioning and communication devices for industrial process control; wire diameter measuring devices; electrical integrated control systems for use in the field of handling of long and flat products within paper, steel and wood industries; sensing devices, namely electric sensors, motion sensors, and motion detectors and signaling devices, namely, lasers for measurement and quality control in materials processing applications; alarm monitoring systems; environmental monitoring system comprised of meters and sensors that measure pressure, humidity, and temperature and includes alarm reporting functions; electronic access control systems for interlocking doors; signalling light systems comprising light sensors and switches indicating operational status of machines; electric cables

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Custom manufacturing of metal hardware for others; manufacturing of metal hardware for others; custom manufacture of tools for others; custom manufacture of metal hardware; rental of metal treating machines and tools for the treatment and transformation of materials and of energy generation equipment for energy production

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

Serial Number 79344459 **Application Filing Date** Dec. 21, 2021 **Registration Number** 7215371 **Registration Date** Nov. 14, 2023 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Aug. 29, 2023

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK

RELATED PROPERTIES INFORMATION

International Registration 1670951 **International Registration Date** Dec. 21, 2021

GOODS AND SERVICES INFORMATION

For Prefabricated buildings, not of metal; modular manufactured homes not of metal; Modular greenhouses not of metal; greenhouse frames, not of metal; modular dog houses for building sites, not of metal; modular stables not of metal; portable buildings, not of metal; transportable buildings not of metal; roofing, not of metal, incorporating photovoltaic cells; reinforcing materials not of metal for building; framework for building, not of metal; door and window frames not of metal for building; trestles not of metal for use in construction; construction materials not of metal, namely, non-metal flooring materials; cladding not of metal, for building; non-metallic lining coatings for construction being asphalt roof coatings; decorative glass for building; colored sheet glass for building; electrochromic glass panels for construction; electrochromic polymer concrete for construction; glass panes for construction; glass blocks for building; window glass for construction; building glass; insulated glass for building purposes; shutters not of metal; outdoor blinds not of metal and not of textile

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Indoor terrariums for plant cultivation; pots; flower pots; trash cans; watering cans; unfinished glass for vehicle windows

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Issuance of tokens of value as a reward for customer loyalty; rental of real estate in particular of modular constructions; rental of modular buildings; rental of real estate in particular of modular structures; rent payment services provided via global computer and wireless networks, in particular the Internet and mobile telephones; credit and debit card transaction processing services provided via global computer and wireless networks, in particular the Internet and mobile telephones

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Paper and cardboard; printing products, namely, inking ribbons for computer printers; bookbinding cloth; printed photographs; stationery; office requisites, excluding furniture, namely, writing implements; adhesives for stationery or household purposes; drawing material and material for artists, namely, canvas panels for artists; paintbrushes; printed instructional or teaching material in the field of art; plastic sheets, films and bags for wrapping and packaging; printing type; printing blocks

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Machines, machine tools, power-operated tools, namely, 3D printing machines; machine coupling and transmission components, other than for land vehicles; motors and engines, other than for land vehicles; agricultural implements, other than hand-operated hand tools, namely, indoor growing systems, automated watering systems, hydroponic systems, aeroponic systems, fogponics systems, all of the foregoing comprised of water pumps for water filtering units, water pumps for hydroponics; mobile electric power generators; electric water pumps for hydroponics;automatic fertilizer distribution machines, other than hand-operated implements; coin-operated vending machines; automatic distribution machines for hot and cold beverages and foodstuffs being vending machines; automatic distribution machines for plants, seeds, fruits and vegetables being vending machines; air condensers; incubators for eggs

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Transport or storage containers not of metal for commercial use; mirrors; racks being furniture; folding shelves; showshelves; racks for growing plants; plant hangers not of metal; pot stands; interior window blinds of metal; indoor blinds for windows

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water distribution and sanitary installations, namely, solar tube lighting, HVAC units, solar cooking ovens, refrigerators, atmospheric water generators; space heating apparatus; solar thermal collectors for heating; heating installations; solar thermal collectors; air-conditioning apparatus and installations; air cooling apparatus and installations; air cooling devices; dehumidifiers; humidifiers; water distribution installations, namely, faucets; water purification units; Irrigation apparatus for agriculture, namely, irrigation sprinklers, irrigation spray nozzles; watering systems for irrigation comprised of irrigation spray nozzles; hydroponic culture systems comprised of plant grow lights, watering system comprised of irrigation sprinklers; container-growing systems comprised of a container with lights in the nature of a closed environment equipped with lights, exhaust system, hydroponics growing container and odor control system; light diffusers; micro and nanobubble generators for bioreactors; microbubble generators for baths; apparatus for dehydrating food waste; electric apparatus for dehydrating foodstuffs; bioreactors for use in the treatment of waste

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Education, namely, providing information about education in the field of environment; training in the field of environment; entertainment information; organizing community sporting and cultural activities; information relating to entertainment or education provided on-line or via television, broadband and wireless communication media; providing entertainment and information about education by means of a website featuring news, data, information and assistance in the field of planet resources, the reduction of greenhouse gas emissions, the impact of human activities, agriculture, sustainability, energy, painting, drawing and writing; organization of educational conferences in the field of environmental conservation; providing non-downloadable electronic publications in the nature of electronic newspapers and blogs presenting content created or specified by users in the field of environmental conservation; providing information about education and entertainment information via the Internet; providing information about education by means of a website for children with parental control that promotes and facilitates sustainable literacy, artistic development and technological training

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Composts, manures, fertilizers; soil for growing; planting soil; topsoil; potting soil; soil conditioning preparations; substrates for hydroponic culture, namely, fertilizers; expanded-clay substrates for plant growing; chemical products, the color or transparency of which changes according to the degree of moisture, namely, reagents used for analytical moisture determinations; chemical products, the color or transparency of which changes according to an electric voltage being chemical reagents, other than for medical or veterinary purposes; electrochromic chemical products being chemical reagents, other than for medical or veterinary purposes; chemically sensitized photographic paper; self-toning paper being reagent paper other than for medical purposes; chemical test paper; reagent paper other than for medical or veterinary use; pH value measurement indicator papers for chemical analyses; chemical reagents other than for medical or veterinary use; silicates

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Providing a website displaying ratings, reviews and recommendations on products and services posted by users for commercial purposes; providing an online marketplace for matching sellers and buyers of goods and services; providing an online marketplace for exchanging goods and services via a website; providing an online marketplace presenting a list of items and services available for rent by others; providing a website presenting ratings, reviews and recommendations posted by consumers on products, experiences and other consumer goods for commercial purposes; advertising promotion of artistic work, design, creations, production of other persons by means of providing online portfolios via a website; online wholesale and retail store services featuring compost, manures, fertilizers, growing soil, planting soil, loam, potting soil, soil conditioning preparations, substrate for hydroponics, expanded clay for hydroponic plant growing; online wholesale and retail store services featuring common metals and alloys thereof, metal building materials, prefabricated metal components for construction, transportable constructions of metal, roofing of metal incorporating photovoltaic cells; online wholesale and retail store services featuring machines, machine tools and mechanical tools, agricultural implements other than hand-operated hand tools, mobile electric power generators, electric water pumps, composters; online wholesale and retail store services featuring scientific and optical apparatus and instruments, apparatus and instruments for conducting and accumulating electricity, photovoltaic modules, photovoltaic apparatus for generating solar electricity, photovoltaic cells, notebook computers, handheld computers, tablet computers, graphics tablets, computer styluses, electronic pens for visual display units, protective films

adapted for computer screens, computer screen film containing encoded information, film containing encoded information, electronic paper, computer peripheral apparatus, computer screens, touch computer screens, liquid crystal displays, reflective screens, passive displays, interactive screens, computer software; online wholesale and retail store services featuring lighting apparatus, heating apparatus, solar thermal collectors, thermal conversion solar collectors, air conditioning apparatus, humidifiers, water purification systems, irrigation apparatus, hydroponic growing systems, tray-growing systems, light diffusers, electric apparatus for dehydrating foodstuffs, bioreactors for use in the treatment of waste; online wholesale and retail store services featuring paper and cardboard, printed products, bookbinding material, photographs, stationery and office requisites, drawing materials and artists' materials, paint brushes; online wholesale and retail store services featuring modular greenhouses not of metal, constructions not of metal, transportable constructions not of metal, roofing incorporating photovoltaic cells not of metal, construction materials not of metal, colored sheet glass for construction, electrochromic glass for construction, electrochromic polymer for construction, window glass for construction, glass for construction, outdoor blinds, storage or transport containers not of metal, mirrors, racks, folding racks, exhibition racks, racks for growing plants, pot stands; online wholesale and retail store services featuring indoor terrariums, pots, flower pots, trash cans, watering instruments; online wholesale and retail store services featuring raw and unprocessed grains and seeds, raw and unprocessed agricultural products, seeds for planting, seeds for growing plants, bulbs, seedlings, seeds, fresh fruits and vegetables, fresh aromatic herbs, seeds for growing plants, natural plants and flowers, plants; providing space on a website for advertising the goods and services of others; advertising promotion for the goods and services of others via a community website presenting user-submitted content in the nature of coupons, reductions, price comparison information, product reviews, links to the retail sale websites of others and discount information; presenting goods, namely, providing television home shopping services in the field of general consumer merchandise; direct marketing; product sampling being sample distribution; advertising and sales promotion relating to goods and services, offered and ordered by telecommunication or electronic means; consumer response analysis being consumer survey services; directing, arranging and organizing exhibitions, trade shows and trade fairs for commercial, promotional and advertising purposes; negotiation and conclusion commercial transactions for others, via online stores

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Unprocessed and raw grains and seeds; unprocessed and non-transformed agricultural, aquacultural, horticultural and forestry products, namely, unprocessed seeds for agricultural use; seeds for planting; seeds for plant cultivation; flower bulbs, seedlings and seeds; fresh fruits and vegetables; fresh aromatic herbs; seeds for growing plants; natural flowers and plants; seedlings

International Classes 31 - Primary Classes **US Classes** 1, 46 **International Class Title** Natural Agricultural Products

For Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely, microscopes; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; micro and nano-bubble measuring apparatus and instruments, namely, bubble levels; apparatus for the dissemination, recording, transmission or reproduction of sounds, data or images; photovoltaic modules; photovoltaic apparatus and installations for solar electricity production, namely, photovoltaic solar modules; photovoltaic cells; energy

distribution or control machines and apparatus, namely, electrical distribution boxes; data processing apparatus and computers; notebook computers; hand-held computers; tablet computers; graphics tablets; computer styluses; electronic pens; protective films adapted for computer screens; protective films adapted for computer screens, containing encoded information; protective films containing encoded information, adapted for peripheral apparatus for data processing and for computers; electronic paper displays; detectors of coded, hidden or embedded markings, namely, computer input pens; optical marking detectors, namely, computer input pens; recognition mark detectors being signature, writing and gesture recognition apparatus; scanners; computer peripheral apparatus; computer screens; computer touch screens; liquid crystal displays; reflective computer display screens; passive flat panel display screens; interactive flat panel display screens; electronic devices for digital display, namely, digital signage display panels; electronic notice boards; electronic interactive whiteboards; downloadable software for computers for use in database management; downloadable software for use in operating a virtual whiteboard; software, namely, downloadable software for printing recognition marks on physical media; downloadable software for reading recognition marks on physical media; television monitors; television sets; computer hardware and downloadable software for use in database management; mechanisms for coin-operated apparatus; optical reflectors; bioreactors for laboratory use; bioreactors for laboratory research; downloadable documents in several fields, especially agriculture, technology, energy, climate crisis, education and the arts, provided via a website or software; downloadable computer software for collecting, editing, systematizing, modifying, transmitting, storing and sharing data and information, for use as an application programming interface; downloadable computer software for facilitating online services for the creation of social networks and social networking applications and for retrieval, loading, downloading, access and management of data permissions, to enable uploading, downloading, access, publishing, displaying, tagging, blogging, streaming, linking, sharing or any other form of providing electronic media or information via computer and communication networks

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication access services; internet broadcasting service; mobile telephone communication service; providing telecommunications access to electronic communication platforms on the Internet; providing telecommunications access to multimedia content online, websites and Internet portals; instant messaging service; data transfer by telecommunications; network conferencing service; communication via virtual private networks (VPN); electronic transmitting wireless data, in particular, text, voice and image; providing telecommunications access to an interactive website enabling users to review and rate Internet content, people, companies, goods and services in exchange for points earned for promotional items consisting of coupons, discounts, reductions or special offers on goods and services; providing telecommunications access to a website for children with parental control that promotes and facilitates sustainable literacy, artistic development and technological training

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Treatment of materials, namely, wood, plastic, biodegradable waste , metals and glass materials; recycling of trash and waste; air purification and water treatment; printing services; food and beverage preservation

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific and technological services as well as research and design services relating thereto, namely, scientific research; industrial fluid analysis; industrial research in the field of resource use, namely, water use, energy use, organic matter, planting and irrigation goods; industrial design services; quality control; authentication services for works of art and manuscripts; design and development of computers and software; data encryption and decryption; providing online non-downloadable software enabling users to download, exchange, create and share online content for sharing with others for any number of user-specified reasons via global computer and wireless networks, in particular, the Internet and mobile telephones; providing online non-downloadable software enabling users to connect with other people in their neighborhood, their city or a desired location for any number of user-specified reasons, in particular, the exchange of goods via global computer and wireless networks, in particular, the Internet and mobile telephones

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys; reinforcing building materials of metal; prefabricated metal platforms for building foundations; panels of metal for building; pillars of metal for building; reinforcing materials of metal for building; metal lining coatings for building being linings of metal for building purposes; metal canopies; portable buildings of metal; greenhouse frames of metal; greenhouses of metal; modular metal stables; prefabricated buildings of metal; transportable buildings of metal; plant hangers of metal; roofing, of metal, incorporating photovoltaic cells; containers of metal for storage or transport; pipes and tubes of metal; shutters of metal; outdoor blinds of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

For Rental of transportable buildings for temporary accommodation; rental of metal or non-metal transportable buildings for temporary accommodation; rental of furnished rooms as temporary living accommodations; rental of racks being furniture; rental of hangers for plants not of metal being rental of wall hangings for houses, airports, conference rooms, hotels and large properties; rental of pot stands being rental of furniture for houses, airports, conference rooms, hotels and large properties; rental of food dispensers; rental of modular portable structures for temporary accommodation; rental of transportable temporary accommodation; rental of modular temporary accommodation

International Classes 43 - Primary Classes **US Classes** 100, 101 **International Class Title** Hotel and restaurant services

Examining Attorney MASON, JARED MICHAEL

REASON FOR PUBLICATION

Trademark Registration Issued - Principal Register

Mark Literal(s) SHIMENAWA

CASE IDENTIFIERS

Serial Number 79344485 **Application Filing Date** Mar. 22, 2022 **Registration Number** 7215372 **Registration Date** Nov. 14, 2023 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Aug. 29, 2023

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a circular design featuring six individual greenish yellow curved geometric shapes forming a circle with irregular circumference to the left of the following "SHIMENAWA" in black. **Color Drawing** Yes **Color Claimed** The color(s) Greenish Yellow and Black is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1671012 **International Registration Date** Mar. 22, 2022

GOODS AND SERVICES INFORMATION

For Providing information concerning commercial sales; advertising and publicity services; providing information relating to purchase of goods for consumers, including information for producing areas, processing areas, producing people, producing methods of foods, beverages and other products, by using labels and internet of things (IoT) enabled devices containing chips for Internet, application software, electric labels, electric tags and radio frequency identifier (RFID); marketing services; presentation of goods on communication media, for retail purposes, namely, provision of a website featuring commercial information on shopping; providing recommendations of goods to consumers for commercial purposes; providing information and advice to consumers regarding the selection of products and items to be purchased; publicity and sales promotion relating to goods and services; procurement of contracts for others relating to the sale of goods; processing warranty registration documents for others

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Recorded computer application software for mobile phones and smartphones, namely, software for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; downloadable computer software for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; computer hardware; downloadable electronic publications in the nature of

newsletters, books and magazines in the field of products made in Japan; downloadable music files

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing online non-downloadable computer networking software; software as a service (SaaS) services featuring software for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; platform as a service (PaaS) services featuring computer software platforms for purchasing goods for consumers and providing information relating to producing areas, processing areas, producing people, producing methods, distribution channels, product quality and added values; quality control for others; providing quality assurance services, namely, quality control of goods and services, product quality evaluation and product quality testing; providing information relating to quality control and quality assurance; quality assurance consultancy services; consultancy services relating to quality control; programming of computer software; programming of online application software; programming of computer software platforms; designing and developing of computer databases; scientific testing and scientific testing for certification purposes for producing areas, qualities and features of goods, by using labels and internet of things (IoT) enabled devices containing chips for Internet, application software, electric labels, electric tags and radio frequency identifier (RFID), and providing scientific information relating thereto; authentication, issuance and validation of digital certificates relating to producing areas, qualities and features of goods, by using labels and internet of things (IoT) enabled devices containing chips for Internet, application software, electric labels, electric tags and radio frequency identifier (RFID)

GOODS AND SERVICES INFORMATION

For Education services, namely, provision of training materials being manuals, books, non-downloadable manuals, non-downloadable books in the field of telecommunications equipment, software and services; training for sales agents, partners and resellers in the field of the retail sale of telecommunications equipment, software and services; business training services; conducting workshops in the field of telecommunications equipment, software and services ; design of educational courses, examinations and qualifications being educational services, namely, design of educational courses, examinations, and qualification standards in the field of telecommunications equipment, software and services; provision of business training in relation to the sale and resale of services; provision of business training in relation to the sale and resale of telecommunications equipment, software and services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS), software services and information technology services; designing technical instruction courses in the field of telecommunications equipment, software and services

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Administration of sales agent, partner and reseller programs, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization, operation and management of sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization and administration services in relation to sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organisation and management of incentive and sales promotion programmes and services, namely, arranging and conducting incentive award programs to promote the sale of telecommunications equipment, software and services; arranging for sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications

equipment, software and services; sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; value-added online sales agent, partner and reseller services of products and services for others, namely, promoting the goods and services of others; sales agent, partner and reseller services, namely, wholesale services by, retail services through and online retail services through direct solicitation by sales agents in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; sales agent, partner and reseller services, namely, distributorship services in the field of telecommunications equipment, software and services; distribution of products for advertising purposes, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; business-to-business value-added sales agent, partner and reseller services being promoting the goods and services of others, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; value-added sales agent, partner and reseller services, namely, promoting the goods and services of others for telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; Arranging telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software service subscriptions for others; negotiation and conclusion of commercial transactions for third parties; business referral services, namely, providing referrals in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; online marketing services; social media marketing services; search engine marketing services; search engine optimization for sales promotion; outreach marketing services, namely influencer marketing services; marketing services, namely, content marketing services being developing advertising content for marketing purposes; advertising services; marketing and promotional services related to sales agent, partner and reseller programs and incentive schemes; production and distribution of promotional, advertising and marketing material for others; marketing and sales channel management, namely, providing management and consulting services in the field of marketing; marketing management advice, namely, providing advice in the field of marketing; information services relating to advertising, namely, advertising information services via the Internet; provision of commercial information in the field of marketing; provision of commercial information in the field of advertising; business administration services; business management and consultancy services in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; business advisory services; administration of business incentive programs and sales incentive programs to promote the sale of telecommunications equipment, software and services; telephone directory information services; commercial information services provided by access to a computer database; business consultancy relating to the administration and sale of telecommunications and information technology; provision of information relating to business

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Transmission of audiovisual materials via the Internet, cable, fiberoptics and satellite; broadcast transmission by satellite; audio, video and audio-video broadcasting or transmission of recorded messages and information; Cable radio and television broadcasting and transmission; communication network consultancy, namely, consulting services in the field of communication networks; communication services between data banks, namely, providing electronic transmission of

information stored in a database via interactively communicating computer systems; communication of data by means of telecommunications, namely, transmission of data by means of telecommunications networks; communication services for the electronic transmission of data being the electronic transmission of messages and data; communication services for the electronic transmission of images; communication services for the electronic transmission of voices; communication services for the transmission of information; communication services for the transmission of information by electronic means being electronic communications networks; communications by fibre optic networks; consulting in the field of communications; communications services for accessing a data-base, namely, providing access to databases; communications services for the exchange of data in electronic form, namely, electronic exchange of data stored in databases accessible via telecommunication networks; computer aided transmission of messages and images; computer communications for the transmission of information, namely, computer-aided transmission of information; computer data transmission services being communication services, namely, electronic transmission of data and documents among users of computers; computer-aided transmission of data; computerised data communications being electronic transmission of data among users of computers; providing access to telecommunication networks, the Internet and global computer networks, and consultancy services relating thereto; consultancy services relating to communications; consultancy services relating to data communications; consultancy services relating to telecommunications; data broadcasting services, namely, broadcast of data by means of television, broadcast transmission by satellite, broadcast of radio programs; data communication by electronic means, namely, data communication by electronic mail; data communication services, namely, electronic transmission of data among users of computers; electronic data transmission; data transmission by electronic mail; electronic data transmission for others; electronic data transmission services over telecommunications networks; digital transmission services being information transmission services via digital networks; electronic communication services for the electronic transmission of data; consulting in the field of electronic communications; electronic communications services for the transmission of data via interactively communicating computer systems; electronic data communications, namely, electronic transmission of data via interactively communicating computer system; electronic data exchange services, namely, electronic exchange of data stored in databases accessible via telecommunication networks; electronic instructions transmission services, namely, electronic order transmission; electronic message transmission; electronic transmission being the uploading, posting or displaying of data, information, pictures, images, audio and/or video via online forums; electronic transmission of data; electronic transmission of documents via computer terminals and electronic devices; electronic transmission of images; electronic transmission of information; electronic transmission of messages; electronic transmission of voices; electronic transmission of written communications being e-mail and documents via computer terminals; facsimile transmission; fibre optic telecommunications services, namely, providing fiber optic network services; Internet portal services, namely, provision of access to a global computer network; telecommunication services, namely, transmission of messages; telecommunications services, namely, providing fiber optic network services; peer-to-peer network computer services, namely, electronic transmission of data among computers; provision of electronic data links being provision of on-line communication links which transfer the web site user to other local and global web pages; provision of facilities for radio receiving and radio transmission; providing virtual private network services; providing telecommunications connections to a global computer network; providing electronic telecommunications connections; remote transmission of data by means of telecommunications, namely, wireless electronic transmission of data; rental of data communication apparatus; rental of data communications equipment; rental of data communications installations; rental of radio transmission apparatus; rental of telecommunication apparatus; rental of telecommunication equipment; satellite transmission; secured transmission of data being encrypted electronic transmission of data; sending being the transmission of

news; sound transmission via satellite; streaming of data; telecommunications consultancy; telecommunications services for the distribution of data via a global computer network or the Internet, satellite, fiberoptics and cable; transmission of computerised data, namely, electronic transmission of digital data; electronic transmission of data; transmission of data by audio-visual apparatus being computer terminals; transmission of data by cable; transmission of data by computer; transmission of data by electronic means, namely, electronic transmission of data; transmission of data by radio; transmission of data by radiopaging; transmission of despatches by electronic means, namely, electronic transmission of information; transmission of digital files; transmission of digital media files; transmission of documents by facsimile; transmission of electronic mail; wireless electronic transmission of global positioning signals for navigation purposes; transmission of information by computers connected to the same telematic network; transmission of information by electronic means, namely, electronic transmission of information by electronic communications networks; transmission of information by radio; transmission of information by telephone; transmission of information on a wide range of topics, including online and over a global computer network, namely, transmission of information via the Internet and via a global computer network; transmission of messages by computer; transmission of messages by telephone; transmission of pictures by satellite; transmission of radio programmes by cable, fiberoptics, satellite and via the Internet; transmission of sound by electronic means; transmission of sound by satellite; transmission of telephone calls being, telecommunication services, namely, transmission of audio by means of telecommunications networks, wireless communication networks, and the Internet; transmission of video films, namely, video transmission services via cable, fiberoptics, satellite and the Internet, featuring films; video transmission services, namely, video on demand transmission; voice transmission services, being, communication services, namely, transmission of voice via telecommunications networks; web portal services, namely, provision of access to a global computer network

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Advisory services relating to computer software; back-up being copying of computer data, namely, remote computer backup services; cloud computing featuring software for use for use in telecommunications, electronic data transmission, and computer networking; compilation of data-processing programs, namely, development of data processing programs by order of third parties; computer security consultancy, computer software consultancy, computer technology consultancy, consultancy in the design and development of computer hardware; computer engineering consultancy services; computer network configuration services; computer programming consultancy; computer security consultancy; computer security services, namely, design and development of secure computer hardware, software and systems; computer security services, namely, programming and software installation, repair and maintenance services; computer software advisory services; computer software consultancy; computer software design; computer software development; computer software engineering; computer software consultancy, design and development services for interconnecting, managing and operating virtual networks; computer software programming services; computer support services, namely, computer and software advisory and information services relating to design and development of computer hardware and peripherals; computer support services being computer software programming and software installation, repair and maintenance services; computer technology consultancy; computerized data storage services, namely, electronic data storage services; technological consultancy services in the technology field of the design and development of ergonomic health and safety equipment; consultancy in the design and development of computer software; consulting services in the field of energy-saving; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; data encryption

services; data mining services; data security consultancy; data security services, namely, remote monitoring of computer firewalls; data storage other than physical storage, namely, electronic data storage; design and development of computer software for others; communications systems and apparatus design consultancy; design of computer software, networks, network connections and network architecture; development of computer software, networks, network connections and network architecture; development of computer software application solutions; development of software; development of computer software systems for the processing of data; development of computer software systems for the storage of data; development of computer software systems for the transmission of data; diagnosis of faults in computer software; computer disaster recovery planning services for data communications systems; electronic data storage; engineering consultancy; software as a services (SAAS) services, namely, hosting software for use by others for telecommunications, electronic data transmission, and computer networking; information technology (IT) consultancy; information technology (IT) services, namely, computer hardware, software and peripherals design and technical consultancy; installation and maintenance of computer software; installation of computer software; installation of middleware being software; installation, repair and maintenance of middleware being software; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications; internet security consultancy; maintenance of computer software; monitoring of computer systems for detecting unauthorised access or data breach; network as a service (NAAS), namely, integration of computer software into multiple systems and networks; network virtualization services; online provision of non-downloadable web-based software for use in connection with telecommunications, electronic data transmission, and virtual networking; platform as a service (PAAS) featuring software platforms for use in connection with virtual networking, telecommunications and internet connectivity service management; conducting of technical projects studies, technical research and scientific consultancy services in the field of carbon offsetting; providing information, including online, about design and development of computer hardware and software; application service provider, namely, provision of online non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; design of virtual network gateways; design of virtual network hubs; hosting of website featuring virtual network services, and configuration of computer network therefor; quality assurance consultancy; recovery of computer data; rental of computer software for telecommunications, electronic data transmission, and computer networking; rental of data carriers; rental of data processing systems; rental of computer game software; research relating to data processing; repair of computer software; research, engineering and technical consultancy for industry; scanning services, namely, conversion of data or documents from physical to electronic media; scientific consultancy services relating to telecommunications, electronic data transmission, and computer networking; software as a service (SAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software defined network as a service (SDNAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software creation; technical data analysis services; technological consultancy services in the field of virtual networking, telecommunications and internet connectivity service management; telecommunications technology consultancy; updating of computer software; upgrading of computer software; designing and hosting an Internet website portal in the field of virtual networking and telecommunications; web site design consultancy; writing of computer software; remote online off-site data backup; data cryptology services being data encryption services; software engineering; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agent, partners and

resellers to access resources, manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for the customers and end users of sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage their orders and services

GOODS AND SERVICES INFORMATION

For Education services, namely, provision of training materials being manuals, books, non-downloadable manuals, non-downloadable books in the field of telecommunications equipment, software and services; training for sales agents, partners and resellers in the field of the retail sale of telecommunications equipment, software and services; business training services; conducting workshops in the field of telecommunications equipment, software and services ; design of educational courses, examinations and qualifications being educational services, namely, design of educational courses, examinations, and qualification standards in the field of telecommunications equipment, software and services; provision of business training in relation to the sale and resale of services; provision of business training in relation to the sale and resale of telecommunications equipment, software and services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS), software services and information technology services; designing technical instruction courses in the field of telecommunications equipment, software and services

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Administration of sales agent, partner and reseller programs, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization, operation and management of sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organization and administration services in relation to sales agent, partner and reseller programs and services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; organisation and management of incentive and sales promotion programmes and services, namely, arranging and conducting incentive award programs to promote the sale of telecommunications equipment, software and services; arranging for sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications

equipment, software and services; sales agent, partner and reseller services, namely, sales, resale and distribution services in the field of telecommunications equipment, software and services; value-added online sales agent, partner and reseller services of products and services for others, namely, promoting the goods and services of others; sales agent, partner and reseller services, namely, wholesale services by, retail services through and online retail services through direct solicitation by sales agents in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; sales agent, partner and reseller services, namely, distributorship services in the field of telecommunications equipment, software and services; distribution of products for advertising purposes, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; business-to-business value-added sales agent, partner and reseller services being promoting the goods and services of others, in the field of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; value-added sales agent, partner and reseller services, namely, promoting the goods and services of others for telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services; Arranging telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software service subscriptions for others; negotiation and conclusion of commercial transactions for third parties; business referral services, namely, providing referrals in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; online marketing services; social media marketing services; search engine marketing services; search engine optimization for sales promotion; outreach marketing services, namely influencer marketing services; marketing services, namely, content marketing services being developing advertising content for marketing purposes; advertising services; marketing and promotional services related to sales agent, partner and reseller programs and incentive schemes; production and distribution of promotional, advertising and marketing material for others; marketing and sales channel management, namely, providing management and consulting services in the field of marketing; marketing management advice, namely, providing advice in the field of marketing; information services relating to advertising, namely, advertising information services via the Internet; provision of commercial information in the field of marketing; provision of commercial information in the field of advertising; business administration services; business management and consultancy services in the field of telecommunications services, network as a service (NAAS), platform as a service (PAAS), software as a service (SAAS), software defined network as a service (SDNAAS) and software services; business advisory services; administration of business incentive programs and sales incentive programs to promote the sale of telecommunications equipment, software and services; telephone directory information services; commercial information services provided by access to a computer database; business consultancy relating to the administration and sale of telecommunications and information technology; provision of information relating to business

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Transmission of audiovisual materials via the Internet, cable, fiberoptics and satellite; broadcast transmission by satellite; audio, video and audio-video broadcasting or transmission of recorded messages and information; Cable radio and television broadcasting and transmission; communication network consultancy, namely, consulting services in the field of communication networks; communication services between data banks, namely, providing electronic transmission of

information stored in a database via interactively communicating computer systems; communication of data by means of telecommunications, namely, transmission of data by means of telecommunications networks; communication services for the electronic transmission of data being the electronic transmission of messages and data; communication services for the electronic transmission of images; communication services for the electronic transmission of voices; communication services for the transmission of information; communication services for the transmission of information by electronic means being electronic communications networks; communications by fibre optic networks; consulting in the field of communications; communications services for accessing a data-base, namely, providing access to databases; communications services for the exchange of data in electronic form, namely, electronic exchange of data stored in databases accessible via telecommunication networks; computer aided transmission of messages and images; computer communications for the transmission of information, namely, computer-aided transmission of information; computer data transmission services being communication services, namely, electronic transmission of data and documents among users of computers; computer-aided transmission of data; computerised data communications being electronic transmission of data among users of computers; providing access to telecommunication networks, the Internet and global computer networks, and consultancy services relating thereto; consultancy services relating to communications; consultancy services relating to data communications; consultancy services relating to telecommunications; data broadcasting services, namely, broadcast of data by means of television, broadcast transmission by satellite, broadcast of radio programs; data communication by electronic means, namely, data communication by electronic mail; data communication services, namely, electronic transmission of data among users of computers; electronic data transmission; data transmission by electronic mail; electronic data transmission for others; electronic data transmission services over telecommunications networks; digital transmission services being information transmission services via digital networks; electronic communication services for the electronic transmission of data; consulting in the field of electronic communications; electronic communications services for the transmission of data via interactively communicating computer systems; electronic data communications, namely, electronic transmission of data via interactively communicating computer system; electronic data exchange services, namely, electronic exchange of data stored in databases accessible via telecommunication networks; electronic instructions transmission services, namely, electronic order transmission; electronic message transmission; electronic transmission being the (uploading, posting or displaying) of data, information, pictures, images, audio and/or video via online forums; electronic transmission of data; electronic transmission of documents via computer terminals and electronic devices; electronic transmission of images; electronic transmission of information; electronic transmission of messages; electronic transmission of voices; electronic transmission of written communications being e-mail and documents via computer terminals; facsimile transmission; fibre optic telecommunications services, namely, providing fiber optic network services; Internet portal services, namely, provision of access to a global computer network; telecommunication services, namely, transmission of messages; telecommunications services, namely, providing fiber optic network services; peer-to-peer network computer services, namely, electronic transmission of data among computers; provision of electronic data links being provision of on-line communication links which transfer the web site user to other local and global web pages; provision of facilities for radio receiving and radio transmission; providing virtual private network services; providing telecommunications connections to a global computer network; providing electronic telecommunications connections; remote transmission of data by means of telecommunications, namely, wireless electronic transmission of data; rental of data communication apparatus; rental of data communications equipment; rental of data communications installations; rental of radio transmission apparatus; rental of telecommunication apparatus; rental of telecommunication equipment; satellite transmission; secured transmission of data being encrypted electronic transmission of data; sending being the transmission of

news; sound transmission via satellite; streaming of data; telecommunications consultancy; telecommunications services for the distribution of data via a global computer network or the Internet, satellite, fiberoptics and cable; transmission of computerised data, namely, electronic transmission of digital data; electronic transmission of data; transmission of data by audio-visual apparatus being computer terminals; transmission of data by cable; transmission of data by computer; transmission of data by electronic means, namely, electronic transmission of data; transmission of data by radio; transmission of data by radiopaging; transmission of despatches by electronic means, namely, electronic transmission of information; transmission of digital files; transmission of digital media files; transmission of documents by facsimile; transmission of electronic mail; wireless electronic transmission of global positioning signals for navigation purposes; transmission of information by computers connected to the same telematic network; transmission of information by electronic means, namely, electronic transmission of information by electronic communications networks; transmission of information by radio; transmission of information by telephone; transmission of information on a wide range of topics, including online and over a global computer network, namely, transmission of information via the Internet and via a global computer network; transmission of messages by computer; transmission of messages by telephone; transmission of pictures by satellite; transmission of radio programmes by cable, fiberoptics, satellite and via the Internet; transmission of sound by electronic means; transmission of sound by satellite; transmission of telephone calls being, telecommunication services, namely, transmission of audio by means of telecommunications networks, wireless communication networks, and the Internet; transmission of video films, namely, video transmission services via cable, fiberoptics, satellite and the Internet, featuring films; video transmission services, namely, video on demand transmission; voice transmission services, being, communication services, namely, transmission of voice via telecommunications networks; web portal services, namely, provision of access to a global computer network

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Advisory services relating to computer software; back-up being copying of computer data, namely, remote computer backup services; cloud computing featuring software for use for use in telecommunications, electronic data transmission, and computer networking; compilation of data-processing programs, namely, development of data processing programs by order of third parties; computer security consultancy, computer software consultancy, computer technology consultancy, consultancy in the design and development of computer hardware; computer engineering consultancy services; computer network configuration services; computer programming consultancy; computer security consultancy; computer security services, namely, design and development of secure computer hardware, software and systems; computer security services, namely, programming and software installation, repair and maintenance services; computer software advisory services; computer software consultancy; computer software design; computer software development; computer software engineering; computer software consultancy, design and development services for interconnecting, managing and operating virtual networks; computer software programming services; computer support services, namely, computer and software advisory and information services relating to design and development of computer hardware and peripherals; computer support services being computer software programming and software installation, repair and maintenance services; computer technology consultancy; computerized data storage services, namely, electronic data storage services; technological consultancy services in the technology field of the design and development of ergonomic health and safety equipment; consultancy in the design and development of computer software; consulting services in the field of energy-saving; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; data encryption

services; data mining services; data security consultancy; data security services, namely, remote monitoring of computer firewalls; data storage other than physical storage, namely, electronic data storage; design and development of computer software for others; communications systems and apparatus design consultancy; design of computer software, networks, network connections and network architecture; development of computer software, networks, network connections and network architecture; development of computer software application solutions; development of software; development of computer software systems for the processing of data; development of computer software systems for the storage of data; development of computer software systems for the transmission of data; diagnosis of faults in computer software; computer disaster recovery planning services for data communications systems; electronic data storage; engineering consultancy; software as a services (SAAS) services, namely, hosting software for use by others for telecommunications, electronic data transmission, and computer networking; information technology (IT) consultancy; information technology (IT) services, namely, computer hardware, software and peripherals design and technical consultancy; installation and maintenance of computer software; installation of computer software; installation of middleware being software; installation, repair and maintenance of middleware being software; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications; internet security consultancy; maintenance of computer software; monitoring of computer systems for detecting unauthorised access or data breach; network as a service (NAAS), namely, integration of computer software into multiple systems and networks; network virtualization services; online provision of non-downloadable web-based software for use in connection with telecommunications, electronic data transmission, and virtual networking; platform as a service (PAAS) featuring software platforms for use in connection with virtual networking, telecommunications and internet connectivity service management; conducting of technical projects studies, technical research and scientific consultancy services in the field of carbon offsetting; providing information, including online, about design and development of computer hardware and software; application service provider, namely, provision of online non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; design of virtual network gateways; design of virtual network hubs; hosting of website featuring virtual network services, and configuration of computer network therefor; quality assurance consultancy; recovery of computer data; rental of computer software for telecommunications, electronic data transmission, and computer networking; rental of data carriers; rental of data processing systems; rental of computer game software; research relating to data processing; repair of computer software; research, engineering and technical consultancy for industry; scanning services, namely, conversion of data or documents from physical to electronic media; scientific consultancy services relating to telecommunications, electronic data transmission, and computer networking; software as a service (SAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software defined network as a service (SDNAAS) featuring non-downloadable software for use in connection with virtual networking, telecommunications and internet connectivity service management; software creation; technical data analysis services; technological consultancy services in the field of virtual networking, telecommunications and internet connectivity service management; telecommunications technology consultancy; updating of computer software; upgrading of computer software; designing and hosting an Internet website portal in the field of virtual networking and telecommunications; web site design consultancy; writing of computer software; remote online off-site data backup; data cryptology services being data encryption services; software engineering; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agent, partners and

resellers to access resources, manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage customer orders and services; internet portal services, being the design and hosting of an internet website portal in the field of virtual networking and telecommunications for the customers and end users of sales agents, partners and resellers of telecommunications, network as a service (NAAS), platform as a service (PAAS), software defined network as a service (SDNAAS) and software services, to access resources and manage their orders and services

GOODS AND SERVICES INFORMATION

For Non-ferrous ingots of precious metal; Ingots of precious metal; copper token ingots of precious metal

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Copper powder for painting; bronze powder for painting; aluminium paints; aluminium powder for painting

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Sodium salts for medical purposes; bicarbonate of soda for pharmaceutical purposes

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Nitrates; metal chlorides; sulfates; cobalt acetate; hydrochloric acid; cobalt oxides for industrial purposes; cobalt chloride; cobalt chemicals for industrial purposes; cobalt zirconate; nickel oxides; nickel salts; nickel sulphate; nickel hydroxide; nickel chemicals; nickel ammonium sulphate; electrolytic nickel for making embossed holograms; cupric sulfate; copper carbonate; copper phosphate; chemical test reagents in tablet form for testing for copper for industrial purposes; sodium; sodium alum; sodium iodide; bichromate of soda; sodium tungstate; sodium molybdate; sodium phosphate; sodium bisulphite; sodium carbonate; perborate of soda; sodium peroxide; sodium chlorate; sodium formate; sodium chlorite; sodium tartrate; sodium chloride; sodium fluoride; sodium chromate; sodium nitrite; sodium bromide; sodium sulphate; sodium nitrate; sodium cyanide; sodium hydroxide; solid sodium silicate; sodium oxynaphthionate; sodium nitrate fertilizer; sodium hypochlorite; sodium permanganate; sodium gold chloride; sodium naphthionate; sodium fluosilicate; sodium tetraborate; sodium sulfanilate; sodium bicarbonate; sodium thiosulfate; sodium aluminium fluoride; sodium salts for industrial purposes;

sodium silicates; sodium ascorbate for the food industry; sodium hydroxide for industrial purposes; bicarbonate of soda for chemical purposes; anhydrous sodium hydroxide for industrial purposes; Salt for preserving, other than for foodstuffs; carbon monoxide; molybdic acid; tungstic acid; tungsten carbide; vanadium pentoxide; alumina; aluminium salts; aluminium iodide; aluminium alum; aluminium sulphate; aluminium nitrate; aluminium silicate; aluminium chloride; aluminium hydrate; aluminium oxynitride; aluminium halides; aluminum ammonium sulfate; aluminum oxide; cobalt sulphate solution for industrial purposes; copper sulphate solution for industrial purposes; nickel chloride solution for industrial purposes; copper oxychloride for industrial purposes; nickel nitrate solution for industrial purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Retail store and wholesale store services featuring all kinds of non-ferrous metals and alloys and compounds containing non-ferrous metals

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Metal plating; treatment of materials by coppersmithing; photogravure printing; recycling services; recycling of valuable materials; recycling of scrap; recycling of foam blowing agents; recycling of refrigerant fluids; recycling of chemicals; recycling of waste; recycling catalytic converters; recycling of minerals; recycling of organic solvents; chemical recycling of waste products; recycling of non-ferrous metals and alloys and compounds of any kind containing non-ferrous metals; recycling of waste and residues containing neon metal; hydroxide sludge recycling; dust recycling; recycling of etching solutions; recycling of lithium-ion batteries

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Cobalt ores; nickel; nickel ores; nickel ingots; alloys of nickel; nickel silver; nickel alloy ingots; tubes of nickel alloys; nickel-zinc plated sheet metal; Castings, foils, powder, and rolled, drawn or extruded semi-finished articles of nickel or its alloys; semi-finished articles of nickel or its alloys; copper ores; rolled semi-finished copper; copper ingots; copper powder; copper strip; copper wire, not insulated; copper- base alloy ingots; copper panels for the manufacture of circuit boards; low copper carbon- steel scraps; semifinished articles of copper or its alloys; tubes of copper alloys; copper, unwrought or semi-wrought; molybdenum; molybdenum ores; molybdenum iron; tungsten iron; tungsten ores; tungsten powder; vanadium; bronze; aluminium ingots; aluminium foil; aluminium wire; sheets of aluminium; aluminium powder; aluminium slabs; extruded semi-finished aluminium sections; aluminium strips; aluminium discs; aluminium and its alloys; ceramic reinforced aluminium; stabilized aluminum foam; ceramic reinforced aluminium alloys; window sashes of aluminum; bauxite reinforced aluminium; aluminum siding; aluminium ladder rungs; bauxite reinforced aluminium alloys; alloys of metal containing calcium and aluminium; brass, unwrought or semi-wrought; brass alloys; nickel powder; molybdenum powder; vanadium slag; red brass, unwrought or semi-wrought; aluminum bronze; copper-based alloys in the form of ingots, billets, granules and powder; electrolytic nickel for making embossed holograms

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

GOODS AND SERVICES INFORMATION

For Non-metallic construction elements, namely, supports; non-metallic structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; non-metallic composite structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from plastic for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from concrete for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from polymers and polymer composites for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; non-metallic portable structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; telegraph poles, not of metal; utility poles, not of metal; poles and masts of non-metallic materials for electric power lines; concrete; reinforced concrete; polymer concrete; concrete building materials, namely, blocks, bricks, posts, slabs, and panels; non-metallic flooring panels; non-metallic sheet materials for building; non-metal roof coverings and flashings; non-metallic shapes, surface coverings, sleeves for insulation and protection against fire, poles, telegraph poles, ladders, tanks, rail attachments, curbs, cross arms, hoses, containers, walkways, bridges, handrails, guardrails, barriers, structures, pipes, dampers, covers, access structures, decking, planking, panels, gratings, platforms, piers, ports, harbors, decks, ship separators, mooring dolphins, pipe piles and guide walls; fire protection materials for use in building, namely, non-metal fire-resistant boards and panels; replacement and structural parts and fittings for all the aforesaid goods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Trailers; portable roadway trailers; portable lighting trailers; portable signage trailers; portable safety signage trailers; replacement and structural parts and fittings for the aforesaid goods; molded structural parts of vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Mobile electric power generators; replacement and structural parts and fittings for all the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Non-metallic hardware, namely, brackets for general use, nuts, screws, bolts, latches, locks, plates, clasps, pulleys; non-metal security cabinets and containers; non-metal transportable containers; non-metallic storage or transport containers; non-metallic clamps and clips; non-metallic containers; security closures for containers, not of metal; non-metal cylinder clamps; non-metallic fasteners, connectors and holders, namely, collars for fastening pipes, threaded fasteners, door fasteners, window fasteners, rivets, nails, holders for signs and signboards, ducts and couplings for organizing cables and wires; non-metal clamps, clips, supports, brackets and fasteners for pipes, beams, tubes and structures

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Air conditioning apparatus; air conditioning installations; air conditioners; air conditioning apparatus for industrial use; heating installations; water heating installations; HVAC apparatus; apparatus and installations for lighting, heating, cooling, ventilating, water supply and sanitary purposes; water cooling towers; tanks, containers, pipes and tubes for water, gas, ventilating, air conditioning and sanitary purposes; replacement and structural parts and fittings for all the aforesaid goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Subscription based retail store services provided in relation to charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to the rental, leasing and hire of charging, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations; subscription based retail store services provided in relation to the rental, leasing, hire, monitoring, control, maintenance, installation, inspection and repair of charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to building products, construction equipment and machinery and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to the rental, leasing, hire, monitoring, control, maintenance, installation, inspection and repair of metallic and non-metallic building products, construction equipment and machinery and parts and fittings of all the aforesaid goods; subscription based retail store services provided in relation to structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers; subscription based retail store services provided in relation to the rental, leasing, hire maintenance, control, installation, monitoring, inspection and repair of structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers and parts and fittings for all the aforesaid goods; retail and wholesale store services provided in relation to charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; wholesale and retail store services relating to construction equipment and machinery and parts and fittings for all the aforesaid goods; wholesale and retail store services

relating to metallic and non-metallic building products and parts and fittings for all the aforesaid goods; wholesale and retail store services relating to electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; retail and wholesale store services provided in relation to structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers and parts and fittings for all the aforesaid goods; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation of traffic management systems; rental of traffic management systems; rental of construction equipment, machinery, equipment and apparatus; installation, inspection, repair and maintenance services provided in relation to charging, monitoring, sensing, controlling, signaling, lighting, security, safety, traffic control, electricity generating and solar-powered-devices, apparatus and installations and parts and fittings for all the aforesaid goods; installation, inspection, repair and maintenance services provided in relation to charging devices, generators, lighting apparatus and installations, cameras, closed-circuit television systems and parts, fittings, accessories and modular parts of goods subject of all the aforesaid services; installation, inspection, repair and maintenance services provided in relation to non-metallic structures, non-metallic building materials, insulating materials, concrete and reinforced concrete; installation, inspection, repair and maintenance of structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Security, safety, protection and signaling devices, installations and apparatus, namely, entry door systems comprising touch pads and security doors; Security, safety, protection and signaling devices, installations and apparatus, namely, devices for monitoring and data collection for reporting purposes in relation to status, wear, location, performance, lifecycle and required maintenance for barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment; electronic security and safety access control systems for barriers, fences, gates and bollards, namely, access control and alarm monitoring systems; security, safety, protection and signaling devices, installations and apparatus comprising or containing electronic sensing, monitoring, controlling and communication devices, namely, access control and alarm monitoring systems; electronic security and safety access control systems for barriers, fences, gates and bollards comprising or containing electronic sensing, monitoring, controlling and communication devices, namely, access control and alarm monitoring systems; charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations comprising or containing electronic sensing, monitoring, controlling and communication devices; electricity control panels and electric current control devices; control, sensing and monitoring devices for heating, water supply, sanitary cooling and air conditioning and installations, namely, climate control systems consisting of digital thermostats, air conditioning, heating, ventilation and drying control devices; electronic control, sensing and monitoring devices for charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus installations, barriers, fences, gates and bollards; cameras; surveillance apparatus and installations, namely, electronic components of security systems; closed-circuit television systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; replacement and structural parts and

fittings for all the aforesaid goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Traffic management systems; traffic, travel and transport information services; management of vehicular traffic flow through advanced communications network and technology; rental of storage and transport equipment; electricity distribution; rental and leasing of vehicles; rental and leasing of mobile lighting apparatus and installations; rental and leasing of solar powered charging apparatus for vehicles; rental and leasing of mobile charging and electricity generating installations and apparatus; rental and leasing of trailers for lighting; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Insulating materials; elastomeric strips in the nature of insulating material and liners for pipes, namely pipe insulation; elastomeric sheathing in the nature of insulating material and liners for pipes and pipework, namely pipe insulation; insulating materials for use in the isolation and attenuation of noise and vibration for pipes and pipework; materials for noise protection, absorption and abatement namely, liners and supports for pipes and pipework in the nature of insulating materials; insulating coatings namely insulating material; strips and sheathing in the nature of insulating materials for prevention of corrosion and wear of pipes and tubes, clips, supports, clamps; insulating coverings for pipes, pipework, pipe clamps, pipe clips and pipe supports, namely liners and supports for pipes and pipework in the nature of insulating materials; shock absorbing rubber buffers for industrial machinery; sound dampening blankets; flexible pipes and ducting, not of metal; fittings, not of metal, for pipes; insulation materials and apparatus for pipes, pipe supports, restraints, clips, clamps and hangers; insulating foam of plastics; insulated pipe supports not of metal; insulated pipe supports of plastics; materials for soundproofing, noise protection, absorption and abatement; insulating coatings; strips, sleeves and sheathing made of insulating materials; strips, sleeves and sheathing for attenuation and isolation of noise; strips, sleeves and sheathing made of fire-retardant materials; carbon fibers, other than for textile use; fiberglass for insulation; semi-processed plastics; semi-processed resins; elastomer polymers for use in manufacture; semi-processed polymer resins; semi-processed thermoplastic polymer resins; shapes and structures made of polymers and fiber reinforced polymers for use by third-party manufacturers; fire resistant and fire preventative articles and materials, namely, fire-resistant composite panels made of aramid, glass, carbon or ceramic fibers; structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers for use by third-party manufacturers in the form of shapes, surface coverings, sleeves for insulation and protection against fire, poles, telegraph poles, ladders, tanks, rail attachments, curbs, cross arms, hoses, containers, walkways, bridges, handrails, guardrails, barriers, structures, pipes, dampers, covers, access structures, decking, planking, panels, gratings, platforms, piers, ports, harbors, decks, ship separators, mooring dolphins, pipe piles and guide walls; replacement and structural parts and fittings for all the aforesaid goods

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Software as a service featuring software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; platform as a service featuring software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; design and development of databases; application service provider (ASP) featuring online non-downloadable software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; technical data analysis, namely, compiling and analyzing statistics, data and other sources of information for the purposes of product development and enhancement of product safety standards; data monitoring services in the nature of protection and recovery of computer data; monitoring of computer systems by remote access to ensure proper functioning; environmental monitoring services; machine condition monitoring for quality control purposes; monitoring of building structures for quality control purposes; providing websites featuring technology enabling the monitoring of computer systems for security purposes; monitoring and control of sensing, charging, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and networks for quality control purposes of all the aforesaid goods; testing, analysis and monitoring of navigation and telecommunications signals; provision of technical, scientific and engineering reports; information, advice and consultancy provided in respect of all the aforesaid services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Hair removal apparatus, namely, portable medical epilators; portable nebulizers for medical purposes; portable instruments for medical use for monitoring oxygen levels in gas mixtures; protective masks for surgeons for use in operations; respirators for artificial respiration; hygienic masks for protection against dust for medical purposes; Face masks for medical purpose, namely, sanitary masks for protection against viral infection; Face masks for veterinary purposes namely, sanitary masks for protection against viral infection; protective clothing for surgical purposes; protective visors for surgical use; Eye protectors for medical purposes; face masks for surgical use for protection against toxins; mouth guards for medical purposes; finger guards for medical purposes; protective face masks for medical purposes; protective face masks for dental purposes; Ear protection, namely earplugs, headphones for accident prevention; protective gloves for medical examinations; respirators of non-woven material for surgical applications; respirators for medical use; protective masks for medical personnel; face masks for medical use for protection against toxic substances; disposable protective gloves for medical purposes; protective gloves for dental staff; Radiation protective textiles in the nature of patient x-ray radiation shields for use in therapeutic treatments; Radiation protective textiles in the nature of animal x-ray radiation shields for use in therapeutic treatment of animals; protective visors for veterinary purposes; Respirators for artificial respiration for surgical use; protective clothing for medical purposes; Hearing protection devices, namely, ear plugs; protective bonnets for the hair for wear by medical practitioners; Hearing protection devices, namely, ear plugs, without the ability to reproduce or transmit sound; face masks for surgical use for protection against bacteria; protective gloves for medical personnel; clear face shields for medical personnel; face masks

for medical use for protection against bacteria; Nasal masks in the nature of nasal filters for veterinary purposes; Nasal masks in the nature of nasal filters for dental purposes; surgical face mask; protective visors for medical purposes; protective visors for dental purposes; Protective nasal masks in the nature of nasal filters for medical purposes; protective gloves for veterinary purposes; Medical apparatus for monitoring vital signs of patients; elbow pads for medical purposes; electronic stimulators for medical use; face shields for medical purposes; UV lamps for medical curative purposes; infrared lamps for healing purposes; skin temperature indicators for medical purposes; anesthesia respiration apparatus; Arm slings for medical use; hand operated sprayers for medical purposes; Inhalation devices provided empty for administrating drugs; electric massage apparatus for personal use; measuring devices for measuring blood sugar; Medical devices, namely, respiratory monitors for monitoring respiratory events; sports equipment for medical rehabilitation purposes, namely, shoulder stretcher using resistance cables; devices for measuring blood sugar; massagers for the eyes; aerosol dispensers for medical purposes; exercise machines for medical use; Apparatus for endoscopies, namely, cameras; bracelets for medical purposes; devices for foot massage; Devices, namely, plaster casts, toe separators, casting tape; electric heating pads for medical purposes; Light sources for medical purposes, namely, medical operating lamps; surgical breathing masks; physical rehabilitation apparatus for medical purposes; elastic compression bandages for surgical use; apparatus for the relief of breathing difficulties; medical devices for use as hearing aids; Sex aids, namely, sex toys, dildos, vibrators; disposable gloves for surgical use; apparatus for electrical muscle stimulation; lamps for use with dental instruments; Padding for medical purposes, namely, orthopedic cushions and padding; body massagers; physical training apparatus for medical purposes; apparatus for the analysis of bacteria in biological samples for medical purposes; anatomical support bandages; infrared lamps for medical purposes; apparatus for performing diagnostic tests for medical purposes; electronic temperature recorders for medical use; electric massage apparatus for household use; temperature sensitive testing devices for medical purposes; exercise weights adapted for medical use; compression bandages for limbs for sports purposes; apparatus for generating ultrasonic waves for medical use; electronic muscle stimulators for medical use; electronic blood pressure recorders for medical use; padded headrests for surgical use; adhesive support bandages; apparatus for determining blood flow; body temperature meter; belts for surgical use; vibrators being adult sexual aids; apparatus for diagnosing inflammatory diseases; Sexual activity devices, namely, sex toys, vibrators}; latex gloves for surgical use; apparatus for analyzing images for medical use; electro acupuncture devices; apparatus for measuring arterial blood flow in the eye; Dilatation probes for surgical purposes; electronic blood oxygen saturation monitors for medical use; compression tights; Light therapy devices for pain relief, treating depression and fatigue due to lack of sunlight; Ontological devices, namely, devices for blanking out sound; dead skin removers, namely, skin grinders; Diagnostic measuring devices for diagnosing cancer, viral diseases; inflatable pillows for medical purposes; lasers for dental purposes; anesthetic masks; probes connected to microprocessing devices for medical diagnostic purposes; padded neck rests for surgical purposes; medical electrodes; Inhalers for medical purposes sold empty; Inhalers for medical purposes filled with a specific pharmaceutical preparation; head massagers; massage apparatus for medical purposes; telemetry devices for medical purposes; surgical lamps; electrical instruments for medical use for blood diagnosis; analyzers for determining blood groups for medical purposes; body fat meters; Hemostatic devices, namely, suture instruments; electrodes for recording biological parameters; Medical diagnostic equipment, namely, x-ray diagnostic apparatus, ultrasound diagnostic apparatus; blood glucose testing devices; blood glucose meters; electric nebulizers for medical purposes; Heat therapy devices for medical use; belts for medical purposes; hearing prostheses; lamps for generating polarized light for medical purposes; Medical masks, namely, protective masks for medical purposes, oxygen masks for medical use; nebulizers for medical purposes; temperature sensing apparatus for medical purposes; digital hearing aids; heating pads for therapeutic purposes; weight training apparatus for medical use; ultrasonic diagnostic

instruments for medical use, namely, x-ray diagnostic apparatus, ultrasound diagnostic apparatus; vibromassagers; face shields for surgical use; massage gloves; breathing masks for medical purposes; medical latex gloves; computer controlled exercise machines for therapeutic purposes; apparatus for blood analysis; Electrical nerve stimulators for medical purposes; blood pressure monitors; electric thermal compresses for surgical use; electric or non-electric massage apparatus; acoustic amplifiers, namely, hearing aids, for the hearing impaired; Electric oral care apparatus for use by dentists, namely, dental drills, dental picks, oral irrigators; electric beauty massage apparatus for household purposes; exercise machines for therapeutic purposes; electronic stimulation devices for physiotherapy; surgical clothing; Surgical clothing, namely, scrub suits, scrub pants, scrub tops, scrub hats; Hemostatic suture instruments; inserts for breathing masks for medical purposes; low frequency electric apparatus for therapeutic use; electronic blood pressure monitors; physiological monitors for medical use; massagers for beauty care; lighting apparatus for medical purposes; Orthopedic articles, orthopedic devices for diagnostic and therapeutic use; joint bandages with supportive function; medical support hosiery; pressure relieving pillows and pads; electronic hearing aids; elastic compression bandages for medical purposes; inhalation devices for vaporizing aromatherapy substances; Inhalers sold empty for therapeutic purposes; Inhalers filled with a specific pharmaceutical preparation for therapeutic purposes heart rate monitors; elastic bandages for support purposes; massage chair; electric blankets for medical purposes; apparatus for analyzing measured physical signals; adapted bandages; lamps for use with medical devices; light filters for medical purposes; apparatus for testing hearing impairment; medical instruments for recording physiological data; permanent magnets for medical purposes; Leads for heart pacemakers; artificial respiration apparatus; Clothing, namely, scrub tops, scrub pants, scrub hats, headgear, footwear for medical purposes; splints and supports for general medical use; permanent magnets for therapeutic purposes; walking aids for medical purposes; nebulizers for respiratory therapy; electrically operated massage devices; belts for attaching medical monitoring devices to patients; ultrasonic diagnostic instruments for therapeutic use; measuring devices for checking blood pressure; hand operated massage apparatus; apparatus for the electrical stimulation of muscle groups; temperature measuring devices for medical purposes; inflatable mattresses for orthopedic purposes; devices for measuring heart rate; tanning lamps for medical purposes; surgical, heat, infrared lamps for medical purposes; apparatus for therapeutic stimulation of the body; Anesthetic apparatus, namely, liquid anesthetic vaporizers for controlling the vaporization of anesthetic agents from liquid; diagnostic medical examination apparatus for use in immunoassay procedures; hearing aids for the deaf; body composition, skin moisture, hematology analyzers for medical purposes; inflatable clothing for medical purposes; magnetic bracelets for medical purposes; face masks for surgical use; X-ray CT scanners for medical diagnosis; apparatus for measuring lung function; electric beauty massage apparatus; ear adaptors for hearing aids; analyzers for identifying bacteria for medical purposes; bandages for orthopedic purposes; heat lamps for medical purposes; medical examination gloves; Electronic programmers for rate-programmable pacemakers; medical exercise equipment; fluoroscopy apparatus for medical purposes; lasers for medical purposes; massagers for personal use; defibrillators; electric massage rollers; hand operated nebulizers for medical purposes; analog hearing aids; anti-rheumatism bracelets and tires; apparatus for therapeutic stimulation of muscles; humidifiers for medical treatments; programmable hearing aids; Devices for monitoring body values, namely, blood sugar; disposable gloves for veterinary purposes; neck and shoulder massagers; apparatus for autologous blood therapy for medical purposes; hot air vibrators for medical purposes; bags adapted for medical instruments; finger cots for diagnostic purposes; lasers for use in surgery; sex toys; electrodes for recording electrophysiological parameters

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Fitness equipment, namely, weights, treadmills, rowing machines, stair stepping machines, resistance machines, stationary equipment; abdominal wheel rollers for fitness purposes; Fitness equipment, namely, sport balls, dumbbells, exercise weights, training bars for indoor use; Fitness and exercise equipment, namely, exercise bands, training bars; Physical fitness devices, namely, weighted bars, resistance machines; Manually operated fitness equipment, namely, exercise bands, dumbbells, weight machines; Fitness resistance bands; portable games with LED displays; transport cases specially adapted for portable games; Portable home gymnastic equipment, namely, gymnastic mats; portable video game consoles; protective films for screens for portable games; Portable handheld game consoles; portable consoles for playing video games; Portable game equipment, namely, chips, gaming tables, board games; Portable games and toys with integrated telecommunication functions, namely, strategy games, role playing games, first person shooters, skill games; American football knee protectors; knee protection pads for roller skaters and ice skaters; basketball finger guards; protective cases for video game remote controls; wrist protection pads for cyclists; protective pads for athletes; American football leg protectors; palm protectors for athletes; Abdominal protection pads for athletes; Fist guards for athletic use; arm protection pads for cyclists; protective covers for sports rackets; armguards for baseball players; baseball pitching screens; adapted protective cases for handheld video games; protective cups for sports; arm protection pads for skateboarders; protective face masks for fencers; protective films for video game remote controls; wrist protectors for skateboarders; kendo plastrons elbow pads for skateboarders; shoulder protectors for athletes; protective gloves for archery; protective vests for martial arts; knee protection pads for cyclists; arm guards for archery; Groin protectors for men for athletic use; body protection equipment for athletes; wrist protection pads for roller skaters and ice skaters; chest protectors for baseball; Belly protection pads for taekwondo; protective elbow pads for roller-skaters and ice-skaters; chest protectors for athletes; Shin guards for athletic use; elbow pads for cyclists; American football girdles being pants with integrated protective padding; Arm guards being sporting articles; arm protection pads for roller skaters and ice skaters; Shock absorbing pads for protection against injury for athletic use; knee pads for skateboarders; Appliances for gymnastics, namely, uneven bars, springboards, balance beams; electronic educational game devices for children; Chest expanders; bodyboards; rowing machines; machines for playing games of skill or games of chance; leg weights for exercise purposes; hand protectors for athletes; spring grip devices for exercise purposes; spring bars for training purposes; water skis; amusement machines, automatic and coin-operated; Golf training aids, namely, a brace worn on the hand and wrist to control flipping of the hand in a golf swing; manual leg exercise equipment; flying discs; Sports exercise equipment, namely, pulleys, rowing machines, powered treadmills for running; housings for video game machines; ribbons for rhythmic gymnastics; sit-up benches; punching balls for children; beach balls; hurdles for athletics; exercise dumbbells; adapted covers for sporting articles; football gloves; Educational games for developing fine motor, cognitive, counting skills; Bat and ball games; climbing frames for stretching; dumbbells; bags adapted for surfboards; bodyboard straps; Sledges for use in down-hill amusement rides; balls for sports games; jumping ropes; Body training apparatus, namely, weight machines, fitness devices; swimming jackets; kettlebells; Golf practice apparatus, namely, golf practice nets; stress relief exercise balls; action skill games; punching bag; barbells; Toy car racing tracks; treadmills for physical exercise; toboggans; slot machines; Sporting articles and equipment, namely, weight machines, basketballs; weight lifting benches; bodybuilding equipment; juggling balls; ice skates and roller skates; Gymnastics equipment, namely, gymnastic rings, gymnastic mats, gymnastic benches; skateboards; dumbbells; bodybuilding machines; roller skates; surfboards; medicine balls; board games; weight machines for physical exercise; elastic shoulder pads for athletes; climbing harnesses being sporting articles; balls being sports equipment;

darts; exercise machines; Gymnastic and sporting articles, namely, gymnastic mats, pommel horses; bags adapted for sporting goods; skeleton sleds; Badminton game sets; aerobic stepper; swimming boards for recreational purposes; seesaws; boxing gloves; sports ball games; memory games; boards for water sports; inflatable punching bags; multipurpose exercise toys for children; lifting handles for weight lifting; game console controllers; American football gloves; harnesses for sports; yo-yo games; aerobic step boards; squat machines; rugby balls; hurdles for sports purposes; games of skill and movement; rackets for playing tennis; throwing rings games; clothing for toys; boxing rings; exercise balls; inflatable balls for sports; Fencing equipment, namely, foils, gauntlets, masks; Pommel jumping horse; golf tee training equipment; Reconfigurable casino and lottery gaming equipment, namely, gaming machines and recorded operational computer game software therefor sold as a unit; putting mats for indoor putting; punching balls for boxing training; hurdles; slingshots; push-up stands; roller skis; table tennis racket; battery operated computer games with LCD screens; exercise bikes; skipping ropes with digital counters; finger exercise bands; computer game controllers; control devices for toys; trampolines; intelligent electronic toy vehicles; weight lifting belt; aerobic step boards; electronic toy motor vehicles; shin pads being sporting articles

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For AC/DC power supplies, namely, power converters; 3D television receivers; 3D glasses; organic light emitting diodes (OLED); overvoltage protection relays; telephone connection cables; sound recorders; electrical adapters; transponder devices; electronic buzzers; MP4 players; light emitting diodes; Electronic displays, namely, display interfaces, digital signage; Audio CDs featuring music, sounds; car antennas; Flashing safety lights being warning beacons; Ducting for electric cables; Color TV, LCD, computer, OLED, LED monitors; Electrical switchgear, namely, voltage boosting devices for electric power lines; electronic coding devices; ammeters; electric luminous signs; pagers; switching power supplies; connectors for coaxial cables; record players; Audio processing equipment, namely, limiters and compressors; hands-free telephones; connection sleeves for electric cables; video transmitters; electrical sockets; dish aerials; optical transmitters; rechargeable batteries; Electronic door locks, namely, digital door locks; power supplies with voltage stabilizers; transponders; Graphic display devices, namely, display interfaces, digital signage; Satellite transmission apparatus, namely, satellite radios, satellite telephones, satellite dishes, satellite transceivers; junction boxes; Portable power chargers; wireless audio and video receivers; electric accumulators; digital transmitters; Blank optical data carriers; displays for cell phones; Apparatus for speech recording and replaying, namely, speech processors; radio receivers; wireless transmitters and receivers; junction boxes for electrical conductors; Electrical measuring devices, namely, devices for measuring electric current; Timing devices, namely, time clocks; Portable communication devices for voice, data or image transmission; Electric door bells; radio transmitters and receivers; Light dimmers; electric time switches; Portable photography equipment, namely, optical glass filters; TV-cameras; Electro-optical sensors for determining flow; battery cables; downloadable speech analysis software; recorded speech analysis software; active infrared sensors; battery adapters; Anti-theft alarms, not for vehicles; Blank electronic magnetic data carriers; LED drivers; Electric cable adapters; satellite television receivers; Electrical plug device enabling connection and disconnection of power and/or control cables; electronic transformers; Digital display devices, namely, display interfaces, digital signage; Portable audio speakers; insulated electric cables; electronic timers; telephone answering machines; insulation resistance meters; Connection logging devices, namely, multi switches, power switches; sound, noise level meters; light meters; electrical fuse boxes; optical phase sifters; audio cable testers; television, satellite signal decoders; loudspeaker boxes; electric light switches; circuit boards; joint sleeves for optical fibers; CD-Rom burners; Blank magnetic tapes for recording;

Electrical test instruments, namely, electrical outlet tester, current tester, voltage tester, field strength tester; electric scales; magnetic tape drives; Acoustic alarm devices, namely, alarm sensors, reed contacts, alarm sirens; electric and electronic music effects machines for use with musical instruments; electrical power adapters; Optical search devices, namely, night vision devices, TOF cameras; monitor speakers; Emergency position-indicating radio beacons; USB-chargers; electric cables; Wireless weather station instruments; Remote controlled electric sockets; Insulation testing devices, namely, insulation resistance meters; Electric branch switches; electrical adapter cables; Electrical surge arrestees; headsets for cell phones; stereo tuners; barcode decoders; Remotely operated electronic multiple switches; Digital electronic control devices for keyboards, electronic musical instruments, electric heaters and fans, photovoltaic modules, uninterruptible power supply device, solar battery chargers; Emergency alarm signal transmitters; Phase indicators, namely, phase testers; voltage limiters; Acoustic measuring devices, namely, sound level meters; Alarm bells, electric; antenna cables; Current testing devices, namely, pulse generators; radio antennas; Sound effect devices, namely, sound effect pedals for musical instruments; Electrical voltage regulators; masts for antennas; Electrical delay lines for telecommunication machines and apparatus; connection cables; optical readers; battery boxes; speaker cables; Electric branch terminals; voice decoders; Cable jump leads; level converters; ballasts for fluorescent lamps; audio cassette players; Satellite-aided navigation devices; temperature sensors; Electronic measurement devices for measuring electric current; Audio, visual and photographic equipment, namely, audio cables, audio mixers, cameras, video cameras; luminous notice boards; digital amplifiers; antennas; Wireless audio speakers; Personal stereos; circuit breakers; electrical contacts; DC power converters; Multiple-outlet sockets; switches for telecommunications equipment; DVD- players; Electronic probes for testing integrated circuits, testing semiconductors; Playing devices for sound carriers; electronic audio and video signal distribution systems used for the distribution of audio and video signals, and audio time delay units; television receivers; temperature switches; Pre-recorded compact discs featuring music, poetry, user manuals; electronic ballasts for LED-lights and lighting fixtures; satellite telephones; frequency converters; blank videotapes; FM modulators; current overload protection devices; Switches for circuit breakers; portable sockets; electronic charging modules; Electric cable detectors; Surveillance video cameras; neon signs; audio cables; wireless headsets for use with mobile phones; connecting cables; Repeaters for radio and television stations; grounding cables; satellite antennas; Cable ducting for electric cables; photocells for use with security lighting; wireless headphones; analog signal processors; lighting controllers; demultiplexers; voltage regulators; Intrusion sensors being motion sensors; electrical cable connectors; hands-free headsets for cell phones; smoke, infrared, fire, metal, temperature detectors; radio frequency identification tags [RFID tags]; electrical amplifiers; audio timers; multiplexers; Electronic scoreboards; portable digital electronic devices for providing access to the internet; portable DAB radios; electric television sockets; Lighting for darkrooms, namely, photography darkroom lamps; cell phone battery chargers; Electronic control circuits for electronic musical instruments, electric heaters and fans; Testing equipment for testing concrete density; wireless network devices being wireless network extenders for the extreme high frequency range [EHF]; light sensors; tension meters; portable CD players; electronic baby monitors; Terminal blocks for electric cables; Multimedia terminals, namely, digital photograph viewers, 3D digital photograph viewers, LCD displays for video players; satellite receivers; Blank audio disks; voltage monitoring modules; electrical junction boxes; stereo receivers; Electric power distributors; Apparatus, instruments and cables for electricity, namely, electric pressure switches; battery terminals; Audio signal compressors; displays for television receivers; Time code generators, namely, time recording apparatus; audio signal amplifiers; Optical measuring devices, namely, fluormeters; Electrical signs, luminous; camcorders; Portable displays, namely, display interfaces, digital signage; multifunction keyboards; video surveillance cameras; Audio equipment, namely, audio mixers, speakers, limiters and compressors, equalizers; electric cables for the transmission of sound

and images; alarm sensors; stereo amplifiers; answering machines; illuminated signs; alarm signal receivers; solar battery arrays; DVD recorders; electrical relays; amplifiers; video cameras; satellite communications equipment for the super high frequency range [SHF]; electronic cables; quick chargers for mobile devices; Phase shifters for communications apparatus, mobile phones, cellular phones, smartphones; digital video cameras; Portable audio equipment, namely, audio mixers, speakers, limiters and compressors; Infrared remote control devices for radios, televisions, stereos; voltmeters; Universal remote controls for radios, televisions, stereos; electrical transformers; electric notice boards; CDs containing videos in the field of multimedia; video cables; digital measuring instruments; videotape recorders; timers; lithium batteries; luminous advertising signs; temperature indicators; emergency warning lights; Remote controls for radios, televisions, stereos, computers; Test equipment for testing flatness of isurfaces; Electrical monitoring devices for monitoring energy usage; temperature detection devices; Audio cassettes featuring sound, speech; cable television receivers; electric fire alarms; audio receivers; illuminated exit signs; photoelectric sensors; Sound bars; Portable video, cassette, CD, DVD players; electrical conductors; Video disc players; accumulators for solar energy; fiber optic cables; antenna filters; flexible sheaths for electrical conductors; plugs for electric cables; Electrical remote control devices for radios, televisions, stereos; voice operated encoders; electronic bulletin boards; Audio speakers; woofers; Electrical radio, video, stereo, satellite receivers; electronic calculators; TV signal amplifiers; digital audio recorders; optical lamps; light switches; Electric impedance converters; electrical frequency converters; Distribution transformer cabinets; distribution cabinets; emergency signal transmitters; electronic boards; backlit display boards; electrical fuses; electronic power converters; testing apparatus for electronic instruments; antenna system amplifiers; satellite finders; Electrical controllers; Handheld measuring devices for measuring electric current, voltage, sound level, receiving field strength, electrical power, temperature; Lighting control devices, namely, lighting control panels; satellite transmitters; luminous indicators; demodulators; headphone amplifiers; electric current analyzers; television antennas; batteries; wireless network devices for the super high frequency range [SHF]; blank audio discs; Solar modules for production of electricity; solar modules; television decoders; electrical terminal blocks; electrical ammeters; modems; electrical interface cables; remote controls for controlling electronic products; digital still cameras; television receiving dishes; antenna masts; electrical antenna amplifiers; electronic display boards; blank recordable DVDs; illuminated advertising signs; digital thermometers, not for medical purposes; Electrical measuring transducers; motion activated cameras; electronic amplifiers; electrical power supply units; wireless chargers; electronic signal receivers; Antenna signal splitters; Audio books in the field of business advices, operating instructions; Earthing clamps in the nature of earth terminals; video tuners; televisions for digital multimedia broadcasting [DMB]; DAB radios; optical encoders; portable cassette players with radio; telephone terminals; telephone modems; flexible circuit boards; Electronic sensors for electrical power, temperature, contact; satellite dishes; electric current testers; test apparatus for testing printed circuit boards; set-top boxes; electronic anti-theft alarms; power cords; electrical connection cables; Electronic GPS navigation devices; antenna converters; electronic ballasts for lighting purposes; Audio crossovers; rectifiers for electricity; Digital sound mixers; battery testers; Earthing testers, namely, voltage testers; Earthing testers, namely, voltage testers; radios; voltage converters; Smoke sensors, namely, smoke detectors; Electrical fuses; digital signs; Security alarm systems comprised of cameras, motion alarms, alarm sensors, security lights; antenna sockets; Overvoltage protection relays; luminous USB cables; electrical alarm devices; Speech synthesizers, namely, downloadable computer software for the artificial production of human speech ; optical receivers; fire alarms; temperature limiters; Electric solar cells for producing electricity; extreme radio frequency [EHF] satellite communications equipment to transmit communications from one vehicle to another via satellite; static converters; adapter cables for headphones; electric toggle

switches; junction boxes for receiving cable connections; ballasts for halogen lights; LED monitors; piezoelectric sensors; Speech generators, namely, downloadable computer software for the artificial production of human speech; Accessories for electrical insulators, namely, electrical lugs; digital cameras; measuring devices for locating satellites; audio transmitters; voltage stabilizers; electrical distributors; Electronic audio equipment, namely, headphones, speakers, audio mixers; surge protection diodes; current limiters; transformers; power adapters; Transmitting and receiving apparatus for cable television broadcasting; Optical semiconductor amplifiers; radiation, tool, resistance measuring instruments built into photovoltaic systems; electronic calendars; cable locators; cable television converters; digital weather stations; subwoofers; telephone connection sockets; measuring cables; infrared detectors; uninterruptible power supply apparatus; electricity meters; Measuring devices for measuring voltage, sound level, receiving field strength with digital displays; Video effects devices, namely, disco balls; ballasts for electric lights; multimedia multiplexers; spectacles; electronic rectifiers; radio buoys; players for sound and image carriers; telephone intercoms; surge protectors; apparatus and instruments for accumulating distribution of electricity; flexible sheaths for electric cables; battery chargers; measuring devices for electrical fuses; digital televisions; Measuring devices for measuring voltage, gravity, height, receiving field strength, electrical power; solar battery chargers; electrical connectors; flashlights; Light dimmers; luminous safety beacons; digital sound processors; downloadable or recorded remote diagnostic software for interpretation of scans provided by diagnostic imaging equipment; Electric cables and wires; tube amplifiers; Digital temperature, alarm, optical sensors; transmultiplexers; apparatus and instruments for regulating energy; electric power switches; round plug connectors; car speakers; television, radio, level, satellite, data transmitters; heat detectors; Electric circuit breaker switches; digital notepads; Emergency warning lights; radio relays; electronic advertising display devices; photocells; MP3 players; ballasts for halogen lamps; electric charging cables; electric control devices for robots; Digital universal measuring devices, for measuring weight, height, voltage; cameras; digital set-top boxes; LED displays; sound mixers; CD players; digital signage display panels; electric batteries; electric smoke sensors; sound amplifiers; Satellite communication devices for transmitting audio, video; Portable testing equipment for testing sound levels, batteries, electrical current; electronic power supplies; antenna dishes; electrical transmitters for use within the field of fiber optic networks and infrastructure; baby monitors; electric charge regulators; parabolic antennas; blank DVDs; Electrical distribution conductor rails; electronic ballasts for lights; indicator lights for switchboards; audio interfaces; USB cables; electrical line testers; LCD screens; Voltage regulators, namely, voltage dividers; starter batteries; electrical test equipment for power networks; battery, phone, wireless, photovoltaic chargers; digital audio players; piezoelectric switches; ballasts for gas discharge lamps; screen filters adapted for tablet computers; dustproof plugs for mobile phone jacks; Cases specially adapted for MP3 players; cases adapted for notebooks; Cases specially adapted for pocket calculators; covers for telephone receivers; cases adapted for DVD players; cases adapted for netbooks; leather cases for smartphones; Cases specially adapted for storage devices; Protective cases for cell phones; Cases specially adapted for music storage devices; Cases specially adapted for portable media players; cases for computer discs; laptop bags; carrying cases for radios; covers for e-book readers; Protective cases for smartphones; Protective cases for tablet computers; leather cases for portable telephones; Protective cases for cameras; spectacle cases; Cases specially adapted for digital players; laptop sleeves; carrying cases for computer printers; Protective cases for satellite navigation devices; carrying cases for portable music players; carrying cases for computers; carrying cases for contact lenses; cases for personal digital assistants [PDAS]; cases adapted for CD-players; carrying cases for cell phones; Protective cases for cell phones; cases for video cassettes; Protective covers for laptops; carrying cases for mobile computers; Protective cases for photographic apparatus; Protective cases for telephones; Protective cases for headphones; carrying cases for digital music players; Remote controls for mobile electronic devices, namely, laptops, tablets; leather covers for tablet computers; eyewear

cases; Protective cases for camcorders; pre-recorded fitness DVDs; Wearable activity trackers, namely, fitness bracelets; portable smartphones; portable measuring tapes; portable sound recorders; Portable telecommunication apparatus, namely, smartphones, tablets, digital switches being digital telephone switching apparatus, modems, computer network hubs, and wireless routers; portable flash memory devices; portable radios; wrist-worn computers; downloadable mobile applications for use with portable computing devices for spreadsheet management, word processing; portable solar batteries for generating electricity; portable radio transmitters; portable digital electronic scales; portable activity trackers; Portable communication devices in the nature of smartwatches; Portable electronic digital communication devices for transmitting voice, data, images; Portable GPS navigation devices; portable video cameras with built-in video cassette recorders; insulated clothing for protection against accident or injury; safety, swimming, ski goggles; protective suits for aviators; protective work clothing for protection against accidents or injuries; Non- medical environmental protection masks for respiratory protection; biological hazard protection suits; hand-held protective shields for the police; downloadable data protection software; recorded data protection software; protective films for tablet computers; Electric residual current control devices; chest protectors for the prevention of accidents or injuries [other than for sports purposes]; footwear for protection against fire; headgear being protective helmets; sound masking devices for speech privacy; asbestos protective screens for firefighters; safety footwear for protection against accident or injury; safety glasses; mouth guards for use in sports; specially shaped sports bags for protective helmets; protective clothing made from bulletproof materials; safety glasses for eye protection; face masks for protection against accident or injury; anti-glare screens; protective goggles for sports purposes; luminous bracelets for protection against accident or injury; Shin guards for protection against injury, other than sporting articles or parts of sports suits; Protective screens, namely, anti-glare filters for televisions, computer monitors, tablet computers}; Mouth guards for sports, athletic use}; clothing for protection against biological hazards; Protective masks, namely, protective industrial face masks, dust protective masks, protective face masks for the prevention of accident or injury; protective devices for power lines; dust masks; Injury head protection for sports activities, namely, helmets; screen protectors in the form of protective films for cell phones; snow goggles; Eye protection screens for prevention of accident or injury; fire protection clothing; gloves for industrial use for protection against injury; lenses for face shields; protective cases for MP3-players; ski goggles; welding helmet; fire protection masks; protective goggles for motorcyclists; leather clothing for protection against accident or injury; dustproof blind plugs for headphone jacks; Abdominal protection pads for protection against injuries, other than for sports purposes; radiation protection clothing; Air purifying respirators with air filters; protective clothing with breathable properties; protective goggles for sports; face shields, not for medical purposes; adapted protective films for smartphones; protective covers for e-book readers; dust covers for computers; safety gloves for protection against accident or injury; protective covers for PDAS (personal digital assistants); reflective articles for clothing for protection against accidents; helmets for head protection; waterproof survival suits for prevention of drowning; thermal suits for protection against accident or injury; reflective discs for clothing for protection against traffic accidents; protective visors; protective gloves against X-rays for industrial purposes; High visibility reflective clothing; anti-theft apparatus other than for vehicles; protective helmets; Skull protection, namely, protective helmets for protection against injuries; fault-voltage-operated circuit-breakers; asbestos clothing for protection against fire; balaclavas for protection against accidents, irradiation and fire; Protective suits for prevention against accident or injury; Protective lens caps for cameras; headgear for protection against accidents; mouth guards for use in boxing; accident, radiation and fire protection clothing; tempered glass screen protectors for cell phones; dust goggles; filters for respirators, not medical; dust protection filler plugs for cell phones; asbestos gloves for protection against accidents; gloves for protection against accidents;

reflective discs for clothing, for protection against traffic accidents; Protective industrial face shields; liquid crystal protective films for smartphones; thermal protective clothing for protection against accident or injury; eye protection glasses; fire detectors; protective eyeglasses; head guards for karate; head guards for sports; footwear for protection against accidents; elbow guards for protection against accidents (other than sporting articles); downloadable privacy protection software; recorded privacy protection software; anti-glare glasses; multiple socket outlets with surge protection; dust protection filler plugs for charger ports

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Technical advice on energy generation; Preparation of technical feasibility studies in the field of new technologies; Evaluation of product design of others to assure compliance with industry standards; Product development consultation, namely, analysis of product development; development of hardware for compression and decompression of multimedia content; Product safety review, namely, product safety testing services; services of a graphic artist; new product development; Implementation of quality audits, namely, safety auditing to improve safety of new products; video game software development; technical advice in the field of lighting technology; video game hardware development; development of hardware for digital signal processing; Programming of multimedia applications for others; Development of industrial processes in the field of artificial intelligence; Graphic services, namely, graphic design; new product design; design and development of software for electronic television program guides; development of diagnostic equipment; Computer design for others; consultancy in the field of telecommunications technology; development of hardware for processing and distribution of multimedia content; encryption of digital music; electronic storage of images; hardware and software consulting; product research; development of industrial products; advice in the field of technological development; Creation of draft designs of plans and engineering drawings for others; development and design of digital sound and image carriers; design of measuring systems; development of test equipment for electric wires; design and development of software for controlling, regulating and monitoring solar energy systems; providing information on industrial design; preparation of technical reports by engineers; design of hardware for storing and retrieving multimedia data; Advice relating to quality control of new products for others; development of generator sets; providing information on product design; preparation of technical reports; creation of technical operating instructions; programming of video and computer games; design of lighting systems; design of hardware for digital signal processing; evaluation and analysis of product development; evaluation and analysis of product design; advice relating to quality assurance; preparation of expert opinions relating to industrial design; design and development of consumer products; design and development of multimedia products; consulting services in the field of technology design; advice on the design of packaging; development of image processing software; design of hardware for audio and video operators; packaging design services; engineering services in the field of telecommunications technology; hardware development; mobile phone design; design of display systems for advertising purposes; new product design and testing; design of diagnostic equipment; product quality inspection; development of software for audio and video operators; consumer product design; industrial design; development of hardware for storing and retrieving multimedia data; design and development of new products; development of hardware for converting data and multimedia content from different protocols and into different protocols; development of measurement and test methods; rental of measuring devices; assessment of product quality; evaluation of measured values; design and development of word processing software; development of interactive multimedia software; testing the functionality of apparatus and instruments; Advisory services in the field of energy measurement to improve energy efficiency;

design of brochures; design and development of technical products; preparation of expert opinions relating to graphic design; design and development of image editing software; advisory services relating to product development; decryption of data; engineering services; development of software for compressing and decompressing multimedia content; product design and development; analysis of product design; electronic storage of audio files; Measurement evaluation services in the field of energy consumption, energy generation; development of software for storing and retrieving multimedia data; Fashion design consulting services; providing information in the field of product development; technical advice relating to product development; development of consumer goods; development of technologies to protect electronic networks; Conducting industrial rests in the field of electricity; research and development of new products; monitoring of computer systems for the detection of unauthorized access and data protection violations; IT consulting services, namely, IT security, protection and repair services; design of protective clothing; creation of environmental protection information; computer security threat analysis to protect data; design of engineering structures for flood protection; consultancy on research in the field of environmental protection; research in the field of environmental protection; services for protection against the unsolicited sending of bulk messages; environmental measurements inside buildings; computer virus protection services; computer security services to protect against illegal network access; advisory services relating to environmental protection; technical advice on fire protection; advice in the field of environmental protection; compilation of information relating to environmental protection

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

BASIS INFORMATION

Currently 66A Yes

Owner Name Schwaiger GmbH **Address** Schwaiger GmbH Würzburger Straße 17 90579 Langenzenn FED REP GERMANY **Legal Entity** Limited Company **State or Country Where Organized** GERMANY

ATTORNEY/CORRESPONDENCE INFORMATION

Docket Number WDL-54209

INTERNATIONAL REGISTRATION INFORMATION (SECTION 66A)

Owner of International Registration Number 1678570 **International Registration Date** Dec. 08, 2021 **Expiration Date** Dec. 08, 2031

EXAMINING ATTORNEY

Examining Attorney MOSKOWITZ, SAMANTHA JA

REASON FOR PUBLICATION

Trademark Registration Issued - Principal Register

Mark Literal(s) WATERLLAMA

Waterllama

CASE IDENTIFIERS

Serial Number 79347780 **Application Filing Date** Jun. 09, 2022 **Registration Number** 7215437 **Registration Date** Nov. 14, 2023 **Register** Principal **Mark Type** Trademark **Publication Date** Aug. 29, 2023

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK

RELATED PROPERTIES INFORMATION

International Registration 1678649 **International Registration Date** Jun. 09, 2022

GOODS AND SERVICES INFORMATION

For water bottles sold empty, sports bottles sold empty; vacuum bottles; cups

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For downloadable computer application software for mobile phones, namely, software for tracking human water consumption

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For headwear, namely caps, caps with art, hats, hats with art, sun hats, sun hats with art, bucket hats, bucket hats with art, t-shirts, t-shirts with art

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

BASIS INFORMATION

Currently 66A Yes

OWNER INFORMATION

Mark Literal(s) THE WEATHER CHANNEL

CASE IDENTIFIERS

Serial Number 79347920 **Application Filing Date** Feb. 18, 2022 **Registration Number** 7215440 **Registration Date** Nov. 14, 2023 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Aug. 29, 2023

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of the stylized wording "THE WEATHER CHANNEL" enclosed in a square. **Disclaimer** "WEATHER" AS TO THE CLASS 9, 11, 35, 38, 41, AND 42 GOODS/SERVICES

RELATED PROPERTIES INFORMATION

International Registration 1678138 **International Registration Date** Feb. 18, 2022

GOODS AND SERVICES INFORMATION

For Automobiles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Appliances, namely, refrigerators, thermostats, and wearable air purifiers, providing weather and meteorological information

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Educational services, namely, providing conferences, classes, webinars, exhibitions, symposiums, workshops, presentations, technical educational demonstrations, and training seminars, all in the field of weather and meteorological information

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Advertising, promotion and marketing services related to all industries for the purpose of facilitating networking and socializing opportunities for business purposes

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable software and mobile application in the fields of weather, meteorology and climatology for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable software and pre-installed applications for mobile telephones in the fields of weather, meteorology and climatology for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable mobile applications for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable computer application software for providing weather forecasts, weather and meteorological conditions, and weather and meteorological information and notifications; downloadable computer software for controlling networked devices in the internet of things (IoT), namely, cars, household appliances, multimedia devices, display screens, watches, HVAC systems

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication services, namely, providing electronic message alerts via electronic interface, the internet, computers, tablets and mobile electronic devices; Streaming of meteorological information, weather forecast information, including via mobile or cellular telephones, smartphones, a global information network or wired and wireless electronic media

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Clothing, namely, shirts, jackets, footwear, hats, caps being headwear, and stocking caps

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Providing a website that gives users the ability to create customized web pages featuring user-defined profiles; Providing information and content selected and customized based on the known or estimated geographical location of an Internet, mobile, or other wired or wireless digital network based device; providing on-line, non-downloadable software for receiving, generating, and displaying data and weather-related information and imagery; providing on-line, non-downloadable weather information software for processing and displaying weather data and forecasts; providing a website featuring information in the fields of weather, meteorology, cartography, and mapping; Application service provider featuring application programming interface (API) software for integration of weather content into internet-enabled devices and platforms, other data display devices, and online websites for events, users, third parties, internet services, and software applications; providing a website featuring technology that gives users the possibility to create customized web pages featuring user-defined profiles; providing an on-line computer database featuring weather data and related graphs, maps, charts, displays, news and information; providing a website featuring temporary use of non-downloadable software allowing website users to post or upload weather-related information, data, videos, commentary, and images

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Non-metallic construction elements, namely, supports; non-metallic structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; non-metallic composite structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from plastic for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from concrete for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; structures made from polymers and polymer composites for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; non-metallic portable structures for use as constituent parts of buildings, bridges, roads, parking facilities, walkways, roofs, floors, and handrails; telegraph poles, not of metal; utility poles, not of metal; poles and masts of non-metallic materials for electric power lines; concrete; reinforced concrete; polymer concrete; concrete building materials, namely, blocks, bricks, posts, slabs, and panels; non-metallic flooring panels; non-metallic sheet materials for building; non-metal roof coverings and flashings; non-metallic shapes, surface coverings, sleeves for insulation and protection against fire, poles, telegraph poles, ladders, tanks, rail attachments, curbs, cross arms, hoses, containers, walkways, bridges, handrails, guardrails, barriers, structures, pipes, dampers, covers, access structures, decking, planking, panels, gratings, platforms, piers, ports, harbors, decks, ship separators, mooring dolphins, pipe piles and guide walls; fire protection materials for use in building, namely, non-metal fire-resistant boards and panels; replacement and structural parts and fittings for all the aforesaid goods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Trailers; portable roadway trailers; portable lighting trailers; portable signage trailers; portable safety signage trailers; replacement and structural parts and fittings for the aforesaid goods; molded structural parts of vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Mobile electric power generators; replacement and structural parts and fittings for all the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Non-metallic hardware, namely, brackets for general use, nuts, screws, bolts, latches, locks, plates, clasps, pulleys; non-metal security cabinets and containers; non-metal transportable containers; non-metallic storage or transport containers; non-metallic clamps and clips; non-metallic containers; security closures for containers, not of metal; non-metal cylinder clamps; non-metallic fasteners, connectors and holders, namely, collars for fastening pipes, threaded fasteners, door fasteners, window fasteners, rivets, nails, holders for signs and signboards, ducts and couplings for organizing cables and wires; non-metal clamps, clips, supports, brackets and fasteners for pipes, beams, tubes and structures

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Air conditioning apparatus; air conditioning installations; air conditioners; air conditioning apparatus for industrial use; heating installations; water heating installations; HVAC apparatus; apparatus and installations for lighting, heating, cooling, ventilating, water supply and sanitary purposes; water cooling towers; tanks, containers, pipes and tubes for water, gas, ventilating, air conditioning and sanitary purposes; replacement and structural parts and fittings for all the aforesaid goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Subscription based retail store services provided in relation to charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to the rental, leasing and hire of charging, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations; subscription based retail store services provided in relation to the rental, leasing, hire, monitoring, control, maintenance, installation, inspection and repair of charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to building products, construction equipment and machinery and parts and fittings for all the aforesaid goods; subscription based retail store services provided in relation to the rental, leasing, hire, monitoring, control, maintenance, installation, inspection and repair of metallic and non-metallic building products, construction equipment and machinery and parts and fittings of all the aforesaid goods; subscription based retail store services provided in relation to structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers; subscription based retail store services provided in relation to the rental, leasing, hire maintenance, control, installation, monitoring, inspection and repair of structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers and parts and fittings for all the aforesaid goods; retail and wholesale store services provided in relation to charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; wholesale and retail store services relating to construction equipment and machinery and parts and fittings for all the aforesaid goods; wholesale and retail store services

relating to metallic and non-metallic building products and parts and fittings for all the aforesaid goods; wholesale and retail store services relating to electricity generating and solar-powered devices, apparatus and installations and parts and fittings for all the aforesaid goods; retail and wholesale store services provided in relation to structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers and parts and fittings for all the aforesaid goods; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation of traffic management systems; rental of traffic management systems; rental of construction equipment, machinery, equipment and apparatus; installation, inspection, repair and maintenance services provided in relation to charging, monitoring, sensing, controlling, signaling, lighting, security, safety, traffic control, electricity generating and solar-powered-devices, apparatus and installations and parts and fittings for all the aforesaid goods; installation, inspection, repair and maintenance services provided in relation to charging devices, generators, lighting apparatus and installations, cameras, closed-circuit television systems and parts, fittings, accessories and modular parts of goods subject of all the aforesaid services; installation, inspection, repair and maintenance services provided in relation to non-metallic structures, non-metallic building materials, insulating materials, concrete and reinforced concrete; installation, inspection, repair and maintenance of structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Security, safety, protection and signaling devices, installations and apparatus, namely, entry door systems comprising touch pads and security doors; Security, safety, protection and signaling devices, installations and apparatus, namely, devices for monitoring and data collection for reporting purposes in relation to status, wear, location, performance, lifecycle and required maintenance for barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment; electronic security and safety access control systems for barriers, fences, gates and bollards, namely, access control and alarm monitoring systems; security, safety, protection and signaling devices, installations and apparatus comprising or containing electronic sensing, monitoring, controlling and communication devices, namely, access control and alarm monitoring systems; electronic security and safety access control systems for barriers, fences, gates and bollards comprising or containing electronic sensing, monitoring, controlling and communication devices, namely, access control and alarm monitoring systems; charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations comprising or containing electronic sensing, monitoring, controlling and communication devices; electricity control panels and electric current control devices; control, sensing and monitoring devices for heating, water supply, sanitary cooling and air conditioning and installations, namely, climate control systems consisting of digital thermostats, air conditioning, heating, ventilation and drying control devices; electronic control, sensing and monitoring devices for charging, monitoring, controlling, signaling, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus installations, barriers, fences, gates and bollards; cameras; surveillance apparatus and installations, namely, electronic components of security systems; closed-circuit television systems for security and surveillance, namely, cameras, switchers, monitors, microphones, and recorders; replacement and structural parts and

fittings for all the aforesaid goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Traffic management systems; traffic, travel and transport information services; management of vehicular traffic flow through advanced communications network and technology; rental of storage and transport equipment; electricity distribution; rental and leasing of vehicles; rental and leasing of mobile lighting apparatus and installations; rental and leasing of solar powered charging apparatus for vehicles; rental and leasing of mobile charging and electricity generating installations and apparatus; rental and leasing of trailers for lighting; information, advice and consultancy provided in relation to all the aforesaid services

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Insulating materials; elastomeric strips in the nature of insulating material and liners for pipes, namely pipe insulation; elastomeric sheathing in the nature of insulating material and liners for pipes and pipework, namely pipe insulation; insulating materials for use in the isolation and attenuation of noise and vibration for pipes and pipework; materials for noise protection, absorption and abatement namely, liners and supports for pipes and pipework in the nature of insulating materials; insulating coatings namely insulating material; strips and sheathing in the nature of insulating materials for prevention of corrosion and wear of pipes and tubes, clips, supports, clamps; insulating coverings for pipes, pipework, pipe clamps, pipe clips and pipe supports, namely liners and supports for pipes and pipework in the nature of insulating materials; shock absorbing rubber buffers for industrial machinery; sound dampening blankets; flexible pipes and ducting, not of metal; fittings, not of metal, for pipes; insulation materials and apparatus for pipes, pipe supports, restraints, clips, clamps and hangers; insulating foam of plastics; insulated pipe supports not of metal; insulated pipe supports of plastics; materials for soundproofing, noise protection, absorption and abatement; insulating coatings; strips, sleeves and sheathing made of insulating materials; strips, sleeves and sheathing for attenuation and isolation of noise; strips, sleeves and sheathing made of fire-retardant materials; carbon fibers, other than for textile use; fiberglass for insulation; semi-processed plastics; semi-processed resins; elastomer polymers for use in manufacture; semi-processed polymer resins; semi-processed thermoplastic polymer resins; shapes and structures made of polymers and fiber reinforced polymers for use by third-party manufacturers; fire resistant and fire preventative articles and materials, namely, fire-resistant composite panels made of aramid, glass, carbon or ceramic fibers; structures, installations and articles made of polymers, fiberglass and fiber reinforced polymers for use by third-party manufacturers in the form of shapes, surface coverings, sleeves for insulation and protection against fire, poles, telegraph poles, ladders, tanks, rail attachments, curbs, cross arms, hoses, containers, walkways, bridges, handrails, guardrails, barriers, structures, pipes, dampers, covers, access structures, decking, planking, panels, gratings, platforms, piers, ports, harbors, decks, ship separators, mooring dolphins, pipe piles and guide walls; replacement and structural parts and fittings for all the aforesaid goods

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Software as a service featuring software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; platform as a service featuring software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; design and development of databases; application service provider (ASP) featuring online non-downloadable software for monitoring of, controlling of, and communication with barriers, fences, gates, bollards, charging apparatus, power generators, roadway safety equipment and hardware, roadway lighting equipment, solar-powered lighting equipment, roadway signage equipment, roadway message board equipment, and traffic monitoring equipment, and for data collection, analysis and compilation of technical reports in relation thereto; technical data analysis, namely, compiling and analyzing statistics, data and other sources of information for the purposes of product development and enhancement of product safety standards; data monitoring services in the nature of protection and recovery of computer data; monitoring of computer systems by remote access to ensure proper functioning; environmental monitoring services; machine condition monitoring for quality control purposes; monitoring of building structures for quality control purposes; providing websites featuring technology enabling the monitoring of computer systems for security purposes; monitoring and control of sensing, charging, lighting, security, safety, transport, electricity generating and solar-powered devices, apparatus and installations and networks for quality control purposes of all the aforesaid goods; testing, analysis and monitoring of navigation and telecommunications signals; provision of technical, scientific and engineering reports; information, advice and consultancy provided in respect of all the aforesaid services

GOODS AND SERVICES INFORMATION

For Nucleic acid sequences as reagents for use in genetic research, other than for medical or veterinary purposes; nucleic acids for scientific purposes, chemical compositions and materials in the nature of chemicals for use in genotyping, all as chemicals for use in industry; reagents, enzymes, chemical compositions, chemical primers and chemical probes for use in the manufacture of pharmaceuticals; biochemical reagents commonly known as probes, for detecting and analyzing molecules in protein or nucleotide arrays; nucleic acid sequences known as probes for use in signal amplification for use in the manufacture of diagnostic reagents for scientific or medical research use; nucleic acid sequences known as probes for use in signal amplification techniques for use in the pharmaceutical industry; nucleic acid sequences known as probes for use in detecting nucleic acids for raw material in the manufacture of pharmaceuticals; nucleic acid sequences known as probes for use in detecting mRNA directly without synthesizing cDNA for use as a raw material in the manufacture of diagnostic reagents; nucleic acid sequences known as probes for use in multiplex detection of mRNAs simultaneously in a single tube reaction for use as a raw material in the manufacture of diagnostic reagents for scientific or research use; nucleic acid sequences known as probes for use in forming self-assembly honeycomb structure for use as an ingredient in pharmaceuticals; nucleic acid sequences known as probes for use in quantifying intact drug and parent drug fragment for use as an ingredient in diagnostic reagents; nucleic acid sequences known as probes for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for an ingredient in diagnostic reagents for scientific or medical research; nucleic acid sequences known as probes for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of

DNA self-assembly reactions; nucleic acid sequences known as probes for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for as diagnostic reagents for scientific or medical research use; nucleic acid sequences known as probes for use in quantifying using samples from blood, tissue and cell lysates for use in cell cultures other than for medical or veterinary use; nucleic acid sequences known as probes for use in simultaneously quantifying heteroduplex oligonucleotide drugs for diagnostic reagents and preparations, except for medical or veterinary use; nucleic acid sequences known as probes for use in analyzing samples using bioanalytical methods for use in industry utilizing technology of DNA self-assembly reactions; nucleic acid sequences known as probes for use in self-assembly reactions for as reagents for use in industry utilizing technology of DNA self-assembly reactions; nucleic acid sequences known as probes to be used as signal amplifier for use in industry to detect nucleic acids; nucleic acid sequences known as probes for use in analyzing samples without using PCR for use in industry to detect mRNAs; biochemical reagents commonly known as probes for use in signal amplification for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in signal amplification techniques for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in detecting nucleic acids for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in detecting mRNA directly without synthesizing cDNA for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in multiplex detection of mRNAs simultaneously in a single tube reaction for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in forming self-assembly honeycomb structure for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in quantifying intact drug and parent drug fragment for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in quantifying using samples from blood, tissue and cell lysates for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in simultaneously quantifying heteroduplex oligonucleotide drugs for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in analyzing samples using bioanalytical methods for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in self-assembly reactions for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes to be used as signal amplifier for use in industry utilizing technology of DNA self-assembly reactions; biochemical reagents commonly known as probes for use in analyzing samples without using PCR for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in signal amplification for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in signal amplification techniques for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in detecting nucleic acids for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in detecting mRNA directly without synthesizing cDNA for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in multiplex

detection of mRNAs simultaneously in a single tube reaction for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in forming self-assembly honeycomb structure for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in quantifying intact drug and parent drug fragment for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in quantifying using samples from blood, tissue and cell lysates for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in simultaneously quantifying heteroduplex oligonucleotide drugs for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in analyzing samples using bioanalytical methods for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in self-assembly reactions for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes to be used as signal amplifier for use in industry utilizing technology of DNA self-assembly reactions; biotin labeled honeycomb probes for use in analyzing samples without using PCR for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in signal amplification for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in signal amplification techniques for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in detecting nucleic acids for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in detecting mRNA directly without synthesizing cDNA for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in multiplex detection of mRNAs simultaneously in a single tube reaction for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in forming self-assembly honeycomb structure for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in quantifying intact drug and parent drug fragment for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in quantifying using samples from blood, tissue and cell lysates for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in simultaneously quantifying heteroduplex oligonucleotide drugs for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in analyzing samples using bioanalytical methods for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in self-assembly reactions for use in industry utilizing technology of DNA self-assembly reactions; honeycomb probes to which biotins are labeled to be used as signal amplifier for use in industry utilizing technology

of DNA self-assembly reactions; honeycomb probes to which biotins are labeled for use in analyzing samples without using PCR for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in signal amplification for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in signal amplification techniques for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in detecting nucleic acids for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in detecting mRNA directly without synthesizing cDNA for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in multiplex detection of mRNAs simultaneously in a single tube reaction for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in forming self-assembly honeycomb structure for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in quantifying intact drug and parent drug fragment for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in quantifying using samples from blood, tissue and cell lysates for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in simultaneously quantifying heteroduplex oligonucleotide drugs for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in analyzing samples using bioanalytical methods for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in self-assembly reactions for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair to be used as signal amplifier for use in industry utilizing technology of DNA self-assembly reactions; A short DNA probe pair for use in analyzing samples without using PCR for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in signal amplification for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in signal amplification techniques for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in detecting nucleic acids for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in detecting mRNA directly without synthesizing cDNA for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in multiplex detection of mRNAs simultaneously in a single tube reaction for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in forming self-assembly honeycomb structure for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in quantifying intact drug and parent drug fragment for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in quantifying using samples from blood, tissue and cell lysates for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in simultaneously quantifying heteroduplex oligonucleotide drugs for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in analyzing samples using bioanalytical methods for use in

industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in self-assembly reactions for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes to be used as signal amplifier for use in industry utilizing technology of DNA self-assembly reactions; self-assembled DNA probes for use in analyzing samples without using PCR for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in signal amplification for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in signal amplification techniques for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in detecting nucleic acids for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in detecting mRNA directly without synthesizing cDNA for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in multiplex detection of mRNAs simultaneously in a single tube reaction for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in forming self-assembly honeycomb structure for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in quantifying intact drug and parent drug fragment for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in quantifying using samples from blood, tissue and cell lysates for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in simultaneously quantifying heteroduplex oligonucleotide drugs for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in analyzing samples using bioanalytical methods for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in self-assembly reactions for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions to be used as signal amplifier for use in industry utilizing technology of DNA self-assembly reactions; probes made by DNA self-assembly reactions for use in analyzing samples without using PCR for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in signal amplification for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in signal amplification techniques for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in detecting nucleic acids for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in detecting mRNA directly without synthesizing cDNA for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in multiplex detection of mRNAs simultaneously in a single tube reaction for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in forming self-assembly honeycomb structure for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in quantifying intact drug and parent drug fragment for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in quantifying intact drug and parent drug fragment at picogram-nanogram levels for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in quantifying parent and fragments with only 1-2 mers difference for use in industry utilizing technology of

DNA self-assembly reactions; A signal amplifier for use in measuring analytes directly from matrix without using highly purified nucleic acid or reverse transcriptase reaction for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in quantifying using samples from blood, tissue and cell lysates for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in simultaneously quantifying heteroduplex oligonucleotide drugs for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in analyzing samples using bioanalytical methods for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in self-assembly reactions for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier to be used as signal amplifier for use in industry utilizing technology of DNA self-assembly reactions; A signal amplifier for use in analyzing samples without using PCR for use in industry utilizing technology of DNA self-assembly reactions; self-assembly formed by a short DNA probe pair for use in industry utilizing technology of DNA self-assembly reactions

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

GOODS AND SERVICES INFORMATION

For Business management; Compilation of information into computer databases; systemization of information into computer databases; Data processing services and business data analysis for others, namely, information extraction, retrieval, and analysis of data for business purposes; Computerized file management; all of the foregoing goods for use in the cloud data storage industry; none of the foregoing services for use in connection with physical security systems, security alarms, security cameras, security sensors, or security surveillance electronics or services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable computer programs and software for database management; Prerecorded computer programs and software for database management; Downloadable computer programs and software for storage, reproduction, recording, capture, reading, printing, processing, display, and transmission of data and information; all of the foregoing goods for use in the cloud data storage industry; none of the foregoing goods for use in connection with physical security systems, security alarms, security cameras, security sensors, or security surveillance electronics or services

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Physical storage of electronically-stored data, files or documents; all of the foregoing goods for use in the cloud data storage industry; none of the foregoing services for use in connection with physical security systems, security alarms, security cameras, security sensors, or security surveillance electronics or services

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Recovery of computer data; Conversion of data or documents from physical to electronic media; Data conversion of computer programs and data, not physical conversion; Protection of information into computer databases, namely, data encryption of information in computer databases; Data protection, namely, data encryption services; all of the foregoing goods for use in the cloud data storage industry; none of the foregoing services for use in connection with physical security systems, security alarms, security cameras, security sensors, or security surveillance electronics or services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services
