Mark Literal(s) 18 76 ESTRELLA DAMM 100% INGREDIENTES NATURALES BARCELONA 1876 DE MALTA Y ARROZ 1876 CERVEZA MEDITERRANEA 1876 AUGUST KUENTZMANN DAMM PREMIADA FUNDADOR DE CERVESAS DAMM

CASE IDENTIFIERS

Serial Number 90199445 **Application Filing Date** Sep. 22, 2020 **Register** Principal **Mark Type** Trademark **Publication Date** Dec. 29, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the stylized wording "ESTRELLA DAMM" in a circular design with a small concave dimple at the base on a red colored background; the "ESTRELLA DAMM" wording in white with black shading is stacked above the words "100% INGREDIENTES NATURALES" in black, which in turn is stacked above the word "BARCELONA" in white, which in turn is stacked above the number "1876" in white; which in turn is stacked above a partially visible facsimile of the signature of August Kuentzmann Damm in black which is stacked above the partially visible name "AUGUST KUENTZMANN DAMM", which is stacked above the partially visible words- "FUNDADOR DE CERVEZAS DAMM". A gold five pointed star is stacked above the word "ESTRELLA"; the black number "1876" is divided on either side of the star where "18" is to the left of the bottom left point in the star and above the letter "T" in "ESTRELLA," and "76" is to the right of the bottom right point of the star and above the first "L" in "ESTRELLA." The words "DE MALTA Y ARROZ" in black are stacked so that the words "DE MALTA" are to the left of the top point of the star and the words "Y ARROZ" are to the right of the top point of the star. The words "CERVEZA MEDITERRÁNEA", the number "1876", and the words "AUGUST KUENTZMANN DAMM" are in black letters and are in a circular shape, between two thin black plain line circles, such that the letter "D" in "MEDITERRÁNEA" is stacked above the top point of the star; the number "1876" is located in the circular shape before and after the word the word "CERVEZA", and the words "AUGUST KUENTZMANN DAMM" are in black letters and follow the circular shape from the number "1" in "1876" on the left side of the circular design to the number "6" in the right side of the circular design. The word "PREMIADA" is stacked above the letters "MEDITA" in the word "MEDITERRÁNEA" outside the outer black circle. In the center of the red circular background is a slightly darker red watermark of a circular seal featuring hops and sheaves of wheat. **Color Drawing** Yes **Color Claimed** The color(s) red, white, black and gold is/are claimed as a feature of the mark. **Disclaimer** "ESTRELLA," "100% INGREDIENTES NATURALES," "CERVEZA MEDITERRANEA," "DE MALTA Y ARROZ," "PREMIADA," "FUNDADOR DE CERVEZAS" OR "1876" **Translation** The English translation of words "ESTRELLA," "INGREDIENTES

NATURALES," "CERVEZA MEDITERRANEA," "DE MALTA Y ARROZ," "PREMIADA," "FUNDADOR DE CERVEZAS DAMM" in the mark is "STAR," "NATURAL INGREDIENTS," "MEDITERRANEAN BEER," "MALT AND RICE," "AWARDED," "FOUNDER OF DAMM BEER.". The wording DAMM has no meaning in a foreign language. **Name Portrait Consent** The name(s), portrait(s), and/or signature(s) shown in the mark does not identify a particular living individual.

INTERNATIONAL REGISTRATION INFORMATION (SECTION 66A)

Owner of International Registration Number 1483972 **International Registration Date** Jun. 14, 2019 **Date of Section 67 Priority Claim** Dec. 17, 2018 **Expiration Date** Jun. 14, 2029

EXAMINING ATTORNEY

Examining Attorney EISNACH, MICHAEL PATRI

REASON FOR PUBLICATION

Trademark Registration Issued - Principal Register

VEROSPEC

Mark Literal(s) VEROSPEC

CASE IDENTIFIERS

Serial Number 79265975 **Application Filing Date** Feb. 20, 2019 **Registration Number** 6230673 **Registration Date** Dec. 29, 2020 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Oct. 13, 2020

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK

RELATED PROPERTIES INFORMATION

International Registration 1484266 **International Registration Date** Feb. 20, 2019

GOODS AND SERVICES INFORMATION

For Stamping foils containing primarily metals, particularly hot stamping foils and cold stamping foils, with pigmented layers, color layers, and lacquer layers all for use in painting, decorating, printing and art; transfer foils containing primarily metals, particularly thermal transfer foils, with pigments, marking substances, color layers and lacquer layers all for use in painting, decorating, printing and art; stamping foils and transfer foils containing primarily metals, particularly thermal transfer foils, containing a consumption layer which can be detached during stamping consisting of, a metal layer, color layer, lacquer layer, pigmented layer, a layer with marking substances for application onto a substrate all for use in painting, decorating, printing and art; laminating foils containing primarily metals, containing a metal layer, color layer, lacquer layer, pigmented layer, and a layer with marking substances for application onto a substrate all for use in painting, decorating, printing and art; paints, varnishes, lacquers, particularly containing optical effect pigments, ceramic pigments, and marking substances; dry lacquers, in the form of foils and sheetings, particularly containing colored pigments, optical effect pigments, ceramic pigments, and marking substances; pigments, particularly colored pigments, optical effect pigments, and ceramic pigments, also in the form of pastes and concentrates, and mixtures thereof; marking inks, marking pigments and marking color particles all for use as paint additives, lacquer additives or color additives for introducing and mixing into paints and lacquers, in layers of foils or in plastics, in plastic mixtures or in plastic master batches, to add texture, color or reflection; pigments and pigment mixtures comprised primarily of pigments, colorants and color mixtures comprised primarily of colorants, fluorescent pigments and pigment mixtures comprised primarily of fluorescent pigments, phosphorescent pigments and pigment mixtures comprised primarily of phosphorescent pigments, paints and lacquers, unprocessed natural and synthetic resins, for use as marking substances also in smallest-sized forms as well as in form of powders, pastes and concentrates; metals and their alloys as well as metals and their compounds, each in form of powders and other small particles as well as in form of pastes and

concentrates in the nature of metal pastes and metal paste concentrates for use as marking substances and for use in painting, decorating, printing and art; master batches of additives, namely, paint additives and color additives and colorant mixtures, each containing pigments, particularly effect pigments, and marking substances, for use by working-in into plastics and plastic mixtures, to add texture, color or reflection; color powders, namely, color powdered paints and colorants in form of powders; color mixtures being mixtures of color pigments; colorants; coloring agents, namely additives containing pigments for coloring purposes; printing inks, engraving inks and marking inks, and toners for printing, marking and engraving; powder lacquers

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Goods of paper and goods of plastic for use for packaging purposes, namely, tags, stickers, labels, stamps, vignettes, tokens, seals and bands; packaging covers and packaging sheaths, of paper or plastics; pouches, for documents and goods as packaging materials, patches, as packaging materials, foils as packaging materials, sheaths as packaging materials and jackets as packaging materials, each made of paper or plastics or synthetic materials and for packaging purposes; all afore-mentioned goods are particularly containing marking substances and/or optically active spatial structures and/or optical diffraction structures and/or holographic structures and/or optically-effective effect pigments and/or pigments and/or magnetic structures and/or electrically conductive structures and/or electronic circuits; stamping foils primarily of paper and of plastic for packaging purposes, particularly hot stamping foils and cold stamping foils, primarily of paper, for use in the decoration as well as for manufacturing of identification devices or payment means or authentication devices or money replacement means or for use for identification purposes or authentication purposes or as money replacement means or for use for banknotes, bills or payment means; stickers, stamping plastic foils, transfer plastic foils, thermal transfer plastic foils and laminating plastic foils for packaging purposes as well as foil strips or foil patches, both being plastic foils; paper with UV-curable adhesives for cold stamping; labels of paper or primarily of paper; vignettes in form of stickers primarily made of paper for application on products and on documents or other objects for decoration purposes; goods made of paper in form of tokens, cards, discs, tags and bands of paper and sheets and foils of paper or plastics for packaging purposes for use in manufacturing non-electronic unencoded data carriers for identification purposes, authentication purposes or for use as money replacement means; stamping plastic foils, particularly hot stamping foils and cold stamping foils, transfer plastic foils and thermal transfer plastic foils, for packaging purposes, these foils consist of a carrier film primarily of plastics and at least one transfer layer which can be detached from the carrier film and applied to a substrate and which transfer layer is provided with decor elements and/or with marking substances, optically active structures, optically effective effect pigments, colored pigments, magnetic structures, electrically conductive structures, electronic circuits, or combinations thereof or which is designed to receive such elements, structures and/or substances; laminating plastic foils for packaging purposes, consisting of a carrier film which is primarily made of plastic and which is provided with decor elements and/or with marking substances, optically active structures, optically effective effect pigments, colored pigments, magnetic structures, electrically conductive structures, electronic circuits or combinations thereof, or which is designed for receiving such elements, structures and/or substances, for application onto a substrate; labels, stamps, seals, bands as well as sheets and foils of paper or primarily of paper for use as identification means, authentication means and money replacement means, as far as contained in this class; stamping plastic foils, particularly hot stamping foils and cold stamping foils, for packaging purposes as well as for use for decoration as well as for identification means or authentication means or money replacement means or for use for banknotes, bills or payment means; packaging materials of paper or primarily of paper and/or of plastic, namely, bags, pouches, envelopes, covers, sheets and foils; self-adhesive plastic foils for packaging purposes; laminate foils and films of synthetic plastic for packaging purposes; printed

matter, namely, paper signs, books, manuals, curricula, newsletters, catalogues, brochures, charts, posters, leaflets, flyers, hand-outs and informational cards and brochures in the field of plastics and paper processing, product design and decoration, packaging design and decoration, product and document security, operation of machines and of computer software and hardware; printed instructional and teaching materials in the field of plastics and paper processing, product design and decoration, packaging design and decoration, product design and decoration, product and document security, operation of machines and of computer software and hardware; packaging material of plastic, namely, plastic film, plastic sheets, plastic foils, plastic bands and plastic sheaths for use as wrapping and packaging material; printers' type; printing blocks; fiber paper materials for use as marking substances including optically-effective marking substances

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Collecting, compiling, systematizing, updating and maintenance of data and information in computer databases, namely of data for checking the stock, the authenticity of goods and documents, for tracking and tracing of goods and documents as well as for authentication validation and identity validation; business administration services, namely, computer-based organizational and business-management data verification and data analysis concerning data for checking of the stock, the authenticity of goods and documents, for tracking and tracing of goods and documents as well as for authentication validation and identity validation; compiling, systematizing and updating of data in computer databases concerning data for checking of the stock, the authenticity of goods and documents, for tracking and tracing of goods and documents as well as for authentication validation and identity validation; computerized file management; business advice and commercial advice about the movement of goods, by means of databases as well as by means of an internet portal; business consultancy, particularly concerning measures and operational processes for tracking the stock, the authenticity of goods and documents, for tracking and tracing of goods and documents as well as for authentication validation and identity validation, particularly by means of detecting, checking and verifying of optical effects, optical security features as well as of markings and marking substances

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Blank magnetic, optical and electronic information carriers and magnetic, optical and electronic information carriers pre-recorded with identification data and authentication data, in the form of foils, foil sheetings, foil strips, foil patches, stickers, labels, vignettes, bands, tokens, coins, discs, cards and plates featuring encoding means, namely, featuring optical marking substances, machine-readable marking substances, optically-effective spatial structures, optical diffractive structures, holographic structures, optical effect pigments, pigments, or combinations thereof, for use as identification means, authentication means or money replacement means or for use with banknotes, bills or payment means; magnetic, optical and electronically encoded identification devices and authentication devices in the form of encoded foil sheetings, foil strips, foil bands, foil patches, stickers, labels, bands, threads, discs, cards or plates, encoded with layers with marking substances, with magnetic layers, optical layers, pigmented layers, electrically conductive layers, and with optical structures, for use for the storing, processing and display of information; encoded identification devices and encoded authentication devices, namely, data carriers in the form of encoded foils, foil strips, foil patches, stickers, labels, bands, threads, discs, cards and images, with marking substances, optically active spatial structures, optical diffraction structures, holographic structures, optically effective effect pigments, and with pigments; optical security elements in form of optically-encoded data carriers for integration into banknotes, into goods or into documents, containing authentication information and authentication data for certifying the

authenticity of banknotes and for the authentication of persons or goods or documents; optical data carriers in the form of optical security foils primarily of plastics which contain optically encoded information carriers and optically encoded structures with authentication data for certifying the authenticity of persons, goods, documents, passes, IDs and other identification documents, certificates, banknotes, bills, payment means or money replacement means or other documents of value; all afore-mentioned goods also for use as encoding means with marking substances, optically active interference layers, polarization layers and/or liquid crystal layers and/or with optically active spatial structures, optical diffraction structures, holographic structures, optically effective effect pigments, pigments or combinations thereof; magnetic, optical, electric and electronic parts and components in form of foil sheetings and foil bands, foil patches, stickers, labels, bands, threads, discs, cards or plates which are encoded and/or provided with optical structures and/or pigmented layers and/or with layers with marking substances, for storing, processing and/or display of information; identification devices, authentication devices and money replacement means, namely, data carriers in form of coins, cards, discs, stamps, plates, tokens, bands as well as sheets and foils of plastics, synthetic materials, paper or metal, which are encoded or provided with optical effect structures; encoded embossing stamps, encoded sheets and foils of metal which contain identification data and authentication data and feature optical effect structures, for use as identification devices, authentication devices and money replacement means; encoding means, namely, magnetic and optical data carriers and data carriers carrying magnetically, optically and electronically recorded and encoded identification and authentication information in form of covers and sheaths, dimensionally-stable sheaths of plastic, except for packaging purposes, stamping foils, transfer foils, thermal transfer foils and laminating foils, also in form of bands or patches, except for packaging, all these goods as encoding devices containing marking substances, optically active spatial structures, optical diffraction structures, holographic structures, optically effective effect pigments, pigments, magnetic structures, electrically conductive structures, electronic circuits, or combinations thereof; electronic security tags and electronic security labels for goods; electric and optical data processing apparatus; apparatus for checking and validating the authenticity of banknotes; detectors and optical readers for optical security features or optically-active identification features of goods and documents; blank magnetic data carriers; blank magnetic and optical and electronic data carriers; magnetic and optical and electronic data carriers, pre-recorded with identification information and authentication information; computer hardware; peripheral devices for computers; portable mini-computers, mobile telephones, personal digital assistants (PDA); data processing apparatus and electronic and optical and opto-electronic checking and testing devices, also portable, particularly for detecting, checking and verifying of optical effects, markings, marking substances and optical security features; downloadable firmware and software and recorded firmware and software, for controlling and operating data processing apparatus and testing devices; computer peripheral devices for detecting, checking and verifying of optical effects, markings, marking substances and optical security features; computer software, downloadable, and recorded computer software, particularly for detecting, checking and verifying of optical effects, markings, marking substances and optical security features; downloadable and recorded computer software for database management, for database integration and electronic databases in the field of product and document validation and authentication, tracking and tracing of goods and documents and identity validation and authentication; downloadable computer software and recorded computer software, particularly computer database software and client software for providing access to databases; downloadable computer software and recorded computer software for checking and verifying of optical effects, markings, marking substances and optical security features, the authenticity of goods and documents, for tracking and tracing of goods and documents as well as for authentication validation and identity validation; downloadable computer software and recorded computer software for database administration and database management; downloadable computer software and recorded computer software for decryption and encryption of information

and data; downloadable and recorded software and firmware for use as updates, patches and upgrades for all afore-mentioned software and firmware; downloadable electronic documentations in the field of product and document authentication, in the field of plastics and paper processing, product design and decoration, product and document security, operation of machines and of computer software and hardware and downloadable electronic publications in the nature of books, manuals and newsletters in these aforementioned fields

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Semi-finished goods of plastics or primarily of plastics in the form of semi-finished synthetic plastic foils and semi-finished goods of plastic or primarily of plastic in form of semi-finished plastic tags, semi-finished plastic stickers, semi-finished plastic labels, semi-finished plastic covers and semi-finished plastic sheaths, all not for packaging purposes; synthetic plastics as semi-finished goods, in the form of bands, sheetings, patches, foils, sheets, covers, sheaths and laminating foils, except for packaging purposes; semi-processed semi-finished plastics in form of laminating foils, which consist of a carrier film for laminating onto a substrate, the carrier film is also containing decor elements and marking substances, optically active structures, optically effective effect pigments, colored pigments, magnetic structures, electrically conductive structures, electronic circuits and which is designed for containing such elements, structures and substances; plastic stamping foils, plastic hot stamping foils and plastic cold stamping foils, plastic transfer foils as well as plastic thermal transfer foils, all primarily of plastic and other than for packing, these foils consists of a carrier film and a consumption layer for application onto a substrate, and the consumption layer contains decor elements and marking substances, optically active structures, optically effective effect pigments, colored pigments, magnetic structures, electrically conductive structures, electronic circuits, and which is designed for containing such elements, structures and substances; plastic stamping foils, plastic transfer foils and plastic laminating foils as well as plastic foil strips and foil patches, primarily of plastics, other than for packing; plastic stamping foils and plastic transfer foils, namely, plastic foils, that are consisting of a carrier film which is primarily of plastics and at least one transfer layer, which can be detached from the carrier film and applied onto a substrate, other than for packing; semi-finished goods of plastic or primarily of plastic for industrial purposes, namely, self-adhesive foils of plastic, plastic sheets, plastic bands, plastic laminates, stamping foils of plastic, each for receiving of or already provided with decor elements, with marking substances, with optically effective structures, with optically effective effect pigments, with colored pigments, with magnetic structures, with electrically conductive structures, with electronic circuits; semi-finished goods of plastic, namely, semi-processed plastics in sheet form, laminating foils with or without a metal layer for application to a substrate, plastic stamping foils for surface decoration as well as for identification means, authentication means and money replacement means or for use for banknotes, bills or payment means; security threads of plastic in form of narrow stamping foil strips, transfer foil strips and laminating foil strips, all not for textile use; plastic laminating foils primarily of plastic with or without a metal layer for application onto a substrate, other than for packing; synthetic plastic as semi-finished products in the form of foils, other than for wrapping, for use as optical security devices; semi-processed plastics in the form of bands, sheets and foils for identification devices, authentication devices and money replacement means except for packaging purposes; semi-finished plastic goods, namely, plastic laminate sheets, films and foils, and semi-finished extruded plastic goods in the form of sheetings, bands, patches, plates, covers and workpieces, semi-finished molded plastic goods in the form of covers, semi-finished parts and workpieces other than for wrapping and packaging; semi-finished goods, of plastic or primarily plastic, namely, self-adhesive plastic foils, semi-finished plastic laminates and semi-finished plastic laminate films, sheets and panels,

other than for packing; semi-finished goods of plastic or primarily of plastic and/or synthetic resins, in form of granules, powders, pellets and in form of other small particles, not for wrapping or packaging for use in the further manufacturing as marking substances

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Technology consultancy in the field of surface decoration and surface coating by means of stamping foils, transfer foils, thermal transfer foils and laminating foils; technology consultancy in the field of the transfer of patterns, decors, structures, functional surface structures and coatings that are pigmented or otherwise provided with optically active additives and with marking substances; technology consultancy in the field of possibilities of application of identification means, authentication means and money replacement means, particularly of data carriers and data media in form of foil strips, foil sheetings and foil bands, foil patches, stickers, markings, pigmented color layers and lacquer layers, marking substances, labels, threads, plates, chips, tokens, stamps, seals, cards, discs, tags, bands as well as sheets and foils of plastic, paper or metal; technology consultancy in the field of possibilities of use and application of security elements in form of foil strips, foil sheetings, foil bands, foil patches, stickers, labels, threads, tokens, bands, sheets and foils of plastic, paper or metal on goods, banknotes, bills or payment means, particularly for increasing the security against forgery; technology consultancy in the field of possibilities of application and the working-in of security elements in the form of optically active additives and of marking substances, particularly of pigments and effect pigments, in production processes and finishing processes; technology consultancy in the field of security architectures using marking substances, optical means, and optically active additives for authentication of goods or documents; technology consultancy in the field of application of identification means, authentication means and money replacement means, namely, data carriers like chips, tokens, bands, sheets as well as foils of synthetic materials, paper or metal; technology consultancy in the field of security architectures and security concepts for access control, for authentication checks of goods, documents, money and commercial papers as well as for data protection; technology consultancy in the field of the use and optimization of surface decoration and surface coating by means of stamping foils, transfer foils, thermal transfer foils, laminating foils, color layers, lacquer layers and coatings and marking substances with respect to computer software and computer hardware, particularly with respect to databases; technology consultancy in the field of possibilities of application of decorative and functional surface structures and surface coatings and marking substances and optically effective additives in combination with software and hardware for data processing; computer-based technical data analysis with computer systems and data conversion of electronic information; computer technology consultancy and computer security consultancy; computer software consultancy; data-warehousing services; services of updating of database information and database software via computers; IT consulting services with respect to data processing; development, creation, updating and maintenance of computer software for data processing, particularly with respect to databases as well as of computer software for detecting, checking and verifying of optical effects, optical security features as well as of markings and marking substances, the authenticity of goods and documents, for tracking and tracing of goods and documents as well as for authentication validation and identity validation; development of computer hardware and software for data processing, data storage and data transmission, particularly with respect to databases as well as with respect to the detection, checking and verifying of optical effects, optical security features as well as of markings and marking substances, the authenticity of goods and documents, for tracking and tracing of goods and documents as well as for authentication validation and identity validation; technical development of scientific and technical methods and processes for measuring and testing the optical,

electronic, opto-electronic, physical and chemical properties of goods and of security elements that are contained in goods or their packaging; technical development of testing and measuring apparatus and of related computer hardware and software for such testing and measuring processes; data encryption and decryption services; electronic authentication of product and document information and identification information and electronic authentication of related data; computer time-sharing services being leasing of data processing equipment; technology consultancy in the field of computer security and data protection; electronic data storage; leasing of computer hardware for using the computing capacity for data processing

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

RELATED PROPERTIES INFORMATION

International Registration 1485874 **International Registration Date** Jul. 23, 2019

GOODS AND SERVICES INFORMATION

For Nutritional supplements; protein dietary supplements; glucose dietary supplements; mineral food supplements; propolis dietary supplements; vitamin preparations; dietary fiber for use as an ingredient in the manufacture of dietary supplements; enzyme dietary supplements; wheat germ dietary supplements; yeast dietary supplements

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For FIGURE SALONS; HEALTH CLUBS FOR PHYSICAL EXERCISE; PROVIDING EXERCISE CLASSES IN THE FIELDS OF WEIGHTLIFTING, BODYBUILDING, PHYSICAL FITNESS, PHYSICAL STRENGTH, PHYSICAL CONDITIONING, AND PHYSICAL EXERCISE; ENTERTAINMENT IN THE NATURE OF WEIGHT LIFTING AND BODY BUILDING COMPETITIONS; ORGANIZATION OF WEIGHT LIFTING AND BOYDBUILDING COMPETITIONS FOR ENTERTAINMENT PURPOSES; PROVIDING INFORMATION, INCLUDING ONLINE, ABOUT EDUCATION, TRAINING, ENTERTAINMENT, SPORTING AND CULTURAL ACTIVITIES; ONLINE MULTIMEDIA PUBLISHING OF BOOKS, MAGAZINES, JOURNALS, MUSIC, AND ELECTRONIC PUBLICATIONS; ENTERTAINMENT EVENT BOOKING AGENCIES; PROVIDING OBSTACLE COURSE TRAINING GYM FACILITIES; ENTERTAINMENT IN THE NATURE OF WEIGHT LIFTING COMPETITIONS

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Cosmetic preparations for slimming purposes; cosmetic preparations for skin care; cosmetics; essential oils; antiperspirants for personal use; perfumery; non-medicated balms for use on the skin; non-medicated bath preparations; lotions for cosmetic purposes; oils for cosmetic purposes; shampoos; massage gels, other than for medical purposes; cosmetic sun-tanning preparations; lip glosses, creams for cellulite reduction; lotions for cellulite reduction

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Production of advertising materials; business management services, namely, administration of business engaged in retail, fitness, dietary supplements and cosmetics; marketing services in the fields of fitness, sportswear, dietary supplements and cosmetics; wholesale store services featuring sportwear, dietary supplements, cosmetics and fitness related goods and equipment; arranging and conducting of fairs and exhibitions for business and advertising purposes; retail online ordering services featuring clothing, fitness equipment, dietary supplements and cosmetics; retail department stores; promotion of goods and services through sponsorship of sports events

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable computer application software for smartphones and mobile devices, namely software for providing personal training, coaching, workouts, and fitness assessments in the fields of fitness and exercise; downloadable mobile application software for creating personalized fitness training programs; downloadable computer software for inputting, storing, processing or outputting personal exercise training, fitness information, coaching, workouts or fitness assessments; pre-recorded video recordings featuring athletic and fitness sessions

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Gym pants; gym shorts; gym suits; tank tops; clothing for athletic use, namely, padded pants; cargo pants; sports pants; sports vests; sports singlets; crop tops; stretch pants; sweatpants; athletic shorts; boxing shorts; clothing for athletic use, namely, padded shorts; t-shirts for children, teenagers and adults being clothing for athletic use; sweaters for children, teenagers and adults being clothing for athletic use; hoods being clothing for athletic use; jerseys being clothing for athletic use; tights; yoga pants; women's clothing, namely, skirts, shorts, tops, crops, vests, sports bras, capri pants being clothing for athletic use; swimwear; wristbands as clothing; footwear for men and women; gym boots; headbands for clothing; headwear; hats; beanies

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a stylized depiction of the Moon above the stylized wording "#DEAR MOON". **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1486199 **International Registration Date** Apr. 12, 2019

GOODS AND SERVICES INFORMATION

For Key rings; trophies of precious metal; commemorative shields of precious metal; brooches being jewelry; necklaces being jewelry; rings being jewelry; personal ornaments of precious metal in the nature of jewelry; shoe ornaments of precious metal in the nature of jewelry; clocks; watches; bonnet pins, not of precious metal; omamori being amulets

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Tapes, namely, elastic tape, hem tape and seam tape for sewing purposes being haberdashery; ornamental ribbons of textile; ornamental novelty badges being buttons; insignias for wear, not of precious metal, being ornamental novelty badges; buckles for clothing; badges for wear, not of precious metal, being ornamental novelty badges; brooches for clothing; special sash clips for obi being obi-dome; ornamental adhesive patches for jackets; brassards; hair ornaments in the nature of hair wraps; hair pins and grips; hair bands; buttons; artificial flowers; shoe ornaments, not of precious metal, namely, shoe trimmings; shoe eyelets; shoe laces; metal fasteners for footwear

International Classes 26 - Primary Classes **US Classes** 37, 39, 40, 42, 50 **International Class Title** Fancy Goods

For Cosmetic and toilet utensils, namely, cosmetic brushes and cosmetic spatulas; industrial packaging containers of glass or porcelain; plastic water bottles sold empty; mugs; water bottles sold empty; coasters, not of paper or textile; kitchen utensils, namely, cups, drinking glasses and vacuum bottles; cleaning tools and washing utensils, namely, dust bins; candle extinguishers; candlesticks; clothes brushes; piggy banks; flower vases; flower bowls; perfume burners; shoe brushes; shoe horns; shoe shine cloths; shoe shine sponges and cloths not containing shoe polish; shoe-trees

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Industrial packaging containers of leather; clothing for pets; vanity cases, not fitted; umbrellas

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For Towels of textile; handkerchiefs of textile; woven textile goods for personal use, namely, textile serviettes; mosquito nets; bedsheets; futon quilts; covers for futon quilts; futon ticks, namely, unstuffed futon covers not of paper; pillowcases; blankets, namely, lap blankets, bed blankets and blankets for outdoor use; table napkins of textile; dish towels for drying; banners and flags of textile; unfitted seat covers of textile; wall hangings of textile; curtains; table cloths, not of paper; draperies being thick drop curtains; sleeping bags

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Pastes and other adhesives for stationery or household purposes; paper bags; containers of paper for packaging; bags of plastics for packaging; paper coasters; food wrapping plastic film for household use; banners of paper; flags of paper; paper and cardboard; paper tapes; stickers; sticky notes being adhesive note paper; bookmarks; pencils; sketchbooks; painting palettes; file folders; stationery; calendars; pocket memorandum books; photo books, namely, photo collection comprising photographs; printed matter in the nature of books, photo books and magazines in the field of arts, photography, biographies, memoirs, business, money, comics, graphic novels, computers, technology, cooking, food, crafts, hobbies, home, education, teaching, engineering, transportation, health, fitness, dieting, history, humor, entertainment, law, literature, fiction, medical care, mystery, thriller, suspense, parenting, relationships, politics, social sciences, religion, spirituality, romance, science, math, science fiction, fantasy, self-help, sports, outdoors and travel; paintings; calligraphic works; photographs; photograph stands; omikuji sacred lots being printed strips of paper used for fortune telling

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK **Translation** The wording "INDRA MOVA" has no meaning in a foreign language.

RELATED PROPERTIES INFORMATION

International Registration 1496507 **International Registration Date** Mar. 14, 2019

GOODS AND SERVICES INFORMATION

For Consultancy, advice and information on financial matters; real estate consultancy; investment consultancy; insurance consultancy; fiscal valuation services; providing electronic processing of electronic payments via a global computer network; electronic processing of electronic payments; processing of electronic payments carried out by means of prepaid cards; financial transfers and transactions services, namely, providing electronic processing of electronic payments via a global computer network; issuance of prepaid cards in the nature of making advance payments to add value to prepaid or pay-as-you-go cards for the purchase of public transportation or transportation tolls; electronic toll payment processing services; electronic payment services involving electronic processing and subsequent transmission of bill payment data; electronic processing of contactless electronic payments services; electronic processing of automated electronic payments services; providing electronic processing of electronic payments

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Traction control systems for automobiles; autonomous land vehicles; driverless autonomous motor land vehicles; unmanned aerial vehicles (UAVs); drones with camera

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Business advisory and business consultancy services; administrative data processing; accounting services; business auditing; human resources management; market research services; compilation and systemization of information into business database; outsourcing services in the nature of business assistance; outsourcing services in the field of commercial operations; outsourcing services relating to business analysis; assistance, advice and consultancy regarding promotional, marketing and

advertising services; commercial business management; consumer information services, namely, providing consumer product information via the Internet; business assistance, management and administration services; business advice relating to strategy; business process redesign; business process re-engineering; data processing services in the field of transport; business consultancy, in transport and delivery; transport and delivery business management consultancy

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance and repair of computer hardware, computer equipment, and telecommunications equipment; installation, maintenance and repair of equipment for computer networks and information technology; updating of computer hardware; consultancy regarding installation, maintenance and repair of computer hardware; consultancy services relating to the installation and maintenance of computer hardware; advisory services regarding the installation of communication equipment; providing information relating to the repair or maintenance of telecommunication equipment; installation of electronic communication networks; installation, repair and maintenance of peripheral computer equipment; installation and repair of computer equipment; installation of data network apparatus; installation of telecommunication equipment and wireless local area networks; installation of hardware and cables for internet access; installation of communication equipment; repair and maintenance of computer hardware; maintenance of networks for data communication; maintenance of data processing terminals; maintenance of equipment for data processing; maintenance of telecommunication equipment; project supervision for construction of civil engineering structures; maintenance and repair of pressure safety devices; maintenance and repair of security installations for transportation systems; installation of traffic management computer hardware systems; construction of railway infrastructure; providing information relating to the repair or maintenance of railway rolling stock; installation, maintenance and repair of road signage; road construction; maintenance and repair of access control computer hardware systems; installation of computer hardware in the field of access control as a service; maintenance and repair services relating to the transport sector, namely, machines used for transport infrastructure; maintenance of transportation infrastructure

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electronic databases in the field of transportation systems recorded on computer media; multimedia content, namely, audio, video and text files in the field of transportation systems; downloadable computer software for management of transportation systems; downloadable computer firmware for management of transportation systems; downloadable computer operating systems; downloadable computer software application for management of transportation; computer hardware, namely, audiovisual and information technology equipment; computer hardware, namely, data storage devices, namely, blank hard drives for computers and high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; computer hardware, namely, equipment and accessories for data processing; peripheral devices for computers in the field of transportation; computers and computer hardware in the field of transportation; Computer peripherals and parts thereof in the field of transportation; computer hardware, namely, communication equipment; computer hardware, namely, point-to-point communication equipment; computer hardware, namely, broadcasting equipment; antennas for telecommunications; duplication apparatus, namely, photocopiers; apparatus for scanning images, namely, scanners; ticket dispensers, namely, electronic ticket issuing machines; electronic payment terminals; devices for sorting and dispensing money, namely, money counting and sorting machines; coin-operated mechanisms, namely, mechanisms for coin-operated apparatus; electric circuits and cards, namely, electronic circuit cards; access control devices, namely, access control and alarm

monitoring systems; downloadable computer programs for the enabling of access or entrance control; sensors and detectors, namely, motion sensors; computer hardware, namely, devices for testing and quality control; apparatus for registering and recording data, namely, computer hardware; radar apparatus; simulators, namely, simulators for driving or control of vehicles; apparatus for scientific research, namely, computer hardware; nautical apparatus and instruments, measuring apparatus, naval signaling apparatus, namely, computer hardware; sonars; metal detectors for industrial or military use; security warning apparatus, namely, alarm sensors; security check apparatus, namely, handheld security wands, security doors and touch pads, security control panels and motion detectors, and electronic security and surveillance devices, namely, electronic security tags and labels, acoustic tags, magnetic tags; railway traffic safety apparatus, namely, electronic control systems for train control systems and electric warning lights; computer hardware, namely, security and surveillance apparatus; electronic security and surveillance devices, namely, electronic security tags and labels, acoustic tags, magnetic tags, security mirrors for surveillance; electric and electronic security apparatus and instruments, namely, electronic video surveillance products in the field of electronic components of security systems; automatic security barriers, namely, digital dock locks; safety cameras; safety control instruments, namely, electric warning lights; safety signs and beacons, namely, electric warning lights; integrated electronic security systems for land vehicles, namely, remote controls for operating vehicle alarms; downloadable and recorded building environmental control software; computer hardware, namely, building access and security systems; downloadable and recorded security software for the management of transportation systems; downloadable and recorded software for network and device security; encoded cards with security features intended for identification; traffic control instruments, namely, actuated and pre-timed traffic signal controllers and traffic lights; apparatus for air traffic control, namely, computer hardware and air traffic control radio equipment; road signs, luminous or mechanical; traffic signal recognition systems, namely, traffic lights; railway signals; biometric identification devices; radio-frequency identification transponders; day and night vision systems primarily comprised of day and night sensors, day and night cameras, and monitors for identifying images; biometric identification systems, namely, biometric scanners; magnetic identity cards; radar antennas; radar detectors; radar installations, namely, radar displays; computer interface boards; downloadable and recorded computer programs for card readers; downloadable and recorded computer application software for use in the implementation of the Internet of Things (IOT); downloadable and recorded computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still and moving images; electronic terminals for toll payment; electronic toll payment systems, namely, electronic payment terminals; downloadable and recorded planning software for management of transportation systems; traffic-light apparatus; computer hardware, namely, mobile communications terminals; electronic payment terminals; computer hardware, namely, electronic mail terminals; computer hardware, namely, data viewing terminals, namely; data input terminals, namely, computer terminals; interactive touch screen terminals; secure terminals for electronic transactions; credit card terminals, namely, electronic payment terminal; data output terminals, namely, computer terminals; point-of-sale terminals; bar code terminals, namely, computer terminals; information display terminals, namely, computer terminals; electric terminals, namely, computer terminals; computer terminals; graphics terminals, namely, computer terminals; telephone terminals; interactive terminals, namely, computer terminals; multimedia terminals, namely, computer terminals; earth terminals; terminals for radiotelephones; data terminals, namely, computer terminals; display terminals, namely, computer terminals; keyboard terminals, namely, computer terminals; battery terminals; terminals for graphic visualization, namely, computer terminals; receiving terminals for signals, namely, computer terminals; electronic point-of-sale terminals; computer terminals with a banking purpose; data processing terminals, namely, computer terminals; electronic terminals for issuing of lottery tickets; electronic terminals for payment of traffic tolls; payment terminals, devices for sorting

and dispensing money, namely, electronic payment terminals; terminals for electronically processing payments made with credit cards, namely, electronic payment terminals; downloadable and recorded simulation software for simulating the driving or control of vehicles; navigation apparatus for vehicles in the nature of on-board computers; speed-checking apparatus for vehicles, namely, radar guns for police work; radar apparatus for vehicles, namely, radar object detectors for use on vehicles and radar checks for speed-checking; computer hardware, namely, vehicle tracking apparatus; downloadable and recorded computer applications for vehicle navigation apparatus; vehicle tracking devices, namely, computer hardware; computers for self-driving vehicles; downloadable and recorded software for use in autonomous driving of vehicles; multi-camera systems for vehicles; on board electronic systems in land vehicles for providing assistance with driving; computer hardware, namely, vehicle tracking systems; vehicle navigation systems with interactive screens; audiovisual entertainment systems on board the vehicle; computer hardware, namely, simulation services

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Security services, namely, physical security consultancy; security services for buildings, namely, providing physical access to properties via a remote call-in locking device; airport security services, namely, airport passenger and baggage security screening services; security control of persons and luggage in airports

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication services, namely, consulting services in the field of communications; consultancy, information and advisory services in the field of telecommunications; advisory and consultancy services relating to wireless communications and wireless communications equipment; advisory services relating to communications equipment; telematics communications, namely, providing access to the Internet; provision of access to computer networks

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Transport of goods and passengers; navigation services using global positioning systems; information services relating to transport, traffic and travel; providing information relating to direction and travel routes; driverless autonomous transport services of goods and passengers; information relating to transport services of others, public transport services, air transport services; providing information on transport and travel via telecommunications apparatus and devices; air traffic control services; ground traffic control services for aircraft; traffic information; information services relating to traffic congestion; information services relating to traffic speed; providing road and traffic information; vehicle traffic flow management via advanced communication networks and technology; information relating to road traffic conditions; railway transport; providing information relating to the transport of passengers; providing information relating to transport; transportation of merchandise; information relating to transport; computerized planning of distribution relating to transportation, namely, traffic information services and tracking of passenger or freight vehicles; tracking of passenger or freight vehicles by computer or via GPS, namely, providing road and traffic information; transport reservation; provision of advice regarding transportation of goods; providing information by electronic media relating to the planning and booking of travel and transport; providing information relating to tariffs in the field of transport; Vehicle tracking services, namely, traffic information services; Operation of toll roads and highways, namely, providing a toll road and highway for others; On-line transportation reservation and travel ticket reservation services; Coordinating travel arrangements for individuals and for groups; Booking of travel tickets; passengers registration services in airports, namely, airport passenger check-in services

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Information technology services, namely, information technology consulting services and information technology research services; development, design, programming and implementation of software; development and design of computer peripherals in the field of transportation; software rental and website hosting services; rental of computer equipment and installations in the field of transportation, excluding rental services related to the field of entertainment; consultancy, advice and information relating to computer software and computer peripherals in the field of transportation; data security consultancy; data duplication, conversion and encryption services of electronic information; scientific and technological services, namely, information technology consulting services and information technology research services; engineering services; testing, authentications and quality control of computer software for others; design of computer software for cybersecurity; design, development, integration and updating of computer software for cybersecurity; software updating; creation and maintenance of web sites for others; editing of computer programs; advisory services relating to product development and software quality improvement; Consultancy relating to computer program design and development; advisory services relating to computer programming; advice and development services relating to computer software; consultancy services relating to computer programming; development of computer programs for others; software installation and maintenance; computer program engineering; design, maintenance and updating of computer software; updating of computer programs; development, updating and maintenance of software systems and databases; advisory and information services relating to the design and development of computer peripherals; advisory and information services relating to the design and development of computer hardware in the field of transportation; design and development of hardware architecture; consulting services regarding software as a service (SaaS); consultancy via cloud networks and applications regarding cloud computing; cloud computing services, namely, cloud hosting provider services; cloud hosting provider services; computer services, namely, electronic data storage; hosting of web sites; hosting of digital content on the Internet; (IaaS) infrastructure as a service, namely, providing virtual computer systems and virtual computer environments through cloud computing; platform as a service (PAAS) featuring computer software platforms for management of transportation systems; software as a service (SAAS) services featuring software for management of transportation systems; IT project management; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; duplication of computer programs; computer engineering; Computer-aided engineering services for others; Telecommunications engineering; technical consultancy relating to road cutting technology; installation of access control software as a service (ACaaS); hosting of servers and computer programs in the field of access control as a service (ACaaS); access control as a service (ACaaS) featuring software for management of transportation systems; road network design; technology security testing services; providing meteorological information relating to the condition of ski slopes and roads; Providing weather condition information affecting ski conditions and road closures; supervision of suitability of vehicles to travel by road; integration of computer programs; integration of computer systems and computer networks; consultancy and information in the field of integration of computer systems; computer systems integration services; consultancy on integration of computer systems; monitoring of computer systems for detecting unauthorized access or filtering data; technological planning services in the field of architectural planning, environmental planning, urban planning, and civil engineering planning; architectural planning services; consultancy services relating to environmental planning; consultancy services relating to urban planning; civil engineering planning services; advisory services related to architectural planning,

environmental planning, urban planning, and civil engineering planning; advisory services relating to the design of transport infrastructure; design and planning of telecommunication equipment; weather information services, namely, analytical services by means of radar use

GOODS AND SERVICES INFORMATION

For Data management services for use in the aviation industry, namely, electronic data collection, compiling, tracking and analyzing data related to airfare pricing; database management services of a database comprised of airborne and environmental conditions data; data collection services, namely, tracking and reporting on airplane location for commercial purposes; data processing services for aviation; data processing services for transportation; computerised business auditing; business information and consultancy services related to all of the aforementioned services; compilation of information into computer databases relating to environmental weather conditions

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Computer hardware installation and maintenance services; installation of data computer networking hardware; maintenance and repair of aircraft; maintenance and repair of vehicles and apparatus for locomotion by air and rail; aircraft vehicle maintenance and repair services; aircraft vehicle fuelling services; fuelling services for aircraft; aircraft vehicle repair and maintenance; aircraft repair and maintenance; maintenance and repair of computer hardware for data communications networks; information and consultancy services in the fields of all of the aforementioned services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Downloadable computer operating software and downloadable computer data compression and atmospheric modelling software; downloadable computer software for processing aviation and atmospheric data; downloadable computer programmes for aviation and atmospheric data processing; downloadable aviation and atmospheric data analytics software; recorded software for monitoring environmental conditions within a building, facility, grounds or designated spatial area; downloadable

artificial intelligence software for remotely monitoring and controlling environmental conditions within a building, facility, grounds or designated spatial area, and for aviation and atmospheric data processing; artificial intelligence apparatus comprised of computer hardware and recorded software sold as a unit for controlling and monitoring environmental conditions within a building, facility, grounds or designated spatial area; machine learning software for controlling and monitoring environmental conditions within a building, facility, grounds or designated spatial area, and for aviation and atmospheric data processing; electronic data recorders; downloadable publications in the nature of articles, magazines, brochures, books in the field of environmental conditions, aviation, fleet statistics, aircraft condition; electronic databases in the field of environmental conditions, aviation, fleet statistics, aircraft condition, recorded on computer media; data collection apparatus in the nature of electronic oxygen monitors, electronic temperature, atmospheric pressure, and moisture sensors, and computer hardware for monitoring environmental conditions within a building, facility, grounds or designated spatial area; downloadable computer software for use as an application programming interface (API); weather information apparatus, namely, weather balloons, weather radios, and digital weather station instruments; electronic sensors for measuring air pressure, temperature, wind speed, humidity, air pollution, dust, volcanic ash, ice and sea salt levels; airborne data acquisition instruments in the nature of weather balloons, electronic sensors for sensing wind speed, and computer hardware; real-time data processing apparatus; motion recognition sensors; pollutant sensors; air analysis apparatus

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Consulting services in the field of technical data analysis in the field of aviation and environmental conditions; software as a service (SaaS) featuring software for analysis of aviation data and environmental conditions data, airport contaminants, fleet exposure analysis, flight planning optimization to mitigate damage caused by environmental contaminants; platform as a service (PaaS) featuring software for analysis of aviation data and environmental conditions data, airport contaminant analysis, fleet exposure analysis, and flight planning optimization to mitigate damage caused by environmental contaminants; data as a service (DaaS) software featuring software for analysis of aviation data and environmental conditions data, airport contaminant analysis, fleet exposure analysis, and flight planning optimization to mitigate damage caused by environmental contaminants; electronic storage of data; maintenance of database computer software; computer software and system design; technical data analysis, namely, electronic monitoring and reporting of technical aviation aircraft systems and environmental weather systems and data analysis using computers or sensors; computer services for the analysis of aviation and environmental data for quality control purposes; providing temporary use of online non-downloadable software for analysis of aviation data and environmental conditions data, airport contaminant analysis, fleet exposure analysis, and flight planning optimization to mitigate damage caused by environmental contaminants; consulting services in the field of software as a service (SaaS); Monitoring of aircraft machinery conditions by remote access to ensure proper functioning of the engines and for the purposes of flight management quality control optimization; Technical air quality monitoring of environmental contaminants; Technical air quality monitoring via data collection services; scientific research services in the field of aviation flight management optimization via the compilation of data relating to environmental contaminants and weather conditions; information and consultancy services in the field of all of the aforementioned services

GOODS AND SERVICES INFORMATION

For Heating, steam production, heat exchange, heat and steam accumulation, heat and steam control, cooking, refrigerating, drying and ventilating apparatus intended for nuclear power plants, nuclear reactors, plants and centers for storage, warehousing, isotopic separation, processing, reprocessing and recycling of fuels, ores, nuclear materials, uranium, plutonium and nuclear waste; steam generators; boilers, namely heating boilers, industrial boilers; nuclear islands being parts of nuclear power plants and comprised of installations for processing nuclear moderators and fuels, nuclear assemblies, nuclear reactors, nuclear generators; electrochemical gas generators especially ones using electrolysis, reforming, gasification, decomposition of water

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Construction, installation, operation and maintenance of infrastructures, plants, installations, equipment and apparatus in the fields of energy, renewable energies, the fight against climate change, and electronics; construction, installation and maintenance of plants and centers for storage, processing, reprocessing and recycling of fuels, ores, nuclear materials, uranium and plutonium; construction, installation and maintenance of nuclear power plants, nuclear reactors, non-nuclear boilers, installations and equipment for research and engineering in the fields of energy, renewable energies and the fight against climate change; construction, installation and maintenance of facilities and equipment used for transporting materials in the field of nuclear energy; inspection of building sites as part of construction work, supervision of construction work, information relating to construction in the fields of nuclear energy, renewable energies and the fight against climate change

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Production of energy; nuclear energy generation; production, conversion of energy from hydrogen; decontamination, sanitation, maintenance and renovation of nuclear installations, equipment and apparatus in the nuclear field, namely, decontamination of nuclear waste, radiation, area decontamination services, biological decontamination services, biohazard biological decontamination services, decontamination of hazarous materials; assembling of materials commissioned by others in the nature of custom manufacture of nuclear power plant equipment, transportable buildings, machinery for nuclear reactors; treatment of materials in the energy sector, namely, uranium enrichment, uranium conversion, uranium re-conversion, laser isotope separation

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Fuels, fuel compositions, namely, diesel fuel, benzene fuel, coal, lamp fuel, gaseous fuel, alcohol fuel, gasoline, mixxed alcohol fuel, namely, vaporized fuel mixtures; nuclear fuels; oils, greases and lubricants intended to be used in the nuclear energy industries

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Engineering, engineering work; laboratory work namely scientific laboratory services, scientific and technological project management being services of engineers in the fields of energy and electronics, namely, scientific research; technical assistance being services of engineers, namely, computer software consultancy, computer hardware development, IT consulting services, consulting services in the field of energy; laboratory services and scientific and technological project management being services of engineers in the fields of energy, namely, scientific research; engineering work, namely, research, development, analysis, study and design work in the field of energy; consulting, expertise and testing of materials in the fields of energy being services of engineers; simulation namely calculation in the fields of energy and monitoring or energy production plants being services of engineers; scientific and industrial research, design, studies namely conduction feasibility studies, advice and information relating to environmental protection, sustainable development, renewable energies and the fight against climate change being services of engineers; environmental auditing services for sites, installations and equipment in the fields of energy and electronics, namely technical studies services; design, programming, updating, maintenance and rental of software used in the field of energy, renewable energies and the fight against climate change, electronics, and cyber security; chemistry services in the fields of energy and electronics; prevention of pollution risk relating to the activities developed in the fields of energy and electronics being services of engineers, namely, scientific testing, scientific research, chemical consultation services; monitoring of nuclear materials to detect temperature, leaks, degradation, being services provided by engineers; monitoring of nuclear installations and equipment to detect temperature, leaks, degradation, being services provided by engineers; security and monitoring in the nature of engineering services of plants and centers for warehousing, storage, processing, isotopic separation, reprocessing and recycling of fuels, ores, materials used in the nuclear field, nuclear materials, uranium, plutonium and nuclear wastes, nuclear power plants, nuclear reactors; design of computer systems and their safety; conducting scientific studies in the nature of research and feasibility studies in the field of mixed energy and impact on intelligent networks for transport and distribution of electrical energy; security services for computer networks and disseminated data, namely, administering digital certificates, and administering digital keys; analysis, design, development, maintenance and provision of information systems, applications, software, computer programs, Websites and

computerized databases; engineering services in the nature of technical inspection of buildings under construction

electronic data communications on behalf of others; Entertainment and education services, namely, providing recognition and incentives by way of granting of awards to degree and program participants who have successfully completed education programs and credit and non-credit course work; lending library services; conducting of training programs in the field of business development and planning; arranging and conducting educational programs and conferences in the fields of business and media, science, architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, culinary entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, kitchen accessories, and the culinary arts; career counselling services, namely, providing advice concerning education options to pursue career opportunities; entertainment services provided at social clubs, namely, arranging, organizing, and hosting social events, get-togethers, and parties for club members; provision of both indoor and outdoor recreational facilities, namely, provision of recreational facilities for hosting birthday parties, sports camps, athletic conditioning, golf lessons, sailing lessons, hiking, weight training, dance, body conditioning, yoga, aquatic fitness; organizing culinary seminars, workshops and educational demonstrations; automotive training services in the field of engine tune-up and repair; golf lessons; sailing lessons; physical fitness consulting services, namely, consultation in the fields of athletic conditioning, hiking, weight training, dance, body conditioning, yoga, aquatic fitness; facility rentals, namely, providing sports arena facilities; entertainment in the form of basketball games, hockey games, volleyball games, soccer games, futsal games, cross country running competitions, indoor track competitions, golf games, badminton games, cricket games, curling games, fastball games, table tennis games, rugby games, and squash games

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Job placement services; retail store services in the field of prepared foods, soft drinks, preserves, jams and sauces; administration of cultural and educational exchange programs

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Pre-recorded compact discs, video discs, video tapes and laser discs containing topics of instruction in the fields of business and media, science, architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, culinary entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, kitchen accessories, and the culinary arts; computer mouse pads; blank USB flash drives; downloadable electronic publications, namely, books, magazines, handbooks, workbooks, booklets, newsletters, informational flyers, brochures, pamphlets, electronic notice boards, calendars being electronic diaries, and research evaluative reports in the fields of business and media, science, architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, culinary entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, and the culinary arts; measuring tapes; instructional materials, namely, pre-recorded CD ROMs featuring instruction and training in the field of customer service conducted via telephone and electronic data communications; instructional materials, namely, downloadable computer programs featuring instruction and training in the field of customer service conducted via telephone and electronic data communications; instructional materials, namely, pre-recorded CD ROMs featuring instruction and training in the fields of business, media, engineering, science,

architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, culinary entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, kitchen accessories, and the culinary arts; instructional materials, namely, downloadable computer programs featuring instruction and training in the fields of business, media, engineering, science, architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, culinary entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, kitchen accessories, and the culinary arts

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Streaming of audio and video material via the internet featuring movies in the fields of business, media, engineering, science, architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, kitchen accessories, and the culinary arts; streaming of audio and video material via the internet featuring lectures and workshops in the fields of business, media, engineering, science, architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, entertaining, culinary entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, kitchen accessories, and the culinary arts

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Applied research and development services, namely, development of industrial prototypes, conducting scientific feasibility studies, and conducting clinical trials; technical consultation and research in the fields of science, architectural technology, avionics and automotive technology, engineering technology and information technology; laboratory testing services for testing materials; rental to others of laboratories and laboratory equipment for testing materials in the fields of chemistry, cosmetics, bacteriology, pharmaceuticals, genetics, biology, energy, environment, water, structures, engineering, manufacturing, robotics, health, and wellness; hosting a website containing institution registration information; hosting a website featuring information about educational programs in the fields of business, media, engineering, science, architectural technology, avionics and automotive technology, engineering technology and information technology, career placement and apprenticeship in the skilled trades, food, cooking, wine, beverages, recipes, culinary entertaining, hospitality, travel and tourism, nutrition, health, menu planning, kitchen appliances, kitchen accessories, and the culinary arts

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Market research by means of a computer database, Promoting, advertising and marketing the on-line databases and electronic publications of others; business management analysis; business consultancy; management of business; marketing research or analysis; providing information concerning commercial sales; business consulting; business data analysis; business consultancy and analysis of data relating to the planning and operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; compilation of information into computer databases; updating and maintenance of data in computer databases; systemization of information into computer databases; consulting in relation to systemization and compilation of information into computer database; collection, systematization, compilation and analysis of business data and information stored in computer databases; management and compilation of artificial intelligence computer databases; management and compilation of computerized databases

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Telecommunication machines and apparatus, namely, telephone apparatus, wired communication machines, namely, teletypewriters, automatic telegraph apparatus, photo telegraphy apparatus, namely, apparatus for the electric transmission of photos, manual telegraph apparatus, fiber optic repeaters, facsimile machines, automatic telephone exchanges, intercoms, transceivers, cable transmission machines and apparatus for telecommunication; telecommunication machines and apparatus, namely, apparatus for broadcasting of sound or images, radio communication machines, namely, portable radio communication machines, aeronautical radio communication machines, multichannel radio communication machines for fixed stations, single-channel radio communication machines for fixed stations, marine radio communication machines, facsimile machines, remote control telemetering machines and instruments, remote controls for use with the IoT (Internet of Things) devices for home

security systems, remote controls for televisions, radios, stereos, digital signs, optical disc players, optical disc recorders, DVD players, DVD recorders, and hard disk drive recorders, audio frequency devices and apparatus, video frequency devices and apparatus, surveillance cameras, antennas, amplifiers, communication apparatus for automobiles, radar apparatus; downloadable or recorded computer software used in database processing; downloadable or recorded computer software for creating searchable database; downloadable or recorded computer software for collecting and distributing data within computer networks and the internet, and enabling data communication among application programs, consumer devices and industrial devices; downloadable or recorded computer software for information management, data collection and data analysis in the fields of asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; downloadable or recorded computer software for remote monitoring and analysis relating to asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; downloadable or recorded computer software for application and database integration; downloadable or recorded computer software for use in data management; downloadable or recorded cloud computing software for asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; electronic databases in the field of asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure recorded on computer media; downloadable or recorded artificial intelligence computer programs for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; downloadable or recorded computer programs for the analysis of the data of the operation of manufacturing installations, industrial installations, infrastructure installations, energy production and distribution, traffic and transport; downloadable or recorded mobile applications using artificial intelligence for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; downloadable or recorded computer software platforms for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; downloadable or recorded computer software platforms for application development, web hosting, and database management; computer servers; computer network servers; downloadable or recorded computer software and computer hardware, sold as a unit, for the operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; computer hardware

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Design of artificial intelligence computer software; custom design of computer software; industrial engineering design services; design of computer databases; design of computer graphics; design of industrial products; design of infrastructure services, namely, water treatment infrastructure, highway infrastructure, disaster management infrastructure, broadcasting infrastructure; design, programming, and maintenance of computer software for data retrieval; design, programming and

maintenance of software for database management; design, programming and maintenance of software for information platforms on the Internet; design, programming and maintenance of software for e-commerce platforms; design, programming and maintenance of artificial intelligence computer programs; computer software design, computer programming and maintenance of computer software; copying of computer programs; design and development of electronic databases; analysis, electronic storage of big data relating to asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; installation and maintenance of database software; installation and maintenance of computer software; computer programming and software design; computer software design, computer programming, and maintenance of computer software; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; research, development, design and upgrading of computer software; computer software consultation; providing information in the field of software development via an on-line website; computer systems analysis to provide fault diagnosis and virus check of computer programs; computer security consultancy in the field of computer systems analysis and computer virus scanning; providing online information in the field of computer security consulting, computer systems analytics, and computer virus scanning; monitoring of computer systems to detect breakdowns; computer monitoring service which tracks application software performance, performs periodic maintenance and provides reports and alerts concerning such performance; design, programming and maintenance of computer systems, computerized communications network systems and computerized information processing systems; technological research, advice, and consulting regarding computer systems, computerized communications network systems, and computerized information processing systems; providing information in the field of computer systems, computerized communications network systems, and computerized information processing systems; computer system analysis and providing information relating thereto; collection and technical analysis of computer data, namely, computer system analysis and computer programming analysis for planning and operation of industrial installations and infrastructure installations relating to energy production and distribution; rental of computers; rental of computer programs; providing on-line non-downloadable software for asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; cloud computing featuring software for asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; software as a service (SaaS) featuring software for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; software as a service (SaaS) featuring software for use in processing and analyzing multiple sources of business and business operational data for business management and business operational purposes; software as a service (SaaS) featuring software for use in big data processing and analysis; software as a service (SaaS) services featuring software for use in database management, for use as a spreadsheet, for word processing; platform as a service (PaaS) featuring computer software platforms for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; platform as a service (PaaS) featuring computer software platforms for use in processing and analyzing multiple sources of business and business operational data for business management and business operational purposes; platform as a service (PaaS) featuring computer software platforms for use in database management, for use as a spreadsheet, for word

processing; providing temporary use of on-line non-downloadable cloud computing software for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes particularly in relation to energy, transportation and water purification infrastructure; providing temporary use of on-line non-downloadable software for use in database management, for use as a spreadsheet, for word processing; providing on-line non-downloadable computer software for remote monitoring and analysis of data relating to the planning and operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; providing a web hosting platform for the planning and operation of industrial installations, infrastructure installations, in particularly in relation to health care, energy production and distribution, traffic and transport; hosting of web sites; rental of database server to third parties; rental of computer hardware; design and development of computer hardware; technological services, namely, technical consulting for optimizing the operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; consulting services in the field of software as a service (SaaS); consulting services in the field of design and development of engineering processes; consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; consultancy services in the field of cloud computing; computer technology consultancy; consultancy relating to computer security

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the wording "MYPEBS" wherein the letter "B" is shown in fuchsia and the remaining letters are dark purple and a design comprising various curves and band in teal, purple, fuchsia, resembling a partial letter"D". **Color Drawing** Yes **Color Claimed** The color(s) fuchsia, dark puple, purple and teal is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1506586 **International Registration Date** Sep. 23, 2019

GOODS AND SERVICES INFORMATION

For Education, namely, courses of instruction in the field of medicine, of pharmacy, of health, of cancer; training in the field of medicine, of pharmacy, of health, of cancer; entertainment, namely, live music performance; organizing community sporting and cultural events; entertainment information; information relating to education; vocational retraining in the field of medicine, of pharmacy, of health, of cancer; provision of recreational facilities; publication of books; book lending; provision of non-downloadable films via video-on-demand services; motion picture production; rental of television sets; rental of show scenery; photography services; organization of music competitions for education or entertainment purposes; organization and conducting of colloquiums for educational purposes in the field of medicine, of pharmacy, of health, of cancer; organization and conducting of conferences for educational purposes in the field of medicine, of pharmacy, of health, of cancer; organization and conducting of educational congresses in the field of medicine, of pharmacy, of health, of cancer; organization of exhibitions for cultural or educational purposes; booking of seats for shows; providing online computer game; gambling services; electronic publication of books and journals online; publication of journal featuring clinical trial results

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Agricultural, horticultural and forestry services, namely, pest control; medical services; medical care services; medical screening; providing cancer screening services; screening of cancer and other diseases; veterinary services; cosmetic and medical skin care services; medical assistance; pharmacy consultancy services relating to preparation of prescriptions; medical analysis services; X-ray examinations for medical purposes; radiographic examinations for medical purposes; medical

analyses, namely, blood sampling; plastic surgery; hospital services; nursing homes; rehabilitation clinic services; rest home services; opticians' services; alternative medicine services; beauty salon services; hairdressing salon services; pet grooming; gardening; landscape gardening services

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Engineering services relating to providing technical evaluations concerning design; scientific research; scientific research services for medical purposes; medical research; conducting of scientific studies; conducting clinical trials for others; conducting clinical trials for screening of cancer and other diseases for others; provision of information in connection with medical and scientific research in the field of pharmaceutical products and clinical trials; technical research in the field of medicine, of pharmacy, of health, of cancer; design of computers for third parties; computer hardware development; software design; software development; research and development of new products for third parties; conducting of technical project studies in the field of medicine, of pharmacy, of health, of cancer; architecture; design of interior decor; software development and design; software installation; maintenance of software; updating of software; software rental; programming of computers; computer system analysis; computer system design; services provided by consultants, namely, computer hardware design and development; digitization of documents; software as a service (SaaS) services featuring software for use in analysing research data; consulting services in the field of cloud computing; information technology (IT) consultancy; hosting of servers; vehicle roadworthiness testing; graphic arts design services; industrial design; authentication of works of art; energy auditing; electronic data storage

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Machines and apparatus all for use in fish farming or food processing and packaging, namely waterjet cutting machines, waterjet fish bleeder, electric pumps for pumping fish out of water, electric pumps for pumping water as part of a fish farming installation, mechanical sea lice removing installation consisting of a container with an electric field and water jets; conveying installations and machines, namely, conveyor belts and lines used as part of a stunning installation for fish; conveying installations and machines, namely, conveyor belts and lines used as part of a fish processing installation; stunning machines and apparatus, namely fish stunning installations comprised of vacuum pumps, de-waterers, sensors, conveyor belts and piping; powered slaughtering equipment, namely, waterjet bleeder; electric slicing machines for large scale food processing; fish netting machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Installation, cleaning, maintenance and repair of fish farming and aquaculture equipment; installation, cleaning, maintenance and repair of surveying apparatus, marine sonar equipment, detectors, electrical and electronic devices for use in aquaculture and fish farming; installation, cleaning, maintenance and repair of stunning appliances, slaughtering equipment, fish processing machines, conveying machines, slicing machines for large scale food processing

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific, nautical, surveying, photographic, optical, weighing, measuring, signalling, checking and supervision apparatus and instruments, namely, signal transmitters, marine compasses, underwater cameras, digital video cameras, thermal imaging cameras, camera hardware systems for Internet protocol video surveillance, remotely-controlled sub-aquatic video camera containing a camera, transmitter, receiver to record, detect, measure, survey and locate marine life and fish underwater, for use for use in the field of fish farming and aquaculture; nautical and photographic apparatus and instruments, namely, underwater housings for cameras, underwater enclosures for cameras and underwater enclosures for photographic lenses; optical apparatus, namely, a non-lethal security device that uses a light or thermal source to detect, warn and repel marine animals and fish; Scientific, nautical, surveying, photographic, optical, weighing, measuring, signalling, checking and apparatus and instruments, namely, acoustic apparatus, namely, a non-lethal security device that uses a thermal source to detect, warn and repel marine animals and fish; electronic devices for fish and marine animals locating and tracking programmed to use global positioning systems (GPS) and cellular communications; 3D camera systems, namely, adapters for allowing 3D shooting; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric cables, data cables, connection cables, power cables, optical cables, wires, conductors and connection fittings therefor, electric transformer, current transformers for use in the field of fish farming and aquaculture, electrodes to create an electric field, electrodes; apparatus for estimating, surveying, and calculating underwater biomass, namely, artificial intelligence powered cameras; apparatus for recording, transmission or reproduction of sound or images for use in the field of fish farming and aquaculture, namely, cameras; sensors, namely, optical sensors, infrared sensors, temperature sensors, voltage sensors, salinity sensors, carbon dioxide sensors and depth sensors; detectors, namely, infrared detectors, temperature detectors, motion detectors and salt concentration detectors; rangefinders units, namely, laser rangefinders; electronic apparatus for detecting depth, namely, marine depth finders; marine sonar fish finders; global positioning system (GPS) units for use in fish farming; transmitters for use in connection with fishing equipment, namely, transmitters integrated in units installed in the field of fish farming and aquaculture to collect data from monitoring and control installations, to transmit the data to central processing facilities, and to receive data transmissions directed to the installation; marine mammal mitigation measuring devices and marine mammal mitigation devices, namely, electroacoustic transducers; transducers, ultrasonic transducers, acoustic transducer, radars; hull mounted electrical and electronic deterrent system, namely, sonars, acoustic alarm and electric signal systems to deter marine mammals; apparatus for wireless transmission of acoustic information; acoustic alarms; acoustic meters; sound alarms and alarm sensors; alarm signalling receivers, namely, receivers of electronic signals; sonar apparatus; underwater sonar surveying apparatus, namely, surface acoustic wave sensor; downloadable electronic publications in the nature of user manuals, newsletter, product instructions, in the field of fish farming and aquaculture; downloadable software application for use in maintenance, repair, and troubleshooting of fish farming equipment; downloadable computer software for providing an on-line database for fish farms to upload data, provide statistical analysis, and produce notifications and reports, all being in the field of fish farming

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus
