For Non-metal building materials, namely, non-metallic rigid pipes for building purposes; asphalt, pitch and bitumen; non-metallic transportable buildings; non-metal monuments; gutter pipes, not of metal; bicycle parking installations, not of metal; branching pipes, not of metal; alabaster; alabaster glass; aquaria, namely, aquarium gravel, aquarium sand and decorative aquarium stones; non-metal reinforcing materials for building; asbestos mortar; asbestos cement; asphalt; asphalt paving compositions; outdoor blinds, not of metal and not of textile; cabanas, not of metal; non-luminous non-metal beacons; non-metal girders; asphalt felt for building purposes; building glass; structural timber; non-metallic building materials, namely, soffits and fascia; building panels, not of metal, namely, glass panels for building construction purposes; building stone; building materials, not of metal, namely, building stone and pre-cast concrete wall forms; storage tanks of masonry; rock crystal; concrete; concrete building elements, namely, blocks, bricks, slabs and panels; shutters, not of metal, for concrete exterior buildings; bituminous products for building, namely, bituminous coatings for roofing; wooden plank boards for building; letter boxes of masonry; rubble in the nature of mica and insulating refractory materials; busts of stone, concrete or marble; roofing tiles, not of metal; roofing, not of metal, incorporating solar cells; roof gutters, not of metal; scantlings in the nature of lumber; roofing slates; non-metal shingles; non-metal mooring bollards; stave wood in the nature of semi-worked wood, wood sliding and wood panelling; safety glass for building purposes; drain pipes, not of metal; turnstiles, not of metal; rigid penstock pipes, not of metal; railway sleepers, not of metal; non-metal paint spraying booths; non-metallic window frames for glazed windows; non-metal lintels; shutters, not of metal; non-metallic frames for glazed windows; window glass, for building; non-metal prefabricated houses; refractory construction materials, not of

metal; statuettes of stone, concrete or marble; insect screens, not of metal; folding doors, not of metal; agglomerated bagasses of cane in the nature of asbestos board for building purposes; wood veneers; floors, not of metal; memorial plaques of stone and not of metal; balustrades; geotextiles, namely, fabrics for use in civil engineering; scaffolding not of metal; framework for building, not of metal, namely, concrete poles for use as building materials; non-metal architectural mouldings for building purposes; non-metal transportable greenhouses for household use; horticultural frames, not of metal, namely, artificial habitat structures in the nature of non-metal floating islands for horticultural purposes; non-metal foundry molds for forming cement bricks and wall panels for building; plaster; gypsum; latticework, not of metal; window glass, except glass for vehicle windows; glass granules for road marking; non-metal tombs; grave or tomb enclosures in the nature of non-metal grave slabs and tombs; tomb slabs, not of metal; gravestones; tombstone stele in the nature of non-metal grave marker; tombstone plaques, not of metal; granite; cement for blast furnaces; prepared wood in the nature of preserved wood; mouldable wood in the nature of semi-worked wood; semi-worked wood; wood for making household utensils, namely, semi-worked wood; xylolith; wooden floor boards; furrings of wood in the nature of wood panelling and wood trim; wood pulp board for building, namely, roofing, ceiling and flooring board; wood paving in the nature of wood flooring and wood panelling; wood panelling; pre-fabricated non-metal chicken-houses; insulating glass for building; non-metal jalousies; non-metal wall tiles for building; pre-fabricated non-metal platforms; lime building materials; calcareous marl in the nature of limestone; calcareous stone in the nature of limestone; non-metal chimney pots; non-metal chimney cowls; non-metal building flashing; non-metal angle irons; non-metal roof flashing; potters' clay; gravel; stained-glass windows; non-metal and non-plastic drain traps; non-metal and non-plastic water-pipe valves; underlays of agglomerated cork; works of art of stone, concrete or marble; artificial stone; non-metal laths; non-metal arbours; floorboards; non-metal crash barriers for roads; non-metal ducts for ventilating and air-conditioning installations; non-metal luminous paving blocks; magnesia cement; macadam; porches, not of metal, for building; marble; masts in the nature of non-metal utility poles; wall linings, not of metal, for building; mortar for building; glass, marble, ceramic tile and natural stone mosaics for building construction; cement for furnaces; olivine for building; paper board for building; parquet flooring; parquet floor boards; pitch; non-metal palisades; non-metal paving blocks; cement posts; non-metal posts; non-metal advertisement columns; cement slabs; non-metal paving slabs; non-metal tile floorings; porphyry; fireproof cement coatings; non-metal rocket launching platforms; moldings, not of metal, for cornices, namely, non-metal decorative moldings for use in building construction; raw chalk in the nature of chalk powder for use as building material; sandstone tubes; non-metal rigid pipes for building purposes; sand, except foundry sand; silver sand in the nature of fire extinguishing sand; sandstone for building; manhole covers, not of metal; fireclay; schists in the nature of glass powder for use as building materials; slate powder; slag stone; clinker stone in the nature of bricks; rough sawn timber; chimneys, not of metal; mantlepieces; non-metal chimney shafts; pre-fabricated non-metal pigsties; non-metal window sills; non-metal swimming pools; non-metal floating docks for mooring boats; caissons for construction work under water; non-luminous and non-mechanical signs, not of metal; non-metal, non-luminous, and non-mechanical concrete signalling panels; silos, not of metal; non-metal hips for roofing; plywood; non-metal diving boards; non-metal sheet piles; prefabricated non-metal stables; stones; bricks; coal tar; works of stone masonry, namely, storage tanks of stone masonry; non-metal street gutters; binding material for road repair, namely, polymeric bitumen emulsions for road surfaces and road asphalt; materials for making and coating roads, namely, road asphalt, polymeric bitumen emulsions for road surfaces, and bitumen-based driveway sealants; non-luminous and non-mechanical non-metal signs for roads; road marking sheets and strips of synthetic material, namely, plastic road studs

for marking out roads and glass granules for marking roads; non-metal poles for electric power lines; non-metal partitions for buildings; tar; tarred strips, for building, namely, tar coatings for use on roofs walls and pavements; building cardboard in the nature of asphalt roofing paper; non-metal telephone booths; non-metal telegraph posts in the nature of utility poles; terra cotta; clay in the nature of flooring, walling and roofing tiles; slate; non-metal doors; staircases, not of metal; non-metal stair-treads; non-metal stringers, namely, concrete or wooden stringers for use in building construction; tufa; door panels, not of metal; door casings, not of metal; lengthening pieces, not of metal, for chimneys, namely, glass, concrete or brick pipework; vinyl siding; non-metal bird baths; non-metal aviaries; non-metal water-pipes; non-metal fences; cement; fireproof cement coatings; earth for bricks, namely, clay ash; non-metal ceiling tiles and panels

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Plastics in extruded form for use in further manufacturing; packing and insulating materials; flexible pipes, not of metal; semi-processed acrylic resins; non-metal compressed air pipe fittings; asbestos; asbestos fibers; asbestos felt; asbestos packing for valves and pistons; asbestos fabrics; asbestos paper; asbestos boards; slate asbestos in the nature of asbestos boards; asbestos sheets in the nature of asbestos cloth and asbestos fire curtains; asbestos coverings in the nature of asbestos cloth, asbestos fire curtains, asbestos nets and asbestos clothing for protection against fire; balata in the nature of gutta-percha; bark coverings for sound insulation in the nature of soundproofing materials; cotton wool for sealing purposes for caulking; tinted plastic films for use on windows; foam supports for flower arrangements; joint packings for plastic and metal pipes; expansion joint fillers; weatherstripping sealants in the nature of caulk; caulking; non-metal sealing rings for use as connection seals; draught excluder strips for plastic and metal pipes in buildings; dielectrics in the nature of insulating and protective interlayer dielectric materials and coating for use in furnaces; elastic threads, not for use in textiles; substances for insulating buildings against moisture, namely, insulating water proofing tiles; insulating refractory materials; semi-processed plastic foams and films in the nature of filtering materials in the metal processing industry; foil of regenerated cellulose acetate, other than for packing, for use in the manufacture of molds; ebonite molds; sealant compounds for joints; watering hose; fibreglass fabrics for insulation; fiberglass for insulation; mica, raw or partly processed; rubber material for recapping tires; gum, raw or partly processed; rubber seals for jars; threads of rubber, not for use in textiles; clack valves of rubber for use in hydraulic circuits of industrial machinery; rubber solutions; sleeves of rubber for protecting parts of machines; door stops of rubber; shock-absorbing buffers of rubber for industrial machinery; rings of rubber for use as pipe connection seals; cords of rubber; gutta-percha; semi-processed brake lining materials; partly-processed friction materials for brake linings; vulcanite in the nature of ebonite; insulators for electric mains; insulators for railway tracks; insulators for electric cables; insulating paints; insulating tape and insulating bands in the nature of insulating tapes; insulating felt for use in construction industry; insulating varnish; metal foil for thermal building insulation; insulating fabrics; insulating gloves; insulating oil for transformers; insulating oils; insulating paper, namely, flame retardant paper used to insulate buildings and industrial furnaces; insulating plaster; liquid rubber; adhesive bands, other than stationery and not for medical or household purposes; carbon fibers, not for textile use; semi-processed artificial resins; semi-processed plastics; plastic fibers, not for use in textiles, for use in the manufacture of bricks; plastic film, not for wrapping, for packing, cushioning, and stuffing purposes; plastic sheeting for agricultural purposes; soldering threads of plastic materials, not for textile use; clutch linings; rubber; chemical compositions for repairing leaks, namely, grout

sealant; canvas hose pipes for use in irrigation and cooling of industrial machinery; reinforcing materials, not of metal, for pipes; pipe gaskets; mineral wool for use as an insulator for buildings and furnaces; compositions to prevent the radiation of heat, namely, insulating fire bricks and ceramic foam insulation for use in industrial furnaces; boiler composition to prevent the radiation of heat, namely, insulating sleeves made of ceramic foam and of refractory ceramic fiber and used for water heaters; paper for electrical capacitors; padding materials of rubber or plastics; packing materials of rubber or plastics; pipe jackets, not of metal, for use with plastic pipes; junctions, not of metal, for pipes; soundproofing materials; slag wool for use as a building insulator or a furnace insulator; hoses of textile material; threads of plastic for soldering; floating anti-pollution barriers; asbestos fire safety curtains; synthetic rubber; washers of rubber or vulcanized fiber; valves of india-rubber or vulcanized fiber; connecting hose for vehicle radiators; bags of rubber, for merchandise packaging; viscose sheets, other than for packing, namely, polymer sheets for use in the manufacture of molds; vulcanized fiber; non-conducting materials for retaining heat, namely, insulating sleeves for water heaters; waterproof packings for electrical goods; semi-processed cellulose acetate for use in the manufacture of molds; cylinder joinings

GOODS AND SERVICES INFORMATION

For Lamps, fluorescent lighting tubes, lighting apparatus for greenhouses in the nature of lights for use in growing plants, lighting regulating apparatus and instruments for regulating lighting conditions in a greenhouse, temperature regulating apparatus and instruments in the nature of automatic temperature regulators for central heating radiators; lighting apparatus, namely, lights for use in growing plants; structural parts and accessories sold as a unit of the above lighting apparatus, for lighting instruments, for greenhouse lighting apparatus, namely, air duct couplings, mounting hooks, mounting, brackets, mounting carabiners, and power cables

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Consultancy services regarding installation, maintenance and repair of lighting systems, controls for lighting systems and light fixtures

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Computer software programs for collection and analysis of information on conditions in greenhouse environments and of plant crops; computer hardware, computer software and hardware for collection and analysis of information on conditions in greenhouse environments and of plant crops; computer software and hardware for lighting, namely, for controlling and optimizing the intensity, spectrum, and distribution of light, software and hardware for control and regulation of lighting, of light waves, of temperature, of the conditions in greenhouse environments, of plant crops; electric

sensors, light measuring sensors, lighting sensors, sensors for detecting photosynthetic activity and other signals from plants, sensors for registering temperature, humidity and other environmental parameters; computer hardware and software for collection and analysis of information regarding light waves, temperature, the conditions in a greenhouse environment, and plant crops; computer hardware and software for control and regulation of lighting, light waves, temperature, conditions in a greenhouse environment, and plant crops; computer hardware and software for controlling a temperature regulator

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Computer programming services; consultancy services regarding lighting and control of light waves, regarding conditions in greenhouse environments, regarding cultivation of plants; research and development regarding customizing lighting systems for plant growing, analytical services, namely, analyzing conditions and requirements for customizing lighting systems for plant growing; scientific research and development regarding lighting, light waves and control and regulation of lighting and light waves, regarding conditions in greenhouse environments, regarding cultivation of plants, and analytical services in the nature of analyzing conditions and requirements regarding lighting, light waves, control and regulation of lighting and light waves, conditions in greenhouse environments, and the cultivation of plants; provision of server capacity and databases, namely, electronic storage of data collected from customers on a server, organizing the data and providing access to data stored electronically in online searchable databases; cloud services, namely, cloud hosting provider and cloud computing services

GOODS AND SERVICES INFORMATION

For Oil and gas well downhole machines and machine parts, namely, retrievable bridge plug machines, packers, straddles, remotely controlled hydraulic valve actuators, fluid loss barrier valves, pressure diverter valves, flapper valves, choke valves, ball valves, and sliding sleeves; oil and gas well downhole machines, namely, downhole running tools; apparatus for use in oil and gas well intervention, completion and remediation, namely, machine tools used during operations that take place subsequent to the wellbore being drilled, during the construction of the wellbore to make it ready for extraction of oil and gas and in subsequent operations which take place after completion; oil and gas well downhole toolstring machines, namely, string of machine tools assembled together for the purposes of lowering into a wellbore; wireline and slickline machines used in oil and gas wells; oil and gas well downhole equipment and service tools, namely, barrier and plug machines used in oil and gas drilling operations to restrict or prevent flow of fluid in wellbores; fishing tools for use in oil and gas wells, namely, machines used in the recovery of stuck tools or objects from the wellbore; clean-up and debris removal machine tools for use in oil and gas wells in the nature of magnetic tools, brushes, filters, baskets and fluid circulation devices used to remove materials such as particles of rock or metal from a wellbore; isolation machines for use in oil and gas wells used to create fluid seals and pressure retaining barriers in wellbores; oil and gas well downhole machines, namely, downhole cutting tools; oil and gas well downhole machines, namely, downhole hangers;

flow line machines for oil and gas wells, namely, devices used to control or direct flow in a flow line; machines for detecting leaks in oil and gas wells, namely, machines that prevent a wellbore leak and tests the wellbore tube integrity; pulling machines for use in oil and gas wells to retrieve equipment from a wellbore or to actuate a downhole tool by an upward force; tubing alignment machines for use in oil and gas wells, namely, machines for aligning tubing devices used to align rods within wellbores; wireline retrieval machines designed to connect onto a wireline in a wellbore; machines for use in oil and gas wells, namely, wireline grabs; oil and gas well downhole machines, namely, lock mandrels; flow control valves as machine components for completing and producing fluids from oil and gas wells; isolation machines in the nature of packers; cutting machines for cutting a wireline, slickline, or tubing for use in oil and gas wells; oil and gas well downhole machines, namely, chokes for controlling fluid flow rate or pressure; pumps for oil and gas well operations; oil and gas well downhole machines, namely, fluid flow control machines and wellbore plug machines; oil and gas well downhole machines, namely, bridge plug machines for controlling pressure or fluids downhole; oil and gas well downhole machines, namely, borehole anchor machine used to secure a tool or toolstring in a wellbore; oil and gas well downhole machines, namely, downholecasing centralizers used to maintain the casing or liner in the center of a wellbore; oil and gas well surface machines, namely, pumps and fluid control machines; modular machine tools for use in wellbores, namely, machine tools with interchangeable components and modules which are assembled to form a larger tool

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Repair and maintenance of oil and gas well downhole equipment and installations; well intervention services, namely, construction, maintenance, remediation, and repair of wells; well intervention services, namely, inspection services in the course of repair, remediation, construction and maintenance of oil and gas wells; construction project management services in the field of installation, remediation and repair of oil and gas well facilities; installation of oil exploration and production apparatus; rental of downhole oil well drilling, completion, intervention and remediation tools for use in the oil and gas industry; construction, repair, and maintenance of oil and gas wells; oil and gas well drilling services; oil and gas well production services, namely, maintenance of wellbores by removing formation damage to improve fluid flow rates; supervision of construction projects; well operating and production services, namely, installation of flow control apparatus within wellbores; well barrier and isolation services for the oil and gas industry, namely, maintenance and repair of wellbores by installation of plug systems for isolating zones within a wellbore to restrict or prevent flow of liquid or gas and to create fluid seals and pressure retaining barriers; well flow enhancement services for the oil and gas industry, namely, maintenance, remediation and repair of wells by pumping well flow enhancement fluids into wellbores and removing formation damage in wellbores; well repair and maintenance for the oil and gas industry; fishing services for the oil and gas industry, namely, maintenance of wells by the recovery of tools, objects, and devices from the wellbore; wellbore cleaning and debris removal services for the oil and gas industry; providing information advisory and consultancy services relating to the above
