Box 4
Washington, D.C. 20231

Dear Mr. Fowler:

The Association of American University Presses is grateful for the efforts of your office on behalf of the CONFU process. We believe that if fair use is to persist in the electronic environment, as it should, generally understood guidelines for that use can greatly assist users to stay within the law.

Subject to the Uniform Preamble accepted by all CONFU participants, AAUP has already endorsed the Guidelines for Educational Multi-media. We now wish to signify our endorsement of the Guidelines for Distance Learning. We are abstaining in the case of Guidelines for Digital Images because we believe we lack standing, being neither archivists nor producers to any important extent.

Sincerely yours,

Peter C. Grenquist
Executive Director
