Mark Literal(s) PHUN ON THE PHARM X

CASE IDENTIFIERS

Serial Number 86863540 **Application Filing Date** Dec. 31, 2015 **Register** Principal **Mark Type** Service Mark **Publication Date** May 31, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the word "PHUN" is in stylized upper-case lettering, consisting of the letter "P" in the color purple, the letter "H" in the colors, from left to right, purple, dark blue, and light blue, the letter "U" in the colors, from left to right, light blue and teal, and the letter "N" in the color light green. The letter "U" makes up a mortar and pestle in the center of the letter, with the pestle being teal and the inside of the "U" being tan. The word "PHUN" is underlined with a curved line in the colors, from left to right, purple, dark blue, light blue, teal, and light green and is positioned above the wording "ON THE" in stylized upper-case lettering. The "O" is in the color purple and the "N" is in the colors, from left to right, purple and dark blue. The "T" is in the colors, from left to right, dark blue and teal and the "HE" are in the color light green. The word "PHARM" is superimposed in an object representing a medicine capsule positioned below the words "ON" and "THE". The word "PHARM" is in stylized upper-case lettering and is in the color gold. The "R" in "PHARM" has an "X" coming off of it, outside of the medicine capsule. The medicine capsule has a gold outline and is dark purple on the inside. The color white represents background and is not a part of the mark. **Color Drawing** Yes **Color Claimed** The colors purple, dark purple, dark blue, light blue, light green, teal, tan, and gold are claimed as a feature of the mark.

GOODS AND SERVICES INFORMATION

For Application service provider featuring application programming interface (API) software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, of others in the fields of advertising and marketing; Application service provider, namely, hosting, managing, developing, and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software and web sites of others in the fields of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Business technology software consultation services; Computer compatibility services, namely, data mapping; Computer consultation in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted

product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer hardware development; Computer modeling services; Computer network design and computer software design for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer network design for others; Computer programming; Computer programming and software design; Computer programming consultancy; Computer programming services for commercial analysis and reporting; Computer programming services for customers that enables the customer's digital devices to process natural language queries from end users; Computer programming services to create online facilities that will provide telecommunications support; Computer programming services, namely, content creation for virtual worlds and three dimensional platforms; Computer project management services; Computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software for the purpose of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking services in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer services, namely, creating an on-line virtual environment for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer services, namely, creating computer network-based indexes of information, websites and resources; Computer services, namely, creating, maintaining, designing and implementing web sites for others; Computer services, namely, creating, maintaining, designing, and implementing websites for others in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer services, namely, designing and implementing web pages for others; Computer services,

namely, designing and implementing web sites for others; Computer services, namely, hosting an interactive web site that allows for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer services, namely, managing web sites for others; Computer services, namely, on-site management of information technology (IT) systems of others; Computer services, namely, providing an interactive web site featuring technology that allows users to collect, store, manage, deliver and showcase electronic and paper-based content; Computer services, namely, providing customized web pages featuring user-defined information; Computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; Computer software consultancy; Computer software design and updating; Computer software development; Computer software development and computer programming development for others; Computer software development in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Computer systems analysis; Computer technology consultancy; Computer website design; Consulting in the field of configuration management for computer hardware and software; Consulting in the field of designing software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Consulting in the field of information technology; Consulting in the field of telecommunications technology; Consulting services in the design and implementation of computer-based information systems for businesses; Consulting services in the field of computer-based information systems for businesses; Consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; Consulting services in the field of hosting computer software applications; Consulting services in the field of providing online, non-downloadable software and applications; Consulting services in the fields of selection, implementation and use of computer hardware and software systems for others; Conversion of data or documents from physical to electronic media; Creating and designing web pages for others; Creating and maintaining internet sites for others; Creating and maintaining web sites for others; Creating of computer programs; Creating of home pages for computer networks; Creating web pages for others; Creation, design, development and maintenance of Web sites for third parties; Custom design and development of software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing

targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Custom design and engineering of software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Customizing computer software; Customizing computer software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Data automation and collection service using proprietary software to evaluate, analyze and collect service data; Data conversion of electronic information; Data mining; Database development services; Design and development of computer hardware and software; Design and development of computer software for the improvements of purchasing functions of business; Design and development of software and hardware for audio and video operators; Design and development of software and hardware for compression and decompression of multimedia contents; Design and development of software and hardware for data and multimedia content conversion from and to different protocols; Design and development of software and hardware for digital signal processing; Design and development of software and hardware for multimedia data storing and recalling; Design and development of software and hardware for processing and distribution of multimedia contents; Design and development of software and hardware for producing, recording and processing digital and analogue signals; Design and development of software and hardware for signal amplification and transmission; Design and development of visualization technologies for advertisement of real-estate, commercial product and business of others; Design and development of wireless computer networks; Design and maintenance of web sites for others; Design and testing for new product development; Design and testing of new products, namely, software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked, for others; Design and writing of computer software; Design for others in the field of computer networks, software, and engineering for software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Design for others of integrated circuits and integrated circuit cores for use in wireless communications and wireless communication equipment and apparati and digital signal processors (DSP); Design of computer hardware, integrated circuits, communications hardware and software and computer networks for others; Design of computer machine

and computer software for commercial analysis and reporting; Design of computer networks and software for others for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Design of home pages; Design of homepages and websites; Design, creation, hosting and maintenance of internet sites for third parties; Design, deployment and management of wireless networks for others; Design, development, and consulting services related thereto in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Design, development, and implementation of software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Design, development, installation and maintenance of computer software; Design, installation, updating and maintenance of computer software; Designing and creating web sites for others; Designing and developing webpages on the internet; Designing and developing websites in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked for others; Designing and developing websites in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Designing internet sites for others; Designing web pages for others; Designing websites for advertising purposes; Designing websites for others; Designing, creating, maintaining and hosting online retail and electronic commerce websites for others; Designing, creating, maintaining, and hosting websites for others in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Developing and managing application

software for delivery of multi-media content provided by museums and other tour venues for use on multiple types of wireless mobile devices; Developing and updating computer software; Developing computer programs for electronic cash register systems; Developing computer software; Developing customized software for others; Developing customized software in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked for others; Development and implementation of software, hardware and technology solutions for the purpose of productization of electronic components and electronic systems; Development of new technology for others in the field of retail store services; Development of new technology for others in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Development, design and updating of home pages; Development, maintenance and updating of a telecommunication network search engine; Electronic and electrical systems design services; Homepage and webpage design; Hosting the software, websites and other computer applications of others on a virtual private server; Hosting the web sites of others; Information technology consulting services; Installation and maintenance of Internet access software; Installation of software in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked software; Installation, maintenance and repair of software for computer systems; Integration of computer systems and networks; IT consulting services; IT integration services; Maintenance of computer software; Maintenance of software for Internet access; Maintenance of websites and hosting on-line web facilities for others; Mapping services featuring maps that enable finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Outsource service provider in the field of information technology consulting; Planning and development of electronic communications networks; Planning, design and management of information technology systems; Planning, design, development and maintenance of online websites for third parties; Plant engineering; Preparation, update, installation and maintenance of computer software; Product development consultation; Professional computer services, namely, network analysis, LAN/WAN design, wireless engineering, virtualization and computer project management; Programming of computer software for others; Providing a members-only website featuring technology which provides members with the ability to engage in finding items in retail and wholesale facilities, helping customers

optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Providing a secure electronic online system featuring technology which allows vendors to submit electronic invoices to sales representative agencies for importing and processing of electronic invoices to save time and improve accuracy; Providing a secure electronic online system featuring technology which allows for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Providing a secure, web-based service featuring technology that enables individuals to remotely create and manage their own accounts so that whatever private content they upload now can be encrypted, then delivered to their intended recipients, at the time and in the manner requested; Providing a secured-access website that gives registered Internet networked institutions the ability to upload, view, copy, print, download and share documents and images for the purposes of conducting consumer-driven transactions; Providing a secured-access, members only website featuring technology that gives members the ability to engage in finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Providing a web site featuring technology that enables users to connect with other people in their neighborhood or city for any number of user-specified reasons, including providing a service or organizing an event; Providing a website featuring on-line non-downloadable software that enables users to engage in finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Providing a website featuring technology that enables users to upload and share user-generated videos on a wide variety of topics and subjects; Providing an on-line network environment that features technology that enables users to share data; Providing computer programming services to customers that enables the customer's website to process natural language queries; Providing computer programming services to customers that enables them to provide video and audio content on their web sites; Providing customer-defined generated content and content of others automatically selected and customized based on the known or estimated geographical location of an Internet, mobile telephone or other wired or wireless digital network based customer; Providing customized computer searching services, namely, searching and retrieving information at the customer's specific request via the Internet; Providing customized computer searching services, namely, searching and retrieving information at the customer's specific request via non-downloadable software in

the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Providing information relating to on-line non-downloadable software to facilitate electronic communication between individuals provided via the Internet; Providing on-line non-downloadable software for finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Providing planning and engineering services in the field of information and communications networks; Providing technology consulting in the field of social media; Providing temporary use of non-downloadable computer software for preparing invoices over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for preparing shipping documents over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for tracking documents over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for tracking freight over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for tracking packages over computer networks, intranets and the internet; Providing temporary use of on-line non-downloadable software development tools; Providing virtual computer systems and virtual computer environments through cloud computing; Research and development of technology in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Satellite telecommunications technology service to allow efficiencies of the carrier by creating efficient use of bandwidth on a satellite transponder; Scientific and technological services, namely, research and design in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Software design and development; Software development and product development consulting in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be

restocked; Software development and product development in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Software development consulting in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Software development in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Software porting; Special effects design for others; Technical consultancy in relation to research services relating to foods and dietary supplements; Technical consultancy in relation to technical research in the field of food and beverages; Technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; Technical support services, namely, installation, administration, and troubleshooting of web and database applications; Technical support services, namely, migration of datacenter, server and database applications; Technical support services, namely, remote administration and management of in-house and hosted datacenter devices, databases and software applications; Technology specification, namely, analyzing technology requirements and developing recommendations for the computer software and systems and other technology needed to meet those requirements, in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Technology supervision and inspection in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked; Testing, monitoring and inspection of stationary batteries; Updating and design of computer software; Updating and maintaining cloud-based computer software in the field of finding items in retail and wholesale facilities, helping customers optimize the best route to take when shopping for items in retail and wholesale facilities, providing customers in retail and wholesale facilities with detailed product information and related product information based on previous purchases and customer

shopping lists, providing targeted product advertisements and product information to customers of retail and wholesale facilities, and informing employees of retail and wholesale facilities about when shelves must be restocked through online updates; Updating and maintenance of computer software; Updating of computer software for others; Web site design; Website design and development for others; Website design consultancy; Writing and updating computer software **International Classes** 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services **First Use** Dec. 24, 2015 **In Commerce** Dec. 24, 2015

Mark Literal(s) SKOOLED ZONE

CASE IDENTIFIERS

Serial Number 86863763 **Application Filing Date** Jan. 01, 2016 **Register** Principal **Mark Type** Service Mark **Publication Date** May 31, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a yellow irregular pentagon in a house shape that invokes memories of a traditional school zone traffic symbol. Inside the yellow pentagon is a black silhouette of a video game controller with yellow controls. Directly above the video game controller are two, black curved waves, simulating a wireless signal. Below the pentagon sign is another yellow rectangular box with curved edges containing the stylized wording "Skooled Zone". Both the pentagon and the rectangle have two concentric black strokes outlining the shapes, which serve to further emulate a traditional school zone traffic sign **Color Drawing** Yes **Color Claimed** The color(s) yellow and black is/are claimed as a feature of the mark.

GOODS AND SERVICES INFORMATION

For Entertainment services, namely, providing video podcasts in the field of video games
