controls, transmitters and receivers for the remote control of vehicle components, measuring, test and control devices, cable harnesses, electrical plug connections, fuses, relays, switches, pressure monitors, contactor switches, thermostats, temperature limiters, sensors, voltage regulators and interference suppression sets for air conditioning systems, devices for generating electrical energy by means of solar cells, in particular for land vehicles and their components, electrical and mechanical control devices, heating batteries, fuel cells, lighting, heating, steam generating, cooking, cooling, drying, ventilation, water heaters and engine heaters, floor-mounted air conditioners for vehicles, electric heaters, auxiliary heaters for vehicles, water heaters, air-conditioning units for HVAC systems, lights, filters, refrigerant collectors, distributors and dryers, heat exchangers, instantaneous heaters, tank collectors, condensation extractors, evaporators, vehicles, apparatus for locomotion by land, air or water, roofs and hoods for vehicles, in particular sliding, lifting, sliding, spoiler, slat, sun, folding and folding roofs, all-glass roofs, fixed-element convertible roofs, convertible roofs, sun-blinds and ventilation flaps for vehicles, adjustable vehicle windows, in particular side and rear windows, folding, tilting and lamellar windows, vehicle window lifters, vehicle coils and body parts, vehicle spoilers, wind and water deflectors, air guiding devices, ski racks and luggage carriers for vehicles, modulus beds, roof modules for vehicles, mobile surfaces for vehicles, gliding floors and equipment therefor, manuals, printed publications, books, magazines, periodicals, newspapers, printed matter, rubber goods, gutta-percha, rubber, asbestos, and mica, goods, namely, semifinished products made of plastic, in particular lids, covers, roof, sky and cover frames, housings, claddings, hoods, flaps, grids, guide tubes and guide rails as well as sliding elements, gaskets, plastic packing and insulating material, plastic pipes, hoses and pipes, plastic washers, hose and pipe clamps, gaskets, sealing, packing and insulating material; online services of an e-commerce provider, namely, presentation of goods and services being the promotion of goods of others, order acceptance and administrative order processing, invoicing; mediation and conclusion of commercial transactions for others via online shops

**International Classes** 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

**For** Repair of ships, repair of motor vehicles, repair and maintenance of motor vehicles and their parts, repair of vehicles, repair of watercraft, repair and maintenance of electric vehicles, repair and maintenance of refrigeration systems of vehicles, repair of heaters, repair of air-conditioning systems, repair of electronic devides, repair or maintenance of machinery and equipment for the distribution and control of electrical energy; installation of electric heaters, installation of heaters, installation of electric generators, installation of air-conditioning systems; installation of electrical equipment, installation of electrical and power generating machinery, installation of electrical and electronic equipment in automobiles, installation of electrical equipment, maintenance work with relation to vehicles, electric vehicles and parts thereof; automotive maintenance services, namely, care and cleaning of vehicles and their parts and accessories; maintenance, repair of electricity generating equipment; installation and maintenance of computer hardware; battery recharge services in the field of electric vehicles; charging of electric vehicles; battery recharge services in the field of cars; installation of hardware for computer networks

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

**For** Apparatus and instruments for conducting switching transforming accumulation, regulating or controlling electricity, drive cables for electrical controls, software for product development in the field of electromobility, remote controls for motors, remote controls for air-conditioning apparatus, remote controls for controlling electronic products as parts of vehicles, vehicle accessories and charging stations for vehicles; transmitter and receiver for the remote control of vehicle components;

measuring, testing and checking instruments and apparatus, namely, electric measuring apparatus, speed measuring instruments, temperature measuring instruments for automobiles, distance and dimension measuring instruments, battery testing apparatus, material testing apparatus in the nature of battery testers, testing and quality control devices in the nature of battery testers; wiring harness being an electrical cable assembly, electrical connections, electrical fuses, electric relays, electric switches, pressure monitors, protective electrical switches, thermostats, temperature limiters, sensors for engines as vehicle components, sensors for determining temperature, sensors for measuring instruments being sensors for measuring the accuracy of temperature sensors, sensors for use in the control of motors as vehicle components; voltage regulators and interference suppression units for air-conditioning units; devices for generating electrical energy by means of solar cells, namely, solar cells and solar collectors for electricity generation, in particular for land and water vehicles and for their components, electrical control systems for energy management, heating batteries, fuel cells; battery chargers, electronic charging modules being battery chargers, charging stations for electric vehicles, chargers for rechargeable devices, batteries and battery chargers for electric vehicles, electric charging columns being battery chargers, electrical power supplies, power supply units, current regulating devices, devices and accessories for charging electric vehicles, namely, charging stations for electric vehicles, batteries for electric vehicles, electric batteries for the electric supply of electric vehicles

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

**For** Providing user access to computer programs in data networks, namely, providing access to software for the transmission of data and software for connecting to digital networks; services of a network operator, and information broker and provider, namely, providing of access time to data networks and computer databases, in particular on the internet

**International Classes** 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

**For** Goods made of rubber, gutta-percha, asbestos and mica, namely, rubber hoses, semi-finished products, namely, electrically conductive rubber in extruded form for use in further manufacture, gutta-percha in raw or partially worked condition, rubber bands for commercial and industrial use, rubber hoses for vehicle heaters, rubber hoses for air conditioners, rubber seals for jars, rubber stoppers for industrial packaging containers, rubber hoses for vehicle radiators, insulating covers of rubber for switches, insulating rubber covers for electrical components, rubber for electrical insulation, rubber for heat insulation, asbestos seals, asbestos coverings in the nature of asbestos paints, asbestos fibers, asbestos fabrics for use as cable insulation, mica electrical insulators; plastics in extruded form for use in further manufacturing, in particular lids, covers, roof, sky and cover frames, housings, claddings, hoods, flaps, grilles, guide tubes and guide rails and sliding elements; non-metal seals, namely, seals for cables, seals for conduits, seals for automotive applications not for machinery or land vehicle engines; packing and insulating material; plastic plumbing hoses, flexible plumbing pipes; sealing material

**International Classes** 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

**For** Scientific and technological services and research and related design services, namely, scientific research and development, scientific consultancy, technological studies in the field of energy, technological research in the field of energy, technological consultancy in the field of energy, product research, development of vehicles, design of vehicles and vehicle parts and components; industrial analysis and research services, namely, analysis of product design, chemical analysis, scientific analysis, technical data analysis, mechanical research, engineering research, and research in the field of energy; design, development, updating and installation of computer software; engineering services; technical consulting for product

planning and development, technological consultancy relating to production, industrial process development for product commercialization; technical consultancy and development in the field of automotive engineering; creating programs for data processing; development, creation and design of software and its implementation in the field of electronic data processing and consultancy relating thereto, services relating to the security of information, namely, selection, and configuration management of firewall systems and firewall software, maintenance of firewall software; feasibility studies, namely, technical project studies in the fields of computer hardware and computer software; IT consulting services, namely, providing technical advice on the use of the internet; industrial research, design and development of plants, equipment and apparatus in the field of electrical energy transmission and distribution systems; development of electric accumulators and electric batteries; consultancy related to technical research in the field of energy transmission and distribution; development and rental of data processing and process engineering computer programs, in particular for the construction, equipment, installation and operation of energy transmission and distribution facilities; technical project management for engineering of energy transmission and distribution installations

**International Classes** 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

**For** Goods of metal, namely, metal pipes, connectors for metal pipes; valves or slides of metal, excluding machine parts; metal cables; all-purpose metal straps; metal supports, namely, metal supports for cables, metal pipe supports; wire of metal; molded parts of metal, namely, valves of metal other than parts of machines including those from alloy steel and titanium, metal bolts, metal castings; locks of metal; vehicle locks of metal; locks of metal, excluding electric locks; metal door handles; metal window sills; metal window frames; ventilation grilles of metal for installation in windows; metal boxes; metal containers for storage or transport; metal mounting stands; metal hose and pipe clamps; metal hinges; pot hooks of metal, excluding machine parts; metal guide tubes and guide rails; metal grids in the nature of metal gratings; metal tanks for industrial purposes, metal pipe, metal hoses for industrial use; metal pipes for ventilation and air-conditioning systems; sliding rails of metal

**International Classes** 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

## GOODS AND SERVICES INFORMATION

**For** Vehicles, namely, cars, electric cars, hybrid cars, pickup trucks; apparatus for locomotion by land, air or water, namely, cars, boats, airplanes; motor vehicles, namely, motorcycles, vans, trucks; parts of vehicles, namely, vehicle seats, vehicle windows, automobile motors; parts and constituents for vehicles, namely, bodyworks for motor vehicles, constituent parts, namely, vehicle bodies, automobile bumpers, side shields as structural parts of vehicles, vehicle hoods, elevating tailgates being parts of land vehicles, vehicle doors, fenders, fender extensions in the nature of fender flares, protective panels in the nature of side shields as structural parts of vehicles, vehicle spoilers, land vehicle roof panels, vehicle trunk floor panels, vehicle floors panels, vehicle shock absorbers; modules being parts of vehicles, namely, idler arms, rearview mirrors, sun visors, vehicle fuel tank, fuel jet engines for land vehicles, vehicle front modules, vehicle fender modules and vehicle rear modules, vehicle door modules, vehicle roof modules, all of the foregoing modules being comprised of land vehicle structural parts; windshield wipers; roof opening mechanisms for vehicles, namely, extensions for roof handles in vehicles; structural elements for motor vehicles, namely, structural parts for automobiles; aerodynamic elements for vehicles in the nature of aerodynamic fairings for vehicles, deflectors in the nature of window rain guards for cars, vehicle spoilers, airdams being automotive body kits comprising external structural parts of automobiles for channeling air, rear diffuser being air foils, lateral diffuser being air foils, air guides for vehicles in the nature of air flow spoilers for vehicles; Auto first mount and aftermarket accessories, namely, vehicle custom grilles; vehicle chassis; fuel tanks for vehicles; caps for vehicle gasoline tanks; tanks and tubing, namely, flexible fuel tanks for vehicles and high pressure vessels

**International Classes** 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

**For** Machine tools for painting, gluing, welding, punching, cutting and metalworking machines used as machining centers; spray guns for paint and distribution of glue; vulcanization apparatus; lifting apparatus, namely, mechanical and hydraulic lifts; brazing apparatus and soldering apparatus included in this class, namely, electric or ultrasonic soldering apparatus; vaporization apparatus, namely, electrically-powered steam cleaning device comprising a hose and nozzle and a vapor-producing chamber that is attached to a water source; apparatus for machining and mechanical tools for the automobile industry, namely, machines for the production of parts for motor vehicles; anti-pollution devices for engines; electric, pneumatic and hydraulic vehicle door and window openers and closers; automatic distribution machines; industrial robots for the automotive industry and the manufacture of parts for motor vehicles; industrial machine presses for the manufacture of parts for motor vehicles; parts of machines, namely, molds for the automotive industry and for the manufacture of parts for motor vehicles; electric machines and apparatus for cleaning, namely, machines for cleaning surfaces using high pressure water or mechanical action, or piezo-electric components, cleaning machines for power generation engines; components, parts of vehicles, systems, control units and vehicle modules included in this class, including all parts relating to de-pollution, namely, anti-pollution devices for motors and engines; valves, canisters, filters and modules being parts for machines for pumping, gauging, filtration, pressure regulation machines

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

**For** Wholesale and retail store services featuring vehicle components, component parts, systems, control units and modules; wholesale and retail store services featuring vehicle components, component parts, systems, control units and modules used in connection with the production, storage, supply and processing of all forms of energy on board vehicles, as well as vehicle decontamination; business organization consultancy; consultancy services in business management; assistance in business management and business consulting for companies; compilation of statistical reports and market studies; computer database management; collection and systematization of data in a central file, namely, computer file management; all of the aforesaid services never in the audiovisual, television, press, cinema and entertainment fields

**International Classes** 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

**For** Building construction supervision

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

**For** Registered on-board computer and calculator programs, namely, calculating machines for vehicles; recorded computer software for use in vehicle control systems for on-board instrumentation; gasoline gauges; electric regulating apparatus, namely, control units for regulating start-up electrical motors, apparatus and instruments for regulating or controlling electric current; electric monitoring apparatus, namely, energy meters for monitoring energy usage, monitoring devices for monitoring battery performance characteristics, electronic monitors for monitoring flowmeters, electrical conductivity monitors for monitoring liquid tanks on-board in a vehicle; voltage regulators for vehicles; sensors, namely, liquid level sensors, oil level sensors, contaminant sensors, temperature sensors, acceleration sensors, ultrasonic sensors for parking support, short waves radar and obstacle detection camera; electric batteries; control units, sensors and electric actuators used to control, monitor, regulate and diagnose vehicle on board computers, systems, modules and components used in the production, storage, supply and transformation of energy and the decontamination of vehicles; vehicle on-board computer and calculator software

programs and recorded computer software for use in the control, monitoring, regulation and diagnosis of vehicle on board computers, systems, modules, control units and vehicle components, namely, electric batteries for powering electric vehicles, used in the production, storage, supply and conversion of energy, and the decontamination of vehicles; electric and electronic apparatus and instruments for weighing, measuring and control of concentrations of gas and liquids, audio signals; apparatus for reading, recording, transmitting and reproducing data; all of the aforesaid goods never in the audiovisual, television, press, cinema and entertainment fields; components, parts of vehicles, systems, control units and vehicle modules included in this class, namely, all parts relating to the production, storage, supply and conversion of any form of energy on board the vehicles, namely, energy meters for tracking and monitoring energy usage; fuel cells for vehicles; energy conversion apparatus for vehicles, namely, apparatus for converting electronic radiation to electrical energy, namely, photovoltaic thermal hybrid module, apparatus for converting electronic radiation to electrical energy, namely, photovoltaic solar modules

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

**For** Personal and physical security consultancy; intellectual property consultation relating to physical, chemical and industrial security

**International Classes** 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

**For** Telecommunications services, namely, transmission in the nature of wireless electronic transmission of data in the nature of graphics, voice, sound, video and navigation information; data transmission and reception services via telecommunication means; communications by computer terminals; provision of access to databases; electronic transmission of data related to land vehicles; rental of telecommunication equipment; telecommunication services for radio location and/or identification of land vehicles, namely, transmission and receiving of data by radio; radio and telephone communications; message transmission; providing private access to computer databases; all of the aforesaid services never in the audiovisual, television, press, cinema and entertainment fields

**International Classes** 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

**For** Treatment services, namely, processing of plastics, treatment of metals, treatment of composite materials in the nature of fibre-reinforced polymer and fiberglass; plastic recycling services, namely, processing of plastics

**International Classes** 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

**For** Technological research in the field of maintenance, installation and replacement of parts of vehicles, parts and components for vehicles, namely, body parts, component parts of bodies, bumpers, shields, hoods, tailgates, doors, fenders, fender extensions, protective panels, spoilers, roofs, boot floors, floors, shock absorbers, modules for vehicles, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, grille, chassis for vehicles, fuel tanks for vehicles, caps for vehicle gasoline tanks, components, parts of vehicles, systems, control units and vehicle modules, components, parts of vehicles, systems, control unit and vehicle modules, namely, all parts relating to the production, storage, supply and conversion of any form of energy on board the vehicles, as well as de-pollution, tanks, tubing, valves, canisters, filters and units for pumping, gauging, filtration, pressure regulation, mechanical, thermal or chemical protection, fuel cells for vehicles, energy conversion apparatus for vehicles; planning with respect to urban and commercial development, technical planning and technical advice, namely, urban design and urban design

planning services; engineering services by work planning and technical project planning, namely, technical project planning and design engineering of new product development; technological advice services with respect to environmental protection; industrial analysis services, namely, testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; industrial analysis services and consultancy, namely, research and technological consultancy in the field of environmental conservation and safety; scientific and technological information and technological advice services in the field of environmental awareness; design, development, updating and rental of computer software and databases; research and development of new products for others; technological research and development in the field of automobile, cars, boats and airplanes; mechanical research and development; research and development in physics; research and development in chemistry, bio-chemistry and electrochemistry research; environmental science and technological advice related to energy saving; scientific research and development in the field of environmental protection; testing of materials; scientific and technological research and development of systems, modules, components, computer programs and software for vehicles; scientific and technological research and development in the field of reducing vehicle weight and emissions; scientific and technological research and development of sensors, actuators, control units; scientific and technological research and development of tooling and production lines for the automotive industry; scientific and technological advice in the field of development and product development, manufacturing devices, control devices, fuel system control as well as control technological consultancy; scientific and technological advice on monitoring the process of fuel system tank filling, emission measures of vehicles and fuel systems as well as spare parts of the fuel system; scientific and technological research and development of parts of vehicles, parts and components for vehicles, namely, body parts, component parts of bodies, bumpers, shields, hoods, tailgates, doors, fenders, fender flares, protective panels, spoilers, roofs, boot floors, floors, shock absorbers, modules for vehicles, roof opening mechanisms for vehicles, structural elements for motor vehicles, aerodynamic elements for vehicles, deflector, spoiler, air guide for vehicles, grille, chassis for vehicles, fuel tanks for vehicles, caps for vehicle gasoline tanks, components, parts of vehicles, systems, control units and vehicle modules, components, parts of vehicles, systems, control unit and vehicle modules, namely, all parts relating to the production, storage, supply and conversion of any form of energy in vehicles, as well as de-pollution, tanks, tubing, valves, canisters, filters and units for pumping, gauging, filtration, pressure regulation, mechanical, thermal or chemical protection, fuel cells for vehicles, energy conversion apparatus for vehicles; all of the aforesaid services never in the audiovisual, television, press, cinema and entertainment fields
