Mark Literal(s) GINGER & CO

CASE IDENTIFIERS

Serial Number 79149484 **Application Filing Date** Nov. 14, 2013 **Register** Principal **Mark Type** Trademark **Publication Date** Oct. 13, 2015

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a fanciful woman wearing earrings, necklace, and bracelet; a variety of four-pointed stars; a banner featuring the wording "Ginger & Co."; and a scalloped border. **Color Claimed** Color is not claimed as a feature of the mark. **Disclaimer** "CO" **Name Portrait Consent** The name(s), portrait(s), and/or signature(s) shown in the mark does not identify a particular living individual.

RELATED PROPERTIES INFORMATION

International Registration 1209705 **International Registration Date** Nov. 14, 2013

GOODS AND SERVICES INFORMATION

For Household and kitchen containers for holding cleaning preparations or make-up; combs and sponges; brushes for applying make-up; dispensers for cleaning preparations; dispensers for soap; bath sponges; scrub sponges; body puffs for washing

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Leather and imitation leather; travelling trunks and travelling bags; umbrellas and parasols; make-up bags sold empty; tote bags; satchels; ruck sacks; back packs; school bags; beauty, cosmetic, lipstick and vanity cases sold empty; purses; leather key holders; record bags; shoulder bags; hand bags; toiletry bags sold empty; leather shoulder belts

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For Mitts for washing the body; face cloths of textile; gloves for washing the body; towels

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Bleaching preparations for laundry use; cleaning, polishing, scouring and abrasive preparations; soaps; perfumery; essential oils; cosmetics; hair lotions; dentifrices; cleaning preparations; cleaning preparations being scrubs for the body, face, and feet; cleaning preparations for the skin; make-up preparations for the skin; preparations for the hair; soaps for personal use; soaps for use on the skin; body soaps; face soap; hand lotion; body lotion; skin moisturizers; facial moisturizers; body moisturizers; hair moisturizers; cosmetic moisturizers; bath and shower gels; bubble bath; foaming cleaning preparations; personal deodorants; perfumes; eau de toilette; shampoos; hair conditioner; hair styling preparations; hair care preparations; hair sprays, hair creams, hair gels, hair mousse, hair waxes ; hair dyes; hair bleaching products being bleaching preparations; toothpaste; cosmetic preparations; cosmetic creams; cosmetic oils; cosmetic lotions; cosmetic mists; cosmetic mousses; cosmetic gels; cosmetic powders; cosmetic serums; face cream; make-up; make-up removing preparations; artificial tanning preparations; tanning preparations; cleaning preparations for use by children for the body, face, and feet; non-medicated skin care preparations for children

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

Mark Literal(s) AYUNDO

CASE IDENTIFIERS

Serial Number 79150096 **Application Filing Date** Apr. 15, 2014 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Oct. 13, 2015

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of the term "AYUNDO" in block stylized blue font. The "D" and "O" overlap, and where they overlap, the color of that portion of the letters is orange. White is not claimed as a feature of the mark and merely represents background or transparent areas. **Color Drawing** Yes **Color Claimed** The color(s) blue and orange is/are claimed as a feature of the mark. **Translation** The wording "AYUNDO" has no meaning in a foreign language.

RELATED PROPERTIES INFORMATION

GOODS AND SERVICES INFORMATION

For Advertising services; business administration and management; providing office functions

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Data processing equipment; computers; computer software for use in database management, online behavioral advertising, profiling, online marketing, search and selection, telemarketing, crawling and scraping of websites, providing personalized offers to consumers and companies, database marketing, and data driven marketing; computer software for use as a spreadsheet and for word processing

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunications services, namely, telecommunication access services, wireless telephone services, telecommunications consultation, and transfer of data by telecommunications or via the Internet; providing access to databases

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Scientific and technological services and research and design relating thereto, namely, research and design in the field of computer networking hardware and research and design of computer software for database management, online behavioral advertising, profiling, online marketing, search and selection, telemarketing, crawling and scraping of websites, providing personalized offers to consumers and companies, database marketing and data driven marketing; development of computer hardware and software; design of computer databases

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1211991 **International Registration Date** Aug. 27, 2013

GOODS AND SERVICES INFORMATION

For Ore treating machines for milling ore, grinding ore; mineworking machines, namely, stone crushers, excavators, mine borers; machines, namely, mineral separation jigs; machines for removing mineral impurities; haulage apparatus for use in mineworking, namely, ore hauling machines, steam driver hauling machines, conveyor belts, lifting apparatus, namely, hoists, tail lifts, lifting platforms, elevators; cargo handling machines and apparatus for loading and unloading, namely, loading and unloading machines; hammers for civil engineering, namely, engine driven hammers; hammers for mining, namely, engine driven hammers; hammers for metal processing, namely, engine driven hammers; eroding knives as parts of machines; plants for the treatment of coal and ores, namely, crushing machines for industrial purposes; plants for the reduction of ores and minerals, namely, screening machines; plants, namely, machines to treat minerals and coals, in the nature of milling machines, grinding machines; material sorting machines for industrial use; disintegrators for chemical processing; machines for pelletizing metal materials; direct reduction iron manufacturing machines, catalytic machines; LD-converters for steel works; powered metal foundry machines; injector for injecting oxygen and fuel as parts of machines; vacuum degassing plants, namely, pumps as part of machines; vacuum oxygen decarburization plants, namely, pumps as part of machines; machines for pneumatic transporting and injecting carbon and lime; electric machines and apparatus for cleaning furnace slag doors; electric machines and apparatus for waste and fumes disposals; waste disposers machines; dust exhausting apparatus for cleaning purposes; plants, namely, machines for treating solid, liquid and gaseous

industrial and civil wastes; machines to treat solid wastes; slag granulation installations for blast furnaces; continuous casting machines for billets/blooms/near net shape, and thick-medium-thin slabs; casting machines for curved and rectilinear ingot molds; casting machines for horizontal ingot molds; casting machines on wheels; ingot molds as parts of machines for use in the manufacture of ingot molds as parts of machines for use in the manufacture of ingot molds and metal products; ladle supports for casting machines; oscillating system for casting machines moulds; machine parts, namely, roller guides and secondary cooling apparatus for casting machines; machine parts, namely, straighteners for casting machines; machine parts, namely, power-operated withdrawal assemblies for casting machines; power-operated shears for cast products; machine parts, namely, high-speed billet casters for casting machines; machine parts, namely, high-speed slab casters for casting machines; machines, namely, endless casting and rolling plants; metal rolling stands for machines; hot and cold rolling stands for machines as parts of machines; machines, namely, rolling mills; housings for roller as parts of machines; machine parts, namely, hydro dynamic bearings for rolling mills; machines, namely, thin slab rolling mills; machines, namely, hot strip mills; machines, namely, plate mills; machines, namely, steckel mills; machines, namely, tandem cold mills; machines, namely, reversing cold mills; machines, namely, hot and cold skin pass mills; machines, namely, temper mills; machines, namely, heavy/medium/light section and rail rolling mills; machines, namely, high speed wire rod rolling mills; machines, namely, high-speed bar mills; machines, namely, special steels bar and rod mills; machines, namely, bar and wire rod rolling mills; slitting machines; laying heads for wire; machines, namely, endless welding rolling plant for rolling metals; welding machines for endless rolling plants; machines for pickling steel strip; annealing machines; washing machines for industrial plants; cleaning machines for industrial plants; steel strip coating machines; painting machines; air knifes in the nature of pneumatic knives; reels as parts of machines; winding machines; mechanical wire winders; unwinding machines; spooling machines for bar coiling; sheaf binding machines; packing machines; packaging machines for metals; load manipulators for transporting of manufactured or semi-finished products, or parts of machines; machines, namely, packagers and folders for manufactured or semi-finished products; machines for packing and binding metal profiles; stacking machines; hoists; capstans in the nature of winding machines for metal wire; elevating apparatus, namely, hoists; conveyors machines; cranes; power operated lifts used to transport and place of manufactured or semi-finished products, or parts of machines; power operated conveyor belts; power operated roller conveyors; conveyors for industrial transport operations; conveyor belts for machines; metal forging and extrusion presses; power operated mechanical presses; machines, namely, wire extruders; metal extruding machines; plastic extruding machines; metal extrusion presses; swaging machines; forging machines; metal drawing machines; cold wire drawing machines; cold drawing machines; machines for surface finishing of metal; machines parts, namely, bar-to-bar drawing benches for bars and tubular products; machines suitable for detecting and eliminating surface defects on cast and rolled metal products; vertical turning machines; lathes for metalworking; reeling and centerless grinding machines; circular saws; ingot milling machines; machines and parts thereof for plants to grind metals; machines, namely, straighteners for manufacturing billet bars, wires and rails; metal straightening machines; cutting machines; electric shears; shearing machines for metalworking; pneumatic shears; cutting machines for metalworking; high-speed power operated cropping shears for wire rod mills; rolling mills, namely, seamless tube hot rolling plants; supersonic waves welding machines; electron beam welding machines; gas welding machines; electric welding machines; finishing machines for steel seamless tubes; retained mandrel mills; tube sizing and stretch reducing mills; rail-laying machines; railroad constructing machines;

machines to fasten and secure metal rails; tamping machines; power operated cutters for metal rails; road making machines; lathes as machine tools; machines parts, namely, tables for machines; industrial robots; machining centers; driving mechanical motors other than for land vehicles; dynamos; armature winding machines and stator winding machines; machines for the production of metallic spheres; servo-motors other than for vehicles; shredder machines for metallic scrap; electric hammers; pressure regulators as parts of machines; electric motors other than for land vehicles; material handling machines, namely, palletizers; regulators being parts of machines for electrical motors and generators; heat exchangers as parts of machines; units to remove dust, namely, dust removing installations for cleaning purposes

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Lighting apparatus, namely, lighting installations; air conditioning installation; air filtering installation, namely, bag filters, electrostatic filters; electro-chemical flue gas scrubbing apparatus; gas scrubbers as parts of gas installations; ventilation and air conditioning installations and apparatus; electric cooling fans being parts of vehicle air conditioning systems; cooling modules, namely, air cooling apparatus, airs cooling instruments being parts of vehicle air conditioning systems; ventilation apparatus and instruments for use in metallurgical factories; electric cooling plates; plants, namely, machines to purify gases and dusts, namely, air purifying machines; plants, namely, machines to treat liquid and gaseous industrial wastes, namely, air purifying machines and industrial water purifying apparatus; air separation machines, namely, separators for the claening and purification of air; dry and wet fume filtering apparatus, namely, air filters for industrial installations, filters and filtering devices for air and gas conditioning, water filters for industrial use; industrial furnaces; blast furnaces; electrical furnaces; pre-heating furnaces; industrial cooking ovens; ladle metallurgy furnaces; melting and refining furnaces; coolers, namely, compax coolers, evaporative air coolers for furnaces; gas burners; liquid in the nature of acetylene or oil and gas burners for industrial use; gas and liquid in the nature of acetylene or oil and hydrocarbon burners for industrial use; scrap preheating units for industrial purposes; treatment furnaces; cooling units for industrial purposes, namely, cooling beds for cast products; cooling units for industrial purposes, namely, cooling beds for rolled products; purification installations for sewage; water purifying apparatus and machines; gas boilers; water cooling appliances and installations, namely, water cooling towers; water treatment machines, namely, water filtration units; dampers as control devices for heating to regulate the flow of air; cooling units for industrial purposes, namely, cooling beds for rolled or cast products; units to purify gases namely, gas purification machines

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Inspection and conditioning equipment for cast and rolled products in the nature of electrical eddy current test equipment, electrical eddy current test probes, magna flow leakage detectors, rotating head ultrasonic scanners, phase array equipment, namely, ultrasonic inspection systems comprised of ultrasonic sensors for industrial non-destructive testing; holders for electric coils; electric transformers; electric regulating apparatus in the nature of voltage regulators for electric power; electric control panels; electric installations for the remote control of industrial operation; integrated circuits; electric distribution boxes; electric distribution consoles; electric relays; electric indicators boards and panels; panels for electric motor and generator control circuits; electric automation relay panels; automated process control and programming units, namely, micro-processor based hardware and software used to monitor the status of industrial processes for rolling,

casting, extruding, forging and finishing metal; electronic relays for frequency and current threshold and phase readers; electric transformers and servo-machinery, namely, motor controllers for process machines; electronic control panels with electrical relays for automation; descriptive electrical circuits; electrical transformers; installations for the distribution of electrical power, namely, electrical power distribution units; mechanisms for counter-operated apparatus, namely, point-of-sale terminals; elevator operating apparatus, namely, electronic controller to manage the power, movement and functions of an elevator; electrical sub-stations in the nature of converters, transformers; photocells; magnetic surveying machines; seismic wave surveying machines; speed measuring devices, namely, speed indicators, laser speed detectors; distance measuring apparatus; electricity measuring instruments, namely, electricity meters or electricity meter readers; volumetric measuring devices, namely, derived-unit measuring apparatus for measuring physical and chemical values; fluid level measuring apparatus, namely, contact or non-contact ultrasonic sensors; capacitance level sensors; capacity measuring apparatus, namely, instruments for measuring charge; pressure measuring apparatus, namely, instruments for measuring the pressure in a machine tool, namely, pressure gauges; fuel gauges; pressure gauges; temperature gauges, namely, thermometer; physical and chemical measurers and indicators, namely, particle counters for air quality measurement, electromagnetic apparatus used to measure magnetic fields; luminous and electric magnetic radiation detectors and indicators; electronic sensors for measuring and indicating physical and chemical values; luminous or electromagnetic radiation detectors; industrial photoelectric cells; electronic relays for current, frequency and phase detection; testing apparatus not for medical purposes for testing printed circuit boards and testing machine parts; science diagnostic apparatus not for medical purposes for research use, namely, laser and/or X-rays producing apparatus and installations, namely, X-ray CT scanners; chemical diagnostic apparatus not for medical purposes, namely, for gas emissions analysis, namely, gas analyzers and systems comprised of residual gas analyzers for industrial, environmental and process emissions; contact-free optical gauges; computer software programs for controlling and regulating continuous casting machines; control and regulating apparatus or equipment for controlling, regulating and recording data of continuous casting machines, namely, electric control panels, computers and computer software; computer software programs for controlling and regulating rolling mill plants; control and regulating apparatus or equipment for controlling, regulating and recording data of rolling mill plants, namely, electric control panels, computers and computer software

CASE IDENTIFIERS

Serial Number 79150337 **Application Filing Date** Aug. 27, 2013 **Register** Principal **Mark Type** Trademark **Publication Date** Oct. 13, 2015

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of a circle divided in half, on the left half of the circle is a horizontally-oriented triangle with three horizontal lines, on the right half of the circle are two horizontally-oriented triangles with rounded corners between which are three horizontal lines. **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1211993 **International Registration Date** Aug. 27, 2013

GOODS AND SERVICES INFORMATION

For Ore treating machines for milling ore, grinding ore; mineworking machines, namely, stone crushers, excavators, mine borers; machines, namely, mineral separation jigs; machines for removing mineral impurities; haulage apparatus for use in mineworking, namely, ore hauling machines, steam driver hauling machines, conveyor bands belts, lifting apparatus, namely, hoists, tail lifts, lifting platforms, elevators; cargo handling machines and apparatus for loading and unloading, namely, loading and unloading machines; hammers for civil engineering, namely, engine driven hammers; hammers for mining, namely, engine driven hammers; hammers for metal processing, namely, engine driven hammers; eroding knives as parts of machines; plants for the treatment of coal and ores, namely, crushing machines for industrial purposes; plants for the reduction of ores and minerals, namely, screening plants machines; plants, namely, machines to treat minerals and coals, in the nature of milling machines, grinding machines; material sorting machines for industrial use; disintegrators for chemical processing; machines for pelletizing metal materials; direct reduction iron manufacturing machines, catalytic machines; LD-converters for steel works; powered metal foundry machines; injector for injecting oxygen and fuel as parts of machines; vacuum degassing plants, namely, pumps as part of machines; vacuum oxygen decarburization plants, namely, pumps as part of machines; machines for pneumatic transporting and injecting carbon and lime; electric machines and apparatus for cleaning furnace slag doors; electric machines and apparatus for waste and fumes disposals; waste

disposers machines; dust exhausting apparatus for cleaning purposes; plants, namely, machines for treating solid, liquid and gaseous industrial and civil wastes; machines to treat solid wastes; slag granulation installations for blast furnaces; continuous casting machines for billets/blooms near net shape, and thick-medium-thin slabs; casting machines for curved and rectilinear ingot molds; casting machines for horizontal ingot molds; casting machines on wheels; ingot molds as parts of machines for use in the manufacture of ingot molds and metal products; ladle supports for casting machines; oscillating system for casting machines molds; machine parts, namely, roller guides and secondary cooling apparatus for casting machines; machine parts, namely, straighteners for casting machines; machine parts, namely, power-operated withdrawal assemblies for casting machines; power-operated shears for cast products; machine parts, namely, high-speed billet casters for casting machines; machine parts, namely, high-speed slab casters for casting machines; machines, namely, endless casting and rolling plants; metal rolling stands for machines; hot and cold rolling stands for machines as parts of machines; machines, namely, rolling mills; housings for roller as parts of machines; machine parts, namely, hydro dynamic bearings for rolling mills; machines, namely, thin slab rolling mills; machines, namely, hot strip mills; machines, namely, plate mills; machines, namely, steckel mills; machines, namely, tandem cold mills; machines, namely, reversing cold mills; machines, namely, hot and cold skin pass mills; machines, namely, temper mills; machines, namely, heavy/medium/light section and rail rolling mills; machines, namely, high speed wire rod rolling mills; machines, namely, high-speed bar mills; machines, namely, special steels bar and rod mills; machines, namely, bar and wire rod rolling mills; slitting machines; laying heads for wire; machines, namely, endless welding rolling plant for rolling metals; welding machines for endless rolling plants; machines for pickling steel strip; annealing machines; washing machines for industrial plants; cleaning machines for industrial plants; steel strip coating machines; painting machines; air knifes in the nature of pneumatic knives; reels as parts of machines; winding machines; mechanical wire winders; unwinding machines; spooling machines for bar coiling; sheaf binding machines; packing machines; packaging machines for metals; load manipulators for transporting of manufactured or semi-finished products, or parts of machines; machines, namely, packagers and folders for manufactured or semi-finished products; machines for packing and binding metal profiles; stacking machines; hoists; capstans in the nature of winding machines for metal wire; elevating apparatus, namely, hoists; conveyors machines; cranes; power operated lifts used to transport and place of manufactured or semi-finished products, or parts of machines; power operated conveyor belts; power operated roller conveyors; conveyors for industrial transport operations; conveyor belts for machines; metal forging and extrusion presses; power operated mechanical presses; machines, namely, wire extruders; metal extruding machines; plastic extruding machines; metal extrusion presses; swaging machines; forging machines; metal drawing machines; cold wire drawing machines; cold drawing machines; machines for surface finishing of metal; machines parts, namely, bar-to-bar drawing benches for bars and tubular products; machines suitable for detecting and eliminating surface defects on cast and rolled metal products; vertical turning machines; lathes for metalworking; reeling and centerless grinding machines; circular saws; ingot milling machines; machines and parts thereof for plants to grind metals; machines, namely, straighteners for manufacturing billet bars/, wires and rails; metal straightening machines; cutting machines; electric shears; shearing machines for metalworking; pneumatic shears; cutting machines for metalworking; high-speed power operated cropping shears for wire rod mills; rolling mills, namely, seamless tube hot rolling plants; supersonic waves welding machines; electron beam welding machines; gas welding machines; electric welding machines; finishing machines for steel seamless tubes; retained mandrel mills; tube sizing and stretch reducing

mills; rail-laying machines; railroad constructing machines; machines to fasten and secure metal rails; tamping machines; power operated cutters for metal rails; road making machines; lathes as machine tools; machines parts, namely, tables for machines; industrial robots; machining centers; driving mechanical motors other than for land vehicles; dynamos; armature winding machines and stator winding machines; machines for the production of metallic spheres; servo-motors other than for vehicles; shredder machines for metallic scrap; electric hammers; pressure regulators as parts of machines; electric motors other than for land vehicles; material handling machines, namely, palletizers; regulators being parts of machines for electrical motors and generators; heat exchangers as parts of machines; units to remove dust, namely, dust removing installations for cleaning purposes

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Lighting apparatus, namely, lighting installations; air conditioning installation; air filtering installation, namely, bag filters, electrostatic filters; Electro-chemical flue gas scrubbing apparatus; gas scrubbers as parts of gas installations; ventilation and air conditioning installations and apparatus; electric cooling fans being parts of vehicle air conditioning systems; cooling modules, namely, air cooling apparatus, airs cooling instruments being parts of vehicle air conditioning systems; ventilation apparatus and instruments for use in metallurgical factories; electric cooling plates; plants, namely, machines to purify gases and dusts, namely, air purifying machines; plants, namely, machines to treat liquid and gaseous industrial wastes, namely, air purifying machines and industrial water purifying apparatus; air separation machines, namely, separators for the cleaning and purification of air; dry and wet fume filtering apparatus, namely, air filters for industrial installations, filters and filtering devices for air and gas conditioning, water filters for industrial use; industrial furnaces; blast furnaces; electrical furnaces; pre-heating furnaces; industrial cooking ovens; ladle metallurgy furnaces; melting and refining furnaces; coolers, namely, compax coolers, evaporative air coolers for furnaces; gas burners; liquid in the nature of acetylene or oil and gas burners for industrial use; gas and liquid in the nature of acetylene or oil and hydrocarbon burners for industrial use; scrap preheating units for industrial purposes; treatment furnaces; cooling units for industrial purposes, namely, cooling beds for cast products; cooling units for industrial purposes, namely, cooling beds for rolled products; purification installations for sewage; water purifying apparatus and machines; gas boilers; water cooling appliances and installations, namely, water cooling towers; water treatment machines, namely, water filtration units; dampers as control devices for heating to regulate the flow of air; cooling units for industrial purposes, namely, cooling beds for rolled or cast products; units to purify gases, namely, gas purification machines

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Inspection and conditioning equipment for cast and rolled products in the nature of electrical eddy current test equipment, electrical eddy current test probes, magna flow leakage detectors, rotating head ultrasonic scanners, phase array equipment, namely, ultrasonic inspection systems comprised of ultrasonic sensors for industrial non-destructive testing; holders for electric coils; electric transformers; electric regulating apparatus in the nature of voltage regulators for electric power; electric control panels; electric installations for the remote control of industrial operation; integrated circuits; electric distribution boxes; electric distribution consoles; electric relays; electric indicators boards and panels; panels for electric motor and generator control circuits; electric automation relay panels; automated process control and programming

units, namely, micro-processor based hardware and software used to monitor the status of industrial processes for rolling, casting, extruding, forging and finishing metal; electronic relays for frequency and current threshold and phase readers; electric transformers and servo-machinery, namely, motor controllers for process machines; electronic control panels with electrical relays for automation; descriptive electrical circuits; electrical transformers; installations for the distribution of electrical power, namely, electrical power distribution units; mechanisms for counter-operated apparatus, namely, point-of-sale terminals; elevator operating apparatus, namely, electronic controller to manage the power, movement and functions of an elevator; electrical sub-stations in the nature of converters, transformers; photocells; magnetic surveying machines; seismic wave surveying machines; speed measuring devices, namely, speed indicators, laser speed detectors; distance measuring apparatus; electricity measuring instruments, namely, electricity meters or electricity meter readers; volumetric measuring devices, namely, derived-unit measuring apparatus for measuring physical and chemical values; fluid level measuring apparatus, namely, contact or non-contact ultrasonic sensors; capacitance level sensors; capacity measuring apparatus, namely, instruments for measuring charge; pressure measuring apparatus, namely, instruments for measuring the pressure in a machine tool, namely, pressure gauges; fuel gauges; pressure gauges; temperature gauges, namely, thermometer; physical and chemical measurers and indicators, namely, particle counters for air quality measurement, electromagnetic apparatus used to measure magnetic fields; luminous and electric magnetic radiation detectors and indicators; electronic sensors for measuring and indicating physical and chemical values; luminous or electromagnetic radiation detectors; industrial photoelectric cells; electronic relays for current, frequency and phase detection; testing apparatus not for medical purposes for testing printed circuit boards and testing machine parts; science diagnostic apparatus not for medical purposes for research use, namely, laser and/or X-rays producing apparatus and installations, namely, X-ray CT scanners; chemical diagnostic apparatus not for medical purposes, namely, for gas emissions analysis, namely, gas analyzers and systems comprised of residual gas analyzers for industrial, environmental and process emissions; contact-free optical gauges; computer software programs for controlling and regulating continuous casting machines; control and regulating apparatus or equipment for controlling, regulating and recording data of continuous casting machines, namely, electric control panels, computers and computer software; computer software programs for controlling and regulating rolling mill plants; control and regulating apparatus or equipment for controlling, regulating and recording data of rolling mill plants, namely, electric control panels, computers and computer software

GOODS AND SERVICES INFORMATION

For Machines and machine tools for use in completing oil and gas wells and in the production of oil and gas from wells, namely, wellheads, geothermal wellheads, subsea wellheads, mud line suspension systems, wellhead systems, adjustable wellhead systems, subsea wellhead systems, surface wellhead systems, exploration wellhead systems, Christmas trees for oil or natural gas extraction, annulus monitoring and lockdown systems for wellhead machines, suspension systems for oil and gas wells, wellhead machine trees, wellhead machine dry trees, wellhead machine wet trees, conversion wellheads for oil and gas wells; metal parts and fittings of oilfield wellhead machines, namely, connectors in the nature of pipe fittings and flanges, casing connectors in oil and gas wells, subsea wellhead temporary abandonment caps, tie back connectors for wellheads; running machine tools, namely, tools to place, set and retrieve pieces of downhole equipment in oil and gas wells

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Construction, installation, maintenance, repair and rental of oil and gas well structures; rental of wellhead systems and components used in wellhead systems for oil and gas wells; rental of wellhead systems for jack-up exploration drilling; construction, installation, maintenance, repair and rental of goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells; construction, installation, maintenance, repair and rental of wellheads, Christmas trees for oil and gas wells, valves, risers, riser connectors, pipeline connectors, pipeline repair tools, jumper connectors, metal to metal seals, high pressure seals, geothermal wellheads, subsea connectors, wellhead connectors, subsea wellheads,

tubing hangers, casing hangers, seal assemblies, caps, crown plugs, casing and tubing heads, adapters, adapter and spacer spools, flanges, threaded connectors, valve removal plugs, running tools, mud line suspension systems, washout sleeves, pipes, wellhead systems, subsea wellhead systems, surface wellhead systems, exploration wellhead systems, adjustable wellhead systems, tie-back connectors, high pressure and high temperature tie-back connectors, metal goods for supporting oil and gas field conduits, metal goods for supporting conduits in jack-up exploration drilling in oil and gas fields, casing connectors in oil and gas wells, subsea wellhead temporary abandonment caps, annulus monitoring and lockdown systems for wellheads, suspension systems for oil and gas wells, conversion wellheads for oil and gas wells, tie back connectors, wellhead trees, wellhead dry trees, wellhead wet trees; advisory, information and consultancy services relating to the construction, installation, maintenance, repair and rental of oil and gas well structures, of wellhead systems and components used in wellhead systems for oil and gas wells, of wellhead systems for jack-up exploration drilling, of goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Design services relating to oil and gas well structures; engineering services; oil and gas engineering services; research and development of wellhead systems; design of wellhead systems; design and testing of wellhead and mudline equipment; engineering project management services; engineering project planning services; engineering design and consultancy services; subsea and offshore engineering services; technical inspection services of wellheads; inspection of goods of others for quality control; engineering, research, design and inspection services for goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells; engineering, research, design and inspection services for wellheads, Christmas trees for oil and gas wells, valves, risers, riser connectors, pipeline connectors, pipeline repair tools, jumper connectors, metal to metal seals, high pressure seals, geothermal wellheads, subsea connectors, wellhead connectors, subsea wellheads, tubing hangers, casing hangers, seal assemblies, caps, crown plugs, casing and tubing heads, adapters, adapter and spacer spools, flange to connectors, threaded connectors, valve removal plugs, running tools, mud line suspension systems, washout sleeves, pipes, wellhead systems, subsea wellhead systems, surface wellhead systems, exploration wellhead systems, adjustable wellhead systems, tie-back connectors, high pressure and high temperature tie-back connectors, metal goods for supporting oil and gas field conduits, metal goods for supporting conduits in jack-up exploration drilling in oil and gas fields, casing connectors in oil and gas wells, subsea wellhead temporary abandonment caps, annulus monitoring and lockdown systems for wellheads, suspension systems for oil and gas wells, conversion wellheads for oil and gas wells, tie back connectors, wellhead trees, wellhead dry trees, wellhead wet trees; conducting feasibility studies in the field of oil and gas; conducting engineering feasibility studies in the field of oil and gas; oil and gas well structure testing services; advisory, information and consultancy services relating to design, engineering, research and development, testing, and inspection services in the field of oil and gas well

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells, namely, valves not being part of machines, drilling risers, casing connectors for drilling risers, branching tube connectors for pipelines, jumper connectors for pipelines, metal to metal seals, high pressure seals for drilling risers, subsea pipeline casing connectors, tubing hangers, casing hangers, seal assemblies for pipelines not being machines, caps, crown plugs, casing and tubing heads, adapters, adapter and spacer spools, flanges, pipe connectors, threaded pipe connectors, valve removal plugs, washout sleeves, drill pipes; metal goods for use in drilling and completing oil and gas wells and in the production of oil and gas from wells, namely, tie-back connectors, high pressure and high temperature tie-back connectors; metal goods for supporting oil and gas field conduits namely, casing connectors for use in oil and gas wells, clamps; metal goods for supporting conduits in jack-up exploration drilling in oil and gas fields, namely, subsea wellhead temporary abandonment caps of metal, tie back connectors of metal, annulus monitoring and lockdown sleeves for wellheads

software for accessing information directories that may be downloaded from the global computer network; computer software and computers with computer software for application and database integration; computer software and computers with computer software for communicating with users of hand-held computers; computer software and computers with software for processing digital music files; computer software and computers with computer software for controlling and managing access server applications; computer software and computers with computer software for controlling self-service terminals; computer software and computers with computer software for encryption; computer software and computers with computer software for organizing and viewing digital images and photographs; computer software and computers with computer software for use in programming facsimile machines; computer software and computers with computer software for use in relation to digital animation and special effects of images; computer software and computers with computer software for wireless content delivery; computer software and computers with computer software for use in customer relationship management (CRM); computer software and computers with computer software for manipulating digital audio information for use in audio media applications; computer software and computers with computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software and computers with computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; computer software and computers with computer software for use in the safeguarding of digital files, including audio, video, text, binary, still images, graphics and multimedia files; computer software and computers with computer software for computer system and application development, deployment and management; computer software and computers with computer software for controlling and managing patient medical information; computer software and computers with software for scientific analysis of genetic sequences; computer software and computers with computer software for the creation of firewalls; computer software and computers with software and computer programs for redistricting, namely, aggregating smaller geographical areas into multiple larger areas; computer software and computers with computer software for visualization in the nature of graphical representation and analysis of satellites; computer software and computers with computer software for the management of commercial printing companies in the field of cost estimating, production planning, scheduling production, binding, shipping and analysis of the printing job; computer software and computers with computer software for administration of computer networks; computer software and computers with computer software for the data basing, visualization, manipulation, virtual reality immersion and integration of geographic information with on-line member communities; computer software and computers with computer software for processing digital images; computer software and computers with computer software for creating and editing music and sounds; computer software and computers with computer software for controlling the operation of audio and video devices; computer software and computers with computer software that assists computers in deploying parallel applications and performing parallel computations; computer software and computers with computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; computer software and computers with computer software that allows people or organizations to create a voting event, vote on the issue, change their vote at will and track the input and display it in a unique graphical way; computer software and computers with computer software that provides web-based access to applications and services through a web operating system or portal interface; computer software and computers with computer software to automate data warehousing; computer software and computers with computer software to control and improve computer and audio

equipment sound quality; computer software and computers with computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; computer software and computers with computer software to enable the transmission of photographs to mobile telephones; computer software and computers with computer software to monitor and control factory manufacturing processes; computer software and computers with computer software to maintain and operate computer system; computer software and computers with computer software, namely, an application allowing sales and field service employees to update and receive data stored in an enterprise's computer databases in real time, using a mobile device, with full telephony integration with the telephone and/or software features of the mobile device; computer software and computers with computer software, namely, software development tools for the creation of mobile Internet applications and client interfaces; computer software and computers with computer software, namely, game engine software for video game development and operation; computer software and computers with computer software, namely, electronic financial platform that accommodates multiple types of payment and debt transactions in an integrated mobile phone, PDA, and web based environment; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for setting up, configuring, managing and/or administrating storage devices and/or storage interfaces and/or storage systems; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for High Performance Computing, Clustered File Storage, Visualization Clusters, Database Clusters and Enterprise Provisioning; computer application software, computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for use in monitoring and reporting the availability and operational state of computer systems, computer software, network operating systems, and network services; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for book marking, transmission, storage and sharing of data and information; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for creating searchable databases of information and data; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for the field of warehousing and distribution, to manage transactional data, provide statistical analysis, and produce notifications and reports; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for accessing information directories that may be downloaded from

the global computer network; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for application and database integration; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for communicating with users of hand-held computers; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for processing digital music files; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for controlling and managing access server applications; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for controlling self-service terminals; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for encryption; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for organizing and viewing digital images and photographs; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for use in programming facsimile machines; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for use in relation to digital animation and special effects of images; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for wireless content delivery; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for use in customer relationship management (CRM); computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for manipulating digital audio information for use in audio media applications; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; computer application software, for

computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for use in the safeguarding of digital files, including audio, video, text, binary, still images, graphics and multimedia files; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for computer system and application development, deployment and management; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for controlling and managing patient medical information; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for scientific analysis of genetic sequences; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for the creation of firewalls; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for redistricting, namely, aggregating smaller geographical areas into multiple larger areas; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for visualization in the nature of graphical representation and analysis of satellites; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for the management of commercial printing companies in the field of cost estimating, production planning, scheduling production, binding, shipping and analysis of the printing job; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for administration of computer networks; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for the data basing, visualization, manipulation, virtual reality immersion and integration of geographic information with on-line member communities; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for processing digital images; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for creating and editing music and sounds; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software for controlling the operation of audio and video devices; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile

phones, tablet computers, storage appliances and embedded devices, namely, software that assists computers in deploying parallel applications and performing parallel computations; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software that allows people or organizations to create a voting event, vote on the issue, change their vote at will and track the input and display it in a unique graphical way; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software that provides web-based access to applications and services through a web operating system or portal interface; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software to automate data warehousing; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software to control and improve computer and audio equipment sound quality; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software to enable the transmission of photographs to mobile telephones; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software to monitor and control factory manufacturing processes; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software to maintain and operate computer system; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, an application allowing sales and field service employees to update and receive data stored in an enterprise's computer databases in real time, using a mobile device, with full telephony integration with the telephone and/or software features of the mobile device; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, software development tools for the creation of mobile Internet applications and client interfaces; computer application software, for computer servers, mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, game engine software for video game development and operation; computer application software, for computer servers,

mainframe computers, computer workstations, client computers, desktop computers, portable computers, mobile phones, tablet computers, storage appliances and embedded devices, namely, electronic financial platform that accommodates multiple types of payment and debt transactions in an integrated mobile phone, PDA, and web based environment; computer storage devices for data processing equipment, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; computer operating programs; and data processing apparatus

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication services, namely, local and long distance transmission of voice, data, graphics by means of telephone, telegraphic, cable, and satellite transmissions; telecommunication services, namely, transmission of voice, data and documents, in the field of air traffic control, aeronautical and aircraft navigation, aeronautical telecommunications, and aeronautical information; telecommunication services, namely, transmission of voice, data and documents, in the field of environmental protection; telecommunication services, namely, transmission of voice, data and documents, in the field of search and rescue operations and fire fighting operations; telecommunication services, namely, providing access to pictures, video, alarm status, building plans and other building and security information at a remote station; telecommunication services, namely, transmission of podcasts; telecommunication services, namely, transmission of webcasts; telecommunication services, namely, local and long distance transmission of voice, data, graphics and video by means of broadband optical or wireless networks; telecommunication services, namely, providing Internet access via broadband optical or wireless networks; telecommunication services, namely, local and long distance transmission of voice, data, graphics and video by means of broadband, copper and optical or wireless networks; telecommunication services, namely, transmission of voice, data, graphics, sound and video by means of broadband power line or wireless networks; telecommunication services, namely, wireless telephone services; telecommunication services, namely, providing telephone features, namely, call waiting, call identification, call forwarding, and message waiting; telecommunication services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; telecommunication services, namely, providing electronic message alerts via the Internet; telecommunication services, namely, network traffic routing of electronic trading orders between mercantile exchanges or exchanges to reduce packet latency; telecommunication services, namely, telecommunications by e-mail; telecommunication services, namely, routing and junction services; telecommunication services, namely, gateway services; telecommunication services, namely, personal communication services; telecommunication services, namely, providing fiber optic network services; providing user access to a global computer network; electronic message sending; providing user access to databases; and providing multiple-user access to data on the Internet in the field of on-line data storage

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Updating of computer software; electronic data storage; backup services for computer hard drive data; software as a service (SaaS) services, namely, hosting software for use by others for use in database management and for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; cloud computing featuring computer software, computer application software and computers with computer software all for setting up, configuring, managing and administrating storage devices, storage interfaces and storage systems; cloud computing featuring computer software, computer application software, and computers with computer software all for High Performance Computing, Clustered File Storage, Visualization Clusters, Database Clusters and Enterprise Provisioning; cloud computing featuring computer software, computer application software, and computers with computer software all for use in monitoring and reporting the availability and operational state of computer systems, computer software, network operating systems, and network services; computer hardware and software design consultancy; design of computer software; design and development of computer hardware and software; computer systems analysis; design of programs for data processing; rental of computer software; Information technology (IT) consulting services; computer software consultancy; design of computer systems; monitoring of computer systems by remote access; hosting the web sites of others on a computer server for a global computer network; installation of computer software; data conversion of computer programs and data, not physical conversion; server hosting; and maintenance of computer software

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK

RELATED PROPERTIES INFORMATION

International Registration 1232090 **International Registration Date** Oct. 08, 2014

GOODS AND SERVICES INFORMATION

For Non-metallic building materials, namely, plastic latch assemblies for vehicle center armrests

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Structural parts for automobiles; dashboard mounts and instrument panels for use in vehicles of all kinds, namely, rear display cameras; structural parts for automobiles, namely, mounts for center consoles in motor vehicles; housing and mounts for GPS navigation devices; drive housings for motor vehicles in particular motorized tailgates for cars, trucks and SUVs; parts in the nature of drive units and crank pins for electric or mechanical drives for window opening systems in motor vehicles; parts in the nature of drive units and crank pins for opening and closing mechanisms for vehicle doors and glove compartments; guide rails for central armrests in motor vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Crankcases for internal combustion engines, namely, housings for crankshafts

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Housings for electronic equipment, namely, housings for the electronic components of vehicles heads-up displays, blind spot warning systems, lane departure warning systems, lane-change assist systems and vehicle split view monitors; apparatus for the reproduction of sound or images and parts therefor, namely, vehicle dashboard information displays, housings for GPS navigation systems, housings for mobile data storage systems; frames for electronic components, namely, supports for the electronic components of vehicle instrument panels

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Metal building materials, namely, sliders, hinges, door handles, fasteners; metal hinges for motor vehicle doors

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

BASIS INFORMATION

Currently 66A Yes

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a combination of the letters "i" and "H" in black with the dot of the "i" in red. All of the above is contained within a black parallelogram border. The white in the mark is intended to indicate background and is not a feature of the mark. **Color Drawing** Yes **Color Claimed** The color(s) red and black is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1232401 **International Registration Date** May 07, 2014

GOODS AND SERVICES INFORMATION

For Pipes, not of metal, for building purposes, namely, branching pipes; pressure pipes, not of metal; ducts, not of metal, for ventilating and air conditioning installations; building materials, not of metal, namely, plastic pipe supports; reinforcing materials, not of metal, for building; beams, not of metal

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Pumps being parts of machines, motors or engines; machine pumps, namely, hydraulic pumps; taps being parts of machines, motors or engines; compressors, namely, air compressors; compressed air machines; pressure regulators being parts of machines; pressure valves being parts of machines; pressure reducers being parts of machines; machine tools, namely, clamps for use in the precision clamping of work pieces, hose cutters; driving motors, other than for land vehicles; transmission shafts, other than for land vehicles; fittings for engine boilers, namely, ball valves; joints being parts of engines; pneumatic transporters; compressed air motors; compressed air pumps; springs being parts of machines; filters being parts of machines, motors or engines; blowing machines; blowing machines for the compression, suction and transport of gases; hydraulic motors or engines; hydraulic controls for machines, motors or engines; boiler tubes being

parts of machines; pneumatic controls for machines, motors or engines; pneumatic tube conveyors; pneumatic door openers and closers being parts of machines; machine coupling and transmission components, other than for land vehicles

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Fittings, not of metal, for building, namely, container fittings; clips of plastic for cables and pipes; fastenings of plastic, namely, collars for fastening pipes; reservoirs, not of metal nor of masonry, namely, plastic storage tanks; closures, not of metal, for containers; casks, barrels, not of metal; taps for casks, not of metal; water-pipe valves of plastic

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Flexible pipes, not of metal; hoses of textile material; valves of india-rubber or vulcanized fiber; packing, stopping and insulating materials, namely, plastic packing material, pipe joint sealant; sleeves of rubber for protecting parts of machines; reinforcing materials, not of metal, for pipes; pipe gaskets; pipe muffs, not of metal; flexible pipe junctions, not of metal, for flexible pipes; soundproofing materials

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Engineering services; construction drafting; technical consultancy relating to product development; technical project studies, namely, conducting scientific feasibility studies; architectural consultation; consultancy in the field of energy-saving; conducting of technical tests, namely, product tests regarding materials, processing, durability and design; preparation of reports relating to technological research; preparation of reports relating to scientific research; technical research in the field of hydraulic engineering; mechanical research; industrial analysis and research services, namely, regarding mobile hydraulics and fluid drive techniques; material testing

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Pressure pipes of metal; valves of metal, other than parts of machines; building materials of metal, namely, pipe supports; fittings of metal for compressed air ducts; clips of metal for cables and pipes; fastenings of metal, namely, hose clamps; containers of metal for compressed gas or liquid air; metal storage tanks; closures of metal for containers; framework of metal for building; cables and wires of metal, not for electronic purposes; binding screws of metal for cables; cable joints of metal, non-electric; cables and wires of metal, not for electric purposes; wrapping or binding bands of metal; bands of metal for tying-up purposes; ironmongery and small items of metal hardware, namely, couplings; bolts of metal; flanges of metal, namely, metal pipe collars; ferrules of metal; metal pipes; nozzles of metal, namely, metal, wash down spray nozzles for commercial and industrial use; ducts of metal for ventilating and air conditioning installations; bottles of metal for compressed gas or liquid air; metal tubes; pipework of metal; pipe muffs of metal; collars of metal for fastening pipes; junctions of metal for pipes; steel mooring masts; steel tubes; goods of common metal, not included in other classes, namely, tube fittings and metal nuts; door handle sets of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

For Meat, fish, poultry and game, meat extracts, frozen, preserved, dried and cooked fruits and vegetables, jellies, jams, compotes, eggs, milk and milk products, namely, yogurt and milk drinks containing fruit, edible oils and fats

International Classes 29 - Primary Classes **US Classes** 46 **International Class Title** Meats and Processed Foods

For Coffee, tea, cocoa and artificial coffee, rice, tapioca, sago, hours and preparations made from cereals, namely, cereal bars, bread, pastry and confectionery, namely, candy, candy drops, candy fruit drops, and sweets, chocolate and chocolate products containing fruit, filled and unfilled chocolates, candies, fruit chewing gum, chewing gum not for medical purposes, sweets, ices, sugar, honey, treacle, yeast, baking powder, salt, mustard, vinegar, sauces, spices, ice for refreshments

International Classes 30 - Primary Classes **US Classes** 46 **International Class Title** Staple Foods

For Beers, mineral waters and aerated waters and other non-alcoholic beverages, namely, mineral waters and aerated waters, lemonades, fruit beverages and fruit juices, non-alcoholic beverages prepared using tea, fruit infusions and herbal infusions, syrups for making beverages, preparations for making beverages, namely, syrups, concentrates and powders for making soft drinks, tea-flavored and fruit based beverages

International Classes 32 - Primary Classes **US Classes** 45, 46, 48 **International Class Title** Light Beverages

CASE IDENTIFIERS

Serial Number 79162806 **Application Filing Date** Jun. 25, 2014 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Oct. 13, 2015

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK

RELATED PROPERTIES INFORMATION

International Registration 1241382 **International Registration Date** Jun. 25, 2014

GOODS AND SERVICES INFORMATION

For Financial advisory and consultancy services; issuing of tokens of value, coupons and vouchers of value; issuing of tokens of value in relation to customer loyalty schemes; issuing of vouchers for payment of goods and services; issuing of a variety of vouchers enabling customers to purchase goods and services on an Internet website and by telecommunication means; issuing of a variety of vouchers enabling customers to purchase goods and services in-venue; credit services relating to the provision of vouchers for meals; financial services relating to the provision of vouchers for the purchase of goods or services; electronic funds transfer services; credit card services; debit card services; information, consultancy and advisory services in relation to any of the aforementioned services

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Advertising; dissemination of advertising for others via the internet; advertising and promoting the goods and services of others; advertising and promoting the goods and services of others via a global computer network by providing a website featuring coupons, discounts, rebates, price-comparison information, product reviews, and links to the retail websites of others; providing an online directory featuring classifieds; data processing and distribution of business information; incentive award schemes to promote the sale of products and services of others; on-line business administration and business supervision of a discount, special offer and gift voucher schemes for others; operation of incentive and loyalty schemes; organization, operation and supervision of loyalty and incentive schemes to promote the sale of products and services of others via the internet and mobile devices; market intelligence services, marketing and market research services; mobile marketing; analysis relating to marketing; providing marketing reports; compilation of

business data; compilation of information into computer databases; vending machine services; rental of vending machines; information, consultancy and advisory services in relation to any of the aforementioned services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Computer hardware; computer hardware in the nature of computer terminals, point-of-sale terminals, electronic terminals for generating vouchers, coupons, and tokens of value; computer software in the nature of a mobile device application for receiving, transmitting, and displaying vouchers and receiving and transmitting data for the purchase of goods and services; computer software in the nature of a mobile device application for providing consumers with information regarding discounts, vouchers, and special offers for the goods or services of others; computer software for use in mobile marketing, namely, for use in mobile advertising; computer software for creating searchable databases of information and data; computer software for use in database management; computer software, namely, computer application software for use in electronic storage of data, file-sharing and linking to internet-based websites, management, organization, and tracking of quick-response (QR) codes and connection of digital content to products, product displays, product and service information, advertisements, and printed materials using quick-response (QR) codes or two dimensional codes; computer software for managing user accounts in the field of loyalty, incentive, reward and bonus schemes and programmes; computer software for managing user accounts in the field of marketing and promotional services; computer software for the collection, analysis, storage, management, manipulation and processing of multi-source information and data; computer software for market, marketing and business research; computer software for data analytics, databases and customer management; downloadable software featuring discounts, offers, deals, coupons, vouchers, promotional codes, promotional contests, and rebates; ticket dispensers, namely, electronic terminals for dispensing vouchers, consumer coupons, tokens of value, discount coupons, rebates, claim codes and special offers; software applications for mobile devices for receiving, transmitting and displaying vouchers, consumer coupons, tokens of value, discounts, rebates, claim codes and special offers; mobile phone applications for redeeming vouchers; software downloadable from the internet for receiving, transmitting and displaying vouchers, consumer coupons, tokens of value, discounts, rebates, claim codes and special offers for mobile devices; parts and fittings for any of the aforementioned goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

MILANO

CASE IDENTIFIERS

Serial Number 79162927 **Application Filing Date** Nov. 12, 2014 **Register** Principal **Mark Type** Trademark **Publication Date** Oct. 13, 2015

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The trademark consists of the expression "MOSCHINO COUTURE! MILANO" as per the enclosed specimen. **Color Claimed** Color is not claimed as a feature of the mark. **Disclaimer** "COUTURE AND MILANO" **Translation** The English translation of "MOSCHINO" and "MILANO" in the mark is "LITTLE FLY" and "MILAN".

RELATED PROPERTIES INFORMATION

International Registration 1241684 **International Registration Date** Nov. 12, 2014

GOODS AND SERVICES INFORMATION

For all-purpose carrying bags; sport bags; clutch bags; hunter game bags; trunks; baggage; leather and imitations of leather; rucksacks; handbags; travelling bags; umbrellas, parasols and walking sticks; wallets; leather briefcases; key bags; cosmetic cases sold empty

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For Perfumes; toothpaste; face, bath, body and skin soaps; cosmetic soaps; bath foams; talcum powder; face creams; body creams and skin creams; body lotions; essential oils and personal deodorant

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For gowns; trousers; shirts; chemisettes; pullovers; skirts; jackets; mackintoshes; topcoats; waistcoats; blousons; kerchiefs being clothing; belts; ties; gloves; hats; socks; foulards; knitted underwear; shoes; caps; swimming costumes; beach robes; scarves; footwear; sandals; mules; sports footwear; bath robes; dressing gowns; bonnets; berets

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

International Registration 1241875 **International Registration Date** Dec. 02, 2014

GOODS AND SERVICES INFORMATION

For Metal treatment services; metal treating

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Non-metal acoustical insulating panels for buildings; non-metal panels for noise damping purposes for buildings; non-metal panels for vibration damping purposes for buildings; Packing, stopping and insulating materials

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Common metals and their alloys; metal building materials, namely, fascia, ceiling and wall boards; non-electric cables and wires of common metal; unwrought and semi-wrought materials of metal, not specified for use; structures and transportable buildings of metal; sheeting lines of metal; soundproofing, noise damping and/or vibration damping metal wall, floor and ceiling panels; frames of metal for building, namely, shaped metal sections; metallic room divisions partitions; wall plates of metal; cladding panels of metal for construction and building; metal cladding for construction and building; plating compositions composed of metals; wrought common metals; frames of metal for building, namely, profiled metal sections semi-finished

RELATED PROPERTIES INFORMATION

International Registration 1242378 **International Registration Date** Nov. 04, 2014

GOODS AND SERVICES INFORMATION

For Paper and cardboard; films, bags and pouches of plastic for packaging; rotary duplicators; printed matter, namely, books, brochures, journals, magazines, and periodicals in the field of pneumatics, hydraulics, sensors, electronics, superconduction, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology and metal working technology; calendars and poster; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials, namely, molds for modeling clays and canvas for painting; paint brushes; typewriters and office requisites except furniture, namely, staplers and punches; printed instructional and teaching material except apparatus in the field of pneumatics, hydraulics, sensors, electronics, superconduction, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology and metal working technology; plastic materials for packaging, namely, plastic bubble packs and adhesive plastic film; printers' type; printing blocks; writing implements, namely, ball-point pens, fountain pens and pencils

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Machine tools in the nature of broaches, notchers, lathes, planers, millers, saws, grinders and drills and in the nature of powered machines for cutting or shaping or finishing metals or other materials; machine tools for forming, riveting, swaging and flaring of metal and plastics; machine tools, namely, metalworking machine tools; machines for processing metal, wood and plastic; woodworking machines, namely, sanding machines, drilling machines, milling machines, sawing

machines, routing machines and planing machines; machines for use in the chemical industry, namely, separating machines for chemical processing, granulating machines for chemical processing, chemical fiber drying machines, chemical fiber spinning machines, dissolving machines for chemical processing, extracting machines for chemical processing and sorting machines for chemical processing; machines for use in agriculture, namely, harvesters, tillers, plows, cultivators, harrows and seeders; machines for use in mining, namely, drills, mining shovels and haulage machines; textile production machines, namely, textile bonding machines, textile tentering machines, textile weaving machines, textile spinning machines, textile washing machines and textile cutting machines; machines for the beverage industry, namely, beverage processing machines, bottle capping machines for beverages, can shaping machines, bottle rinsing machines, bottle and can filling machines, and bottle blowing machines; construction machines, namely, concrete construction machines and road construction machines; packaging machines; compressed air machines; conveyers; industrial robots; sorting machines for industry, namely, food sorting machines, sand sorting machines, gravel and dirt sorting machines, workpiece sorting machines and printed matter sorting machines; crankcases for machines, motors and engines; cylinders for machines; tables specially adapted to hold powered machinery and tables specially adapted to hold workpieces to be machined; motors and engines except for land vehicles and structural parts therefor; machine coupling and transmission components except for land vehicles; agricultural implements other than hand-operated, namely, combines and seed drills; incubators for eggs; compressed-air tools, namely, sanders and grinders, polishers, routers, jigsaws, circular saws, chain saws, drilling machines, planers, screwdrivers and milling machines; power operated tools, including being battery-powered apparatus, namely, abrading instruments, polishing apparatus, routers, jig saws, band saws, power saws, drilling machines, planers, grinders, circular saws, chain saws, screwdrivers and milling machines; hydraulic and pneumatic controls for machines and engines; pneumatic, hydraulic and electric drive elements and drive apparatus and structural parts therefor all being machine parts, namely, linear drives, rotary drives, quarter-turn drives, fluid-operated drives, pneumatic cylinders, hydraulic cylinders, electric linear drives and linear motors, pistons for linear drives and for rotary drives, mobile robots, rodless cylinders, semi-rotary drives, swivel modules, swivel-linear drive units, tandem cylinders, high-force cylinders, multi-position cylinders, stopper cylinders, clamping cylinders, bellows drives, diaphragm drives, bellows cylinders, rotary indexing tables, servo drives, cylinder-valve combinations, shock absorbers, hydraulic cushioning cylinders, linear guides, guide units for pneumatic cylinders, clamping units, freewheel units, drives with displacement encoder, electromechanical drives, linear slides, electrical cylinders, spindle axes, toothed belt axes, electric slides, cantilever axes, electric handling modules, rotary/lifting modules, electric direct drives and short-stroke cylinders; pneumatic and hydraulic control and regulating elements, and control and regulating apparatus and structural parts therefor all being machine components, namely, valves, taps, shut-off valves, oil brake cylinders, valve terminals, pressure switches, pressure regulators, proportional directional control valves, servo-pneumatic positioning systems, proportional valves, process valves, pneumatic controllers, electro-pneumatic controllers, pneumatic-mechanical sequencers and memory modules, electro-pneumatic control units and electro-pneumatic converters; valves being parts of machines; connector plates and distributor plates for valves being parts of machines; mechanical handling apparatus and devices, namely, pick and place systems, linear gantries, conveyors, three-dimensional gantries, planar surface gantries, palletizers, case elevators, cargo handling machines, and material handling machines in the nature of case elevators, automatic pallet dispensing machines and automatic slip sheet dispensing machines; vacuum handling devices, namely, vacuum based pick and place systems and vacuum packaging machines; compressors, namely, air compressors and electric compressors; compressed-air

accumulators being parts of machines; pneumatic maintenance apparatus for treating compressed air, namely, on-off-valves, soft-start valves, pressure regulators, filters, filter-regulator-units, lubricators, air dryers and airline filters, all being parts of machines; compressed air maintenance devices for treatment of compressed air in the nature of compressed air machines, on-off-valves, soft-start valves, pressure regulators, filters, filter-regulator-units, lubricators and air dryers; silencers for compressed air; air filters for mechanical purposes; bearings as machine parts; machines and mechanically-operated apparatus and structural parts therefor, for tool machining, the treatment of materials, handling technology, production technology and assembly technology, namely, saws, milling machines, routers, grinders, planers, drilling machines, screwdrivers, grippers, manipulators, vacuum-based handling apparatus, suction cups for vacuum-based handling apparatus, agitators, clamping devices, grippers, parallel grippers, three-point grippers, angled grippers, radial grippers, handling systems, pick and place systems, handling modules and stapling apparatus; tools for machines, namely, saw blades, grinding plates, milling cutters and backing pads; central vacuum cleaning devices and installations, and structural parts therefor; electric machines and apparatus for cleaning, namely, dust extractors, vacuum cleaners and high pressure cleaners; buildings and structures of all kinds of metal and parts therefor, including being transportable, namely, housings or frames for machines and for manufacturing and assembly installations; automatic vending machines; structural parts for all the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Furniture; mirrors, picture frames; valves of plastic other than parts of machines; poles for curtains; work benches; portable packaging containers of plastic; portable storage containers of plastic for commercial or industrial use; storage racks; fastening elements, not of metal, for hoses and pipelines, namely, hose clips; structural parts for all the aforesaid goods

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Apparatus for heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, light fixtures, steam generators, electric space heaters, air dryers, refrigeration units for superconductors, hot water tanks and gas stoves; aeration and ventilation installations for buildings, namely, ventilating exhaust fans and ventilation hoods; humidifiers, air purifiers and ionizers; air conditioning fans; electric cooking utensils, namely, electric griddles, electric cooking ovens; bread baking machines; fittings for sanitary use, namely, faucets and taps; structural parts of the aforementioned articles

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Education, namely, providing classes, workshops, seminars, training courses, colloquiums, conferences, congresses, competitions and knowledge tests in the field of engineering, computer technology, pneumatics, hydraulics, sensors, electronics, superconduction, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology, metal working technology, process optimization, lean manufacturing, flow-efficient production processes, pull production, equipment efficiency, setup optimization, value-stream analysis, target engineering, customer centricity,

problem-solution processes, moderating teams, efficient communication, intercultural competence and management skills; providing of training in the field of engineering, computer technology, pneumatics, hydraulics, sensors, electronics, superconduction, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology, metal working technology, process optimization, lean manufacturing, flow-efficient production processes, pull production, equipment efficiency, setup optimization, value-stream analysis, target engineering, customer centricity, problem-solution processes, moderating teams, efficient communication, intercultural competence and management skills; post-school training in the field of engineering, computer technology, pneumatics, hydraulics, sensors, electronics, superconduction, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology, metal working technology, process optimization, lean manufacturing, flow-efficient production processes, pull production, equipment efficiency, setup optimization, value-stream analysis, target engineering, customer centricity, problem-solution processes, moderating teams, efficient communication, intercultural competence and management skills; entertainment, namely, live music concerts, magic shows and comedy shows; vocational guidance; providing information about education; organizing community sporting and cultural events; publication of texts other than publicity texts and of printed matter, also in electronic form and on the internet; publication of electronic books and journals on-line; arranging and conducting of educational seminars, training courses, colloquiums, conferences, congresses, competitions and knowledge tests on the subjects of engineering, computer technology, pneumatics, hydraulics, sensors, electronics, superconduction, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology, metal working technology, process optimization, lean manufacturing, flow-efficient production processes, pull production, equipment efficiency, setup optimization, value-stream analysis, target engineering, customer centricity, problem-solution processes, moderating teams, efficient communication, intercultural competence and management skills; arranging and conducting of exhibitions for cultural or educational purposes

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Advertising; business management; business management and organization consultancy; personnel management consultancy; market research; retail and wholesale store services in the field of pneumatic tools, pneumatic pumps, pneumatic drives, pneumatic valves and other pneumatically operated components and systems, consumer electronics, electrically engineered laboratory equipment, industrial machinery featuring control technology, regulating technology, drive technology, superconductor technology and automation technology, and instructional and educational materials therefor; business administration; office functions; arranging and administration of exhibitions for business and advertising purposes

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking, supervision, life-saving and teaching apparatus and instruments, namely, computers, microscopes, binoculars, cameras, eyeglasses, calipers, altimeters, scales, signalling whistles and level measuring machines for surveying; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, winding wires, electrical fuses, connecting cables for controls, connecting cables for motors, connecting cables for valves, connecting cables for valve terminals, connecting cables for sensors, electromechanical switches and microswitches; apparatus and instruments for communications engineering, namely, for communications, high frequency and control engineering, namely, communications computers and communications servers; apparatus and instruments for scientific research in laboratories namely, microscopes, spectrometers, superconductors and test tubes; blank magnetic data carriers, blank recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus, other than those of a portable nature; electric and electronic control apparatus and regulating apparatus, namely, electronic control units for valves, drives, axis controllers, end-position controllers, displacement encoders, superconductors and motor controllers; electric, electronic, pneumatic and optical measuring and monitoring elements, and measuring and monitoring apparatus, namely, electric sensors, displacement encoders, fork light barriers, image processing systems, optical position and orientation detectors, optical workpiece type detectors, optical quality inspection systems, position detecting devices and position recording equipment; sensors, namely, position sensors, speed sensors, distance sensors, pressure sensors, temperature sensors, vacuum sensors, color sensors, inductive sensors, proximity sensors, air gap sensors and flow sensors; accumulators and batteries; accumulator and battery chargers; electric cables and leads; connectors for electric cables and leads; switches, electric; electric relays; switch cabinets being switch boxes; meteorological balloons; computers; data readers being data processing apparatus; devices for displaying data, namely, computer monitors and displays; image scanning apparatus being scanners; printers; plotters; devices for inputting data and commands, namely, touch screen displays, optical scanners and keyboards; apparatus for generating, recording, storage, transmission, processing and/or reproduction of images and/or sound or other data and signals; data processing apparatus; computer programs for use in database management, for word processing, for designing fluid circuits, for designing laboratories, and for the purposes of learning, training, controlling, visualization, information, designing, drawing and simulating, each in the fields of pneumatics, electro-pneumatics, hydraulics, electro-hydraulics, electrical engineering, electronics, electrical safety measures and automation technology; software for use in database management, for word processing, for designing fluid circuits, for designing laboratories, and for the purposes of learning, training, controlling, visualization, information, designing, drawing and simulating, each in the fields of pneumatics, electro-pneumatics, hydraulics, electro-hydraulics, electrical engineering, electronics, electrical safety measures and automation technology; machine-readable data carriers recorded with programs for use in database management, for word processing, for designing fluid circuits, for designing laboratories, and for the purposes of learning, training, controlling, visualization, information, designing, drawing and simulating, each in the fields of pneumatics, electro-pneumatics, hydraulics, electro-hydraulics, electrical engineering, electronics, electrical safety measures and automation technology; blank CD-ROMs, blank DVDs and other blank data carriers; CD-ROMs, DVDs and other data carriers pre-recorded with software for use in database management, for word processing, for designing fluid circuits, for designing laboratories, and for the purposes of learning, training, controlling, visualization, information, designing, drawing and simulating, each in

the fields of pneumatics, electro-pneumatics, hydraulics, electro-hydraulics, electrical engineering, electronics, electrical safety measures and automation technology; control programs for controlling and/or visualization of processes in chemical plants, biochemical plants, petro-chemical plants, sewage plants and water treatment plants; instructional and teaching material, and instructional and teaching apparatus, namely, interfaces, magnetic symbol sets, drawing templates, pneumatic timers, valves, single acting cylinders, double acting cylinders, differential cylinders, cylinder load simulators, weights for cylinders, covers for cylinders, measuring strokes for cylinders, displacement encoders for cylinders, proximity switches, pressure regulators, pressure gauges, manifolds, plastic tubing, compressors, mounting plates, pneumatic preset counters, stepper modules, electrical signal inputs, relays, limit switches, sensors, power supply units, electronic controllers, valve terminals, electric and pneumatic drives, superconductors, vacuum gauges, suction grippers, air pressure reservoirs, vacuum generators, electric grippers, comparators, position encoders, shock absorbers, oscilloscopes, digital multimeters, cable connectors, hydraulic motors, hydraulic power units and power packs, hose lines, quick release couplings for tubing and hose lines, pneumatic and hydraulic distributors, mounting kits, pressure switches, diaphragm accumulators, electrical emergency stop pushbuttons, input-output data cables, proportional amplifiers, pressure filters, electrical indicator units and distributors, PID controllers, status controllers, patch panels, safety jumper plugs, power cables, microcontrollers, input-output modules, sequencers, contactor boards, motor technology contactor sets, operator and signaling units, net boards, servo brake and drive systems, electro motors, frequency converters, servo drives, stepper motors, programmable logic controllers (PLCs), holder systems and rack systems for module mounting, electronic simulation modules, touch panels, operator panels, electronic control modules, electronic slave modules, switch modules, internet link modules, Ethernet interfaces, sensors for object detection, actuator/sensor interfaces for fieldbus technology, digital connection units, calipers, accumulator filling devices, spare filter cartridges for pressure filters, measuring lead holders, phase sequence indicators, voltage and continuity testers, current clamps, power supply analyzers, digital and analogue simulation boxes, digital and analogue connection units, addressing devices, mounting rails, indicator lights, PID industrial closed-loop controllers, electrical slides, light curtains, DC wattmeters, WLAN access points, modular production systems, transfer systems, stacking magazine stations, modular production stations, testing stations, turning stations, measuring stations, drilling stations, sorting stations, dispensing stations, camera inspection stations, distributing stations, buffer stations, robot stations, pick and place stations, processing stations, handling stations, assembly stations, filtering stations, mixing stations, reactor stations, bottling stations, filtration stations, holder modules, punching stations, workpiece separating stations, storing stations, order compilation stations, automatic warehouse stations, incoming goods/outgoing goods stations, pallet transport systems, workpiece changer modules, stacking magazine modules, measuring modules, workpiece separator modules, conveyor modules, recognition modules, lifting modules, testing modules, sorting gate modules, stopper modules, drill hole monitoring modules, transfer modules, RFID modules, drilling modules, rotary indexing table modules, clamping modules, ejecting modules, measuring modules, pneumatic slide modules, engraving modules, press modules, storage modules, pad printing modules, drying modules, pick and place modules, transfer lines, conveyors, emergency stop modules, workpiece sets, milling machines, turning machines, bottle sets, cooling units with heat exchanger, pneumatics trainings packages; electro-pneumatics trainings packages; vacuum technology trainings packages; hydraulics trainings packages; electrical engineering trainings packages; electronics trainings packages; automation technology trainings packages; programmable logic controller (PLC) trainings packages; process industry trainings packages; mechatronics learning systems and training factory packages; educational computers; electronic educational apparatus, namely, PC

tablets; electronic controls for machines, motors and engines; electric and electronic control elements and control apparatus, and electric and electronic regulating elements and regulating apparatus, namely, pressure switches and pressure regulators; structural parts for all the aforesaid apparatus; laboratory furniture

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Rubber, raw or semi-worked; gutta-percha, gum, raw or semi-worked; asbestos, mica; semi-worked plastic as semi-finished products in the form of sheets, blocks and rods; padding and stuffing materials of rubber and plastics; packing and insulating materials; flexible pipes, not of metal or mainly not of metal; connecting pieces and links, not of metal or mainly not of metal, for pipe and tubes and not being parts of sanitary installations, namely, plug-in connectors, connectors, couplings, nipples, angle pieces, T-pieces, push-in fittings, plug-in cartridges, barbed fittings, quick connectors, hose fittings, coupling plugs, distributors, rotary distributors, adapters, threaded fittings, double nipples, sleeves and reductions; flexible pipes, not of metal; fastening elements, not of metal, for hoses and pipelines, namely, hooks for pipes and hose clips; structural parts for the aforesaid goods

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Scientific and technological services, namely, scientific research, scientific analysis and scientific testing in the field of pneumatics, hydraulics, sensors, electronics, superconductors, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology and metal working; industrial design; material testing; industrial analysis and research services in the field of pneumatics, hydraulics, sensors, electronics, superconductors, electrical engineering, programmable logical controllers, electrical closed-looped control technology, mechatronics, handling technology, process automation, metal technology, CNC technology, automation technology and metal working; design and development of computer hardware and software; creating of data processing computer programs; engineering and technical consultancy in the field of design, selection, implementation and use of computer hardware and software; technical consultancy in the field of environmental science; technical consultancy relating to product development; technical consultancy in the field of environmental science, namely, in energy saving and energy efficiency

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1245041 **International Registration Date** Oct. 08, 2014

GOODS AND SERVICES INFORMATION

For Installations for dissociating, purifying, washing, liquefying and re-evaporating hydrocarbons, gas, petroleum or petroleum fractions, refinery gases and methane; installations for cracking mixtures of liquid and gaseous hydrocarbon; installations for generating synthetic gases and artificial methane; installations for liquefying carbon and for reducing carbon to gas, reactors for chemical reactions; machines for liquefying gas and industrial liquid gases, and natural and refinery gases; gas pipelines being parts of the above-referenced installations; installations for the production of fertilizers; installations for the production of chemical additives for fuels

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Construction, construction supervision, installation, repair, modification, maintenance services of industrial plants and infrastructure to produce, refine, conduct, storing, transporting and distributing fluids and liquids, in particular water, hydrocarbons, petroleum, gas, natural and refined gas, liquid gas and chemicals; construction, construction supervision, installation, repair, modification, maintenance services of petrochemical plants, chemical installations, distribution networks for the transport of fluids, liquids and fuels, in particular water, hydrocarbons, petroleum, natural and refined gas, gas and liquid gas, or fuel gas, gaseous mixtures of fuels; environmental land reclamation of industrial sites; construction, repair, modification and maintenance services of facilities for the production, storage and transport of energy; construction, repair, modification or maintenance services of plants for the production of fertilizer; construction of onshore and offshore oil and gas wells for exploration and production of oil and gas fields or for geothermal power; construction, construction

supervision of floating means in the nature of barges, semisubs, vessels and platforms, boats or subsea means in the nature of submarines, AUT (autonomous underwater vehicles), ROV (Remotely Operated Vehicles) and subsea packages and modules; construction, construction supervision of railways, rail networks and infrastructure in the nature of roads, highways, bridges, tunnels, viaducts, overpasses and underpasses for the transport of people and goods; construction, construction supervision of marine, lake and river infrastructure in the nature of bridges, harbors, jetties, weirs, dams

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Transporting, storage, distribution and terminalling through pipelines, by road, sea and air of water, hydrocarbons, crude oil, petroleum products, gas, liquid natural gas and liquefied petroleum gas, petrochemical and chemical products

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Treatment of materials, namely, hydrocarbons, petroleum, natural gas, refinery gases, gas, liquid gas and chemicals; production, refining, processing and purification of hydrocarbons, petroleum, natural gas, refinery gases, gas, liquid gas and chemicals, reclamation of production waste through separation, treatment, gathering and removal of waste of all kinds

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific and technological services, namely, research analysis and testing in the field of production, processing, transport and supplying of water, hydrocarbons, petroleum, natural gas, refinery gases, gas, liquid gas, of chemical and petrochemical apparatus, of oil or gas wells and of oil or gas fields, including on-shore, marine or offshore oil or gas wells and oil or gas fields; research, design and engineering services of installations and plants for the production, processing, transport and supplying of water, hydrocarbons, petroleum, natural gas, refinery gases, gas, liquid gas, of chemical and petrochemical apparatus, of oil or gas wells and of oil or gas fields, including on-shore, marine or offshore oil or gas wells and oil or gas fields; research services, engineering and providing technical calculations in the fields of extraction, production, refining, processing of water, hydrocarbons, petroleum, natural gas, refinery gases, gas, liquid gas and chemicals, development of industrial processes for processing water, hydrocarbons, petroleum, natural gas, refinery gases, gas, liquid gas and chemicals, exploration of water, petroleum and natural gas; analyses of water, oil and gas wells; consulting, research and development of new technologies in relation to reclamation of areas, installations and/or industrial processes in the field of production, processing, transport and supplying of water, hydrocarbons, petroleum, natural gas, refinery gases, gas, liquid gas, of chemical and petrochemical apparatus, of oil or gas wells and of oil or gas fields, including on-shore, marine or offshore oil or gas wells and oil or gas fields; design services of railways, rail networks and infrastructure for the transport of people and goods; engineering services, design and development of installations, equipment and plants for generating, storing and transporting energy; design services of railway and transport of people and goods; engineering, design and development services of floating and underwater means in the nature of barges, semisubs, vessels and platforms and of submarines, AUT (autonomous underwater vehicles), ROV (Remotely Operated Vehicles) and subsea packages and modules; engineering, design and development services of marine, lake and river infrastructure in the nature of bridges, harbors, jetties, weirs, dams

CASE IDENTIFIERS

Serial Number 86039654 **Application Filing Date** Aug. 16, 2013 **Register** Principal **Mark Type** Service Mark **Publication Date** Oct. 13, 2015

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of two Chinese characters that transliterate as "FEI FEI", which translates to "FLY FLY", with wings replacing a portion of the characters. The English wording "FEIFEI.COM" in a stylized font follows these characters, with the word ".COM" surrounded by an ellipse-shaped device. Beneath the wording "FEIFEI.COM", there are eight Chinese characters that transliterate as "NI SHENG HUO DE SHOU HU TIAN SHI", which means "GUARDIAN ANGEL OF YOUR LIFE". **Color Claimed** Color is not claimed as a feature of the mark. **Disclaimer** ".COM" **Translation** The English translation of "FEIFEI" in the mark is "FLYFLY". **Transliteration** The non-Latin characters in the mark transliterate to "FEI FEI; NI SHENG HUO DE SHOU HU TIAN SHI" and this means "FLY FLY; GUARDIAN ANGEL OF YOUR LIFE" in English.

Mark Literal(s) GREY GOOSE VX

CASE IDENTIFIERS

Serial Number 86131952 **Application Filing Date** Nov. 29, 2013 **Register** Principal **Mark Type** Trademark **Publication Date** Oct. 13, 2015

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a three-dimensional configuration of a bottle with a large wide rounded body and a short neck which has a blue and white neck label with a white goose and the wording "GREY GOOSE" in grey imprinted on a white band on the bottom of the neck label. Centered on the front of the bottle is the wording "GREY GOOSE" in blue with a white goose flying out of the first "O" of "GOOSE" above the letters "VX" which are in gold. The aforementioned wording is over a mountainous lake design which is generally blue with some white for shading purposes. There is a flock of white flying geese above the lake. The bottom of the bottle is partly wrapped in a grey covering with the wording "GREY GOOSE" etched on the bottom center. The top of the covering arcs up and to the right from the bottom left portion of the bottle to the middle right portion of the bottle. The broken lines depicting the exterior shape of the bottle indicate placement of the aforementioned elements on the goods and are not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) blue, grey, white and gold is/are claimed as a feature of the mark.

chemicals, biochemicals and reagents, namely, proteins for regulating, modifying or restricting gene expression; ligands, genetic vectors, genetic hosts, genetic biochemicals, genetic bioengineering reagents and protein receptors for use in regulating cellular functions in transgenic plants, microbes, fungi and animals, and in cells of plants, microbes, fungi and animals; kits consisting primarily of proteins for regulating, modifying or restricting gene expression; Research reagents for pharmaceutical discovery or disease research, drug discovery or drug development; Chemical inducers of gene expression in plants, mammals, fungi and microbes for industrial and agricultural applications; Biotechnologically-formed genes, microbes and enzymes for use in converting waste biomass to high value products; genetically engineered oil-consuming bacteria used for spill cleanup; microbes used for the breakdown of toxic pollutants; Chemicals and chemical reagents, namely, cells of transgenic animals, transgenic plants and transgenic fungi, and cells of animals, plants or fungi for use in medical, pharmaceutical and veterinary laboratory research

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Computer software for use in creating and managing databases; Computer modeling and visualization software for analyzing experimental data and engineering biological systems under naturally occurring or perturbed genetic and/or environmental conditions; Computer software for providing access to databases and information for use in connection with research and development services in the fields of chemical, biochemical, synthetic biology, energy, agriculture, environment, genetics, animal therapeutics, medicine, gene therapy, and biotechnology; Computer software for generating and tracking orders in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, animal therapeutics, medicine, gene therapy, and biotechnology

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Technology transfer services, namely, licensing and transfer of intellectual property

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Medical services; Medical services, namely, gene therapy services

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Custom manufacturing and custom synthesis of genetically engineered DNA, biological organisms, cells, viruses, pathogens and special purpose cells to the specifications of others for scientific, research, medical and laboratory use

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For fuels and biofuels

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Development of new technology for others in the fields of medicine, genetics, therapeutics, biotechnology, agriculture, energy, fuels, biofuels, biochemistry, the chemical industry, and the environment; Research and development of environmentally friendly forms of energy and power; Development of products being genetic approaches effectors to regulate, modulate, and characterize disease states; Development of tools in the nature of software and biotechnological processes to regulate, modulate, and characterize cell function or disease states; Research and development services for

others in the fields of biotechnology and genetics, namely, genetically engineering DNA, biological organisms, cells, viruses, pathogens, and special purpose cells for scientific, research, medical and laboratory use; Scientific research and product development services for others in the pharmaceutical, chemical, biochemical, biotechnology, biosensors, bioelectronics, medical, animal therapeutics, energy, fuels, biofuels, and agriculture fields; Gene therapy services for others for product development and scientific research purposes, namely, genetically engineering DNA, biological organisms, cells, viruses, pathogens, and special purpose cells for scientific, research, medical and laboratory use; Providing temporary use of non-downloadable computer software for storing, managing, modifying, sharing, and synthesizing data for use in connection with research and development services in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology; Providing temporary use of non-downloadable computer software for creating databases and for web-based research for use in connection with research and development services in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology; Providing temporary use of non-downloadable computer software for use as a web-based custom order and purchasing system for use in connection with research and development services in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology; Providing temporary use of non-downloadable computer software for storing, managing, modifying, sharing, and synthesizing data for use in connection with research and development of new technology for others in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology; Providing temporary use of non-downloadable computer software for creating databases and for web-based research for use in connection with research and development of new technology for others in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology; Providing temporary use of non-downloadable computer software for use as a web-based custom order and purchasing system for use in connection with research and development of new technology for others in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology; Providing temporary use of non-downloadable computer software for generating and tracking orders in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology; Computer services, namely, providing an interactive web site featuring technology that allows users to view, store, and manage data for use in connection with research and development of new technology for others in the fields of chemical, biochemical, synthetic biology, energy, agriculture, genetics, environment, animal therapeutics, medicine, gene therapy, and biotechnology
