International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Photographs; stationary; adhesives for stationary or household purposes; typewriters and office requisites, namely, desk calendars, desk stands and holders for pens, pencils, and ink; plastic material, namely, plastic bags or plastic bubble packs for packaging; printers' type; printing blocks; books on the subjects of payment systems, banking, project management, fleet control management and supply chain management, information systems, and on providing services relating to the same; magazines on the subject of payment systems, banking, project management, fleet control management and supply chain management, information systems, and on providing services relating to the same; printed forms, manuals and operation instructions for use with personal computers users manuals and with instructions; printed brochures and flyers with maintenance advice and containing specifications of the electronic data base and the use thereof

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Furniture for petrol service stations

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Education, namely, conducting classes, seminars, conferences, workshops in the field of telecommunications, computer sciences, project management, supply chain management, explosion protection, fleet management, mobile payments, and payment systems; organizing community sporting and cultural activities; training of users in the operation of electronic products, namely, paying terminals, POS terminals, vending terminals, vehicle surveying devices, and electricity meters; training services, namely, conducting classes, seminars, conferences, workshops in the fields of telecommunications, computer sciences, project management, supply chain management, explosion projection, fleet management, mobile payments, and payment systems; publication of books, magazines, manuals, bulletins, and technical users' guides; training of personnel in the fields of telecommunications, computer sciences, project management, supply chain management, explosion protection, fleet management, mobile payments, and payment systems

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Advertising services, namely, providing television advertising for others, electronic billboard advertising, dissemination of advertising matter; business management; business administration, namely, administration of business payroll for others, administration of vehicle deployment for others; advisory services, namely, consulting services for advertising and marketing; arranging and conducting trade-exhibitions and trade-fairs for commercial purposes in the field of automobiles, art, communications, oil industry, and banking; insurance claims auditing services; financial statement preparation and analysis for businesses; communications services, namely, operation of telephone communication centers for others; record keeping, namely, monitoring and tracking of package shipments and mail sorting, handling and receiving

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Building construction; repair and installation of computers, pay terminals, fuel stations, and fuel tanks used at gas stations; installation of computers, pay terminals and communication systems on location; maintenance of computers, pay terminals and communication systems; repair of automated teller machines; commercial washing of cars and other motor vehicles; maintenance and service of motor vehicles, petrol service station services; providing information concerning installation of computer systems comprising computer hardware

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific, nautical, surveying, measuring, signaling, controlling life-saving, and teaching apparatus and instruments, namely, vehicle surveying devices, electricity meters, humidity meters, oil and gas measuring probes, automatic tank gauges; automatic vending machines and mechanisms therefor; cash registers, calculating machines; fire-extinguishing apparatus, namely, fire extinguishers; electricity measuring devices, namely, electricity meters or electricity meter readers; paying devices, namely, paying terminals (POS, vending terminals); identification systems comprised of radio frequency

cards tags and readers; computer software for complete supply chain management in oil companies, remote monitoring of fuel levels, order and transportation management, automatic stock replenishment, for monitoring and controlling remote locations, including software for geographical representation of remote location and data, for fleet management, including locating vehicles, optimizing routes, managing costs, managing drivers, optimizing vehicle deployment, and for managing payments and enabling payment transactions; and printed instructions and users' manuals sold in connection therewith

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Communications and telecommunications services, namely, long distance telephone communication services; mobile radio, GSM, UMTS, CDMA, and radio communication, satellite communications, and short range data communications, namely, short range wireless and WIFI transmission of data; electronic, electric, and digital transmission of voice, data, images, signals, and messages via global computer network

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Transport by road, namely, via freight truck, personal vehicles, delivery vans, buses, minibuses; transport by sea, namely, via boat, marine and barge transport; transport by railway; travel arrangements for others, namely, travel agency services, namely, making reservations and bookings for transportation

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Assembly of products for others

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Remote computer hardware diagnosis services by means of telecommunication and computer date modems; scientific and technological services, namely, electricity meter data management and analysis, vehicle surveillance and analysis, oil and gas level surveillance and analysis, and research and design for others relating thereto; research and design for others in the fields of payment transactions systems, supply chain management in oil industry, and vehicle surveillance; industrial analysis and research services; design and development of computer hardware and software for others; legal services; technical consultation and providing information concerning characteristics, configuration and installation of computer software; technical consultation and providing information concerning characteristics and configuration of computer hardware

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Travel agency services, namely, making reservations and bookings for lodging, and for restaurants and meals

International Classes 43 - Primary Classes **US Classes** 100, 101 **International Class Title** Hotel and restaurant services

GOODS AND SERVICES INFORMATION

For Mixing, stirring, kneading, granulating, reacting, crushing, dosing, parting, extruding, emulsifying, pulping and homogenizing machines for use in the chemical, ceramic and fiber industries; industrial production machines for use in the manufacture of sulfur, sulfuric acid, ammonia salts, ammonia, hydrogen synthesis gas, crude tar, naphthalene, and crude phenol, for tar distillation, and for the production of tar based products, crude benzene, and for ammonia decomposition; bottle filling, dosing and sorting machines for the chemical, petrochemical, pharmaceutical, food and cosmetic industries; machines for use in the food and beverage industry, namely, mixers, kneaders, proportioners, carbonators, cleaners, homogenizers and separators for food and food ingredients; machines for the filtration, separation and cleaning of foods and beverages; machines for the meat industry, namely, meat, sausage and ham processing machines, in particular meat choppers, filling, portioning and twisting-off machines; machines for the beer brewing industry, namely yeast propagation machines, yeast storage and dosing machines, closed container equipment for yeast propagation namely Carlsberg flasks; tank top systems consisting of a top with a spray ball, pressure relief valve and anti-vacuum valve; yeast mixers, yeast pumps, yeast pitching systems consisting of yeast pumps, yeast mixers, mass flow meters and in-line yeast monitors; yeast vibration screens, waste yeast installations in the nature of a waste yeast collector, filter press installations for beer recovery in the nature of a filter press unit for recovery of excess beer; machines for use in the dairy industry, namely, milking machines, teat shells, teat liners, milk claws, milk pumps, air separators, sanitary and safety traps and vacuum pump

assemblies, high-pressure cleaning machines, power operated cattle feeding machines, cheese curd treatment and recovery machines, tanks and flow verters; laundry and cleaning detergent manufacturing machines; digital automatic refractometers, digital automatic polarimeters, and analytical instruments for the sweetener industry; filters for machines in the chemical, pharmaceutical and food industry; machine filters, including bag filters for separating particulate matter from a gas; membrane filtration systems for the dairy, food, beverage, fermentation biotechnology, chemical and wastewater industries; powder and granulate packaging machines; packaging machines for packaging chemicals, petrochemicals, pharmaceuticals, foods and cosmetics; package sealing machines for industrial purposes; electric extractors; homogenizers and high pressure pumps; industrial machine presses; motors and engines, except for land vehicles; machine coupling and transmission components, not for land vehicles, namely belts, sheaves, pulleys, chains, sprockets, shaft collars, hubs, couplings, tighteners, idlers, gears, gear boxes, speed reducers, keystock, roller chains, and conveyor belts; a full line of pharmaceutical processing machines, namely granulators, coaters, mixers, processors, pelletizers, docking systems, special containers, bulk containers, blenders, wash stations, tablet presses, extruders and spheronizers; tableting machines; rotary presses; vibrating fluid bed processors for classifying and deducting; machines for processing liquids, powders and granulates for the pharmaceutical, food, dairy and chemical industries, namely fluid bed processors for drying and cooling; machines for atomizing liquids; surface condensers, injection direct contact condensers and air cooled condensers for steam power plants and for the chemical industry; power generating machines and instruments not for land vehicles, namely internal combustion engines, carburetors, fuel injectors, and turbines; electric power generators; air compressors; compressors for refrigerators; compressed air pumps; lubricators, fuel filters, gas filters, liquid filters, heat exchangers as parts of machines, machine parts, namely molds for use in the manufacture of polymers, pharmaceuticals, foods and cosmetics; machines for processing polymers; air condensers; machines for manufacturing technical gases, ammonia, fertilizers, alkylates, fuels, phenol, acids and alcohols, lubrication oils and motor fuels, starch, tartaric acid, citric acid, salts, biological fuels, sulfuric acid, briquettes, non-ferrous metals, zinc blende, as well as reduction of iron ore, calcinations of alumina, sinter devices, melting reduction methods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Industrial installations for heating, steam generating, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, heaters; furnace boilers; refrigerators; industrial dryers for heating and dehumidifying; distilling units; liquid cooled heat exchangers; fluid-bed dryers; steam condensers; steam ejectors; steam generators; evaporators; rectifiers; liquid filters; heat pumps, reverse-cycle heating devices comprising pumps, heat-exchangers, and nozzles; heat-accumulators; air-filters for industrial use; gas-filters for industrial use; Diesel engine, compressor, generator and transformer cooling systems composed of radiators, compressors, pumps, hoses, pipes, throttles and cooling liquids and gases; closed circuit cooling systems composed of heat exchangers, pumps, radiators and pipelines; cooling-towers; air cooled heat exchangers; air conditioners; garbage incinerators; industrial ovens; devices for the treatment of waste water, namely, sewage unifiers comprising catch pits, purification cones, filter beds and water filters; gas burning heaters; furnaces; microwave spray dryers for use in powder technology; thermo-oil heated heat exchangers which are not part of machines; waste heat boilers; gas pre-heaters; plate-type heat exchangers which are not part of machines; drying devices, namely, spray dryers and fluid-bed dryers; freezers; spray freezers; liquid chillers; automatic defrosters; components for

automatic defrosters, namely, defroster nozzles; refrigerator condensers; modular cooling towers; vacuum coolers; single and double walled tubular heat exchangers which are not part of machines; natural draft cooling towers; cooling tower cells; contact coolers; evaporative devices, namely, evaporators, jet evaporators, spray evaporators and high-pressure-evaporators; ventilators for air exhaust systems and air conditioning purposes for industrial, commercial and household use; fan-assisted electrical convectors; exhaust fans; air flow units for industrial use; water chillers; automatic defrosters; filters for filtering particles from the air; fans; air cooled heat exchangers which are not part of machines; liquid cooled heat exchangers which are not part of machines; refrigerators; refrigerator controllers; and refrigerator regulators; steamers and evaporators used in association with the processing and refinement of food and beverages, chemicals, and pharmaceuticals; heat pumps; circulation pumps; heat exchangers which are not part of machines; reverse-cycle heaters; heat accumulators; air filters for industrial use; gas filters for industrial use; Diesel engine, compressor, generator and transformer cooling systems composed of radiators, compressors, pumps, hoses, pipes, throttles and cooling liquids and gates; closed circuit cooling systems composed of heat exchangers, pumps, radiators and lines; cooling towers; heat monitors; heat regulators; and heating tanks, all used in association with the heat and energy industry; garbage incinerators, industrial waste ovens, and industrial waste filters, all used in association with the utility industry; reactors for producing inorganic heavy chemicals, for adsorptive treatment of industrial gases, for combustion or gasifying carbonaceous materials, for a thermal treatment of inorganic materials; reactors for thermal treatment of high viscosity products; thermal treatment units for food products; thermal treatment units for the granular product processing industry comprising heat accumulators; water faucet filters; hot water tanks, pressurized water tanks, and waste water tanks; freezing installations, namely, freezers; refrigerating installation; water cooling towers; water purifiers; water heaters, stoves; air-conditioning units; air-conditioners, exhaust fans, air purifiers, air filters for air conditioners, humidifiers, dehumidifiers; ovens for industrial purposes, steam generators, heating installations, namely, hot water heaters, electric and steam central radiators for heating buildings, and foundry furnaces; electric heaters for industrial use; air pressure heating machines, fuel heating machines, air preheaters, distillation towers, refinery towers for distillation; oil purifiers; gas purifiers; installations for waste water and waste gas treatment; waste water purifiers; seawater desalters; acetylene generators; plumbing valves for use in pipes for water supply and fuel; furnaces for fluidized solids technique and parts thereof, such as fluidized bed boilers, steam generators, flue gas dust collectors, garbage incinerating plants, hazardous waste incineration plants and sludge disposal plants, waste processors and recyclors, pipe work for water treatment and water supply and for industrial plants, especially in the pharmaceutical, chemical, food and beverage industries; electric power generators, furnace boiler plants, steam turbines, electrostatic filters for dedusting of gases in industrial plants; burner heads for producing technical gases; cartridges made of ceramics, plastics or metal, namely for use in sanitary fittings of climatic, ventilator and air conditioning devices; components for heat engineering made of ceramic materials, namely heat exchangers which are not part of machines, components for burners for domestic or industrial use, namely welding nozzles, heat conductor stay thermal pipes, protection pipes, grooved bodies, breaking pipes, packing material, annealing substances, sieves, filters, thread pipes, stove rolls; , parts made of ceramic material and ceramic composite components for gas and liquid fittings namely sealing discs, control discs and regulating discs, faucets, sliders; ceramic ball bearings for spherical bearing systems in exhaust gas regulating plants, heating plants and heating apparatus, heating boilers, plants and apparatus for producing heat, for transferring heat, for transporting heat, for recovering heat; wastewater treatment machine used for evaporating wastewater; evaporating air cooling units for industrial use; ventilation and aeration plants; air-conditioning and climatic plants; drying

plants; humidifier plants and apparatus; storing and retention plants for heat, cold, and liquids; cooling plants; filtering plants; purification plants for gases and liquids; de-dusting plants; water conditioning, water pipe and water desalinization plants; plants for jellification and clearing from mud; devices for depositing solid and liquid components from gaseous and/or liquid media; devices for utilization of steam and heat; plant for use of the fluidized bed technique for industrial purposes; plants for use of the spraying technique for industrial purposes, in particular spraying dryers and spraying granulators; commercial cooking ovens for the foodstuff and beverage industry; refinery towers for distillation; distillation columns and distillation apparatus; air treatment machines; pasteurizers for use in the food and beverage industry; distillation unit for process engineering in the chemical, petrochemical, polymer, chemical fiber, pharmaceutical, food and cosmetic industries for distillation, rectification, extraction, adsorption and reaction purposes; machinery for waste water treatment, namely waste water purification units; evaporative cooling units for industrial use

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Chemical products for commercial and scientific use, namely, acetic acid, acetone, acrylic acid, gas washes, namely chemicals used in processes for purifying gas; ammonia, aromatic hydrocarbons, namely benzene, toluene and xylene for use in the manufacture of plastics, rubber, synthetic fibers and a wide variety of other materials; catalysts for polyester condensation reactions; methanol, formaldehyde; oleo chemicals for fatty alcohol synthesis; phenol; polymer compounds, namely bonding agents, casting resins, epoxy resins, synthetic resins for general repair, bonding, and casting purposes in industrial and commercial uses; polymeric materials, namely polyamides and polyesters used to manufacture fibers, filaments, packaging materials and engineering plastics; polycarbonates used to manufacture engineering plastics; and cellulose used to manufacture fibers and filaments; unprocessed artificial resins and plastics for industrial use; manure

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Building construction and construction planning, in the public and private sectors, namely, for utility, industrial, commercial, governmental, public works, public accommodation, and infrastructure facilities, and installation and repair services in connection with the foregoing; installation and repair of machines and apparatus for the chemical, petrochemical, polymer, chemical fiber, metal processing, wood processing and synthetics processing, pharmaceutical, agricultural, agribusiness, textile, food, cosmetic, beverage, distillation, brewing, power generating, packaging, lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary industries; installation and repair of electromagnetic apparatus for the preparation of foods, heat exchangers, compressors for refrigerators, bottle filling and filling and dosage machines, sorting machines for commercial and industrial use and fittings and parts of the aforementioned machines and apparatus, construction machines, machine tools, motors and engines

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Licensing of intellectual property; land surveying; design for others in the field of civil engineering structures; design of industrial plants for others; consulting services in relation to civil construction engineering techniques; technical research; technical research in the field of machines; chemical research, chemical analysis; cosmetic research; biological research; project engineering, engineering services, including the preparation of expert opinions; technical consulting services in relation to refrigerating, air-conditioning, liquid processing, mechanical separating processing, powder

processing and chemical processing engineering techniques; consulting services in relation to electro-mechanical engineering techniques; design and supervision of civil engineering related to air pollution control, water pollution control, waste gas control and energy utilization facilities; consultation in environment protection; testing and analysis of environmental pollution; testing and evaluation of environmental pollution and equipment for the prevention thereof; consulting services in relation to environmental protection techniques; consulting services in relation to manufacturing; technical project planning for industrial plants and machinery
