For Non-electric milk frothers; non-electric plunger style coffee makers; coffee scoops; milk jugs; non-electrical coffee grinders

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Small electronic appliances for household purposes, namely, coffee grinders, juice extracting machines, milk frothers; beverage preparation machines, electromechanical; temperature-controlled food and beverage dispensing units in the nature of vending machines; small electronic appliances for household purposes, namely, electric mixers for household purposes, electric mixers for café gastronomy purposes and electric mixers for restaurant gastronomy purposes; parts and components for all before mentioned goods, namely, liquid cleaning filters being machine parts for electric mixers for mixing milk and air, pressure regulating valves being machine parts, dispensing valves being machine parts, metal liquid and air pipes being machine parts

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Electric coffeepots, steam generating apparatuses, in the nature of steam generators, and electric milk frothers for commercial and household purposes; electric esxpresso coffee machines; parts and components for all before mentioned goods, in particular coffee filters not paper being part of electric coffee makers; electric food and beverage warmers; plumbing fixtures, namely, sink sprayers

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Cleaning, scouring, polishing and scale removing preparations for household purposes; cleaning, scouring, polishing and scale removing preparations for gastronomy purposes in the nature of café purposes and restaurant purposes

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Adjustment, maintenance and repair of small electronic appliances for household purposes and electric coffee makers, steam generating apparatus and milk frothers for commercial and household purposes

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

GOODS AND SERVICES INFORMATION

For Entertainment services, namely, providing non-downloadable playback of music via global communications networks; organizing community sporting and cultural events; entertainment services in the nature of recording services in the field of music; entertainment services in the nature of recording, production and distribution of films, video and audio recordings, radio and television programs for others; music production and music publishing services; music entertainment services, namely, live musical performances; music video production services; providing information relating to entertainment and education provided on-line by a computer database or provided on the Internet; services in the field of entertainment, education and training, namely, conducting programs featuring recreational activities, literacy training, art events and sport events for children in foster care, via the Internet; organizing film, music, sports, video, theater festivals for cultural or entertainment purposes; production of audio entertainment recordings; entertainment, namely, life performances by a music band; organization, presentation and production of live music events, shows and concerts for entertainment purposes; organization and conducting of competitions in the field of entertainment, education, culture, sports, and other non-business and non-commercial fields and providing recognition and incentives by the way of awards to demonstrate excellence in the afore mentioned fields; publication of digital video, audio and multimedia entertainment services; providing information in the field of music; providing information, comments and non-downloadable articles on music via the computer network

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Management and updating of data in computer databases; analysis and evaluation of data in computer databases for business purposes; services in connection with a database management, namely, data collection, organization and systematization; data processing services; maintenance of databases, especially updating of content

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Computer software for use in music database management; computer programs for processing digital music files; computer programs for creating music and sound; software for creating and administering a musical platform; downloadable music files; downloadable video recordings featuring music; compact disks, audio tapes and optical disks featuring music; apparatus and instruments for recording, transmitting and reproducing sound and images; magnetic recording media and sound recording disks featuring music; compact disks, DVDs and other digital recording media in the nature of downloadable audio and video recordings, digital discs featuring music; pre-recorded video disks featuring music; prerecorded video tapes featuring music; ring tones, graphics and music downloadable via global computer networks and wireless devices; audio recordings featuring music; software for the transmission, storage, shared use, collection, editing, formation and modification of sound, images, music and messages; software for use in database management software; software for the streaming or downloading of music, films and images

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Provision of access to musical databases; provision of user access to computer networks, Internet platforms, databases and electronic publications stored electronically in central files for remote consultation; provision of access to databases in computer networks; providing on-line chat rooms for social networking; transmission of messages, data and audio and video content via the Internet and wireless and telecommunications networks; transmission of sound and visual recordings over global computer networks; video transmission via digital networks; transmission of database information via telecommunications networks; services of a computer network operator, namely, providing large numbers of users of digital networks, data networks and global computer networks and the Internet access to global computer information networks for the transfer, dissemination and download of a wide range of information

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Application service provider (ASP), namely, hosting computer software applications of others via computer networks, the Internet, telecommunication networks and mobile data services; design, maintenance and updating of computer software; website design and hosting of for others; computer database design; website creation, design and maintenance; design and development of digital sound and image media

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Single- and multi-component dental plastics in raw condition and as semi-finished goods, namely, plastic materials for making dental impressions; materials for dental and dental technology purposes, namely, impression materials, investment compositions used for casting, and modeling wax; adhesive cements for dental prosthetics; synthetic dental resin for producing artificial teeth, tooth filling materials, dental prostheses, dental crowns, dental bridges and palatal plates; dental impression materials; synthetic dental resin for producing artificial teeth, tooth filling materials, dental prostheses, dental crowns, dental bridges, synthetic dental resin for producing medical prostheses, surgical prostheses and orthopedic prostheses and parts thereof; denture plastics; materials for the production of artificial teeth, inlays, onlays; preparations for dentistry and dental technology, namely, dental cement, dental fillings; denture plastics for the production of dental prosthetic parts; denture plastics for the production of orthodontic apparatus and instruments; ceramic, plastic and dental cement materials for the production of dentures; ceramic, plastic and dental cement materials for the making dental frameworks; adhesives and bonding agents for dental purposes; etching and sealing agents for surface treatment of teeth; tooth filling material; impression, duplicating, investment and modeling materials for dental and dental technology purposes, namely, plaster, silicone, rubber, polymerizable plastic material and modeling wax for dental purposes; bonding agents for dental and dental technology purposes; denture material, namely, dental composite materials; dental cements; dental ceramics in liquid, pasty or powder form, in particular for the production and restoration of dental prosthesis parts, such as crowns, bridges, teeth, tooth facets, prostheses, parts of prostheses, palatal plates, inlays, onlays, veneers, as veneering material and filling material; dental glasses being a component of teeth filling material; dental alloys, namely, metal alloys and solders for dental and dental technology

purposes; modeling cast plasters for dental purposes; veneering material for dental purposes; dental alloys; dental gold; dental alloys, namely, non-precious metal and precious metal alloys for dental and dental technology purposes; tooth filling material; dental metal alloys, specifically titanium, cobalt-chromium for dental purposes; dental ceramics in the form of semi-finished goods, namely, milling blanks, white compacts, green compacts, denture material; dental ceramics in the form of semi-finished goods in liquid form, in the form of powder and in the form of chips, foils, plates, rods, circular cylindrical plates, cubes, cuboids, blocks, tubes, bands, strips, rings, pipes and profiles; dental ceramics in the nature of zirconium oxide for the production of prostheses; dental preparations for coloring teeth; adhesive cement for dental purposes; etching and sealing agents for surface treatment of teeth; low viscosity, flowable dental restorative and adhesive materials; dental polish, namely, polishing agents for dental and/or dental technology purposes; pharmaceutical products, namely, antibiotics, chemotherapeutic agents and anti-infective agents, the preceding goods exclusively for dental applications; pharmaceutical preparations, in particular local anesthetics, surface anesthetics; gold alloys for dental purposes; precious metal alloys for dental purposes; cast filling material made of gold alloys for dental purposes; white alloys for dental purposes; medical aids in the form of veterinary preparations for hoof care, in particular for bovines and horses; veterinary materials made of semi-processed resins, namely, cement for animal hooves and hoof coatings; veterinary resins in the form of polymerization liquids and pastes for use as cement for animal hooves and hoof coatings

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Dental fixtures, namely, crown plates, crown bands, angle clasps, cross clasps, tooth facets, made of gold and/or gold alloys and solders for connecting said parts for dental purposes; milling cutters for dental purposes; instruments and apparatus for dentistry and dental technology, namely, dental instruments for use in casting, injection of dental materials, sintering of dental ceramics, CAD/CAM processes, for taking dental impressions, for analyzing occlusion and for polymerization of dental materials; dental instruments, namely, hemostats that clamp blood vessels to diminish and halt blood flow; crown and bridge removers; dental surgical instruments; dental instruments for installing dentures and artificial teeth; dental instruments and apparatus for the production of dental prostheses; orthodontic instruments and apparatus, in particular bite splints, brackets, orthodontic plates; equipment for processing, repair and selection of dental materials, in particular equipment for dosing, mixing, forming of dental materials and for surface treatment and surface processing of dental materials; dental equipment namely, orthodontic and oral brackets made of metal and/or plastics for dental work-pieces during the processing as aids for dental purposes; dental casting molds as aids for dental purposes; artificial teeth, dental crowns, dental bridges, dentures, dental inlays, dental onlays, dental veneers, partial dental crowns and parts of dentures; dental instruments and apparatus, namely, irradiation equipment and polymerization equipment for the curing of plastics for dental purposes; dental instruments, namely, sand blasting, air blasting and inorganic particle blasting equipment for dental purposes; dental parts for tooth reconstruction, namely, superstructures and fins for tooth reconstruction; dental pins, dentures, dental abutments, parts of dental prostheses, artificial implants for use in oral surgery and dentistry; elements for denture build-up; materials for tooth reconstruction, in particular artificial teeth, dental crowns, dental bridges and bars as material for odontology and tooth implant systems; dental implant screws; dental and dental technological instruments and apparatus for the production and repair of crowns, bridges, prostheses and parts of prostheses; orthodontic apparatus and instruments, namely, orthodontic appliance and brackets; dental apparatus for dimensional measurement, namely, 3D dental scanners and replacement parts therefor dental modeling instruments and apparatus, namely, dental intra-oral cameras; dental equipment and instruments for the processing of

dental material, namely, dental drills dental instruments for use in injection and pressing of dental material for use in dental procedures; light cured pre-shaped parts of dentures for restoring teeth; dental instruments for use in dental procedures, namely, irradiation, equipment and polymerization equipment for use in curing dental veneers for dental purposes surgical, medical, dental and veterinary instruments and apparatus namely, needles and syringes for local anesthesia dental scanner replacement parts, replacement parts of computer aided design equipment for dental work, needles catheters, infusion and transfusion kits for medical purposes, in particular as disposable articles dental instruments for use in dental procedures, namely, irradiation equipment and polymerization equipment for the curing of dental plastics and parts of said equipment; instruments and. apparatus for dental purposes namely, injection needles and syringes for local anesthesia; syringes needles, catheters, infusion and transfusion apparatus for medical purposes, in particular as disposable articles; electronic dental apparatus and instruments for use in dental technology and dentistry; dental and dental technology instruments and apparatus for dentures and artificial teeth, namely, vacuum pressure casting apparatus being for dental purposes, electroplating apparatus being for dental purposes, polymerization apparatus being for dental purposes, injection apparatus being for dental purposes, dental surgical instruments for installing dentures and artificial teeth; ultraviolet lamps and ultraviolet light sources for the curing of plastics in dental procedures; lasers for medical use, namely, laser ablation machines for medical purposes

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Milling machines and milling tool parts thereof; 3D Printers; machine parts, namely, clamping rings for mechanical equipment for the production of dentures; machine parts, namely, dust bowls for dust-reduced working technique being parts of machines for the production of dentures; suction machines and machine parts for dental laboratories for dust-reducing during the production of dental technology products; machine parts, namely, dust rings and filter sheets for dust-reduced working technique for use with machines for denture production; suction machines and machine parts for dental laboratories for suctioning of dust generated during the processing of denture materials; electric welding machines for denture production purposes; vacuum pumps

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Furnaces for the production of dentures; irradiation equipment for cosmetic purposes, namely, irradiation units for curing plastics not for medical purposes; irradiation equipment for radiation-polymerizable compositions, namely, irradiation units for curing plastics for manufacturing dental goods and technical goods; photopolymerization equipment for cosmetic purposes, namely, for the curing of dental plastics compositions, of orthodontic plastics, of nail varnishes, nail gels, and nail care products; ultraviolet lamps for the curing plastics in the field of dentistry and dental technology; photopolymerization equipment for use in veterinary medicine, namely, for the curing of dental plastics compositions; furnaces, in particular for wax burnout, for pre-heating, soft annealing, sintering and quenching and tempering of dental materials; melting and casting furnaces and parts thereof, in particular crucibles, muffles, sanitary ware; heating furnaces; sintering furnaces; equipment for heating, namely, accessories for furnaces; furnaces for the melting of metals

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Chemicals for industrial and scientific purposes; unprocessed liquid and pasty plastics in raw condition for repair of porcelain and sanitary ware; unprocessed synthetic resins; unprocessed pigmented synthetic resins; unprocessed synthetic resins for metallography; unprocessed synthetic resins for histology; unprocessed plastics for refinement of jewelry, in particular light-curing plastics for refinement of jewelry; zirconium oxide; unprocessed plastics; unprocessed one- and two-component plastics capable of solidification; unprocessed plastics for use in making impressions, modeling, and investment materials for technical and scientific purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Scientific, meteorological, electrical, electronic, optical, measuring and control apparatus and instruments, namely, optical 3D scanners, computers and data processing equipment for use in dental technology and dentistry; computers and data processing equipment for use in dental technology and dentistry; computer aided design and computer aided manufacturing software for the design and production of dentures, orthodontic apparatus or instruments; software far CNC processing of dental materials; software for use in designing dental technology goods and dentistry goods; software for the control of dental technical instruments, equipment and apparatus for dental technology and dentistry, namely, process control software for dentistry purposes; software for operating manufacturing machines for denture production; optical scanners; stands for cameras; measuring apparatus for technical purposes, namely, for measuring of surfaces in the dental and orthodontic areas; measuring apparatus for determining weight and volume dental materials; dosage dispensers, namely, dosimeters; automatic timers; laboratory equipment, namely, cuvettes; all of the foregoing for dental technology purposes

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Materials processing of plastics materials processing of ceramics; materials processing of metal alloys; materials processing in automated material removing processes, namely, processing of dental materials by means of drilling, milling, cutting, laser milling and polishing; materials processing in automated material constituting processes, namely, processing of dental materials comprised of plastics, ceramics, precious metals and non-precious metals and alloys by means of laser beams and printing; materials processing of dental materials by means of CAM processing; materials processing of dental alloys by means of laser beams, heat, milling, drilling, etching powder streams or jets of powder and polishing; materials processing of dental blanks, in particular comp rising zirconium dioxide, lithium disilicate, cobalt-chromium, titanium alloys; materials processing of dental ceramics and dental plastics in the form of semi-finished goods, such as blanks, white compacts, green compacts; materials processing of dental products, namely, dental restorations and parts thereof materials processing for the production of dental products, namely, dental restorations and parts thereof via 3-V printing dental technician services; dental laboratory services; custom manufacture of denture parts such as crown copings, inlays, onlays veneers or bridge frameworks, made of ceramics, dental plastics or dental metal alloys, by subcontract of other parties; dental technician services provided via warranty claims; dental technician services and dental laboratories services for the custom manufacture of denture parts such as crown copings or bridge frameworks, preferably made of ceramics, dental plastics or metal alloys, by subcontract by other parties

Mark Literal(s) EUROFINS DISCOVERX

CASE IDENTIFIERS

Serial Number 79248150 **Application Filing Date** Sep. 07, 2018 **Registration Number** 6104027 **Registration Date** Jul. 21, 2020 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** May 05, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of "EUROFINS DISCOVERX" with a vertical line between the terms and a dotted design to the left of the word "EUROFINS. DISCOVERX" is placed slightly lower than the word "EUROFINS". **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1440792 **International Registration Date** Sep. 07, 2018

GOODS AND SERVICES INFORMATION

For Diagnostic preparations for medical and veterinary use; chemical analysis reagents for medical and veterinary use; biological reagents for medical and veterinary use, namely, reagents used for immunological methods, for the identification and quantification of protein type structures and fragments thereof; diagnostic reagents for medical and veterinary use; chemical reagents for medical and veterinary use; oligonucleotides and polynucleotides for medical and veterinary use; synthetic genes for medical and veterinary use; oligonucleotide sequences for DNA microchips for medical and veterinary use; gene libraries, namely, collections and variations of DNA fragments for medical and veterinary use, genetic engineering materials, namely, genes, fragments and combinations thereof for medical and veterinary use

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Chemical preparations for discovery of new pharmaceutical products, not for medical use; diagnostic preparations used in science; diagnostic reagents for scientific use; test kits for analysis and diagnosis for scientific use and for use in the field of research, namely, reagents and buffers; chemical compounds for scientific use and for use in the field of research, and not for medical use, namely, oligonucleotides, polynucleotides, synthetic genes; oligonucleotide sequences for DNA microchips; gene libraries, namely, collections and variations of DNA fragments for scientific use; genetic engineering materials, namely, genes, fragments and combinations thereof for scientific use

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For DNA chips; peptide chips; DNA microchips; peptide microchips; biochips

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Research and development in the fields of animal and plant biology, physical chemistry and microbiology; carrying out physical, chemical, physical-chemical, biochemical, biological or microbiological analyses in the fields of plant and animal products; carrying out physical, chemical, physical-chemical, biochemical, biological or microbiological analyses in the field of the food, chemical, pharmaceutical, cosmetic and environmental industry; carrying out genetic analyses in the fields of plant and animal products; carrying out genetic analyses in the food, chemical, pharmaceutical, cosmetic and environmental industries; carrying out nuclear magnetic resonance analyses in the food, chemical, pharmaceutical, cosmetic and environmental industries; scientific and industrial research; development of methods, namely, establishment and maintenance of chemical, biological and biomolecular testing methods; providing scientific, medical or industrial expert reports by scientists and engineers in the field of chemistry, biochemistry, immunology, pharmacology, biology and physiology for scientists and engineers; technical project studies; professional consultations in the field of scientific research and treatments in the field of chemistry, biochemistry, immunology, pharmacology, biology and physiology

GOODS AND SERVICES INFORMATION

For Unprocessed and semi-processed material, namely, pitch, tar, bitumen and asphalt, stones, rock crystal, clay ash, non-metal minerals for building or construction, wood boards and artificial wood boards in the nature of board material made of polyethelene used as a wood substitute; structural parts of all the aforesaid goods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Chemical preparations and mineral substances, namely, activated carbon and ceramic materials in particulate form as filtering materials in liquid purification; chemical preparations in the nature of filtering materials for the oil processing industry; unprocessed plastics; adhesives for industrial purposes; fertilizers and chemicals for use in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; detergents for industrial use; detergent additives for fuels; chemical substances, chemical materials and chemical preparations, namely, degreasing and cleaning solvents; chemicals for absorbing oil; chemical engine treatment preparations and additives for engine oils, gasoline and diesel fuels, transmission fluids and cooling systems; chemical preparations in the nature of filtering materials for use in the oil processing industry, catalysts for use in the oil processing industry, catalysts for chemical and biochemical processes; salts for industrial purposes; unprocessed artificial and synthetic resins; starch for industrial purposes; fillers for use by decorators for absorbing liquid for adhesive use; all the foregoing excluding for water treatment use or purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Transportation information; delivery of goods; freighting services; freight forwarding; carting, namely, cargo handling services; storage of goods; collection of oily wastes inter alia oily filters, cans, bottles and similar goods, all for recycling purposes; collection of used oil for recycling; unloading cargo; providing information in the field of storage of goods; freight brokerage; physical storage of electronically stored data or documents; transport by pipeline; ship brokerage; marine transport; stevedoring; river transport by boat; freight transportation by rail; ferry-boat transport; barge transport; truck hauling; boat transport; transport and storage of waste; transportation logistics services, namely, arranging the transportation of goods for others; shipping of goods; transportation of fuels; transportation of goods; railway coach rental; railway truck rental; car rental; rental of storage containers; rental of warehouses; packaging articles for transportation; lighterage services; rental of vehicles and apparatus for locomotion by land, air, water and rail; rental of storage containers and shipping containers; rental of warehouse space; information and consultancy relating to the aforesaid services; all of the foregoing excluding transportation of passengers and energy resources

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Custom fabrication and preparation services, namely, 3D printing for others, acrylic finishing of vehicles, custom manufacture of biopharmaceuticals by pharmaceutical compounders, metal fabrication and finishing services for others, oil well prospecting in the nature of oil-spill treatment, lead working, custom moulding of concrete for others, boilermaking, custom manufacture of metal hardware, custom manufacture of molds for use in industry, custom color compounding of paint, metal stamping, blacksmithing, custom manufacture of molded components for use in industry, energy production; treatment and transformation of materials, namely, chemical treatment of textile, and working of leather and fur; recycling and waste treatment; printing, photographic developing and processing of cinematographic films; duplication of audio and video tape recordings; air freshening and purification; slaughtering of animals; rental of chemical processing machines; rental of air purification apparatus and equipment; information and consultancy relating to the aforesaid services

GOODS AND SERVICES INFORMATION

For Precious metals and their alloys

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Installation, maintenance and repair in relation to cables, cable networks, and components and systems connected thereto; providing consultation and information in relation to the electrical and electronic maintenance of cables, cable networks, and components and systems connected thereto

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electrical cables, wires, and conductors; electrical stranded wires; spun metal conductors in the nature of electrical wires; printed circuit boards; optical fibers; electrical cable sets comprising electrical cables and conductors; on-board electrical networks, namely, electrical modules comprising electrical cables, electrical wires, and electrical conductors; intelligent electronic cables with integrated sensor functionality; smart networks, namely, intelligent electronic cables for recording and analyzing information in relation to the cables and the networks, components and systems connected thereto; electric and piezoelectric sensors; electrical controllers for controlling electrical charge, voltage and current; electric and electronic measuring, checking, supervision and monitoring apparatus, equipment and instruments, namely, electronic controllers for initiating preventive maintenance and security-related shutdown in energy and data transmission networks; electric and electronic measuring, checking, supervision and monitoring apparatus, equipment and instruments, namely, microprocessors and integrated circuits for processing, transmitting and analyzing sensor data; electric and electronic apparatus and instruments, namely, microprocessors and integrated circuits arranged in intelligent cables and connectors for electric and electronic troubleshooting, measurement and analyzing-processes; cloud computer servers; data processing and transmission

equipment and components, namely, data processors; electric and electronic apparatus and instruments, namely, computer network switches and routers; recorded and downloadable network computer operating software; recorded and downloadable software for cloud computing and data analytics, for data transmission, for the simulation of data networks and data connections, and for visualizing energy consumption and other data with regard to intelligent cable systems; information technology computer hardware; information technology devices, namely, computer hardware, electronic and electric cables, electric connectors, electric couplings, transformers, and electronic signal transmitters for monitoring and controlling electricity with regard to intelligent cable systems and connection solutions for transmission of energy and data; measuring, detecting and monitoring instruments, indicators and controllers, namely, electric and piezoelectric sensors, microprocessors and integrated circuits used in intelligent cable systems and connection solutions for transmission of energy and data; scientific research and laboratory apparatus, namely, reflectometry meters, time domain reflectometers, voltage meters, current meters, electric and electronic cables, and embedded electric and piezoelectric sensors for measuring electrical transmission, cables and networks; educational apparatus in the nature of recorded and downloadable computer software for demonstrating, analyzing and simulating the thermo-mechanical behavior of different types of cables; recorded and downloadable software, namely, virtual electrical sensor software for determining parameters and conditions of data/energy transmission connections; shielded electrical conduits

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Insulating materials, in particular for electrical cables, wires, conduits, electrical data cables, optical cables, electrical conductors, optical fibers and fiber optic cables; flexible conduits, pipes, tubes and connecting elements therefor

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Technological consultancy in the field of electrical and electronic engineering and technical design of electrical and electronic networks, devices and systems; scientific research and engineering services involving the testing and analysis of technical data in relation to cables, cable networks, and components and systems connected thereto; engineering consulting services in the field of electrical and electronic systems involving the measuring, testing, monitoring, analysis and diagnostics of cables, cable networks, and components and systems connected thereto; computerized electronic data storage services in relation to cables, cable networks, and components and systems connected thereto; computer services, namely, cloud hosting provider services; technical consultation involving providing recommendations relating to the technical development of cable networks for network operators; engineering services; scientific research and technology research in the fields of computer networks and information technology; IT consulting and integration services, namely, development, programming and implementation of software and development of computer hardware; IT services, namely, website hosting on the internet; IT services, namely, software as a service (SaaS) featuring software for use in measuring, testing, monitoring, analysis and diagnosis of cables, cable networks, and electrical and electronic transmission components and systems connected thereto; IT services, namely, rental of software; IT services, namely, rental of computer hardware and computer hardware installations; IT services, namely, providing information in the field of IT consultancy; IT security consulting and integration services in the nature of protection and recovery of computer data, data duplication and conversion, data coding, and computer security threat analysis for protecting data; IT consultation services involving IT system research and development, and implementation of computers and computer systems; IT services, namely, computer project management; IT services, namely, data mining; IT

services, namely, digital watermarking; IT services, namely, computer design and development services; IT services, namely, computer network services involving the integration of computer systems and networks; IT services, namely, updating of computer software that controls the memory banks of computer systems; IT services, namely, data migration; IT services, namely, updating of websites, for others; IT services, namely, monitoring of computer systems by remote access to ensure proper functioning; IT services, namely, quality control for others; component and system design services for others with regard to intelligent cable systems and connection solutions for transmission of energy and data, in particular their monitoring and controlling

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys; goods of metal, namely, cables, wires, conduits, and stranded wires, not for electrical purposes; metallic foils for packaging

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

International Registration 1443393 **International Registration Date** Aug. 21, 2018

GOODS AND SERVICES INFORMATION

For Semi-conductor chips; electronic circuits; electronic circuit boards; computer hardware; computer servers; computer network server; internet servers; servers for web hosting; computer software for use in the field of information technology and deep learning that may be downloaded from a global computer network and for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence; computer software for PLD (programmable logic device) that may be downloaded from a global computer network and for use in developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence, all used in building software applications in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; computer programs for use in the fields of information technology and deep learning that may be downloaded from a global computer network and for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence; computer programs for use in PLD (programmable logic device) that may be downloaded from a global computer network and for use in developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence, all used in building software applications in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; computer software programs, downloadable from a global computer network, that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation

software platforms for artificial intelligence, all used in building software applications in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization, and machine learning; computer software applications, downloadable from a global computer network, that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence, all used in building software applications in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization, and machine learning

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Computer programming; technological consultancy in the field of computer programming; computer research, namely, research in the field of computer hardware and software; research and development services relating to computer hardware and software; rental of computers; providing computer programs on data networks, namely, providing temporary use of non-downloadable computer software for use in the fields of information technology and deep learning that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence; providing computer programs on data networks, namely, providing temporary use of non-downloadable computer software for PLD (programmable logic device) that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence, all used in building software applications in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization, and machine learning; rental of web servers; software as a service featuring software for use in the fields of information technology and deep learning that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence; software as a service featuring software for PLD (programmable logic device) that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence, all used in building software applications in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization, and machine learning; cloud computing featuring software for use in the fields of information technology and deep learning that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence; cloud computing featuring software for PLD (programmable logic device) that function as an application programming interface (API) for developing a computer programming artificial intelligence solution, namely, knowledge-based artificial intelligence software platforms, data analytics software platforms, and automation software platforms for artificial intelligence, all used in building software applications in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization, and machine learning; designing of machines, apparatus, instruments or systems composed of such machines, apparatus and instruments; design and development of computer hardware and software; design of computer chips, electronic circuits and integrated circuits; research

and development and consultation related thereto in the field of artificial intelligence

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of an airplane flying away from a broken circle design within which appears a design of a leaf, all in the color green. **Color Drawing** Yes **Color Claimed** The color(s) green is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1454100 **International Registration Date** Sep. 19, 2018

GOODS AND SERVICES INFORMATION

For Devices in the nature of systems and equipment enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing, namely, steering systems, steering systems comprised of a digital electronic controller, hydromechanical power unit including, hydraulic valving, power amplification, actuation, and damping components, mounting collar, tiller, and rubber pedal position sensors, steering actuators, hydraulic pump, steering wheels, power steering gear assembly, connecting rods, pedals, pitch trim actuator and electronic components, and electric taxiing, extension/retraction systems; devices in the nature of systems and equipment for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft, namely, braking systems, braking systems comprised of sensors, cylinders, brake discs, pedals, anti-skid system, comprised of a wheel sensor, central unit and control valve, auto-braking system, hydraulic or electric energy source and electronic components; devices in the nature of systems and equipment for cooling parts of the landing gear of an aircraft or elements used to control, analyze, manage, monitor, check, move, steer, slow or stop an aircraft during taxiing or during the phase prior take-off or subsequent to landing, namely, landing gears, wheels and brakes

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Motors, namely, aircraft motors, engines, namely, aircraft engines, actuators, namely, electrohydraulic actuators, emission reduction units, namely, electric taxiing systems, aviation drive trains enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing; motors, namely, aircraft motors, actuators, namely, electrohydraulic actuators, emission reduction units, namely, electric taxiing systems, and aviation drive trains to turn one or more wheels of an aircraft to enable it to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Educational services, namely, personnel training services to devices and mechanisms enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing; information and consulting on education, namely, relating to training with respect to devices and mechanisms enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing; organizing and conducting of educational colloquiums, conferences and congresses in the field of devices and mechanisms to move, steer, slow, stop an aircraft during taxiing or during the phase prior to take-off or subsequent to landing

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Maintenance and repair of motors, namely, aircraft motors, actuators, namely, electrohydraulic actuators, emission reduction units, namely, transmissions enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing; maintenance and repair of emission reduction units, namely, transmissions to turn one or more wheels of an aircraft to enable it to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing; repair and maintenance of electrotechnical, electronic or computer apparatus and instruments for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft, namely, landing gears extension/retraction systems, steering systems and braking systems; maintenance and repair of batteries; maintenance and repair of capacitors, electronic devices, namely, electronic controllers, electronic accumulators, electronic components, namely, test boxes, sensors, cards, namely, microchip cards, blank USB cards, enabling the collection, storage and restitution of the power generated while an aircraft is taxiing, or during the phase prior to or subsequent to landing, or prior to take-off; maintenance and repair of computer software for moving, steering, braking or stopping an aircraft during taxiing or during the phase prior to landing; maintenance and repair of computer software used for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft; repair and maintenance of devices in the nature of systems and equipment enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing, namely, steering systems, electric taxiing extension/retraction systems; repair and maintenance of devices in the nature of systems and equipment for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft, namely, braking systems; maintenance and repair of devices in the nature of systems and equipment for cooling parts of the landing gear of an aircraft or elements used to control, analyze, manage, monitor, check, move, steer, slow or stop an aircraft during taxiing or during the phase prior to take-off or subsequent to landing, namely, landing gears, wheels and brakes

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electrotechnical, electronic or computer apparatus and instruments for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft, namely, landing gears extension/retraction systems comprised of hydraulic or electrical power units, electrical and hydraulic actuators, sensors, uplocks, landing gears, clutches, clutch mechanisms and electronic components

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Conducting scientific and technological evaluations, assessments and research in the fields of science and technology provided by engineers; design and development of computer hardware and software enabling an aircraft to be moved, steered, slowed or stopped during taxiing or during the phase prior to take-off or subsequent to landing; design and development of computer hardware and software for controlling, analyzing, managing, monitoring or checking elements of the landing gear of an aircraft; research and development of new products for others; conducting technical project studies in the field of landing gears systems, electric taxiing, steering systems, braking systems; computer programming; technical consultancy relating to computers; conversion of computer programs and data other than physical conversion; conversion of data or documents from physical to electronic media

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

RELATED PROPERTIES INFORMATION

International Registration 1462975 **International Registration Date** Aug. 30, 2018

GOODS AND SERVICES INFORMATION

For Neither metal nor plastic valves for water pipelines; neither metal nor plastic anti-pollution valves for installations for drinking water; non-metallic rigid pipes for building; signaling panels, non-luminous and non-mechanical, not of metal

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Land vehicles; custom-built land vehicles intended for the detection of leaks in water systems; remote-controlled vehicles other than toys; unmanned land vehicles for inspections of equipment, installations, pipelines and equipment for distribution and the water supply

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Machines, namely, leak noise correlators with sensors, listening equipment to identify leakage-borne noises or for the location of the leakage spot, pipe inspection equipment to check pressurized pipes and pinpoint leakages; pressure regulators as parts of machines; speed governors for machines, engines and motors; industrial robots; boiler tubes as parts of machines; control cables for machines, engines or motors; clack valves as parts of machines; power tools, namely, drills; pistons as parts of machines, motors or engines; pressure regulators as parts of machines; turbines other than for land vehicles; hydraulic turbines, other than for land vehicles

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Plastic valves for water pipelines; anti-pollution plastic valves of plastic for installations for drinking water; non-metallic valves, other than machine parts, for the water supply; collars, not of metal, for fastening pipes; non-metallic fasteners for cables, connectors and sockets; cable supports made of plastic; clips, not of metal, for cables and pipes; transport or storage containers not of metal

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Boiler pipes and tubes for heating installations; faucets for pipes; taps for water distribution in the environment of water metering; plumbing fittings, namely, connection valves for drinking water; plumbing fittings in the nature of regulating and safety accessories, namely, straps, necklaces, tubes, tabernacles for water meters, water apparatus, water pipelines and heating installations; water filtering apparatus; filters for drinking water; water conduits installations; hydrants; fountains, namely, water dispensing terminals; water level sensors, namely terminals and water meter manholes; hydraulic back flow preventers for the protection of water distribution networks; humidifiers for central heating radiators; air valves for steam heating installations; expansion tanks for central heating installations; hot air apparatus, namely, air space heating apparatus for industrial purposes; steam boilers, other than parts of machines

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Supervision [management] of construction work; servicing, maintenance and repair of metal fittings, metal valves, metal control valves, other than machine parts, metal emission control valves, metal rails for water meter media, metal pipes and pipework, metal cables, metal signboards, smart meters, software, for managing circuit breakers, home automation equipment, switches and indicators, water level measuring, monitoring, regulating and monitoring water consumption, measuring apparatus and pressure indicators, ultrasonic flow meter, scientific level measurement sensors, temperature probes, not for medical purposes, metal detectors, leak detectors, fire engines, luminous signaling panels, apparatus and installations for distribution and water supply and sanitary purposes, faucets for pipes, valves, water meter connection valves for drinking water, regulating and safety belts, tabernacles, tubes, necklaces, for water meters and water apparatus and water pipes, water filtering apparatus, water intake apparatus, drinking water filters, water conduit installations, hydrants, water distribution terminals [water], visual terminals and water metering, back flow preventers hydraulic protection of water systems, apparatus and installations for heating, steam boilers other than parts of machines, non-metallic junctions and muffs for pipes, water pipes, non-metallic connectors for connection of drinking water taps, rubber valves, rubber joints, flexible non-metallic pipes and fittings, rings, fittings and sealing beads, non-metallic or non-plastic valves for water pipes, non-metallic or non-plastic valves for anti-pollution installations for drinking water, non-metallic rigid pipes for building, non-metallic road signs, plastic gaskets, plastic valves for water pipes, plastic anti-pollution valve installations for drinking water, non-metallic valves, other than machine parts, water distribution; all these services are in relation to water pipelines, ducts and installations; installation and maintenance of computer systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Radiation and acoustic detectors and apparatus for locating leaks, in particular in the water network, namely, sensors, probes, leak noise correlators with sensors, listening devices to identify leakage-borne noises or for the location of the leakage spot, pipe inspection devices to check pressurized pipes and pinpoint leakages; water meters; smart meters; breakers, namely, circuit breakers; water level indicators and level switches for monitoring and controlling liquids in water supply network; scientific, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, controlling (inspection) apparatus and instruments, namely, pipe inspection equipment for pinpointing purposes; inspection cameras; apparatus and instruments for measuring, monitoring, regulating and controlling water consumption; gages, recorders and regulators for the flow and pressure of drinking water; ultrasonic flow meter; level sensors for scientific measurement of liquid; temperature probes, not for medical use; mechanical or luminous signs distribution terminals; boiler control instruments; metal detectors; fire pumps; luminous signaling panels; electronic circuits

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Semi-processed plastic substances; Non-metallic pipe fittings and sleeves for the plumbing of pipes, water pipes; non-metallic connectors for taps for connecting to drinking water; clack valves of rubber for taps for connecting to drinking water; rubber seals for water meter; flexible pipes not of metal; packing, stopping and insulating materials of rubber or plastics; rings, fittings and sealing beads of rubber or plastics; insulators for cables; synthetic resins, semi-finished products; plastic boiler compositions to prevent the radiation of heat

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Scientific and technological services in the field of water supply, heating apparatus and sanitary installations, namely, engineering works in the nature of hydraulic engineering and design; water quality analysis; geological surveys; engineering; consultancy on environmental protection; scientific study of technical projects, expertise and technical audits in the field of engineering works in the nature of hydraulic engineering and design; research and development of new products for others; laboratory services, namely chemical analysis, biological and bacteriological research; quality control of services; industrial research and analysis services in the field of water supply; technical support services, namely, consultation in the field of engineering; design of offices; design, development, installation and maintenance of software for computer systems; design and development of hardware for computer systems; updating and installation of software; creation, hosting and development of websites; scientific and technological services, namely, scientific research, analysis, testing in the field of electronics; research and development services in the field of electronics; all the aforementioned services related to the field of the manufacture of connections and metering environment apparatus, installations equipment for the drinking water supply

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metallic connectors for water ducts and pipelines; metallic connector fittings for connecting taps for drinking water; metallic valves of water pipelines; metallic regulation valves, other than machine parts, for the water supply; metallic anti-pollution valves; metallic support rails for the water meter; pipework of metal; hinges of metal; ducts of metal for central heating installations; metallic repair sleeves; metal cables and pipelines; signage panels, non-luminous and non-mechanical, of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

Mark Literal(s) FESTIVE

CASE IDENTIFIERS

Serial Number 79261208 **Application Filing Date** Apr. 15, 2019 **Registration Number** 6104080 **Registration Date** Jul. 21, 2020 **Register** Principal **Mark Type** Trademark **Publication Date** May 05, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the stylized term "FESTIVE" in black and a yellow star above the letter "I". **Color Drawing** Yes **Color Claimed** The color(s) yellow and black is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1472812 **International Registration Date** Apr. 15, 2019

GOODS AND SERVICES INFORMATION

For Artificial Christmas garlands; artificial Christmas garlands incorporating lights; artificial Christmas wreaths; artificial Christmas wreaths incorporating lights; artificial plants, other than Christmas trees; pre-lit artificial Christmas garlands; pre-lit artificial Christmas wreaths

International Classes 26 - Primary Classes **US Classes** 37, 39, 40, 42, 50 **International Class Title** Fancy Goods

For Christmas stockings; synthetic Christmas trees; Christmas tree decorations; Christmas tree decorations and ornaments; Christmas tree ornaments; Christmas tree skirts; Christmas tree stand covers; Christmas tree stands; Christmas trees, artificial; Christmas dolls; Christmas tree decorations other than edible or for illumination; ornaments for Christmas trees, except illumination articles and confectionery; Christmas trees of synthetic material; Christmas trees of synthetic materials; artificial Christmas trees; artificial snow for Christmas trees; bells for Christmas trees; decorations and ornaments for Christmas trees; decorations for Christmas trees; and artificial Christmas trees; artificial snow for artificial Christmas trees; tinsel for decorating Christmas trees; toy Christmas trees

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Christmas lights, other than candles, namely, electric lights for Christmas trees; Christmas tree ornaments for illumination, namely, outdoor electric lighted Christmas-themed ornaments; electric lights for Christmas trees; decorative electric lighting for Christmas trees; electric lights for Christmas trees; lights, electric, for Christmas trees; ornaments for Christmas trees in the nature of electric lights

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Christmas trees

International Classes 31 - Primary Classes **US Classes** 1, 46 **International Class Title** Natural Agricultural Products

GOODS AND SERVICES INFORMATION

For Mechanical seals; pressure reducers as parts of machines; control valves for regulating the flow of gases and liquids, being parts of a machine; pumps control valves; valves as machine components; pressure valves as parts of machines; valves for pumps

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Water pipe valves of plastic, clips, not of metal, for cables and pipes; plastic boxes for containment and inspection

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Regulating accessories for water or gas apparatus and pipes; safety accessories for water or gas apparatus and gas meters, namely reverse flow check valves; air conditioning installations; heating installations; air conditioning installations and apparatus; water distribution installations, namely faucets; taps for pipes and pipelines being parts of sanitary installations; heating armature in the nature of heating elements; water filters; air filters for air conditioning units; air filters for industrial use; automatic temperature regulators; waste pipes for sanitary installations; flexible hoses in the nature of refrigerany hoses as parts of plumbing installations for bathrooms; boiler pipes in the nature of tubes for heating installations; air conditioning

units; air purification units; heating and gas installations, namely, dispensing valves parts; thermostatic valves as parts of heating installations; thermostatic valves for radiators; thermostatic valves as parts of heating installations for heating bodies; valves for plumbing and heating installations; air vent valves being valves for air conditioners; fans for air conditioning apparatus; heat pumps; heat exchangers, not being parts of machines; dehumidifiers; components for radiant heating installations, namely metal heat transfer plates; Heating systems for residential and commercial buildings comprised of boilers, valves, pipes, manifolds, control panel switches, and electrical wire, all sold as a unit

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Calorimeters; switchboxes; electrical cables; temperature indicators, level indicators; pressure indicators; electronic indicator boards; electric control panels; pressure gauges; thermostats; digital thermostats for climate control; downloadable software for the accounting of energy consumption, in particular of heat, water, gas and electricity consumption; thermostat controllers, namely, climate control systems consisting of digital thermostats and drying control devices; valve operators, namely automatic valves

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Water-tight rings for plumbing pipes; non-metallic pipe couplings; non-metal coupling for hoses; non-metal elbows for pipes; pipe muffs, not of metal; thermal insulation materials for pipes; fittings, not of metal, for flexible pipes; fittings, not of metal, for rigid pipes; flexible hoses, not of metal; multilayer flexible hoses, not of metal; valves of rubber

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Collars of metal for fastening pipes; manifolds of metal for pipelines; ducts of metal for ventilating installations; ducts of metal for air conditioning installations; metal pipes for heating; metal expansion joints for floors and walls; metal expansion joints for pipes and channels; elbows of metal for pipes; junctions of metal, alloy steel and titanium for pipes; metal hose fittings; metal pipes and tubes; flexible tubes of metal; valves of metal, alloy steel and titanium, other than parts of machines; water pipe valves of metal; nuts of metal; screws of metal; metal boxes for containment and inspection

GOODS AND SERVICES INFORMATION

For Commercial management of shops; online retail store services via the Internet for the bringing together, for the benefit of others, a variety of goods, specifically featuring mechanical power transmission products being roller bearings, bearings, linear guides, belts, pulleys, chains, sprockets, motors, couplings, pneumatic power transmission products being connector technology, jacks, distributors, air treatment, valves, and solenoid valves, hydraulic power transmission products being hoses, high pressure tooling, connectors, filtrations, automation and instrumentation products being detectors, controllers, safety, monitor, regulators, and equipment for vision, identification, and robotization, sensors, machining products, metal removal products being cutting tools, abrasives, equipment for metrology, machine tools and accessories, sealants being joints, rings, and braids, welding products for electric welding and flame welding, industrial and workshop material and equipment for lubrication, compressors, fastening and gluing equipment, machine consignment, pneumatic tools, equipment for lifting and handling, and workshop furniture, building and industrial fittings, tools being hand-held, portable electric, and electric, products and equipment for the sector of all building trades, namely, building materials, fitting hardware, bolts and screws, consumables being fasteners, glues, sealants, adhesives, cutting tools, abrasives, insulation and coating, tools being hand-held, portable electric and electric, measuring, monitoring, and tracking tools, workshop equipment being compressed air, welding equipment, machine-tools, lifting and handling equipment, site equipment being height access equipment, construction equipment, construction tools, and electricity equipment, construction products, plastics, cast iron, concrete, climatic engineering and engineering in sanitation-heating, tools for outdoor water and landscape facilities, metallurgical products, wire

drawing and enclosure equipment, industrial plastics, products and equipment for the water trades, swimming pools, swimming pool products, equipment for watering, pumping, water treatment, fountain, misting, landscape lighting, and swimming pool security, products and equipment for use in personal protection equipment and health and safety, for commercial purposes; administrative processing of purchase orders; Organization and conducting of product presentations, namely, presentation of products that are available for wholesale and retail sale, in the field of construction supplies, landscape supplies, water treatment supplies, water distribution supplies, and personal protective equipment, by means of the internet; commercial information and advice in the choice of products and services; demonstration of goods; advice in the choice and selection of products through the provision of commercial information and advice related to said products; preparing advertisements for others, namely, preparing video advertising and promotional videos for commercial and promotional purposes transmitted in printed form or via the Internet for all the goods and services of industry, building trades, the swimming pool sector, landscaped products and services, and security of persons and workers; business advisory services for others related to the provision of goods and equipment for industry trades, building trades, water and landscape trades, and goods for personal protection, health and safety; business advisory services for others related to the provision of products and equipment in the fields of irrigation and irrigation fertilization; business advisory services for others related to the provision of products and equipment in the field of heating and refrigerating installations and especially of heat pumps; business advisory services for others related to the provision of products and equipment in the field of installations related to water supply devices and sanitary installations; business advisory services for others related to the provision of products and equipment in the fields of agriculture, horticulture and forestry

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Supply chain logistics, namely, transportation and delivery of products and equipment for the industry trades sector, specifically, of mechanical power transmission products being roller bearings, bearings, linear guides, belts, pulleys, chains, sprockets, motors, and couplings, pneumatic power transmission products being connector technology, jacks, distributors, air treatment, valves, and solenoid valves, hydraulic power transmission products being hoses, high pressure tooling, connectors, and filtrations, automation and instrumentation products being detectors, controllers, and equipment for safety, monitoring, regulators, vision, identification, robotization, and sensors, machining products for the removal of metal being cutting tools, abrasives, metrology, machine tools and accessories, sealants being joints, rings, and braids, welding products being electric welding, and flame welding equipment, industrial and workshop material and equipment being lubrication, compressors, fastening and gluing, machine consignment, pneumatic tools, lifting/handling, and workshop furniture equipment, building and industrial fittings, and tools being hand-held, portable electric, and electric; Supply chain logistics, namely, transportation and delivery of products and equipment for the sector of all building trades, specifically, of building and fitting hardware, bolts and screws, consumables being fasteners, glues, sealants, adhesives, cutting tools, abrasives, insulation and coatings, tools being hand-held, portable electric and electric, and for measuring, monitoring, and tracking, workshop equipment being compressed air and welding machines, machine-tools, and lifting and handling machines, site equipment being height access equipment, construction equipment, construction tools, and electricity equipment, construction products, plastics, cast iron, concrete, climatic engineering and engineering in sanitation-heating equipment, outdoor facility equipment for water and landscaping, metallurgical products, wire drawing and enclosure products, and industrial plastics; Supply chain logistics, namely, transportation and delivery of products and equipment for the water trades, swimming pools, landscaping on garden and green

areas, specifically, of swimming pool products, and watering, pumping, water treatment, fountain, misting, landscape lighting, tools, and swimming pool security equipment; Supply chain logistics, namely, transportation and delivery of products and equipment for use in personal protection equipment, and health and safety

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Landscaping design services, gardening services

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Services relating to water treatment, namely, water treatment services; waste water treatment and purification services for the treatment of water containing sludge and sewage, and the provision of advice related thereto

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Engineering design services for the design of products and equipment for the industry trades sector, namely, design of mechanical power transmission products being roller bearings, bearings, linear guides, belts, pulleys, chains, sprockets, motors, and couplings, pneumatic power transmission products being connector technology, jacks, distributors, air treatment, valves, solenoid valves, hydraulic power transmission products being hoses, high pressure tooling, connectors, filtration devices, automation and instrumentation products being detectors, controllers, safety monitors, regulators, and equipment for vision, identification, and robotization, and sensors, machining products, metal removal products being cutting tools and equipment for abrasives, metrology, machine tools and accessories, sealants being joints, rings, braids, welding products for electric welding, flame welding, industrial and workshop material and equipment being for lubrication, compressors, fastening and gluing, machine consignment, pneumatic tools, lifting and handling, and workshop furniture, building and industrial fittings, tools being hand-held, portable electric, and electric, personal protection equipment, and equipment for health and safety; testing of machines, pumps, pipe fittings, motors and engines, electric and electronic apparatus, assemblies and installations consisting of aforesaid articles to assure compliance with industry standards; providing technical advice relating to machines, pumps, pipe fittings, motors and engines, electric and electronic apparatus, assemblies and installations consisting of aforesaid articles; technical research and development of new products for others, namely, industry trade sectors; study of engineering projects relating to products for the sector of all building trades, namely, conducting feasibility studies in the field of industrial engineering as it relates to buildings, fitting hardware, bolts and screws, consumables in the nature of fasteners, glues, sealants, adhesives, cutting tools, abrasives, insulation and coating, tools in the nature of hand-held, portable electric and electric tools, tools for measuring, monitoring, and tracking, workshop equipment in the nature of compressed air and welding equipment, machine-tools, and lifting and handling equipment, site equipment for height access, construction equipment, construction tools, and electricity, construction products, plastics, cast iron, concrete, equipment for climatic engineering and engineering in sanitation-heating, equipment for outdoor facilities for water and landscape, metallurgical products, wire drawing and enclosure equipment, and industrial plastics; engineering, project planning and design services for all products for water trades, swimming pool trades, landscaping on garden and green areas specifically, for building maintenance, heating and security of swimming pools, irrigation and watering equipment and devices, for the arrival and departure of water, pumping, treatment and disposal of water, fountains, misting, landscape lighting, goods in the field of agriculture, horticulture, forestry, creation of outdoor installations for water and landscape planning, maintenance of ponds, gardens, green spaces, artificial water canals and

bodies, and for climatic engineering and engineering in sanitation-heating; Scientific study and research in the field of installations for ponds, gardens and green spaces and artificial water canals and bodies

GOODS AND SERVICES INFORMATION

For Medical diagnostic testing instruments for processing and analysis of genetic samples primarily for single-cell genomic, transcriptomic, or proteomic analysis; medical and diagnostic apparatus for testing DNA and RNA samples, using gene expression tests, gene expression profiling assays, genetic information and data, protein biomarkers, clinical data, and/or demographic information; testing apparatus for medical purposes for testing DNA and RNA samples sold as a unit with downloadable bioinformatics and machine learning algorithm software and medical data software to support treatment decisions; medical testing apparatus for testing DNA and RNA samples and quantifying biomarker levels and relative expression of host response genes; medical apparatus and instruments for detecting tumor cancer, heredity and genetic diseases; medical testing apparatus for samples of body fluids, tissue and organs; genome machine for medical purposes, namely, apparatus for DNA and RNA medical testing; diagnostic apparatus for the detection of cancer, genetic or heredity diseases

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Downloadable and recorded computer software for data and document management, medical teaching; downloadable and recorded computer software and related downloadable databases for use in preparing and managing nucleic acid and protein assay analysis and for managing quality control, validation, interpretation, reporting, clinical decision support, data management, integration with medical records, physician portals, laboratory networking, professional healthcare and trial matching services all related to molecular and genomic analysis; downloadable and recorded computer software, namely, evidence-based decision support software used as an aid in the interpretation of variants observed in genomic sequencing data; downloadable and recorded computer software for evaluation of genomic variants in the context of software for searching and allocating published biomedical literature, professional association guidelines, publicly available databases and annotations,

drug labels, and/or clinical-trials; downloadable and recorded computer software for preparing, interpretation and managing of bioinformatics analyses, optionally combined with data management, graphical viewing and output options; downloadable and recorded computer programs and software for biological data mining; downloadable and recorded computer programs and software for developing bioinformatics database for others; bio-chips for research or scientific purposes; DNA-chips; RNA-chips; next-generation sequencing (NGS) data processor; bioinformatics data processor; computer hardware and downloadable and recorded computer software for collecting, storing, analyzing, visualizing, and interpreting bioinformatics, genomics, and phenomics data sets; computer hardware and downloadable and recorded computer software for the monitoring of pathogens; downloadable computer databases for bioinformatics, genomics, phenomics, microbiome, metagenomics, organism-and -pathogen-specific genotype records, and organism and pathogen-specific phenotype information; downloadable and recorded computer software for use in the integration, analysis and visualization of biomedically relevant information allowing users to explore compound, target, assay, biological pathway and disease information; downloadable and recorded computer software and databases for the analysis of genomes, exomes, targeted amplicons, transcriptomes, and epigenetic NGS sequencing data; downloadable and recorded computer software, software development tools, and visualization software modules, for analysis, discovery, verification, and validation of disease biomarkers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing medical information and medical advice in the fields of retrieval, integration, correlation, analysis and interpretation of genomic data, sequencing data and molecular data, diseases, biomarkers, drug protocols, drug interactions, clinical profiles, and medical and health information, records or data and patient-specific data, molecular test results, clinical trial data; medical consulting services in the fields of health, medical care, biotechnology, bioinformatics, life sciences, pharmaceuticals and medicine; providing medical information in the fields of health, healthcare, life sciences, biotechnology, pharmaceuticals and pharmaceutical safety, bioinformatics, and genetic testing for medical purposes; medical consulting services with respect to the treatment and diagnosis of individuals; providing medical information on drug safety and drug compatibility in relation to therapy and the treatment of individuals; medical consulting services in the fields of diagnostics and patient treatment and treatment protocols; medical consulting services in the field of genomics and biological sequence processing and analysis for medical diagnosis and treatment purposes; providing medical information for the purposes of medical diagnosis and treatment in the field of molecular genetics; identification and testing of DNA samples for health care purposes; health care services, namely, medical genomics and data science consultancy to provide optimal health and disease prevention or treatment to patients; providing health information relating to genetics and diagnostics via the Internet; bioinformatics analysis for medical diagnostic and personalized treatment purposes; nucleic acid analysis and screening for medical diagnostic and treatment purposes

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Providing temporary use of online non-downloadable software for use in collecting, organizing and managing data on bioinformatics, genomics, phenomics, microbiome, and metagenomics applications; hosting of computer databases featuring information relating to bioinformatics, genomics, phenomics, microbiome, metagenomics, organism- and pathogenspecific genotype records, and organism and pathogen-specific phenotype information; consulting relating to computer programming for acquiring, creating, sharing, managing, mining, analyzing, visualizing, interpreting and applying genomics and phenomics

records; providing scientific analysis in the field of next generation sequencing (NGS), namely, the analysis and interpretation of genomic data obtained from patients; providing an online, non-downloadable computer software platform for purposes of storing and providing information about an individual's disease profile and genomic changes to enable physicians and healthcare professionals to optimize treatment in clinical practice; providing temporary use of on-line nondownloadable software and applications for genome analysis, developing personal treatment strategies for patients with diagnosed cancer and other diseases or disorders; conducting early evaluations in the field of new pharmaceuticals; consulting services in the fields of biotechnology and pharmaceutical research; providing information about medical and scientific research in the field of bioinformatics to enable physicians and healthcare professionals to optimize treatment in clinical practice; computer programming services for medical reporting, namely, for creating, sharing, managing, mining, analyzing, visualizing, interpreting and applying genomics and phenomics records; scientific research services, namely, providing information relating to research in the field of specific molecular and genomic sciences for analytical and clinical purposes, for the treatment of cancer and other diseases and disorders and for individuals' responses to drug treatments; providing scientific advice in the fields of cancer biology, cancer treatment, pharmaceutical side effects, genomics, cancer medicine and translational medicine; providing scientific analysis in the field of next generation sequencing (NGS), namely, the analysis and interpretation of genomic data obtained from patients with cancer and other diseases and disorders

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a girl wearing a white bonnet with red and yellow ribbon embellishments. She wears a white dress that is red in part and features red, gold and blue ornamental details, white stockings with red embellishments, and yellow shoes with green and brown ornamental details and red ribbons. The girl has a brown and white face and brown hair with gold highlights, with the features of her eyes depicted in blue, white and black, her lips are red, her cheeks are red, her teeth are white and her hands appear in brown and white. The girl holds a red salami, which has flecks of white on the sliced tip, and is wrapped in a white wrapper which features a copy of the mark including two gold medals and red ribbons below the copy of the mark. Superimposed over the girl is a banner in which the front is red and dark red with gold trim and the back is gold and upon which the white wording "GAVRILOVIC" appears in stylized font above the white wording "FAMILY OWNED SINCE 1690.". All the aforementioned appears on a dark blue oval carrier which is bordered by two gold concentric oval borders on the outer portion of the dark blue oval carrier. On the inner portion of the dark blue oval carrier, behind the girl, is a gold oval carrier with two dark blue laurel leaves curving along the bottom right and bottom left portion of the gold oval carrier. Bordering the inner gold oval carrier is a dark blue oval border, followed by a gold oval border, followed by another dark blue oval border, followed by another gold oval border, and then a thicker dark blue oval border. Within this thicker dark oval border is the gold wording "WINTER SALAMI" in stylized font curving around the bottom portion of the thicker dark blue oval border. On either side of the girl on the thicker dark blue oval border are three parallel light blue lines curving along the dark blue oval border's inner portion. **Color Drawing** Yes **Color Claimed** The colors red, white, yellow, blue, gold, green, brown, black, dark red, dark blue, and light blue are claimed as a feature of the mark. **Disclaimer** "FAMILY OWNED SINCE 1690" AND "WINTER SALAMI"

Owner of International Registration Number 1485129 **International Registration Date** Jul. 02, 2019 **Date of Section 67 Priority Claim** Jan. 16, 2019 **Expiration Date** Jul. 02, 2029

EXAMINING ATTORNEY

Examining Attorney EINSTEIN, MATTHEW T

REASON FOR PUBLICATION

Trademark Registration Issued - Principal Register

Single Cellome

Mark Literal(s) SINGLE CELLOME

CASE IDENTIFIERS

Serial Number 79266372 **Application Filing Date** Mar. 07, 2019 **Registration Number** 6104228 **Registration Date** Jul. 21, 2020 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** May 05, 2020

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK **Disclaimer** "CELLOME"

RELATED PROPERTIES INFORMATION

International Registration 1485182 **International Registration Date** Mar. 07, 2019

GOODS AND SERVICES INFORMATION

For Cell chips; DNA chips; biochips for research or scientific purposes; pipette tips for laboratory use; bioreactor for cell culturing; automatic sampling equipment for laboratory use; medical laboratory research instruments, namely, DNA analyzation equipment; laboratory experimental machines and apparatus, namely, scientific apparatus for measuring relative DNA, RNA, and proteins; automatic pipetting device for laboratory use; photographic apparatus and instruments, namely, surveillance cameras, camera lenses; optical machines and apparatus, namely, optical filters, optical scanners, fiber optic couplers, optical microscopes, lens for optical microscopes; microscopes; biological microscopes; laboratory analyzer for biological substances and chemical substances, namely, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, or quantity of target chemicals, biologics, contaminants; biochemical analyzer, namely, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, or quantity of target chemicals, biologics, contaminants for scientific purposes; chemical analysis apparatus and instruments, namely, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, or quantity of target chemicals, biologics, contaminants for scientific purposes; gene analyzers, namely, laboratory devices for detecting genetic sequences; temperature indicators; gasometers being measuring instruments; pressure gauges; manometers; level indicators; refractometers; luminous flux meters; actinometers; hygrometers; illuminometers; speed indicators; calorimeters; viscosimeters; concentration meters; gravimeters; densimeters; dynamometers; flowmeters; precision measuring machines and instruments, namely, gas flow meters, data acquisition systems composed of sensors, measurement hardware, and a computer; automatic analyzing and measuring apparatus for immune system and their parts, namely, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, or quantity of target chemicals, biologics, contaminants; batteries and electrical cells; electric and magnetic meters and testers for testing voltage; electric wires and

cables; single-channel radio communication machines and apparatus for fixed stations; radio application machines and apparatus, namely, pressure transmitters wireless temperature transmitters, wireless gas detectors, wireless adapters, wireless media converter, wireless management station; radio machines and apparatus, namely, antennas; remote control telemetering machines and instruments; parts and accessories for telecommunication machines and apparatus, namely, antennas, cables, fuses, and switches; electrical battery monitoring apparatus; computer hardware and computer peripherals; semi-conductor power elements; electronic circuits, not including those recorded with computer programs; recorded computer software for use as a spreadsheet, word processing; computer servers; downloadable computer software for controlling and managing access to servers; computer programs, downloadable, for controlling and managing access to servers; industrial x-ray apparatus; magnetic object detectors; ultrasonic sensors; magnetic cores; resistance wires; fuel cell electrodes; downloadable image files containing data from surveillance cameras and microscopes; downloadable electronic publications in the nature of instruction manuals, catalogues in the field of measuring machines, monitoring machine, recording machines, analyzing machines, computers, and computer software

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Designing of machines, apparatus and instruments, including their parts, or designing systems composed of such machines, apparatus and instruments; plant engineering; design of computer automatic control apparatus; design of optical components; engineering machine design services; providing information on design, programming and maintenance of computer programs for protecting computer systems against unauthorized access to computers and providing secure networks; installation and configuration, in the nature of computer programming, of computer software; creation, update, installation and maintenance of computer software; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; design, creation and maintenance of computer programs and systems and providing advice relating thereto; design and development of computer networks and consultancy services relating thereto; advisory and consultancy services relating to installation of computer programs into equipment used in computer systems and maintenance thereof; consultancy in the design and development of computer systems; monitoring of computer systems by remote access to detect breakdowns and abnormality; design and development of computer software for evaluation and calculation of data; data conversion of electronic information; providing information on design and development of computers and computer programmes; design and development of computer software for use with medical technology; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; providing information on testing, inspection or research of DNA sequence for scientific research purposes; research services in the field of proteins, antibodies, microorganisms and cells; stem cell research services; research and development services in the field of cytology; working on and evaluation of chemical analyses; biomedical research services; conducting technical project studies, namely, conducting of feasibility studies in the field of new technologies; testing, inspection or research on agriculture, livestock breeding or fisheries; rental of measuring apparatus; rental of measuring or testing machines and instruments, namely, rental of measuring apparatus; providing computer programs in a communication network, namely, providing temporary use of online non-downloadable computer software for database management; rental of computers; rental of memory space on computer servers and providing information relating thereto; rental of web servers and providing information relating thereto; cloud computing featuring software for use in note taking and accessing remotely stored data for such applications; cloud computing featuring software for use in database management, for use as a spreadsheet and for word processing; cloud computing featuring software for use in the field of business decision

making, namely, software for monitoring and aggregating data from multiple sources and applying rules to discover patterns and trends in the data, for processing, filing, organization, modification, research, recalling and analysis of data and data statistics, for data warehousing and data analytics, for statistical analysis and statistical analysis reporting; rental of laboratory apparatus and instruments

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Belts for machines; dredging machines; construction machines, namely, bulldozers; forging machines; photoengraving machines; engines for boats; injection plastic molding machines; hydraulic machines, namely, jacks; couplings for machines; shaft couplings for machines; bearing housings for machines; shock absorbers for machines; connecting rods for machines, motors and engines; connecting rods for machines; power transmission belts for machines; bearings for machines; filters for oil and gas pipeline machines; brake linings for machines; bearing inserts for machines; mechanical seals being parts of machine parts; metal cutting machines; bending machines for metalworking; shredders being parts of machines for industrial use; planing machines for metalworking; bearings for transmission shafts, being parts of machines; clack valves, being parts of machines; hydraulic valve actuators; pneumatic valve actuators; dosing valves being parts of machines; valves being parts of machines; exhaust gas recirculation (EGR) valves for motors and engines; positive crankcase ventilation (PCV) valves for motors and engines; control valves for regulating the flow of gases and liquids being parts of machines; unloading check valves for the outlets of air compressors; automatic inlet control valves for reciprocating air compressors; linear actuators; incubators for eggs; stands for machines; construction machines and apparatus, namely, drilling rigs; mining machines and apparatus; glassware manufacturing machines and apparatus, namely, clamps for use in the precision clamping of work pieces; oil refining machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Oil pumping and extraction; pumping crude oil; oil well drilling; drilling for crude oil; water or oil well boring; oil extraction services; drilling and pumping of oil; oil and gas drilling; installation of apparatus for the production of oil; drilling of deep oil or gas wells; construction of oil drilling rigs; construction of oil pipelines; shipbuilding; underwater construction; construction of structures for the production of crude oil; construction of structures for the transportation of crude oil; construction of structures for the storage of crude oil; construction of structures for the storage of natural gas; construction of structures for the production of natural gas; construction of structures for the transportation of natural gas; installation, construction, maintenance, servicing and repair of energy and power generating apparatus, equipment and installations; installation, maintenance and repair of apparatus for processing metals; installation, maintenance and repair of metalworking machines; repair of installations for use in metal production, metal processing and metal working; providing information relating to the repair or maintenance of metalworking machines and tools; repair or maintenance of metalworking machines and tools and providing information relating thereto; installation, maintenance and repair of systems, machinery and apparatus for working and processing metals and sheet metal; repair of biogas plants and machines; installation of gas supply and distribution apparatus; installation, maintenance and repair of apparatus for supplying gas; pipeline construction and maintenance; machinery installation, maintenance and repair; installation, maintenance and repair of air blowers; maintenance of plumbing installations; maintenance of industrial machinery; maintenance of vehicles and machines; maintenance and cleaning of mining equipment; installation, maintenance and repair of industrial machinery; installation, maintenance and repair of measuring apparatus; installation, maintenance and repair of vacuum pumps; installation, maintenance and repair of oil separators; repair and maintenance of gas and electricity installations; repair and maintenance of mining machines; construction, maintenance, cleaning and repair services all in the field of oil pipelines; construction, repair, maintenance and installation services all in the field of oil pipelines; consultancy relating to installation, maintenance and repair services all in the field of oil pipelines; providing information relating to the repair or maintenance of industrial oil pumps; repair or maintenance of chemical plants; servicing, cleaning and repair of chemical apparatus, namely, chemical processing machines; providing information relating to the repair or maintenance of chemical plants; repair or maintenance of chemical plants and providing information relating thereto; providing information relating to the repair or maintenance of chemical processing machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of chemical processing machines and apparatus and providing information relating thereto

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Photography projectors; pressure recorders; flame detection apparatus, namely, fire detectors; video recording apparatus; video playback machines; naval signalling apparatus, namely, emergency LED signalling flares; cellular telephones; wireless telephony apparatus; signal transmission apparatus, namely, cables for optical signal transmission; signalling apparatus and instruments, namely, signaling whistles; photographic apparatus and instruments, namely, cameras; surveying apparatus and instruments, namely, tripods; optical apparatus and instruments, namely, optical sensors; microhardness testers; air analysis apparatus; phototelegraphy apparatus; data processing apparatus and computers; fuses for telecommunication apparatus; mobile telephone apparatus with built-in facsimile systems; automatic switching apparatus for telecommunications; digital telephone switching apparatus; gas testing instruments; interface cards for data processing equipment

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Oil prospecting; oil assaying; mineral and oil assaying; oil-well testing; exploration services to locate oil and gas; technical project studies in the field of oil drilling rig construction; tool design; design of machines, apparatus and instruments; design of computer programs; computer hardware and software system design; design of data processing systems; computer system design and analysis; design, development, maintenance and updating of computer software for word processing, data processing and process control; design of mechanical, electromechanical and optoelectronic apparatus and instruments; technological services in the field of oil and gas pipelines and research and design relating thereto; design consultancy in the field of oil and gas pipelines; research, development, design and upgrading of computer software; construction drafting; industrial research in the field of oil and gas pipelines; industrial research, development and testing in the field of oil and gas pipelines; industrial analysis and industrial research services in the field of oil and gas pipelines; industrial analysis in the field of oil and gas pipelines; consultancy in the field of industrial research of oil and gas pipelines; computer-aided industrial analysis of oil and gas pipelines; computer-aided testing services of oil and gas pipelines; consultancy in the field of scientific and industrial research of oil and gas pipelines; providing information about industrial analysis and research services in the field of oil and gas pipelines; design and development of computer hardware and software for industrial applications in the field of oil and gas pipelines; provision of information relating to industrial design in the field of oil and gas pipelines; industrial research, testing and analysis services in the field of oil and gas pipelines; computer-aided industrial design, research, testing and analysis services in the field of oil and gas pipelines; gas exploration; engineering services for the gas industry; exploration services in the field of the oil, gas and mining industries; engineering services relating to gas transport and supply systems

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Drain traps being valves of metal; water-pipe valves of metal; valves of metal, other than parts of machines; manually operated metal valves, other than parts of machines; metal pulleys, springs and valves, not including machine elements; metals and metal alloys; common metals, unwrought or semi-wrought; couplings and joints of metal for pipes; pulleys of metal, other than for machines; ores of metal; iron ores; chrome ores; cobalt ores; manganese ores; molybdenum ores; nickel ores; lead ores; copper ores; tin ores; tungsten ores; zinc ores; galena ores; valves of metal, other than parts of machines, made from alloy steel and titanium; cable joints of metal, non-electric; metal expansion joints for floors and walls; metal expansion joints for piping and ducting; couplings of metal for fire hoses

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

GOODS AND SERVICES INFORMATION

For Handheld machine tools for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; electric handheld machine tools for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; battery powered machines, namely, machines for working metal, wood, stone and plastics; rechargeable battery powered machines, namely, machines for working metal, wood, stone and plastics; battery powered machine tools for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; rechargeable battery powered machine tools for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; battery powered handheld machine tools for surface treatment, surface finishing, stone working, metal working plastics working and wood working; rechargeable battery powered handheld machine tools for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; mobile machine tools for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; mobile machine tools having a flexible shaft for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; electric handheld tools comprising a built-in drive motor for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; mobile machine tools for metalworking; mobile angle grinding machines; angle grinding machines for two-handed operation; mobile straight grinding machines; mobile machine tools for working metal surfaces; mobile burnishing machines for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; mobile sawing machines; mobile jigsaw machines; mobile sabre sawing machines; mobile circular sawing machines; mobile machine tools for surface treatment, surface finishing, stone working, metal working plastics working and wood working for refurbishing, renovating and modernizing purposes; mobile wall and ceiling grinding machines; mobile drywall screwing machines; mobile drywall sawing machines; mobile machines for surface treatment, surface finishing, stone working, metal working plastics working and wood working for refurbishing purposes; mobile

refurbishment grinding machines; mobile screwing machines; mobile impact wrench machines; mobile impact drill and driver machines; mobile drill and driver machines; mobile dry screwing machines; mobile drilling machines; mobile machine tools for surface working by grinding; mobile pipe grinding machines; mobile belt grinding machines; mobile milling machines; mobile milling machines for working stone; mobile wet milling machines; mobile wet milling machines for working stone; mobile wall chasing machines; mobile concrete sawing machines; mobile mixing machines; mobile concrete mixing machines; mobile agitating machines for mechanical mixing; mobile machine tools for working painted surfaces, namely, electric sanders, spray guns for paint; mobile polishing machines; mobile electrically powered vehicle polishing machines; mobile wet polishing machines; mobile wet polishing machines for working stone; mobile wet polishing machines for working concrete; mobile machine tools for working stone; mobile wet grinding machines; mobile wet grinding machines for working stone; mobile wet grinding machines for working concrete; mobile core and blind hole drilling machines; mobile dry grinding machines; mobile stone cutting machines; mobile electrically powered, namely, mains power dependent, battery-powered powered, machines for milling, polishing, grinding, sawing, cutting, screwing, drilling and agitating purposes; mobile electrically powered, namely, mains power dependent, rechargeable battery powered machines for milling, polishing, grinding, sawing, cutting, screwing, drilling and agitating purposes; stands for mobile electric machine tools; mobile dirt and dust extraction devices; milling, polishing, grinding, sawing, cutting, screwing, drilling and agitating tools for mobile machine tools; vacuum cleaners; vacuum cleaners in the nature of safety vacuums; ground working machines in the nature of earth moving and drilling machines; electric mowing machines; machines and apparatuses for agriculture, horticulture and forestry, namely, tilling machines for agricultural use, balers for agricultural use, agricultural seed planting machines; petrol-powered mowing machines; earth moving machines, namely, scarifiers; power-operated branch shears; branch cutting machines; power-operated tree shears, non-hand-operated; electric tree shearing machines; ground surface finishing and compacting machines for lawn and garden use; power-operated cultivators; electrically powered hedge shears; electric branch shears; electric tree pruning saws; electric garden machines, namely, electric leaf blowers, electric leaf vacuums, electric chain saws, electric verticutters, electric pressure washers, electric lawn rakes, electric hedge cutters, electric garden tillers; electric garden scythes; electric garden tools, namely, chippers, shredders, cultivators, lawn and garden edgers; electric shredders for industrial use; electric moss removers in the nature of an electric rake; electric lawn aerators; electric lawn edge cutters; electric lawn mowers; electric lawn trimmers; machines for horticultural purposes, namely, lawn and garden tilling machines; power lawn and garden tools, namely, shredding machines; power-operated hedge shears; lawn edge cutting machines; lawn mowers; lawn mower machines; lawn sweeping machines; lawn mowing robots; lawn cutting machines; lawn trimming machines; self-propelled mowing machines; machine tools and structural parts for the aforementioned goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Laser measuring apparatuses, namely, lasers for measuring; level measuring machines for surveying, namely, laser receivers; laser tripods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Hand tools, namely, polishing machines, files, grinding machines, planers, drills, shovels; tools for metal-working; burnishing tools for surface treatment, surface finishing, stone working, metal working, plastics working and wood working; saws; tools, namely, polishing machines, files, grinding machines, planers, drills, shovels for refurbishing, renovating and modernizing purposes; wall and ceiling grinding tools; drywall screwing tools; drywall sawing tools; tools for surface working by grinding; pipe grinding tools; belt grinding tools; milling tools; milling tools for working stone; wet milling tools; wet milling tools for working stone; wall chasing tools; concrete sawing tools; mixing tools in the nature of stirring sticks for mixing paint, adhesive, sealant, mortar; concrete mixing tools; agitating tools in the nature of stirrers; tools for working painted surfaces in the nature of polishing machines, grinding machines, drilling machines, sawing machines; polishing tools; vehicle polishing tools in the nature of polishing machines; wet polishing tools; wet polishing tools for working stone; wet polishing tools for working concrete; tools for working stone; wet grinding tools; wet grinding tools for working stone; wet grinding tools for working concrete; core and blind hole drilling tools; dry grinding tools; stone cutting tools; structural parts for the aforementioned goods; all aforementioned goods in Class 8 being hand-operated

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of thirteen white Japanese characters inside a gray rectangle. Two black Japanese characters outlined in white appear in middle of the mark to the left of the black wording "MADE" outlined in white. The white wording "OSAKA STEEL GROUP" appears at the bottom of the mark inside a gray rectangle. Behind all of the aforementioned elements, a red and orange diagonal oblong appears." With the exception of the white outlining appearing in the two Japanese characters and the word "MADE" in the middle of the mark, the white background is not claimed as a feature of the mark. **Color Drawing** Yes **Color Claimed** The color(s) colors gray, white, black, red, and orange is/are claimed as a feature of the mark. **Disclaimer** "OSAKA STEEL GROUP" **Transliteration** The non-Latin characters in the mark transliterate to to "OKYAKUSAMATOTOMONI" "SEIJITSU", "ANSHIN" and "SEICHOU" and this means "with our customers, honest, reliable and growth" in English. The non-Latin characters in the mark transliterate to "DAITETSU" and this has no meaning in a foreign language.

Mark Literal(s) 5 MINUTES

CASE IDENTIFIERS

Serial Number 79270718 **Application Filing Date** Sep. 26, 2019 **Registration Number** 6104311 **Registration Date** Jul. 21, 2020 **Register** Principal **Mark Type** Trademark **Publication Date** May 05, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of wording "5 MINUTES" in the color black with a large design resembling the numeral "5" located on the left side of the mark and being the largest feature of the mark. The horizontal line forming the top of the numeral "5" extends beyond the numeral the right side of the mark, ending in a small curve also in the color black. Two short vertical lines appear in the color black below the line extending horizontally from the top of the numeral "5". Below the two lines are two Korean characters in the color black. The wording "5 MINUTES" appears in the color black centered below the Korean characters. A small red square with rounded corners and containing white Asian characters appears in the lower right corner of the mark. All text and design are against a white background. **Color Drawing** Yes **Color Claimed** The color(s) black, white and red is/are claimed as a feature of the mark. **Disclaimer** THE NON-LATIN CHARACTER IN THE MARK THAT TRANSLITERATE TO "WEI" **Transliteration** The non-Latin characters in the mark transliterate to "bunjeon" and this has no meaning in a foreign language. The white Asian character in the mark transliterate to "wei" and this means "taste/flavor" in English.

For Charitable fundraising, Memorial fundraising, Political fundraising; organization of collections, namely, debt collection; financial sponsorship and patronage of cultural and sporting events

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Bunting of textile or plastic; flags and pennants of plastic and textile; towels of textile

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Sporting articles and equipment, namely, spring boards, weight lifting belts, lower body alignment apparatus; toys, namely, action figure toys, infant toys, toy scooters and accessories therefor; games, namely, electronic dart games, board games, educational card games; playthings, namely, beanbags, puppet theatres; novelties, namely, novelty toys for playing jokes, novelty noisemaker toys for parties; racquets for tennis, badminton, squash; batting gloves being accessories for games; fitted protective covers specially adapted for sports equipment, namely, golf club, tennis racket, skis; bags specially adapted for sports equipment; skis; sole coverings for skis; ski bindings; ski covers; ski sticks; snowboards; scale model cars; scale model vehicles; scale model aeroplanes; model railways being toy model train sets; inflatable thin rubber toys; play balloons; balls for games; nets for ball games; cases for play accessories; cases for toy cars, airplanes, boats; ice hockey goals; ice hockey sticks; hockey pucks; ice hockey goalie pads; nets for ice hockey goals; ice skates; slides being playthings, namely, playground slides; toy building blocks; golf irons; golf club covers; golf club bags; golf bags, with or without wheels; articles for playing golf namely, golf ball dispensers and golf clubs; swimming belts; swimming equipment, namely, flippers for swimming, swimming jackets, swimming floats, swimming boards, swimming gloves, swimming rings, inflatable swimming floats

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Packaging for chemical materials, namely, cardboard packaging, plastic film roll stock, adhesive plastic film, plastic bags; stationery; printed matter, namely, books and magazines in the field of sports, news releases in the field of water quality and water filtration products; catalogues in the field of water filtration products and water quality; disposable paper articles, namely, filter materials made of paper for coffee makers and for water filtration units; water filters of paper for coffee makers; bags and articles for packaging, wrapping and storage of paper, cardboard or plastics, namely, paper bags for packaging, packaging materials made of recycled paper, storage containers made of paper, paper for wrapping and packaging, plastic sheets for wrapping; writing instruments; office machines, namely, office perforating machines, office lettering machines, office labeling machines; printed advertising boards made of paper, cardboard and paperboard; flags and pennants of paper

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Electromechanical apparatus for preparing and dispensing beverages, namely, electromechanical beverage preparation machines, dispensing valves being machine parts; devices for swimming pools being machines and parts of machines, namely, circulating pump installations and valves being parts of machines operated pneumatically and by air; swimming pool cleaning machines; counter-current swimming machines for use in swimming pools to enable swimming in place against an adjustable counter-current, featuring pumps, motor, and adjustable current director outlets; membrane filters being parts of automatic swimming pool cleaning machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Easy chairs; air bed loungers, not for medical purposes; air mattresses, not for medical purposes; packaging containers of plastic not for medical use, and non-metallic closures and holders specially designed therefor; displays, stands and signage, namely, signboards of wood or plastic; advertising display boards

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Installations and apparatus for the treatment, clarification and purification of drinking water, namely, water purification apparatus and installations, water treatment equipment in the nature of water filtration units, and water clarification machines for use in treatment of water; water filters; water filtering apparatus; water filtering devices, namely, water purification installations for waste water and sewage consisting of curtains and textile fabrics; water filtration bottles sold empty; water filtering units for domestic, commercial, and industrial use; membranes being water filters; cartridge filtration units for water filtration jugs; water filtering apparatus for domestic and industrial use; water filtering units for domestic use; ultraviolet light installations for the disinfection of drinking water and swimming pool water; membrane filter cartridges for water treatment; dehumidifiers; Replacement cartridges and filter cartridges with ion exchangers and adsorbents for water filters and water softening apparatus; water supply apparatus, namely, tap-water purifying apparatus, and water supply taps in the nature of tap water faucets; floodlights for swimming pools; luminaires; showers, shower heads and shower fittings in the nature of water filtration units, escutcheons, shower mixers, shower sprayers, and shower accessories in the nature of water filtration units, shower doors, shower trays; heat exchangers, other than parts of machines; filter cartridges for fixed water connections being tap-water purifying apparatus; fleeces being water filters for the treatment of water; installations and apparatus for treating, clarifying, softening, desalting, cleaning, disacidifying, dechlorinating and disinfecting water, in particular apparatus for the production of chlorine oxide, namely, chlorinating units for water treatment; parts of aforementioned goods, in particular

plumbing fittings in the nature of water filtration units, drains, faucet filters, aerators for faucets; refill elements, cartridges, and spare parts of the aforementioned goods, namely, replacement water filtration cartridges for refrigerators, ice makers and water filtration units

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Chemicals for use in industry, namely, organic and inorganic filtering and absorption agents; ion exchange resins; water treatment chemicals for treating, clarifying, softening, desalting, cleaning, disacidifying, and disinfecting water and for disinfecting swimming pool water; activated carbon also in the form of activated carbon fleeces, activated carbon blocks and activated carbon granules, the aforesaid for general industrial use and for domestic use; zeolites for industrial purposes, namely, for softening and iron removal; ion exchange substances in the nature of resin membranes; polymer membranes in the nature of chemical preparations being electrolytes for fuel cells

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Product merchandising for others; advertising services, in particular for athletes; sales promotion; order placement services, namely, on-line ordering services featuring water purification and water treatment; bookkeeping and invoicing services in the field of e-commerce businesses; presentation of goods and services on the internet, namely, operating an on-line shopping site in the field of water purification and water treatment; digital marketing services; organizing and conducting trade shows and exhibitions for commercial or advertising purposes; preparing promotional and merchandising material for others; marketing services, namely, developing marketing campaigns; design of the advertising content of brochures for others; preparation of publicity publication, namely, writing of publicity texts, publication of publicity texts; television advertising; advertising services provided via the internet; publicity columns preparation, namely, writing of publicity texts, publication of publicity texts; online advertising services; presentation of companies on the internet and other media, namely, online advertising and publicity services; product launch services, namely, organizing events for advertising purposes; retail and wholesale store services in connection with organic and inorganic filtering and absorption agents being chemical products for use in industry, ion exchange resins, chemical products for treating, clarifying, softening, desalting, cleaning, disacidifying, and disinfecting water and for disinfecting swimming pool water, activated carbon also in the form of activated carbon fleeces, activated carbon blocks and activated carbon granules, zeolites for softening and iron removal, ion exchange substances, and membranes for fuel cells being chemical preparations; retail and wholesale store services in connection with nutritional supplements not for medical purposes based on magnesium, vitamins, calcium, trace elements and zinc, nutritional supplements not for medical purposes based on but not mainly consisting of carbon dioxide and/or carbonic acid, preparations for destroying seaweeds and bacteria; retail and wholesale store services in connection with swimming pools and spa pools, water piping, water-pipe valves, step ladders, step stools, banisters, steps, building and construction materials and elements, handrails and centre poles for staircases, slatted blinds, blind pulls, signs, advertising boards, all the aforesaid goods of metal; retail and wholesale store services in connection with electromechanical apparatus for preparing and dispensing beverages, devices for swimming pools, namely, circulating pump installations being machines and part of machines, pneumatic valves, swimming pool cleaning machines, pumps being machines, in particular pumps for counter-current swimming, parts of all aforementioned goods not included in other classes; retail and wholesale store services in connection with physical and chemical apparatus for filtering and metering solid, pasty, liquid and gaseous materials, minerals and disinfectants, control, checking, supervision, and analysis apparatus not for medical purposes, electric collectors, thermometers, software for

controllers and app applications, software for internet and mobile devices, mobile apps, illuminated signs, electric signs, digital signs, illuminated advertisements, luminous advertising display boards, luminous beacons, and fittings for all the aforesaid goods not included in other classes; retail and wholesale store services in connection with installations and apparatus for the treatment, clarification and purification of water, in particular drinking water, UV installations for the disinfection of drinking water and swimming pool water, membranes for water treatment, membranes for the filtration of water as part of machines, dehumidifiers, refill packs and filter cartridges with ion exchangers and/or adsorbents for water filters and water softening apparatus, water supply apparatus and water supply taps, floodlights for swimming pools, luminaires, showers, shower heads and shower fittings, shower accessories, heat exchangers, other than parts of machines, installations and apparatus for clarifying, softening, desalting, disacidifying, dechlorinating and disinfecting water, in particular apparatus for the production of chlorine oxide, parts of aforementioned goods, filter cartridges for fixed water connections, fleeces for the treatment of water; retail and wholesale store services in connection with packaging for chemical materials made of cardboard and plastic; retail and wholesale store services in connection with flexible hoses, rubber casings for tubes, hose linings, plastics materials in the form of sheets, waterproof membranes made of polymers and/or rubber, sheets of plastic; retail and wholesale store services in connection with jalousies, stairs, banisters, stair treads, handrails for stair cases, stair components, all the aforesaid goods not of metal; retail and wholesale store services in connection with non-electric small household and kitchen apparatus for water treatment, in particular for filtering water, household apparatus for the production of water and beverages, jugs and pitchers not made of precious metals, non-electric kettles, household or kitchen vessels, namely, water storage vessels, also with replacement water filter cartridges; retail and wholesale store services in connection with preparations for making beverages

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance and repair of swimming pools, apparatus and installations for the processing, treatment and purification of water, in particular drinking water; construction of swimming-pool complexes

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Physical and chemical apparatus for filtering and metering solid, pasty, liquid and gaseous materials, minerals and disinfectants, namely, filtering machines for chemical processing; control, monitoring, and analysis apparatus, not for medical purposes, namely, technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; electronic monitors for monitoring flow meters; collectors, electric, namely, solar energy production data collectors; thermometers, not for medical purposes; downloadable software namely, downloadable industrial process control software, downloadable facilities management software to control building environment; downloadable software for internet and mobile devices, namely, downloadable mobile operating system software, downloadable computer game software for use on mobile and cellular phones; downloadable mobile applications for controlling water purification apparatus and water purification installations; illuminated signs; electric signs; digital signage; illuminated advertisements being luminous signs; electronic advertising display boards, luminous; beacons, luminous; fittings for all the aforesaid goods not included in other classes; ski helmets; ice hockey helmets; snowboard helmets; swim goggles; snow goggles; sunglasses; cases for the aforementioned spectacles and goggles; protective helmets; bags adapted for laptops; sleeves for laptops; blank USB flash drives; data processing apparatus; diving suits; life buoys; life belts and life jackets being

life preservers; divers' masks

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Custom manufacturing of installations and apparatus for pool water treatment

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Flexible hoses, not of metal; sleeves of rubber for tubes for protecting machinery; hose linings for water purification units; plastics materials in the form of sheets for use in manufacturing; insulating waterproofing membranes made of polymers and rubber; sheets of plastic fabric used as an insulating infiltration barrier in building construction

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Headwear, in particular bathing caps, bobble caps, bonnets, baseball caps, peaked caps, ski caps, sports caps and thermal headwear in the nature of bonnets, beanies, knitted caps; clothing, in particular anoraks, swimming shorts, swim suits, swim trunks, bathrobes, fleece jackets, t-shirts, sportswear in the nature of athletic tops and bottoms for running, football shirts, leisurewear in the nature of leisure suits, neckwear, hoodies, trousers, jackets, jogging suits, polo shirts, socks, jersey clothing in the nature of sports jerseys, ski suits for competitions and ski clothing in the nature of ski wear; footwear, in particular sports footwear; hijabs; head scarves; sweatbands; headbands; gloves being clothing; neckties

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Industrial analysis and research services in the field of swimming pools, water quality and water purification; technological planning, construction drafting and engineering services in the field of processing, treating and purifying water, in particular drinking water and waste water; Scientific and technological services, namely, scientific research, analysis, testing in the field of water quality and water purification; technological and scientific research in the field of renewable energy resources and water purification

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services
