## RELATED PROPERTIES INFORMATION

**International Registration** 1227932 **International Registration Date** May 21, 2014

## GOODS AND SERVICES INFORMATION

**For** Fixing elements for wall claddings, not of metal, for building, namely, adapters for insulation boards

**International Classes** 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

**For** machine components and accessories of machine tools, especially of lathes machine tools, milling machines, drilling machines and woodworking machines, namely, driven tools, namely, milling cutters machine tool, power drills, power operated metalworking machine tools, namely, drilling tool aggregates, power operated metal working machine tools, namely, milling tool aggregates, push-type aggregates, namely, nut-tapping aggregates, slotting aggregates for metalworking, shaping aggregates for metalworking, planing aggregates, wood planing aggregates, static holders, five-axis heads, motor spindles not for land vehicles, swivel axes for gearboxes, auxiliaries, motors not for land vehicles, tool changers, angle heads, multi-spindle drilling heads, high-speed spindles, tool systems comprised of extensions for power tools, gears for machines, machine parts, namely, flexible shaft couplings, tool holders for metalworking machines, tool holders for woodworking machines, high frequency motor spindles with high frequency electric converters and power supply units, spindles being parts of machines, bearings, as parts of machines, power operated metalworking machine tools, namely, boring tool aggregates, power operated metalworking machine tools, namely, milling tool aggregates, sanding

aggregates for woodworking, swivel and rotary modules, wood drilling aggregates, wood grinding aggregates, wood lathes aggregates, wood milling aggregates, wood planing aggregates, wood sawing aggregates, quick exchange systems comprised of clutches for machines, connecting rods for machines, motors and engines, coupling for machines, fluid couplings being parts of machines, gear boxes other than for land vehicles, gears and enclosed drives for industrial machinery, high frequency motor spindles with high frequency electric converters and power supply units, machine parts, namely, bearings and bushings, machine parts, namely, mandrels, machine tool holders, power operated metalworking machine tools, namely, boring tools, power operated metalworking machine tools, namely, milling tools, shaft couplings as parts of machines, spindles being parts of machines, tool holders for metalworking machines, sanding aggregates for woodworking, wood drilling aggregates, wood grinding aggregates, wood lathes aggregates, wood milling aggregates, wood planing aggregates, wood sawing aggregates, accessories of said goods, namely, electric motors for machines, gears for machines, machine parts, namely, mandrels, machine tool holders, power operated metalworking machine tools, namely, boring tools, power operated metalworking machine tools, namely, milling tools, power-operated lubricant dispensers for machines, power tool parts, namely, collets, pressure switches as parts of machines, pumps and compressors as parts of machines, motors and engines, spindles being parts of machines, valves as machine components; conveyors machines, robots machines, said goods for handling and transporting workpieces and tools; machine components and accessories for industrial manipulators machines, conveyors machines and robots, namely, grippers, rotary grippers, swivel and rotary modules, linear modules, power operated cutting tongs, separators, ball joints, valves, screw connections, tool changers, rotary distributors, axis compensation modules, collision protection, suction devices, namely, air suction machines, drives for vacuum pumps, suction pumps, vacuum pads for vacuum pump machines, vacuum pumps machines, valves as machine components, adapters, compensation elements, namely, leveling mounts for machines, machine parts, namely, wear plates and strips vacuum generators, folding axis, sprue pickers, and accessories for said goods, namely, bearings, as parts of machines, brake shoes other than for vehicles, drives for machines not computer drives, drives for vacuum pumps, electric and pneumatic hoists, gears and enclosed drives for industrial machinery, linear actuators, lubricating pumps, power tool parts, namely, collets, servo-motors, sheet-inserting machines, shock absorbers for machines, suction pumps, vacuum pads for vacuum pump machines, vacuum pumps, valves as machine components; industry-type shock absorbers for use in machine tools, automatic handling machines manipulators, conveyors machines and robots; electrically, pneumatically or and hydraulically operated clamping and braking devices for use with profile guides, circular guides and shaft guides, with or without spring accumulators, namely, brakes for industrial machines, clamps for industrial machines, combined clamping and braking devices for industrial machines, components of said clamping and braking devices, namely, brake pads other than for vehicles, brake segments other than for vehicles, brake shoes other than for vehicles, metal clamps used for holding machine slide in a fixed position, pressure switches and sensors for monitoring, controlling, and switching hydraulic or pneumatic systems being sold as a unit with manufacturing machines, pneumatic jacks, valves as machine components, springs being parts of machines; clamping devices machine parts, namely, clamping devices for use with linear guides

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

**For** Furniture fittings, not of metal, namely, dampers for drawers, dampers for drawing doors, dampers for lid stops, dampers for hinges, pull-in units and components of said goods, namely, metric O-ring kit consisting of plastic O-rings of various sizes, non-metal clamps, non-metal mounting brackets for general use, non-metal pulleys, non-metal shims, non-metal slides for use in furniture fittings, Nylon rollers for furniture parts, namely, sliding mirror door roller, drawer rollers and door rollers, plastic shock absorbing protection containers for commercial use, pulleys of plastic, valves of plastic being other than machine parts, washers of plastic for use in furniture fittings; plugs, namely, non-metal fastening anchors for securing picture to walls, non-metal threaded fasteners, dowels, not of metal

**International Classes** 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

**For** Checking supervision apparatus and instruments, namely, acceleration sensors, alarm sensors; automatic pressure control machines and instruments, brake controllers, computer controls for the operation of machine tools, electric sensors, computer-controlled apparatus for testing and measuring position of tool and handling systems, not for medical purposes, electric installations for the remote control of industrial operations, electrical controllers, electrical controlling devices, electronic control systems for machines, electronic components, namely, piezoelectric switches, electronic proximity sensors and switches, filling level detectors, inclinometers, pressure sensors; pressure switches and sensors for monitoring, controlling, and switching hydraulic or pneumatic systems, pressure transducers and transmitters that convert hydraulic or pneumatic pressure into analog electrical signals for monitoring and controlling hydraulic or pneumatic systems, proximity sensors, electromagnetic switches, namely, solenoid valves, surveying instruments, tool measuring instruments; inductive and capacitive electric sensors for position detection; pressure measuring apparatus; electric control devices for position control of industrial handling devices other than machines; control programs, namely, computer programs for controlling grippers, handling systems, tool aggregates and braking and/or clamping devices on electronic, magnetic or optical recording media

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

**For** providing material treatment information; custom assembly of products for others; metal treating

**International Classes** 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

**For** Hand tools hand operated, namely, manually operated clamping devices and clamping elements, namely, clamping bushings, hand tools, namely, clamps, vices, and wedges, manually-operated jacks, metal vice jaws

**International Classes** 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

**For** Scientific and technological services, namely, research in the field of process technology and manufacture technology; Industrial research in the field of handling technology, damping technology, linear technology, process technology, tooling technology, machine tooling technology; technical research in the field of handling technology, damping technology, linear technology, process technology, tooling technology and machine tooling technology; mechanical research; surveying; industrial design; construction drafting; material testing; providing technical project studies, namely, conducting of feasibility studies in the field of new technologies, consulting in the field of engineering, consulting services in the field of industrial engineering, design and testing of new products for others, design of

engineering products, design of mechanical and micromechanical components, drafting of plans and engineering drawings for others, machine part design services, mechanical engineering, mechanical research, new product design services, product design and development in the field of handling systems, damping systems, clamping and braking systems, tool systems and machine tool systems, product development for others, product research and development, research and development of new products, research and development of technology in the field of process technology, research in the field of manufacturing machinery, research relating to mechanical engineering, tool management systems design services; quality control for others; research and development of new products for others

**International Classes** 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

**For** Goods of common metal, namely, valves, screw connections, components of clamping systems, namely, bracings of metal for handling loads, cantilevered brackets of metal, casings of metal, grease nipples, hardware, namely, metal brackets for clamping systems, industrial metal hoses, mechanical fastening elements of metal, metal adapters for use with hydraulic and pneumatic systems, metal bolts, metal clamps, metal couplings for use with hydraulic and pneumatic systems, metal hardware, namely, nuts, metal hardware, namely, springs, metal hardware, namely, washers, metal mandrels, not being parts of machines, metal pipe fittings for rigid pipes, metal pipe fittings for compressed air pipes, metal pipes for liquid and gas transfer, metal turnbuckles, screws of metal; fittings of metal or predominantly of metal combined with plastics; for furniture, door fittings of metal or predominantly of metal combined with plastics; window fittings of metal or predominantly of metal combined with plastics; metal accessories of said goods, namely, bolt snaps of metal, bolts of metal, casings of metal, mechanical fastening elements of metal, metal adapter for use with hydraulic and pneumatic systems, metal couplings for use with hydraulic and pneumatic systems, door closers of metal, non-electric, metal door hardware, namely, non-powered door actuators, metal hardware, namely, nuts, metal hardware, namely, springs, metal hardware, namely, washers, metal pipes for liquid and gas transfer, metal pulleys, metal springs, and metal valves, not including machine elements, metal sash lifts, metal screws, runners of metal for sliding doors, structural joint connectors of metal

**For** Analytical apparatus for medical purposes; arterial blood pressure measuring apparatus; cuffs for blood pressure monitors; blood testing apparatus; body fat analyzers and monitors; diagnostic apparatus for medical purposes, namely, X-ray diagnostic apparatus and ultrasonograph; electrocardiographs; electrodes for medical use; hearing aids for the deaf; inhalers for medical use; nebulizers for respiration therapy; low frequency electronic treatment apparatus; electrotherapy devices for providing transcutaneous electrical nerve stimulation; massage apparatus and instruments; thermoelectric therapeutic instruments, namely, thermotherapy apparatus for medical purposes; thermometers for medical purposes; body-

fat composition monitors; fever thermometers; anesthesia monitoring apparatus; pulse wave monitors; patient medical monitors for critical care, namely, expired-gas monitors; medical apparatus and instruments for monitoring respiratory events, namely, respirometers; medical devices, namely, pulse oximeters; vital signs monitors; medical devices for performing vascular testing; sensors for monitoring blood glucose level as part of blood glucose meters; heart rate monitors; pulse rate monitors; peak flow meters, namely, medical devices for measuring peak expiratory flow; stethoscopes; oxygen inhalers for medical purposes sold empty; medical apparatus and instruments, namely, remote data collecting apparatus and instruments for use in sleeping disorder analysis; medical apparatus and instruments for diabetes monitoring; blood glucose meters; lancing devices, namely, lancets for medical purposes; medical sleep analyzers, namely, a device for recording disturbances while asleep and analyzing one's sleep patterns, for monitoring sleep conditions, and/or for measuring sleeping time by measuring movement of one's chest, change of position and snore; blood glucose sensors; apparatus for drawing or sampling blood for purposes of diabetes monitoring; blood glucose monitoring systems including blood glucose meters and test strips sold together as a unit; dental instruments, namely, oral cleaning apparatus, namely, oral irrigators; infrared radiation therapeutic apparatus; defibrillators

**International Classes** 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

**For** Electric door openers and closers; self-regulating fuel pumps for service stations; power generators, namely, electric power generators for indoor use, electric power generators for emergency use, and mobile electric power generators; electrostatic eliminators; electrostatic eliminators by generating ion; cleaning apparatus for dust collection in buildings, namely, central vacuum cleaning installations, dust removing installations for cleaning purposes, and dust separators; compressors for machines and their parts; blowing machines, namely, power-operated blowers, centrifugal blowers for industrial purposes, rotary blowers for industrial purposes, air suction machines, and power-operated blowers for evacuating smoke fog; automated machines for the disposal of cigar and cigarette ash and waste; power-operated blowers for separating smoking areas installed in game arcades, including pachinko parlors; printing or bookbinding machines for industrial purposes; starters for motors and engines; AC motors and DC motors, and their parts, not including those for land vehicles; alternators; DC generators; machines for manufacturing printed circuit boards; machines for manufacturing and processing electronic printed circuit boards, namely, placing machines for mounting electrical components on printed circuit boards; machines which automatically mount semiconductors, diodes, condensers, resistors and other electronic parts on printed circuit boards; machines which automatically mount IC (integrated circuit) chips and other electronic parts on printed circuit boards; transmissions for machines

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

**For** Light-emitting diodes (LED) lighting apparatus, namely, light fixtures, and lighting installations; electric lamps; steam boilers, other than parts of machines; electric boilers, other than parts of machines; air-conditioning apparatus; air purifying apparatus and machines; industrial air purifiers; ionization apparatus for the treatment of air or water; fans, namely, parts of air-conditioning installations; air cleaning units; air cleaning filters, namely, parts of air cleaning machines or installations for industrial installations; air filtering installations; industrial air filter machines; apparatus for collecting dust from the air, namely, air filters for industrial installations, apparatus for extracting dust for ventilation, and ventilators

for industrial use; flares

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

**For** Encoders; power controllers; regulating apparatus for electric current; remote control apparatus, namely, remote keyless entry fobs and sensors, and audio-visual component hand-held remote controls; electrical control panels; light regulators; measuring devices, namely, tachometers, accumulators for hours, and calorimeters; electronic data loggers; electric switches; switches for industrial purposes, namely, photo electric switches, basic switches, detection switches, door switches, power switches, limit switches, safety switches, tactile switches, rocker switches, pushbutton switches, toggle switches, slide switches, DIP (dual in-line package) electric switches, thumbwheel switches, light switches, ultrasonic switches, micro switches, and RF (radio frequency) microwave switches; intercommunication apparatus, namely, wireless intercoms, cell phones, headsets and microphones; thermometers not for medical purposes; electric apparatus for communication, namely, signal transmitters, signal receivers, signal encoders and signal decoders; electric relays; diagnostic apparatus not for medical purposes, namely, in-line connectors, diagnostic sub-D connectors, and diagnostic meters for identifying network power, data errors, excessive bandwidth consumption and circuit problems; detectors, namely, detectors for electrical power outage, detectors for electric current, motion detectors for detecting human movement and water leak detectors; sensing apparatus, namely, photomicrosensors, MEMS (Microelectromechanical systems) mechanical sensors, flow sensors, pressure sensors, thermal sensors, photovoltaic sensors, vision sensors not for medical use, proximity sensors, vibrational sensors, inclination sensors, liquid leakage sensors, displacement sensors, length measuring sensors, ultrasonic wave sensors, sensors for measuring incidence of light from outside of car, image sensors not for medical use, fiber sensors not for medical use, and temperature sensors; optical fibers; parking meters; testing apparatus not for medical use, namely, testing apparatus for PCB (printed circuit boards) and sheet, and testing apparatus using x-ray CT (computed tomography) for PCB (printed circuit boards); television apparatus, namely, television sets; point of sales terminal and peripheral equipments, namely, cash drawers, column receipt printers, barcode scanners, printer cables, and printer ribbons, all sold as a unit; electrical terminals, namely, computer terminals, link terminals, programmable terminals, and safety I/O (input output) terminals; power supplies; optical communication devices, namely, optical transceivers, and optical transponders; optical sensors; transmitters of electronic signals; automatic telegraph apparatus; high frequency apparatus, namely, high frequency signal transmission cables, high frequency signal generators, electrical transformers, high frequency signal connectors, and high-frequency electric relays; frequency meters; amplifiers; time recording apparatus; transmitting sets for telecommunication, namely, telecommunication transmitters; capacitors; electric resistances; electronic indicators, namely, digital displays and panel meters; radiotelegraphy sets; radiotelephony sets; blinkers, namely, automobile indicator lights; electrical inverters; reader writer, namely, apparatus for reading and writing data used in radio frequency identification (RFID) repeating exchange machines; rotary converters; chargers for batteries; electric transformers; semiconductors; IC (integrated circuit) chips, namely, tags for Radio Frequency Identification (RFID); thermostats; abacuses; meters, namely, digital panel meters, namely, an electronic instrument that displays an input signal in either a digital or analog form; sound locating apparatus, namely, sound wave sensors, and sound and vibration diagnosis computer software; sound wave sensors; sound and vibration diagnosis computer software; sound reproduction apparatus; sound transmitting apparatus; microphones; electric connectors; lasers, not for medical

purposes; radar apparatus; fiber optic cables; electric conductors; photography enlarging apparatus, namely, photograph processing enlargers; sockets, plugs and other contacts, namely, electric connections; sonars; counters, namely, industrial automation controls; electronic components in the nature of control components, namely, counters, preset counters, totalizing counters, time counters, and electromagnetic counters; optical flex circuits, namely, fiber optic circuitry; electric locks; electronic locks; electromagnetic solenoids in the nature of valves; apparatus for processing of images; light guide plates, namely, backlight unit (BLU) for use with televisions, personal computers, tablets, mobile phones, and digital cameras; light emitting diodes (LEDs); antennas; CCD (charge-coupled device) cameras; computer for traffic information processing; distance recording apparatus; distance measuring apparatus; automatic indicators of low pressure in vehicles tires; speed checking apparatus for vehicles; mileage recorders; electronic keys for vehicles; blank smart cards; blank integrated circuit cards; sirens; electric buzzers; alarms, namely, fire alarms and gas alarms; electric theft prevention installations; bells, namely, warning devices; electric monitoring apparatus, namely, tire pressure monitoring systems composed of tire pressure gauges and measurers for automobiles, standstill monitoring units, speed monitoring units, and temperature monitoring units; speed measuring apparatus for photography; phototelegraphy apparatus; electronic apparatus, namely, train ticket dispensers; downloadable electronic publications, namely, magazines, articles, newsletters, brochures, leaflets, pamphlets, handbooks, booklets, instruction manuals, reports and pictures in the fields of industrial automation, health care, electronic components, automotive electronics, and social systems recorded on computer media; telephone receivers; telephone apparatus; luminous signs; radios; punch card machines for offices in the nature of punch clocks; sound recording apparatus; electronic face authentication apparatus; ultrasonic object detectors for use on vehicles; weighing machines; measuring apparatus for the amount of calorie consumption; physical activity measuring apparatus, namely, pedometers; electronic apparatus, namely, devices for recording and analyzing sleep patterns, not for medical purposes; computer software, namely, programmable logic controller (PLC) programming software, health management software, computer software for use in industrial automation, downloadable computer software for saving and management of data, downloadable computer software for capturing, organizing, searching, storing, synchronizing, recognizing, sharing and transmitting any number of typed, handwritten, or imaged notes or clippings on multiple computer and network platforms, downloadable computer software for optical character reading, computer software for language translation, and computer software for measuring, monitoring and analyzing energy expenditure; computers; computer hardware; computer programs, namely, computer operating programs, and computer programs for digital image processing; central processing units (CPU); computer peripheral devices; data processing apparatus; magnetic encoded cards, namely, credit cards; data medias, namely, blank optical discs, blank memory cards, blank magnetic tapes, blank magnetic discs, and blank compact discs; uninterruptible electrical power supply; alternating-current power supply; voltage stabilized power supply; energy expenditure measuring, monitoring and analyzing apparatus, namely, electric control devices for energy management; electric power consumption measuring, monitoring and analyzing apparatus; remote monitoring and maintenance apparatus for solar power generating apparatus in the nature of computer hardware, solar power monitoring software, data processing apparatus, and warning devices; power line conditioners; solar batteries; solar power generating devices, namely, solar cells, photovoltaic solar modules for production of electricity, solar batteries, solar panels for production of electricity, wattmeters, electricity distribution boards, power conditioners and electricity junction boxes; coin counting or sorting machines, namely, coin carrier devices for pachinko machines; money counting and sorting machines, namely, paper money carrier devices for pachinko machines; ionization apparatus not for the treatment of air or water; ionization

apparatus with electrostatic elimination function not for the treatment of air or water; air particle sensors; electrostatic sensors; programmable logic controller (PLC)
