GOODS AND SERVICES INFORMATION

For Printed matter in the nature of books, pamphlets, brochures, manuals, booklets, leaflets, informational flyers, informational sheets, newsletters, periodicals, newspapers, journals, educational materials and informational folders in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models; paper and cardboard; stationery and printed educational materials in the nature of books, booklets, textbooks in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models; bags and articles for packaging, wrapping and storage of paper, cardboard or plastics in the nature of packaging boxes of cardboard and wrapping paper; bookbinding material; printed photographs; typewriters, electric or non-electric; printed computer software operating manuals; catalogues in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models; printed books in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models; manuals in the nature of handbooks in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Education, teaching, entertainment and sport services, namely, conducting classes, seminars, conferences, workshops in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models, teaching in business, industry and information technology; publishing of newspapers, books, e-books, magazines, web magazines, reviews, audio books, journals, software, games, music and electronic publications; reporting, namely, editorial reporting services, production of teaching reports, news reporting services in the field of data analytics, data protection, cybersecurity and artificial intelligence; translation and interpretation services; education and instruction services namely, conducting classes, seminars, conferences, workshops in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; professional coaching in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; organisation and conducting of educational conferences, exhibitions and competitions in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; arranging and conducting of seminars; arranging and conducting of training workshops in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; arranging and conducting of classes in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; provision of training courses in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; conducting of training courses in the field of electronic systems, engineering, transportation, logistics, data analytics, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; publication of printed matter, also in electronic form, except for advertising purposes; writing of texts, namely, writing of articles for journals and periodicals other than for advertising or publicity; publishing of instructional books; conducting of training courses in the field of electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Business research; advertising, marketing and promotional services; providing office functions; updating and maintenance of data in computer databases; compilation and systemization of information into computer databases; computerized file management; compilation of statistics; preparation of accounts in the nature of account auditing; commercial administration of the licensing of the goods and services of others, namely, administration of the licensing of computers, software and intellectual property; market research; marketing research studies; publication of printed matter for advertising purposes, namely, publication of publicity materials; product demonstration and presentation of goods on communication media, for retail purposes; presentation of goods and services, namely, marketing services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Building, construction and demolition of buildings; installation, maintenance and repair of computer hardware and telecommunication apparatus; building construction services; installation, maintenance and repair of computer hardware; consultancy relating to the installation, maintenance and repair of computer hardware; installation and maintenance of hardware for computer networks and internet access; installation, repair and maintenance of computers and computer peripherals; interference suppression services for electrical apparatus; maintenance of computer networking and telecommunications hardware; installation of computer hardware for information systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Simulators namely, simulators for simulating the effects of cyber-attacks, virtual reality motion simulators, weapon simulators, artificial intelligence simulators, simulators for driving or control of vehicles, simulators for the steering and control of vehicles vehicle drive training simulators, flight instrumentation simulators; electronically recorded data, namely, electronic database in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models recorded on computer media; information technology devices, namely, transparent electronic displays fixed at head-level or head-down positions for use in military and commercial aircrafts, vehicles and vessels for providing crew members with navigational and operational information, computers, TV monitors, Computer monitors, Video monitors, LCD monitors, Tablet monitors, LED monitors, Display monitors, Touchscreen monitors, mobile hotspot devices, data storage devices in the nature of external computer hard drives, computer memory devices, computer peripheral devices, input devices for computers, computer network interface devices; audio-visual, multimedia devices, namely, audiovisual teaching apparatus, TV monitors, Computer monitors, Video monitors, LCD monitors, Tablet monitors, LED monitors, Display monitors, Touchscreen monitors, cameras, virtual reality glasses, virtual reality headsets digital media streaming devices, apparatus for recording and reproduction of sound, images or data; photographic devices, namely, cameras; magnets, magnetizers and demagnetizers; measuring instruments, namely, height measuring instruments, resistance measuring instruments, conductivity meters, speed indicators, wind indicators, automotive measuring instruments, namely, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges; detecting and monitoring instruments, namely, vehicle tracking devices, electronic tire pressure monitors, vehicle location detection system comprised primarily of display monitors, computers, image sensors, and video cameras, on-board vehicular surveillance systems comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, safety and driving assistant systems for mobile vehicles and vessels comprised of

electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors; indicators, namely, electronic indicator panels, electronic indicator boards, speed indicators, wind indicators, temperature indicators, faulted circuit indicator, automatic altitude indicators, automatic indicators of low pressure in vehicle tires, level indicators for monitoring and controlling liquids in tanks and vessels and controllers, namely, electrical controllers, electronic servo motor controllers, electronic speed controllers, cruise controls for vehicles and motorcycles, electrical integrated control systems for use in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models; navigation, guidance, tracking, targeting and map making devices namely, electronic navigational and positioning apparatus and instruments, GPS tracking devices, GPS navigation devices, car navigation computers, satellite-aided navigation systems, navigation apparatus for vehicles in the nature of on-board computers, navigational apparatus for automobiles, heads-up displays (HUDs) in the nature of transparent electronic displays for the projection of data from a mobile device onto a vehicle windshield and for providing vehicles with navigational and operational information; optical devices and equipment, enhancers and correctos, namely, telescopic aiming sights, apparatus for amplifying images, apparatus providing night vision in the nature of night vision goggles, distance measuring apparatus, fibre optic periscopes, image amplifiers, image intensifiers, instruments for amplifying images, telescopic sights, three dimensional viewers in the nature of 3D spectacles; safety, security, protection and signaling devices and equipment, namely, security control apparatus, holographic security apparatus, security surveillance apparatus, electronic security tags, security surveillance robots, cards encoded with security features for identification purposes, wireless controllers to remotely monitor and control the function and status of security systems, security tokens in the nature of encryption devices, security warning apparatus; scientific and laboratory devices for measurement of physical reaction using electricity, namely, lasers for scientific use, DNA chips, sensors for scientific use to gather biometric data; downloadable software for use in displaying and analyzing data in in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, downloadable security software, downloadable software for network and device security, downloadable software to control building environmental, access and security systems, downloadable software for ensuring the security of electronic mail, downloadable computer software for the remote control of security apparatus, downloadable artificial intelligence software for surveillance, downloadable artificial intelligence software for controlling vehicles, downloadable artificial intelligence software for machine learning, downloadable artificial intelligence software for managing logistics, downloadable business intelligence software, downloadable artificial intelligence software for analysis of data; downloadable databases in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing; recorded media devices, namely, digital media streaming devices; audio and visual as well as photographic devices, namely, TV monitors, Computer monitors, Video monitors, LCD monitors, Tablet monitors, LED monitors, Display monitors, Touchscreen monitors, cameras, virtual reality glasses, virtual reality headsets digital media streaming devices, apparatus for recording and reproduction of sound, images or data, cameras; data storage devices, namely, blank tapes for storage of computer data, computer storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; electrical and mechanical data processing devices and equipment as well as accessories in the nature of data processing apparatus; communications equipment, namely, electronic and optical communications instruments and components, namely,

communication link testers for testing communication links, electronic and optical communications instruments and components, namely, digital transmitters, electronic and optical communications instruments and components, namely, optical transmitters, electronic and optical communications instruments and components, namely, optical receivers, communications computers, apparatus for transmission of communication; replicating apparatus, namely, digital color copiers; alarms, namely, personal security alarms that connect to a wireless communications network and parts for anti-theft automotive alarms, namely, electronic sensors, remote control transmitters and receivers for remotely operating land vehicles; analytical testing apparatus not for medical use, namely, lasers for scientific use, sensors for scientific use to gather biometric data; electrical switching devices, namely, electric circuit switches; electronic display units, namely, LCD large screen displays; checking and supervision apparatus and instruments, namely, apparatus for checking vehicle parameters; electronic monitoring instruments, other than for medical use, namely, vehicle tracking devices, electronic tire pressure monitors, vehicle location detection system comprised primarily of display monitors, computers, image sensors, and video cameras, on-board vehicular surveillance systems comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, safety and driving assistant systems for mobile vehicles and vessels comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, indicators, namely, electronic indicator panels, electronic indicator boards, speed indicators, wind indicators, temperature indicators, faulted circuit indicator, automatic altitude indicators, automatic indicators of low pressure in vehicle tires, level indicators for monitoring and controlling liquids in tanks and vessels and controllers, namely, electrical controllers, electronic servo motor controllers, electronic speed controllers, cruise controls for vehicles and motorcycles, electrical integrated control systems for use in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models; measuring apparatus and instruments, namely, height measuring instruments, resistance measuring instruments, conductivity meters; speed indicators, wind indicators, automotive measuring instruments, namely, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges; electronic transistors; anti-interference devices using electricity, namely, filters for radio interference suppression, conductive silicone packing for electro-magnetic interference; controllers in the nature of remote controllers, motion controllers, electrical controllers, sensor controllers, communications controllers, digital electronic controllers, temperature controllers apparatus for use in vehicle heating systems; radio telephony sets, namely, wireless telephony apparatus; high-frequency apparatus, namely, high frequency switches, high frequency mobile and sea-based communication antennas, electronic frequency converters for high velocity electro motors; electronic navigating apparatus; radar apparatus; downloadable computer software for use in database management and electronic storage of data, downloadable virtual reality training simulation software in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing; downloadable software for monitoring and controlling communication between computers and automated machine systems; computers and computer hardware; downloadable computer programmes for data processing; computer operating systems; recorded computer operating programs; electric access and admission control devices, namely, electric locks; protective and safety equipment for vehicles, namely, electronic deer alerts, electronic tire pressure monitors, back-up sensors and cameras, electronic vibration, shock, motion, angle, temperature and voltage monitors, on-board vehicular surveillance systems comprised of cameras and monitors for exposing

and eliminating the blind spots on both sides of the vehicle, safety and driving assistant system for mobile vehicles and vessels comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors; alarms and warning equipment, namely, personal security alarms that connect to a wireless communications network and parts for anti-theft automotive alarms, namely, electronic sensors, remote control transmitters and receivers for remotely operating land vehicles; analytical testing apparatus not for medical use, namely, lasers for scientific use, sensors for scientific use to gather biometric data; monitoring instruments and apparatus, namely, vehicle tracking devices, electronic tire pressure monitors, vehicle location detection system comprised primarily of display monitors, computers, image sensors, and video cameras, on-board vehicular surveillance systems comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, safety and driving assistant systems for mobile vehicles and vessels comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, indicators, namely, electronic indicator panels, electronic indicator boards, speed indicators, wind indicators, temperature indicators, faulted circuit indicator, automatic altitude indicators, automatic indicators of low pressure in vehicle tires, level indicators for monitoring and controlling liquids in tanks and vessels and controllers, namely, electrical controllers, electronic servo motor controllers, electronic speed controllers, cruise controls for vehicles and motorcycles, electrical integrated control systems for use in the field of computers, electronic systems, engineering, transportation, logistics, data analytics, cybersecurity, artificial intelligence, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales and network solutions for innovative business models; sensors and detectors, namely, radar, laser and ultrasonic object detectors for use on vehicles; testing and quality control devices namely, testing instrumentation for monitoring and detecting contamination, apparatus for testing vehicle brakes; measuring, counting, alignment and calibrating instruments namely, laser measuring systems, audio analyzers, tool measuring instruments, distance measuring apparatus, mechanical and electronic measuring machines for identifying and analyzing structural damage to vehicles, automotive measuring instruments, namely, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, electronic instruments for use in remote inspection and measurement of industrial components using remote visual devices, calibration devices for calibrating optical emission spectrometers; downloadable computer applications for automotive control; downloadable computer programs for project management; artificial intelligence apparatus for computers in the nature of humanoid robots with artificial intelligence, safety and driving assistant systems with artificial intelligence for mobile vehicles and vessels comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors; downloadable augmented reality software for use in mobile devices for integrating electronic data with real world environments

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Licensing services, namely, legal administration of licenses, licensing of software in the framework of software publishing, consultancy relating to computer software licensing, consultancy relating to patent licensing, legal licensing consultation in connection with electronic systems, engineering, transportation, logistics, data analytics, information technology infrastructures, electric vehicles, automated driving, vehicle development, digital marketing, sales and after-sales, network solutions for innovative business models; legal services in the nature of licensing of computer software; licensing of intellectual property

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication services, namely, telecommunication access services, electronic exchange of data stored in databases accessible via telecommunication networks, data transmission and reception services via telecommunication means, aeronautical telecommunication services, transmission of voice, audio, visual images and data by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks, communications via multinational telecommunication networks; computer communication in the nature of communication by computer terminals and providing internet access; provision of internet access services; provision of access to the internet for accessing content, websites and internet portals; digital network telecommunications access services; electronic network communications by fiber optic networks, digital communications networks, wireless communication networks, the Internet, information services networks and data networks; providing access to the internet for access to multimedia content online; e-mail data services namely, providing electronic transmission of secure e-mail; consultancy in the field of telecommunications

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Scientific and technological services, namely, scientific and technological research and development in the field of electronic systems, cybersecurity, artificial intelligence, engineering, transportation, logistics, data analytics, automated driving and vehicle development, electric vehicles, digital marketing; design services in the field of electronic systems, engineering, transportation, logistics, data analytics, automated driving and vehicle development; information technology engineering; testing in the nature of material testing, product testing, testing of security systems, testing on civil engineering, testing the functionality of apparatus and instruments, testing of occupant protection systems for motor vehicles, testing of electronic components and electronic systems, automotive safety testing and consultation, namely, conducting crash tests and providing advice, information and reports, testing of vehicles to determine conformity with certification standards; quality control for others in the field of electronic systems, cybersecurity, artificial intelligence, engineering, transportation, logistics, data analytics, electric vehicles, automated driving, vehicle development, digital marketing; computer aided industrial analysis services, namely, computer aided designs of vehicles and vehicle components; provision of product research services; hosting services, namely, server hosting, cloud hosting provider services, hosting of digital content on the Internet, hosting computer software applications and websites of others in the field of electronic systems, cybersecurity, artificial intelligence, engineering, transportation, logistics, data analytics, automated driving and vehicle development, electric vehicles, digital marketing; software as a service (SaaS), namely, hosting software for use by others for use in database management and service desk management; software as a service services featuring software for use in database management and service desk management; rental of software; data duplication and conversion services, namely, duplication of computer applications, computer programs and software, data conversion of electronic information, computer code conversion for others, data and multimedia content conversion from and to different protocols; data coding services in the nature of computer code conversion for others; hosting computer sites in the nature of web sites; computer project management in the field of electronic data processing; monitoring technological functions of network systems; technical testing services in the nature of testing of electronic components and electronic systems, testing of occupant protection systems for motor vehicles, environmental automobile emission testing and inspection services, vehicle roadworthiness testing; computer aided testing services in the nature of testing of electronic components and electronic systems, testing of occupant protection systems for motor vehicles, environmental automobile emission testing and inspection services, vehicle roadworthiness testing; computer systems

integration services in the nature of integration of computer software into multiple systems and networks, integration of private and public cloud computing environments; engineering project management services; research relating to technology, namely, technology research in the field of electronic systems, cybersecurity, artificial intelligence, engineering, transportation, logistics, data analytics, electric vehicles, automated driving, vehicle development, digital marketing; technical research, namely, technology research in the field of electronic systems, cybersecurity, artificial intelligence, engineering, transportation, logistics, data analytics, automated driving and vehicle development; integration of computer software, namely, integration of software into multiple systems and networks; integration of computer software into computer systems and networks; provision of on-line support services for computer program users, namely, troubleshooting of computer software problems, remote administration and management of in-house and hosted datacenter devices, databases and software applications

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

The circle and horizontal bars are divided in the center as to appear as two mirroring geometric shapes. **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1467943 **International Registration Date** Mar. 22, 2019

GOODS AND SERVICES INFORMATION

For Pharmaceutical and veterinary preparations and substances consisting of catalytic DNA molecules and associated detection reagents for the diagnosis of diseases, for detection and identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolite expression, inflammation, and immune-suppression and immune disorders, for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, and for analysis of response to therapy; chemical reagents for medical and veterinary use; nucleic acid sequences amplification reagents for medical use; nucleic acid sequences for medical purposes; chemical preparations containing enzymes for medical purposes for the diagnosis of diseases or detection or identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; chemical preparations containing enzymes for pharmaceutical, veterinary and medical purposes for the diagnosis of diseases or detection or identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; enzyme preparations for pharmaceutical, veterinary and medical purposes; medical kits containing medical and pharmaceutical preparations and associated detection reagents for the diagnosis of diseases, for detection and identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene

expression, protein expression, metabolite expression, inflammation, and immune-suppression and immune disorders, for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, and for analysis of response to therapy; clinical diagnostic preparations for medical or veterinary use; biological chemical diagnostic test kits comprised of reagents and assays for medical laboratory use in analysis that test for the presence of gene expression, protein expression, metabolite expression, inflammation, immune-suppression, immune disorders

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Surgical apparatus and instruments; medical and veterinary apparatus and instruments being diagnostic testing apparatus and instruments for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; diagnostic testing apparatus and instruments for medical purposes; diagnostic testing kits consisting primarily of diagnostic testing apparatus and instruments for the purpose of detecting antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; point of care medical devices being diagnostic testing apparatus for the purpose of detecting antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; medical screening kits comprised of medical screening and testing apparatus for the diagnosis of disease, detection and identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired and inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Chemical preparations used in industry, science, photography, agriculture, horticulture and forestry, except fungicides, herbicides, insecticides, and parasiticides; chemical reagents and reactants for non-medical purpose; enzyme preparations for industrial or scientific purposes; nucleic acid for other than medical and veterinary purposes; nucleic recombinant acids for other than medical and veterinary purposes; amino acids for laboratory or research use; DNA polymerase; chemical enzymes for use in the processing and screening of food; chemicals used in environmental monitoring

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Medical services; human healthcare services; medical testing services relating to the diagnosis and treatment of disease in the field of detection and identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; genetic testing for medical purposes; medical and health care services in the field of dna, genetics and genetic testing; medical diagnostic services in the nature of medical testing and medical analysis; providing collected and analysed medical information in the field of genetic and treatment information for diseases and

disorders for diagnostic and treatment purposes

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Scientific and technological services and research and design relating thereto, namely, DNA analysis services for scientific research purposes, scientific research consulting in the field of genetics; scientific research in the field of genetics; genetic engineering services; scientific research in the field of genetics and genetic engineering; scientific research relating to genetics; chemistry services, namely, chemistry research services; research in the field of chemistry; scientific research relating to chemistry; research in the field of chemistry; laboratory analysis in the field of chemistry; development of diagnostic apparatus for genetics research; design of diagnostic apparatus for genetics research; medical research in the field of diagnostic imaging and molecular medicine; research relating to molecular sciences; research and analysis of data generated by scientific and medical experiments and tests being data for the diagnosis of disease, detection and identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; biological, bacteriological, chemical, biochemical, dna, rna, protein, polynucleic acid and molecular analysis and evaluation services for scientific and research purposes for scientific and research purposes; dna and rna and polynucleic acid and protein sequencing, analysis and evaluation services for scientific research purposes; genetic mapping for scientific purposes, namely, genome sequencing services and the analysis and evaluation of data resulting therefrom; scientific analysis and the provision of reports in conjunction therewith relating to scientific and medical experiments, the results of scientific and medical experiments and tests, the analysis and evaluation of scientific and medical data, and data generated by scientific and medical experiments and tests; scientific and medical research and development services in the field of the diagnosis of disease, detection and identification of pathogens, for the detection of antibiotic resistance, for the analysis of gene expression, protein expression, metabolic expression, inflammation, and immune-suppression and immune disorders for genotyping, analysis of polymorphisms, detection of acquired or inherited genetic mutations, detection and analysis of epigenetic alterations, analysis of response to therapy; molecular diagnostics testing

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of a stylized white pyramid design outlined in blue with straight blue lines forming the patterned white sections within. **Color Drawing** Yes **Color Claimed** The colors blue and white are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1494034 **International Registration Date** May 10, 2019

GOODS AND SERVICES INFORMATION

For Printed matter, namely, paper signs, books, manuals, curricula, newsletters, informational cards and brochures in the field of computer software and computer systems; brochures about computer software and computer systems; computer software operating manuals; computer software reference and instruction manuals

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Education services, namely, providing classes and seminars in connection with the use of computer software and computer systems; providing training services in connection with the use of computer software and computer systems; providing information on educational opportunities in connection with the use of computer software and computer systems; arranging and conducting educational and training examinations, conferences, courses, seminars, workshops, and webinars in the fields of computer software and computer systems; educational assessment services

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Business management consultancy; provision of an online marketplace for trading, exchanging, buying and selling goods and services with other users, namely, computer software, computer software support services, training materials in connection with the use of computer software and computer systems; online retail store services in respect of computer software, computer software support services, training materials in connection with the use of computer software and computer systems

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable computer software for process automation of business operations; Downloadable computer software updates for process automation of business operations; Downloadable electronic documentation in the nature of manuals relating to computer software; Downloadable artificial intelligence software in the field of office and workplace automation

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing an online forum for users to discuss and exchange computer software

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Computer software consultancy; design and development of computer software; installation, maintenance and updating of computer software; computer system design and technical consultancy related thereto; computer software technical support services, namely, troubleshooting of computer software problems; information technology support services, namely, service-desk or help-desk services for IT infrastructure and onsite software and infrastructure implementation support services; computer system administration for others, namely, managing an online forum for discussion of computer software; hosting of digital content on the internet, namely, an online forum for users to discuss and exchange computer software; Software as a service (SAAS) services featuring software for computerized automation of technical processes, administrative processes, industrial processes; software as a service (SAAS) services in the field of artificial intelligence featuring software for computerized automation of technical processes, administrative processes, industrial processes; design and development of artificial intelligence computer software

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Alloys of precious metal; jewellery; ornaments of precious metal in the nature of jewelry; precious stones; clocks; time instruments, namely, chronometric instruments, timepieces; wall clocks

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Building materials, not of metal, namely, semi-worked woods, soffits, reinforcing materials; rigid pipes, not of metal, for building; pitch, bitumen and asphalt; buildings, transportable, not of metal; monuments, not of metal; modular animal houses, not of metal, for dogs, pigs, chickens; pre-fabricated structures in the nature of horse stalls, not of metal, for animals; greenhouses, transportable, not of metal; windows of wood and plastic; wooden and glass doors; glue-laminated wood

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Household or kitchen utensils, namely, kitchen tongs, splatter screens, serving spoons; containers for household or kitchen use; combs; cleaning, toiletry, scrub, bath, and massage sponges; cosmetic, dishwashing, floor, pet, and lint brushes; material for brush-making; cleaning articles, namely, cleaning cloths; steelwool; glass, unworked or semi-worked, except building glass; glassware, porcelain ware and earthenware, namely, beverageware, dishes; fur brushes for animals; combs for animals; drinking troughs; animal activated animal feeders; animal activated livestock waterers; animal activated livestock feeders; cages for household pets

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Leather and imitations of leather; animal skins; furs sold in bulk; trunks being luggage and suitcases; umbrellas; parasols; walking sticks; whips; harnesses; saddlery; unfitted furniture coverings of leather; clothing for pets; covers and wraps for animals; covers for animals; covers for animals for clothing purposes; harness for animals; costumes for animals; leads for animals; collars for animals; animal carriers being bags

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For Vehicles, namely, land vehicles, aircraft, boats; apparatus for locomotion by land, air or water, namely, automobiles, airplanes, ships; fitted bicycle covers; trailers for transporting bicycles; drive chains being bicycle parts; drive trains being bicycle parts; drivetrains for bicycles; structural parts of bicycles; saddle covers for bicycles or motorcycles; saddle covers for bicycles; brakes being bicycle parts; bicycle brake lever grips; brake levers for cycles; brake cables for bicycles; brake shoes being bicycle parts; bicycle handlebar grips; bicycle kickstands being parts of bicycles; bicycle brakes; cycle stands; bicycle trailers; rims for bicycle wheels; gears for bicycles; bicycle carriers for vehicles; cycle bells; bicycle horns; bicycle chains; bicycle bells; bicycle cranks; baskets adapted for bicycles; bicycle handlebars; bicycle motors; hubs for bicycle wheels; dress guards for bicycles; bicycle pedals; pumps for bicycle tyres; bicycle frames; bicycle tyres; bicycle wheels; bicycles; racing bicycles; puncture repair patches for bicycle tyres; children's bicycles; balance bicycles being land vehicles; air pumps for bicycles for the inflation of tyres; pumps for inflating bicycle tyres; tires for children's bicycles; tubeless tyres for bicycles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Pillow shams; unfitted fabric coverings for furniture; unfitted furniture coverings not of paper; loose unfitted covers made of textile materials for furniture; unfitted furniture coverings of textile; unfitted coverings of textile and of plastic for furniture; coated woven fabrics for textile use; elastic woven fabrics; adhesive fabric for application by heat; textile fabrics for use in making apparel; textile fabrics for use in making clothes; woven fabrics for manufacturing furniture; woven cloth with breathable polyurethane coating; woven cloth with breathable polyurethane coating for water proof garments; textiles fabrics for the manufacture of clothing and furniture, and substitutes for textiles made from synthetic materials, all excluding plastic, fibrous, and textile packaging sleeves, especially sleeves for food and luxury foods; bed blankets; table linen; bed clothes being sheets and blankets

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Games, namely, board games, arcade games; toys, namely, toy vehicles, action figures; gymnastic apparatus and sporting articles, namely, sport balls, hockey sticks, baseball bats; decorations for Christmas trees; athletic protective arm pads for skateboarding; elbow guards for use in skateboarding; sports articles in the nature of protectors for elbows for wearing when skateboarding; athletic protective wrist pads for skateboarding; in-line roller skates; athletic protective knee pads for skateboarding; sports articles in the nature of protectors for the knees for wearing when skateboarding; skateboard wheels; toy scooters; roller skates; skateboard wheels; skateboard paddles; skateboards; skateboards being recreational equipment; toy roller skates; bags for skateboards; toys for pets; play swimming pools; trampolines; Christmas trees of synthetic material

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Machine tools for metalworking, crushing rock; motors, other than for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated, namely, seed drills, incorporators; incubators for eggs; power operated tools, namely, grinders, buffers; air-operated power tools, namely, impact wrenches, ratchet wrenches, drills, grinders, orbital sanders; vending machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Furniture; silvered glass, namely, mirrors; picture frames; coat, hat, display, and magazine racks; edge bands being furniture parts for wooden and plastic furniture; console tables; fittings for buildings of wood, namely, furniture; dowel pins, also of wood, not of metal; fitted protective covers for furniture; bean bag chairs; chair pads; furniture in the nature of pouffes; beds; mattresses; cushions; upholstered cushions; beds for household pets; nesting boxes for animals; animal carriers in the form of boxes in the nature of pet crates; scratching posts for cats

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Lighting apparatus, namely, lighting installations; apparatus for heating, namely, hot water tanks, floor heating apparatus, stoves; steam generating apparatus in the nature of steam generators, steam generating installations, ironing tables that generate steam for ironing; cooking appliances, namely, cooking stoves, microwave ovens; refrigerating appliances and installations; drying installations, namely, laundry drying machines; apparatus for ventilating, namely, ventilating exhaust fans, ventilating fans for commercial and industrial use; water supply apparatus, namely, metered valves; sanitary installations, namely, urinals, toilets, sinks, showers

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Laundry preparations, namely, detergent soap, fabric softeners; bleaching preparations for laundry use; furbishing preparations, namely, polishing preparations; buffing compounds for floors, nails; grease-removing preparations for household use; abrasive preparations; non-medicated soap; perfumery; ethereal oils; cosmetics; hair lotions; dentifrices; household fragrances

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Advertising; business management; business administration; clerical services; advertising agency services; market research; auctioneering provided on the Internet; wholesale and retail store services via the Internet featuring paints and washes, coatings, industrial oil, industrial grease, lubricants, dust absorbing compositions, dust wetting compositions, dust controlling compositions, fuels including motor spirit, lighting fuel, candles and wicks for lighting, tealights, perfumed candles, common metals and their alloys, building materials of metal, buildings, transportable, of metal, railway material of metal, non-electric cables and wires of common metal, metal hardware, pipes and tubes of metal, metal or non-metal safes, goods of metal, the aforementioned goods not for sale in DIY stores, machines, machine tools, motors, other than for land vehicles, machine coupling and transmission components except for land vehicles, agricultural implements, other than hand-operated, incubators for eggs, power operated tools, air-operated power tools, power operated tools, hand tools and hand-operated implements, cutlery, forks and spoons, side arms, other than firearms, razors, scientific apparatus and instruments, nautical apparatus and instruments, surveying apparatus and instruments, photographic apparatus and instruments,

cinematographic apparatus and instruments, optical apparatus and instruments, weighing apparatus and instruments, measuring apparatus and instruments, signalling apparatus and instruments, checking and supervision apparatus and instruments, nautical rescue and teaching apparatus and instruments, apparatus and instruments for conducting, switching, converting, storing, regulating and controlling electricity, apparatus for recording, broadcasting and reproduction of sound and images, magnetic data carriers, recording discs, vending machines and coin-operated mechanisms, cash registers, calculators, data processing apparatus, computers, fire extinguishers, bicycle speedometers, global positioning systems for use with bicycles, satellite navigational system for bicycles, head protection, protective helmets for children, protective helmets for sports, skateboard helmets, snorkels, diving masks, reading aids in the form of spectacles, metal detectors, lighting apparatus, apparatus for heating, steam generating apparatus, cooking appliances, refrigerating apparatus, drying installations, apparatus for ventilating, water supply apparatus as well as sanitary installations, hot tubs, barbecues, vehicles, apparatus for locomotion by land, air or water, fitted bicycle covers, trailers for transporting bicycles, drive chains being bicycle parts, drive trains being bicycle parts, drivetrains for bicycles, structural parts of bicycles, saddle covers for bicycles or motorcycles, saddle covers for bicycles, brakes being bicycle parts, bicycle brake lever grips, brake levers for cycles, brake cables for bicycles, brake shoes being bicycle parts, bicycle handlebar grips, bicycle kickstands, bicycle brakes, cycle stands, bicycle trailers, bicycle brakes, rims for bicycle wheels, gears for bicycles, bicycle carriers, cycle bells, bicycle horns, bicycle chains, bicycle bells, bicycle cranks, baskets adapted for bicycles, bicycle handlebars, bicycle motors, hubs for bicycle wheels, dress guards for bicycles, bicycle pedals, pumps for bicycle tyres, bicycle frames, bicycle tyres, bicycle wheels, bicycles, racing bicycles, puncture repair outfits for bicycle tyres, children's bicycles, balance bicycles being vehicles, air pumps for bicycles for the inflation of tyres, pumps for inflating bicycle tyres, tires for children's bicycles, tubeless tyres for bicycles, alloys of precious metal, jewellery, precious stones, clocks, time instruments, wall clocks, leather and imitations of leather, skins, trunks and suitcases, umbrellas, parasols, walking sticks, whips, harnesses, saddlery, furniture coverings of leather, clothing for pets, covers and wraps for animals, covers for animals, covers for animals for clothing purposes, harness for animals, costumes for animals, leads for animals, collars for animals, animal carriers in the nature of bags, building materials, not of metal, rigid pipes, not of metal, for building, pitch, bitumen and asphalt, buildings, transportable, not of metal, monuments, not of metal, modular animal houses, not of metal, stalls being pre-fabricated structures, not of metal for animals, greenhouses, cages, furniture, mirrors and silvered glass, picture frames, goods of wood, cork, rushes, wicker, yellow amber, mother of pearl, meerschaum and its substitutes or made of plastics, excluding raw, worked and semi-worked building materials, not of metal, racks being furniture, edge bands, glued wood, glue binder, wooden, metal and glass doors, windows made of wood, metal and plastic, coated timber boarding, parquet flooring, consoles made of wood, metal, and/or veneer, fittings and dowel pins, also of wood, shaped protective coverings for furniture, bean bags, chair pads, pouffes being furniture, beds, bed clothes and blankets, mattresses, cushions, cushions in the nature of upholstery, beds for animals, nesting boxes for animals, animal carriers in the form of boxes, scratching posts for cats, household or kitchen utensils, containers for household or kitchen use, combs, sponges, brushes, material for brush-making, cleaning articles, steelwool, glass, unworked or semi-worked, except building glass, glassware, porcelain ware and earthenware, fur brushes for animals, combs for animals, drinking troughs, animal activated animal feeders, animal activated livestock waterers, animal activated livestock feeders, ropes, string, nets, tents, tarpaulins, sails, sacks, padding and stuffing materials except of rubber or plastics, raw fibrous textile, pillow shams, coverings for furniture, unfitted furniture coverings, loose covers made of textile materials for furniture, furniture coverings of textile, unfitted coverings of textile and of plastic for furniture, coated woven textile materials, elastic woven material, adhesive fabric for application by heat, apparel fabrics,

materials for use in making clothes, elastic woven material, woven fabrics for furniture, woven cloth with breathable polyurethane coating, woven cloth with breathable polyurethane coating for water proof garments, textiles and substitutes for textiles, excluding plastic, fibrous and textile packaging sleeves, especially also for food and luxury foods, bed blankets, table linen, clothing, footwear, headgear, games, toys, gymnastic and sporting articles, decorations for Christmas trees, athletic protective arm pads for skateboarding, elbow guards for use in skateboarding, sports articles in the nature of protectors for elbows for use when skateboarding, athletic protective wrist pads for skateboarding, in-line roller skates, athletic protective knee pads for skateboarding, sports articles in the nature of protectors for the knees for use when skateboarding, skateboard wheels, toy scooters, roller skates, skateboard wheels, skateboard paddles, skateboards, skateboards being recreational equipment, toy roller skates, bags for skateboards, toys for animals, play swimming pools, trampolines, and Christmas trees of synthetic material

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Scientific apparatus and instruments, namely, microscopes, laboratory glassware; nautical apparatus and instruments, namely, marine compasses; surveying machines and instruments; photographic apparatus and instruments, namely, cameras, camera flashes; cinematographic apparatus and machines; optical apparatus and instruments, namely, optical inspection apparatus, eyeglasses; weighing apparatus and instruments; measuring apparatus and instruments, namely, rain gauges, digitizers; signaling apparatus and instruments, namely, emergency signal transmitters, rotating lights; checking and supervision apparatus and instruments, namely, apparatus for checking flight parameters; nautical rescue and teaching apparatus and instruments, namely, life jackets, life boats, medical teaching mannequins; apparatus and instruments for conducting, switching, converting, storing, regulating and controlling electricity; apparatus for recording, broadcasting, and reproduction of sound and images; blank magnetic data carriers and optical recording discs; mechanisms for coin-operated apparatus; cash registers; calculators; data processing apparatus; computers; fire extinguishers; bicycle speedometers; global positioning systems for use with bicycles; satellite-aided navigational system for bicycles; head protection, namely, safety helmets; protective helmets for children; protective helmets for sports; skateboard helmets; snorkels; scuba, skin and face masks for diving; reading aids in the form of spectacles; metal detectors

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Ropes, string, netting, tents, tarpaulins, sails, and sacks for the transportation or storage of materials in bulk; padding and stuffing materials, not of rubber, plastics, paper or cardboard; raw fibrous textile

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Industrial oils; industrial grease; industrial lubricants; dust absorbing compositions; dust wetting compositions; dust controlling compositions for dust binding; fuels including motor spirit; lighting fuel; candles and wicks for lighting; tealight candles; perfumed candles

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Clothing, namely, shirts, pants, jackets, dresses; footwear; headwear

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Hand-operated hand tools and implements, namely, hammers, saws, screwdrivers; table cutlery, forks and spoons; side arms, other than firearms, namely, swords, hunting knives, bayonets; razors

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Common metals and their alloys; building materials of metal, namely, ceiling boards and floor boards; buildings, transportable, of metal; railway track, construction material of metal; non-electric cables and wires of common metal; ironmongery and small metal hardware, namely, bolts, nails, rivets, screws; pipes and tubes of metal; safes of metal or non-metal; the aforementioned goods not for sale in DIY stores; doors of metal; windows of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

International Registration 1503622 **International Registration Date** Apr. 27, 2019

GOODS AND SERVICES INFORMATION

For Machine elements not for land vehicles, namely, turntables and their rotating devices for the automatic alignment of communications antennas

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Installation and repair of antennas being communications apparatus and components of communications systems; installation and repair of computer hardware communications systems; installation and repair of communications systems components in the nature of electric, electrotechnical, electronic and optoelectronic apparatus, instruments, equipment, assemblies and parts therefor

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus for recording, transmission, processing and reproduction of sound, images and data; antennas; phase shifters for communications apparatus, namely, phase shifters, in particular for setting of a different radiation angle in the nature of a downtilt angle for antennas in mobile communications systems; remote-controlled phase shifters for communications apparatus; telecommunication base stations, baseband signal processors, telecommunications transmitters and receivers, wireless network repeaters, channel amplifiers, broadband amplifiers, electrical transducers, frequency converters, FM modulators and demodulators, encoders and decoders, and microwave frequency converters; sound equalizers and crossovers, communication hubs, antenna filters, band-pass antenna filters, duplex antenna filters, ethernet repeaters, electric relays, multiplexers, diplexers, duplexers, triplexers, transceivers, signal splitters for electronic apparatus, electrical controllers for signal transmission in mobile communications systems; VHF range amplifiers; active and passive devices for cable networks

and for satellite and terrestrial receiver/antenna systems, namely, digital media receivers and electronic combiners for connecting antennas and receivers for processing analogue and digital radio and television signals; power supplies, modems, active branch electronic circuits; connecting cables, namely, USB (universal serial bus) hardware; sound equalizers and crossovers; analogue-digital telecommunication switches for transmitting signals via voltage and power supply lines; overvoltage protective devices, namely, voltage surge protectors; computers, communications computers, calculators, data processing apparatus, computer peripheral devices; telephones, videophones, mobile telephones, car telephones, fax machines, answering machines, intercoms, automatic telephone dialers; intercom systems comprised primarily of telephones and intercoms; computer monitors being parts of domestic communication and surveillance systems; scanners; signal processing apparatus, namely, computer hardware; antennas measuring apparatus, namely, laser distance meters; telecommunications systems for sending and receiving signals transmitted via optical fibers comprised primarily of antennas and computers; mounting and connective accessories, namely, electrical sockets, lightning arresters, lightning current arresters, surface mounting frames specially adapted for use with antennas, multiplexers, and cable switch boxes for installing antennas; electrical communications cables, fiber optic cables, namely, fluoride glass fibers; all of the aforesaid goods being in particular for communications technology, broadband communications technology, broadcast technology, receiver technology, network technology, broadband network technology and for transmission of signals, data, audio, images, films and text; light emitting diodes (LED); LED light controls

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Licensing of intellectual property rights; licensing of technology

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication services, namely, audio and video broadcasting; broadcasting of television and radio programs; electronic transmission of data and information; electronic transmission of data including forwarding, distributing, exchanging and sending of messages and data; providing access to the data transmission networks and data transmission services between networked computer systems; telecommunication access services; telecommunication services, namely, providing access to computer databases, computer short messaging systems, computer networks, computerized research and reference materials, and interactive communications networks; providing internet access via software on data networks; providing transmission of electronic mail for exchanging and redirecting of messages and data; data transmission services over telecommunications networks and broadband communication networks; data transmission via telecommunication, telematic and broadband communication networks; data transmission and data transmission services over broadcast networks; online services, namely, message sending; providing telecommunication channels for teleshopping services; rental of data transmission networks that provide e-mail services; rental of electric, electronic and electrotechnical equipment and systems consisting thereof for communications technology, broadband communications technology, data transmission technology, data receiver technology and telecommunications technology; rental of antennas being communications apparatus and being telecommunications systems components; provision of access to data transmission networks, namely, setting up data transmission networks; providing electronic mailboxes, namely, providing electronic transmission of e-mail; providing e-mail services, namely, providing electronic transmission of e-mail; telecommunications access services

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Engineering services; technical planning, namely, design and development of antennas being communications apparatus and being communication systems components; technical planning, namely, design and development of electric, electrotechnical, electronic and optoelectronic apparatus, instruments and equipment, parts therefor and systems consisting thereof, in particular in the field of communications technology, broadband communications technology, broadcast technology, data transmission technology and data receiver technology, telecommunications technology and related consultancy in these fields; technical planning, namely, design and development of data transmission networks, electronic mailboxes, and e-mail services; development, design, creation, updating and rental of computer software; software as a service (SaaS) featuring software for enabling transmission of data in the fields of antennas, antenna systems, electronics, optoelectronics, telecommunications and transmission of data; technological research in the field of antennas, antenna systems, electronics, optoelectronics, communication systems, telecommunications and transmission of data; electronic data storage in the nature of computerized data storage

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Building and construction material and elements of metal for assembly fittings in the nature of mounting accessories of metal for installing antennas and communication systems on and in buildings, namely, masts of metal, metal mounting structures in the nature of pedestals and stands, fixings in the nature of metal flanges, metal support and mounting brackets, mechanical fastening elements of metal for use with rooftop rafters, and metal clamps, cable ducts of metal, and metal securing straps

GOODS AND SERVICES INFORMATION

For Medical apparatus and instruments, namely, orthopaedic apparatus and instruments, as well as devices to capture body data in the nature of 3D-scanners or positioning tools for medical purposes; apparatus, devices and articles for babies, namely, non-invasive cranial orthosis in the nature of helmets used to reshape cranial deformities; artificial limbs; orthopedic articles, in particular joint prostheses and orthoses in the nature of orthopedic braces and supports, customized orthopedic liners, additive manufactured orthoses and sockets; therapeutic and assistive devices adapted for disabled persons, namely, walking frames for disabled persons

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Advertising services and consulting; business management; business administration assistance, including such services provided on line or via the internet; providing office functions; retail store and wholesale store services featuring medical products and orthopedic articles; all of the aforementioned services in this class not for or in connection with information on pharmaceutical products and therapies, in particular databases on pharmaceutical products and therapies

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Medical services; hygienic care for human beings; all the aforementioned services in this class not for or relating to information on pharmaceutical products and therapies, in particular databases on pharmaceutical products and therapies

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Custom 3D printing for others; contract manufacturing and processing of medical instruments and apparatus, artificial limbs and orthopedic articles, as well as of therapeutic and assistive devices adapted for disabled persons

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific and technological services and research and design relating thereto, namely, scientific research and development in the field of prosthetics and orthotics, capturing body data and analysing movements and the provision of simulations as well as providing databased model libraries and digital measurement reports; product design, namely, new product design services; design of models and prototypes of prosthetics and orthotics, in particular using rapid prototyping techniques and 3D-printing; computer-aided design services; all the aforementioned services in this class not for or in connection with information on pharmaceutical products and therapies, in particular databases on pharmaceutical products and therapies

Mark Literal(s) BITTEROMA ROMA BITTER DELLA PACE

CASE IDENTIFIERS

Serial Number 79279466 **Application Filing Date** Jan. 16, 2020 **Register** Principal **Mark Type** Trademark **Publication Date** Jun. 23, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a turquoise bottle label. At the top, a tan banner carrying the red wording "BITTEROMA" appears. The "R" in "BITTEROMA" is black. A tan line extends from each side of the banner carrying "BITTEROMA", which run to the bottom of the label. At the bottom of the label, where the two tan lines would meet, the black wording "BITTER DELLA" appears to the left of the tan wording "PACE" inside a red rectangle. An artistic scene appears at the center of the label with the following elements: a black and tan jug, a black, orange, and yellow jug, a red and blue heart, a black, orange, and yellow picture frame, and various turquoise, tan, black, orange, and yellow geometric shapes. At the bottom of the scene, the black and orange wording "ROMA" appears. The white appearing in the artistic scene is claimed as a feature of the mark. The white appearing outside of the label is not claimed as a feature of the mark. **Color Drawing** Yes **Color Claimed** The color(s) turquoise, tan, red, black, blue, orange, yellow, and white is/are claimed as a feature of the mark. **Disclaimer** "ROMA" AND "BITTER DELLA PACE" **Translation** The English translation of "BITTER DELLA PACE" in the mark is "BITTER OF PEACE".

International Registration 1522882 **International Registration Date** Oct. 23, 2019

GOODS AND SERVICES INFORMATION

For Telecommunications and data networking hardware, namely, devices for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; telecommunications equipment, namely, fiber-optic transceivers, fiber optic repeaters, converters and optimizers, wave division multiplexers, free-space optics transmission systems, switches including ethernet switches and routers, fiber-to-the-home and ethernet-over-vdsl access aggregators, terminators and repeaters, and remote presence management products, namely, switches, and console, alarm, sensor and power management devices; pre-paid telephone calling cards, magnetically encoded; encoded electronic chip cards for identifying users of computers and mobile telephones; magnetically encoded debit and credit cards; electronic machines for reading credit cards and recording financial operations; integrated circuits; integrated circuit modules; integrated circuit cards and components; telephone apparatus; facsimile apparatus; computer peripheral equipment; computer equipment, namely, wireless cards; computer peripheral apparatus; computer hardware; downloadable and recorded computer software for connecting computers to telecommunications networks for use in the field of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; downloadable and recorded computer software for collection, editing, organizing, modifying, transmission, storage, and sharing of data and information for use in the field of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; computer peripheral devices; modems; computer hardware for upload, storage, retrieval, download, transmission and delivery of digital content; downloadable electronic publications in the nature of books, magazines, manuals, pamphlets, technical specifications in the field of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; apparatus for recording and reproduction of sound, images or data; apparatus for recording, transmission and reproduction of sound and images; apparatus for recording, transmission or reproduction of sound; multimedia software recorded on CD-Rom featuring materials in the fields of telecommunications,

business, data, design, software, analytics, cloud computing, security, computers, and information technology; audio discs featuring materials in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; video discs featuring materials in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; compact discs featuring materials in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; audio tape featuring materials in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; video tapes featuring materials in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; video transmission apparatus; apparatus and instruments for conveying, distributing, transforming, storing, regulating or controlling electric current; instruments and apparatus for controlling electric current, namely, electrical controllers for magnetic bearing control; mobile phones

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication and communication services, namely, telecommunication access services; telecommunication services, namely, providing internet access via broadband optical or wireless networks; transmission of message; transmission of information by electronic communications networks, namely, transmission of information, web pages, computer programs and other data; local, long distance and international voice, text, facsimile, video and data telecommunication transmission and broadcast services; transmission of sound, video and information; transmission of electronic mail; voice mail, text messaging, and instant messaging services; computer aided transmission of messages and images; providing information in the field of telecommunications; providing co-location services for voice, video and data communications applications; transmission of location-based messaging; facsimile communication; radio communication; mobile telephone communication; satellite communication; telephony communication; telephone communication services; cellular telephone communication; communication by computer terminals; wireless broadband communication; broadband radio communication services; communication by electronic computer terminals; communication via fibre-optic networks; communication by computer terminals, by digital transmission or by satellite; communication via radio, telegraph, telephone and television transmissions; television broadcasting consisting of pay, free to air and cable; broadcasting cable television, television, and radio programs; web casting services; data casting services; transmission of messages; electronic message transmission; electronic data transmission; electronic transmission of email; voicemail services; telecommunication services, namely, transmission services via the internet allowing users to download music, videos and data through telecommunication devices including mobile handsets; telecommunication services for the transmission of messages and data; provision of short message services (SMS) services; telecommunication consultancy services; rental of telecommunications equipment; rental of phone numbers, being, telecommunications services, namely, providing toll-free mnemonic telephone numbers; telecommunications services, namely, providing toll-free mnemonic telephone numbers; telecommunication services in the nature of providing telephone services with various telephone features, namely, a dedicated toll-free number, voicemail, multiple mailbox extensions, telephone message notification, fax capabilities, detailed call reports, call waiting, call identification, call forwarding, and message waiting; rental of equipment for telecommunications; rental of communications apparatus and implements; rental of telecommunications apparatus and installations; provision of internet access for others; electronic transmission of data and documents via computer terminals and electronic devices; electronic, electric, and digital transmission of voice, data, images,

signals, and messages; wireless electronic transmission of voice signals, data, facsimiles, images and information; streaming of data; telecommunications services, namely, streaming of video and audio via a global computer network to telecommunication devices and mobile handsets; providing user access to global computer networks; providing multiple user wireless access to the internet; providing multiple user access to the internet; internet services provider (ISP) services; wireless broadband communication services; telecommunication services, namely, local and long distance transmission of voice, data, graphics and video by means of broadband optical or wireless networks; telecommunication services, namely, transmission of voice, data, graphics, sound and video by means of broadband power line or wireless networks; telecommunications consultation; consulting services in the field of communications; consulting in the field of telecommunication services, namely, transmission of voice, data, and documents via telecommunications networks; television broadcasting consulting; radio broadcasting consulting; advisory services relating to telecommunications

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Computer programming services; consulting services in the field of cloud computing; computer software design, computer programming, and maintenance of computer software; software as a service (SAAS) services featuring software for capturing, analyzing, and generating data associated with communications for enhancing customer engagement and experience for use in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; software as a service (SAAS) services featuring software for storing, synchronizing, retrieving, caching, extracting, formatting, structuring, systematizing, organizing, indexing, processing, querying, analyzing, replicating and controlling access to data for use in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; software as a service (SAAS) services featuring software for monitoring and management of computer-based information systems and networks for use in the fields of telecommunications, business, data, design, software, analytics, cloud computing, security, computers, and information technology; computer technology consultancy in the field of telecommunications, business data, design, software, analytics, cloud computing, security, computers, and information technology; computer services, namely, remote management of the information technology (IT) systems of others; information technology consulting services; telecommunications technology consultancy; information technology (IT) consulting services; computer services, namely, remote management of information technology (IT) systems of others comprised of electronic messaging apparatus, software applications, computer hardware, and computer firmware; design and development of computer hardware and software; electronic data storage; electronic storage services for archiving databases, images and other electronic data; data encryption services; data encryption services for providing security and anonymity for electronically transmitted credit card transactions; computer security services, namely, restricting unauthorised access to hard drives, computer networks, and websites; computer security services, namely, restricting unauthorised network access by the media and users without credentials; data mining; computer security threat analysis for protecting data; computer programming and computer system analysis; computer system analysis; electronic storage services for archiving electronic data; computer code conversion for others; design and development of wireless computer networks; development of computer platforms; computer software development and computer programming development for others; design and development of on-line computer software systems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; design, creation, hosting, maintenance of websites for others; application service provider (ASP), namely, hosting computer software applications for others; computer software design; research and development of computer software; hosting of websites; website design; design, development and implementation

of software; maintenance, installation and repair of computer software; data security consultancy; rental of web servers; rental of computer software; development, maintenance and updating of a telecommunication network search engine; providing a website featuring on-line non-downloadable software that enables users to build websites and publish content; hosting an interactive website featuring technology that allows users to track website activity; hosting a website that gives computer users the ability to build their own websites and applications; data encryption and decoding services; computer services, namely, monitoring, testing, analysing, and reporting on the internet traffic control and content control of the web sites of others, being quality control; technical support services, namely, troubleshooting of computer software problems; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud, mobile or network resources based on assigned credentials; computer security service, namely, restricting access to and by computer networks to and of undesired websites, media and individuals and facilities; computer security consultancy; software design and development; design, development, installation and maintenance of computer software; design, maintenance, development and updating of computer software; installation of computer software; computer software installation and maintenance; installation, repair and maintenance of computer software; preparation, update, installation and maintenance of computer software; programming of computer software for others; computer programming and software design; computer software design, computer programming and maintenance of computer software; development of customised software for others for use in risk assessment, information security, business analysis, audit and audit planning, and sales management; testing of computer software; testing of computer hardware; testing of computers; computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; authentication, issuance and validation of digital certificates; computer security services in the nature of providing authentication, issuance, validation and revocation of digital certificates; internet protocol (IP) address verification services; development of software for secure network operations; computer diagnostic services; repair of computer software; installation, maintenance and repair of computer software; computer software consultancy; consultation about maintenance and updating of computer software; internet security consultancy

The literal elements "FOCUS" and "THE INTERNATIONAL" in green are imposed inside and outline the top of the white circle, and the two words are divided by a green vertical line. The literal element "S" in white and stylized lettering is superimposed in the middle of the green octagon seal. The literal element "FOCUS" in green is enlarged and placed to the right of the green octagon seal, with the literal element and design divided by a green vertical line. The literal elements "Foundation of Cannabis Unified Standards" in green are also placed to the right of the green octagon seal and green vertical line, as well as below the enlarged Green "FOCUS". A green horizontal line divides the enlarged green "FOCUS" and "Foundation of Unified Cannabis Standards," with the "FOCUS" above the "Foundation of Unified Cannabis Standards". The literal and design elements are all superimposed upon a white background. **Color Drawing** Yes **Color Claimed** The color(s) green and white is/are claimed as a feature of the mark. **Disclaimer** "THE INTERNATIONAL CANNABIS HEALTH & SAFETY ORGANIZATION" AND "ESTD 2014" AND "FOUNDATION OF CANNABIS UNIFIED STANDARDS"
