GOODS AND SERVICES INFORMATION

For Printing machines and varnishing machines and machines for the preparatory treatment of materials which are to be coated and materials which are to be printed-on and materials which are to be varnished/painted; machines for printing-on/printing and/or coating of materials, workpieces and substrates and stamping and/or application of foils; machines as well as their parts for the application of stamping foils, laminating foils, ink jet inks, silk screen printing inks, flexographic printing inks, lacquers and/or inks or combinations thereof onto substrates; machines and their parts, for spraying/injecting, varnishing/painting and coating of materials, workpieces and substrates; machines for the plastics processing, plastics treatment, glass processing, glass treatment, ceramics treatment, foil processing, metal processing, metal treatment; machines for plastics manufacture, for ceramics manufacture and for glass manufacture; printing machines and their parts; auxiliary and accessory devices for printing machines, namely, feeders, infrared, hot air, gas drier and ultraviolet drying machines for printing machines, folding machines, sorting machines, stacking machines, cutting machines, pressing machines, coating machines, binding machines, gluing machines, bonding machines, heat sealing machines for industrial purposes, wrapping machines, embossing machines, stamping machines; machines for the plastics industry, for the metal processing and metal treatment industry, for the ceramics industry and for the glass industry, namely machines for drying, curing, hardening, firing, flaming, irradiating, cleaning, extruding, injection moulding, forming, casting, spraying, stacking, cutting, pressing, rolling, coating, binding, sorting, gluing, bonding, sealing, polishing, embossing, stamping or wrapping; machines and mechanisms with printing units and/or coating units, as parts of other machines and of mechanisms or as auxiliary/accessory devices for other machines and mechanisms, namely, xerographic printers and xerographic printing machines, embossed printing mechanisms, inkjet printers and inkjet printing mechanisms, screen printers and screen printing mechanisms, flexo printers and flexo printing mechanisms, tampon printers and tampon printing mechanisms, offset printers and offset printing mechanisms, printing rollers, stamping machines, coating machines, spraying machines; conveyor belts and conveyors being machines for

feeding and/or carrying-off of materials and goods; industrial machines, namely, article feeding mechanisms, substrate feeding mechanisms, article preparation mechanisms and substrate preparation mechanism for use with other industrial machines; machines for the chemical industry, for the glass industry and for the ceramics industry, namely machines for drying, hardening, curing, firing, flaming, cleaning, injecting, forming, casting, spraying, cutting, pressing, rolling, coating, binding, sorting, gluing, bonding, sealing, polishing, roughening, etching, embossing, stamping or irradiating; machines for cleaning, drying and for the hardening/curing of glass, glass products, metals, metal products, plastic products and products of ceramics; machines for matting, polishing, grinding, etching and/or engraving of glass, glass products, metals, metal products, plastic products and products of ceramics; coating machines; machines for flaming and/or irradiating of goods and semi-finished products; machines for the chemical treatment of the surfaces of goods and of semi-finished products; plasma surface treatment machines; corona surface treatment machines; varnishing/lacquering machines; machines as well as their parts for surface modification of glass, glass products, metals, metal products, plastic products and products of ceramics by means of mechanical treatment, particularly roughening or grinding, by means of electrical treatment, by means of chemical treatment, particularly etching, by means of thermal treatment, particularly heating and/or cooling, and/or by means of irradiation, particularly with light, UV radiation or IR radiation; hydraulic, pneumatic controls, hydraulic, pneumatic and gear drives, hydraulic, pneumatic valve actuators, as parts for machines and of machine tools; hydraulic, pneumatic control devices and hydraulic, pneumatic controls for machines and as machine parts for all afore-mentioned goods; electric drives for machines and motors not for land vehicles; machines as well as their parts for modifying the surfaces of glass, glass products, metals, metal products, plastic products and goods of ceramics by means of electrical treatment and/or by means of irradiation, particularly with light, UV radiation or IR radiation

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Curing, hardening, treating and drying ovens, furnaces and gaseous, electrical and liquid fuel burners for industrial use for the manufacturing and treatment of glass, glass products, metals, metal products, plastic products and products of ceramics; gaseous, electrical and liquid fuel burners, plasma burners and emitters and heating installations for commercial and industrial purposes, also as components of other machines and mechanisms or as auxiliary/accessory devices and assembly components for other machines and mechanisms; gaseous, electrical and liquid fuel burners and burner devices in the nature of gaseous, electrical and liquid fuel burner devices and plasma burners and emitters for heating, treatment and flaming of goods and semi-finished products, particularly of goods and semi-finished products of glass, metals, plastic or ceramics; machines and machine-driven apparatus in the nature of curing apparatus, light-emitting apparatus, UV-radiation emitting apparatus, IR-radiation emitting apparatus, lamps, LED apparatus, corona apparatus, plasma burners, UV lamps and IR lamps, and combinations thereof, for irradiating of goods and semi-finished products, particularly with UV radiation or IR radiation; machines and machine-driven apparatus in the nature of curing ovens for industrial use, heating installation, drying installation, drying chambers, dehydrators, convection dryers, dielectric dryers, UV dryers, gaseous, electrical and liquid fuel burners, corona apparatus, plasma burners and emitters, flaming apparatus, as well as their parts for the drying and/or hardening/curing and/or the thermal surface refinement/finishing of glass, glass products, metals, metal products, plastic products and products of ceramics; machines and machine-driven apparatus in the nature of gaseous, electrical and liquid fuel burners, corona apparatus, plasma burners and emitters and flaming apparatus for cleaning and/or surface modification of glass, glass products, metals, metal products, plastic products and products of ceramics by means of thermal treatment and/or

heat treatment and/or by means of flaming and/or by means of irradiation, particularly with light, UV radiation or IR radiation

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Chemical agents as to be applied to plastics as coatings; chemical agents as to be applied to glass as coatings; chemical agents as to be applied to metals as coatings; industrial chemicals, namely metal conditioners for the treatment of the surfaces of metals, for the preparation of the surfaces of metals for the further industrial manufacturing, for preventing tarnishing of the metals and for protecting the metals against oxidization; chemical coating agents, namely chemical surface coating agents except paints for adhesive purposes and increasing adhesion properties; chemical coatings, chemical coating substances and chemical bonding agents in the nature of chemical agents for preparing the surfaces for the application of adhesives and for increasing the adhesive properties, for glass, glass products, metals, metal products, plastic products and products of ceramics; chemicals used in industry, namely matting agents for glass, glass products, metals, metal products, plastic products and products of ceramics; chemicals for industrial purposes; chemicals for commercial purposes, namely adhesive substances for use in industry, adhesion agents for use in industry, roughening agents for glass, metals, plastics and ceramics, bonding agents in the nature of adhesives for industrial purposes; chemical substances and compounds for glass manufacturing, glass processing and glass treatment; chemical substances and compounds for the metal manufacturing, metal processing and metal treatment; chemical substances and compounds for the manufacturing, processing and treatment of plastics and ceramics; chemical preparations and products for the treatment of glass, glass products, plastic products, metals, metal products and products of ceramics, and of their surfaces; chemical products for the removal of coatings, depositions and/or films/layers from glass, glass products, plastic products, metals, metal products and products of ceramics; technical gases and oxidizing gases and silicatizing gases, also in liquid form, for use in treatment and heating, curing, hardening, flaming, smoothing and roughening of the surfaces of articles and substrates in industrial manufacturing; chemical additives for manufacturing of coatings; silanes and silane compounds; alkyl silane compounds and alkoxy silanes; silicates and silicate compounds, for use in the manufacture and application of coatings, for surface treatment of goods in industrial manufacturing, for industrial and commercial purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Installation services, namely installation of machines for printing, gluing, coating, heating, cleaning, irradiating, burning, firing, hardening, curing, forming, moulding and decorating, customizing of machines for printing, gluing, coating, heating, cleaning, irradiating, burning, firing, hardening, curing, forming, moulding and decorating according to the individual requirements of the customer by customizing the size, the speed, the software and the parts and tools of the machines, maintenance and repair services of machines for printing, gluing, coating, heating, cleaning, irradiating, burning, firing, hardening, curing, forming, moulding and decorating; installation services, namely installation of machines for the plastics processing and plastics treatment, for the glass processing and glass treatment, for the metal processing and metal treatment as well as for the coating and printing-on, marking and painting and lacquering, customizing of machines for the plastics processing and plastics treatment, for the glass processing and glass treatment, for the metal processing and metal treatment as well as for the coating and printing-on, marking and painting and lacquering according to the individual requirements of the customer by customizing the size, the speed, the software and the parts and tools of the machines, maintenance and repair services concerning of machines for the plastics processing and plastics treatment, for the glass processing and glass treatment, for the metal processing and metal treatment as well as for the coating and printing-on, marking and painting and lacquering;

installation services, namely installation of machines for the manufacturing, treatment and decoration of glass and glass products, the manufacturing, treatment and decoration of plastics and plastic products, the manufacturing, treatment and decoration of metals and metal products, the manufacturing, treatment and decoration of ceramics and goods of ceramics as well as concerning ovens, furnaces, burners and printing machines, customizing of machines for the manufacturing, treatment and decoration of glass and glass products, the manufacturing, treatment and decoration of plastics and plastic products, the manufacturing, treatment and decoration of metals and metal products, the manufacturing, treatment and decoration of ceramics and goods of ceramics as well as concerning ovens, furnaces, burners and printing machines according to the individual requirements of the customer by customizing the size, the speed, the software and the parts and tools of the machines, maintenance and repair services concerning machines for the manufacturing, treatment and decoration of glass and glass products, the manufacturing, treatment and decoration of plastics and plastic products, the manufacturing, treatment and decoration of metals and metal products, the manufacturing, treatment and decoration of ceramics and goods of ceramics as well as concerning ovens, furnaces, burners and printing machines; installation services, namely installation of article feeding mechanisms, substrate feeding mechanisms, article preparation mechanisms or substrate preparation mechanisms, customizing of article feeding mechanisms, substrate feeding mechanisms, article preparation mechanisms or substrate preparation mechanisms according to the individual requirements of the customer by customizing the size, the speed, the software and the parts and tools of the machines, maintenance and repair services concerning article feeding mechanisms, substrate feeding mechanisms, article preparation mechanisms or substrate preparation mechanisms; installation services, namely installation of conveyor belts and conveyor mechanisms for feeding and/or carrying-off of materials and goods, customizing of conveyor belts and conveyor mechanisms according to the individual requirements of the customer by customizing the size, the speed, the software and the parts and tools of the machines, maintenance and repair services concerning conveyor belts and conveyor mechanisms for feeding and carrying-off of materials and goods; installation services, namely installation of roll-up mechanisms and roll-off mechanisms, customizing of roll-up mechanisms and/or roll-off mechanisms according to the individual requirements of the customer by customizing the size, the speed, the software and the parts and tools of the machines, maintenance and repair services concerning roll-up mechanisms and roll-off mechanisms; maintenance and support of data processing apparatus; installation of data processing apparatus

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Recorded man-machine-interface software for controls, operation and control elements and other devices for command input and interaction and for the exchange of information between the user and industrial installations and machines; controls for machines, namely, electric control panels, electrical controllers, and computer hardware for controlling industrial machines; controls for industrial installations, namely, electric control panels, electrical controllers, and computer hardware for controlling industrial installations consisting of industrial machines; electrical data processing apparatus; optical data processing apparatus; programmable electronic controls for controlling and operating industrial machines and for machine tools; programmable electronic control apparatus, namely electronic control systems for industrial machine and tool controllers; electrical switches and relays for industrial machines; electrical switches and relays for use in industrial installations comprised of industrial machines; electrical components, namely, electric, optical and electronic switches, circuits, sensors, integrated circuits, printed circuit boards, capacitors, inductors, resistors, diodes, memory chips, data storage chips, transponder chips; machine-readable blank optical data carriers and blank magnetic data carriers; machine-readable

optical data carriers and magnetic data carriers with computer software and data for controlling industrial machines and industrial installations; recorded computer software for the control, remote-control and surveillance of industrial installations and machines; downloadable electronic documentations in the nature of reports, books, manuals, charts and guides and newsletters in the field of manufacturing and processing of glass, metal, ceramics, plastics and paper, in the field of surface decoration and surface coating of products and in the fields of product design and packaging design; downloadable electronic publications in the nature of books, manuals and newsletters in the field of manufacturing and processing of glass, metal, ceramics, plastics and paper, in the field of surface decoration and surface coating of products and in the fields of product design and packaging design; electrical installations and data processing apparatus for the control, remote-control and supervision of industrial installations and machines; printers and printing apparatus, namely xerographic printers and xerographic printing machines, embossed printing mechanisms, inkjet printers and inkjet printing mechanisms, screen printers and screen printing mechanisms, flexo printers and flexo printing mechanisms, tampon printers and tampon printing mechanisms, offset printers and offset printing mechanisms, printing rollers; recorded computer application software for the access to and the use of cloud-computing services; downloadable application software for the access to and the use of cloud-computing services; software for updating of older versions of computer software, both in downloadable form as well as recorded on magnetic, optical, electronic or other machine-readable data carriers; electric actuators, except as machine parts

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Technological consultancy concerning surface decoration and/or surface coating; technological consultancy concerning selection and application/use of glues, bonding agents, coatings, chemicals, printing inks and lacquers, stamping foils, transfer foils, thermal transfer foils and laminating foils in the design, decoration, manufacturing and refinement/finishing of products; technological consultancy concerning plastics treatment; technological consultancy concerning plastics processing; technological consultancy concerning glass treatment; technological consultancy concerning glass processing; technological consultancy concerning metal treatment; technological consultancy concerning metal processing; technological consultancy concerning the transfer of coatings, patterns, decors and/or structures onto substrates; technological consultancy concerning printing machines; technological consultancy concerning printing processes, gluing processes, coating processes, burning/firing processes and chemical processes; technological consultancy concerning industrial processes for the manufacturing, treatment, decoration and printing-on/marking of goods and semi-finished products, particularly of glass and/or metals and/or plastics and/or ceramics; technological consultancy concerning machines; industrial design services; technological consultancy and services of an engineer; development of new technology for others in the field of the processes for surface treatment and printing-on/marking and decoration of goods and semi-finished products, particularly of glass and/or metals and/or plastics and/or ceramics; development of new technology for others in the field of coatings for goods and semi-finished products, particularly of glass and/or metals and/or plastics and/or ceramics; technical development and technical project management, namely technological consultancy, development of new technology for others and technical project management for design, planning and implementation of new technology concerning set-up, installation, configuration, use and operation of machines and machine tools, particularly of machines for the graphics industry, printing industry, plastics industry, glass industry, metal processing and metal treatment industry, ceramics industry, material feeding mechanisms and material carrying-of mechanisms, material preparation mechanisms, printing machines, coating machines, burners and ovens/furnaces and of assembly components and controls for machines; technical development and technical project

management, namely technological consultancy, development of new technology for others and technical project management for design, planning and implementation of new technology concerning set-up, installation, configuration, use and operation of installations and apparatus of industrial automation technology; technological consultancy concerning installation, maintenance and support of computer software and data processing apparatus, firmware and of control programs for machines, industrial installations and industrial processes and sequences; installation, maintenance and support of computer software, firmware and of control programs for machines, industrial installations and industrial processes and sequences; leasing of computing capacity for data processing; software as a service (SAAS) services, featuring software for computer simulation of manufacturing processes, for computer simulation of surface decoration and refinement processes, for designing of printed matter, of packaging and of products, for controlling industrial machines, for storing and processing manufacturing data and stock data and for accessing stored data; machine-interface-software-programming services; services of a software developer, namely computer programming and software design; development of computer hardware for data processing; development of computer software for data processing; development of computer software and firmware and of control programs for machines, industrial installations and industrial processes and sequences and providing of updates therefor, also via computer networks and the Internet; application service provider, namely, providing temporary access to non-downloadable software for control and supervision of industrial installations and machines; providing of virtual computer systems by means of cloud-computing; development of computer software for the access to and the use of cloud-computing-networks; Technical consultation services in the field of electronic configuration, control, remote-control, supervision and remote-maintenance of industrial installations and machines, also via computer networks, intranets and the Internet

machines in the nature of applicator heads for the application of hot-melt glues and adhesives for gluing with hot-melt glues, polyurethane (PUR) adhesives and dispersion adhesives in the wood processing industry; machine components, in particular, machine components for wood profile coating, machine components for wood edge gluing, and machine components for repairing wood, all for use with hot-melt gluing machines; machine components, in particular, machine components for applying glue onto cardboard, corrugated cardboard and plastic for use with hot-melt gluing machines; machine components, in particular, machine components for applying hot-melt glues and adhesives for labeling packaging for use with hot-melt gluing machines; machine components, in particular machine components for applying hot-melt glues and adhesives for use with hot-melt gluing machines used in the preparation and application of sealing and insulating materials

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Electronic control systems for machines and apparatus for the application of hot-melt glues and dispersion adhesives; apparatus for setting and monitoring the application of hot-melt glues and dispersion adhesives, in particular electronic control systems for glue application and glue monitoring, electronic sensors for monitoring glue, and optical components in the nature of optical transmitters and receivers for quality control and assurance

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Non-electric manual applicators in the nature of hand tools for applying hot melt glues and adhesives

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

GOODS AND SERVICES INFORMATION

For Building and construction materials and elements, not of metal, namely, stands, props, not of metal, support columns, support struts, beams, terrace surfacing; doors, gates, windows and window coverings, not of metal; structures and transportable buildings, not of metal, namely, roof windows made of plastics in the nature of roof window flashing, roof window frames, roof window sashes, roof window casements; parts and fittings of all the aforesaid goods, included in this class

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Coatings, namely, oils for use in the treatment, namely, the preservation, of wood

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Cutting, drilling, abrading, sharpening and surface treatment machines and apparatus, namely, drilling bits being parts of machines, drilling depth stops; machines and machine tools for treatment of materials and for manufacturing, namely, power operated drilling tools, boring tools, milling tools, grinders, buffers; power-operated machines, tools and apparatus for fastening and joining, namely, electric screwdrivers, screwdriver bits for electric screwdrivers, preferably magazine, tools for machine tools; tools being parts of machines; magnetic holders for machine tools, namely, bit holders; vending machines; parts and fittings of all the aforesaid goods, included in this class

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Containers, and closures and holders therefor, non-metallic, namely, storage boxes for general use; fasteners, non-metallic, namely, screw-in nuts, screw-in sleeves, concealed fastening devices, fastening nails, plugs, dowels, fixing bolts, screw-threaded fasteners; furniture and non-metal fittings, namely, racks of non-metal, wooden racks, shelving for sale in kit form, shelving parts; non-metallic goods, namely, spacers of plastic for use with sandwich panels, anchor bolts, bolts, plastic knobs, strap-hinges, hinges, non-metal security escutcheons, safety hooks, stair fittings and stair edgings of plastics, plastic washers, locks and keys, door, gate and window fittings, valves, wall hooks, strain relief clips; parts and fittings of all the aforesaid goods, included in this class

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Commercial trading and consumer information services, namely, retail store and wholesale store services featuring building and construction materials and elements of metal, unprocessed and semi-processed materials of metal, not specified for use, small items of metal hardware, doors, gates, windows and window coverings of metal, containers, and transportation and packaging articles, of metal, machines and machine tools for treatment of materials and for manufacturing purposes, hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance purposes, lifting tools, civil engineering software, civil engineering planning software, manufacturing technology software, computer-aided design (cad) software, safety, security, protection and signaling devices, measuring, detecting and monitoring instruments, indicators and controllers, in particular gauges, screw-tapping gauges, wheels and tires, and continuous tracks for vehicles, in particular lug nuts for vehicle wheels, seals, sealants and fillers, in particular waterproofing and moisture proofing articles and materials, insulation and barrier articles and materials, in particular thermal insulation articles and materials, electrical insulation articles and materials, acoustic insulation articles and materials, finished or semi-finished goods, of materials, specified for use, in particular adhesive tapes, strips, bands and films, washers of rubber or vulcanized fiber, building and construction materials and elements, not of metal, in particular stands, props, not of metal, support columns, support struts, beams, terrace surfacing, fasteners, non-metallic, in particular screw-in nuts, screw-in sleeves, concealed fastening devices, fastening nails, plugs, dowels, fixing bolts, screw-threaded fasteners, furniture and furnishings, in particular racks of metal, wooden racks, shelving for sale in kit form, shelving parts, non-metallic goods, in particular plastic washers, tableware, cookware and containers, clothing, footwear, headgear, toys, games, playthings

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Civil engineering software, namely, downloadable computer software for performing engineering analysis of structures, manufacturing technology software, namely, downloadable computer-aided manufacturing (CAM) software for general use, downloadable computer-aided design (CAD) software for general use; the aforementioned goods only in the fields of timber construction and joining technology; safety, security, protection and signaling devices, namely, protective eyewear, protective ear coverings, safety harnesses for other than for vehicles or sports purposes, safety lights in the nature of flashing and steady safety lights, alarm sensors; measuring, detecting and monitoring instruments, indicators and controllers, namely, pressure gauges, flow gauges, depth gauges, digital force gauges, digital torque gauges, strain gauges, screw-tapping gauges; point-of-sale (POS) terminals

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing access to electronic databases

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Seals, sealants and fillers, namely, waterproofing and moisture proofing articles and materials in the nature of waterproof sealants and pipe joint sealant; insulation and barrier articles and materials, namely, electric, thermal, and acoustic insulators; semi-finished goods, namely, semi-finished plastic sheet materials for use in lighting panels; adhesive tapes, adhesive strips, adhesive bands and adhesive films, namely, self-adhesive tapes, other than stationery and not for medical or household purposes; washers of rubber or vulcanized fiber for industrial and commercial use; parts and fittings of all the aforesaid goods, included in this class

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Clothing, namely, shirts, pants, jackets, overalls, aprons, smocks, footwear, and headwear, namely, hats

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance purposes, namely, cutting, drilling, grinding, sharpening and surface treatment hand tools, fastening and joining tools, namely, screwdriver bits for hand-operated screwdrivers; bits being parts of hand tools; lifting tools, namely, hand operated lifting jacks; parts and fittings of all the aforesaid goods, included in this class

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Hosting services and Software as a Service (SaaS), namely, hosting software for use by others for use in database management; the aforementioned services only in the field of timber construction and joining technology; Testing, authentication and quality control, namely, technical measuring and testing services for others in the fields of manufacturing and engineering; scientific and technology services, namely, research, testing, and design in the field of engineering, civil engineering planning services, structural calculations

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Laminated metals, namely, alloys of steel or aluminum; unprocessed and semi-processed materials of metal, namely, threaded bars; small items of metal hardware, namely, screws, nuts, bolts and fasteners, of metal, locks and keys, of metal, locking pins of metal, metal shelf brackets; building and construction materials and elements of metal, namely, metal connectors for decking and decking joists, metal brackets for use in the construction and assembly of decking; containers, and transportation and packaging articles, of metal, namely, chests of metal; doors, gates, windows and window coverings of metal; parts and fittings of all the aforesaid goods, included in this class
