For Unloading tipplers for tilting railway freight cars; pusher and puller cars for mining; ropeway conveyor for cargo or freight handling in the nature of aerial conveyers; traction engine; non-electric prime movers for land vehicles, namely, internal combustion machines and fuel injection devices for internal combustion engines shafts, axles or spindles for land vehicles; axle bearings and wheel bearings for land vehicles; shaft couplings or connectors for land vehicles; power transmissions and gearing for vehicles; shock absorbers for land vehicles; suspension springs for motor cars; brakes for land vehicles; anti-theft alarms for vehicles; AC motors or DC motors for land vehicles not including their parts; vessels, namely, boats and ships, and their structural parts and fittings; air-cushion vehicles; automobiles, namely, utility vehicles, all terrain vehicles, side by side vehicles and their structural parts and fittings; two-wheeled motor vehicles, namely, motorcycles, mopeds and scooters, and bicycles and their structural parts and fittings; carts; adhesive rubber patches for repairing tubes or tires; baby carriages or prams; rickshaws; wheelbarrows; horse drawn carriages; bicycle trailers, namely, riyakah; trailers; steam turbines for vessels; aircraft; parts and fittings for aircraft, namely, fuselages, and structural parts of aircraft, namely, nacelles; personal water crafts, namely, small powerboats, personal jet boats, water scooters, and their structural parts and fittings; screw propellers for vessels; vessel control gears, namely, steering gears; helicopters and their structural parts and fittings; unmanned aerial vehicles; electric railway cars; locomotives; fitted heated hatch covers for railway cars to prevent entry of water and moisture; railway rolling stock and their structural parts and fittings; seats of railway cars; luggage racks for railway cars; seats for railway cars; bodies for railway cars; wheels for railway cars; undercarriages for railway cars; chassis for railway cars; hand straps for railway cars; doors for railway cars; railway couplings; transmission components for land vehicles, namely, transmission belts, transmission mechanisms, transmission cases, and transmission chains; floating production, storage and offloading vessel; high speed railway vehicles; electric locomotives; subway rail cars or underground railway cars; railway passenger cars. reduction gear for vessels; sleighs and sleds for vehicle; parachutes; latches being structural parts or fittings of railway rolling stock; launches; ground support equipment for air vehicles, namely dollies and carts

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Amusement park rides; toys, namely, model toy vehicles, ride-on toys, radio controlled toy vehicles, scale model kits, toy robots, toy cars; dolls; go games; Japanese chess in the nature of shogi games; Japanese playing cards, namely, utagaruta; dice; Japanese dice games, namely, sugoroku; dice cups; diamond games, namely, puzzles; chess games; checkers; dominos; playing cards; Japanese playing cards, namely, hanafuda; mah-jong; amusement and arcade game machines, video game machines; billiard equipment; sports equipment other than for climbing, namely, chest protectors, sport balls, protective supports for joints, shoulder, and back; sports equipment for surfing, water-skiing and scuba diving, namely , water skis; fishing tackle

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Wheel loaders and their structural parts and fittings; load-haul-dump vehicles; concrete paving machines and their structural parts and fittings; mining machines and apparatus, namely, drills for the mining industry and truck mills for mining purposes and their structural parts and fittings; loading-unloading machines and their structural parts and fittings; construction machines and apparatus and their parts and fittings, namely truck bed-mounted material handling machinery primarily for use in the construction materials delivery industry, namely, hydraulic extendable material conveyors, mechanical extendable material conveyors, and truck bed material lifting platforms, and their structural parts and fittings; snow ploughs and their structural parts and fittings; Lumbering band saws; Woodworking machines, namely, Woodworking saw-tooth setting machines, Wood drilling, grinding, milling, and planting machines; veneer or plywood making machines and apparatus, namely, plywood and veneer clipping, drying, finishing, gluing, and jointing machines; plowing machines and implements other than hand-held tools, namely plows; cultivating machines and implements, namely, power-operated or engine-driven cultivators; harvesting machines and implements, namely, combine harvesters, harvest drying machines, and timber harvesting machines; plant fiber processing machines and implements for making agricultural aids of crude vegetable fibrous materials; fodder presses; fodder cutting machines or feed cutters; fodder mixing machines or feed mixers; cake-fodder crushing machines or feed mills; non-electric prime movers not for land vehicles other than water mills and wind mills, namely, air turbines, gasoline engines and fuel injection devices for internal combustion engines; pneumatic or hydraulic machines and instruments, namely, pneumatic and hydraulic pumps, pneumatic and hydraulic conveyors, pneumatic and hydraulic transporters; cam shafts, shafts for pumps, and transmission shafts, not for land vehicles; axles for machines, not for land vehicles; Spindles being parts of machines, not for land vehicles; engine bearings and bearings as parts of machines, not for land vehicles; shaft couplings or connectors not for land vehicles; power transmissions and gearing for machines not for vehicles; shock absorbers for machines, not for land vehicles; springs being parts of machines, not for land vehicles; brakes for machines, not for land vehicles; valves being parts of machines, not for land vehicles; lawnmowers; starters for motors and engines; AC motors and DC motors other than for land vehicles; AC generators or alternators; DC generators; brush cutter; engine-driven hedge trimmer; agricultural machinery, namely, combines, harvesters, threshers, tillers, cultipackers, and seed sowers; agricultural implements other than hand-operated, namely, disk harrows, seeders, and fertilizer spreaders; gas turbines not for land vehicles; generators of electricity; small-sized gas turbines for activating pumps, not for land vehicles; mobile electric power generators; waste compacting machines and apparatus, namely, waste compactors; waste crushing machines; washing or cleaning machines for LCD, integrated circuits, semiconductors, and solar panels; machines for manufacturing liquid crystal displays; semiconductor manufacturing machines; integrated circuit manufacturing machines; solar battery manufacturing machines; plastic processing machines; laser metalworking machines; glass working machines; textile making up machines; textile bonding machines; power-operated floor lifting machines; pneumatic transporters; sorting machines for industry; vibration sieving machines for industrial use; metalworking machines and metalworking tools; material supplying devices for metalworking, namely, automatic material dispensing machines; washing machine for industrial machines and parts; solar power electricity generators; solid state electrical power generator; biomass-powered electricity generators; natural gas engines not for land vehicles; industrial waste disposal machines and apparatus, namely, machine tools for removing waste

material, waste material conveying machines, and waste crushing machines; waste recycling equipment, namely, machines for separating recyclable materials, and machinery for the mechanical recycling of synthetic resinous materials; hydro power electricity generators; hydroelectric turbines; wind turbines; tidal energy generator, namely, hydroelectric electricity generators; power washing machines for washing aircraft; vehicle washing installations; automatic luggage handling manipulator machines for airports; baggage handling equipment, namely conveyors, for airport use; chemical processing machines and apparatus, namely blending machines, dissolving machines, separating machines, extracting machines, and filtering machines; ; fuel tanks for internal combustion engines other than for land vehicles; exhaust gas treatment equipment, namely exhausts for rocket engines other than for land vehicles; machines for installation, construction, cleaning and/or remediation of pipelines, namely pipe cleaning and clearing machines for the use in cleaning of pipelines, machine tools for use in repairing pipelines, pipeline construction equipment, namely hydraulic pipe bending machines, bending dies and molds for use with machine tools and bending sets, pneumatic wedge mandrels, hydraulic wedge mandrels, power operated pipe rollers, pneumatic line-up clamps, boring machines, ditch pumps in the nature of centrifugal pumps, pipe layers, welding tractors, pipe wrapping machines, pipe handling machines, hydraulic excavators motor graders, hydraulic pipe clamps and hooks being parts of machines, and structural parts therefore; waste disposing and recycle processing equipment, namely, machines for separating recyclable materials; equipment for making fly ash bricks from incinerated waste by cement, namely compression moulding machines; stone-working machines; crushing machines for forming cement; crushing machines for refining nonferrous metals; waste disposing equipment, namely, machines to compact or crush pyrolyzed, carbonized, or incinerated waste; tunnel boring machines; shield tunneling machines; pneumatic or hydraulic transporters for heavy loads; reduction gear for turbines; turbines not for land vehicles; organic rankine cycle turbo generator; organic rankine cycle turbo generator unit in the nature of turbines for power generation; steam turbines; Diesel engines not for land vehicles and their parts and fittings; electricity generators and their parts and fittings; superchargers or turbochargers for industrial purposes and their parts and fittings; couplings for machines not for land vehicles; connecting rods for machines, motors and engines, not for land vehicles; turbo blowers for motors and engines not for specified purposes; air compressors and electric compressors not for specified purposes; steam compressors; centrifugal compressors not for specified purposes; robotic machines, namely robotic arms for industrial purposes; industrial robots; propulsion mechanisms other than for land vehicles, namely aeronautic engines, marine propulsion engines, turbo-prop engines, internal combustion engines, and maglev linear motors; hydraulic door openers and closers for railway vehicles; electric door openers and closers for railway vehicles; pumps for machines not for specified purposes; hydraulic motors; hydraulic transmissions, other than for land vehicles; hydraulic cylinders as machine parts; hydraulic metalworking machines and hydraulic metalworking machine tools; hydraulic mining machines and apparatus, namely hydraulic drills for the mining industry and hydraulic truck mills for mining purposes; hydraulic construction machines and apparatus, namely, Truck bed-mounted hydraulic material handling machinery primarily for use in the construction materials delivery industry, namely, hydraulic extendable material conveyors, and hydraulic truck bed material lifting platforms; hydraulic loading-unloading machines; washing installations for bearings of railway rolling stock; multi-purpose high pressure washers; net hauling machines for fishing; food or beverage processing machines; painting machines, painting apparatus, namely paint sprayers and paint spray guns; gasoline engines not for land vehicles; steam engines for vessels; jet engines not for land vehicles; rocket engines not for land vehicles; hydraulic valves; hydraulic actuators; hydraulic control apparatus for non-electric prime movers for machines; servo motors not for land

vehicles; hydraulic controls for metalworking machines and tools; hydraulic controls for mining machines and apparatus; pulp-making, papermaking or paper- working machines; printing or bookbinding machines; sewing machines; shoe making machines; leather tanning machines; tobacco processing machines; glassware manufacturing machines; packaging or wrapping machines; power-operated potters' wheels; machines and apparatus for manufacturing rubber goods, namely, injection and compression moulding machines for manufacturing tires and industrial part; parts for non-electric prime movers for land vehicles, namely, internal combustion land vehicle engine parts, namely connecting rods, coils, distributor caps and distributor rotors; adhesive tape dispensing machines; automatic stamping machines; electric washing machines for industrial purposes; machines and machine tools for repairing and fixing leaks, namely, Machine for repair, polishing, buffing and scratch removal on industrial part and vehicles; mechanical parking systems; food mixing machines for commercial use; food peeling machines for commercial use; dish washing machines for industrial purposes; food cutting, chopping and slicing machines for commercial use; electric wax-polishing machines for industrial purposes; vacuum cleaners for industrial purposes; curtain drawing devices electrically operated; hydraulic pumps not for specific purposes; machine elements not for land vehicles, namely turntables and their rotating devices, shock prevention devices for machines, and ball transfer units; waste processing machines using plasma enhanced melter processes; thrusters for vessels; propulsion equipment for vessel, namely propellers and trolling plates; lifting jacks other than hand-operated, for floorboards using air-pressure

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Heating boilers; heat exchangers not parts of machines; nuclear reactors; ventilators for removing flammable gas for nuclear power facilities; gasification furnaces for industrial purposes; pyrolysis furnaces for waste disposal; garbage incinerators; pressure vessels, specially adapted for nuclear reactors; heating furnaces for chemical plants; coal drying apparatus for coke ovens, namely, drying apparatus for chemical processing; tube dryers as parts of industrial coal ovens for drying coke and high moisture brown coal; drying apparatus for industrial chemical processing; flue gas desulfurization units for treatment of gases for industrial purposes; purification installations for sewage, sewage treatment plants, sewage disposal plants, methane fermentation reactors for sewage disposal purposes, sludge filtering units as parts of sewage treatment plants; water purification installations; calcining furnaces for industrial purposes; clinker coolers as parts of kilns for use in the cement industry; rotary kilns for industrial purposes; electric furnaces for industrial purposes; ventilation installations and apparatus, namely turbine ventilators and ventilation hoods; ionization apparatus for the treatment of air or water; light-emitting diodes (LED) electric lamps and LED light fixtures; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; milk sterilizers; industrial furnaces; industrial furnaces, namely furnaces for waste carbonization, waste disposal incinerators, and waste disposing machines for pyrolyzing hazardous substances; forage drying apparatus; air-conditioning apparatus for industrial purposes; freezers for household purposes; freeze drying equipment, namely lyophilizers; electric laundry dryers for industrial purposes; hair driers and steamers for use in beauty salons; cooking apparatus and installations for industrial purposes, namely industrial cooking ovens and rice cookers; industrial dish drying apparatus and installations, namely industrial dish-drying machines; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; solar water heaters; water purifying apparatus; tap water faucets; plumbing fittings, namely, level controlling valves for tanks and pipe

line cocks

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Installation, check, repair or maintenance of gas turbines, power generators; repair or maintenance of power generation plants; repair or maintenance of boilers; repair or maintenance of heat exchangers; repair or maintenance of nuclear power plants; repair or maintenance of waste disposal plant; repair or maintenance of washing or cleaning apparatus for LCD, panel, semiconductors, solar batteries or fiber-reinforced plastics; repair or maintenance of processing equipment for LCD, panels, semiconductor, solar battery or fiber reinforced plastics; repair or maintenance of fiber processing plant; repair or maintenance of movable floor lifting machines and apparatus; repair or maintenance of vibration sieving machines for industrial use; repair or maintenance of metal working machines and tools; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of material supplying devices for metalworking; repair or maintenance of washing apparatus; repair or maintenance of fairground ride apparatus; repair or maintenance of solar power units; repair or maintenance of power generation system; repair or maintenance of electricity transporting or distributing equipment and apparatus; repair or maintenance of medical machines and apparatus; repair or maintenance of automated cell culture machines and apparatus; repair or maintenance of hydro power units; repair or maintenance of wind turbines; repair or maintenance of tidal energy generator; repair or maintenance of aircraft washing installation; repair or maintenance of handling system for luggage, baggage or cargo at airport; repair or maintenance of hold baggage screening machines; repair or maintenance of hold baggage screening system comprised of baggage screening machines and computer hardware; repair or maintenance of waste carbonization processing plant; repair or maintenance of chemical plants; repair or maintenance of tube dryer for industrial use; repair or maintenance of drying apparatus for industrial use; repair or maintenance of flue gas desulfurization plants; repair or maintenance of reservoirs of metal; repair or maintenance of metal storage containers; repair or maintenance of trailers; repair or maintenance of fire fighting facility; repair or maintenance of rocket-launching facility; repair or maintenance of pipelines; repair or maintenance of waste incineration plant; repair or maintenance of methane gas fermentative treatment facility; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of waste treatment plant; repair or maintenance of sewage treatment equipment; repair or maintenance of sludge treatment equipment; repair or maintenance of water purification installations; repair or maintenance of cement plant; repair or maintenance of nonferrous metal plants; repair or maintenance of waste disposing equipment; repair or maintenance of mining machines and apparatus; repair or maintenance of construction machines and apparatus; repair or maintenance of tunnel boring machines; repair or maintenance of shield machines; repair or maintenance of materials conveying machines; repair or maintenance of aircraft hangars; repair or maintenance of transporters for heavy loads; repair or maintenance of industrial robots; repair or maintenance of robots for medical purpose; repair or maintenance of vessels; repair or maintenance of offshore platforms; shipbuilding; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of plowing machines and implements other than hand-held tools; repair or maintenance of cultivating machines and implements; repair or maintenance of harvesting machines and implements; repair or maintenance of plant fiber processing machines and implements; repair or maintenance of fodder presses; repair or

maintenance of fodder cutters; repair or maintenance of fodder mixers; repair or maintenance of fodder mills; repair or maintenance of electric power converter; repair or maintenance of logistic systems for hospitals that are comprised of computer hardware; repair or maintenance of biomass power generation plant; repair or maintenance of personal water crafts

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electronic power controllers for controlling power consumption; Electronic power controllers for controlling power source; solar batteries; photovoltaic solar panels; electrical controlling devices; computer software for controlling generators; computer software for monitoring and managing power consumption; power distribution or control machines and apparatus, namely, power distributing boxes; electric power converter; contactless or isolated electric power transporting equipment and apparatus, namely, Power supply connectors and adaptors for use with portable electronic devices, Uninterruptible electrical power supplies; battery charging apparatus, namely, charging stations for charging electric vehicles; laboratory apparatus and instruments for the exchange of substances and heat; testing equipment for measuring the temperature, pressure, position or form of workpieces in a machine tool; electronic machines and apparatus, namely, semi-conductor elements, electronic circuits, computers, industrial X-ray machines, magnetic object detectors, seismic exploration machines, echo sounders, ultrasonic flaw detectors, ultrasonic sensors, electron microscopes; automated cell culture machines and apparatus for laboratory use, namely, machines for diluting samples, growing cultures in liquid, plating cultures, placing cultures in wells, and controlling temperature of cultures; computer hardware and software system for managing hospital logistics for professionals in the field of medicine; fire fighting simulators comprised of smoke generators and fire extinguishing water detectors; computer programs for operating equipment for aircraft hangars; simulators of the steering, control and maintenance for land, aerial or marine vehicles; wind-tunnel testing apparatus, namely wind-tunnels for aerodynamics testing of land vehicles and airplanes; calibration devices for automatically calibrating precision balances; automatic balance calibration machines; testing apparatus in the nature of a wind tunnel; controllers for manometers; constant temperature controllers for industrial or laboratory use; thermal conditioning apparatus for pressure transducer for industrial or laboratory use; simulators of the steering and control for land, aerial or marine vehicles; measuring or testing machines and instruments of performance for airplanes, namely, Aircraft test boxes for testing power supply and electrical system and ultrasonic equipment used to test or inspect damage to aircraft; electric or magnetic meters and testers of performance of airplane, namely, altimeters, circuit testers, aircraft airspeed sensors, electromagnets for testing performance of engines in airplanes; computers and computer software to measure performance of airplane; test bench equipment for testing air vehicles, namely, ultrasonic equipment used to test or inspect damage to aircraft; simulators for the flight training of air vehicles; simulators for the weapon and tactical training of air vehicles; simulators for the maintenance training of air vehicles; battery; power converter; electrical power supplies, voltage stabilizing power supplies; electrical storage batteries for railway vehicles; capacitors for electricity distribution and for electricity distribution control; nickel-metal hydride storage batteries for power generating systems; nickel-hydrogen electrical storage cells; rechargeable electric batteries; accumulators for electricity distribution and electricity distribution control; machines for distributing or controlling power, namely power controllers; electrical power distribution blocks and units; electrical distribution systems, namely, power distribution panels; video camera controllers;

camera stabilizer; security cameras; telecommunication devices and apparatus, namely, computer hardware for telecommunications, telecommunication devices in the nature of navigation apparatus for vehicles, remote control telemetry machines, and navigation and telemetry data recorders; hold baggage screening machines and systems, namely airport security and baggage scanning system comprising electronic x-ray scanners, and video cameras and recorders; machines for collecting electric current for railway cars; electronic controllers for controlling the power supply and distribution of aircraft

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Rental of automated cell culture machines and apparatus for medical use; rental of medical machines and apparatus

For Nuclear fuel reprocessing

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Outerwear, namely, coats; sweaters and sweatshirts; shirts and t shirts; nightwear; underwear; swimwear or bathing suits; bathing caps or swimming caps; camisoles; t-shirts; clothes for sports, namely, shirts, underwear, shorts, pants; clothes for marine sports, namely, shirts, underwear, shorts, pants; masquerade costumes; sleep masks; aprons; collar protectors for wear; socks and stockings; puttees and gaiters; fur stoles; shawls; scarves; Japanese style socks, namely, tabi; Japanese style socks, namely tabi covers; gloves and mittens; neckties; neckerchiefs; bandanas or neckerchiefs; thermal supporters clothing, namely shirts, pants, coats, dresses; mufflers; ear muffs; nightcaps; headgear for wear, namely, caps, and hats; garters; sock suspenders; suspenders or braces; waistbands; belts for clothing; footwear other than boots for sports; Japanese style wooden clogs, namely, geta; Japanese style sandals, namely, zori; boots for sports; windsurfing shoes

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Computer software design, computer programming, or maintenance of computer software serving with logistic system in hospital; providing temporary use of on-line non-downloadable software for programming a programmable electronic controller for operating machinery; computer software design, computer programming, or maintenance of computer software; computer software design for programmable controller, computer programming for programmable controller, or maintenance of computer software for programmable controller; testing, inspection or research of pharmaceuticals, cosmetics or foodstuff; providing temporary use of on-line non-downloadable software for use in database management; rental of automated cell culture machines and apparatus for laboratory use

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Reservoirs of metal; industrial storage tanks of metal at low heat; refrigerated and cryogenic storage tank of metal for industrial use; tanks of metal for storages of liquid fuel; metal storage containers; offshore drilling platforms made primarily of metal; loading and unloading pallets of metal; turn-tables of metal for load handling; traversers of metal for load handling; artificial fish reefs of metal; poultry cages of metal; paint spraying booths of metal; metal molds for forming cement products; railway points; road signs of metal not luminous nor mechanical; beacons of metal non-luminous;

industrial water storage tanks of metal; liquefied gas storage tanks of metal; gas storage tanks of metal; internal floating lids of aluminum for use with gas or liquefied gas storage tanks; metal pulleys, springs and valves not including machine elements; metal junctions for pipes; metal flanges; metal keys for locks; metal cotter pins

CASE IDENTIFIERS

Serial Number 79165151 **Application Filing Date** Apr. 10, 2015 **Register** Principal **Mark Type** Trademark **Publication Date** Jan. 19, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a black background, upon which is a picture of a black bowl with a heaping mound of tan peanuts inside of it. Transposed over the right side of the bowl is a red circle with a sunburst pattern shaded into it, with a black outline. Inside the black outline are the white words "ACI ÇESNILI - HOT SPICY FLAVORED". Above those words, in the red circle, the word "ACCILI" is written in black. Above that, still in the circle, are two peppers, a red one atop a green one, and both have shading to suggest a round shape, the shading on the green pepper is done in white. Above the peanuts are the words "FRIED & FLAVORED PEANUTS" in red, underneath the words "SOSSLU KIZARTILMIS YER FISTIGI". Above these words are three sides of a rectangle, the top, bottom, and right side, which are styled to appear to be painted in red. Inside the rectangle is a stylized version of the word "NUTZZ," with the "NUT" white and the "ZZ" red. Hanging above this, and superimposed over part of the rectangle is a drawing of a sign, with two hanging lines in beige, holding up a green rectangle with curved top and bottom sides. The rectangle has a white line bordering it. Inside is the word "PEYMAN" in white, stylized letters. Above where the right side of the "Y" and the first hump of the "M" meet are three leaves in yellow, two lying on their sides and one standing up, all meeting at the base. **Color Drawing** Yes **Color Claimed** The color(s) red, black, white, green, yellow, tan, and beige is/are claimed as a feature of the mark. **Disclaimer** "NUTS, FRIED & FLAVORED PEANUTS," "HOT SPICY FLAVOR," "ACCILI ACI ÇESNILI," "SOSSLU KIZARTILMIS YER FISTIGI" OR THE REPRESENTATION OF PEANUTS IN A BOWL BY PICTURE **Translation** The English translation of "ACCILI ACI ÇESNILI" and "SOSSLU KIZARTILMIS YER FISTIGI" in the mark is "HOT SPICY FLAVORED" and "FRIED &FLAVORED PEANUTS".

For Pressure sensitive adhesive tapes for stationery or household use; adhesive glue tape in the form of adhesive dots for stationery or household purposes; adhesives for stationery or household purposes; adhesive materials for stationery or household purposes; printed holograms; adhesive magnetic tape for stationery or household purposes; adhesive magnetic receptive steel tape for stationery or household purposes; cardboard packaging; paper for packaging; plastic film and plastic bags for packaging; plastic and paper bags for packing; blister packs for packaging; bubble packs, namely, plastic bubble packs for wrapping or packaging; packing containers of cardboard; packing containers of paper; paper packing; plastic bags, sheets and wrapping for packing; paper and cardboard boxes in collapsible form; boxes of paper or cardboard for packaging; cartons of, cardboard or paper for packaging; coated paper, cardboard or plastic film for packaging; plastic or polypropylene foils for packaging; packages, namely, boxes, cartons, storage containers, and packaging containers made of paper or cardboard; pre-cut paper stock for printing leaflets; information leaflets, namely, for use in the healthcare or pharmaceutical industry; shipping labels; address labels; paper labels; adhesive backed films for use as adhesive labels; adhesive labels; label paper, namely, coated paper or cardboard for labels; tapes for packing and packaging for stationery or household use; re-sealable adhesive tapes for stationery or household purposes; seals; closures, namely, paper closures for containers; tear tape, namely, narrow ribbons of paper tape that aid in the opening of packaging; paper for use in the manufacture of cigarette and tobacco smoke filters; ID cards, namely, paper identification tags; ink reservoirs, wicks and connectors, all being parts of writing instruments; ink ribbons, ink reservoirs, and absorbent materials, all for use in printers; visitor passes in the nature of printed entry tickets; event passes in the nature of printed entry tickets; cartons made of paper or cardboard; blister packs; plastic blister pack foils; tissue tape, namely, hand-tearable supported double-sided tape; transfer tape, namely, adhesive tape for bonding or mounting materials for household or stationery use; adhesive glue in the form of adhesive dots for household use; cellulose wipes; pre-saturated wipes, namely, disposable wipes moistened with water

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Machine parts, namely, bearings; handles for machines, namely, crank handles, clamping handles, and milling control handles; gear wheels, being parts of machines, not for land vehicles; vibration mounts, namely, shock absorbing mounts for machines; hoist rings for machines; printing machines for commercial or industrial use; 3D printing machines for commercial or industrial use; inking apparatus for commercial or industrial printing machines; laminating machines; milling machines and milling machine tools; machine coupling and transmission components except for land vehicles; incubators for eggs; automatic vending machines; leveling devices, namely, leveling mounts for machines; non-metal hand wheels being parts of milling machines; metal feet being parts of milling machines; non-metal feet being parts of milling machines; metal hand wheels being parts of milling machines; metal gear levers being parts of machines; metal cam levers being parts of machines; metal industrial control levers and metal clamping levers being parts of machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Non-metal components for furniture, cabinets, doors, packaging containers, and machinery, namely, bumper feet, bumper guards, plastic door stops, knobs, door handles, hinges, latches, catches, and closures; plastic tube and furniture fittings, namely, plastic tubular furniture legs and support structures being furniture parts; general purpose plastic hardware other than plumbing fittings, namely, washers, bushings, nuts, bolts, screws, washers, clamps, latches, hinges, locks, grommets, ferrules for placement at the ends of tubes and bars, thread protectors for pipes and tubes, retaining rings, retaining clips, and rivets; plastic valves other than valves for machines; containers made of thermoplastics materials for the packing of goods; packaging containers of plastic; plastic boxes; plastic storage containers, namely, plastic storage containers for commercial or industrial use

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Unprocessed synthetic resins, plastics, or adhesives for industrial purposes; chemicals used in industry, science and photography; chemicals for use in the manufacture of inks and coatings; fire extinguishing compositions; alcohols for industrial purposes; tempering preparations and soldering chemicals; carbon for filters; chemical preparations, mineral substances and unprocessed plastics, each in the nature of filtering materials for the life sciences industry, the medical device industry, the cosmetics industry, the water filtration industry, the tobacco industry, or the automotive industry; specialty chemicals, namely, chemical additives for general industrial use in the manufacture of a wide variety of goods; chemical substances for preserving foodstuffs; manures; taggants, namely, inorganic phosphors, for use in manufacture, for authentication and tracking purposes; cell growth media for growing cells for use in scientific research, namely, fibre or porous plastic surface active media used in life science assays

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For ID card printers, namely, thermal printers for printing on plastic ID cards; software for the design and creation of printed ID cards; electronic and magnetic ID cards for use in providing individual identifying information; ID cameras, namely, cameras for generating photos for ID cards, passports and personal identification; security passes, namely, blank smart cards for providing individual identifying information and recording individual access control information; visitor passes, namely, blank smart cards for recording and providing individual identifying information; security wristbands, namely, wearable integrated circuit modules, in the form of wristbands, for authenticating individual identifying information; hologram apparatus; encoded micro particulates, tags and taggants of plastic, metal or silicate for use in the field of passive labeling for authentication purposes; taggant readers, namely, handheld readers for detecting and reading taggants; circuit board hardware, namely, circuit boards and host bus adapters, housings and indicator lights for circuit boards; fibre optic components, namely, fibre optic couplings, fibre-optic cables and junction sleeves for fibre optics; protective headwear, namely, protective helmets; protective head guards for industrial purposes; protective eyewear; protective work gloves; protective gloves for industrial use; protective respirators other than for artificial respiration; hazard warning cones, namely, cones for alerting others about potential hazards; hazard warning triangles; warning flags; fire extinguishers; parts of telephone and computer printer apparatus, namely, plastic or foam feet for telephones and printers; laboratory filters, namely, pipette tip fibre filters; laboratory filters, namely, fibre or porous plastic filters for DNA

purifications; laboratory filters, namely, fibre or porous plastic filters for protein isolation; laboratory filters, namely, fibre or porous plastic filters for sample preparation in laboratory; laboratory filters, namely, fibre or porous plastic filters for column chromatography in laboratory; ink-jet printers; inking monitors, namely, monitoring apparatus for measuring ink application, consumption and saturation levels during printing processes; cross beam depth gauges

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Manufacturing services of new products, namely, custom manufacture of synthetic resins, plastics, adhesives, filters, porous substrates, pressure-sensitive adhesive tapes and closures, adhesive magnetic tape, plastic film and plastic bags for packaging, boxes of paper or cardboard for packaging, ink reservoirs being parts of writing instruments, wicks and connectors being parts of writing instruments, cartons made of paper or cardboard, tamper-evident seals, non-metal pipe couplings and joints, plastic pipe collars, non-metal thread protectors for pipes, tubes, tubular goods, connectors, and casings, filters for use in smoking articles, electronic cigarette cartridges, plastic storage containers and packaging for commercial, industrial and domestic use, tamper-resistant seals, injection molded plastic, vinyl dip molded plastic, semi-processed thermoplastics, semi-processed resins, plastics being semi-processed polymer alloys, metal items and components for industrial, automotive, electronics and construction applications, plastic and foam pipe and flange protectors, insulating tape, tear tape, adhesive tape, foam, bonded fiber and porous plastics, ID card printers, electronic and magnetic ID cards, metal components for use in industry and manufacture in the nature of screws and springs, cable ties for securing wires and cables, locks, latches, clamps, bolts, castors, hinges, and catches for use on cabinets, doors, furniture, containers, packaging, and machinery, and non-metal components for furniture, cabinets, doors, packaging containers and machinery

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Plastic cable ties for fastening and securing objects together, such as bundles of wire

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Cigarette filters; cigar filters; pipe filters being parts of smoking pipes; filters for use in hand-assembled smoking articles; filters for use in machine-made cigarettes; manually assembled smoking articles, namely, kits, containing tobacco and paper, for assembling roll-your-own cigarettes and make-your-own cigarettes; cigarette and cigar holders; filter rods, namely, multiple filters for cigarettes, cigars and hand-assembled smoking articles; smokers articles, namely, electronic cigarettes, electronic cigars, electronic pipes, cartridges, namely, electronic cigarette refill cartridges sold empty; liquids and accessories for electronic cigarettes, electronic cigars, electronic pipes and filter tips, namely, chemical flavorings in liquid form used to refill electronic cigarette cartridges, cartridges sold filled with glycols for electronic cigarettes; matches; electronic cigarette liquids, comprised of glycols

International Classes 34 - Primary Classes **US Classes** 2, 8, 9, 17 **International Class Title** Smokers' Articles

For Tamper evident plastic seals, namely, tamper-evident secure adhesive seals for bottle tops and plastic seals for use in preventing and detecting product tampering; pressure sensitive tapes for industrial or commercial use; plastic fittings for non-metallic flexible pipes, namely, flanges, spacers, seals, chocks, caps, connectors, and plugs; adhesive magnetic tape for industrial or commercial use; adhesive magnetic receptive steel tape for industrial or commercial use; gum for packing, namely, gum, glue and gummed tape for packing for industrial or commercial use; injection moulded plastic, namely, semi-finished injection molded products of plastic for use in a variety of industries; vinyl dip moulded plastic; semi-processed thermoplastics; semi-processed resins; plastics, namely, semi-processed polymer alloys; plastic seals for use in commercial or residential construction; plastic and foam pipe and flange protection, namely, plastic and foam padding for thermal and impact protection of pipes and flanges; insulating tape; tear tape, namely, narrow ribbons of tape, for commercial or industrial use, that aid in the opening of packaging; adhesive tape for industrial and commercial use; plastic tape for masking; hermetic tape, namely, plastic tape for creating hermetic seals; heat insulation foam; plastic packaging, namely, expanded plastic pellets for packaging; lamination overlays, namely, plastic film for use in laminating paper; lamination film, namely, polyurethane film for use in glass laminations; lamination pouches, namely, polyurethane film, sold in pouch form, for use in glass laminations; adhesive tape, namely, film tape, foam tape, bag sealing tape, laminating tape, all for commercial or industrial use; non-slip foam pads, cushions and bumpers, namely, plastic foam padding for impact protection; shaped foam or rubber strips for reducing light or air; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes not of metal; plastic flexible pipes; foam, bonded fibre and porous plastics, all being semi-processed plastics for further manufacture as wound care apparatus and other medical devices, and as cosmetics and noise attenuation products; foam, bonded fibre and porous plastics, namely, semi-processed plastics for further manufacture as products for the transfer, collection and storage of liquids; plastic components; tubing, namely, flexible tubes of plastic

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Providing laboratory testing services in the fields of cigarettes, cigars, tobacco, tobacco products and electronic smoking devices; providing laboratory research services in the field of tobacco products research; furniture design services; industrial design services; new product design services; design services for packaging; analytical method development, namely, design and development of chemical analysis procedures; chemical analysis; product testing; material testing; quality control for others; research, development, and testing of new products for others; product design and engineering services for others; design of packaging; commercial packaging design; medical packaging design; scientific and technological services, namely, research, and design of filters for cigarettes; scientific and technological services, namely, engineering of production processes for tobacco products; product research and development; research and design services, namely, design and development of computer software

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal components for use in industry and manufacture, namely, screws, springs, cable ties for securing wires and cables, locks, latches, clamps, general-purpose bushings not being machine parts, bolts, castors, hinges, and catches for use on cabinets, doors, furniture, containers, packaging, and machinery; metal components for furniture, cabinets, or doors, namely, cabinet stops, door stops, hinges, catches, metal door handles, metal door knobs; metal structural tubing; metal spacers, namely, general purpose metal spacer brackets; items of metal hardware, other than plumbing fittings, namely, metal ferrules for placement at the ends of tubes or bars; general purpose metal hardware, namely, washers, bushings, nuts, clamps, retaining rings, tie down rings, latches and cable clips; fasteners, namely, metal bolts, screws and rivets; metal chains; metal foil for use on containers and packaging; metal foils for wrapping and packaging; metallic foils, namely, tamper-evident metal foil labels used on shipping boxes; common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; pipes and tubes of metal; metal safes; common metal ores; metal tubing; containers, primarily of metal, for transport, consisting of a steel frame with wood inserts having recesses for protecting tubulars during transport
