GOODS AND SERVICES INFORMATION

For Motors, namely, asynchronous motors, variable frequency drive motors and pole changing motors for land vehicles; driving motors, transmission chains and transmission shafts for land vehicles; shaft couplings for land vehicles; gears for vehicles, namely, for land vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Motors, namely, asynchronous motors, variable frequency drive motors, pole changing motors, in particular for industrial or mining, other than motors for land vehicles; cooling systems for motors and engines, namely, water cooling systems, liquid cooling systems, convection cooling systems, forced cooling systems, shaft cooling systems, open-circuit circulation for the aforesaid goods, namely, asynchronous motors, variable frequency drive motors, pole changing motors; machines for industrial and/or mining, namely, for operating in an underground mining environment, for use in oil and gas industries, steel and cement industries; bearings, being parts of machines, including roller bearings, ball bearings, transmission bearings, journal bearings, anti-friction bearings, in particular also self-lubricating; machine coupling and transmission components, other than for land vehicles; starters for motors and engines; transmission chains, driving motors and transmission shafts, all of the aforesaid other than for land vehicles; belt conveyors; mine working machines; brake segments, brake linings and brake shoes, all of the aforesaid other than for vehicles; brushes being parts of machines; joints, namely, for connecting sliding strips, plates and guides being parts of engines and/or of machines; torque converters,

other than for land vehicles; speed governors for machines and/or for engines and motors; pressure regulators being parts of machines; pressure valves being parts of machines; pressure rollers being parts of machines; generators of electricity; electric motors, other than for land vehicles; filters, namely, air filters, fuel filters, oil filters being parts of machines and/or of motors and engines; conveyors, namely, belt conveyors, chain conveyors, hydraulic conveyors, screw conveyors, and extractors, namely, pile extractors, extractors being electronically and power-operated tools; crankcases for machines and/or for motors and engines; hangers, namely, mounting hangers being parts of machines; gear boxes, other than for land vehicles; hydraulic motors and engines; hydraulic controls for machines and/or for motors and engines; universal joints being parts of machines, other than for land vehicles; pistons being parts of machines and/or of motors and engines; axles for machines; gears, other than for land vehicles; machine wheelwork; reduction gears other than for land vehicles; regulators being parts of machines; control mechanisms for machines and/or for motors and engines, namely, hydraulic or pneumatic controls for machines, motors and engines, thermostatic control valves for machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Installation, repair and maintenance of motors and engines, including of asynchronous motors, variable frequency drive motors and pole changing motors; installation, repair and maintenance of frequency converters, frequency inverter systems, voltage inverters and/or voltage systems, rectifiers and/or inverters; installation, repair and maintenance of motors and/or drive units for land vehicles; installation, repair and maintenance of computer hardware; interference suppression services in electric installations; vehicle maintenance and repair; installation, repair and maintenance of electric appliances; installation, repair and maintenance of network systems, namely, of computer hardware; installation, repair and maintenance of machines in the field of mining machinery, oil and gas rigs, tunneling, test bench technology, railway and specialty vehicles

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Software, namely, computer control software for motors, engines, frequency inverters and frequency inverter systems, voltage inverters and/or voltage inverter systems, rectifiers and/or inverters; frequency inverters; frequency inverter systems; voltage inverters; voltage inverter systems comprised of inverters; rectifiers and inverters; electronic controls for motors, engines, frequency inverter and frequency inverter systems, voltage inverters and/or voltage inverter systems, rectifiers and/or inverters; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; accumulators, electric; accumulator boxes; amperage electric meters; armatures for use in electrical apparatus; batteries, electric; chips being integrated circuits; computer output equipment, in particular printers, recorders, namely, digital voice recorders and electronic data recorders, plotters, computer terminals, screens, other visual display units, namely, liquid crystal displays and touch-screen apparatus; computer peripheral devices; data processing equipment and apparatus, namely, data acquisition equipment and apparatus and computer operating systems and computer application programs for data processing and acquisition recorded on data carriers and in data memories; data processing equipment and computers; diagnostic apparatus, not for medical purposes for testing motors and engines; dynamometers being electric installations for the remote control of industrial operations; electric display apparatus, namely, electronic display boards; electric couplings; electric transformers; electronic publications, downloadable, namely, books,

magazines, manuals regarding motors and engines; remote control apparatus for controlling motors and engines; apparatus for recording, transmission or reproduction of sound and/or images; electrical inductors; interfaces being interface apparatus for computers or programs, namely, graphical user interface software for computers; blank integrated circuit cards and smart cards; contacts, electric; microprocessors; modems; relays, electric; switchboards; electric switches; electric apparatus for commutation of electricity; distribution consoles, namely, electricity distribution consoles; control panels for electricity; voltmeters; coils, electric; ammeters; circuit breakers; voltage surge protectors; electricity cell switches, namely, electricity cell switches for motors and engines

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Design and development of motors, including of asynchronous motors, variable frequency drive motors and pole changing motors; design and development of frequency inverters, frequency inverter systems, voltage inverters and/or voltage inverter systems, rectifiers and/or inverters; design and development of computer hardware and computer software, including of software for the control and/or supervision of motors and/or of frequency inverters, frequency inverter systems, voltage inverters and/or voltage inverter systems, rectifiers and/or inverters; design and development of control electronics for motors and/or for frequency inverters, frequency inverter systems, voltage inverters and/or voltage inverter systems, rectifiers and/or inverters; scientific research and development in the fields of physics, electronics, electrical engineering as well as in the fields of mechanical engineering and vehicle construction; homepage and webpage design for others; database services, namely, computer programming; database services, namely, creating software for databases; industrial design; physics research; electrical engineering and mechanical engineering; technical measuring and testing of motors and engines for others; conducting chemical and physical analyses and tests of motor liquids for others; scientific experiments, namely, testing in the field of motors and engines; drafting technical and scientific opinions, namely, analysis in the field of motors and engines; scientific and technological services and research, namely, scientific research, analysis and testing in the field of motors and engines and design relating thereto; installation, updating, repair and maintenance of computer software; construction drafting; technical consultancy services in relation to research services relating to motors and engines; rental of computer software; scientific and technological services, namely, scientific research, analysis, testing in the field of motors and engines and scientific research and design service related thereto services

For Asphalt, pitch and bitumen; non-metallic transportable buildings; stone, concrete, and marble monuments; building stones; non-metallic gutters, chimneys and chimney cowls, beams and girders, framework and cornices; materials for roofing, cladding and wall covering out of clay, concrete, cement, composite or synthetic materials with or without fiber reinforcement, glass or wood; paving blocks, not of metal; ceramic floor tiles; tile floorings not of metal; non-metal cornices, skirtings and friezes; shaped sections for finished non-metal flooring, namely, parquet floorings and laminated floors; non-metallic floors; non-metallic partitions and ceilings; staircases not of metal; reinforcing materials not of metal for building; girders not of metal for building; panels, plates and rolls not of metal for building; rigid pipes and tubes not of metal; building materials made from glass, namely, toughened and semi-toughened window glass and double-glazing, laminated window glass and double-glazing, annealed window glass and double-glazing, window glass and double-glazing for thermal insulation and reinforced thermal insulation, window glass and double-glazing for soundproofing, window glass and double-glazing for protection, window glass and double-glazing for renovation, window glass and double-glazing for sun control, reflective and anti-reflective window glass and double-glazing, coated glass panes, glazing which redirects the light, glass with heating elements for defrosting, de-icing and heating purposes, glazing including captors or others mechanisms for energy recovering, convex window glass and double-glazing, clear or tinted glass, super-clear glass, sandblasted or etched glazing, clear and tinted patterned glass, silk screen printed glass, enameled glass for the construction, wired glass, sectional glass, ceramic glass for construction, stretched glass, blown glass, fireproof window

glass, flame-proof window glass, attached exterior glazings, glued exterior glazings, sliding curved windows and window glass with operated opacity, and window glass for protection against x-rays; glass bath cubicles; common sheets glass for building specifically for use in showers; glass tissues; fiberglass mats used for building; non-metal refractory products, namely, refractory linings, refractory materials in powder and granular form, and refractory materials in the form of bricks, blocks and plates; refractory material building materials not of metal; pipes of cement, earthenware and sandstone; non-metal ducts; non-metal gutters; non-metal drain pipes; wood used for the construction, namely, boards, plates, logs and waterproof fiberboards, manufactured timber, semi-worked wood, and non-metallic stakes; mortar in the form of powder or paste for the construction and renovation of buildings, namely, facade coatings, interior coatings, repair mortar, dressing and filler mortar for walls, mortar for non-metal ceilings and floors, mortar for screed, mortar for building and pointing masonry, visible or not, roofing mortar, fireproofing mortar, mortar for laying and pointing ceramic coverings, mortar for natural and artificial stone, mortar for building walls or other building elements, and waterproof mortars or coverings; doors not of metal; doors not of metal with built-in glass; windows not of metal; insulating windows not of metal; insulating window elements not of metal; shutters not of metal; gates not of metal; fences not of metal; blades and posts for fences not of metal; latticework not of metal; handrails not of metal; pergolas not of metal; canopies; verandas; aquaria structures

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Paints; varnishes; lacquers; preservatives against rust and against deterioration of wood; colorants; mordants for use in the glass, fiberglass, ceramics, iron, concrete, mortars, clay, abrasives, composite materials, semi-conductors, refractory products, plastics and thermoplastics industries; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists; decorative and protective coverings in the form of paints, coatings for walls, floors and ceilings; heavy coatings used as priming coats; filler coatings

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Containers for household use made of glass, plastic, porcelain and earthenware; combs and sponges for household use; brush making materials; bottles sold empty, flasks, glass jars, pots, and other containers for household use; decorative glass not for building, namely, lacquered glass, opaque and translucent enameled window glass, silk screen printed window glass, patterned glass, sandblasted or etched glass, shaped glass, thermo-fused glass, glazing in the nature of glass incorporating photograph representations, and painted window glass; unworked and semi-worked glass except building glass; glass for vehicle windows; tempered glass to be assembled parts of household appliances such as cooking plates, free standing ovens, built in ovens, microwave ovens, refrigerators, freezers, clothes washers and dishwashers; fiberglass, namely, glass tissues and fiberglass mats other than for insulation or textile use; organic and inorganic glass yarns specifically designed for the reinforcement of plastic, rubber, metal, bitumen, plaster, cement, and concrete, as well as the filtration

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Surgical devices and instruments; medical apparatus and instruments for use in surgery; surgical instruments and apparatus for dental and veterinary use; artificial limbs, eyes and teeth; implants; cardiac regulators; cardiac stimulator devices; defibrillators; neurostimulation instruments; prostheses, namely, knee prostheses, shoulder prostheses, mammary prostheses, hand prostheses and foot prostheses; suture materials, namely, suture threads and suture tissues; medical devices, namely, shunts, splints, and housings for medical devices, implanted within the body; catheters; tubing for use with catheters, namely, multi-lumen tubing and pump tubing made primarily of silicon rubber

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Vehicles, namely, trucks and automobiles; apparatus for locomotion by land, air or water, namely, trains and structural parts thereof; glazings in the nature of windshields and windows for all vehicles for locomotion by land, air or water made from glass or organic transparencies; interior panels made primarily of plastic for vehicles for locomotion by land, air or water

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Household linen; fabrics and knitted fabrics, made from glass strands and yarns specifically designed for textile use; glass tissues and fiberglass mats for textile use; plastic and rubber impregnated fabrics for use in the manufacture of products for construction, transportation, corrosion resistance, recreational marine, aircraft and equipment, and for electrical, electronic, and industrial products

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Engines other than for land vehicles; non-electric couplings and transmissions other than for land vehicles; incubators for eggs; washing machines; dishwashers; industrial grinding and microgrinding machines and industrial paint machines for varnishes, inks, pigments, coloring agents, magnetic lacquers, enamels, mineral charges for phytosanitary products, cosmetics and generally, and structural parts thereof; ceramic balls as components of grinding machines consisting essentially of an electro-cast silica and zirconia mixture; grinding, forming, controlling machines and structural parts thereof designed for the industry of glass, the chemical industry, the nuclear industry, and the plastic industry; packaging machines and machines for the manufacture of packagings; cutting machines for spectacle glasses; machines and machine tools for polishing, abrading, trimming, sandpapering, grinding and surfacing; machines for cutting and coring masonry, concrete and stone; control cables primarily of metal for use in machines; plastic-impregnated fabric conveyor belting; components for use in compressors, namely, piston rings, rider rings and valve plates made primarily of plastic; pneumatically operated valves; fluid handling components thereof, namely, pump liners, pump impellers, and bellows; valves primarily of plastic being parts for machines; fluid spray guns; bearings, pulleys, and belt wipers primarily of plastic all being parts for machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Furniture; bathroom and kitchen furniture; display racks; showcases in the nature of furniture, tables, glass shelves, removable mats for sinks, and display cases; screws, hinges and slides not of metal for use with furniture; clothes hooks not of metal; footstools; baskets not of metal for transporting goods for commercial purposes; flower stands; benches; duckboards not of metal; silvered window glass; decorated or colored silvered window glass; mirrors; transparent glazing from one side and mirror-like from the other in the nature of windows and mirrors; mirrors with safety glass; picture frames; moldings for picture frames; packaging containers of plastic; corks; bottle caps not of metal; fire screens; water-pipe valves and drain traps of plastic; manual valves made of plastic not being parts of machines, namely, plug valves, stop cocks, ball valves, needle valves, and check valves; plastic pipes slides to accommodate pipe expansion; plastic slide bearings to accommodate thermal and mechanical expansion and contraction in seismic motion of heavy structures, namely, bridges, buildings and similar structures

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Lighting apparatus, namely, lighting installations; lamps; electric bulbs; apparatus for heating and steam generating, namely, fuel, gas, and wood heating furnace boilers made of cast iron or steel, radiators made of cast iron, steel or aluminum, water heaters, and heaters for baths; cooking apparatus, namely, cooking hot plates, ovens, parts of ovens in the nature of ceramic and glass plates, gas and electric cookers; apparatus for refrigerating, drying, ventilating, namely, refrigerators, freezers, air dryers, dryers, extractor hoods for kitchens, ventilation hoods, air conditioning installations, air filtering installations, and air cooling apparatus; apparatus for water supply and water intake apparatus; installations for water supply; taps for water tanks, namely, taps, mixer taps for water pipes, taps for pipes, siphons, mixing taps, and thermostatic mixing taps; plumbing fittings, namely, float valves, non-return valves, regulating valves for water supply systems, and stop cocks-ferrule connections; plumbing fittings, namely, single and double air release valves for water pipeline protection; sanitary installations, namely, sinks, washbasins and washbasin columns, bidets, baths, non-metallic inspection hatches for baths, showers, toilets and tip-up seats for toilets; water flushing mechanisms, namely, taps for water flushing, level controlling valves in tanks, flush levers, siphons, mixing taps and hot water tanks; mechanism saver for water, namely, regulating and safety accessories for water apparatus, water valves, and taps; cleansing installations; drainage interceptors; water purification and treatment installations; waste water and rainwater purification apparatus; irrigation and fire protection networks, namely, taps, fountains, hydrants, water pumps, fire hydrants, firework fountains, air expellers and purgers; furnaces for the manufacture of glass; industrial furnaces; prefabricated components of industrial furnaces; prefabricated linings for industrial furnaces; lamp bases in the form of spacers for flat lamps under vacuum or reduced pressure

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Thread for textile use including fiberglass thread; glass strands, namely, basic strands, chopped and unchopped basic strands, and simple twisted strands; assembled yarns and plied or cabled yarns, specifically designed for textile purposes, including glass fiber yarns; rubber thread for textile use; elastic thread and yarn for textile use; threads of plastic materials for textile use

International Classes 23 - Primary Classes **US Classes** 43 **International Class Title** Yarns and Threads

For Bleaching preparations and other substances for laundry use; preparations for maintaining, glossing and cleaning floor tiles; liquid preparations applied to cloth, paper, belts, sheets, rolls, and discs for general purpose cleaning, polishing, scouring, abrading, sandpapering, grinding, surfacing; abrasive sanding strips, coated abrasives, and bonded abrasives for general industrial use; abrasive preparations made with resin, shellac, aluminum oxide, silicon carbide, zirconia, garnet, glass, emery, paper, fiber, abrasive grains and particles, essentially based on alpha alumina and zirconia, for use in all purpose cleaning, polishing, scouring, abrading, trimming, sandpapering, grinding and surfacing; surface treatment agents for abrading and polishing industrial parts; soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides, unprocessed artificial resins, unprocessed plastics, fire extinguishing compositions, tempering and soldering chemical preparations, chemical substances for preserving foodstuffs, tanning agents for use in the manufacture of leather; waterproofing chemical substances for preserving masonry except paints and oils; impregnation, surface hardeners, additives to concrete and mortar; adhesives and glue for use in glass, fiberglass, ceramic, iron, concrete, mortars, clay, abrasives, composite materials, semiconductors, refractory products, plastics and thermoplastics industries; adhesives and glues for laying building materials, in particular tile floorings and natural or synthetic stone, parquet floorings, and laminated floors; bituminous glues for insulating and roofing products; plasticizers; plasticizers for seals; silicones; manure for agriculture, substrates; mineral fibers, and particularly mineral fibers in the form of boards, wool in bulk, pads, all for use in plant culture, the production of vegetables, fruits, flowers, and in the germination of seeds; chemical hydrophobic coatings for glass or organic glass transparencies; materials for the protection of the surfaces of glass or organic glass transparencies, namely, glass-staining chemicals, preparations for preventing the tarnishing of glass, and opacifiers for glass; mineral oxides, refractory oxides, electro-cast mineral oxide mixtures used as principal components in the fabrication of compounded clays; industrial ceramics, namely, ceramic materials for filters; electro-cast silica and zirconia mixtures used as principal components for the fabrication of grinding and dispersion agents used in industrial machines

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Construction, installation, maintenance and repair of public and private buildings; installation and repair of machines; rental of tools and construction equipment; building installation, maintenance, construction and repair advice services provided through data processing systems, computer databases and computer or data transmission networks, including the Internet; technical construction in the field of building construction from wood, chloride of polyvinyl, and aluminum; quarrying services; mining extraction; installation of building insulation services; window cleaning services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus for recording, transmission and reproduction of sound or images; automatic vending machines and mechanisms for coin-operated apparatus; cash registers; calculating machines; data processing equipment and computers; fire-extinguishing apparatus; laboratory apparatus and instruments, namely, test tubes, bottles, injectable vials, and syrup bottles; laboratory glassware; glass for scientific, technical and industrial glassware; semi-conductors; optical glasses; spectacle glasses and spectacle frames; spectacles glasses including glasses made from organic materials and mineral materials; sunglasses; tinted eye glasses; treated eye glasses; light-sensitive eye glasses; ophthalmic glasses and their frames; dust protective goggles, masks and glasses; contact lenses; water meters; electronic glass display screens; video screens; glass fibers sold as a component of video screens; shielding glass spacers for electronic displays and video screens; conductive glass ribbons for electronic applications; glass for the manufacturing of photomasks to be used in the fabrication of printed circuit boards or displays; glass component for equipment to be used in photolithography or reprography applications; glass for the shielding of optical detectors or optical emitters working in the ranges of ultra-violet, visible or infrared light; electric wire and cable, electrical connectors and electrical heat tracing cable and wire; electro-mechanical controls for vehicles, namely, electric motor-actuated speed controls, electronic pedals, proportional electronic throttle controls, truck cruise control system, electronic air suspension control systems, and traction controls; electro-mechanical controls for automotive security systems; automotive electronic operational data logger; automotive electronic control printed circuit boards; thermometers; pressure gauge body protectors, namely, pressure surge suppressors; semi-conductor wafer carriers primarily of plastic; pressure regulators; solenoid operated valves

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunications services, namely, the transmission of voice, sound and data by electronic, computer, telephone and audiovisual means including those provided on-line or by delay time using data processing equipment, computer databases and computer and data transmission networks, including the Internet and the World Wide Web; delivery of messages by electronic transmission; electronic voice messaging, namely, the recording, storage and subsequent transmission of voice messages by telephone; transmission of news; providing multiple user access to global computer networks including computer databases and computer or data transmission networks, the Internet and the World Wide Web; telecommunications services, namely, personal communication services via the internet; news agencies, namely, the transmission of news items to news reporting organizations; communications by computer terminals; transmission and communications services, namely, rental and leasing of access time to databases

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a white picket fence in the background, consisting of eleven (11) vertical, white slats, and two (2) horizontal, grey slats binding the vertical slats together, which are displayed behind the vertical slats (the Fence). Superimposed on top of the Fence, in all capital letters and red font is the following: "AMERICA'S BACKYARD". "AMERICA'S" is a slightly smaller font size than "BACKYARD", and between the two words is a horizontal, red bar that runs the length of "BACKYARD". Framing the aforementioned, two words and the red bar is a thin, white outline around each of the characters. Beneath "AMERICA'S BACKYARD", written in bold, black, cursive writing, which slants slightly to the right, is the following: "Grillin' & Chillin'". These words are a slightly smaller font size than "AMERICA'S", and are also framed by a thin, white outline around each character. Beneath all of the foregoing, is a curved wreath consisting of six (6) overlapping, yellow sunflower blooms with eleven (11) partially obscured leaves jutting out from behind the blooms. The blooms are typical sunflower blooms with many, yellow petals emerging from the center of the bloom, which is a circle colored darker yellow than the petals and with a small green center inside the darker yellow ring. The wreath starts on either side just above the "Grillin' & Chillin'" phrase and dips in the middle so as not to cover any of the words. Beneath the sunflower wreath in bold black writing is the following: "Downtown Fort Lauderdale". The wreath has shading to the right and bottom sides of the blooms and leaves as if a light was being cast on the wreath from a northwestern direction. **Color Drawing** Yes **Color Claimed** The color(s) white, black, red, yellow, dark yellow, grey, and green is/are claimed as a feature of the mark. **Disclaimer** "DOWNTOWN FORT LAUDERDALE"

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a base layer of blue background which is square in shape. Within the blue background at the bottom of the square is the white arial text of the word "CRIME" in all capitalized letters On top of the blue background sits a white circle which contains a circle gradient (from black in the center to its exterior which is white) giving it the next layer on top of it a shadow effect. The circle layer that sits on top of the previous layer uses a linear gradient circle that uses the colors white, grey, and black. Finally the top layer is another circular object that uses a circle gradient. The inside color is a lime green color and the exterior color is a darker green. With those colors combined, you get the dark shadow look on the outer edges of the circle. The top layer green circle gradient has arial text with a capital letter "I" and the word "See", "S" is capitalized and both "e"'s are not and three periods follow the word "See". **Color Drawing** Yes **Color Claimed** The color(s) Blue, White, Black, Grey, Lime Green, and Dark Green is/are claimed as a feature of the mark. **Disclaimer** "CRIME"
