GOODS AND SERVICES INFORMATION

For educational services, namely, training related to the development and implementation of simulated combat training and consequence management exercises, namely, exercises related to responding to life threatening or destructive events; educational services, namely, training related to allied force modernization for combat, security and peacekeeping missions; educational services, namely, providing classes, seminars and workshops in the field of military combat, security and peacekeeping missions

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment **First Use** Mar. 28, 1994 **In Commerce** Mar. 28, 1994

For consulting services with regard to the installation and maintenance of electronic fare collection systems; consulting related to the installation and maintenance of computer hardware related to smartcards and computer hardware related to the sale and purchase of tickets; computer hardware technical support services for the installation and maintenance of combat simulation training systems, weapons effects analysis systems, and weapons simulation systems; computer hardware technical support services for the maintenance of automatic fare collection systems for rail, bus, and parking lots; consulting related to the installation and maintenance of computer hardware systems for processing, authorizing and transferring data between point of sale devices and contactless smartcards

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair **First Use** Jan. 23, 1991 **In Commerce** Jan. 23, 1991

For Computer hardware and software for processing, authorizing, and transferring data between point of sale devices and contactless smartcards; computer hardware and software for configuring and processing smartcards; transport ticketing computer hardware and software; computer software and hardware for the sale and purchase of tickets; electronic fare collection equipment sold as a unit, namely, smart cards and magnetic encoded cards containing programming for use with electronic fare collection, fare boxes, ticket machines, magnetic card processors, smart card readers, ticket processors, turnstiles, electronic control processors; software for financial analysis and accounting in the field of consumer spending; automated parking systems, namely, computer software to run parking fee collection devices and computer hardware, fare boxes, ticket machines, magnetic card processors, smart card readers, ticket processors, electronic control processors, smart cards and magnetic encoded cards containing programming for use with automated parking; personnel locator computer hardware and software; combat simulators for training purposes; training systems for aircraft, vehicles, weapons and personnel in live, constructive and virtual environments consisting of transceivers, lasers not for medical use, GPS technology in the nature of a global positioning system, data link technology in the nature of electronic and optical communications instruments and components, namely, optical data links, electronic encryption units, radio frequency identification tag readers, wireless communication transponders and radio receivers; computer hardware, electronic display interfaces; computer software for tracking people and vehicles, collecting, recording and replaying instrumentation data, providing automated processing and analysis of instrumentation data, computer networking, monitoring hit/miss notifications, scoring the outcome of weapons engagements and simulations of kinetic and non-kinetic threat weapons systems; electronic apparatus for tracking people and vehicles, collecting, recording and replaying instrumentation data, providing automated processing and analysis of instrumentation data, networking, monitoring hit/miss notifications, scoring the outcome of weapons engagements and simulations of kinetic and non-kinetic threat weapons systems; computer peripheral equipment for tracking people and vehicles, collecting, recording and replaying instrumentation data, providing automated processing and analysis of instrumentation data, computer networking, monitoring hit/miss notifications, scoring the outcome of weapons engagements and simulations of kinetic and non-kinetic threat weapons systems, all of the foregoing for education, training development, management support, and operations and maintenance support; communication and electronic products for intelligence, surveillance, search-and-rescue, air traffic control and military/civil communication markets consisting of radio and optical data links for transferring radar, video, and other information obtained via sensors; radios; radio, electronic optical and mobile data transmitters; radio receivers, filters, and exciters; high power amplifiers, antennas, direction-finding transponders and radio receivers, computers, computer display screens and monitors and software to transmit, network, detect, intercept, analyze, distribute and process intelligence and communications signals; computer hardware and software for surveillance; electronic communications computer hardware and software, transponders and radio receivers; computer hardware and software, transponders and radio receivers for use with shelters and unmanned aerial vehicles; computer hardware and software for the delivery of air-to-air, air-to-ground, air-to-water, ground-to-ground and ground-to-water missiles; computer hardware and software for the simulation of, and real time dissemination and display of the delivery of surveillance apparatus and explosives; automatic fare collection systems for rail, bus and parking lots sold as a unit, consisting of encoded smart cards containing programming for fare collection, magnetic encoded cards containing programming for fair collection, card production machines used to produce the foregoing encoded smart cards and magnetic encoded cards, pay stations, ticket

issuing and validating machines, electronic processors of smart cards and tickets and payments, electronic point of sale devices, smart card readers, fare boxes, entry/exit terminals, entry/exit gates, and wireless communication transponders and radio receivers; computer hardware and software for transit and parking financial analysis and accounting, motion sensors, anti-intrusion alarms and fire alarms, cameras, audio and video recorders, and explosives detectors for security

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus **First Use** Jul. 01, 1962 **In Commerce** Jul. 01, 1962

For security consultation and security advice related to the development and implementation of simulated combat training and consequence management exercises, namely, exercises related to responding to life threatening or destructive events; security consultation and security advice related to allied force modernization for combat, security and peacekeeping missions

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services **First Use** Mar. 28, 1994 **In Commerce** Mar. 28, 1994

For Consulting services in the field of automated parking systems and public transportation

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage **First Use** Jan. 23, 1991 **In Commerce** Jan. 23, 1991

For military technical research and development for others in the field of technical warfare communications; engineering and design services in the fields of automatic revenue collection systems, surveying and electronic measuring equipment, communications systems, flight collision warning systems, and electronic tracking systems for others; consulting related to the design, development, engineering, operation and maintenance of software for computer systems for processing, authorizing and transferring data between point of sale devices and contactless smartcards, software related to smartcards, transport ticketing computer systems and software related to the sale and purchase of tickets; custom software design for others; engineering and software technical support services for the design, development, installation, and maintenance of computer software for combat simulation training systems, weapons effects analysis systems, and weapons simulation systems; engineering and software technical support services for the design, development and maintenance of computer software for automatic fare collection systems for rail, bus, and parking lots; consulting services with regard to the design and development of electronic fare collection systems; consultation and advice related to allied force modernization for combat, security and peacekeeping missions, namely, consultation and advice regarding the design and development of modern vehicles and computer systems for combat, security and peacekeeping missions; consulting related to the design, development, engineering and operation of computer hardware related to smartcards and computer hardware related to the sale and purchase of tickets; computer hardware technical support services for the design, development, and operation of combat simulation training systems, weapons effects analysis systems, and weapons simulation systems; computer hardware technical support services for the design, development, and operation of automatic fare collection systems for rail, bus, and parking lots
