MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of three ancient Hebrew syllabic characters and one ancient Hebrew consonantal character (which script has not been used since 500 B.C.) which, on its face, displays the consonants YHWH, being the consonants constituting the Divine proper name. The mark is read from right to left; the three syllabic characters are on the right. The characters are partially surrounded by small unattached markings in the nature of stippling representing the artifact onto which the characters were inscribed. **Color Claimed** Color is not claimed as a feature of the mark. **Transliteration** The English transliteration of the ancient Hebrew characters in the mark is "Yo-Ho-Wa-H". This is a transliteration of the name that God chose for Himself in the Old Testament.

GOODS AND SERVICES INFORMATION

For Filters for medical applications, namely, filters for bodily fluids; filters for veterinary applications, namely, filters for bodily fluids; filters for blood and blood components for medical purposes; blood filters; blood filters for extracorporeal use; filtration membranes for use with filters for medical and veterinary purposes, namely, filters for bodily fluids; filtration membrane modules for use with filters for medical and veterinary purposes, namely, filters for bodily fluids; apparatus for purifying blood, namely, filters for blood and blood components for medical purposes; blood separation apparatus, namely, blood component separation apparatus for medical purposes; apparatus for blood analyses, namely, blood component separation apparatus for medical purposes, blood testing apparatus; blood testing apparatus; humidifiers for medical purposes

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Land vehicle parts, namely, reservoirs for windshield washer fluid; land vehicle parts, namely, reservoirs for brake fluid; land vehicle parts, namely, hydraulic oil reservoirs; land vehicle parts, namely, coolant reservoirs; land vehicle parts, namely, equalizing and compensating tanks for cooling fluid; plastic parts for vehicles, namely, exterior and interior plastic extruded decorative and protective trim; fitted covers for motors and engines for land vehicles; fitted design covers for motors and engines for land vehicles; covers for gear-wheels for land vehicles; valve chamber covers for crankcases for land vehicle components, other than for engines

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Filtering materials of non-woven textile fabrics for use in the further manufacture of filters; filtering materials of woven textile fabrics for use in the further manufacture of filters

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Printed matter, namely, pamphlets, periodicals, brochures, catalogues, printed advertising materials in the nature of posters, operating manuals, installation guides, user instructions, teaching materials in the nature of seminar documents, all in the field of filtration, software, vehicles, and machines; writing paper; packaging made of paper and cardboard; folding cardboard boxes; cardboard boxes; filter paper

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Filters for motors, engines, and industrial and agricultural machines; filter systems comprising filter housing and replaceable filter elements for motors, engines, and industrial and agricultural machines; filter elements for filter systems comprising filter housing and replaceable filter elements for motors, engines, and industrial and agricultural machines; liquid filters for motors, engines, and industrial and agricultural machines; filter elements for the aforesaid liquid filters for motors, engines, and industrial and agricultural machines; oil filters; oil filter systems comprising oil filter housing and replaceable oil filter elements; oil filter elements; gear oil filters being parts of motors and engines; fuel filters; fuel filter systems comprising fuel filter housing and replaceable fuel filter elements; fuel filter elements; in-line fuel filters; in-tank fuel filters; urea filters being parts of motors and engines; urea filter systems comprising urea filter housing and replaceable urea filter elements being parts of motors and engines; filter elements for urea filters being parts of motors and engines; filters for hydraulic fluids for motors and engines and industrial and agricultural machinery; filters for coolants for motors and engines; spin-on oil filters; filters for electric discharge machines; filter elements for electric discharge machines; liquid filters for machine tools, namely, for oil, hydraulic fluids, water, and process fluids; backflushing filters for mechanical purposes for liquids, namely, oil, hydraulic fluids, water, and process fluids; oil-water heat exchangers being parts of motors, engines, and machines; air filters being parts of motors, engines, and industrial and agricultural machines; air filter systems comprising air filter housing and replaceable air filter elements, being parts of motors, engines, and industrial and agricultural machines; air filter elements for the aforesaid air filters and air filter systems; intake-air filters as parts of air-intake systems for motors, engines, and industrial and agricultural machines, comprised of air filters, air intake ducts, and valves; oil mist separators; air-oil separator elements being parts of machines; aeration and ventilation filters for liquid tanks for motors and engines; vacuum filters for the installation in air and gas pipes as parts of machines; filters for vacuum pumps; filters for compressed air systems and air compressors; cyclones; centrifuges; dust separators; water separators being parts of vehicle engine fuel filters; oil separators; active acoustic components for engines and air intake ducts of engines, namely, resonators, sound absorbers, and non-electronic engine sound enhancing devices in the nature of sound transfer and transmission devices, intake noise amplifiers, symposers, sound pipes, resonator tubes; passive acoustic components for engines and air intake ducts of engines, namely, resonators, sound absorbers, and non-electronic engine sound enhancing devices in the nature of sound transfer and transmission devices, intake noise amplifiers, symposers, sound pipes, resonator tubes; resonators being parts of machines, motors, and engines; sound absorbers being parts of machines, motors, and engines for the attenuation of sound and absorption of vibration; vehicle parts, namely, air ducts; vehicle parts, namely, clean air ducts; vehicle parts, namely, raw-air ducts; flaps as parts of motors, engines, and machines, namely, orifice flaps, hot air flaps, cold air flaps, all being parts of intake manifolds for internal combustion engine; valves being parts of motors, engines, and machines; orifice flaps being parts of automotive

intake manifolds; throttle valves being parts of automotive intake manifolds; hot air flaps being parts of automotive intake manifolds; cold air flaps being parts of automotive intake manifolds; internal combustion engine parts, namely, pressure control valves for crankcase ventilation systems; exhaust gas recirculation valves; exhaust gas recirculation ducts; internal combustion engine parts, namely, crankcase ventilation systems; internal combustion engine parts, namely, closed crankcase ventilation systems; internal combustion engine parts, namely, air intake systems comprised of air filters, air intake ducts, and valves; internal combustion engine parts, namely, active air intake systems comprised of air filters, air intake ducts, and valves; internal combustion engine parts, namely, passive air intake systems comprised of air filters, air intake ducts, and valves; vehicle parts, namely, intake manifolds; vehicle parts, namely, active intake manifolds; vehicle parts, namely, passive intake manifolds; fitted covers for motors and engines not for land vehicles; fitted design covers for motors and engines not for land vehicles; covers for cylinder heads for engines; engine camshaft covers; vehicle engine parts, namely, valve chamber covers; vehicle oil pans; turbochargers for engines; charge air compressors being parts of internal combustion engines; active cooling distributors being parts of the radiator for vehicle motors and engines * for controlling the cooling agent and the temperature, depending on the respective motor conditions, such as number of revolutions and engine load * ; active cooling switches being parts of the radiator for vehicle motors and engines * for controlling the cooling agent and the temperature, depending on the respective motor conditions, such as number of revolutions and engine load * ; active cooling valves being parts of the radiator for vehicle motors and engines * for controlling the cooling agent and the temperature, depending on the respective motor conditions, such as number of revolutions and engine load * ; non-electronic sound transfer and transmission units being parts of vehicle motors and engines for the purpose of amplifying sound generated by an engine; vehicle engine parts, namely, coolant expansion tanks; non-electronic sound-symposer being parts of vehicle motors and engines for the purpose of amplifying sound generated by an engine; sound-pipes being parts of vehicle motors and engines for the purpose of amplifying sound generated by an engine; non-electronic intake noise amplifiers being parts of vehicle motors and engines for amplifying or modulating the intake noise in vehicle passengers compartments and outside the vehicles; resonator tubes for use with vehicle air intake systems for the attenuation of sound

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Filters for the purification of air, gases, and fluids as parts and components of domestic and industrial installations and vehicle cabins; Filter systems comprising filter housing and replaceable filter elements for the purification of air, gases, and fluids as parts and components of domestic and industrial installations and vehicle cabins; filter elements for the aforesaid filters and filter systems; drying apparatus for use in heating, ventilations systems, air conditioning systems, and refrigeration systems; air cooling apparatus; air ventilating apparatus, not for medical purposes; air conditioning apparatus; air filters for air conditioning, air ventilation, air purification, and air filtration for domestic use, industrial installations, and vehicle cabins; air filter systems, comprising air filter housing and replaceable air filter elements, for air conditioning, air ventilation, air purification, and air filtration for domestic use, industrial installations, and vehicle cabins; air filter elements for the aforesaid air filters and air filter systems; particulate air filters for air conditioning, air ventilation, air purification, and air filtration for domestic use, industrial installations, and vehicle cabins; dust filters for heating, ventilation, and air conditioning systems; fine particle filters for heating, ventilation, and air conditioning systems; gas filters for heating, ventilation, and air conditioning systems; cabin air filters for vehicles; cabin air filter systems for vehicles comprising filter housing and replaceable cabin air filter elements; cabin air filter elements for the aforesaid cabin air filters and cabin air filter systems; filters with activated

carbon for the purification of air, gases, and fluids as parts and components of domestic and industrial installations and vehicle cabins; activated carbon filter elements for the aforesaid activated carbon filters; filters for the filtration of liquids and gases as component parts of domestic and industrial installations; air purifiers; air dryer cartridges for drying and de-oiling of gas flows as components of industrial installations; water filters; water treatment units, namely, water filtration and purification units and replacement cartridges and filters therefor; water preparation units, namely, water filtration and purification units and replacement cartridges and filters therefor; apparatus and devices for ion exchange, namely, ion exchange filtering units for domestic, commercial, and industrial use; filter membranes being parts of liquid and water filtering apparatus; polymer membranes being parts of liquid and water filtering apparatus; ceramic membranes being parts of liquid and water filtering apparatus; flat membranes being parts of liquid and water filtering apparatus; hollow fibre membranes being parts of liquid and water filtering apparatus; membrane modules for liquid and water filtration; hollow fibre membrane modules for the filtration of liquids; spiral wound membrane modules for the filtration of liquids; tubular membrane modules for the filtration of liquids; submerged membrane modules for the filtration of liquids; membrane cleaning apparatus in the nature of filter membranes for the purification of water and being parts of the aforesaid membrane modules and membranes; apparatus, units and devices for the treatment, preparation, purification and filtration of water; reverse osmosis elements for reducing the brackishness of water for industrial and domestic use; reverse osmosis elements for reducing the salt content of water for industrial and domestic use; installations for waste water treatment using osmotic processes, namely, reverse osmotic filtration units and reverse osmosis purification units; water treatment equipment, namely, reverse osmosis filtration units; water treatment equipment, namely, reverse osmosis purification units; filters for drinking water; water purifying units for producing drinking water for domestic, commercial and industrial use; liquid distribution apparatus consisting of ducts and valves being component parts of water treatment units for aerating and circulating liquid; gas distribution apparatus consisting of ducts and valves being component parts of gas purification machines; humidifiers for industrial purposes; filters for cooling water systems; washer system filters; disc filters; filters for gaseous substances; filters for ventilation systems; gas filters, namely, hydrocarbon absorbers; oil-water heat exchangers, other than parts of machines; humidifiers for fuel cell systems; gas to gas humidifiers for fuel cell systems

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Training courses in the field of pollution control, pollution detection, and filtration; continuing education courses in the field of pollution control, pollution detection, and filtration; provision of training courses in the field of pollution control, pollution detection, and filtration

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Business management; advertising services; marketing services; sales promotion; employer brand management for businesses and individuals; electronic collection of data for business purposes in the fields of pollution control, pollution detection, and filtration; [systematization of data in computer databases;] analyzing and compiling data for business purposes

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance and repair of motors, engines, machines and vehicles; installation, maintenance and repair of filters and filtration units for liquid and gaseous substances; installation, maintenance and repair of drying apparatus, cooling apparatus, cooling installations, air conditioning apparatus and air purification apparatus for use in heating, ventilation systems, air conditioning systems; installation, maintenance and repair of water treatment equipment, namely, water filtration and purification units; installation, maintenance and repair of building automation units; installation, maintenance of the operating state and repair of environmental protection systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Mobile apps, namely, computer application software for mobile phones for use in database management, use in electronic storage of data, data analysis, vehicle management, managing vehicle maintenance and service, machine management, and managing machine maintenance and service; computer software for data processing; predictive maintenance software; servers for home and building automation systems; sensors and detectors for measuring and monitoring data of vehicle and vehicle part conditions and machine and machine part conditions; air pollution measuring devices, namely, air quality measuring and analysis apparatus; filters for non-medical respiratory masks; diagnostic equipment, not for medical purposes, being a diagnostic apparatus for determining the status and condition of vehicles and vehicle parts, and machines and machine parts; examination equipment in the nature of an apparatus, not for medical purposes, for examining the status and condition of vehicles and vehicle parts, and machines and machine parts; monitoring equipment being an apparatus comprised of electronic sensors, not for medical purposes, for monitoring the status and condition of vehicles and vehicle parts, and machines and machine parts; battery frames for holding lithium-ion battery cells; thermostats; thermostat housings; electrical filter change indicators as parts of filters, filter systems, and filter elements for monitoring the filter load status; analogue and digital filter change indicators as parts of filters, filter systems, and filter elements for monitoring the filter load status; mechanical and electronic filter change indicators as parts of filters, filter systems, and filter elements for monitoring the filter load status

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Wireless transfer of data via digital mobile telephony and the internet; telecommunication access services, namely, provision of access to data in telecommunication networks

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Air freshening; air treatment, namely, improvement of air quality through air purification, freshening, and deodorizing; air purification; water treatment; water purification; liquid processing services, namely, filtration of liquids in the nature of oil and fuel; filtration of gases; rental of air purification apparatus; rental of water purification apparatus; rental of cooling apparatus; rental of cooling installations; rental of air conditioning apparatus

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific research and development services; design and development of testing and analysis methods for others in the field of pollution control and pollution detection; engineering; programming of computer software for evaluation and calculation of data; computer services, namely, cloud hosting provider services; environmental quality monitoring services in the field of pollution control and pollution detection; consultancy services relating to research in the field of environmental protection; environmental testing; environmental inspection; advisory services relating to pollution control, namely, pollution prevention and detection; technical consulting in the field of pollution detection; technical analysis of data in the field of pollution control and pollution detection; electronic storage of data; remote monitoring services of motors, engines, machines and vehicles to determine adequate functioning and effective operation control; remote monitoring services of filters and filtration units for liquid and gaseous substances to determine adequate functioning and effective operation control; remote monitoring services of drying apparatus, cooling apparatus, cooling installations, air conditioning apparatus, and air purification apparatus for use in heating, ventilation systems, air conditioning systems to determine adequate functioning and effective operation control; remote monitoring services of water treatment equipment, namely, water filtration and purification units to determine adequate functioning and effective operation control; remote monitoring services of building automation units to determine adequate functioning and effective operation control; remote monitoring services of the operating state of environmental protection systems to determine adequate functioning and effective operation control; commissioning, namely testing and inspection of motors, engines, machines, and vehicles; commissioning, namely, testing and inspection of filters and filtration units for liquid and gaseous substances; commissioning, namely, testing and inspection of drying apparatus, cooling apparatus, cooling installations, air conditioning apparatus, and air purification apparatus for use in heating, ventilation systems, air conditioning systems; commissioning, namely, testing and inspection of water treatment equipment, namely, water filtration and water purification units; commissioning, namely, testing and inspection of building automation units; commissioning, namely, testing and inspection of environmental protection systems
