For Repair and maintenance services of apparatus for treating liquids and fluids; upkeep and maintenance of sewage pipelines, restoration of aqueducts or water distribution pipes, construction of sanitation, wastewater collection, rainwater decontamination, flood prevention installations and facilities; pumping station renovation services, refurbishment of existing buildings to improve the security and the quality of the water supply, construction of water treatment plants for treating drinking water, urban and industrial wastewater and rainwater; installation of water pipes and building water treatment plants, drilling of wells, construction, installation and repair of irrigation devices; maintenance and renovation of buildings; rehabilitation in the nature of renovation of property, buildings and warehouses; land development services, namely, planning and laying out of residential and commercial communities and buildings; restoration and rehabilitation of degraded sites, namely, cleaning and reconstruction of commercial and residential property and buildings; upkeep and cleaning of buildings, commercial and residential premises, floors and facade cleaning; disinfecting, rat extermination, insect eradication for commercial and residential buildings; cleaning of commercial structures, urban structures, works of art, underground works, road equipment, construction sites, and exterior surfaces of industrial premises, cleaning of water pipes and industrial installations, high-pressure cleaning of underground works, road network cleaning services; upkeep and maintenance services for buildings, roads, urban construction equipment; repair and maintenance of installations, apparatus, units and facilities for the storage of waste and refuse, installations and apparatus for recycling and treatment, recovery and destruction units for waste and refuse; construction of installations, centers and units for the storage of waste and refuse and centers, installations, and units for the recycling, treatment, recovery and destruction of waste and refuse; maintenance and renovation services for industrial and urban sewerage systems; rehabilitation of industrial and urban sanitation systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus for dosing, namely, dispensers of portions of chemicals, chemical-physical liquids and powders and biological reagents, all not for medical use; programmable automatons for measuring, tracking and monitoring water quality parameters; software for the analysis and monitoring of water and waste quality parameters; measuring and monitoring apparatus and instruments for measuring and monitoring the distribution and treatment of water; measuring and monitoring apparatus and

instruments for measuring and monitoring the consumption of energy and fluids; Blank mechanical, electronic, magnetic and optical data carriers, namely, magnetic tapes, CD-ROMs, DVDs, hard drives, and blank electronic storage media for recording and measuring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; programmable computer hardware and software systems for remote surveillance, remote management, remote controlling and for monitoring installations involved in the treatment, supply and collection of drinking, industrial and waste water using self-switched network, specialized lines or microwave radio links; computer hardware and software systems for telemetry, remote management, remote controlling and for measuring and monitoring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption using self-switched network, specialized lines or microwave radio links; computer software for monitoring networks for the supply and collection of waste and drinking water; Pre-recorded software for management and analysis of energy and fluid consumption; computer hardware for simulating the operation of stations for drinkable water treatment or purification of industrial and municipal water; computer hardware, software, electronic databases recorded on computer media and computers for the control, regulation, modeling and management of stations for drinkable water treatment and purification, measuring and monitoring instruments, other than for medical use, used for optimizing carbon gas emissions linked to the operation of water treatment plants, to water resource management, to the collection and treatment of waste, and to the treatment of air; electronic apparatus for monitoring and quality control for sea water; apparatus and instruments for chemical and bacteriological analysis not for medical use; software for generating water pricing; measuring and checking apparatus for detecting leaks in pipework, branch pipes and water storage tanks

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Security services for the protection of property and individuals

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunications, namely, telecommunications gateway services, telecommunications consultation, personal communication services; providing information about telecommunications; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; telecommunication services, namely, electronic bulletin board services; providing telecommunications connections to a global computer network; rental of telecommunication apparatus; teleconferencing services; electronic messaging services; rental of access time to global computer networks; radio communication, namely, radio communications between flow meters and a centralized receiver that transmits information to a database; transmission of information on consumption, monitoring, tracking and billing by radio communication from meters to a centralized database; communication by computer terminals; provision of access to databases in the field of care services waste management; transmission of sound, video and information, namely, transmission of public announcements and alerts relating to public safety

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Water supplying and water distribution services, collection of urban or industrial wastewater and sewage sludge; collection, transport, sorting, disposal and storage of useful materials or of urban waste, industrial and radioactive waste, solid or liquid waste, industrial greases and office papers; collecting, transporting, grouping, sorting, processing, reconditioning and storage of all kinds of waste, and in particular, urban, household, industrial, ordinary and special industrial, hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; storage of goods, namely, storage of useful materials,

waste, perishable or hazardous products; storage of waste in landfills; transport, packing and storage of fertilizer, organic amendments, compost and growing media; providing information concerning the collection and transport of waste from care services

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Waste processing, namely, processing and transformation of waste generated by households, public or private communities and enterprises, including ordinary, special, solid, liquid, hazardous waste and providing waste processing information; waste treatment services, namely, purifying and regenerating waste; waste and refuse recycling services, waste and refuse composting services; material treatment services, namely, recycling of industrial, household, hospital, special and ordinary waste, obtained from local authorities, and public and private companies; biological and energy recovery services for waste and refuse in the nature of waste treatment and processing; waste management, namely, biological and energy reuse services for waste and refuse; site clean-up services, namely, decontamination of hazardous materials including degraded soil and polluted sites; destruction of waste and trash; incineration of waste and trash; waste treatment, namely, disposal of industrial toxic waste, of industrial household waste, hospital waste, ordinary waste and special non-toxic waste; water treatment services, water treatment services by introducing reagents, in particular in waters for human or animal consumption and in waters for industrial use; treatment of wastewater, namely, the sanitation and treatment of industrial wastewaters, water production services; treatment of materials, namely, removal of residues and waste from water; treatment of materials, namely, processing of agricultural goods from plants or animals to develop fertilizers, compost and growing media; waste processing, namely, waste and refuse treatment services; providing information in the field of waste management and waste treatment

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Water quality control services, scientific and industrial research services linked to environmental protection; laboratory research services in the fields of water, water treatment and purification; chemical analysis services; chemical research; professional consultancy in the field of water quality control services; surveying and engineering, not for construction, in the fields of water and water treatment; surveying in the field of water and effluent treatment; laboratory research services in the fields of the treatment of industrial, household, hospital and special waste, refuse, sludge, ash, reusing industrial, household, hospital and special waste; bacteriology research services; surveying in the field of industrial, household, hospital and special waste, sludge and ash from both urban and industrial plants; computer programming; computer services, namely, development, design and updating of computer software and software systems; technical consulting and advice relating to research and development of new products in the field of computing; rental of computers; design of computer systems and telecommunication systems; scientific and industrial research services for developing and evaluating the performance of physical-chemical water treatment processes and products; conducting scientific and technical feasibility studies for developing and evaluating the operation performance of installations for treating drinking water or industrial process water, for treating household or industrial wastewater, as well as for treating physico-chemical or biological fluids and sludges, technical surveying relating to these processes and equipment and to all other treatments of fluids, including in the field of industrial processes; technical scientific research services, in the fields of the collection, transport, treatment, cleaning, storage, sanitation, reusing and disposal of waste and refuse; surveying in the field of waste and refuse; scientific and industrial research relating to environmental protection for the collection, transport, treatment, cleaning, storage and recovery of waste

and refuse; engineering, conducting feasibility studies in the field of environmental engineering; engineering design services in the fields of design and construction of industrial and urban centers and units for waste and refuse collection, sorting, storage, treatment, recovery and disposal; testing and research on air, water and sound pollution prevention services; consulting on environmental protection, urban planning, providing information relating to research in environmental protection, land and geological surveying for economic, social and environmental purposes, urban design planning services; soil percolation testing, plant engineering services in the agricultural, horticultural, wine growing, arboricultural and silvicultural fields; quality control of air, water, soil; technical surveying in the fields of industrial information systems, namely, surveying and engineering in the fields of automatism, checking, control and centralized technical management, decision-making systems, and data management systems; conducting technical project feasibility studies consisting of analyses, evaluations, research, and technical advice in the fields of new technologies in the technology, maritime, offshore, seaport, energy, sustainable development, environmental, climate, weather, industrial and household waste management, water treatment, flood control, hydrogeology, wet areas development, public transport, telecommunications, civil engineering and urban engineering fields; quality management services, namely, quality evaluation and analysis, quality assurance and quality control in the technology, maritime, offshore, seaport, energy, sustainable development, environmental, climate, weather, industrial and household waste management, water treatment, flood control, hydrogeology, wet areas development, public transport, telecommunications, civil engineering and urban engineering fields

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys; building materials of metal, namely, composite panels composed primarily of metal, fascia, ceiling boards and floor boards, pipes, pipe supports, girders, water-pipes, ducts of metal for central heating installations and air-conditioning installations; transportable buildings of metal; materials of metal for railway tracks; non-electric metal cables and wires and non-electric metal locksmithing articles, namely, keys and keys cylinders, metal locks; metal hardware, namely, buckles, gate latches, brackets, nuts, pulleys, springs; pipes of metal; metal safes, namely, strong boxes; metal ores for use in building, metal scaffolding; boxes of common metal; chests of metal; industrial metal packaging containers; containers of metal for transport; storage tanks of metal
