International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For [Chemicals for use in industry and science, namely, chemical additives for use in the pharmaceutical industry and the food industry; unprocessed artificial resins for use in manufacturing plastics, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; adhesives used in industry for the binding of books, for the manufacture of surgical bandages, and adhesives used in construction; unprocessed synthetic resins; thermoplastic and thermosetting unprocessed synthetic resins organic molding compositions, for general use in the industrial arts; chemical intermediates; organosilicone compounds, namely, polysiloxanes and silanes in the form of unprocessed artificial resins, pastes, fluids, elastomers, vulcanizing preparations and accelerators; antifoaming agents; chemical catalysts for paints; chemicals for developing and fixing x-ray films and other chemicals associated with the development of said films; phosphors; chemical substances for use as nuclear fissionable material; fuel for nuclear reactors; adhesive substances used in industry; polycrystalline alumina ceramic, for general use in the industry; soldering fluxes and preparations; thermoplastic and thermosetting adhesives; chemicals, biochemicals and reagents for use in industry, science and research for non-medical purposes; chemical preparations, test kits and reagents for analysis or diagnosis used for scientific purposes, namely, chemical preparations for cell separation and culture, nucleic acid purification, nucleotides, fluorescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules, and markers for DNA/RNA synthesis; substances for scientific or medical research use, namely, reagents for luminescence, reagents for gene expression quantification, reagents for use with the polymerase chain reaction process, reagents for use with the rolling circle

amplification process, reagents for DNA cloning and vectors, modifying and restriction enzymes, reagents for labeling, sequencing and fragment analysis of nucleic acids, proteins and custom synthesis, reagents for recombinant protein expression purification; chromatography chemicals; substances for scientific or medical research use, namely, reagents for electrophoresis, bioinformatics, spectrophotometry and fluorometry; radiochemicals for scientific research use; substances for scientific or medical research use, namely, reagents for scintillating proximity assays, high through put screening assays for drug development, reagents for high resolution laser fluorescence confocal microscopy; specialty chemicals for use in industry, science and research; gases and gas mixtures for industrial, research and scientific purposes; chemical preparations and additives for use in the manufacture of pharmaceutical products, and diagnostic preparations and substances; chemical test reagents, saline solution and reagent-coated paper all for scientific and laboratory use; fissionable chemical elements for scientific research use; radioactive elements and isotopes for industrial, scientific and research purposes; radioactive sources and standards for use in radiographic techniques; radioactive sources for use in non-destructive testing, purification and sterilizing techniques; radionuclides for scientific research use; chemicals and chemical compositions for use in the treatment of water systems, waste water treatment systems, cooling water systems, boiler water and steam generating systems, boiler condensate systems, fluid separation systems, water clarification and dewatering in aqueous systems, conditioning systems, gas cleaning systems, industrial process systems, fuels and fuel processing systems, hydrocarbon and gas processing systems, oil and gas processing and petrochemical systems, pulp and papermaking systems, metal and plastic coating systems, metal processing systems; chemical products, namely, chemical gasoline additives, distillate chemical and detergent fuel additives and performance additives for fuels used in turbine engines; bags of chemically-treated water-absorbing granular materials for placement into fuel tanks; test kit consisting of reagents used for determining the presence of algae and active organic organisms in diesel fuel; bacteria cultures and nutrients for waste water and sludge treatment; polymeric chemicals used to disperse particulate matter in steam generating equipment; chemicals and chemical compositions as antifoulants and demulsifiers in coke-making and by-product operations of iron and steel industries; chemicals, catalysts, and unworked plastics for use as filtering material, acid gas eliminating filters, and zinc oxide whisker crystals filters; unprocessed plastics, none of the above covering photographic, cinematographic or optical goods; etching fluids for dissolving unwanted materials, namely, metals, semiconductor material and glass]

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For [Advertising; dissemination of advertising matter via all media, namely, in the form of thematic messages centered on human values; promotion of products and services of third parties through sponsoring arrangements and license agreements relating to international sports' events; business management; business administration; providing office functions; promoting the goods and services of others by means of contractual agreements, namely, arranging for sponsors to affiliate their goods and services with an awards program, a sports competition and sporting activities and licensing agreements relating to international sports' events to enable partners to gain additional notoriety and/or image derived from those of cultural and sporting events, in particular international sporting events; promoting the goods and services of others by means of image transfer, namely, making the partners' products and services benefit from the notoriety and attractiveness of sporting events and competitions; rental of advertising space of all kinds and on all carriers, digital or not; business management services, namely, administration of competitions for the participation of national teams to an international athletic competition, and promoting the support to said teams with the public and the concerned circles by means of promotional campaigns in the media; inventory control services; consultation in the field of inventory control services; business acquisition integration

services; direct marketing advertising for others featuring database marketing; consultation in the field of direct marketing advertising for others featuring database marketing; business reorganization consulting services; truck and automobile fleet management services, namely, voyage reporting and invoicing via a global computer network; consultation in the field of truck and automobile fleet management services; business administration consulting services; operation and management of power plants of others; consultation in the field of operation and management of power plants, business services, namely, the administration of repair and services contracts, supply chain management and consulting services in the areas of chemical product and service sourcing and procurement, product inventory and supply management and cost; consulting, marketing, cost and pricing analysis relating to electrochemical liquid purification units for use in the industrial sector; administrative, commercial and technical computerized file management; data entry and data processing services; consultancy in computerized database and file management; the bringing together, for the benefit of others, of a variety of goods and services, enabling customers to conveniently view and purchase those goods and services from an Internet web site particularly specializing in the marketing of the sale of goods and services of others; business information, commercial information agencies, rental of photocopying machines; promoting the sale of goods and services of others by means of advertisements, promotional contests, discounts and incentives in the nature of sweepstakes, rebates, reward points, and value added offers generated in connection with the use of payment cards; promoting sports competitions and events of others; promoting concerts and cultural events of others, organization of expositions having commercial or advertising purposes; the provision of documentation, namely, direct mail advertising, dissemination of advertising matter, distribution of samples, document reproduction; advertising regarding commercial sales promotion of goods and services at the retail level; providing consumer product information regarding purchase of goods and services on-line via the Internet and other computer networks; advertising services namely, advertising for transport, travel, hotels, lodging, food and meals, sports, entertainment and sightseeing, for tourist agencies services; consultation in the field of data processing, in particular, in regard to financial transactions]

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For [Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flour and preparations made from cereals, namely, biscuits and cookies, bread, pastry and confectionery, namely, cakes, fruit ices; honey, treacle; yeast, baking-powder; salt, mustard; vinegar, sauces as condiments, namely, mayonnaise, ketchup and relish; spices; ice]

International Classes 30 - Primary Classes **US Classes** 46 **International Class Title** Staple Foods

For [Blank magnetic data carriers, blank recording discs, namely, compact discs; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports glasses, namely, sports goggles for use in skiing, racquetball, swimming; computer software for individual and multi-player network games and interactive evolutive scenario games; fuel distribution equipment, namely, metered fuel pumps, electrical fuel level gauges, control valves for regulating the flow of gases and fuel lines; automated fuel station management systems, comprised of computer operating software, metered fuel pumps, rate control panels, fuel lines and dispensing nozzles for fueling land and marine vehicles and marine vehicles and aircraft; gas meters; automated railway track switch machines; Global Position System (GPS) based tracking and monitoring systems for the railroad and transit industries; electrical devices and electrical power distribution products, namely, capacitors, circuit breakers, circuit breaker load centers, circuit closers, circuit interrupters, commutators, contactors, current rectifiers, current limiters, electric contacts, electric collectors, electric

conductors, electric connectors, electric controllers, electric inductors, electric power supplies, electricity distribution boards and boxes, electricity distribution consoles, electricity switchboards and switchboxes; computer software for troubleshooting and maintaining programmable controllers, for analyzing blood vessels including cardiac vessels which also provides calculation functions with respect to blood vessels, for use with medical patient monitoring equipment, for receiving, processing, transmitting and displaying data, for use in developing personalized asset allocation programs, for use on-line to enable office equipment dealers to submit applications, manage portfolios and communicate with the company, for use in accessing mortgage and insurance information, for collecting data involving vital medical signs, for use with electrical power systems analyses and instructional manual sold as a unit therewith, for use by employees for financial institutions for determining financial investments for clients and in processing the sale of the identified investments, for obtaining information on the flood-hazard status of real property, for the development of graphical user interfaces and data visualization, for use to calculate mortgage payments, for regulating and managing vehicle fleet maintenance services, for use in connection with accessing and utilizing commercial computer services, for use by customers to obtain lease portfolio information, for a radiology information system for use by radiologists and radiology department in the database management of employee and patient information, for patient monitoring and archival purposes, installed on and used in connection with PCs and medical monitoring equipment, for graphical user interface, for use in sending encrypted and compressed data over paging carrier systems, for providing access to websites where buyers and sellers can conduct business electronically, and for underground navigation, namely, for navigation of down hole probe assembly for oil drilling and drilling assemblies for routing underground utilities; electrical goods, electrical power generation and distribution products and electrical voltage and overvoltage surge products, namely, arresters, busways, capacitors, lighting contactors, controllers and input/output devices in the nature of keyboards and monitors, fuses, lighting controllers, switch boxes, LEDs, namely, light emitting diodes, voltage regulators for electric power, voltage surge protectors, voltage surge suppressors, voltmeters, electrical circuit boards, relays and timers, solenoids and limit switches, full-voltage manual starters, reduced voltage starters, electrical switches and disconnects, circuit board terminal blocks and pumping panels, circuit breakers and disconnects, transformers, electrical lighting and power circuit boards, electrical wires, cables, cords, and conductors, electrical wiring, lightning arresters, electricity meters, power meters, grounding resistors, humidity and temperature sensors; building and wood sensors, specifically sound wave and vibration sensors; industrial calibration sensors, specifically, proximity sensors; push buttons, motor control centers comprised primarily of physical groupings of combination starters in one assembly; electrical resistance heating wires and electrical controllers therefor and voltage regulators; software and software programs for data collection, data management and data analysis for use in industrial, research, and medical use; apparatus for electrophoresis not for medical use; chromatography columns and pumps; apparatus for bioinformatics systems, namely, computer hardware and software for processing biological information; apparatus for scintillation, namely, scintillation counter to measure beta-emitting nuclides; imaging apparatus for radioactive and luminescent emissions, namely, cameras and scanners; synthesis and purification integrated systems, namely, chromatography columns, cartridges, fraction collectors, mixers, monitors, pumps, recorders and analysis software; apparatus for microarrays, namely, probes, slides, buffers, bacterial controls, racks and trays; laser based optical apparatus for digital imaging not for medical use; laboratory articles, namely, microarray slides; laboratory glassware, vials and microvials and microtitre plates; computer software for hospital operating room management; computer software for critical care information management; industrial process control software; computer software programs and program manuals sold as a unit for use in factory management; graphical user interface based computer programs for controlling machines in industrial automation applications; software for creating graphics displays and editing dynamic data

interfaces for real time graphics applications for industrial and business applications; communications software for connecting computer network users; industrial process software for plastic injection molding; software for control, monitoring, simulation, communications, data logging and collection, and factory automation; software to integrate manufacturing machine operations, control processes, provide data for visualization, track problems and generate production reports; packaged software for use in the operation and programming of grinding machines in the manufacturing industry; industrial process control hardware, namely, computer monitors; laptop computers, ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer peripherals, displays and terminals; computer whiteboards; system boards and processors; industrial process controllers featuring call control, operator interface, gage interfaces and data collectors; computer software for control and manufacturing applications, namely, statistical process control, data collection, and distributed numerical control; manufacturing execution systems and document management software; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; machine tools, namely, an adaptive control product in the nature of an external controller to optimize machine tool cutting performance of rough and semi-rough cuts; distributed and remote input/output computer hardware devices, input/output modules, interface modules, power supplies and mounting hardware therefor; intrusion and burglar alarm systems, security devices, namely, programming logic computers, control panels, electronic intrusion detectors, electronic glass-break sensors, electronic vibration sensors, magnetic contacts for use in security systems, electronic switch plates, electronic motion sensors for alarm systems, electronic motion sensitive switches, hard-wire sirens, audio speakers, electronic drivers, access control and alarm monitoring systems; fire, heat and smoke detecting and alarm units; computer card operated access control systems; card readers, card encoders, and encoded cards for use with card operated access control systems; video cameras; video object recognizers; video object trackers; video license plate readers; video alarm verifiers; video face recognizers; video vehicle recognizers; video traffic detectors; video access door controllers; video intrusion detectors; processing hardware and software that analyzes digital video images to automatically extract, record and report intelligence, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; cameras; closed circuit video systems; closed circuit video system comprising one or more cameras, and a camera housing; short range, wireless, radio frequency transceivers; power line transceivers; communication control hardware for operating closed circuit camera; communication control hardware, namely, keypad controllers, matrix switchers, multiplexers, digital video recorders, integrated pan-tilt-zoom domes, remote video controllers, receivers, electronic alarm, management controls and triggers, and video transmission devices sold separately or as part of a system for operating closed circuit cameras; personal digital assistant devices configured for use by real estate professionals; communications interface devices for use with personal digital assistant devices, fiber-optic transmission systems, namely, fiber optic transmitters, receivers and transceivers used in the transmission of video, audio, and data signals over optical fiber; electrical switches; electro-mechanical locks; magnetic locks; electric keys; hand held electronic hardware for receiving, controlling, storing, manipulating, displaying and transmitting data and for operating electronic locks; electronic access cards and readers and encoders therefor; magnetic assess cards and readers and encoders therefor; smart access cards and readers and encoders therefor; proximity cards and readers and encoders therefor; electronic key fobs and readers and encoders therefor; bar code access cards and readers, encoders; access keypads; radio frequency tracking tags; tracking and control system comprising one or more radio frequency tags, transceivers, and sensors used to determine and monitor the location and movement of tangible assets, inventory and individuals; infrared sensors; computer hardware and software for facilities management and controlling facility access systems and components therefor,

namely, control panels, access card readers, and equipment and systems for video imaging, video monitoring, digital hard drive recording, network transmission and remote access; networked digital video storage servers for access control and surveillance applications, alarm monitoring and security; computer software and hardware for controlling and operating security and access system comprising locks, doors, access, and identification; devices and security enclosures in the nature of electronic boxes for securing keys; surveillance equipment sold individually as components or together as a system comprising one or more surveillance cameras, covert cameras, close circuit television cameras, camera housings, camera mounts, camera lenses, video monitors, video recorders, digital recorders, video storage media, video switches, control panels, keypad controllers, joystick controllers, electronic display interfaces for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controllers, control panel housing, switch housing, transformers switches, splitters, coaxial cables, connectors, motion detectors, microphones and speakers; computer user interface software and control software for managing security, fire and access systems; electric locks; hand-held electronic computer and communication hardware for receiving, controlling, storing, manipulating, displaying and transmitting data for operating electronic locks, electronic key fobs, readers and encoders; data processing software and computer hardware; power supplies, namely, batteries, voltage and current regulators and transformers; control panels, namely, electronic apparatuses adapted to electrically monitor a pre-determined activity and activate a burglar alarm; siren speakers; and electronic siren drivers, namely, tone generators and amplifiers adapted to be used for sirens; computer software to control communication hardware for operating and controlling closed circuit cameras; switch units incorporating magnetically actuated reed switches for use in burglary and fire sensing alarm systems, in industrial position sensing apparatus, in revolution counters, in equipment cabinet safety interlock systems, in industrial position controlling apparatus, in electrical cables and in pump and valve controlling apparatus and home security alarm systems; electrical and electronic checking apparatus, namely, detectors, scanners and monitors for screening individuals, baggage, and cargo for the presence of particular substances; electrical and electronic checking apparatus, namely, detectors, scanners and monitors for screening individuals, baggage, and cargo for the presence of explosives and/or narcotics; apparatus for detecting presence of explosives and other contraband; time or condition sensing apparatus for initiating and controlling regeneration or backwash cycles for water treatment equipment; control valves for water conditioning and water filtration equipment; bioreactors for culturing cells; portable analytical instruments namely, a probe with a microprocessor based data conversion logger for measurement of organic and inorganic chemicals in water; filters and filter housings for laboratory use; fluid separation apparatus for laboratory use; membrane filters for laboratory use; silt density measuring device; deionization units for laboratory use; fluid flow control devices, namely, pumps, valves, flow meters and regulators for laboratory use; ozone monitors; laboratory equipment, namely, porous microtiter plates for use in cell biology and other life science applications; electronic water and process treatment controls, namely, apparatus for use in the treatment of commercial and industrial water systems, boiler water systems, cooling water systems, and closed water systems, pulp and paper processing systems, fuel processing systems, and metal processing systems to analyze the chemistry of the system, determine the proper treatment program, apply the desired treatment and monitor the effectiveness of the treatment; computer software for data management in the water treatment and pulp and paper fields; electronic controllers used for processing information in the water treatment and pulp and paper fields; apparatus for use in industrial water systems to measure and control pH and conductivity; apparatus for feeding chemical to an industrial, commercial or municipal water system in measured amounts; electronic test apparatus for use in water treatment; laboratory testing equipment-namely, deposition and corrosion rate testers; mobile laboratory equipped with equipment and instrumentation to monitor and measure pH, conductivity, and chromate concentration of industrial and domestic waters, to conduct inorganic analysis of water and to conduct microbiological testing

of water; electronic and electrochemical products, namely, fuel cells; photovoltaic solar cells and cell modules, photovoltaic solar hybrid modules, electronical sensors for measuring solar radiation, solar cells; apparatus for converting electronic radiation to electrical energy, namely, photovoltaic solar modules and parts therefor; printers, laser printers, ink jet printers, multifunction and all in one printers; electronic hand-held units for the wireless receipt and transmission of data that enables the user to keep track of or manage personal information and has the capacity to transmit and receive voice, image and video communication; software for the synchronization of data between a remote station or unit and a fixed or remote station or unit and software which enables and provides one-way and two-way wireless connectivity to data; portable digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, image, and audio files and operating software therefor; hand-held electronic devices for the wireless receipt and transmission of data; software for the redirection of messages, e-mail, and other data from a personal computer or a server to one or more hand-held electronic devices; computer software and programs for management and operation of wireless communication devices; portable telecommunication instant messaging devices; computer software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for browsing and navigating through web sites on said networks; computer software for sending and receiving short messages and electronic mail and for filtering non-text information from the data; hand-held electronic devices for data, voice, image and video communication; computer game software for mobile handsets; electronic game software for mobile handsets; batteries, dry cells, rechargeable batteries, battery chargers, storage batteries, solar cells, fuel cells; carbon rods for use as fuel cells in dry batteries, wiring apparatus, namely, electrical connectors, electric cables, electrical conduits, floor ducting especially for housing electric cables, ballast for discharge lamps, dimmer switches, circuit breakers, magnetic contactors and starters, circuit protectors, switch gears, electric junction boxes, appliance switches, outlet sockets, electrical plugs, insulating materials in the nature of insulated electrical connectors, wires and cables, electric time switches; video entry phones, intercom systems, electric door chimes, electric buzzers, fire alarms, gas leakage alarms, burglar alarms, portable emergency buzzers; acoustic machines and apparatus, namely, radios, cassette tape players and recorders, radio cassette recorders, portable cassette tape players, compact disc players and recorders, mini disc players and recorders, mini disc decks, DVD (digital versatile disc) audio players and recorders, secure digital players and recorders, secure digital card, audio speakers, stereo tuners, amplifiers, stereo component system comprised of tuners, amplifiers, audio speakers, record players, graphic equalizers, radios incorporating clocks, IC (integrated circuit) recorders, digital sound processors, headphones, earphones, microphones, sing-along cassette players and recorders in the nature of karaoke players, pre-recorded compact disc featuring sports, electric megaphones, audio and video recorders and players for language laboratories, car audio systems comprised of stereos, speakers, amplifiers, equalizers, crossovers and speaker housings, public address systems, audio mixers, audio equipment cleaners, namely, magnetic head cleaners, audio cables, video cables; audio-visual machines and apparatus, namely, television receivers, cathode ray tube displays, cathode ray tubes, television signal image pick up tubes, plasma television receivers, plasma displays, LCD (liquid crystal display) television receivers, liquid crystal displays, combined television receiver with video tape recorder, combined television receiver with audio and video disc player, antennas, tuners for satellite broadcasting, tuners for television, Internet display terminals, video projectors, video cassette recorders, camcorders, video cameras, video printers, laser disc players, video CD (compact disc) players, video CDs (compact disc) featuring sports, DVD (digital versatile disc) video players and recorders, color video systems for large-scale display, comprised of video projector, audio speakers, cable television systems, namely, converters and transmitters, hard disk drivers, video imagers, electric optical display boards, multi-purpose electric display systems,

comprised of LED (light emitting diodes) monitors and screens, closed circuit video equipment systems, comprised of cameras and monitors for video surveillance, DVDs (digital versatile disc) featuring sports, television cameras, video switchers, electronic editing controller, light emitting diode display; optical-disc machines and apparatus, namely, optical disc drives, optical disc recorders, optical disc players, optical disc changers, blank optical discs; communication machines and apparatus, namely, facsimile transceivers, transceivers, telephones, cellular mobile telephones, carry case for cellular mobile telephone, telephone answering machines, private automatic branch telephone switching apparatus, global positioning system receivers, radio telephones, marine radars, radio paging receivers, mobile communication systems and multi-channel access radio systems, comprised of radio emitters, radio receivers, radio emitters/receivers, radio repeaters, radio signal amplifiers, radio antennas, radio-telephones; electronic traffic information boards, video teleconferencing systems, comprised of cameras, transmitters, receivers and players, personal handy-phone systems, comprised of mobile telephones, pagers, local area network (LAN) hardware and operating software, AV (audio/visual) encoders and decoders, in-car navigation apparatus, electronic apparatus for the collection of road tolls, GPS (global positioning system) antenna; checking and supervising apparatus and instruments, namely, electric door openers, communication and monitoring system for apartment buildings comprised of video cameras, computer monitors, intercoms, intruder detection systems, comprised of burglar alarms, video monitors, automated control system comprised of hardware and software for monitoring and controlling functions within buildings and electric multi-layer security appliances; automatic controlling machines and instruments, namely, electric notice boards, traffic management equipment, namely, display monitors, computers, auto compasses, software to manage traffic, automated traffic-signal control apparatus, bus location system, and ultrasonic vehicle detectors, electric light dimmers, electric daylight switches, inverters, programmable logic controllers, transformers, power capacitors; data processing equipment, namely, computers and computer peripheral devices, computers, word processors, image scanners for personal computer, printers, PC (personal computer) cards, computer keyboards, computer mouse, CD-ROM (compact disc-read only memory) drives, floppy disk drives, electronic and magnetic card reader and writers, bar code readers, time recorders, mobile data terminal, electronic cash registers, electronic equipment for point-of-sales (POS) systems, namely, point-of-sale terminals, bar code readers, optical readers, advertisement display monitors, keyboards, printers, scanners, radio transmitters, radio receivers, computer hardware, and computer operating software, data collection terminals in the nature of computer terminals, PDA (personal digital assistants), DVD-RAM/ROM (digital versatile disc-random access memory/read only memory) drive, CAD/CAM (computer aided design/computer aided manufacturing) drives, hard disc drives, electronic calculators, uninterrupted power supplies for computers and communication and broadcasting equipment; external storage media, namely, blank video cassette tapes, head cleaning tapes for audio and video recorders, D-VHS (data video home systems) tapes featuring sports, and computer peripherals; video cassette tapes featuring sports, audio cassette tapes featuring sports, blank floppy computer discs, optical discs featuring sports, mini-discs featuring sports, DVDs (digital versatile discs) featuring sports, IC (integrated circuit) memory cards; weighing and measuring apparatus and instruments, namely, thermoluminescence dosimeters, electronic counters, ammeters, power consumption meters, clamp meters, electric leakage meters, electric insulation meters, thermometers, measurement system processors, multi-circuit type electric power monitor, electronic micro-precision measurements, step counter, namely, pedometers, audio and video signal analyzers, oscilloscopes, modulators, voltmeters, audio and video signal distortion meters; electronic sensors, namely, photoelectric sensor, temperature sensors, position sensors, angular speed sensors, rotation sensors, angle sensors, dew sensors; electric components, namely, light emitting diodes, liquid crystals displays, liquid crystal display modules, magnetrons, diodes, transistors, thermostats, integrated circuits, LSI (large scale integration) circuits, semiconductor memory devices, one-chip microcomputers, electric condenser

microphone, halftone image processors, thermal printing heads for printers, magnetic heads for audio cassette players, permanent magnets, electrical connectors, electric relays, lasers for use in manufacturing semiconductors, image sensors for CCDs (charge coupled devices), film capacitor, electric tuner units, electric high frequency units, electric coin validating units, electric monetary bill validating units, voltage controlled oscillators, PPL (phase-locked loop) synthesizer modules, electronic wireless communication module unit, optical transmission components, namely, connectors for optical fiber, printed wiring boards in the nature of circuit boards, speaker components, namely, speaker enclosures, speaker drivers, power supplies, AC (alternating current) adapters, convergence magnets, and electrical coil inductors, capacitors for electrical appliances, filters of electric signals, transformers, deflection yoke thermistors, varistors, acousto-optic devices, namely, resistors, potentiometers, encoders, printer units, hybrid IC (integrated circuit) cards, electronic components, namely, piezoelectric switches, heat sink wiring boards, transparent touch panels, electro luminescent display units, electro-magnetic resistors, thermomagnetic cut-offs devices; data processors in particular for financial applications; computer operating programs; computer hardware and software for the development, maintenance and use of local and wide area computer networks; systems for reading memory cards and systems for reading data in memories in the nature of memory readers for reading integrated circuit memories and banking card memories; cash dispensers; automated billing machines for processing accounting information; magnetically encoded cards, namely, magnetic cards and cards with integrated circuits, in particular, for financial debit and credit applications; electronic card reader, printers for use with data processing systems and financial transaction systems; encoders and decoders; modems; electronic data carrier cards, namely, blank smart cards, magnetic coded card readers, electronic data carrier card readers, namely, smart card readers, electronic encryption units, computer hardware, computer terminals, computer software for data collection, database management and data analysis for use in connection with providing financial, banking and telecommunications services; electrical and electronic goods, namely, calculating machines, electronic day planners; banking cards, namely, credit cards and debit cards using magnetic memories and integrated circuit memories; banking cards, namely, credit cards and debit cards having integrated circuits and microprocessors; memory cards; automatic cash dispensers; equipment for data processors and computers, namely, cards equipped with microprocessors and integrated circuits; computer hardware in the nature of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; fluid control devices, namely, expansion valves, flow meters, pressure switches, sequence timers, regulators, levelers, ejectors, and electrical controls and switches; electrical inductors, electrical transformers, electric regulating and controlling devices, electric measuring instruments, switchboards; electric devices for attracting and killing insects; electrostatic emission control devices, namely, electrostatic precipitators for reducing particulate emission in industrial applications; electronic notice boards]

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For [Telecommunication services, namely, local and long distance transmission of voice, data, graphics by means of telephone, telegraphic, cable, and satellite transmissions; television broadcasting; communications by mobile telephones; communications by electronic computer terminals; providing access to databases and Internet related telecommunications networks; communications by a communications system consisting of teletypewriters connected to a telephonic network to send and receive signals; communications by telegraph; communications by telephone; communications by facsimile; paging by radio; communications by teleconferencing; cable television broadcasting; radio broadcasting; press and information agency services, specifically, transmission of news including sports results and entertainment; other message transmission

services, specifically, delivery of messages by electronic means; broadcasting of a commercial site on the Internet; streaming of radio and television programming and broadcasting services provided via the Internet; electronic messaging; providing access to computer bulletin boards, and real-time chat forums for transmission of messages among users concerning sports and entertainment; transmission of messages and images via computer; providing access to telecommunications channels for home and office tele-shopping services via computer and/or interactive communications technologies; telecommunication of information including web pages, computer programs and any other data, specifically, data transmitted by electronic communications network; electronic mail services; providing user access to the Internet; providing telecommunications connections to the Internet or databases; providing access to digital music web sites on the Internet; providing access to MP3 web sites on the Internet; delivery of digital music by telecommunications; rental of access time to a central database available on the Internet; providing access to search engine databases; management of chat forums on the Internet for transmission of messages among computer users concerning sports and entertainment; rental of telecommunication lines for access time to a central server database; rental of telecommunication lines for access time to a computer database; simultaneous broadcasting of films and of video and sounds recordings via electronic communications networks; providing e-mail services; wireless data messaging service, particularly service that enable a user to send and/or receive message through a wireless data work; one-way and two-way paging services; electronic transmission of data, images, audio, video and documents, including text, cards, letters, messages, mail, animations and electronic mail, over local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular and satellite networks; electronic transmission of computer software over local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular, and satellite networks; providing access to databases and local or global communications networks, namely, the Internet, intranets, extranets, television, mobile communication, cellular, and satellite networks; message transmission and relay services, namely, electronic transmission of messages; telecommunication services for the dissemination of information by mobile telephone, namely, the transmission of data to mobile telephones; mobile telephone communication services; electronic transmission and reception of voice communication; communication services, namely, transmission of data by telecommunications networks, and multimedia communications networks; rental of access time to global computer networks; transmission of data, images, audio, video and documents, including text, electronic cards, letters, messages, e-mail, animations and electronic mail, over local or global communications networks, including the internet, intranets, extranets, television, mobile communication, cellular and satellite networks]

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For [Belts, neckties; suspenders; bandannas; beach sandals; infant and toddler sleep wear; bathrobes, nightshirts, pajamas and lounge wear; beach cover-up dresses; toddler short and top sets; girls knit dresses with pants sets; boys shorts and top sets; girls skirt/panty combinations; socks; plays suits; coveralls; union suits; collarless shirts; shorts; pants and slacks;] shirts; [jackets; judges, team, referee and umpire uniforms; sweaters; parkas; turtlenecks; mittens; gloves; underwear; rompers; jerseys; maternity tops; bow ties;] head wear [and] scarves; [ear muffs, ear bands and headbands; hosiery; rain wear, namely, rain ponchos and jackets; footwear, namely, shoes, boots and slippers; bath thongs;] hats; caps; [visors; aprons; ski and cloth bibs; team uniform reproductions, comprising of jerseys featuring reproductions of professional athletic team logos; canvas footwear; knickers; wind-resistant jackets;] T-shirts; [sweatshirts; seat pants; baseball] caps; [coats; pullovers; one-piece ski suits; golf shirts and hats; blazers; leg warmers; sequined evening tops; jeans; leotards; workout and sports apparel, namely, shorts, jackets, slacks and skirts; ski masks and ski gloves; sailing gloves]

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Refractory furnace linings and refractory boiler linings, not of metal for use in buildings; building and construction materials, primarily of calcium silicate, namely, soffits, fascia, ceiling boards, and floor boards; asphalt, and asphalt building or construction materials, namely, asphalt paving compositions; rubber building or construction materials, namely, aseismatic rubber panels; lime building and construction materials; building or construction materials of plaster, namely, facing plaster and plaster for building purposes; wall, eave or ceiling claddings, made of calcium silicate as base material, for building; noncombustible building boards, made of calcium silicate as base materials; building or construction materials of calcium silicate, namely, soffits, fascia, ceiling boards, and floor boards; non-metal construction materials, namely, furrings of calcium silicate for decorative laminated sheet, furrings of calcium silicate for tiling, and furrings of calcium silicate for rooftop waterproof sheet; building and construction materials of calcium silicate for furring of decorative laminated sheet; building and construction materials of calcium silicate for furrings of tiling; building and construction materials of calcium silicate for furrings of rooftop waterproof sheet; cement and its cement products, namely, fireproof coatings made of concrete in industrial plants; calcium silicate building panels with coating on surface; noncombustible building panels composed primarily of calcium silicate, cement, and inorganic fiber; linings, not of metal, for building and construction; construction material of resin, namely, wall panels, and joints for neutron shielding used in nuclear fuel containers; refractory boards of calcium silicate; refractory building materials of calcium silicate, namely, soffits, fascia, ceiling boards, and floor boards; refractory roof coverings of calcium silicate for building; non-metal construction materials, namely, refractory furrings of calcium silicate for

building; storage tanks of masonry; building materials, namely, fired refractory materials, not of metal, in the nature of wrap-type fireproofing materials made of rock wool to cover beams and columns of steel structure buildings, and non-woven textile fabrics, which are attached to the surface of inorganic fiber mat for filling the gap between the deck plate and partition wall; cement in paste form; wall linings not of metal for building; floorboards of calcium silicate; floorboards of plaster; lime floorboards; plastic floorboards; building materials, namely, asphalt roof coatings; building boards made of wood, plaster and inorganic fiber; fiberboards ; wood-fiber reinforced cement boards; building and construction materials of rock wool, namely, soffits, fascia, ceiling boards, and floor boards; building and construction materials of rock wool, namely, soffits, fascia, ceiling boards, floor boards, wall in the form of panels, sheets, mats, boards, rolls, blankets, and cover, beams, columns, poles, ceiling in the form of panels, sheets, mats, boards, rolls, blankets, and cover, and roof in the form of panels, sheets, mats, boards, rolls, blankets, and cover, the surface of which is covered by aluminum laminated glass cloth; ceramic building materials, namely, tiles; bricks and refractory construction materials, not of metal, namely, soffits, fascia, ceiling boards, and floor boards; refractory tiles, namely, ceramic tiles; castable refractory powder, used for wall, floors, ceilings, shutters, shingles, siding, and trim; castable refractory products containing alumina and silica, namely, shutters, shingles, siding, and trim; castable refractory powder containing carborundum; castable refractory powder containing oxidized nickel and alumina, used for walls, floors, ceilings, shutters, shingles, siding, and trim; refractory products for industrial furnace and boiler, namely, linings not of metal; castable refractory furnace lining consisting of portland cement, compact coarse-grained refractory aggregate, silica fine powder and water reducing agents; refractory castable mixes, not of metal; mortar; non-metal construction materials for stabilizing building structures to mitigate the problems of movement caused by temperature change and material thermal expansion, settlement and natural forces, namely, slide bearing materials of fluorine resins or primarily of fluorine resins for building and construction; non-metal construction materials for stabilizing building structures to mitigate the problems of movement caused by temperature change and material thermal expansion, settlement and natural forces, namely, slide bearing materials of synthetic resins or primarily of synthetic resins for building and construction; plaster for building purposes; prefabricated non-metal buildings; geotextiles for use in connection with road construction, railroad construction, tunnel construction, waterway construction and public works construction; erosion control fabric, mats and sheeting, not of metal; plastic security windows allowing communication; building timber; building stone; building glass; calcium silicate boards; floor boards with galvalume steel board adhered to back side of base material of calcium silicate board; cement floor panels; leak-proofing construction materials composed primarily of woven inorganic fibers, namely, wall panels, wall sheets, floor panels, floor sheets, ceiling panels and ceiling sheets; construction materials, not of metal, having thermal insulating properties, namely, wall panels, floor panels, and ceiling panels; thermally expandable refractory construction materials primarily made of ceramic fibers; construction materials for protection against vibration primarily made of ceramic fibers, namely, wall panels, floor panels, and ceiling panels; non-metal building and construction boards, wall panels, floor panels, ceiling panels, and roof panels, made of wood, plaster, cement, and inorganic materials; refractory blocks, sheets, mats, and blankets used as coverings for tunnels made of wood, plaster, cement, and inorganic materials; non-metal refractory mortar used as coverings for floors, ceilings, walls, beams, columns and poles; floors of wooden board; floors of synthetic resin; floors of cement; floors of calcium silicate; floors, not of metal; non-metal refractory blocks, namely, compression molded refractory products in block shape with ceramic fiber felt adhesively-laminated and incorporating support metal exclusively for mounting therein; non-metal refractory blocks, namely, compression molded refractory products in block shape with ceramic fiber blanket folded up into concertinas; construction materials in the nature of rigid polyurethane foam, namely, wall panels,

floor panels, and ceiling panels; construction materials primarily made of inorganic fibers, namely, wall panels, floor panels, and ceiling panels; refractory construction materials made of rock wool for use with steel columns and beams; building boards, of diatom earth, lime and asbestos, having thermal insulating and fireproofing properties; building and construction panels of calcium silicate, namely, wall panels, floor panels, and ceiling panels; non-metal coverings for building, having refractory and cold-resistant properties; refractory construction materials, not of metal, for seismic protection, namely, fireproof panels; lightweight heat insulating concrete containing obsidian; lightweight heat insulating concrete; refractory, cold resistant, heat insulating materials of concrete, namely, concrete floors, walls, beams, panels and blocks; non-metal construction materials for lining, primarily of inorganic fiber, namely, sealer coatings sold as an integral component of non-metal tiles, natural stone, and molded resins for construction purposes; refractory construction materials, not of metal; non-metallic minerals for building or construction; refractory furnace linings, not of metal; building materials made from linoxyn in combination with other materials, namely, soffits, fascia, ceiling boards, and floor boards; Non-metal expansion joints, namely, expansion joints of rubber or fluorine resin for pipes, ducts or valves

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Anticorrosives coatings in paste form for sealing subsidiary materials

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Unworked or semi-worked glass, not for building

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Granulated deodorizers, other than for personal use, namely, all purpose deodorizer preparations for industrial use

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Brakes and transmission components for land vehicles; power transmissions, gearing and transmission components for land vehicles; marine vessel parts, namely, an evaporative emission control device consisting primarily of a deck fitting for filling fuel and a fuel vent; parts and fittings of bicycles, namely, gear wheels, drive chains, and structural parts of bicycles; vehicle parts, namely, pipes connecting the fuel tank and engine of jet planes for conveying processed fuels; parts and fittings of aircraft, namely, pipes connecting the fuel tank and engine of aircrafts for conveying processed fuels; vehicle parts, namely, insulating pipes connecting the fuel tank and engine of vessels for conveying processed fuels; vehicle parts, namely, pipes connecting the fuel tank and engine of railway rolling stock for conveying processed fuels; parts and fittings of railway rolling stock, namely, railway cars, wheels of railway cars, and structural parts of rail vehicles; vehicle parts, namely, pipes connecting the fuel tank and engine of automobiles for conveying processed fuels; parts and fittings of automobiles, namely, structural parts of automobiles; vehicle parts, namely, pipes connecting the fuel tank and engine of two-wheeled motor vehicles for conveying processed fuels; parts and fittings of two-wheeled motor vehicles, namely, pipes connecting the fuel tank and engine of motorcycles for conveying processed fuels; structural vehicle parts, namely, vibration insulation members of metal sold as a component part of the vehicle's body

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Felts made from inorganic fiber; felts; woven fabrics; knitted fabrics; non-woven textile fabrics; oilcloth; gummed waterproof cloth; vinyl coated cloth; rubberized cloth; filtering materials of textile, namely, wadding for filtering, glass fiber fabrics; woven fabrics of inorganic fiber; woven fabrics other than edging ribbons for tatami mats; inorganic fiber fabrics other than asbestos fiber fabrics

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Bio-soluble fiber papers; rock wool papers; inorganic fiber papers; printed matter, namely, newspapers, photographs, magazines, books, printed periodicals, newsletters, and brochures all in the field of industrial materials

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Machines for manufacturing semiconductor and flat panel displays, which supply clean air in the process; machines for manufacturing semiconductor and flat panel display, which also remove chemical pollutants and molecular contaminants in the process; machine parts, namely, gaskets for automobile exhaust pipes; machine parts, namely, gaskets for automobile engine components; machine parts, namely, automobile engine gaskets; machine parts * for casting, plastic processing, semi-conductor manufacturing, rubber-goods manufacturing and chemical processing, * namely, non-metal spray nozzles for lining process for industrial use; pumps for machines and their parts; cylinder heads for engines; machine parts, namely, gaskets for vehicle engine components; machine parts, namely, head gaskets for vehicle engine components; machine elements, namely, brakes for machines, not for land vehicles, and their parts; power transmissions and gearing for machines, not for land vehicles, and their parts; machine parts, namely, bearings used as sliding member; machine parts, namely, piston rings used as sliding member for engines of pumps; anti-friction bearings or pads for machines; parts of semiconductor and liquid crystal manufacturing machines; parts of plastic processing machines; parts of machines for manufacturing rubber goods; parts of chemical processing machines; parts of food or beverage processing machines; carburetors; air filters for semiconductor manufacturing machines; air filters for flat panel display manufacturing machines; machine parts, namely, air filters for removing chemical pollutants for use in semiconductor manufacturing machines; low concentration organic solvent concentrating machines, namely, Volatile organic compound concentrators; parts of conveyors in manufacturing line for transferring, supplying and maintaining molten aluminum in the shape of launders, ladles, troughs or melting and holding furnaces; metal molding machines for transferring, supplying or maintaining molten metal in foundry apparatus; parts of foundry apparatus, namely, metal forming machines and metal working machines; parts of liquid crystal panel manufacturing machines, namely, containers for manufacturing, conveying, chemical treatment, heat treatment or keeping of glass substrates; fluoro resin agitating machines for chemical processing; agitating machines for chemical processing ; parts for non-electric engines for land vehicles, namely, oil tanks, push rods, and engine cases; machine parts, namely, filters for valves being parts of machines; valves being parts of machines; machine parts not for land vehicles, namely, bearings; compressors for machines and the components thereof; automobile engine mufflers; exhaustion mufflers for internal combustion engines; valves being parts of machines, not for use with land vehicles; machine elements not for land vehicles, namely, block brakes, ball transfer units, and hydraulic torque converters; machine parts, namely, mechanical seals of metal; vehicle parts, namely, insulated covers for engines and for exhaust manifold for engines; vehicle parts, namely, covers for catalytic converters

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Rockets, namely, projectiles and their parts

International Classes 13 - Primary Classes **US Classes** 2, 9 **International Class Title** Firearms

For Non-metal slides, namely, plastic pads for moving furniture, small articles, consignments and transportation containers; furniture and furniture parts; nails, wedges inserted under vehicle tires in order to move the vehicle smoothly, nuts, screws, upholstery tacks, bolts, rivets and casters, all of the foregoing not made of metal; washers not of metal, rubber, or vulcanized fiber, for industrial use; water-pipe valves of plastic; diaphragm valves of fluorine resin for use with piping, and their parts; containers of fluorine resin for storage and transport; storage tanks of fluorine resins

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Planar heating apparatus, namely, heating installations; heating apparatus, namely, heating boilers; thermal heaters, namely, heating elements for heating pipes and equipment of semiconductor or liquid crystal manufacturing machines and systems; thermal heaters, namely, heating elements for heating pipes and equipment of food or beverage processing machines and apparatus; thermal heaters, namely, heating elements for heating pipes and equipment of plants manufacturing pharmaceuticals; thermal heaters, namely, heating elements for heating pipes and equipment of chemical processing machines and apparatus; thermal heaters, namely, heating elements; waved filters of organic fiber non-woven fabric textile containing absorbents for air purifying apparatus and machines for clean rooms for domestic use; air filters for air purifying apparatus and machines for industrial installations to remove chemical pollutants and molecular contaminants in facilities and to clean rooms; air filters for industrial deodorizing apparatus and machines to remove chemical pollutants and molecular contaminants; industrial air purifying apparatus and machines with functions of removing solvents from solvents including air and concentrating or incinerating thereof; set units of toilet bowls and seats; bath installations; bath tubs; bath fittings, namely, plumbing drains, plumbing valves, and flexible pipes being parts of bath plumbing installations; filters for industrial air purifiers, industrial dehumidifiers and industrial air processing apparatus; industrial air purifiers, industrial dehumidifiers, industrial humidifiers; filters for industrial air purifiers, industrial dehumidifiers, industrial humidifiers and industrial air processing apparatus; heat exchangers for chemical processing and filters thereof; refrigerating machines and filters thereof; industrial air purifiers; heat exchangers for chemical processing; industrial dehumidifiers; air-conditioning apparatus for industrial purposes; humidifier parts sold as a component part of humidifiers, namely, corrugated laminated body consisting of organic or inorganic fiber papers, which takes in humidified air in humidifiers of air conditioning apparatus for industrial or household purposes; ceramic setters sold as a component part of industrial furnaces; ceramic parts sold as a component part of industrial furnaces; single ended radiant tube burners sold as a component part of industrial furnaces; burners sold as a component part of industrial furnaces; industrial furnaces and their parts; nuclear reactors and their parts; metal melting furnaces and their parts; molten metal storage containers sold as a component part of holding furnaces; immersion heaters for aluminum melting furnace; air conditioners for household purposes; humidifiers for household purposes; air purifiers for household purposes; dehumidifiers for household purposes; electric air deodorizers for household purposes; heating apparatus for solid, liquid or gaseous fuels for industrial machine and equipment; water feeding apparatus sold as a component part of air-conditioning apparatus; air sterilisers; air sterilisers for industrial purposes; waste water treatment tanks for household purposes; waste water taps; separators for the cleaning and purification of liquids, namely, deodorizing filters of fiber

ceramics; separators for the cleaning and purification of liquids, namely, filters made of fiber ceramics for the removal of ammonia, hydrogen sulfide or ozone; waste water treatment tanks for industrial purposes; washers for water taps

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Twisted glass fiber threads and yarns; alumina fiber threads and yarns; inorganic fiber threads and yarns for textile use, other than asbestos fiber yarn; metal fiber threads and yarns

International Classes 23 - Primary Classes **US Classes** 43 **International Class Title** Yarns and Threads

For Polysulfide adhesives for industrial use; adhesives, not for stationery or household purposes; industrial adhesives for use in coating and sealing, namely, pastes for use around gasket to improve sealing performance; fiber ceramic particles in honeycomb form for use as filtering media for absorbing chemicals in the construction and automotive industries; unprocessed fluorine resins; polyurethane; unprocessed artificial resins as raw materials in the form of liquids; unprocessed synthetic resin for embrocations in paste form for coating seal subsidiary materials

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Asbestos removal; management and consultancy of asbestos removal; demolition work of building structures and building chimneys; lining the interior of pipes, tanks, and valves in buildings for others by treating them with a corrosion resistant lining; inspection of building equipment prior to maintenance and repair; maintenance of building equipment; repair and maintenance of chimneys; consultancy relating to repair and maintenance of chimneys; providing information on repair and maintenance of chimneys; chimney sweeping; chimney sweeping consultancy; providing information on chimney sweeping; repair or maintenance of industrial furnaces; repair and maintenance of nuclear power plants; repair and maintenance of nuclear power plants consultancy; providing information on repair and maintenance of nuclear power plants; repair and maintenance of chemical plants; repair and maintenance of chemical plants consultancy; providing information on repair and maintenance of chemical plants; building construction services, namely, sleeve construction; installation of fire-resistant materials; plastering; tile laying, bricklaying or block laying; painting; upholstering; providing thermal insulating for buildings; construction of water treatment and purification plants; plumbing services, namely, installation of apparatus for sanitary purposes; installation of electrical heat tracing systems; installation of acoustic insulating materials; installing floor tiling, namely, changing of flooring to soundproofing cushioned materials; replacing window glasses to pair-glasses or double sashes; installation of sound absorption, soundproofing and sound insulation materials on ceilings or walls; installation of and building construction with fire resistant materials; construction of fire resistant structures; furnace installation work; construction services, namely, construction and lining of chimneys; installation of heat insulation materials; installation of cool insulation materials and building construction; construction consultancy; repair or maintenance of boilers; pump repair or maintenance; repair or maintenance of storage tanks; storage tank cleaning; building inspection, namely, vapor leakage inspection for parts of packing and gaskets used for valves and flanges in nuclear power plants prior to maintenance and repair; maintenance of nuclear power plant; construction, installation, maintenance and repair of power plants

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Concentration meters and their parts; temperature indicators and their parts; level indicators and their parts; fireproof clothing; fireproof shoes; fireproof gloves; cleaning rolls for sold as a component part of electrostatic copying machines; electronic machines and apparatus, namely, adding machines and karaoke machines, and their parts; glass parts of thermostatic chamber for laboratory use; glass tubes for laboratory use; glass parts sold as a component part of electric meters, namely, the parts where numbers are displayed; separators sold as a component part of fuel cells; laboratory apparatus and instruments, namely, beakers, test tubes, pipette racks and flask; electrodes

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Application of coatings using thermal plasma spraying techniques; application of coatings using chemical, mechanical, thermal or thermomechanical processes

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Ropes of rock wool fiber; textile fibers; bio-soluble fiber cords for textile use; rock wool cords for textile use; inorganic fiber cords for textile use; alumina fibers for textile use; alumina silica fibers for textile use; alumina fiber nettings; alumina fiber cords for textile use; inorganic, acrylic and synthetic fibers for textile use, not including asbestos fibers; metallic fiber nettings; inorganic, acrylic and synthetic bio-soluble fibers for textile use; inorganic, acrylic and synthetic fibers for textile use; magnesium silicate fiber for textile use; bio-soluble fiber cords; rock wool cords; inorganic fiber cords; alumina fiber cords

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Industrial greases; lubricating oils; mineral oils and greases for industrial purposes; solid industrial and all purpose lubricants; fuels

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Expanded sheets of synthetic resin; synthetic resin sheets; pipe flange gaskets; semi-metallic pipe gaskets for industrial machine and equipment; non-metal sheet gaskets for use in construction; non-metal paste gaskets for use in construction; rubber gaskets for use in construction; pipe gaskets; sealing materials for packings and gaskets, not for building, construction and chemicals; packing material; gasket material in sheets for use in construction; adhesive tapes used for gasket for industrial use; sheet gaskets of fiber, primarily of specialized heat resistant fiber, for low pressure, for apparatus for oil and water for use in construction; flexible tube made of rubber, plastic and fluorine; fireproof insulating refractory materials, not for building; insulating fabrics; thermal insulators, namely, heat retaining materials covered by stainless or aluminum board; glass fiber tubes for use in manufacturing; insulating tapes made of glass fiber; insulating glass fiber mats; brake lining materials, semi-processed; clutch linings; urethane rubber; nonwoven fabric laminated plastics for use as sound insulating coverings to improve heat shield and sound insulation effect for automobiles; plastic semi-worked products, namely, pellets, blocks, sheets, films, and rods for use as material in the manufacture of automobiles; non-metal seal rings and piston cup seals used as slide member, namely, for use as connection seals; sound insulating materials, namely, mats for holding catalyst supports, made of alumina fiber or mullite fiber, used for sound buffering; heat retaining covers for valves, made of rubber or vulcanized fiber, not including machine elements; heat retaining covers for flanges, not of metal; rubber O-rings; rubber sheets; rubber hoses for industrial applications; insulating silica fiber mats; silicon rubber sheets, silicon rubber rings, silicon rubber tubes; insulating refractory rolls for manufacturing liquid crystal glass; sealing materials in the form of adhesive tapes for industrial use; gaskets

and packing materials consisting of fluorine resin and carbon for use in the manufacture of automobiles and for industrial machine and equipment use; fluorine resin sealing materials; fluorine resin O-rings; fluorine resin packing materials; fluorine resin gaskets for use in construction; fluorine resin semi-worked products in the forms of sheets, tapes, rods, pipes, tubes and films; flexible pipes of plastic for plumbing purposes with fluorine resin linings; rubber pipes with fluorine resin linings; valves of rubber or vulcanized fiber, not including machine elements, with fluorine resin linings; rubber and plastic hoses with fluorine resin lining for industrial applications; fluorine resin semi-worked products for coverings for use in industrial applications; fluorine resin sheets for use in the manufacture of automobiles and for industrial machine and equipment use; fluorine resin insulating tapes; fluorine resin rods; fluorine resin pipes for use in manufacturing; fluorine resin tubes for use in manufacturing; plastic materials, semi-processed, in the forms of sheets, films and plates for use in the manufacture of automobiles and for industrial machine and equipment use; natural rubber and synthetic rubber for packings, sealing materials, gaskets and O-rings; fluorine resin coated rubber sheets; electrical insulating materials used in crossing bars and line breakers for railway rolling stock and electric substation equipment with functions of extinction of arc; electrical insulating materials for supporting heating terminals of semiconductor manufacturing machines and system; electrical insulating materials; insulating materials primarily of inorganic minerals in sheet form; packing materials, namely, aggregate formed from vermiculite; heat insulating materials for heating appliance consisting primarily of vermiculite; heat insulating materials for machinery and equipment consisting primarily of vermiculite, not for building; insulating materials, namely, bio-soluble fibers not for textile use; rock wool; inorganic fibers, not for textile use, for insulation use; chemical fiber thread and yarn, not for textile use; bio-soluble fiber yarn and thread, not for textile use; rock wool yarn and thread, not for textile use; inorganic chemical fiber yarn and thread, not for textile use; chemical fiber yarn and thread, not for textile use; bio-soluble fiber felt, for insulation; rock wool felt for insulation; inorganic fiber felt, for insulation; heat insulating materials of bio-soluble fiber, not for building; heat insulating materials of rock wool, not for building; heat insulating materials of inorganic fiber, not for building; heat insulating materials of bio-soluble fiber for machinery and equipment; heat insulating materials of inorganic fiber for machinery and equipment; semi-worked bio-soluble inorganic fiber in the form of pellets, road, foils, foams, fibers, films and sheets; semi-worked inorganic fiber products, namely, carbon fibers and rock wool, not for textile use; ceramic enamel fiber insulation and insulating refractory materials for industrial molten metal furnaces; thermal urethane foam insulation; semi-worked rubber and inorganic products in the form of powder to become thermal insulating materials; rubber, raw or semi-worked; fluoro rubber foam in sheet form; packing material and non-metal gaskets for valves, tanks, and pipes for sealing with rubber adhered to metal surfaces, all for use in industrial machines and equipment; sound insulating materials, namely, damping materials *, primarily of rubber, inorganic fibers or ceramics, for electric dust collecting machines or piping; * insulating materials, namely, alumina fibers not for textile use; insulating materials, namely, alumina continuous fibers not for textile use; slag wool for use as a building insulator; insulating materials, namely, heat insulating plates and materials of inorganic fiber for machinery and equipment; insulating materials, namely, rubber plates containing fabric; fluoro rubber; fluororesin sleeves for protecting parts of machinery; glass fiber insulation for use in construction and industry, not for textile use, not for textile use; insulating materials, namely, silica fiber, not for textile use; chemical fiber in the form of thread, yarn sheets, blocks, and panels, not for textile use; thermal insulating materials; thermoplastic substances, semi-processed; semi-processed thermoplastics; pipe gaskets of metal for pipes, valves, tanks and industrial machine and equipment; O-rings of metal; sound insulating materials, namely, damping materials in plate form composed of an integrated combination of iron sheet and magnetic rubber; packing materials of expanded graphite consisting of elemental carbon; partly-processed friction materials for

loading-unloading machines and apparatus; partly-processed friction materials for machines for industrial purposes, namely, presses; soundproofing, sound-insulation and sound-absorbing covers for the outside of noise making engine parts; soundproofing, sound-insulation and sound-absorbing covers of synthetic resin for automobile engines; soundproofing covers for engines; heat retaining covers for heat exchangers; heat retaining covers for boilers; heat insulating protective covers for pipes; shock absorbing insulating materials, namely, thermal shock resistant lining materials for heat treating furnaces, featuring low lint generation and inorganic coating agents; insulating and insulating refractory materials, namely, lining materials for molten metal furnace; heat insulating materials for industrial furnaces; heat retaining covers for turbines for land vehicles; heat shield and sound insulation covers of synthetic resins for automobiles; heat insulating sheets for building; heat insulating materials of inorganic fiber; heat insulating sheets of laminated structure consisting primarily of inorganic fiber and inorganic binder for building or construction; heat retaining covers for water-pipe valves, not of metal or plastics; heat insulating materials for chimneys; heat insulating materials of inorganic fiber for building or construction; insulating and insulating refractory materials, namely, lining materials for chimney; heat insulating materials in sheet form of inorganic fiber primarily of glass fiber for metal roof; fireproof materials of rock wool for kitchen exhaust duct; fireproof materials of rock wool for duct; insulating and insulating refractory materials, namely, lining materials for chimney primarily of calcium silicate; heat insulating materials in felt form; heat insulating materials; heat insulating sealing materials of inorganic fiber for building or construction; sealing materials of inorganic fiber for building or construction; insulating and insulating refractory materials, namely, inorganic lining materials containing aluminum and silica for industrial furnace and boiler; insulating and insulating refractory materials, namely, inorganic lining materials containing carborundum for industrial furnace and boiler; insulating and insulating refractory materials, namely, inorganic lining materials containing oxidized nickel and alumina for industrial furnace and boiler; insulating and insulating refractory materials, namely, inorganic lining materials containing primarily of alumina for industrial furnace and boiler; insulating and insulating refractory materials, namely, inorganic lining materials containing primarily of silica for industrial furnace and boiler; heat insulating materials for construction primarily of woven fabric textile of inorganic fiber; sealing and insulating materials, namely, liquefied gas tank materials primarily of woven fabric textile of inorganic fiber for preventing liquefied gas leakage and for insulation; heat insulating materials of rock wool mixed with binder in sheet form for building; heat insulating materials for wall of industrial furnace primarily of vermiculite; heat insulating materials for building or construction primarily of vermiculite; water-mixing type heat insulating material; refractory joint filling materials primarily of calcium silicate; heat insulating materials for liquefied gas tank dike of concrete; heat insulating materials for bottom of liquefied gas tank of concrete; castable heat insulating materials for molten aluminum, of inorganic fiber; castable heat insulating materials for construction, of inorganic fiber; insulating materials, namely, electromagnetic wave absorption panels; partly processed friction materials for clutch facings and brake linings; soundproof covers, namely, acoustical insulation barrier panels and acoustical insulation for industrial plant equipment; shock absorbing buffers of rubber for preventing damages of docks and vessels by installing along quay wall; heat retaining covers for plastic valves, not for machine elements; heat retaining covers for liquid storage tanks or reservoirs, not of metal or masonry; heat retaining covers for industrial water tanks, not of metal or masonry; heat retaining covers for liquefied gas storage tanks, not of metal or masonry; calcium silicate sheets for wall insulation; insulating materials of calcium silicate for covering walls; insulating felt of alumina silica fibers; heat retaining covers for valves of metal, other than machine elements; heat retaining covers for metal flanges; heat retaining covers for liquid storage tanks or reservoirs of metal; heat retaining covers for industrial water storage tanks of metal; heat retaining covers for liquefied gas storage tanks of metal; sound insulation materials, namely, exterior materials of damping steel sheets; packing materials of metal; heat retaining materials of rock wool

covered by stainless or aluminum plates; thermal insulating materials for molten metal containers in foundry apparatus; heat retaining and cold insulation materials primarily of silica; synthetic resins as semi-finished products in the form of pellets, rods, foils, foams, fibers, film sheets, insulating tapes and sealing tapes, and tubes; thermal insulating materials of calcium silicate for pipes; thermal insulating materials of calcium silicate for plants, ships, boilers, pipes, furnaces, tanks, or building apparatus; heat insulating materials primarily of inorganic powder for construction; sound absorption panels of rock wool; insulating and insulating refractory materials, namely, lining materials primarily of inorganic fiber being thermal insulating materials for molten aluminum; woven fabrics of silica fiber for insulation, not for textile use; woven fabrics of glass fiber for insulation, not for textile use; refractory cloth for insulation, not for textile use; woven fabrics of bio-soluble fiber for insulation, not for textile use; woven fabrics of rock wool for insulation, not for textile use; tapes and bands of silica fiber being insulating materials; tapes and bands of glass fiber being insulating materials; fire-resistant adhesive sealant compounds; soundproofing panels for undersides of highways; water-mixed surface finishing materials for insulating; insulating boards of inorganic fiber for building, not of asbestos; thermal insulation materials for construction primarily made of silica; heat-resistant cloth of inorganic fiber coated with specialized silicon rubber for use in building and construction; ceramic coated heat insulating materials of inorganic fiber for electric furnaces or digged burrows in the ground for methods, processing, and technologies known as geomelt; insulating and insulating refractory materials, namely, bio-soluble fiber in the form of cords; insulating and refractory materials, namely, rock wool in the form of cords; insulating and insulating refractory materials, namely, inorganic fiber in the form of cords; insulating and insulating refractory materials, namely, alumina silica fibers in paper form, other than for textile use; insulating and insulating refractory materials, namely, alumina fiber in the form of cords; thermal and acoustic insulators for aircraft; thermal and acoustic insulators for two-wheeled motorcycle; insulating blankets made of magnesium silicate fiber; thermal insulation and cold insulation materials for construction primarily made of silica

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Testing and product research on heat insulating and heat retaining materials; testing and product research on seal materials; testing and product research on noncombustible and refractory materials; testing and product research on corrosion resistant and anti-corrosion materials; testing and product research on friction materials; research on building construction or city planning; testing or research on prevention of pollution; testing or research on civil engineering; testing and product research on soundproofing materials; testing or research on machines, apparatus and instruments; architectural design; designing of machines, apparatus, instruments, including their parts, or systems composed of such machines, apparatus and instruments; technical advice relating to computers; engineering and scientific consultancy in the field of automobiles and other machines

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal plumbing pipes; manually operated metal valves; metal pipe couplings; metal storage tanks with fluorine resin linings for storing chemicals; metal building and construction materials with fluorine resin linings, namely, soffits, fascia, ceiling boards, and floor boards; metal junctions for pipes with fluorine resin linings; reservoirs of metal with fluorine resin linings; liquid storage tanks or reservoirs of metal, with lining; industrial water storage tanks of metal, with lining; liquefied gas storage tanks of metal, with lining; gas storage tanks of metal, with lining; internal floating lids of aluminium for use with gas or liquefied gas storage tanks with lining; metal valves, not including machine elements, with lining; industrial packaging

containers of metal, with lining, not including metal stoppers, lids and caps; plugs of metal; metal lids and metal caps for industrial packaging containers; metal junctions for pipes; metal flanges; pipes of metal; pressure-resistant industrial hoses, of metal; metal building panels, namely, metal panels having sound absorbing properties for elevated highways and depressed roads; metal building panels, namely, metal panels having soundproofing properties for roads; metal building panels, namely, metal building panels having soundproofing properties for the undersides of highways; metal building panels, namely, metal panels having soundproofing properties for environmental countermeasure in plants or factories; panels of metal for building and construction, namely, door panels, floor panels, wall panels, and ceiling panels; coated copper plumbing pipes and tubes for plumbing; spacers of metal; hardware, namely, metal pipe brackets for metal materials for building and construction; metal materials for building and construction, namely, soffits, fascia, ceiling boards, floor boards, walls tiles, wall panels, stacks in the nature of fabricated metal components for building foundations, pre-fabricated architectural columns, and poles; prefabricated metal buildings; metal liquid storage tanks and reservoirs of metal; metal parts for liquid storage tanks or reservoirs of metal; liquefied gas storage tanks of metal; metal parts for liquefied gas storage tanks of metal; metal expansion joints for piping and ducting, wrapped with fire-resistant covering of inorganic fiber in the form of felts; cable junction sleeves of metal for building and construction; metal washers for construction purposes; insulated metal bolts; flexible tubes of metal; manually operated water-pipe valves of metal; metal pipes lined with fluorine resin PFA, PTFE, or ETFE; construction materials of metal, having thermal insulating properties, namely, soffits, fascia, ceiling boards, floor boards, wall tiles, wall panels, stacks in the nature of fabricated metal components for building foundations, pre-fabricated architectural columns, and poles; refractory construction materials of metal for seismic protection, namely, soffits, fascia, ceiling boards, floor boards, wall tiles, wall panels, stacks in the nature of fabricated metal components for building foundations, pre-fabricated architectural columns, and poles; metal pipes
