GOODS AND SERVICES INFORMATION

For Foaming, grinding, recycling, mixing, machining and forming machines and machine tools for use in the manufacture and treatment of polymer and plastic materials; moulding machines, automatic moulding machines and moulding installation machines for foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU) and renewable raw materials in the nature of biopolymers; precision machine tools being parts of sets, namely, actuators, pincers, grapplers, mold injectors, vacuum pumps, forms for moulding plastics, propulsions, retainers and chargers; block making machines and block cutting machines, namely, machines for forming and cutting polymers, plastics and foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expanded polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU) and renewable raw materials in the nature of biopolymers; installations consisting of mixing, conveying, storage, continuous and discontinuous pre-expanding and pressure loading machines for the pre-treatment of materials, namely, polymers, plastics and foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU) and renewable raw materials in the nature of biopolymers; turnkey manufacturing installations consisting of printing machines, for processing foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU), machines for processing biopolymers and also incorporating vacuum generating machines, mechanical control and measuring apparatus, data processing equipment, and recorded software for machine operations management and capturing operating and tool data; replacement parts for foaming, grinding, recycling, mixing, machining and forming machines and machine tools, moulding machines, automatic moulding machines and moulding installation machines, in particular pressure fillers and injectors

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Training courses for customer personnel in relation to operating and maintaining installations, automatic machines and machines, namely, foaming, grinding, recycling, mixing, machining and forming machines

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Providing professional business and business organisational consultancy services in relation to the planning, installation, commissioning and operation of machines and production installations for processing expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU) foams and renewable materials in the nature of biopolymers

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Repair, maintenance, and installation services for machine tools; Repair, maintenance, and installation services for material processing machines in the nature of foaming, grinding, recycling, mixing, machining and forming machines; Repair, maintenance, and installation services for foam moulding machines and installations, machines for processing biopolymers, and automatic moulding machines for foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU); providing of information relating to the maintenance, servicing, and repair of foaming, grinding, recycling, mixing, machining and forming machines and installations, moulding machines and automatic machines for foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU) and renewable raw materials in the nature of biopolymers; Technical support services, namely, technical advice and technical consultation related to installation and operation of machines that process expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE) and expanded thermoplastic polyurethane (E-TPU)

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Custom construction of foam molding machine systems, injection molding machine systems, foam molding machines, injection molding machines, automatic foam molding machines, automatic injection molding machines, foam molding automats and injection molding automats, and material production machines and material treatment machines for foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU) and renewable raw materials in the nature of biopolymers; custom and contract manufacture of moulding machines, shaping machines, automatic shaping machines, shaping installations; custom and contract manufacture of machines used to manufacture biopolymers, foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU); custom and contract manufacture of machines for treating biopolymers, foams of expandable polystyrene (EPS), expanded polypropylene (EPP), expandable polyethylene (EPE), expanded thermoplastic polyurethane (E-TPU)

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Development of software systems for process visualisation, for tool management, for task planning and control, for simulating production processes and for capturing operating data

International Registration 1541420 **International Registration Date** Nov. 26, 2019

GOODS AND SERVICES INFORMATION

For land vehicle powertrains comprised primarily of engines and motors, transmissions, drive shafts and differentials; Motors and engines for land vehicles; land vehicle engines; electric motors for land vehicles; shaft couplings and transmission mechanism for land vehicles and shift clutches for land vehicles; Axles and axle modules, axle boots, and diaphragms being parts of vehicle axles; land vehicle drive belts and transmission belts; fuel lines for vehicles, fuel tanks for vehicles; safety fuel tanks for vehicles; fuel bladders being parts of fuel tanks for vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Pumps, compressors and fans for motors and engines; electric pumps; electric compressors; Industrial robots; Generators of electricity; Moving and handling equipment, namely, industrial robots for use in manufacturing; Machines for manufacturing automotive parts, namely, automotive power trains, powertrain parts, batteries, motors, engines, sensors, actuators, pumps, filters, and electronic controls for motors and engines; Engines, powertrains, hydraulic pumps and injectors, and hydraulic and pneumatic controls for machines and engines; Dispensing machines; Machines used in metal, timber, rubber and plastics processing, for the manufacture, repair and disassembly of land and sea vehicles, for the manufacture, assembly, repair and disassembly of hoses, for use in the manufacture and processing of chemicals, agricultural products, mined minerals, textiles, food and beverages, construction equipment and materials and packaging; metal working machine tools; Printing machines; metal printing frames being parts of printing machines; printing plates; machines used in the manufacture of printing plates; light sensitive printing plates; sensitized printing plates; pressure casting molds being parts of machines; lithographic printing plates for printing machines; Motors and engines not for land vehicles; components for motors and engines of all types, namely, filters, compressors, brushes, pumps; electric motors and their parts not for land vehicles; electric

starters for motors and engines; motor driven electric generators; main cylinders for motors and engines; electric motors not for land vehicles; machines, namely, electric, pneumatic and hydraulic pumps; fuel pumps for land vehicles; Regulating and control apparatus for use in connection with pumps and pump installations, in particular valves, drain cocks, control valves; pneumatic and hydraulic engine actuators, throttle valves, idle governors, linear actuators, air control valves, air flap actuators, exhaust gas recirculation valves, all being parts of motors and engines; fuel injection devices, namely, injectors and fuel injection systems for engines comprising fuel injectors and controls; fuel injection nozzles for engines; spark plugs for combustion engines; glow plugs for diesel engines; Air filters for engines; Oil filters for motors and machines; fuel filters; Catalytic converters; Exhaust gas purification installations; Individual components for exhaust gas purification installations, namely, catalytic converters and filters, and fittings for the aforesaid goods, including the necessary mounts and fasteners; Devices for regulating the mixture composition of fuel-air mixtures for internal combustion engines; Converters and conversion apparatus and equipment for hot gases being parts of exhaust gas purifiers; Electrically heated converters for hot gases being parts of exhaust gas purifiers; Chargers, namely, turbochargers for machines; turbocompressors; Controlled adjusting devices for vehicle parts, namely, servo motors for seats, windows, mirrors, sliding roofs, throttle valves, camshafts; Machine coupling and transmission components, and shift clutches not for land vehicles; machine parts, namely, drive belts, transmission belts, V-belts, V-ribbed belts, variator belts, timing belts, synchronous belts, nubbed belts, double-sided timing belts, flat belts, lift belts; Machine components, namely, springs, shock absorber pistons, vibration dampers; engine and machine parts, namely, conn-rods, Crank shafts, camshafts, Joints, Cardan joints, and propeller shafts; Engine seals being automotive parts; Engine mounts other than for land vehicles, linear actuators; Valves as machine components; lawn mowers; fuel injection valves for motors and engines; hydraulic controllers and regulators for machines, motors and engines; air compressors and refrigerant compressors; thermostatic control valves for machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Flues and installations for conveying exhaust gases; Filters for industrial and household use, namely, filters for air conditioning; Heating installations, ventilating fans for commercial and industrial use, and air conditioning installations; Heating, cooling, air-conditioning and ventilation systems in vehicles for climate control; Heating and air-conditioning systems for vehicles for climate control; fans and ventilation modules for climate control systems in vehicles; Ventilation nozzles, air deflector elements and air pipes for climate control systems in vehicles; Air inlets and vents for climate control systems in vehicles; air filters for air conditioners and heaters for the interiors of vehicles

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Chemical substances, chemical materials and chemical preparations for use in the manufacture of vehicle drive trains; chemical additives or substitutes for fuel for use in petrol or diesel engines; Catalysts for oxidation processes, catalysts for chemical and biochemical processes, and Supports for catalysts; Battery electrolytes; Water for batteries; Battery anti-sulphurizing agents; Battery fluid, namely, acidulated water for charging batteries

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Business project management services and providing consumer information services in the automotive field; Business data and management analysis, research and information services; Collection and systematization of business data for business management purposes; Administrative data processing services; Commercial trading and consumer information services, namely, arranging of trading transactions and commercial contracts; Retail store and online retail store services featuring vehicles, vehicle parts and vehicle accessories, engine and transmission mounts made out of plastic, transmission cross beams, chemical products, fuels and propellants, tools and metal goods, building articles, electrical and electronic goods, lawn mowers; organizational advice for business purposes, namely, collecting and organizing market research information on the granting of usage rights for mobility systems, as well as consumer advice on the granting of usage rights for mobility systems; providing of digital business data and information in the field of road traffic, road traffic management, motor vehicles and autonomous driving of motor vehicles; business advice, consultancy and information for the aforesaid

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Building restoration, construction and demolition; Rental of tools, plants and equipment for construction and demolition of buildings; Installation, cleaning, repair and maintenance in relation to vehicles, vehicle parts and vehicle fittings as well as power trains for vehicles; Maintenance, installation, and repair of computer hardware, namely, electronic vehicle logs, test and diagnostic apparatus and instruments in the automotive industry; Installation, maintenance and repair of industrial machines and industrial machine components; Recharging services for electric vehicles; Provision of technical information in relation to repair of computers in the automotive field

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus, instruments and cables for regulating and controlling electricity; distance measuring, apparatus; temperature simulation equipment; Measuring devices and instruments, namely, apparatus for testing the performance, efficiency and durability of automotive parts; Electric control and regulating systems comprising computer hardware, recorded software, processors and sensors for regulation and control of brakes, accelerator pedals, transmissions, chassis and suspensions and emissions; voltage regulators for vehicles; Automatic control systems for vehicles comprising computer hardware, recorded software, processors and sensors for the steering and controlling of vehicles; Electric and electronic monitoring, regulating and control apparatus and equipment for monitoring, regulating and controlling exhaust gas catalysts; Electric and electronic monitoring, regulating and control apparatus and equipment for monitoring, regulating and controlling liquid dosing systems; Dosimeters; Electrical and electrohydraulic power steering systems comprised primarily of computer hardware, recorded software, processors, sensors, electric motors and actuators; Electrical, electronic and mechanical actuators, and electric motors for machines; Ammeters, voltmeters, ohmmeters, manometers, thermometers, tachometers; magnetic compasses, acidometers, water level indicators, scales; thermostats; Engine electronic idle speed control devices, namely, electronic speed controllers; data management computer hardware and downloadable recorded software for data management, data processing computer hardware and downloadable software for data management; Measuring, warning and display devices and instruments for measuring, warning and displaying information about vehicles and machines, namely, distance, axle load monitoring, acceleration, speed, engine speed, torque, turn rate, pressure, fill level, fuel and washer fluid supply, altitude, coolant temperature, charge pressure, power, air quality, air mass, oil level, oil pressure, position, rudder position, temperature, travel speed, travel distance, wind and water depth; Diesel injector and oil emission testers; emission analyzers for detecting

particulate in vehicular emissions; chassis analyzers, namely, computer hardware, recorded software and sensors for analyzing the integrity of a vehicle chassis; battery testers; battery chargers; devices for electronic control unit (ECU) diagnostics, namely, for diagnosing the status and condition of a vehicle; Time recording unit; electronic accident data recorder, namely, hard disk drives; Apparatus and instruments for conducting, switching, converting, storing, regulating and monitoring electricity; Electrical fuses, electrical relays, transponders, electric sensors, electric actuators; sensors and detectors for use in controlling the actuation and operation of automotive safety apparatus and equipment; Pressure activated electric switches; power controllers, regulators, namely, voltage regulators for vehicles; Monitoring and diagnostic systems comprising computer hardware, recorded software and sensors for monitoring and diagnosing performance characteristics of vehicle engines and drive systems; vehicle breakdown warning lamps for vehicles; electro-magnetic solenoid valves, electric thermionic valves; Lasers, not for medical purposes; Electric batteries and their components, rechargeable batteries and their components, solar batteries; Batteries, electric, for vehicles; fuel cells and their components, chargers for electric batteries; electrical opening and closing systems for motor vehicles, comprised primarily of control units, controls and electric motors; Windshield and headlight cleaning systems comprised primarily of sensors, fluid reservoirs and fluid dispensers; Computer networking and data communications equipment, namely, computer hardware; Recorded computer programs to operate vehicles; comfort driving systems and recorded navigation software, namely, safety and driving assistant system for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors; downloadable cloud computing software for storing, retrieving and accessing data and applications from remote servers; cloud servers being computer hardware; Electrical, electronic, opto-electronic and mechanical analog and digital display panels and instruments for vehicles for displaying vehicle information, video, news and entertainment to the driver and passengers; Devices for recording, receiving, transmitting and reproducing analog and/or digital signals, as well as images and sound; Electronic control units (ECUs) for automotive engine controlling, namely, electronic control systems for engines; Speed measuring instruments, namely, vehicle speed sensors; air quality sensors for detecting pollutants; charging stations for electric vehicles

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication access services; Provision of access to the Internet and content, websites and portals on the Internet; Electronic data interchange; Transmission of information and transferring data via computer networks and the Internet; Wireless transfer of data via wireless application protocols; Electronic transmission and retransmission of sounds, images, documents, messages and data; Data streaming; Communication services between data banks, namely, transmission of information via computer networks; Wireless broadband communication services; Data transmission and reception services via telecommunications means; telecommunications gateway services; Provision of telecommunications information

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Fuels and lighting fuel; electrical energy; dust controlling compositions, namely, binding and absorbing compositions; industrial lubricants and industrial greases, waxes and grinding fluids; non-chemical additives for fuels, lubricants and greases; Industrial oil and grease; industrial lubricants; dust absorbing, wetting and binding compositions; lubricating grease for motor vehicles; lubricating grease for brakes

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Flexible pipes, tubes, hoses, and valves and fittings therefor, and fittings for rigid pipes, all non-metallic; soft top, door, window, engine compartment seals not of metal and not for machinery or land vehicle engines

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Information technology services, namely, software development, programming and implementation, computer hardware development, website hosting services and software as a service featuring and for developing software for vehicles, namely, software for vehicle maintenance, vehicle control, vehicle diagnostics, and energy management; rental of software; Rental of computer hardware and hardware in remote facilities; Information technology consultancy, advisory and information services; Information technology security, protection, restoration consulting; media duplication of data, data conversion services of electronic information, data coding services, namely, computer code conversion for others; Computer systems analysis and diagnostics services; Research, development and implementation of computer hardware and software systems; computer project management services; Data mining; Digital watermarking; Updating of memory banks of computer systems; Data migration services; Updating websites for others; and Monitoring of computer systems by remote access to detect breakdowns; Scientific and technological services in the automotive field and the associated research, namely, motor vehicle and motor vehicle parts design services, product safety testing; automotive design services; Product research and development for others in the automotive field; Engineering services, namely, component development for internal combustion engines; research and development services in the automotive parts field; engineering design services; software development, programming and implementation for others; design and development of computer hardware and software for others; computer software design, computer software engineering, computer software installation; updating of software; maintenance of computer software; cloud hosting provider services; rental of software in the automotive field; engineering consulting services for the automotive industry; Parts testing, authentication and quality control for others in the automotive field; Technology supervision and inspection for others in the automotive field for product quality control purposes; Technical measuring and testing of vehicles and other automotive products for purposes of quality control; Testing of vehicles for quality control, emissions, and road worthiness; Provision of information relating to information technology in the automotive field; Provision of technical information in relation to design of computers in the automotive field; Over the air updates of software components, namely, updating computer software; Providing scientific information, advice and consultancy relating to carbon offsetting; Scientific testing services in the automotive field; Drafting technical and scientific opinions, namely, advice regarding the engineering of new products in the automotive field; Technical advice and consultancy for others in the field of design, planning, and implementation project management of new products in the automotive field; Scientific research in the field of environmental protection; Scientific research and development in the field of treatment, use and regeneration of catalysts for selective catalyst reduction; Development of technology for chemical processes relating to selective catalytic reduction and catalyst technology

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1560690 **International Registration Date** May 28, 2020

GOODS AND SERVICES INFORMATION

For Parts for vehicles, namely, structural replacement parts and fittings; shaped vehicle covers, namely, fitted and semi-fitted covers for vehicles; air bags being safety devices for automobiles; fitted covers for land vehicles and for engines for land vehicles; vehicle partitions; linings for engines and vehicles, namely, engine covers, partitions, bulkheads and fairings; covers for vehicle steering wheels; anti-dazzle devices for vehicles, namely, sun shields and visors for motor cars; brake linings for vehicles; servobrakes for vehicles; brake discs for vehicles; brake hoses for vehicles; brake shoes for vehicles; brake drums for vehicles; underbodies of vehicle; automobile chassis; bodies for vehicles; vehicle seats; doors for vehicles; hoods for vehicles; body parts for vehicles, namely fenders, bumpers, replacement grilles, radiator supports, header and nose panels; radiator grilles for vehicles, namely, active grill shutters being vehicle vents and radiator shrouds and vehicle custom grills; air flap systems for vehicles, namely, air conditioning ducts as structural parts of vehicles; door side panels for vehicles; trunk frame being structural parts for vehicles; seat linings, namely, fitted vehicle seat covers; upholstery for vehicles; automotive interior trim in the nature of frame linings for vehicles; center consoles for vehicles; front dash panels being vehicle component parts; cockpit parts for vehicles, namely, steering wheels, turn signal levers, gear shift covers, air vents, vent bezels, knobs and switches, automotive windshield shade screens; armored bodies for vehicles, not of metal; gear lever knobs for vehicles; water lines, namely, coolant hoses for land vehicles, air vehicles, and water vehicles; hydraulic lines, namely, hydraulic circuits for land vehicles, air vehicles, and water vehicles; fuel line hoses for land vehicles, air vehicles, and water vehicles; oil lines, namely, automotive structural parts in the nature of oil storage for land vehicles, air vehicles, and water vehicles; air lines, namely, truck air brake hoses and air conditioning ducts as structural parts of vehicles for land vehicles, air vehicles, and water vehicles and coolant lines, namely, automotive structural parts in the nature of coolant storage for land vehicles, air vehicles, and water vehicles; strips being decorative and protective trim for the interior and exterior of vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Textiles, namely, textile fabrics for home and commercial interiors and substitutes for textiles, namely, textile substitutes materials made from synthetic materials; woven fabrics comprised of biopolymers; textile material, namely, textile fabrics for use in the manufacture of garments, bags, jackets, gloves, and apparel; multiple- ply antistatic fabrics comprised of biopolymers; non-woven fabrics, textiles, comprised of biopolymers, in the form of rolls for use in manufacture; coated fabrics; coated fabrics, namely, fabrics coated with thermoplastic coatings for use in manufacturing in a wide variety of industries; vapor permeable plastic textile, namely, textile fabric incorporating waterproof and gas permeable membrane made of biopolymers for the protection of equipment and packaging from contaminants; heat formable nonwoven textile materials, namely, adhesive fabric for application by heat and pressure; interfacings, namely, interlining fleeces; elastic woven material, namely, elastic yarn mixed fabrics; narrow woven fabrics; flame resistant fabrics, namely flame retardant fabrics for use in vehicles and modes of transportation; textile used as lining for clothing; fabric, impervious to gases, for aeronautical balloons; polypropylene spun-bonded non-woven textile fabrics; spun-bonded non-woven fabrics made from biopolymers; rubberized textile fabrics, namely, covered rubber yarn fabrics for textile use; adhesive fabric for application by heat; fabrics of carbon fibre, other than for insulation; mixed fiber fabrics; fabrics of chemically produced fibres, other than for insulation; regenerated fiber yarn fabrics; fabrics made from biopolymer fibers; fabrics made of PLA (polylactic acid) fibers; synthetic filter fabrics made of biopolymers; fabrics made from synthetic threads, being fabrics made of biopolymers; composite textile materials made of biopolymers; textile substitute materials made from synthetic materials

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Pipe and cable clips of plastics; corner fittings of plastic, namely, corner reinforcements for containers; fasteners, namely, nuts, bolts, nails, rivets, screws; clamps; washers}, all made from plastic produced using biopolymers; cable fasteners, connectors and holders, non-metallic, namely, non-metal cable clips and clamps, plastic ducts and couplings for organizing and holding fiber optic and similar cable and wiring; pipe fasteners and holders, non-metallic, namely, collars, not of metal, for fastening pipes; containers, and closures and holders therefor, non-metallic, namely, non-metal containers for liquid fuel, non-metallic closures for containers}; fastening elements made of plastic, namely, threaded fasteners, fastening anchors; tanks, not of metal nor of masonry, namely, plastic storage tanks, industrial water tanks, liquid storage tanks, liquid fuel tanks}; containers, being tanks made of plastic produced using biopolymers, namely, storage tanks; closures for containers, non-metallic; containers, not of metal, for storage and transport; non-metallic caps and closures for bottles and for containers; jerrycans, not of metal; boxes and chests of plastic; locks, not of metal, for vehicles; bottle caps, not of metal; bottle crates, not of metal; bottle stoppers, not of metal; containers, not of metal, for liquid fuel; packaging containers of plastic; decorations in the form of caps, namely, nonmetal caps for bottles; bag closures, not of metal; edge protectors of plastic, namely, edgings of plastic for furniture; plastic signs and displays, namely, printed vinyl signs and displays; threaded rods, namely, plastic welding rods; nuts, being non-metal hardware

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Yarns and threads for textile use; synthetic fiber threads; synthetic fiber yarns made from biopolymers; synthetic fiber thread and yarn; synthetic fiber yarns and synthetic fiber threads, both made from biopolymer fibers; yarn of synthetic or mixed fibres for use in textiles; rubber thread for textile use; threads of plastic materials for textile use; covered rubber yarn for textile use

International Classes 23 - Primary Classes **US Classes** 43 **International Class Title** Yarns and Threads

For Chemicals for use in industry and science; unprocessed plastics; biopolymers for use in the manufacture of industrial products, consumer and household products, sealants or packaging; chemical polymers for use in the manufacture of industrial products, consumer and household products, sealants or packaging; unprocessed polymers for industrial use; unprocessed synthetic polymers; polymeric intermediates, namely, macromonomers

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Ropes; cord; nets, namely, commercial nets, fishing nets; tents; tarpaulins; awnings made of textile or plastic; sails; sacks for the transport and storage of materials in bulk; padding, cushioning and stuffing materials, except of paper, cardboard, rubber or plastics; raw textile fibers; substitutes for raw textile fibers, namely, plastic fibers for textile use; synthetic ropes; synthetic textile filaments for use in the manufacture of fabrics, textiles, yarns, and carpets; fibres, made of synthetic material, for textile use; geotextile containers being , namely, bags made of synthetic textile materials for packaging; textile fibers made from biopolymers; raw textile fibres made from biopolymers; fibres being partly prepared synthetic materials for textile use

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Plastics, in extruded form, for use in further manufacture; plastics, based on biopolymers and in extruded form, for use in further manufacture; plastics, in extruded form and produced using biopolymers, for use in further manufacture; plastics, in extruded form and based on renewable raw materials, for use in further manufacture; plastics, in extruded form and based on renewable natural raw materials, for use in further manufacture; sealing materials, namely, plugs made primarily from rubber, packing material for forming seals, rubber seals for jars, silicone sealants, sealants for buildings, adhesive sealants for general use; packing materials of rubber or plastics; insulating materials; goods made from plastics produced using biopolymers, namely, padding for impact protection; soundproofing materials; semi- processed foams or films of plastic used as filtering material for the packing of filters used in water treatment and in odor treatment; semi-processed plastic or foam products, namely, packing foam in sheet form and open cell foam in roll form; rubber sleeves for protecting parts of machines; rubber bumpers, namely, rubber bump stops in the nature of padding materials of rubber; rubber stoppers for industrial packaging containers; rubber buffer shock absorbers, namely, shock buffers of rubber for industrial machinery; insulators, namely, electrical, thermal and acoustic insulators; foils of metal for insulating; reinforcing materials, not of metal, for pipes; hoses of textile material; flexible hoses, not of metal; pipes made of rubber for motor vehicles; cylinder jointings being cylinder joinings; flexible pipes, flexible tubes, hoses and fittings therefor, and fittings for rigid pipes, all non-metallic; non-metallic valves for flexible pipes, flexible tubes and hoses, namely, rubber clack valves; non-metal seals for plastic pipe connections; sealants, namely, polyurethane sealants; fillers, namely, expansion joint fillers and grout sealants; insulation and barrier articles and materials, namely, polyurethane foam and polyethylene foam, heat and acoustical composite insulating shield for automobiles and machinery; insulation linings, namely, foam insulation for use in building and construction; acoustic insulation articles and materials, namely, acoustic insulation panels; unprocessed and partially processed materials, not adapted for a specific purpose, included in this class, namely, polyester, mineral fibers, elastomers, cellulose, fibers impregnated with

synthetic resins, synthetic and composite materials, namely, carbon fibers, cellulose acetates, glass fibers and glass wool, cast nylon for use in manufacture, chemical fibers not for textile use, microporous synthetic films for the manufacture of protective clothing, protective work clothing, rain protective clothing, and for use in manufacture, microporous synthetic strips for the manufacture of protective clothing, self- lubricating cast polyamides for use in manufacture, synthetic fibers, except for textile purposes, viscose films, except for packaging and packing purposes, recycled polyester resins in pellet form for use in further manufacture}; viscose sheets for packing, cushioning, or stuffing purposes; resins in extruded form for general industrial use; semi-worked plastic substances, namely, semi-worked synthetic plastic as semi-finished products in form of pellets, rods, foils, foams, fibers, films and sheets; films, sheets and rods, being plastics in extruded form for use in manufacture; roll goods, namely, rolls of plastic foils, mats and sheets for manufacturing; round rods, namely, semi-processed plastic in the form of rods; profiles, namely, plastic composite material in the form of profiles, for use in manufacturing; rubber bars and rods; plastic rods and bars; plastics in the form of films, blocks, rods and tubes for use in manufacturing; non-metallic pipe connectors; hoses for air supply in vehicles; temperature and vibration insulating materials for tanks

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

GOODS AND SERVICES INFORMATION

For Fueling, lubricating and oiling apparatus and installations, namely, automatic oil and fluid dispensing systems consisting primarily of dispensing valves being machines parts, fuel dispensing pumps for service stations for garage and service stations; mobile and stationary presses in the nature of high pressure pneumatic and electric grease guns, hydraulic and electric filling pumps for fuel, oil, DEF and lubricants; tank containers, namely, vehicle engine parts in the nature of tanks for vehicle engine and transmission oil, DEF and lubricants; adapter for machinery and parts, combustion engines and transmissions in the nature of dispensing and suction systems consisting primarily of valves being machine parts with specialized connectors to combustion engines, vehicles and vehicle transmissions, tank containers for liquids and lubricants; motor vehicle draining apparatus for the removal of oil, water, fuel and other liquids from old vehicles, namely, waste oil collecting equipment in the nature of oil drain pumps, waste oil drainers in the nature of oil drain pumps; stationary and mobile mixing and metering systems, namely, electric and pneumatic dispensers in the nature of dispensing valves and pumps being machine parts for lubricants, industrial oils, greases, water, industrial chemicals, detergents, release agents and other fluids; apparatus for cleaning and maintenance of oils, lubricants and other fluids in the nature of industrial fluid cleaning machinery; air compressors, piston and screw compressors, compressed air equipment and fittings, namely, pressure switches and sensors for monitoring, controlling, switching hydraulic or pneumatic systems, compressed air components, namely, cylinders, valves; compressed air treatment, namely, air dryer in the nature of a compressed air pump

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Cleaning and fragrancing preparations; detergents and grease removing preparations for cleaning purposes, namely, for automobile, for metal, wood and plastics processing machinery, production areas and household purposes; Window cleaning preparations, machine cleaning preparations, floor cleaning preparations, laundry detergents. Polishing, washing and bleaching preparations for household use; essential oils; non-medicated cosmetics

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry, in particular chemicals for purifying exhaust gases in chemical processes and/or for reducing pollutant emissions in exhaust gases from internal combustion engines; aqueous urea solutions, namely urea-based chemicals for adjustment of polluted exhaust gases; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances, namely oils for currying leather and enzymes for use in the tanning of leather; adhesives used in industry; distilled water for petrol engines, namely purified demineralized water and desalinated water for internal combustion petrol engines primarily for cooling and reduction of CO2 emissions

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Monitoring apparatus and instruments in the nature of downloadable, recorded, computer software and hardware systems to measure, monitor, and control the operation and management of fuel dispensers, mixing and metering systems, fuel filling and draining systems used in the fuel dispensing and filling industry for fueling, lubricating and oiling; downloadable, recorded computer software for database management and data storage

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Fuels, lubricants and operating fluids in the nature of fossil fuels, natural energy sources in the nature of fossil fuels, engine and transmission oils, and industrial and lubricating greases; dust absorbing compositions and dust binding compositions for sweeping, dust binding compositions; fuels and illuminants in the nature of lamp oil, lighting fuel, liquid fuels, fossil fuels; candles and wicks for candles for lighting

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

CASE IDENTIFIERS

Serial Number 79312297 **Application Filing Date** Mar. 22, 2021 **Register** Principal **Mark Type** Trademark **Publication Date** Oct. 25, 2022

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the color red applied to the left-hand upper corner of a rectangular package where each packaging panel contains a red triangle with a curved side which touch at the packaging corner, forming a larger three-dimensional red triangle. On the front of the package in the lower right-hand corner is the stylized blue wording "STADA" between two red arcs. The color white indicates background and is not claimed as a feature of the mark. The dotted lines outlining the packaging indicate placement of the mark on the packaging and are not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) red and blue is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1594408 **International Registration Date** Mar. 22, 2021

GOODS AND SERVICES INFORMATION

For Pharmaceutical preparations, namely, house mark for a full line of pharmaceuticals; sanitary preparations for medical purposes; dietetic food adapted for medical or veterinary use, food for babies; dietary supplements for humans and animals; medical plasters, adhesive bandages for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Blood testing apparatus; Immunochemical testing apparatus for medical use; analyzers for the identification of proteins, antibodies and small molecules from biological samples and clinical chemistry analyzers and immunochemistry analyzers for the analysis of biological samples, all for clinical medical diagnostic purposes; medical apparatus for treating respiratory conditions; vaporizers for medical purposes; inhalers for medical use sold empty; syringes for medical use; health monitoring devices consisting of blood pressure monitors, thermometers, and pedometers; medical apparatus for introducing pharmaceutical preparations into the human body

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Non-medicated cosmetics and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; cleaning, polishing, scouring and abrasive preparations

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

GOODS AND SERVICES INFORMATION

For Providing electronic processing of cashless payment transactions, in particular by using the internet and mobile radio technology and devices; processing of payment transactions in the field of parking space management, passenger transport, public transport and the purchase of access authorisations to controlled areas for third parties; electronic funds transfer; payment processing, in particular processing of credit card payments and direct debits; financial payment transaction services by generating and issuing of electronic credentials in the context of parking space management and public transport

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Printed products, namely, user manuals, flyers, training materials, magazines and books in the field of development, application and maintenance of process tracking technologies; printed instructions for use in the field of development, application and maintenance of process tracking technologies; printed flyers in the field of development, application and maintenance of process tracking technologies; printed teaching materials in the field of development, application and maintenance of process tracking technologies; printed magazines in the field of development, application and maintenance of process tracking technologies; printed books in the field of development, application and maintenance of process tracking technologies

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Compressors for machines; hydraulic drives for machines, motors and engines; machines for the dispensing and measuring of oil and associated fittings therefor; fuel pumps for service stations, oil pumps for use in land vehicles, electrical pumps, namely, fuel pumps for service stations, mechanical pumps in the nature of fuel pumps for service stations; fuel dispensing pumps for petrol stations, automatic pumps for liquid fuels; tank installations, namely, fuel dispenser pumps, fuel dispenser valves, taps for liquids and other shut-off devices for liquids and air being parts of machines; dispensing nozzles for fuelling vehicles and machines; automatic vending machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Training in the fields of fare collection management, systems for parking solutions and internal logistics; arranging and conducting of training in the fields of fare collection management, systems for parking solutions and internal logistics; arranging and conducting of live and online seminars in the fields of fare collection management, systems for parking solutions and internal logistics; organisation and conducting of training workshops in the fields of fare collection management, systems for parking solutions and internal logistics; teaching and training in the field of business, industry and information technology; all the aforesaid services in particular in relation to the development, application and maintenance of process tracking technologies; electronic data processing training; providing computer assisted courses of instruction in the fields of fare collection management, systems for parking solutions and internal logistics; trainings on information technologies (IT); computer-aided training in the fields of fare collection management, systems for parking solutions and internal logistics

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Preparing account statements and statistical economic analyses in the context of issuance of fleet, and customer cards, and bookkeeping for electronic funds transfer and cash dispensing services; business consultancy services relating to manufacturing; business consultancy in the field of transport and delivery; computerized file management; updating and maintenance of data in computer databases; systematization of data in computer databases; supply chain management; electronic stock inventory management services; computerised stock management in the nature of inventory management; recording of stock location data in computer databases; business analysis of company behaviour; analysis of business data; analysis of business information; analysis of business management systems; business analysis and business failure analysis services; business analysis, research and information services; analysis of business statistics; cost benefit business analysis; compiling and analysis of information and data in computer databases; business analysis of processes in companies in the nature of business process tracking; business analyses for process optimization; business advisory services for process optimization; business process planning; planning and controlling of load carriers in the company and production process, namely, business management of logistics for others; planning and controlling of containers in the company and production process, namely, business management of logistics for others; warehouse management business consultancy; business analysis of data; business analysis of the flows of raw materials, components, semi-finished and end products and information along the value and supply chain from the raw material supplier to the end customer in the supply chain; data base management; computerized data base management; stock inventory and control management services; computerized inventory controls being inventory monitoring and automated ordering of replacement stock for businesses

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Repair, maintenance and installation of compressors for machines; Repair, maintenance and installation of hydraulic drives for machines, motors and engines; Repair, maintenance and installation of machines for the dispensing and measuring of oil and associated fittings therefor; Repair, maintenance and installation of fuel pumps for service stations, oil pumps for use in land vehicles, electrical pumps, namely, fuel pumps for service stations, mechanical pumps in the nature of fuel pumps for service stations; Repair, maintenance and installation of fuel dispensing pumps for petrol stations, automatic pumps for liquid fuels; Repair, maintenance and installation of tank installations, namely, fuel dispenser pumps, fuel dispenser valves, taps for liquids and other shut-off devices for liquids and air being parts of machines; Repair, maintenance and installation of dispensing nozzles for fuelling vehicles and machines; Repair, maintenance and installation of automatic vending machines; Repair, maintenance and installation of ticket dispensers, namely, parking lot ticket dispenser machines and fare ticket dispenser machines; Repair, maintenance and installation of ticket dispensers, namely, electronic parking lot ticket dispensers and electronic fare ticket dispensers, automatic pay stations, namely, electronic payment terminals and cash payment terminals, electronic payment terminals and service machines in the nature of electronic payment terminals and cash payment terminals operated by inputting coins, banknotes, credit or debit cards and also featuring electronic devices for debiting and crediting and processing individual memory areas of customer cards and for processing bonus incentive awards; Repair, maintenance and installation of electrical apparatus for the processing of cashless payment transactions and for the management, transmission and checking of access authorisations for machines for online and/or offline operation, and also for digital image processing; Repair, maintenance and installation of machines with cashless payment systems, in particular electronic payment machines at petrol stations, car parks and leisure facilities, namely, parking ticket machines and electronic ticket issuing, reading and recording machines for issuing authorisation cards in the nature of transport tickets, fare tickets, admission tickets, parking tickets and the like; Repair, maintenance and installation of systems consisting of computer hardware for the management of user authorisations and user fees, in particular systems consisting of computer hardware for the management of authorisation cards, sale verification, validation of authorisation cards as well as systems consisting of computer hardware for the management of payment transactions, in particular in the areas of parking space management, passenger transport, public transport, goods transport, and access control; Repair, maintenance and installation of electrical and electronic apparatus for generating and/or issuing authorisation cards; Repair, maintenance and installation of electrical and electronic apparatus for capturing, reading and evaluating authorisation cards and means of identification; Repair, maintenance and installation of electrical and electronic apparatus for validating authorisation cards and means of identification; Repair, maintenance and installation of apparatus for controlling access or entry barriers, namely, electronic readers and controllers for controlling access to premises and computer hardware for controlling barriers, barrier booms, vehicle barriers, gates, automatic turnstiles; Repair, maintenance and installation of apparatus for handling payment transactions in the nature of multi-functional electronic payment terminals for tickets, seat reservations, access authorisations, parking tickets, as well as cash payments and cashless payments; Repair, maintenance and installation of computer hardware for controlling turnstiles; Repair, maintenance and installation of automatic turnstiles; Repair, maintenance and installation of passage control apparatus; Repair, maintenance and installation of automated barrier openers and closers being automated gate operators; Repair, maintenance and installation of access control apparatus; Repair, maintenance and installation of access control systems; Repair, maintenance and installation of access control controllers for controlling access to premises; Repair, maintenance and installation of access control system

electronic gate and barrier openers and closers, automatic turnstiles, automated gate operators, automated barriers; Repair, maintenance and installation of electronic card readers; all the forgoing apparatus for contactless as well as contact-based systems; Repair, maintenance and installation of cloud computer servers; Repair, maintenance and installation of magnetically encoded identification media in the nature of magnetic strip units consisting of cards with magnetic memory strips; Repair, maintenance and installation of traffic-light apparatus being signalling devices, traffic lights; Repair, maintenance and installation of electronic display panels and signal boards, electronic displays, namely, digital signage; Repair, maintenance and installation of readers, namely, data processing equipment in the nature of memory card readers, optical code readers, magnetic encoded card readers, smart card readers, RFID readers, near field communication (NFC) readers, USB readers, short range wireless readers; Repair, maintenance and installation of parking meters; Repair, maintenance and installation of cash registers; Repair, maintenance and installation of electric parking guidance displays for internal and external parking guidance systems for connection to urban traffic management systems, to the internet and to global traffic telematics systems; Repair, maintenance and installation of system-controlled barriers for parking spaces in the nature of barriers used in access control systems; Repair, maintenance and installation of calculating machines, data processing equipment and computers; Repair, maintenance and installation of computer peripherals; Repair, maintenance and installation of printers, namely, smart card printers and document printers for computers; Repair, maintenance and installation of computer hardware for local networks; Repair, maintenance and installation of computer systems comprising laptop computers, desktop computers, computer hardware, network servers and networked computer workstations; Repair, maintenance and installation of tablet computers; Repair, maintenance and installation of portable digital electronic media players, handheld; Repair, maintenance and installation of computer servers, in particular cloud servers; Repair, maintenance and installation of door readers, namely, magnetic card readers, barcode card readers, two dimensional data code readers, electronic chip activated readers, microprocessor activated card readers, smart card readers, RFID readers, near field communication (NFC) readers and short-range wireless readers for providing access control through doors; Repair, maintenance and installation of electric control apparatus for switches, signals and interlocking railway systems; Repair, maintenance and installation of electrical railway signalling apparatus; Repair, maintenance and installation of road barriers in the nature of signal lights and access control system for access control of premises for parking, electric warning lights and access control system for access control of premises for parking; Repair, maintenance and installation of vehicle sensors, namely, electric sensors for indicating the presence of vehicles, electronic sensors in roadbeds for detecting the presence of vehicles, inductive sensors for detecting the presence of vehicles; Repair, maintenance and installation of signalling, measuring, counting, recording, monitoring, testing, controlling, regulating and switching devices, namely, for detecting vehicles in parking areas, for detecting persons or objects in public passenger transport, for detecting objects in logistics; Repair, maintenance and installation of electrical switchboard and control cabinets being specially adapted for railway systems; Repair, maintenance and installation of electronic apparatus, devices, instruments and components in the nature of computer hardware for the control, safety and automation of the track in rail-bound traffic; Repair, maintenance and installation of electronic control systems for railway signals for level crossing safety; Repair, maintenance and installation of electrical sensors and contact sensors for rail traffic; Repair, maintenance and installation of electronic tracking apparatus and instruments for logistics tracking; Repair, maintenance and installation of vehicle tracking systems comprised of a GPS device placed in vehicle, an antenna and radio transmitter placed in a vehicle, a short-range wireless system placed in a vehicle, location sensors placed in a vehicle, proximity sensors placed in a vehicle; Repair, maintenance and installation of vehicle tracking devices, namely, GPS, radio transmitter, short range wireless systems, location sensors and proximity sensors; Repair, maintenance and installation of navigation, orientation, location tracking,

target tracking and mapping devices in the nature of GPS tracking devices, radio transmitter devices, short range wireless systems, location sensors and proximity sensors; Repair, maintenance and installation of electronic monitoring devices that detect the operation of other electronic devices and the remote activity of systems for parking management, fare collection management or internal logistics; Repair, maintenance and installation of electrical monitoring control devices that detect the operation of other electronic devices and the remote activity of systems for parking management, fare collection management or internal logistics; Repair, maintenance and installation of monitoring instruments and apparatus that detect the operation of other electronic devices and the remote activity of systems for parking management, fare collection management or internal logistics; Repair, maintenance and installation of wireless e-beacon broadcasting modules; Repair, maintenance and installation of short range wireless receivers; Repair, maintenance and installation of computer hardware; Repair, maintenance and installation of surveillance apparatus other than for medical purposes, namely, surveillance robots and data security hardware appliance; Repair, maintenance and installation of electronic process controllers for fare collection equipment, parking space payment equipment, parking space monitoring equipment, and equipment for monitoring logistics; Repair, maintenance and installation of infrared locating apparatus; Repair, maintenance and installation of computer hardware modules for use in electronic apparatus for the internet of things (IoT); Repair, maintenance and installation of computer hardware modules for use with the internet of things (IoT); Repair, maintenance and installation of sensors, namely, electric sensors for determining position, velocity, acceleration and temperature; Repair, maintenance and installation of electronic sensors for use in parking systems, fare collection systems and systems for internal logistics; Repair, maintenance and installation of electrical sensors for use in parking systems, fare collection systems and systems for internal logistics; Repair, maintenance and installation of digital sensors for use in parking systems, fare collection systems and systems for internal logistics; Repair, maintenance and installation of sensor controllers; Repair, maintenance and installation of sensors used in plant control; Repair, maintenance and installation of data processing systems comprising data processors and computer hardware, sold as a unit; Repair, maintenance and installation of data processing apparatus; Repair, maintenance and installation of readers being data processing apparatus; Repair, maintenance and installation of scanners being data processing apparatus; Repair, maintenance and installation of electronic data processing apparatus; Repair, maintenance and installation of instrumentation simulators; Repair, maintenance and installation of radio, short range wireless, radio beacon and telephone transmitters; Repair, maintenance and installation of transmitters of electronic signals; Repair, maintenance and installation of wireless transmitters and receivers; Repair, maintenance and installation of transmitters for the transmission of electrical signals; Repair, maintenance and installation of global positioning system (GPS) transmitters; Repair, maintenance and installation of wireless receivers; Repair, maintenance and installation of electrical receivers; Repair, maintenance and installation of receivers of electronic signals; Repair, maintenance and installation of GPS receivers; Repair, maintenance and installation of sensors for determining positions; Repair, maintenance and installation of data processing installations comprising data processors; Repair, maintenance and installation of data processing terminals; Repair, maintenance and installation of electronic apparatus and instruments for geolocation; Repair, maintenance and installation of database servers; Repair, maintenance and installation of radio beacons; Repair, maintenance and installation of radio beacon receivers; Repair, maintenance and installation of antennas; Repair, maintenance and installation of antennas and aerials as communications apparatus; Repair, maintenance and installation of antennas and aerials as components of fare collection systems, parking solution systems and internal logistics operations; Repair, maintenance and installation of transponders; Repair, maintenance and installation of readers, in particular barcode readers and two dimensional data code readers; Repair, maintenance and

installation of charging stations for electric vehicles; Repair, maintenance and installation of couplings, electric; Repair, maintenance and installation of fiber optic couplings; Repair, maintenance and installation of conduit couplings in the nature of electric couplings; Repair, maintenance and installation of integrated circuit boards for use in computer systems and blank smart cards capable of receiving encoded programming

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Ticket dispensers, namely, electronic parking lot ticket dispensers and electronic fare ticket dispensers, automatic pay stations, namely, electronic payment terminals and cash payment terminals, electronic payment terminals in the nature of electronic payment terminals and cash payment terminals operated by inputting coins, banknotes, credit or debit cards and also featuring electronic devices for debiting and crediting and processing individual memory areas of customer cards and for processing bonus incentive awards; electrical apparatus for the processing of cashless payment transactions and for the management, transmission and checking of access authorisations for machines for online and/or offline operation, and also for digital image processing; machines with cashless payment systems, namely, electronic payment machines at petrol stations, car parks and leisure facilities, namely, parking ticket machines and electronic ticket issuing, reading and recording machines for issuing authorisation cards in the nature of transport tickets, fare tickets, admission tickets, parking tickets; systems consisting of computer hardware and recorded and downloadable computer software for the management of user authorisations and user fees, in particular systems consisting of computer hardware and recorded and downloadable software for the management of authorisation cards, sale verification, validation of authorisation cards as well as systems consisting of computer hardware and recorded and downloadable software for the management of payment transactions, in particular in the areas of parking space management, passenger transport, public transport, goods transport, and access control; electrical and electronic testing and control devices for generating and/or issuing authorisation cards; electrical and electronic apparatus for capturing, reading and evaluating authorisation cards and means of identification; electrical and electronic testing and control devices and transponders for validating authorisation cards and means of identification; apparatus for controlling access or entry barriers, namely, electronic readers and controllers for controlling access to premises and computer hardware for controlling barriers, barrier booms, vehicle barriers, gates, and automatic turnstiles; apparatus for handling payment transactions in the nature of multi-functional electronic payment terminals for tickets, seat reservations, access authorisations, parking tickets, as well as cash payments and cashless payments; electronic control apparatus, namely, computer hardware for controlling turnstiles; electronic control apparatus, namely, computer hardware for controlling automatic turnstiles, passage control apparatus, automated barrier openers and closers, and automated gate operators; access control apparatus, namely, electronic apparatus and devices for controlling access to premises and areas; access control systems comprising electronic access controllers; access control electronic and wireless controllers for controlling access to premises; electronic and automatic access control apparatus comprising electronic gate and barrier controllers for automatic turnstiles, automated gate operators, and automated barriers; electronic card readers; all the forgoing card readers for contact-based and/or contactless systems; downloadable and recorded computer software for encryption; cloud computer servers; recorded and downloadable cloud server software; magnetically encoded identification media in the nature of magnetic stripe units consisting of cards with magnetic memory strips; traffic-light apparatus being signalling devices, traffic lights; electronic display panels and signal boards, electronic displays, namely, digital signage; readers, namely, data processing equipment in the nature of memory card readers, optical code readers, magnetic encoded card readers, smart card readers, RFID readers, near field communication (NFC) readers, USB

readers, short range wireless readers; parking meters; cash registers; electric parking guidance displays for internal and external parking guidance systems for connection to urban traffic management systems, to the internet and to global traffic telematics systems; system-controlled barriers for parking spaces in the nature of electronic barrier controls for automated opening and closing; calculating machines, data processing equipment and computers; computer peripherals; printers, namely, smart card printers and document printers for computers; computer hardware for local networks; interactive computer systems comprising laptop computers, desktop computers, computer hardware, downloadable and recorded computer operating software, network servers and networked computer workstations; tablet computers; portable digital electronic media players, handheld; computer servers, in particular cloud servers; software and computer programs all being recorded and downloadable applications for mobile phones for data processing, parking solutions in the nature of parking management and car park management, parking ticket scanning, parking ticket payment, parking space availability, fare collection, fare collection management and logistics, for mobile terminals for data processing, parking solutions in the nature of parking management and car park management, parking ticket scanning, parking ticket payment, parking space availability, fare collection, fare collection management and logistics, and for tablet computers for data processing, parking solutions in the nature of parking management and car park management, parking ticket scanning, parking ticket payment, parking space availability, fare collection, fare collection management and logistics; door readers, namely, magnetic card readers, barcode card readers, two dimensional data code readers, electronic chip activated readers, microprocessor activated card readers, smart card readers, RFID readers, near field communication (NFC) readers and short-range wireless readers for providing access control through doors; electric control apparatus for switches, signals and interlocking railway systems; electrical railway signalling apparatus; road barriers in the nature of signal lights and access control system for access control of premises for parking comprised of electronic controls, barrier drives and barrier boom, electric warning lights and access control system for access control of premises for parking comprised of traffic lights, luminaires, and cameras; vehicle sensors, namely, electric sensors for indicating the presence of vehicles, electronic sensors in roadbeds for detecting the presence of vehicles, inductive sensors for detecting the presence of vehicles; signalling, measuring, counting, recording, monitoring, testing, controlling, regulating and switching devices, namely, electronic detectors and sensors for detecting vehicles in parking areas, for detecting persons or objects in public passenger transport, for detecting objects in logistics; electrical switchboard and control cabinets being specially adapted for railway systems; electronic apparatus, devices, instruments and components in the nature of computer hardware and recorded and downloadable software for the control, safety and automation of the track in rail-bound traffic; recorded and downloadable software for the control of traffic systems in particular rail traffic systems; electronic control systems for railway signals for level crossing safety; electrical sensors and contact sensors for rail traffic; electronic tracking apparatus and instruments for logistics tracking; vehicle tracking systems comprised of a GPS device placed in vehicle, an antenna and radio transmitter placed in a vehicle, a short-range wireless system placed in a vehicle, location sensors placed in a vehicle, proximity sensors placed in a vehicle; vehicle tracking devices, namely, GPS, radio transmitter, short range wireless systems, location sensors and proximity sensors; navigation, orientation, location tracking, target tracking and mapping devices in the nature of GPS tracking devices, radio transmitter devices, short range wireless systems, location sensors and proximity sensors; electronic monitoring devices that detect the operation of other electronic devices and the remote activity of systems for parking management, fare collection management or internal logistics; electrical monitoring control devices that detect the operation of other electronic devices and the remote activity of systems for parking management, fare collection management or internal logistics; monitoring instruments and apparatus, namely, RFID readers, near field communication (NFC) readers, USB readers, and short range wireless readers that detect the operation of other electronic devices and the remote activity of

systems for parking management, fare collection management or internal logistics; wireless e-beacon broadcasting modules; short range wireless receivers; downloadable and recorded application software for managing railway traffic, payment systems and payment processing; software, namely, downloadable and recorded computer software for payment processing, public transportation, parking and event ticketing; downloadable and recorded application software for parking solutions in the nature of parking management and car park management; downloadable and recorded application software for fare collection and fare collection management; downloadable and recorded application software for internal logistics; computer hardware; downloadable and recorded computer software for payment processing, public transportation, parking and event ticketing; downloadable and recorded computer software for parking solutions in the nature of parking management and car park management; downloadable and recorded computer software for fare collection and fare collection management; downloadable and recorded computer software for internal logistics; downloadable and recorded computer software for the surveillance of computer systems; surveillance apparatus other than for medical purposes, namely, surveillance robots and data security hardware appliance; downloadable and recorded software for the surveillance of cloud computing networks; recorded and downloadable optimisation software for the operation of the systems for parking management, fare collection, payment systems, internal logistics; downloadable and recorded industrial process control software; electronic process controllers for fare collection equipment, parking space payment equipment, parking space monitoring equipment, and equipment for monitoring logistics; downloadable and recorded robotic process automation (RPA) software; downloadable and recorded fare collection scheduling software; downloadable and recorded parking solution scheduling software; downloadable and recorded internal logistics scheduling software; downloadable and recorded content management software for smartphone applications; downloadable and recorded content management software for fare collection management; downloadable and recorded content management software for parking solutions in the nature of parking management and car park management; downloadable and recorded content management software for internal logistics; downloadable and recorded big data management software; downloadable and recorded business performance management (BPM) software; downloadable and recorded management information systems (MIS) software; downloadable and recorded enterprise content management (ECM) software; infrared locating apparatus; computer hardware modules for use in electronic apparatus for the internet of things (IoT); downloadable and recorded computer application software for use in implementing the internet of things (IoT); computer hardware modules for use with the internet of things (IoT); downloadable and recorded computer software for system purging and optimization of internal logistics data; computer programs, downloadable, for operating, monitoring and administration of public transportation, parking and payment systems, for fare collection management, for parking solutions in the nature of parking management and car park management, and for internal logistics; downloadable computer software for data transmission; downloadable computer software for information management; downloadable computer software for data processing; downloadable computer software for remote monitoring and analysis of fare collection management; downloadable computer software for remote monitoring and analysis of parking systems; downloadable computer software for remote monitoring and analysis of internal logistics; downloadable mobile applications for data processing; downloadable mobile applications for data transmission; downloadable mobile applications for information management; downloadable and recorded supply chain management software; downloadable and recorded data processing software; downloadable software for parking and parking payment systems; downloadable software for fare collection management; downloadable software for internal logistics; downloadable and recorded interactive software for viewing maps and public transit schedules; downloadable and recorded interactive software for fare collection; downloadable and recorded interactive software for operating, administration and

monitoring of parking systems; downloadable and recorded interactive software for internal logistics; downloadable and recorded data management software; downloadable and recorded production support software; downloadable and recorded business technology software for internal logistics; downloadable and recorded business intelligence software for combining information from various databases and presenting it in an easy-to-understand user interface; downloadable and recorded data mining software; downloadable and recorded content access software; downloadable and recorded CAD/CAM software for designing and presenting internal logistics diagrams and visual representations; recorded computer software for fare collection management; recorded computer software for parking systems management; recorded computer software for internal logistics; downloadable and recorded software for GPS navigation systems; magnetic data media with recorded software for fare collection; magnetic data media with recorded software for parking space payments and parking space assignment; magnetic data media with recorded software for internal logistics; downloadable and recorded augmented reality software for viewing computer representations of objects in the parking management, fare collection and internal logistics systems; downloadable and recorded artificial intelligence software for automated machine learning operations of computer and data functions; downloadable and recorded document automation software; downloadable and recorded industrial process control software; computer data carriers with recorded software for use in operating, monitoring and administration of fare collection systems; computer data carriers with recorded software for use in operating, administration and monitoring of parking systems; computer data carriers with recorded software for use internal logistics; downloadable and recorded software for diagnostics and troubleshooting; downloadable and recorded business process management (BPM) software; downloadable software for cloud computing services, namely, managing parking systems; downloadable software for cloud computing services, namely, fare collection systems; downloadable software for cloud computing services, namely, managing internal logistics; downloadable and recorded business data analysis software; downloadable and recorded business transaction processing software; downloadable and recorded computer-aided engineering (CAE) software; downloadable and recorded intelligent character recognition (ICR) software; downloadable and recorded software for digital solution providers for control of business processes and payment processing in the field of parking systems; downloadable and recorded software for digital solution providers in the field fare collection management; downloadable and recorded control of business processes and administration software for digital solution providers in the field of internal logistics; downloadable and recorded on-premises electronic management software for on-premises management; downloadable and recorded software for virtual image generation; downloadable and recorded enterprise resource planning (ERP) software; downloadable and recorded software for operating traffic control systems; downloadable and recorded middleware for managing software functions in electronic devices used in parking systems, fare collection systems and systems for internal logistics; downloadable and recorded software drivers for electronic devices that allow computer hardware and electronic devices to communicate with each other; downloadable and recorded maintenance software for parking systems, for fare collection systems and for systems for internal logistics; downloadable and recorded computer software to automate data warehousing; sensors, namely, electric sensors for determining position, velocity, acceleration and temperature; electronic sensors for use in parking systems, fare collection systems and systems for internal logistics; electrical sensors for use in parking systems, fare collection systems and systems for internal logistics; downloadable and recorded sensor operating software; digital sensors for use in parking systems, fare collection systems and systems for internal logistics; sensor controllers; sensors used in plant control; downloadable and recorded computer programmes for project management; data processing systems comprising data processors, computer hardware and downloadable and recorded operating software therefor, sold as a unit; data processing apparatus; readers being data processing apparatus; scanners being data processing apparatus; electronic data processing apparatus; downloadable and

recorded simulation software; instrumentation simulators; downloadable and recorded software for monitoring stocks in particular, asset tracking; downloadable and recorded real time location software (RTLS); downloadable and recorded software for linking goods to digital technologies (IoT); downloadable and recorded software for digital representation of a tangible or intangible object from the real world in the nature of a digital twin; downloadable and recorded software for the automatic identification of goods and for data collection in the nature of automatic user identifications; downloadable and recorded software for the digitalisation of industrial productions using industry 4.0 computer technology; downloadable and recorded software for the recording of flows of raw materials, components, semi-finished and finished products and information along the value and supply chain from the raw material supplier to the end customer in the supply chain; downloadable and recorded computer software for logistics; downloadable and recorded software for process planning and process visualisation; downloadable and recorded software for the tracking and monitoring of shipments used for providing transport information; downloadable and recorded software for load carrier and container management; downloadable and recorded software for data analysis; recorded and downloadable software for the complete and seamless networking of all processes using connected logistics; downloadable and recorded software for the analysis of processes in companies; radio, short range wireless, radio beacon and telephone transmitters; transmitters of electronic signals; wireless transmitters and receivers; transmitters for the transmission of electrical signals; global positioning system (GPS) transmitters; wireless receivers; electrical receivers; receivers of electronic signals; GPS receivers; sensors for determining positions; data processing installations comprising data processors and downloadable and recorded operating software therefor sold as a unit; downloadable and recorded data processing programs; data processing terminals; downloadable and recorded computer programs for parking garage management; downloadable and recorded computer programs for fare collection management; downloadable and recorded computer programs for managing internal logistics; electronic apparatus and instruments for geolocation; databases in the field of parking lot and parking garage management, fare collection management, internal logistics all of the foregoing recorded on computer media; database servers; downloadable and recorded computer software for database management; radio beacons; radio beacon receivers; downloadable and recorded training software in the field of parking solutions in the nature of parking management and car park management, fare collection systems and internal logistic systems; downloadable and recorded simulation software for training in the fields of parking solutions in the nature of parking management and car park management, fare collection systems and logistic systems; antennas; antennas and aerials as communications apparatus; antennas and aerials as components of fare collection systems, parking solution systems and internal logistics operations; transponders; readers, in particular barcode readers and two dimensional data code readers; charging stations for electric vehicles; couplings, electric; fiber optic couplings; conduit couplings in the nature of electric couplings; integrated circuit boards for use in computer systems and blank smart cards capable of receiving encoded programming; downloadable inventory management software; screen savers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Communication via mobile telephones, namely, communications by mobile telephones and phones; telecommunications, namely, communication via phones; providing access to information on the Internet, in particular relating to smartphones and mobile terminals; providing access to databases; leasing of access time to global computer networks; providing electronic transmission of e-mail; providing user access to computer programmes in data networks; providing user access to global computer networks; internet access provider services in the nature of providing access to portals on the internet; providing of

online access to the internet for the purpose of using non-downloadable computer software; providing internet access to information, audio, and video via websites, online forums, chat rooms and blogs over the internet; providing access to computer databases; electronic transmission of instant messages and data; providing access to online computer databases and online searchable databases

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Internal logistics consultancy and support in the nature of providing information concerning collection and delivery of assets in transit, namely, freight, vehicles, trailers, drivers, cargo and delivery containers for tracking, monitoring, locating and determining the location of freight, shipments and motor vehicles, as well as their storage

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For IT systems computer programming services; providing of virtual computer environments and virtual computer systems via cloud computing; cloud storage services for electronic data and electronic files; computer services, namely, cloud hosting provider services; cloud computing, namely, integration of private and public cloud computing environments; internet security consultancy; encryption, decryption and authentication of information, messages and data; scientific and technological services, namely, scientific research, analysis and testing in the field of cloud computing; industrial analysis services, namely, testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; provision of online non-downloadable software for the operation of parking management, fare collection and internal logistics systems; technical planning, namely, providing technological planning and engineering services in the fields of fare collection management and systems for parking solutions and internal logistics, consultancy, namely, IT consultancy, and engineering consultancy in the fields of fare collection management, systems for parking solutions and internal logistics; testing, monitoring, analysis and inspection services of technological systems for fare collection parking solutions and internal logistics; process monitoring for quality assurance in the fields of fare collection management systems, systems for parking solutions and internal logistics; planning, design, drafting, development, installation, leasing and maintenance of computer software; computer software consultancy; technical project management in the field of electronic data processing; computer project management services; design of information systems relating to electronic payment systems management; digital asset management, namely, software and hardware maintenance and repair; software as a service (SAAS) featuring software for analyzing and reporting data related to fare collection management systems, systems for parking solutions, and internal logistics; configuring computer hardware using software; configuration of computer networks by means of software; design of computer data storage systems; engineering consultancy and technical advisory services relating to computer programs; consultancy services relating to product engineering; engineering project management services in the nature of computer project management; IT-project management; preparation of technical project analysis studies in the field of engineering; design and development of testing and analysis methods for fare collection management systems, systems for parking solutions and internal logistics; data mining; consultancy services for analysing information systems in the nature of computer-based information systems for businesses; programming of electronic control systems; design and development of software for the digital representation of a material or immaterial object from the real world in the nature of a digital twin; remote support of computer software, namely, troubleshooting of computer software problems; all the aforesaid services in particular in relation to the development, application and maintenance of process tracking technologies; computer programming; software design and development; installation of computer software; maintenance, updating and servicing of computer software; configuration of computer

networks; leasing of computers and computer software; software engineering; development of computer programs; configuration of computer software; configuration of computer firmware; design and development of computer software for logistics; development of computer software for logistics, supply chain management and e-business portals; maintenance of data bases; development of data bases; programming of software for database management; leasing of database management software; updating of software databases; development of computer database software; design of computer database software; hosting internet based programs and services, namely, application service provider (ASP) featuring e-commerce software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants; hosting computer web sites; server hosting; hosting of databases; hosting web portals; hosting of mobile applications; hosting platforms on the internet; hosting websites on the internet; consulting in the field of configuration management for computer hardware in the nature of remote maintenance of computer hardware through computer-aided query and configuration of technical systems via telephone lines; IT administration, transmission and checking of authorizations for the receipt of goods and/or services, namely, providing electronic verification of on-line orders of digital content and generating electronic permission codes which then allow users to access said digital content

GOODS AND SERVICES INFORMATION

For Clinical medical reagents; clinical diagnostic reagents; diagnostic testing materials for medical use; reagents for use in medical genetic testing; reagents for use in diagnostic tests for medical purposes; medical diagnostic reagents; medical diagnostic reagents and assays for testing of body fluids

International Classes 5 - Primary Classes **US Classes** 5, 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Medical and veterinary apparatus and instruments, namely, lateral flow cassettes; testing probes for medical diagnostic purposes; apparatus for carrying-out diagnostic tests for medical purposes; apparatus for blood analysis; medical testing instruments, namely, lateral flow cassettes; analytical instruments for medical use, namely, lateral flow cassettes; analysers for medical use, namely, lateral flow cassettes; apparatus for dna and rna exams for medical purposes; medical devices, namely, lateral flow cassettes; test equipment for medical use, namely, lateral flow cassettes; diagnostic, examination, and monitoring equipment, namely, lateral flow cassettes; automatic analyzers for medical diagnosis, namely, lateral flow cassettes

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Downloadable software for analyzing the signals and interpreting the test results from lateral flow cassette in the medical field; laboratory apparatus and instruments, namely, lateral flow cassette readers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Software as a service [SaaS] featuring software for analyzing the signals and interpreting the test results from lateral flow cassettes in the medical field

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1635796 **International Registration Date** Nov. 05, 2021

GOODS AND SERVICES INFORMATION

For Building and construction materials and elements made of concrete, namely, blocks, bricks, posts, slabs, and panels; concrete floors; concrete blocks, concrete walls; concrete panels; grouting materials being grouting compounds; grouting preparations being grout

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Protective coatings for exterior surfaces in the form of paints; exterior surface protective coatings in the form of paints for application in liquid form for use on surfaces including concrete; paints in the nature of liquid densifiers

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Cutting, drilling, abrading, grinding, and sharpening machines and apparatus in the nature of machines; grinding, lapping, smoothing and polishing machines for industrial use; abrading tools for use with machines; abrasive tools being parts of machines; electric orbital sanders being machines; power operated sharpeners; abrasive discs for power-operated sanders; wall saws, road- and floor saws, wire saws, tile and masonry saws, power cutters, all power-operated; core drilling machines and drill stands being parts of drilling machines; diamond-pointed metal-cutting tools for machines; saw blades being parts of electric saw machines, wires being parts of power-operated drill machines, road rollers being machines; grinder machines being power tools; electric planers being machines; power-operated machines being surface preparation equipment, namely, grinding and polishing machines; power-operated tools being grinders, namely, concrete- and floor grinders, planetary grinders; ride-on concrete grinders; power-operated tools being remote-control grinders; power-operated tools being edge grinders; power-operated tools being precision grinding machines; rotary grinding machines; power-operated tools being

heavy duty grinding machines; power-operated tools being hand-held grinders; power-operated tools being pavement cutting power grinders; tools, parts and accessories being holders and adaptors for power-operated grinding machines; power driven polishing machines; diamond-pointed cutting tools, namely, diamond blades for concrete cutting machines and concrete cutting equipment; diamond-pointed metal-cutting tools, namely, diamond core bits and drills for machines; diamond-pointed cutting tools, namely, diamond segments, diamond cup wheels, diamond discs, diamond polishing pads and diamond blocks, all of the foregoing for surface preparation machines and equipment; diamond-pointed metal-cutting tools being parts of machines, wires, stationary wires, quarry wires, multiwire, blades, gang saw blades, circular blades, grinding pads, drills, and core bits, all being parts of stone cutting, polishing, and processing machines for use in the stone industry to cut, polish, and process natural stone

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Education services, namely, providing classes, seminars, and workshops; providing of training; arranging and conducting of conferences, congresses, seminars, workshops and symposiums; information on education; education in the nature of vocational guidance; online training and online education services, namely, classes, seminars, and workshops; training services; all the aforesaid services in the field of cutting, drilling, abrading, cleaning, grinding, sharpening, lapping, smoothing, polishing, milling, metal casting, metalworking, metal tempering and metal plating

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Cleaning preparations, not for household purposes; polishing preparations; scouring preparations in the nature of scouring solutions; abrasives in the nature of abrasive preparations, abrasive cloth, abrasive paper, abrasive rolls, and abrasive sand

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Silicates; chemical additives in the nature of a concentrated mixture of potassium and lithium silicate for hardening and surface enhancement of concrete and mineral materials; chemical additives for hardening grouting materials; industrial adhesives for use in chemical sealing grout for use in the construction industry; detergents for cleaning use for use in manufacturing processes; detergents for use in industrial manufacturing processes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Repair, maintenance and rental of grinding, lapping, smoothing and polishing machines for industrial use; after-sales services, namely, maintenance services for machines, tools and accessories for cutting, drilling, abrading, grinding, sharpening, lapping, smoothing and polishing; repair, cleaning, restoration and installation services for equipment, machines, tools and accessories for cutting, drilling, abrading, grinding, sharpening, lapping, smoothing and polishing; advisory services relating to the installation, maintenance and repair of machinery; rental of construction equipment; rental of equipment, machines, tools and accessories for cutting, drilling, abrading, grinding, sharpening, lapping, smoothing and polishing; grouting services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Processing of concrete, stone and metal surfaces by precision grinding and abrasive polishing; surface grinding and surface polishing of concrete, terrazzo, and natural stone; treatment of materials, namely, cutting, polishing and processing natural stone; timber felling and processing; treatment of materials, namely, stripping finishes from concrete, terrazzo, and natural stone; millworking; providing information relating to material treatment; soldering; magnetisation; metal treatment; metal casting; metal tampering; metal plating; burnishing by abrasion; water treatment services; rental, hire and leasing of equipment, machines, tools and accessories in connection with all of the aforesaid, namely, cutting, drilling, abrading, grinding, and sharpening machines and apparatus, grinding, lapping, smoothing and polishing machines for industrial use, abrading tools for use with machines, abrasive tools being parts of machines, electric orbital sanders being machines, power operated sharpeners, abrasive discs for power-operated sanders, wall saws, road- and floor saws, wire saws, tile and masonry saws, power cutters, all power-operated, core drilling machines and drill stands being parts of drilling machines, diamond-pointed metal-cutting tools for machines, saw blades being parts of electric saw machines, wires being parts of power-operated drill machines, printing rollers being machines, road rollers begin machines, grinder machines being power tools, electric planers being machines, power-operated machines being surface preparation equipment, namely, grinding and polishing machines, power-operated tools being grinders, namely, concrete- and floor grinders, planetary grinders, ride-on concrete grinders, power-operated tools being remote-control grinders, power-operated tools being edge grinders, power-operated tools being precision grinding machines, rotary grinding machines, power-operated tools being heavy duty grinding machines, power-operated tools being hand-held grinders, power-operated tools being pavement cutting power grinders, tools, parts and accessories being holders and adaptors for power-operated grinding machines, power driven polishing machines, diamond-pointed cutting tools, namely, diamond blades for concrete cutting machines and concrete cutting equipment, diamond-pointed metal-cutting tools, namely, diamond core bits and drills for machines, diamond-pointed cutting tools, namely, diamond segments, diamond cup wheels, diamond discs, diamond polishing pads and diamond blocks, all the foregoing for surface preparation machines and equipment, diamond-pointed metal-cutting tools being parts of machines, wires, stationary wires, quarry wires, multiwire, blades, gang saw blades, circular blades, grinding pads, drills, and core bits, all being parts of stone cutting, polishing, and processing machines for use in the stone industry to cut, polish, and process natural stone, Hand-operated grinding equipment and tools, namely, manually-operated grinding wheels, emery files and hand-operated grinding wheels, Hedge shears, shear blades, saws, swords, axes, rakes, collectors being shovels, tool belts, lifting tongs being fire tongs, hand tools being brushes for applying adhesives, spreaders being spatulas for spreading hot wax, diamond saw blades for hand saws, laser welded blades for dry cutting for hand saws, diamond core bits for hand drills, diamond draw wires being hand tools and chain breaker tools, and hand-operated tools in the nature of abrasive, grinding and polishing tools, hand operated sanders, hand-operated sharpening tools and instruments, and hand-operating abrading tools; advisory and consultancy services, and providing information in the fields of all of the aforesaid services

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Building insulation and laminated vapor barriers; non-metal seals for use in surface preparation of natural stone, terrazzo, and concrete; water based acrylic dispersion sealants and fillers for natural stone, terrazzo, and concrete; potassium silicate sealants and fillers for natural stone, terrazzo, and concrete; lithium silicate sealants and fillers for natural stone, terrazzo, and concrete; silanes and silicone sealants and fillers for natural stone, terrazzo, and concrete; fluoropolymer sealants and fillers for natural stone, terrazzo, and concrete; waterproofing and moisture proofing articles and materials, namely,

waterproof sealants for natural stone, terrazzo, and concrete; adhesive sealants for general use; joint sealants for concrete and natural stone; silicone sealants

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Hand-operated grinding equipment and tools, namely, manually-operated grinding wheels; emery files and hand-operated grinding wheels; hedge shears, shear blades, saws, swords, axes, rakes, collectors being shovels, tool belts, lifting tongs being fire tongs, hand tools being brushes for applying adhesives, spreaders being spatulas for spreading hot wax, diamond saw blades for hand saws, laser welded blades for dry cutting for hand saws, diamond core bits for hand drills, diamond draw wires being hand tools and chain breaker tools, and hand-operated tools in the nature of abrasive, grinding and polishing tools; hand operated sanders; hand-operated sharpening tools and instruments; hand-operated abrading tools

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

GOODS AND SERVICES INFORMATION

For Lawnmowers machines; power-operated hedge trimmers; electric lawn trimmers; agricultural implements other than hand-operated, namely, seed drills, hay balers, incorporators, coulters; shearing machines for animals; electric table saws; electric dust-free saws; electric mitre saws; saw blades for power tools; electromechanical food preparation machines, namely, vegetable shredders, mixing machines; packaging machines; electric food processing machines, for household purposes, namely, electric fruit presses, electric food blenders; electric kitchen machines, namely, crushers for kitchen use, kitchen grinders; coffee grinders, other than hand-operated; electric food blenders for household purposes; clothes washing machines for laundry purposes; polishing machines for polishing glass; glass working machines; concrete vibrators machines; electric marble cutters; stone-working machines; elevating apparatus, namely, elevators and parts of elevators, elevator motors, elevator gears; power jacks; punching machines; hand-held gasoline-powered tools, namely, gasoline-powered saws, gasoline-powered chain saws, gasoline-powered lawn mowers, gasoline-powered fence croppers being bolt cutters, and parts therefore; metalworking machine tools; electric machines and apparatus for polishing; hoods being parts of machines; centering drilling bits for machine, polycrystalline diamond compact drilling bits for machine; circular saws; cutting machines; machine parts, namely, bearing housings; metal drawing machines; gas-operated cutting blow pipes; threading machines; nut-tapping machines; router bits for metalworking or woodworking machines; knives for metalworking machines; power operated grinding wheels for machines; hand-held tools other than hand-operated, namely, electric hand-held drills, electric power-driven impact drills, electric screwdrivers, electric mixers for industrial purposes, electric power-driven wrenches, electric power-driven diamond core drills, electric power-driven diamond drills with water source, electric rotary hammers, electric demolition hammers, electric percussion hammers, electric power scrapers and excavators, electric reciprocating saws, electric band saws, electric chain saws, electric circular saws, electric jig saws, electric cut-off machines, electric angle grinders, electric disc grinders, electric straight grinders, electric grinders, electric sanders, electric belt sanding machines, electric disc

polishers and sanders, electric die grinders, electric grinders with tungsten steel saw blade, electric shears, electric groove cutters, electric woodworking trimmers, electric plate jointers, electric wood routers, electric planers, planing machines, industrial electric blowers for dust removing not for ventilation or air conditioners, power operated blowers, electric lawn croppers being lawn mowers, electric fence croppers being bolt cutters, electric tree branch secateurs and pruners, electric hedge trimmers, electric grass shears, grinding and polishing machines, hinge boring bits being parts of machines, power-operated fiberglass reinforced plastic hole saws, electric fiberglass reinforced plastic hole saws, gasoline-powered fiberglass reinforced plastic hole saws, power-operated high speed steels hole saws, electric high speed steels hole saws, gasoline-powered high speed steels hole saws, electric weld joint bevellers, power-operated drywall sanders, electric drywall sanders, gasoline-powered drywall sanders, power-operated shear wrenches, electric shear wrenches, gasoline-powered shear wrenches, electric impact drivers, electric driver drills, electric pipe-laying machines, power-operated hot air guns, electric nail guns, power-operated magnetic drills, electric magnetic drills, gasoline-powered magnetic drills, electric adhesive spray guns, electric caulk guns, hot melt glue guns, power-operated sabre saws, electric cordless sabre saws, power-operated cordless blind riveting guns, electric cordless blind riveting guns, power-operated cordless screw guns, electric cordless screw guns, power-operated cordless pruners, electric cordless pruners, cordless power tools, namely, drill presses, reamers, burrs, and parts therefore; electric bench grinders; hand-held pneumatic tools, namely, pneumatic nail guns, pneumatic drills, pneumatic sanders, pneumatic screwdrivers, pneumatic grinders, pneumatically driven polishers, pneumatic hammers, pneumatic shears, pneumatically driven blowing guns for exhaustion of dust, and parts therefore; hydraulic handwork tools, namely, hydraulic hammers, hydraulic jacks; spray guns for paint; spray-paint machines; airless high-pressure spraying machine units; generators, namely, gas-operated power generators, emergency power generators; generators of electricity; stators being parts of machines; brushes being parts of machines; carbon brushes being parts of machines; motors, electric, other than for land vehicles; rotors being parts of machines; electric pumps; compressed air pumps; air compressors; gears other than for land vehicles; mechanical seals being parts of machines; bearings being parts of machines; electric welding apparatus; electric welding machines; gas-operated soldering apparatus; electric soldering irons; electric arc cutting apparatus; vacuum cleaners; electric cleaning machines and apparatus, namely, car washing installations, car washing machines, power-operated water spray guns for car wash; high pressure washers; electric wax-polishing machines for industrial purposes; waste disposal units; garbage disposal machines; dust removing installations for cleaning purposes; food waste disposers; sewage pulverizers being machines; electric cordless sweepers; floor polishing machines; electric shoe polishers; 3D printers

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Tool measuring instruments; carpenters' rules; marking gauges for joinery purposes; verniers; micrometers gauges and micrometers; signal lanterns, namely, electrical annunciators, safety lanterns for sending signals; measuring apparatus, namely, laser levels, surveyors' levels, line lasers being a laser device for projecting a visible line on a work piece to be cut by a rotary power saw, laser range finders, automatic laser wind direction indicators, compass direction indicators, bevels, laser levels, distance measuring apparatus, altimeters, levelling staffs surveying instruments, clinometers, tripods for measuring apparatus; probes for scientific purposes; electric wires and cables; integrated circuits chips for encoding and deciding digital video and for digital video compression and decompression; armatures for use in electrical apparatus; commutators; electric switches; electric regulating apparatus, namely, control units for regulating start-up electrical motors; electric junction boxes; electric control panels; electric resistances; electric connections; electricity conduits; electric plugs and electric sockets; capacitors;

protection devices for personal use against accidents, namely, protective helmets, protective masks, safety harnesses, other than for vehicles or sports purposes, dust protective goggles and masks, safety goggles; clothing for protection against accidents, irradiation and fire; personal security alarms; electric batteries; battery chargers; electric accumulators

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Hand-operated garden tools, namely, pruning shears, high branch shears, hedge shears, large trunk shears; beard clippers; manicure sets; nail clippers, electric or non-electric; razors, electric or non-electric; hair clippers for personal use, electric and non-electric; depilation appliances, electric and non-electric; saw blades being parts of hand saw tools; hand operated lifting jacks; hand-operated hand tools, namely, emery grinding wheels, wrenches, spanners, pliers, hand drills, chisels, hammers, screwdrivers, files, utility knives, electrician knives, bits drivers, cutting tools, scraping tools, bush hammers, pick hammers, shovels, spades, riveters, three-jaw bearing pullers, graving tools, saw blades, scissors, shears, spatulas, trowels; tweezers; handles for hand-operated hand tools

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Containers for household or kitchen use, not of precious metal; cool boxes, not of metal, non-electric; portable cool boxes, non-electric; portable cold packs, non-electric; household cold storage boxes and containers, not electric; heat-insulated containers for household use which utilise passive cooling technology; heat-insulated containers for household use; insulated containers for food and drink for domestic use; thermally insulated containers for food and drink; non-electric portable food and drink coolers; picnic baskets sold empty; parts and fittings for all the aforesaid goods

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Medical apparatus, namely, heat exchangers, heating pads, heat lamps; medical apparatus, namely heaters used for medical and surgical equipment used during medical and surgical procedures; medical apparatus, namely cooling apparatus used for medical and surgical equipment used during medical and surgical procedures; medical apparatus, namely, cooling patches, cooling apparatus for use in therapeutic hypothermia, cooling apparatus for treating heatstroke, cooling apparatus for treating concussions; medical apparatus for use in the transportation of medical or pharmaceutical products or substances, namely, temperature controlled medical bags; medical transport bags and containers, namely containers for medical waste; temperature controlled medical transport bags and containers, namely, bags for transmitting medical specimens; containers for the transportation of vaccines and other medical and pharmaceutical substances, namely containers for storage and transport of concentrates and solutions in sold or liquid form for medical use; insulated medical bags used for storage and transport of vaccines; thermal insulating containers for transportation of vaccines and/or medical products, namely, kits for the purpose of enabling the refrigerated transport of medicines for medical purposes; medical specimen bags for holding body tissue samples for testing purposes; containers for transporting organs for medical or veterinary purposes, namely, ice bags for medical purposes; blood containers for medical purposes; temperature controlled apparatus for medical use, namely, devices for

stabilizing temperatures of medicines, vaccines and medical specimens; medical bags designed to hold tissue, organs, blood and blood products for medical or veterinary purposes; heat-insulated containers and boxes for medical use which utilise passive cooling or passive heating technology; parts and fittings for medical bags, insulated medical bags and temperature controlled medical bags, all used for storage and transport of vaccines and specimens of tissue, blood and organs

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Dry ice storage containers, not of metal or paper; insulated chemical storage containers, not of metal or paper; insulated shipping containers, not of metal or paper, for dry ice; insulated shipping containers not of metal or paper for transporting frozen or chilled food and drink products; insulated portable shipping containers, not of metal or paper

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Apparatus for heating and cooling and other thermal processes, namely, space heating apparatus, space cooling apparatus, air heating apparatus, air cooling apparatus, heat exchangers other than parts of machines for use in heating, heat exchangers other than parts of machines for use in refrigeration, heating furnaces, heating boilers, heating radiators, cooling radiators, industrial cooling units, water heating apparatus, refrigerators, water heaters, water coolers, heat accumulators, heat pump water heaters, cooling installations for water, cooling water tanks, storage water heaters, storage water coolers, heating panels, cooling panels, steam heating apparatus, steam accumulators, apparatus for steam generating, steam radiators, solar thermal air systems for heating purposes, solar thermal air systems for cooling purposes, air conditioning apparatus; apparatus for heating and cooling and other thermal processes, namely, heating systems comprised of tubes, pipes and manifolds through which warm or high temperature water circulates; apparatus for heating and cooling and other thermal processes, namely, cooling systems comprised of tubes, pipes and manifolds through which cold or low temperature water circulates; apparatus for heating and cooling and other thermal processes, namely, heating systems comprised primarily of heat exchangers, water tanks, water heaters, boilers, valves, pipes, manifolds, control panel switches, electrical wire, all sold as a unit for domestic, commercial or industrial process purposes; apparatus for heating and cooling and other thermal processes, namely, heating systems comprised primarily of fossil fuel or biomass burners, boilers, valves, pipes, manifolds, control panel switches, electrical wire, all sold as a unit for domestic, commercial or industrial process purposes; apparatus for heating and cooling and other thermal processes, namely, hot water storage tanks, cold water storage tanks, thermosiphon tanks for heating purposes, thermosiphon tanks for cooling purposes, tankless water heaters, tankless water coolers, hot water tanks, water immersion heaters, gas water heaters, electric water heaters, solar water heaters, induction water heaters, convection water heaters, hot water supply heaters, hybrid water heaters; apparatus for heating and cooling and other thermal processes, namely, air-source heat pump water heaters, air-source heat pump water coolers, geo-thermal source heat pumps for heating water, geo-thermal source heat pumps for cooling water, heat pump water heaters powered by waste energy from industrial processes, heat pump water coolers powered by waste energy from industrial processes; apparatus for heating and cooling and other thermal processes, namely, photovoltaic-based power plants, solar thermal modules, solar energy based cooling apparatus, solar heat collection panels, solar powered cooling units, solar collectors for heating, solar collectors for heating, solar collectors for cooling, solar storage tanks for heating, solar storage tanks for cooling; apparatus for heating and cooling and other thermal processes, namely, heat generators, cool water generators, cool air generators, hydronic heating boilers, air conditioning panels, air ventilation apparatus hot-water space heating apparatus, cold-water space cooling apparatus, hot-air space heating apparatus, hot-air space heating apparatus, cold-air space cooling apparatus, heat sinks for use in heating, heat sinks for use in

cooling; apparatus for heating and cooling and other thermal processes, namely, heat pipes to cool heat producing components, steam valves, air valves for steam heating installations, heating registers, registers for cooling, filters for air heating registers, filters for air cooling registers, air heat recovery apparatus for heating purposes, air heat recovery apparatus for cooling purposes, refrigerator condensers, regulating accessories for water apparatus, boiler pipes for heating or cooling installations, level controlling valves in tanks, air blowers, water conduits; apparatus for heating and cooling and other thermal processes, namely electric containers used to control temperature and humidity for domestic, industrial or commercial purposes; apparatus for heating and cooling and other thermal processes, namely temperature controlled portable insulated shipping containers; apparatus for heating and cooling and other thermal processes, namely cooling apparatus used for blood, intravenous solutions, irrigation solutions and other medical and surgical fluids; apparatus for heating and cooling and other thermal processes, namely, cooling apparatus for medical storage purposes; thermal storage apparatus and instruments for heating and cooling, namely, hot water tanks, cooling water tanks, heat accumulators, water heaters, refrigerators, heating boilers, storage water heaters, storage water coolers, heating panels, cooling panels, solar thermal modules, solar collectors for heating, solar collectors for cooling, pipes for hot or cold air, tanks for hot or cold air, all of the aforesaid being used for domestic, commercial or industrial process purposes; thermal storage apparatus and instruments for heating and cooling, namely, refrigerated medical container for storage, transportation and cooling of medicines and pharmaceuticals; thermal storage apparatus utilizing solar energy for heating in the nature of solar thermal air systems for heating purposes; thermal storage apparatus utilizing solar energy for cooling in the nature of solar energy based cooling apparatus; water heating installations; water cooling installations; hot water heating apparatus; combined heating and cooling apparatus; Combined heating and hot water apparatus; thermal storage devices that store and release thermal energy on heating and cooling networks, namely, hot water tanks, cooling water tanks, heat accumulators, water heaters, refrigerators, heating boilers, storage water heaters, storage water coolers, heating panels, cooling panels, solar thermal modules, solar collectors for heating, solar collectors for cooling, pipes for hot or cold air, tanks for hot or cold air, all of the aforesaid being used for domestic, commercial or industrial process purposes; thermal storage apparatus for mechanical heat recovery and ventilation systems in the nature of energy recovery ventilators, air heat recovery apparatus for heating purposes, air heat recovery apparatus for cooling purposes; air conditioning apparatus and installations; refrigerators; commercial refrigeration units being commercial refrigerators; freezers; freezer storage units in the nature of freezers for household use, commercial freezers, and laboratory freezers; freezer cabinets in the nature of freezers for domestic, commercial or industrial use; cold storage rooms in the nature of walk-in freezers and walk in refrigerators; industrial cooling installations namely cooling units for industrial purposes; chemical processing equipment, namely, heat exchangers, steamers, drying apparatus, cooling apparatus and heating apparatus; chemical processing equipment, namely, apparatus for use in the purification, separation and sterilization of liquids and gases used in the biotechnology, pharmaceutical, medical, biopharmaceutical and food and beverage industries; heat accumulators; heat exchangers not being parts of machines; heat pumps; thermoelectric apparatus in the nature of thermoelectric coolers or heaters for heating, cooling, hot water, cold water; barocaloric materials-based apparatus for heating water or cooling water in the nature of heat pumps, radiators, refrigerators; thermochemical materials-based apparatus for heating, cooling, hot water, cold water, hot air, cold air in the nature of heat storage devices; air heat recovery apparatus and installations in the nature of energy recovery ventilators, air heat recovery apparatus for heating purposes, air heat recovery apparatus for cooling purposes; mobile heating apparatus in the nature of portable electric heaters; cooling, heating and de-humidification radiators and systems for vehicle cabins in the nature of vehicle climate-control system for heating, ventilation and air-conditioning; cooling and heating systems for charging points of electric or hybrid vehicles comprised primarily of tubes, pipes, valves, manifolds,

air blowers, control panel switches, electrical wire, all sold as a unit; vapour compression heat pumps; heat pumps for energy processing; heat pumps for transferring thermal energy into and out of heat batteries, thermal stores, thermal reserve units, cool batteries, cold batteries, thermal accumulators and thermal batteries; boilers for heating installations; combined heat and power generators in the nature of alternative or renewable energy generation power plants; combined heat and power systems consisting primarily of heat generators, heat exchangers, heat storage devices, all for use in ventilating, heating, cooling, hot water, cold water, space heating, space cooling process heating, process cooling; furnaces; stoves being heating apparatus; biomass combustion equipment namely heating and hot water equipment in the nature of heating systems for domestic, commercial and industrial process purposes, comprising of biomass burners, boilers, valves, pipes, manifolds, solar panels, control panels, switches and electrical wire, all sold as a unit; parts and fittings for the aforementioned goods, namely valves, filters and regulators; refrigerated temperature controlled containers for transporting food and drink; electric portable cool boxes; refrigerated insulated portable containers; electric cooling units and electric storage containers used to control the temperature in fume hoods, biosafety cabinets and laminar flow cabinets

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Repair of heating and cooling apparatus; installation of heating and cooling apparatus; installation, putting into operation, maintenance and repair of thermal heat and cool battery systems; installation, putting into operation, maintenance and repair of batteries, thermal batteries, thermal stores, thermal reserve units, thermal accumulators, heat batteries, cool batteries, cold batteries, batteries that transfer electrical energy into thermal energy, batteries that transfer thermal energy into electrical energy, thermal stores that transfer electrical energy into thermal energy, thermal reserve units that transfer electrical energy into thermal energy, thermal accumulators that transfer electrical energy into thermal energy, heat batteries that transfer electrical energy into thermal energy, and accumulators in the nature of batteries; installation, putting into operation, maintenance and repair of thermal storage apparatus and instruments for heating and cooling, thermal storage apparatus using solar energy for heating, thermal storage apparatus using solar energy for cooling, water heating installations, water cooling installations, hot water heating apparatus, combined heating and cooling and hot water apparatus, thermal storage devices that store and release thermal energy on heating and cooling networks, thermal storage apparatus for mechanical heat recovery and ventilation systems, air conditioning apparatus and installations, refrigerators, commercial refrigeration units, freezers, freezer storage units, freezer cabinets, cold storage rooms, industrial cooling installations, chemical processing equipment, heat accumulators, heat exchangers, heat pumps, thermoelectric apparatus, barocaloric materials-based apparatus, thermochemical materials-based apparatus, air heat recovery apparatus and installations, mobile heating apparatus, cooling and heating radiators and systems for vehicle cabins, de-humidification radiators and systems for vehicle cabins, cooling and heating systems for charging points of electric or hybrid vehicles, vapour compression heat pumps, heat pumps for energy processing, boilers, combined heat and power generators, combined heat and power systems, furnaces, stoves, and biomass combustion equipment; information, advisory and consultancy services relating to all the aforementioned services in this class

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific research and laboratory apparatus, none of the aforesaid being microscope slides or for geological study, namely, apparatus that transfers thermal energy into electrical energy, apparatus that transfers electrical energy into thermal energy, apparatus for measuring and analysing energy consumption, electronic energy control devices for energy management; scientific research and laboratory apparatus, none of the aforesaid being microscope slides or for geological study, namely, electronic control apparatus and devices for control of batteries, thermal batteries, thermal stores, thermal reserve units, thermal accumulators, heat batteries, cool batteries, cold batteries, batteries that transfer electrical energy into thermal energy, batteries that transfer thermal energy into electrical energy, thermal stores that transfer electrical energy into thermal energy, thermal reserve units that transfer electrical energy into thermal energy, thermal accumulators that transfer electrical energy into thermal energy, heat batteries that transfer electrical energy into thermal energy, accumulators in the nature of batteries, fuel cells, batteries that recover waste heat from processes, batteries that recover waste cooling from processes, heat to electrical power generation apparatus, battery chargers; scientific research and laboratory apparatus for the exchange of substances and heat, none of the aforesaid being microscope slides or for geological study; scientific research and laboratory apparatus, namely, deep cycle battery storage systems composed of batteries, charge controllers and inverters with integrated LED bulbs and LED light fixtures, none of the aforesaid being microscope slides or for geological study; insulated vessels and containers for laboratory use, namely, electrical connectors, flasks, beakers, storage tubes, ductless fume enclosures, forensic drying cabinets, flow cytometers , flow-based analysers, vacuum manifolds, membrane holders, constant temperature incubators, constant humidity incubators, furnaces, laminar flow biological safety cabinet hoods, bioreactors, thermal immersion circulators, drying ovens, temperature controllers for warming and cooling medical and surgical liquids, for medical equipment, for medical instruments and for containers for medical fluids; portable cold storage boxes and containers for laboratory use, namely boxes specially adapted for housing electronic equipment, battery boxes, power distributing boxes, electrical connection boxes and accumulator boxes; benchtop coolers and cold storage containers for laboratory use, namely, laminar flow cabinets, ultracapacitors for energy storage and supercapacitors for energy storage; temperature controlled apparatus for laboratory use, namely, thermal batteries, heat batteries, cool batteries and fuel cells; heat-insulated containers and boxes for laboratory use which utilise passive cooling or passive heating technology; parts and fittings for all the aforesaid goods.

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Rental of batteries; rental of thermal heat and cool batteries; rental of apparatus for heating and cooling; water heater rental; heating system rental; cooling system rental; rental of thermal stores, thermal reserve units, thermal accumulators, heat batteries, cool batteries, cold batteries, batteries that transfer electrical energy into thermal energy, batteries that transfer thermal energy into electrical energy, thermal stores that transfer electrical energy into thermal energy, thermal reserve units that transfer electrical energy into thermal energy, thermal accumulators that transfer electrical energy into thermal energy, heat batteries that transfer electrical energy into thermal energy, and accumulators in the nature of batteries; information, advisory and consultancy services relating to all the aforementioned services in this class

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Dry ice storage containers of metal; insulated chemical storage containers of metal; temperature controlled containers of metal for transporting food and drink; insulated containers of metal for storing dry ice; cool boxes of metal; insulated containers of metal for food and drink transport; insulated portable containers of metal; insulated food and drink containers of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

RELATED PROPERTIES INFORMATION

International Registration 1644589 **International Registration Date** Dec. 27, 2021

GOODS AND SERVICES INFORMATION

For Real estate brokerage; surety services; charitable fundraising; trusteeship representatives; lending against security being securities lending; art appraisal; insurance brokerage; financial analysis; financial consultancy; financing services

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Advertising services; presentation of goods on communication media, for retail purposes; providing business information via a website; provision of an online marketplace for buyers and sellers of goods and services; marketing services; psychological testing for the selection of personnel; business administrative services for the relocation of businesses; systemization of information into computer databases; accounting services; rental of vending machines; retail store services for pharmaceutical, veterinary and sanitary preparations and medical supplies

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Electronic agendas; face recognition apparatus, namely, interactive computer kiosk systems comprised primarily of computers, computer hardware, computer peripherals, and computer touchscreens for use in facial recognition; punched card machines for offices; network communication equipment, namely, ethernet cables; portable media players; cameras; microscopes; wires, electric; integrated circuits; electrolysers, namely, electrolysis apparatus for laboratory use; protection devices for personal use against accidents being protection and safety apparatus, namely, inflatable flotation devices; theft prevention installations being theft alarms, electric; rechargeable battery packs

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Radio broadcasting; news agency services for electronic transmission; communications by computer terminals; providing information in the field of telecommunications; electronic bulletin board services; providing user access to global computer networks; providing internet chatrooms; providing access to databases; providing online forums for transmission of messages among computer users; transmission of digital files

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Chemistry services, namely, research in the field of chemistry; data security consultancy; authenticating works of art; surveying; meteorological information; material testing; packaging design; interior design

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Electronic commerce services, namely, providing information about products via telecommunication networks for advertising and sales purposes; provision of an online marketplace for buyers and sellers of goods and services; administrative processing of purchase orders; advertising services; rental of advertising space; consultancy regarding advertising communication strategies; online advertising on a computer network; providing commercial information and advice for consumers in the choice of products and services; demonstration of goods; price comparison services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Delivery of goods; parcel delivery; rental of warehouses; warehouse storage; storage of goods; gift wrapping

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Creating and designing website based indexes of information for others using information technology; creating and maintaining websites for others; data encryption services; providing search engines for the Internet; rental of web servers; website design consultancy

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

BASIS INFORMATION

Currently 66A Yes

OWNER INFORMATION

Owner Name IONAH JOINT STOCK COMPANY **Address** IONAH JOINT STOCK COMPANY No. 22TT12 Foresa 8 Street, Xuan Phuong Tasco Urban Area, Xuan Phuong Ward, Nam Tu Liem District Hanoi VIETNAM **Legal Entity** JOINT STOCK COMPANY **State or Country Where Organized** VIETNAM

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the wording "MYCARE OVERSEAS" in stylized capital lettering on two lines with a design to the left of the wording comprising a shaded circle with a curved line resembling a smile. **Disclaimer** "OVERSEAS"

RELATED PROPERTIES INFORMATION

International Registration 1667091 **International Registration Date** Sep. 29, 2021

GOODS AND SERVICES INFORMATION

For Personnel management; consultancy and advisory services relating to customer service management; maintaining patient records and files; provision of clerical services for making medical appointments; commercial information and advice for consumers; procurement, namely, purchasing healthcare services for others; office functions in the nature of search for data in computer files for others; database management; business services, namely, verifying the credentials of thrid-party vendors, suppliers and contractors on behalf of others; updating and maintenance of data in computer databases; business management; business research; business managment of logistics services for others; compiling business data for others, namely, compilation of medical reports; business risk management consultation; provision of information, consultancy services and advisory services relating to all the aforesaid services on-line from a computer database or global communications network **International Classes** 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Medical and health care services; provision of medical information; provision of medical, health and nutrition information via a website; health counselling; providing health care information via electronic means; providing medical information to patients in the form of medical reports; provision of health care services via a website; on-line information services relating to healthcare and nutrition; telemedicine services; health care; consultation services on medical and health related issues in the nature of the review and assessment of information regarding the availability of medical care for location of emergency medical treatment; medical diagnostic testing relating to the human body; medical assistance and medical services; monitoring of patients in the nature of medical services; behavioural analysis for medical purposes; conducting of medical examinations; medical clinic services; provision of 24-hour medical treatment services; health and medical screening;

healthcare consultancy services being medical consulting; provision of reports relating to the medical examination of individuals; services for the preparation of medical reports; medical services in the nature of administering vaccines; provision of medical information relating to vaccination for overseas travel; x-ray examination for medical purposes; medical health assessment services; dental care services; pharmacy and medical advisory services; health risk assessment surveys in the nature of medical assessment services; leasing of equipped medical facilities that medical professionals can use on an as-needed basis; preparation and dispensing of medication and first aid kits in the nature of medical services; provision of psychological counselling by telephone; providing information about medical facilities for emergency medical treatment; providing medical information about emergency healthcare and medical treatment; pharmacy dispensary services for the replacement of medical prescriptions; sourcing of medical treatment for others; rescue operations in the nature of medical aid and resuscitation being medical services; advisory services relating to health; consultancy and advisory services in relation to medical services; rental of medical equipment and instruments; provision of information, consultancy services and advisory services relating to all the aforesaid services on-line from a computer database or global communications network; advisory services relating to medical problems; advisory services relating to medical services; analysis of tissues for medical treatment; call center services being the provision of medical and healthcare information

GOODS AND SERVICES INFORMATION

For Electrical appliances for use in measuring, namely, apparatus for measuring temperature in gases and solid substances and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, appliances for measuring pressure and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, liquid level sensors for measuring level and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, digital force gauges, digital torque gauges and electronic sensors for measuring force and strain and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, soil moisture meters for measuring moisture and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, apparatus for mass spectrometry for measuring molecular structure, weight, particle size and concentration, and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, lasers for measuring texture and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, rheometers for measuring the viscosity of fluids and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, lasers for measuring zeta potential and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical appliances for use in measuring, namely, particle counters for measuring contaminants and parts thereof and fittings therefor including micro-electronic components for said appliances; Electrical apparatus for use in regulating, namely, apparatus for

regulating electric current and voltage and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, flow regulators for commercial use for regulating electric flow and material flow, and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, apparatus for regulating material electric current and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, temperature controllers and sensors for regulating temperature and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, electronic controller for regulating humidity in laboratory equipment and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, pressure transducers and sensors for regulating pressure, strain, and force for automotive, aerospace, railway and laboratory equipment and mechanical or electrical sub-systems and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, level switches for regulating container liquid level and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, pH meters for regulating ph load and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, vibration shakers and sensors for regulating vibration and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in regulating, namely, electric sensors for regulating electrical resistance, air velocity, amperage, frequency, ion concentration, conductivity, and environmental operating conditions and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical weighing apparatus and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for the remote control of industrial operations and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electrical apparatus for use in signaling technology, namely, signal conditioners and regulators in the nature of electric sensors and devices and parts thereof and fittings therefor, including micro-electronic components for said apparatus; Electric sensors and parts thereof and fittings therefor including micro-electronic components for said sensors, for use in measuring, regulating, weighing, control, monitoring and signaling technology; recorded computer operating programs for use in measuring, regulating, weighing, control, monitoring and signaling technology; downloadable software for controlling and operating industrial automation and control equipment for use in the control of electrical apparatus, sensors and instruments for use in industrial measuring, regulating, weighing, control, monitoring and signaling applications; measuring instruments, namely, gas analyzers, rheometers, viscometers, particle detectors and spectrometers; detecting instruments, namely, laboratory instrument for the detection of pathogens and toxins in a biological sample for research use; monitoring instruments, namely, monitoring devices for monitoring battery performance characteristics; indicators, namely, digital weighing indicators; controllers, namely, automation wind turbine controller; laboratory instruments other than for medical use, namely, x-ray machines and laser measuring instruments; data collection apparatus, namely, integrated computerized system for the collection of data related to chemical analyses; downloadable software for monitoring, weighing, testing and measuring material and particle characterization; residual gas analyzers; scanners and decoders; testing and quality control devices, namely, gas testing instruments; downloadable software for controlling industrial processes; process control apparatus, namely, signal conditioning and communication devices for industrial process control; process control instruments, namely, signal conditioning and communication devices for industrial process control; material testing instruments and machines, namely, rheometers, viscometers, particle detectors and spectrometers; rheometers for measuring the viscosity and viscoelasticity of fluids; viscometers; Non-medical imaging apparatus, namely, sensors, cameras, computer

and computer hardware for use in image capture, image processing and image display in applications for measuring, regulation, control and monitoring of material current, material flow, electrical current, electrical flow, temperature, humidity, pressure, strain, force, flow, container level, material level, ph load, vibration, electrical resistance air velocity, amperage, frequency, voltage, ion concentration, conductivity, and environmental operating conditions; particle detectors; particle detecting apparatus; particle classifying apparatus, namely, cytometers; spectrometers; spectrometry apparatus; X-ray apparatus for industrial purposes; X-ray analyzers, other than for medical use; apparatus and installations for the production of X-rays, not for medical purposes; spectroscopes; X-ray spectroscopy apparatus other than for medical use; X-ray tubes not for medical purposes; vibration detectors; vibration sensors; instruments for measuring vibration; vibration exciters; electrical transducers; transducer apparatus, namely, electrical transducers; testing apparatus for electronic equipment, namely, continuity test apparatus for electrical circuits; portable test apparatus, namely, continuity test apparatus for electrical circuits; load cells; strain gauges; X-ray gauges, namely, digital torque gauges; ultrasonic thickness gauges; ultrasonic sensors; ultrasonic measuring apparatus, namely, distance measuring apparatus; signal conditioners; amplifiers; scientific instrumentation for weight measuring; weighing apparatus and instruments; electronic weighing scales; calibration devices for calibrating ultrasonic testers; calibration checkers, namely graduation checkers; seismic detectors; electrical safety monitoring apparatus in the nature of food safety monitoring devices, namely, thermometers; television transmitters; telecommunication transmitters; telecommunications apparatus and equipment, namely, telecommunication switches; telecommunication networks, namely, telecommunication computer network server; real-time data processing apparatus; lasers for non-medical purposes; laser measuring systems; lasers for industrial use; apparatus for analysing gases; residual gas analysers; bar code scanners; bar code readers; bar code decoders; thermocouples; temperature measuring instruments, namely, temperature sensors; temperature sensors, namely, resistance temperature detectors; thermistors; humidity measuring apparatus; humidity meters; humidity sensors; infrared detectors; infrared detection apparatus; infrared thermometers, not for medical purposes; infrared scanners; infrared sensors; electric control devices for heating management; pressure sensors; instruments for measuring pressure; torque measuring apparatus, namely, torque meters; flow measuring apparatus, namely flow meters; level measuring instruments and apparatus, namely, laser level measuring apparatus; scientific measuring instruments and apparatus for measuring water quality; electronic data loggers and recorders; USB (universal serial bus) operating software; programmable logic controllers; man-machine interfaces, namely, computer interface boards; electronic controls for motors and motion control sensors; electric sensor switches; electric data switches; switches, electric; electric switching apparatus; panel meters, namely, an electronic instrument that displays an input signal in either a digital or analog form; digital panel meters, namely, an electronic instrument that displays an input signal in either a digital or analog form; downloadable computer software relating to the aforesaid for controlling non-medical imaging apparatus; downloadable electronic publications, namely product manuals, handbooks, written technical review articles, documentation, in the form of booklets, research reports featuring product usage case studies, brochures, magazines, encyclopedias, newsletters, product data fact sheets, and illustrated drawings, all in the field of x-ray technology and CAD models; parts and fittings for all the aforesaid; none of the foregoing for use in collecting, analysing or managing client and customer records or for use in relation to reservation, booking, sales, notification or promotional services for entertainment, educational, sporting or cultural events

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific, technical and industrial research in the field of sound and vibration, gas analysis and pharmaceutical studies; industrial research in the field of pharmaceutical, electronics, semiconductors, telecommunications, automotive, metals, minerals, mining, and primary and advanced materials; industrial and technological engineering analysis; engineering services; engineering services for the analysis of structures; product quality testing; quality control of goods and services; product quality control testing; quality control certification for others, namely, providing quality assurance services in the field of telecommunications transmitters; quality control services for others, namely, measuring, regulation, control and monitoring of material current, material flow, electrical current, electrical flow, temperature, humidity, pressure, strain, force, flow, container level, material level, ph, load, vibration, electrical resistance, air velocity, amperage, frequency, voltage, ion concentration, conductivity, and environmental operating conditions; quality control audits for others; consultancy in the field of quality assurance services in the field of infrared sensors; providing quality assurance services in the field of measuring, regulation, control and monitoring of material current, material flow, electrical current, electrical flow, temperature, humidity, pressure, strain, force, flow, container level, material level, ph, load, vibration, electrical resistance, air velocity, amperage, frequency, voltage, ion concentration, conductivity, and environmental operating conditions; monitoring of computer systems to detect breakdowns; services for monitoring industrial processes for quality control purposes; sampling for contamination, namely, soil sampling for analysis purposes; design of computer software; analysis of materials; materials testing and analyzing; chemical analysis; chemical analysis services; testing the functionality of apparatus; testing of computing equipment; calibration services; measurement services, namely, radiation measurement services; scientific laboratory testing services, namely, laboratory testing services; technical testing services, namely, testing of chemicals; creation, maintenance, adaptation and repair of software; rental and installation of software; engineering consultancy; engineering consultancy relating to manufacture; technological services relating to manufacture, namely, design of computer hardware for the manufacturing industry; development of computer software application solutions; development of software solutions for internet users; gas analyzing services; engineering project management services; environmental consultancy services, namely, technical consultancy in the field of environmental science and chemical environmental safety testing; compiling data for research purposes in the field of environmental protection; environmental consultancy, information and advice related to the aforesaid; providing on-line non-downloadable software for controlling and operating industrial automation and control equipment for use in the control of electrical apparatus, sensors, and instruments for use in measuring, regulating, weighing, control, monitoring and signaling applications; none of the foregoing services relating to the collection, analysis or management of client and customer records or relating to reservation, booking, sales, notification or promotional services for entertainment, educational, sporting or cultural events

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Coatings, namely, preservative coatings for wood surfaces, coatings for tarred felt paint, namely, bitumen varnish, coatings for wood as paints, powder coatings, namely, precious metals in powder form for use in printing, decorating, painting and art by painters, decorators, printers and artists; exterior surface protective coatings for protecting metals from tarnishing, cement coatings, coatings used for floor and furniture finishing; Raw natural resins; Anti-corrosive preparations, namely, anti-corrosive coatings, anti-corrosive paints; Varnish; Anti-rust greases; Preservatives against rust in the nature of coatings; Anti-rust oils; Undercoating for vehicle chassis; Colorants

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Tableware, cookware and containers, namely, pots, pans, saucepans, pot and pan lids, bowls, mixing bowls, bakeware; Cleaning articles, namely, cleaning cloths, cleaning pads; Cosmetic and toilet utensils and bathroom articles, namely, toilet brushes, toilet plungers; Aerosol dispensers, not for medical purposes; Skins of chamois for cleaning; Buckets; Unfinished glass for vehicle windows; Glass incorporating fine electrical conductors; Heat-insulated containers for beverages, household use; Cages for pets; Refrigerating bottles being vacuum bottles; Cups of paper or plastic; Boxes for dispensing paper towels for household use; fitted picnic baskets including dishes; Polishing apparatus and machines, for household purposes, namely,

polishing cloths, shoe polishing mitts; Polishing gloves; Polishing leather; Polishing materials for making shiny, except preparations, paper and stone, namely, polishing leather; Cleaning instruments, hand-operated, namely, pot cleaning brushes, scouring sponges, cleaning brushes for household use, bath and toilet brushes; Cleaning rags; Cleaning sponges, mitts; Sponges for household use; Sponge holders; Steel wool for cleaning; Dusting cloths; Feather brooms; Cups; Carpet sweepers; Carpet beaters; Toilet cases, namely, toilet paper holders; Toilet roll holders; Toilet paper dispensers; Non-electric portable cold boxes; Cages for transporting pets; Hip flasks; Drinking vessels; Beverage glassware; Brushes, namely, hair brushes, lint brushes, clothing brushes, bath brushes, dish washing brushes, cleaning brushes for household use, pet brushes, scrubbing brushes, tooth brushes, nail brushes, shaving brushes; Brooms

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Vehicles mats and carpets, namely, floor mats for vehicles

International Classes 27 - Primary Classes **US Classes** 19, 20, 37, 42, 50 **International Class Title** Floor Coverings

For Dietary supplements and dietetic preparations, namely, multivitamins; Dental preparations and articles, namely, dental polish, dental sealants; Hygienic preparations and articles, namely, disinfectants for hygienic purposes; Pest control preparations and articles, namely, freeze dried food bait to attract flies for pest control purposes; Medical and veterinary preparations and articles, namely, amino acids and adjuvants for medical purposes; Aseptic cotton; Eyepatches for medical purposes; Bandages for dressings; Sanitary towels; Disinfectants; Disinfectants for chemical toilets; Adhesive plasters for medical purposes; Sanitary preparations for medical purposes; medicated compresses; Air purifying preparations; Air deodorising preparations; Sanitary pads; Sanitary pants; medical plasters; materials for dressings, namely, gauze; Medicine cases, portable, namely, first aid kits; Panty liners; Tampons; Gauze for dressings; First-aid boxes, filled; Dressings, medical; Surgical dressings; Absorbent cotton for medical purposes; Wadding for medical purposes; Cellulose materials for medical dressings

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Luggage, bags, wallets and other carriers, namely, trunks, travelling sets comprised of luggage and luggage straps, pocket wallets, pouch baby carriers; Saddlery; Kid, namely, kid leather attaché cases; Coverings of skins, namely, skins, hides, furs sold in bulk, pelts; Leather travelling bags; Hold-alls; Key cases; Tool bags of leather sold empty; Leather and imitation leather; Animal Hides

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For Vehicles and conveyances, namely, cars, trucks; fitted vehicle covers; Axle gaiters for vehicles, namely, axle protectors adapted specifically for use with vehicle axles; Axle journals; Air bags; Bells for bicycles, cycles; Amphibious airplanes; Trailers; Trailer hitches for vehicles; Transmission chains for land vehicles; Driving motors for land vehicles; transmission shafts for land vehicles; Apparatus for locomotion by land, air or water, namely, automobiles, boats; Aeronautical apparatus, machines and appliances; motor buses; Cars; Automobile tires; Dredgers; Air balloons; Concrete mixing vehicles; Sleeping berths for vehicles; Saddle covers for bicycles or motorcycles; Covers for vehicle steering wheels; Balance weights for vehicle wheels; Anti-glare devices for vehicles, namely, sun shields for motor cars; Boats; Boat hooks; Masts for boats; Brake systems for land vehicles comprised of housing, pistons, plugs, seats, push rods, return pins, input rods, output rods, accumulators, core

dumps, armatures, sleeves, plungers and guides; Brake segments for vehicles; Brake pads for automobiles; Brake facings for vehicles; Block brakes for land vehicles; Servo brakes for vehicles; Brake calipers for land vehicles; Vehicle brake discs; Brake hoses for vehicles, namely, truck air brake hose; Brake shoes for land vehicles; Brake drums for vehicles; Dining cars; Portholes; Motor homes; Motor vehicle chassis; Automobile chassis; Anti-theft devices for vehicles; Anti-theft alarms for vehicles; Torque converters for land vehicles; Tricycles; Jet engines for land vehicles; Electric vehicles, namely, electric cars; Motors, electric, for land vehicles; Bicycle stop stands; Stands for bicycles and motorcycles; Brakes for bicycles and brake disc for motorcycles; Brakes for bicycles and land vehicles, brake disks; Bicycles; Rims for wheels of bicycles and motorcycles; Bicycle forks; Chains for bicycles and motorcycles; Bells for bicycles, and motorcycles; Baskets adapted for bicycles; Handle bars for bicycles and motorcycles; Cycle wheel hubs; Dress guards for bicycles and motorcycles; Pedals for cycles; Pumps for bicycles, cycles; Wheels for bicycles, and wheel rims for motorcycles; Frames for bicycles, and motorcycles; Bicycle tires; Bicycle saddles; Inner tubes for tires for bicycles, and motorcycles; Spokes for bicycles wheels and motorcycles; Bags for bicycles, namely, wheel bags specifically adapted for use with bicycles, panniers; Front attachments for bicycles, namely, baskets adapted for bicycles; Direction signals for bicycles; Direction signals for vehicles; Brakes for vehicles; Vehicles for locomotion by land, air, water or rail, namely, boats, yachts, trains; Windows for vehicles; Bodies for vehicles; Wheeled vehicles, namely, motorcycles; Vehicle wheel spokes; Vehicle wheel tires; Vehicle seats; Doors panels for land vehicles; Hoods for vehicles; Rims for vehicle wheels; Remote control vehicles, other than toys, namely, cars, trucks; Repair outfits for inner tubes, namely, tire patches; Air vehicles, namely, airplanes; Mine cart wheels; Freewheels for land vehicles, namely, bicycles and motorcycles; Front and rear skirts for automobiles, namely, mud flaps; Front spoilers and rear spoilers for automobiles; Foot pedals for vehicles, namely, bicycle pedals, gas pedals; Crankcases for land vehicle components, other than for engines; Luggage nets for vehicles; Panniers adapted for cycles; Luggage carriers for vehicles; Gear boxes for land vehicles; Casting carriages, namely, dollies; Hydroplanes; Casters for trolleys; Non-skid devices for vehicle tires, namely, anti-skid chains; motorized Golf cars; Handbrake levers for vehicles; Fork lift trucks; Covers for spare tires; Horns for vehicles; Hydraulic circuits for vehicles; Upholstery for vehicles; Yachts; Automobile bodies; wagons; Caissons; Automobile chains, namely, tire chains; Tilting-carts being land vehicles; Dump carts; Cycle cars; Bells for bicycles, and motorcycles; Head-rests for vehicle seats; Ambulances; Refrigerated vehicles; Refrigerated railroad Wagons; shaft Couplings for land vehicles; Cranks for cycles; Tailgates, namely, tailgates for automobiles; Barges; Vans; Trucks; Tipping bodies for lorries; Treads for retreading tires; casings for pneumatic tires; Dollies; Traction engines; Locomotives; Air cushion vehicles; Air pumps for automobiles; Funicular railcars; Military vehicles for transport; Mopeds; Motor-operated traction engines for roller sports; Paramotors, namely, powered paragliders; Motors for land vehicles; Hoods for vehicle engines; Hoods for vehicle engines; Motorbikes; Hubs for vehicle wheels; Bands for wheel hubs; Omnibuses; Paddles for canoes; Connecting rods for land vehicles, other than parts of motors and engines; Pontoons boats; Screw-propellers for boats; Buffers for railway rolling stock; Hub caps; Hub caps covers; Space vehicles; Treads for vehicles for retreading tires for civil engineering vehicles; Tires for vehicle wheels; Pneumatic tires; Coaches; Spare wheel covers; motor Scooters; Wheelchairs for transporting invalids; Reversing alarms for vehicles in the nature of back-up warning alarms; Rearview mirrors; Oars; Oarlocks; Ships' hulls; Sack trucks; Saddles for bicycles, cycles or motorcycles; Saddlebags adapted for bicycles; Gear lever knobs for vehicles; Clutches for land vehicles; Windscreen wipers; Headlight wipers; Boats; Fenders for ships; boat Cleats; Funnels for ships; Screw-propellers for boats; Steering gears for ships; Railway Sleeping cars; Inner tubes for pneumatic tires; Tubeless tires for bicycles, and motorcycles; Garden Hose carts; Ejector seats for aircraft; Sleighs for transport purposes; Mudguards; tire Snow chains; Antiskid chains for vehicle tires; Snowmobiles; fitted Seat covers for vehicles; Funnels for locomotives; Inclined ways for boats, namely, boat

launches; Wheelbarrows; land vehicles, namely, Kick sledges; Bicycle and motorcycle mudguards; Side cars; Tire patches; Chairlifts; Safety harnesses for vehicle seats, namely, seat safety harness for motor cars; Safety belts for vehicle seats; Safety seats for children, for vehicles; Ski carriers for cars; Sun-blinds adapted for automobiles; Timbers for ships; Spoke clips for wheels for bicycles; Railcars in the nature of Dining cars; Spikes for tires, namely, anti-skid studs for vehicle tires; Spoilers for vehicles; Sports running gears, namely, gear shifts; Sports cars; Sprinkling trucks; flanges of railway wheel tires; Tie rods, namely, steering gears for vehicles; Airships; Steering wheels for vehicles; Boat Rudders; Suspension shock absorbers for vehicles; Shock absorbing springs for vehicles; Vehicle bumpers; Tramcars; petrol tank caps for motor cars; Suspension springs for vehicle chassis; Torsion bars for vehicles; Vehicle suspension springs; Tractors; Delivery tricycles; Aerial conveyors; Handling carts; Cleaning trolleys; Cleaning trolleys; Driving chains for land vehicles; Propulsion mechanisms for land vehicles, namely, transmission; land Vehicle running boards; Turbines for land vehicles; Transmissions, for land vehicles; Reduction gears for land vehicles; Valves for vehicle tires; Undercarriages for vehicles; Tipping apparatus, namely, mechanically assisted self-contained insert dump units installed in trucks and wagons; Railway couplings; Railway carriages; Water vehicles, namely, boats, ships; Seaplanes; Windscreens for motor cars; Blades for windscreen wipers; Wipers for headlights; Caravans; Stern oars; Bicycle gears; Cigar lighters for automobiles; Motors for bicycles; Bicycle stands; Automobiles and structural parts therefor; Automotive vehicles, namely, cars, trucks; Axles for vehicles; Gearing for land vehicles; Brake facings; vehicle power train mechanisms for use in motor vehicles; engines for motor vehicles and for use in motor vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Fabrics, namely, cotton, hemp, jute; Textile goods and substitutes for textile goods, namely, textile fabrics for use in making household furnishings; Filtering materials of textile, namely, chemical fiber fabrics, synthetic fiber fabrics, inorganic fiber mixed fabrics all for use in filtering liquids and powders; Flags made of nylon, fabric; Glass cloths, namely, towels; Travelling rugs for use as lap robes

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Athletic sporting goods, namely, joint supports, joint stabilizers, joint braces, joint sleeves, back braces; Scale model vehicles; Radio-controlled toy vehicles; Golf gloves; Golf clubs; Golf bags, with or without wheels; Scale model kits; Slides, namely, playground slides, water slides; Party favors, in the nature of hats, crackers and noisemakers, small toys; Bags especially designed for skis and surfboards; Toy vehicles; Models being toys; Harness for sailboards; toy Scooters; Toys, namely, detonating caps

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Pumps, compressors and fans as parts of machines, motors and engines; Industrial robots for handling materials; Moving and handling equipment, namely, power operated telehandlers; Current generators; Machines and machine tools for treatment of materials and for manufacturing for motor vehicles, for use in motor vehicles, and for maintenance of motor vehicles, namely, assembly line conveyer machinery in the nature of a series of machines for assembling, treating, repairing, servicing, or maintaining motor vehicles in successive stages; Catalytic converters; Starters for motors and engines; Transmission chains other than for land vehicles; Driving motors other than for land vehicles; Transmission shafts, other than for land vehicles; Exhaust manifold for engines; Silencers for motors and engines; hydraulic excavators; Drill chucks for power drills; Drilling heads in the nature of core drilling bits; centering drilling bits being parts of machines; Drilling machines; Self-regulating fuel

pumps for land vehicles and service stations; Fuel conversion apparatus for internal combustion engines, namely, fuel pumps for land vehicles; Bulldozers; Brushes being parts of machines; Steam cleaning machines; Sealing joints, namely, piston rings; Torque converters other than for land vehicles; Speed governors for machines, engines and motors; Compressed air engines; Compressed air pumps; Compressed air guns for the extrusion of mastics; machine parts, namely, pressure regulators; Machines parts, namely, pressure valves; Printing cylinders, namely, printing rollers; Jet engines other than for land vehicles; Dynamo brushes; Dynamo belts; Dynamos; Bicycle dynamos; Injectors for engines; Ejectors for machines, namely, ejector pins being machine parts; machines parts, namely, electrically operated brushes; Motors, electric, other than for land vehicles; Dust exhausting installations for cleaning purposes; Paint spray guns; Air brushes for applying color; machines parts, namely, Springs; Window openers, electric; Window openers, hydraulic; Window openers, pneumatic; Window closers, electric; Window closers, hydraulic; Window closers, pneumatic; Filters for motors, engines; machines parts, namely, pulleys; Airplane motors; Freewheels other than for land vehicles, namely, wheels being parts of machines; Blowing machines for the compression, exhaustion and transport of gases; Crankcases for machines, motors and engines; Gear boxes other than for land vehicles; Die-cutting and nut tapping machines; Threading machines; Glow plugs for Diesel engines; Electric hand drills; Hand-held tools, other than hand-operated, namely, power operated coffee grinders, mills for household purposes, namely, electric pepper mills; machine jacks; High pressure washers; Hydraulic engines and motors; hydraulic controls for machines, motors and engines; universal joints, namely, joints for connection sliding strips for use as machine parts; Card clothing, namely, card clothing for hand carders, drum carders, and cottage carders adapted specifically for use with carding machines; Kick starters for motorcycles; machine parts, namely, clack valves; Glue guns, electric; Carbon brushes, namely, electric brushes being parts of machines; Pistons for use in the field of motor vehicles; Pistons for engines; Piston rings; electric compressors; Condensing installations in the nature of air condensers; Fuel dispensing pumps for service stations; Fuel economizers for motors and engines, namely, fuel injectors; Cranes; Ball-bearings as parts of piston engines for use in automotive engines; Ball rings for bearings as parts of piston engines for use in automotive engines; Radiators for motors and engines; machine couplings; machine parts, namely, cranks; Crank shafts for automotive engines; Superchargers, namely, air compressors for vehicles; machine parts, namely, bearings; Bearing brackets for machines; journal boxes being parts of machines; Electric soldering irons; Gas-operated soldering irons; Soldering lamps; Filters for cleaning cooling air, for engines; Air condensers; Air condensers; compressed air pumps; Bicycle assembling machines; Boat motors; Aeronautical engines; Engines for air cushion vehicles; Motors, other than for land vehicles; Emergency power generators; Connecting rods for machines, motors and engines; pneumatic controls for machines, motors and engines; Pumps being parts of machines, engines or motors; Pumps for machines; Pump diaphragms; Wheel bearings for vehicle engines, namely, sliding bearings, anti-friction bearings, guide bearings, flanged bearings, solid-journal bearings, cap bearings; machine gear transmissions, other than for land vehicles; machine parts, namely, regulators; Electric cleaning machines and apparatus, namely, machines for cleaning mechanical parts for blasting cleaning a surface; Belts for machines; Silencers for motors and engines; Couplings other than for land vehicles; Shovels, mechanical; Valves being parts of machines; Engines for boats; Trueing machines, namely, workpiece centering machines; machines parts, namely, sharpening wheels; Grease boxes being parts of machines; Lubricating pumps; grease Rings being parts of machines; Lubricators being parts of machines; Snow plows; Machine fly-wheels; Pulleys being parts of machines; Self-oiling bearings; Carburetor feeders; Stators being parts of machines; Dust exhausting installations for cleaning purposes; Vacuum cleaners; Vacuum cleaner bags; Vacuum cleaner hoses; Vacuum cleaner attachments for disseminating perfumes and disinfectants; Control mechanisms for machines, engines or motors, namely,

hydraulic controls for machines, motors and engines; Control cables for machines, engines or motors, namely, pneumatic controls for machines, motors and engines; Stuffing boxes being parts of machines; Plunger pistons; self-propelled road Sweeping machines; Current generators; Driving chains other than for land vehicles; Belts for motors and engines; Propulsion mechanisms other than for land vehicles; Transmissions, other than for land vehicles; Transmissions for machines; Anti-pollution devices for motors and engines; Reduction gears other than for land vehicles; Vacuum pumps being machines; Fans for motors and engines; Fan belts for motors and engines; Carburetors; Transmission equipment, except for land vehicles; Vulcanization apparatus, namely, machines for the vulcanization of tires and rubber; Heat exchangers being parts of machines; Washing installations for vehicles; Alternators; Shaft couplings for machines; Holding devices for machine tools, namely, machine tool holders; Journal boxes being parts of machines; Central vacuum cleaning installations; Sparking plugs for internal combustion engines; Igniting magnetos; Igniting devices for internal combustion engines; Cylinders for machines; Cylinders for motors and engines; Pistons for cylinders; Cylinder heads for engines; Attrition machines for cleaning, namely, scrubbing machines, and all of the aforementioned excluding powered machines for automatically measuring, cutting, and mudding drywall trim pieces and all of the aforementioned excluding welding machines and welding torches

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Goods, not of metal, namely, mooring buoys, locks and keys for locks, door, non-metal gate fittings in the nature of gate stops and door stops and non-metal window fittings; non-metal valves for containers, non-metal threaded fasteners, non-metal clamps; fans, namely, hand fans, non-electric fans, non-metal clack valves; handles and rails, namely, grip handles, grip rails; joints, hooks and holders for mounting and displaying household furnishings; pennant holders adapted for use with plastic pennants; non-metal dowels; spools, namely, winding spools not of metal, non-mechanical, for flexible hoses; rings, namely, curtain rings, plastic key rings; poles, namely, non-metal poles, wood poles, non-metal spacer rings for use with shower curtains, suction cups, namely, plastic suction cups; tension rollers, namely, curtain rollers, blind rollers; paper towel holders, namely, countertop holders for paper towels; Displays, stands and signage, namely, display stands, costume display stands, newspaper display stands; Reservoirs, not of metal nor of masonry; Closures, not of metal, for containers, namely, bottle casings, pot lid closures, bottle closures, bag closures; Pegs, not of metal; Hooks, not of metal

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Non-medicated toiletries; Essential oils and aromatic extracts, namely, perfumed extracts for tissues and perfumes; Grinding preparations, namely, industrial abrasive liquids, powders, pastes for use in the field of motor vehicles; Cleaning and fragrancing preparations, namely, all-purpose cleaning preparations, carpet cleaning preparations and deodorizing preparations; Scouring solutions; Antiperspirants for use as toiletries; Aromatic essential oils; Breath freshening strips; Breath freshening sprays; Deodorants for human beings or for animals; Canned pressurized air for cleaning and dusting purposes; Perfume water; Paint removers; Color-removing preparations for hair; Grease-removing preparations, namely, grease removers for household use; Stain removing preparations; Cologne; Cosmetics; Cosmetic kits, namely, make-up kits comprised of cosmetics; Air fragrancing preparations; Polishing creams; Polishing preparations; Furbishing preparations, namely, shining preparations polish; Windshield cleaning liquids; Rust removers; Sandpaper; Abrasive paper; Emery boards; Emery cloth; Emery paper; Emery cloth; Soaps; Tissues impregnated with cosmetic lotions

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Filtering media of chemical and non-chemical substances included in the class, namely, ceramic particulates used for filtering particulate matter from diesel or gasoline exhaust emission systems; Unprocessed plastics; Adhesives used in industry; Detergents for use in manufacture and industry, namely, detergents for industrial use; Chemical substances, chemical materials and chemical preparations, and natural elements, namely, chemical substances for use in the field of motor vehicles, namely, anti-freeze chemicals, chemical additives for lubricants; Salts for industrial purposes; Unprocessed acrylic and synthetic resins; Putties, and fillers and pastes for use in industry, namely, oil cement putty, pastes that cure to form flexible bonds, namely, unprocessed epoxy resins; Alcohol for industrial purposes; Acidulated water for recharging accumulators; Anti-knock substances for internal combustion engines; Corrosive preparations, namely, acidic solutions made primarily of hydrochloric acid; Brake fluid; Fuel-saving preparations, namely, chemical additives for fuels; Engine-decarbonising chemicals; Leather-impregnating chemicals; Leather-renovating chemicals; Chemical compositions for water treatment, namely, phosphates for use in wastewater purification units; Chemical additives to motor fuel; Chemical additives for oils; Distilled water; Scale removing preparations, other than for household purposes; Dehydrating preparations for industrial purposes, namely, desiccants; Epoxy resins, unprocessed; Leather-waterproofing chemicals; Fire extinguishing compositions; Fireproofing preparations, namely, fire retardant chemicals; Carbon for filters; Filtering materials, namely, filtering particulates for filtering chemical preparations; Stain-preventing chemicals for use on fabrics; Flocculants; Transmission fluid; Power steering fluid; Chemical liquids for removing sulfates from batteries; Brazing fluxes; Soldering flux; Antifreeze; chemical compositions for threading, namely, thread cutting oil for metal working; Glycol; Graphite for industrial purposes; Degumming preparations, namely, enzymes for degumming for use in industrial applications; Chemical intensifiers for rubber; Fluids for hydraulic circuits; Refrigerants, namely, refrigerant gases and fluids for use in heating, ventilation, air conditioning and refrigeration systems; Gluten, namely, gluten for industrial purposes; Coolants for vehicle engines; Cryogenic preparations in sold, liquid or gas state for use in chilling and freezing; Plastics in the form of dispersions for use in the manufacture of motor vehicles; chemicals for absorbing oil; Anti-frothing solutions for accumulators, namely, oils and oil solutions for use as de-foamers, silicon-based defoamers, polyethylene glycol, polypropylene glycol copolymers, and alkyl polyacrylates for use in defoaming accumulators; Solvents for varnishes; Brazing preparations, namely, brazing chemicals; Anti-tarnishing chemicals for windows; Oil dispersants; Oil-bleaching chemicals for industrial use, namely, bleaching earths, activated carbon, amorphous silica gel; Oil dispersants; Oil-purifying chemicals; Anti-boil preparations for engine coolants; Tire repairing compositions, namely, tire sealing compounds; Tires, namely, graphic mastic for tires; Detergent additives for Gasoline; Compositions for repairing inner tubes, namely, tire sealing compounds; solidified protective gases for welding; Sulfinic acid; Fillers for automobile bodies; Vulcanisation accelerators; Wax-bleaching chemicals, namely, bleaching preparations for industrial purposes; Combusting preparations, namely, chemical additives to motor fuel

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Procurement services for others, namely, purchasing motor vehicles for other businesses; Retailing, including via the internet, namely, providing retail stores, providing online retail stores, providing retail distributorships in the fields of chemicals, paints, fuels and motor fuels, medical items, machines for motor vehicle workshops, tools and goods of metal for motor vehicles and for motor vehicle workshops, DIY articles in the field of motor vehicles, craft supplies in the field of motor vehicles, electric goods and electronic goods, namely, anti-theft systems, power locks, back-up beepers, for use in the field of

motor vehicles, sound recording carriers and data carriers in the nature of disks, flash drives for use in the field of motor vehicles, installations for sanitary purposes in the field of motor vehicles, vehicles, namely, automobiles, boats, and motor vehicle accessories, saddlery, decorative articles, tents, tarpaulins, clothing, footwear, textile goods, namely, seat covers and toys; Wholesaling, including via the internet, namely, providing wholesale buying club services, providing wholesale distributorships featuring chemicals, paints, fuels and motor fuels, medical items, machines for motor vehicle workshops, tools and goods of metal for motor vehicles and for motor vehicle workshops, DIY articles in the field of motor vehicles, craft supplies in the field of motor vehicles, electric goods and electronic goods, namely, anti-theft systems, power locks, back-up beepers, for use in the field of motor vehicles, sound recording carriers and data carriers, namely, disks, flash drives for use in the field of motor vehicles, installations for sanitary purposes in the field of motor vehicles, vehicles, namely, automobiles, boats, and motor vehicle accessories, saddlery, decorative articles, namely, ornaments, tents, tarpaulins, clothing, footwear and textile goods, namely, seat covers, toys; Retailing via teleshopping channels, namely, retail online ordering services in the fields of chemicals, paints, fuels and motor fuels, medical items, machines for motor vehicle workshops, tools and goods of metal for motor vehicles and for motor vehicle workshops, DIY articles in the field of motor vehicles, craft supplies in the field of motor vehicles, electric goods and electronic goods, namely, anti-theft systems, power locks, back-up beepers, for use in the field of motor vehicles, sound recording carriers and data carriers in the nature of disks, flash drives for use in the field of motor vehicles, installations for sanitary purposes in the field of motor vehicles, vehicles, namely, automobiles, boats, and motor vehicle accessories, saddlery, decorative articles, tents, tarpaulins, clothing, footwear, textile goods, namely, seat covers and toys; Wholesaling, including via the internet, namely, providing wholesale buying club services, providing wholesale distributorships featuring chemicals, paints, fuels and motor fuels, medical items, machines for motor vehicle workshops, tools and goods of metal for motor vehicles and for motor vehicle workshops, DIY articles in the field of motor vehicles, craft supplies in the field of motor vehicles, electric goods and electronic goods, namely, anti-theft systems, power locks, back-up beepers, for use in the field of motor vehicles, sound recording carriers and data carriers, namely, disks, flash drives for use in the field of motor vehicles, installations for sanitary purposes in the field of motor vehicles, vehicles, namely, automobiles, boats, and motor vehicle accessories, saddlery, decorative articles, namely, ornaments, tents, tarpaulins, clothing, footwear and textile goods, namely, seat covers, toys accessible by telephone; On-line advertising on a computer network; Consumer consultancy services, namely, providing commercial information and advice for consumers; Arranging of trading transactions and economic contacts, also over the Internet; arranging commercial transactions for third parties, also within the framework of e-commerce, namely, facilitating business-to-business and business-to-consumer transactions in the field of motor vehicles; Demonstration of goods; Goods and services presentations, namely, conducting product presentations for others in the field of motor vehicles; Advertising; Arranging of service contracts for the providing of services in relation to motor vehicle workshops

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Assembly, namely, installation and assembly of vehicle components; Installation services in the field of motor vehicles, namely, installation of vehicle components into motor vehicles; cleaning, repair and maintenance in the field of motor vehicles, namely, automobile cleaning, automobile repair, automobile maintenance services; Vehicle greasing; Vehicle battery charging; Providing information in the field of motor vehicle repair; Vehicle maintenance; Car cleaning; automobile service station services; Air conditioning apparatus installation and repair; Telephone installation and repair; Installation, repair and

maintenance of data technology installations, namely, computer hardware, networking hardware, cell phone related hardware; Vehicle polishing; Vehicle breakdown repair services; Anti-rust treatment for vehicles; vulcanizing of automobile tires; Rebuilding boat and automobile engines that have been worn or partially destroyed; Rental of cleaning machines; Rental of road sweeping machines; Vulcanization of tires; Airplane maintenance and repair; Motor vehicle maintenance and repair; Automobile washing; Consultancy and information in relation to the aforesaid services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Decorative magnets; Apparatus, instruments and cables for electricity, namely, electric cables; Optical devices, enhancers and correctors, namely, optical lenses; Signal appliances, namely, signal bells, vehicle traffic signals; Safety equipment, namely, fire escape ladders; protective gear, namely, protective face shields, helmets, masks, suits for aviators, and laboratory clothing; Apparatus for navigation, namely, global positioning systems; Orientation apparatus, namely, compasses; Location tracking apparatus, namely, GPS tracking devices; Target Trackers, namely, GPS tracking devices; Mapping equipment, namely, GPS mapping devices; Meteorology apparatus, namely, meteorological balloons; Detection instruments, namely, gas and fluid detectors; surveillance instruments, namely, electric and electronic video surveillance installations; Monitoring apparatus, namely, electronic monitors and monitor modules for monitoring electric current and electrical signals; Instrumentation simulators, namely, simulators for the steering and control of vehicles; Electric batteries for vehicles, namely, electric batteries, rechargeable electric batteries; Alarms, namely, fire, smoke alarms; Alcoholmeters, namely, apparatuses for measuring alcohol content; Ammeters; Testing apparatus not for medical purposes, namely, electronic sound level meters; Armatures for use in electric apparatus; Starter cables for motors, namely, battery starter cables; Anode batteries; Junction boxes; Connections for electric lines; Antennas; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric wires, electric switches; Distance recording apparatus, namely, odometers; Apparatus for measuring the thickness of skins not for medical use; Railway traffic safety appliances, namely, railway traffic signals; Asbestos clothing for protection against fire; Asbestos gloves for protection against accidents; Asbestos safety screens for firemen; Breathing apparatus, except for artificial respiration, namely, rebreathers; Non-medical respiratory masks, other than for artificial respiration; Respirators for filtering air other than for artificial respiration; Balancing apparatus, namely, hand-held computers that incorporate vibration meters; Steering apparatus, automatic, for vehicles, namely, laser object detectors for use on vehicles; Batteries, electric; Electricity limiters; Petrol gauges; Video telephones; Anti-glare glasses; Anti-dazzle shades; Flashing safety lights; Spectacles; Spectacle cases; Spectacle frames; Spectacle frames, namely, frames for spectacles and sunglasses; Lenses for eyeglasses; Compact disc players; Integrated circuit chips; Chronographs for use as a specialized time recording apparatus; Magnetic encoders; Encoded magnetic key and identity cards; CD-Rom players; compact discs in the field of motor vehicles; Computers; Computer operating programs, recorded; Computer screens; Peripherals adapted for use with computers; Recorded computer programs for use in the field of motor vehicles, namely, software for ordering spare parts for motor vehicles via the internet, software for determining and planning maintenance intervals, software for providing graphical identification of parts for motor vehicles, diagnostics software for motor vehicles, software for identification of repair data and calculation of repair cost for motor vehicles, software for planning and organizing maintenance work for motor vehicles, trailers, and trucks, software for configuring wheels, wheel rims, and tires of motor vehicles, software for trading vehicles, software for car workshops for job order planning, job processing, and job-order costs, including document processing and billing, software for supplier support and customer care in car workshops, software for

interfaces and networks for car workshops, and software for customer acquisition, financing of vehicles, purchase and sale of motor vehicles, and timekeeping in car workshops; Downloadable computer programs for use in the field of motor vehicles, namely, software for ordering spare parts for motor vehicles via the internet, software for determining and planning maintenance intervals, software for providing graphical identification of parts for motor vehicles, diagnostics software for motor vehicles, software for identification of repair data and calculation of repair cost for motor vehicles, software for planning and organizing maintenance work for motor vehicles, trailers, and trucks, software for configuring wheels, wheel rims, and tires of motor vehicles, software for trading vehicles, software for car workshops for job order planning, job processing, and job-order costs, including document processing and billing, software for supplier support and customer care in car workshops, software for interfaces and networks for car workshops, and software for customer acquisition, financing of vehicles, purchase and sale of motor vehicles, and timekeeping in car workshops; Computer keyboards; Crash test dummies; Data processing apparatus; Theft prevention installations, electric, namely, theft alarms; Burglar alarms; Regulators, namely, electric light dimmers; Revolution counters, namely, speedometers; Electric inductor coils; Pressure measuring apparatus; tire pressure gauges; Digital video disc players; DVD players; Dynamometers; Electronic book readers; Ignition, namely, remote engine ignition switch system in the nature of electric apparatus for the remote control of industrial operations; Electronic locks; Electric sensors; coils, electric; Electricity transformers; Resistances, electric; Electric wires; Electric cables; Capacitors; Electromagnetic coils; Electronic notice boards; Electronic pens; Electronic agendas; Telemeters; Distance measuring apparatus; Anti-interference devices, namely, anti-glare spectacles; Distance measuring apparatus in the nature of mileage recorders for vehicles; TV sets; Telephones; Fire blankets; Fire extinguishers; Fire engines; Fire pumps; Fire alarms; Fire beaters in the nature of fire extinguishers; Fireproof clothing, namely, clothing for protection against fire; Fire hose; Filters for respiratory masks; Photovoltaic cells; Hands free kits for phones; Frequency meters; Radiotelephony sets; Speed indicators; Speed checking apparatus for vehicles, namely, radar detectors; Grids for batteries; Holders for electric coils; Electrical inductors; Interfaces for computers; Ducting for electric cables; Electricity wire connectors; Sheaths for electric cables; Electric regulating apparatus, namely, control valves for regulating the flow of gases and liquids; Headphones; Data processing equipment in the nature of couplers; Electric couplings; Chargers for electric batteries; Loudspeakers; Speaker enclosures; Readers in the nature of data processing equipment; Light-emitting diodes; Luminous signs; Air analysis apparatus, namely, gas detectors for detecting the presence of gas in the air; Solenoid valves; Material for electricity mains, namely, electric cables and wires; Instruments for testing materials, namely, metal hardness, strength and density testing machines; Material testing machines, namely, metal hardness, strength and density testing machines; Quantity indicators, namely, fuel gauges; Measuring apparatus, namely, bevels, rain gauges; Measuring instruments, namely, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges, exhaust gas temperature gauges; Microphones; Microprocessors; Radio telephones; Modems; Computer monitors; Navigation apparatus for vehicles in the nature of on board computers; Electrical navigational instruments; Blank optical data carriers; Fiber optic cables; Optical condensers; Optical lanterns; Optical lenses; Oscillographs; Parking meters; Pedometers; Plates for batteries; Precision measuring apparatus, namely, instruments for measuring torque and temperature; Precision balances; Mercury levels, namely, level gauges, level indicators; Radar apparatus; Vehicle radios; Smoke detectors; Reflecting discs for wear, for the prevention of traffic accidents; Relays, electric; Lifesaving apparatus and equipment, namely, rafts, buoys, nets, belts; Life vests; Levels, namely, surveyors' levels; Cell phone straps; Cathodic anti-corrosion apparatus, namely, sacrificial anodes; Satellite navigational apparatus, namely, a global positioning system; Acidometers for batteries; Switches, electric; Electric apparatus for commutation, namely, micro-controllers, analogue-to-digital converters, digital-to-analogue converters; Integrated circuits; Slide calipers; Encoded key cards; Fuses; Head

protection, namely, hard hats; Transmitters of electronic signals; Electronic tags for goods; Signals, luminous or mechanical, namely, vehicle traffic signals; Signaling panels, luminous or mechanical, namely, road signs; Simulators for the steering and control of vehicles; Sirens; Smartphones; Solar energy collectors for power generation, namely, solar cells; Solar thermal modules for electricity generation; Solar batteries; Close-up lenses; Sunglasses; Voltage regulators for vehicles; Mirrors for inspecting work, namely, work inspection optical mirrors; Sports glasses; Plugs, sockets and other contacts, namely, electric connectors; Covers for electric outlets; Road signs, luminous or mechanical; Lighting ballasts; Rectifiers; Electrified rails for mounting photographic spot lights; Electric circuit closers; Circuit breakers; Electric loss indicators, namely, meters for measuring the loss of electricity; Converters, electric; Electricity Inverters; Tachometers; Cases adapted for mobile phones; Taximeters; Temperature indicating apparatus, namely, thermometers; Thermometers, not for medical purposes; Thermostats for vehicles; Apparatus for the transmission of sound; Apparatus for the reproduction of sound; Portable media players; Walkie-talkies; Step-up transformers; Electronic Transistors; Transponders; Triodes; Voltage surge protectors; Mains monitoring apparatus, namely, power quality analyzers; Resuscitation Mannequins; Shoes for protection against accidents, irradiation and fire; Gloves for protection against accidents; Nets for protection against accidents; Protection devices for personal use against accidents, namely, protection masks; Blank USB flash drives; Vacuum gauges; Pressure indicator plugs for valves; Junction sleeves for electric cables; Wire connectors for electricity; Traffic lights; Traffic light apparatus; safety Traffic cones; Camcorders; Video recorders; Viscometers; Voltmeters; Balancing apparatus, namely, hand-held computers that incorporate vibration meters; Weight measuring instruments, namely, scales; Weighing apparatus and instruments, namely, scales and balances; Heat regulating apparatus, namely, thermostats; Vehicle breakdown warning triangles; Bubble levels; Intercommunication apparatus, namely, wireless communication devices for voice, data or image transmission; Time recording apparatus, namely, timers, stop watches; Reducers, namely, electric controllers to reduce power consumption; Batteries for lighting; Audiovisual apparatus, namely, slide projectors; Light diodes, and all of the aforementioned excluding computer application software for mobile phones and handheld computers, namely, software for capturing system performance metrics and data from imbedded sensors and computer modules in systems and subsystems to be used in providing system and subsystem state of health and performance indications in land vehicles

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication services, namely, providing telecommunications connections to the internet or databases; Information about telecommunication; Providing user access to global computer networks; Providing telecommunications connections to a global computer network; Providing user access to computer programs in data networks; Email services, namely, providing transmission of email; Communications by cellular phones; Computer aided transmission of messages and images; Satellite transmission; Transmission of digital files; Message sending; Rental of telecommunication facilities; Rental of telephones; Rental of telecommunication equipment

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Transport of goods; vehicle parking and vehicle storage, mooring, namely, providing vessel mooring facilities, marina services; vehicle towing; Vehicle breakdown towing services; Transportation information; Travel and passenger transportation, namely, transport of travellers; Providing driving directions for travel purposes; Freight forwarding; Removal services, namely, junk removal; Storage of goods; GPS navigation services in the nature of controlling of fleet vehicles using electronic navigational and positioning apparatus; Freight brokerage; Logistics in the transport sector, namely, supply chain logistics and

reverse logistics services; Transport by air; Transport reservation; Motor car transport services, namely, taxi services; Truck hauling; Transportation logistics, namely, freight logistics management, planning and scheduling shipments for users of transportation services; Traffic information; Vehicle hire, namely, vehicle rental, chauffeur driven car hire services; Garage rental; Rental of vehicle roof racks; Rental of traffic control apparatus, namely, rental of mechanical parking systems; Rental of GPS equipment for navigational purposes; Delivery of goods by mail order

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Padding and stuffing materials not of rubber, paper or plastic; Fibrous gaskets for ships, namely, fabric for holding a stowed sail in place; Vehicle covers, not fitted; Feathers for stuffing upholstery; Wadding for filtering; Grasses for upholstering, namely, esparto grass; Hemp fibers; Hemp bands for textile use; Slings, not of metal, for handling loads; coconut fiber; Belts, not of metal, for handling loads; Awnings of plastic; Awnings of textile; Stuffing, not of rubber or plastic or paper; Sails; Harness, not of metal, for handling loads, namely, belts; Sea wrack for stuffing; Straw for stuffing upholstery; Camouflage nets; Camouflage covers in the nature of nets for camouflage; Ropes, not of metal; Tents; Sails; Ropes and strings; Nets

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Dust controlling compositions, namely, dust absorbing compositions, dust binding compositions for sweeping; all-purpose lubricants and industrial greases, and waxes; all-purpose lubricating fluids, namely, oils; Fuel in the nature of alcohol; Gasoline; Benzol, namely, benzene fuel; Fuel gas; Mazut; Methylated spirit for fuel; Fuel with an alcoholic base; Vaporized fuel mixtures; Ethanol for use as fuel; Lubricating graphite; Kerosene; Mineral motor fuel; Preparations for absorbing dust, namely, petroleum-based binding compositions; Motor oil; Non- chemical fuel additives; Industrial grease; Petroleum, raw or refined; Lubricating grease; Lubricating oil; Industrial grease; Carburants; Solidified gas, namely, fuel; Fuel; Electrical energy

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Flexible pipes, tubes, hoses, and fittings therefor, including valves; Seals, sealants and fillers; Insulating materials and articles; Shock-absorbing materials; Vibration dampers; Joint packings; Spacers other than pipe clamps; Sealing foils; Semi-processed synthetic filter materials; Adhesive tapes; Adhesive strips; Adhesive films; Clutch linings; Tire restoration materials; Tire repair materials; Anti-corrosion tape; Fixing film; Marking tape; Rubber pouches; Rubber bands; Handles, supports of rubber; Compressed air pipe fittings not of metal; Asbestos packing; Asbestos fabrics; Asbestos coverings; Anti-dazzle films for windows; Tinted films for windows; Weatherstripping compositions; Caulking materials; Sealing rings; Draught excluder strips; Dielectric insulators; Insulating refractory materials; Semi-processed forms as filtering materials; films of plastic as filtering materials; Fiberglass fabrics for insulation; Rubber material for recapping tires; Clack valves of rubber; Rubber solutions; Sleeves of rubber for protecting parts of machines; Shock-absorbing buffers of rubber; Rings of rubber; Rubber stoppers; Brake lining materials, partly processed; Insulators for electric mains; Insulators; Insulating tape and band; Insulating felt; Insulating gloves; Adhesive bands other than stationery and not for medical or household purposes; Artificial resins for semi-finished products; Rubber; Chemical compositions for repairing leaks; Reinforcing materials, not of metal, for pipes; Pipe gaskets; Compositions to prevent the radiation of heat; Padding materials of rubber or plastics; Pipe jackets, not of metal; Junctions, not of metal, for pipes; Soundproofing materials; Washers of rubber or vulcanized fiber; Valves of india-rubber or vulcanized fiber; Pipes made of rubber for motor vehicles; Non-conducting materials for retaining heat; Waterproof packings;

Cylinder jointings; Rubber

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Headgear, namely, hats, caps; Clothing, namely, shirts, pants; Footwear; Motorists' clothing, namely, motorcycle jackets, leather pants; Paper clothing, namely, shirts, pants; Gloves; Shirts; Jackets; Jumpers; Gowns; Ready-to-wear clothing, namely, shirts, dresses, pants; Neckties; Short-sleeve shirts; Leather clothing, namely, jackets, belts; Coats; Caps; Cap peaks; Outer clothing in the nature of outer jackets; Ear muffs; Combinations; Parkas; Cyclists' clothing, namely, pants, shirts; Rainwear; Sleep masks; Lace boots; Fittings of metal for footwear, namely, tips, soles; Tips for footwear; Socks; Headbands; Tights; Sweaters; Tee-shirts; Visors; Money

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Hygienic and beauty implements for humans and animals, namely, foot files, foot scrapers, emery files; Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, namely, brake pad spreaders, valve holders; Lifting Tools, namely, hand operated lifting jacks; Gimlets; Drill holders, in the nature of hand tools specially adapted for holding hand held drills; Frost scrapers; Draw wires; Air pumps, hand-operated; Metal hand tools, namely, wire stretchers; hand tools, namely, riveters; Hand tools, namely, hoop cutters; Saw blades for hand saw; Hand saws; Shears; Hand tools, namely, manually operated sharpening wheels; Sharpening stones; Nail files; Cutting tools, namely, hand blades in the nature of fixed blade knives, files and saws; Spanners; hand tools, namely, screwdrivers; Hand tools, namely, bench vices; Clamps for carpenters or coopers; Hand tools, namely, spatulas; Hand tools, metal wire stretchers; Lifting jacks, hand-operated; Tool belts; Pliers, and all of the aforementioned excluding automatically measuring, cutting, and mudding drywall trim pieces

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Building and construction materials and elements of metal, namely, building panels, building parts, namely, pipes, tubes and ducts for heating, air conditioning, ventilation as well as fastening and mounting accessories, namely, screws, mounting flanges, dowels and nails and pipe collars; Metal hardware, namely, screws, bolts, springs, sash pulleys; Doors, gates, windows and window coverings in the nature of metal window frames; shelter structures and transportable buildings of metal; Containers, and transportation and packaging articles, of metal, namely, metal containers for the storage and transportation of goods; Bicycle parking installations of metal, namely, bicycle storage racks; Reinforcing materials of metal for machine belts; Beacons of metal, non-luminous; Clips of metal for cables and pipes; Tanks of metal, namely, metal storage tanks; Closures of metal for containers; Thread of metal for tying-up purposes, namely, metal bands; Lead seals for use in building; Wire; Wire gauze; Wire rope; Nozzles of metal, namely, metal water spray nozzles for commercial and industrial use; Badges of metal for vehicles, namely, metal name badges; Locks of metal for vehicles; metal hardware, namely, Springs; Hoppers of metal, non-mechanical; Knobs of metal; Metal hooks; Metal cable clips; Couplings of metal for chains; Cramps of metal; Vice claws of metal, namely, metal vice claws; Belts of metal for handling loads; Crash barriers of metal for roads; Guard rails of metal; Ferrules of metal for walking sticks; Rivets of metal; Metal vehicle license plates; Armor plating; Stops of metal for doors, gates; Immobilizing devices for vehicles, namely, wheel lock boots; Keys, namely, metal keys for locks; Split rings of common metal for keys; Grease nipples; Bolts of metal; Screw nuts of metal; Signaling panels, non-luminous and non-mechanical, of metal, namely, road signs; metal Tension links; Cotter pins of metal; Metal stepladders; Street gutters of metal; Signs, non-luminous and non-mechanical, of metal, for roads; Containers of metal for liquid fuel; Gates of metal; Machine belt

fasteners of metal; Belt stretchers of metal, namely, reinforcing materials of metal for machine belts; Door handles of metal; metal Shims; Valves of metal, other than parts of machines; Sealing caps of metal; Tool handles of metal; Tool boxes of metal, empty; empty Tool chests of metal; Small items of metal hardware, namely, metal screws, metal nuts, metal washers, metal bolts

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

Mark Literal(s) DC SUPER HERO GIRLS

CASE IDENTIFIERS

Serial Number 87035020 **Application Filing Date** May 12, 2016 **Register** Principal **Mark Type** Trademark **Publication Date** Oct. 25, 2022

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the stylized wording "DC SUPER HERO GIRLS" in which the word "DC" is slightly smaller than and centered over the word "SUPER" which is the same size and offset to the left and above the word "HERO" which is slightly larger than and offset to the left and above the word "GIRLS". A curved line starts at the top of the "D" in "DC", swoops down and behind the "SU" in "SUPER", and curves down below the remainder of the wording and then back up, at which point it splits into two curved lines that end on the word "GIRLS" at the beginning and end of the word, respectively. There is also a shaded star in the center of the "O" in "HERO". The colors black and white in the drawing represent background, outlining, shading, and/or transparent areas and are not a part of the mark. **Color Claimed** Color is not claimed as a feature of the mark.

International Applications/ Registrations Based on this Property A0060740/1335902 **International Registration Number** 1335902

GOODS AND SERVICES INFORMATION

For Motion picture films featuring comedy, drama, action, adventure and animation, and motion picture films for broadcast on television featuring comedy, drama, action, adventure and animation; audio video discs, and digital versatile discs featuring music, comedy, drama, action, adventure, and animation; stereo headphones; batteries; cordless telephones; CD players; CD-ROM computer game discs; telephone and radio pagers; compact disc players; radios; mouse pads; eyeglasses, sunglasses and cases therefor; downloadable software for use in playing online computer games, downloadable computer game software; computer game software for use on mobile and cellular phones; video and computer game programs; video game cartridges; computer and video game software; computer game software for gaming machines including slot machines; computer software or firmware for games of chance on any computerized platform, including dedicated gaming consoles, video based slot machines, reel based slot machines and video lottery terminals; CD-ROM and digital versatile computer game discs and computer programs, namely, software linking digitized video and audio media to a global computer information network; downloadable audio-visual media content in the nature of recordings in the field of entertainment featuring animated motion

pictures, and television series featuring comedy, drama, action, adventure and animation; computer software, namely, computer software for streaming audio-visual media content via the Internet, computer software for streaming and storing audio-visual media content, downloadable audio and video players for media content with multimedia and interactive functions, video search and annotation software, multimedia content protection software, database management software, database synchronization software; computer programs for accessing, browsing and searching online databases, software that enables users to play and program entertainment-related audio, video, text and multi-media content; computer application software for streaming and storing audio-visual media content; computer application software for streaming audio-visual media content via the Internet; downloadable computer software for streaming audio-visual media content via the Internet; downloadable computer software for streaming and storing audio-visual media content; downloadable publications in the nature of books featuring characters from animated, action adventure, comedy and drama features, comic books, children's books, strategy guides, magazines featuring characters from animated, action adventure, comedy and drama features, coloring books, children's activity books and magazines in the field of entertainment; cellular telephone accessories, namely, hands-free devices, cellular telephone covers and cellular telephone face covers; encoded magnetic cards, namely, pre-paid telephone calling cards, credit cards, gift cards, debit cards and magnetic key cards; and decorative magnets

GOODS AND SERVICES INFORMATION

For Containers for household and kitchen; Devices for household and kitchen, namely, squeegees, strainer utensil; Beverage glassware, porcelain cups and bowls; earthenware cups and bowls; Figurines of vehicles made of glass or porcelain; Statues, figures and works of art made of china, crystal, earthenware, terra cotta, glass, porcelain; Crockery, namely, pots, dishes, drinking cups and saucers, bowls, serving bowls and trays; Trash containers for household use; Bottles, sold empty; Recipe boxes, window boxes, candy boxes, pet litter boxes; Cups; Pie tins; Trash cans; Funnels

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Land vehicles; Motor cars for transport on land; Tractors; Parts, spare parts and accessories for land vehicles, in particular drive belts and gears, transmission mounting plates for land vehicles, braking systems, brakes, brake pads, brake linings, brake calipers, wheel rims, clutches for land vehicles, wheels, tire chains, gearboxes, engines, windscreen wipers, rearview and side view mirrors, transmissions; Space vehicles, namely, shuttles; Vehicle suspension springs for chassis; Wheel rims; Tyres; Trailers; Land vehicle suspension parts, namely, coil springs

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Scale model vehicles and machines in miniature form; Model toy vehicles and machinery being a plaything; Toys, namely, road paver machines, paver screed machines, road material feeder machines, and construction machines, cars, stuffed animals; Dice games; Playthings and curiosities, namely, balls for sports; Sports articles and equipment, namely, footballs; Video game joysticks

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Pencils; Crayons; Fountain pens; Office requisites, namely, envelopes, folders, notebooks, writing pads, staplers, hole punches, storage containers of paper or cardboard; Pen and pencil cases; Graphic representations; Calendars; Maps; Printed brochures, prospectuses, training materials in the field of site and road construction and site and road construction machinery; Notepad cardboard boxes; Stationery; Pouches for writing instruments, paper bags, envelopes; Plastic packaging material, namely, plastic bubble packs for wrapping or packaging

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Building material dispensing machines for dispensing asphalt, concrete, bitumen, and polymers; Asphalt mixers; Asphalt paving machines; Front end loaders; Back end loaders; Concrete mixers; Earth-moving machines; Conveyors and conveyer lines; Power-operated trowels; Power operated loading ramps; Road making machines, namely, machinery for preparing, applying, finishing, manufacturing, reworking, structuring, solidifying and/or distributing road surfaces; Landfill construction machinery, namely, road rollers; Material handling machines, namely, conveyer, paver screed, road material feeder, and paver machines for handling asphalt, concrete, bitumen, and polymers; machines for manufacturing asphalt, concrete, bitumen and polymers; Material processing and production machinery, namely, asphalt paving machines; Mixing machines and concrete mixers; Machine operated platforms capable of elevation above ground level and used for storage; Drives for motors; Variable speed drives for machines; Vibratory grinding machines; Concrete vibrators; Spraying machines; Power-operated industrial atomizers for spraying liquids for dust suppression; Rammers; Road-making machines; Road finishers, namely, ground surface finishing and compacting machines; Mechanical spreaders; Earth compacting machines; Power jacks for cars, electric jacks, hydraulic jacks; Push-rollers, namely, road rollers; Oil separators; Axles for machines; Starter motors; Driving chains other than for land vehicles; Machine wheels, machine roller bearings, and shaft couplings for machines; Engine exhaust systems comprised of pipes, collector and muffler; Pneumatic controls for machines, motors and engines; Brakes for machines; Brake pads other than for vehicles; Brake linings for machines; Brake calipers other than for vehicles; Brushes being parts of machines; Metal engine gaskets for vehicles; Gaskets for internal combustion engines; Machine tools, namely, fluid pressure boosters; Catalytic converters and pressure regulators being parts of machines; Pressure transducers as parts of machines; Machine parts, namely, nozzles which are parts of power-operated sprayers; Emulsion spraying machines; Crawler cranes; Springs being part of machines; Oil filters; Fuel filters; Air filters for motors and engines; Parts for compressed-air tools, namely, air filters; Pulleys being parts of machines; Electric pulley blocks; Belts for conveyors, conveyor equipment, namely, pneumatic conveyers and chain conveyers; Machine parts being guide rails and rollers for use in conveyers; Electricity generators; Gear boxes other than for land vehicles; Dynamo belts; Hydraulic pumps; Hydraulic engines and motors; Hydraulic valve actuators; Hydraulic cylinders for motors and engines; Pressure transducers and transmitters that convert hydraulic or pneumatic pressure into analog electrical signals for monitoring and controlling hydraulic or pneumatic systems sold as a unit with manufacturing machines; V-belts, namely, transmission belts not for land vehicles; Roller chains being parts

of machines; Piston rings; Piston rods for engines; Air compressors; Power transmission belts for machines; Earth moving machines, namely, scrapers and structural replacement parts, namely, chains; Oil coolers for engines; Clutches for machines; Engine bearings; Bearing housings for machines; Rubber tracks being parts of excavating machines; Rubber tracks being parts of mechanical discharging hoppers; Flow dividers, namely, intake and exhaust air flow vane assembly device for use in an internal combustion engine; Engines not for land vehicles; Oil mist spraying machines; Fitted tarpaulins for machinery; Pumps for machines; Vehicle parts, namely, pump transfer cases; Machine wheels; Gears for machines; Regulators being parts of machines; Internal combustion engines land vehicle parts, namely, distributor rotors; Exhaust silencers for engines; Lubrication systems, namely, lubricating pumps and machines; Earth augers; Earth auger blades; Auger transmission systems, namely, transmissions for earth augers; Hydraulic controls for motors and engines of earth augers; Cam shafts for earth augers, transmission shafts, other than for land vehicles, namely, earth augers; Machine flywheels; Pressure sensors for monitoring, controlling, and switching hydraulic or pneumatic systems being sold as a unit with manufacturing machines; Metal clamps used for holding piece parts on machine tool tables; Clamping devices, namely, machine tools in the nature of clamps for use in the precision clamping of work pieces; Hydraulic and pneumatic controls for machines, motors and engines; Shock absorbers for machines; Bumper guards for machines; Bearings, as part of earth compacting machines, other than for land vehicles; Vehicle engine parts, namely, oil tanks; Thermostatic control valves for machines; Roller conveyors; Machines parts, namely, sheaths for machine components; ventilators for motors and engines being cooling fans; Valves as machine components, in particular directional valves, shut-off valves, pressure valves, pressure-reducing valves, flow control valves and servo valves; Distributors for vehicles; Heat exchangers being parts of machines; Spark plugs; Cyclone separators; Filling and lubricating accessories, namely, pneumatic grease guns; Cylinders for machines; Disc brakes for machines; Power-operated lifting machines for moving machines or parts of machinery; Hydraulic motors; Three-phase electricity generators; DC generators; Gas filters for motors and engines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Non-metal and non-paper closures for containers; Packaging containers of plastic; Containers for transport, not of metal; Metal display stands, wooden display stands; Crates and pallets not of metal; Non-metal ladders and non-metal step ladders; Plastic storage containers for storing lubricants and hydraulic fluids, for commercial or industrial use; Non-metal tension pulleys; Statues, figures and works of art of plaster, plastic, wax, wood; Reservoirs, namely, plastic storage containers for commercial or industrial use; Goods not made of metal, namely, head supporting pillows, door fasteners, bolts, wood staves, dowels, packaging containers of plastic, bag handles, hooks, chains, clamps, nuts, nails as fasteners, rivets, poles, plastic shock absorbing protection containers for commercial use, key rings, locks, plastic key rings, screws, valves for containers, holder for pennant signs; Fastening anchors; Ornaments and decorative centerpieces of plaster, plastic, wax, wood; Tent parts, namely, non-metal tent pegs and stakes; Non-metal key rings; Bolts, not of metal

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Lighting apparatus, namely, lighting installations; Electric space heating; Heating elements; Refrigerating appliances and installations; Electric luminaires; Light reflectors; Air filter installations; Air, gas and water purification devices and systems in the field of construction machinery, namely, ultraviolet ray lamps, separators for the cleaning and purification of air, air purification units, water purification installations, gas purification machines, filters for filtering machines for air, gas, and

water conditioning; Ventilation apparatus and installations, namely, ventilation hoods, ventilating fans for industrial use; Radiators; Vehicle headlights; Pocket flashlights; Air conditioning apparatus, units and installations; Water filters; Radiator caps; Strainers for water lines; Overhead tracks, namely, electric track lighting units

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

For Education, namely, providing classes and seminars about machinery maintenance and repair and operating machines for construction; Training in the use and operation of road site construction machinery and educational consultation relating thereto; Organizing, arranging and conducting educational courses, workshops and seminars in the fields of road repair and construction and road construction machinery; Training courses, in particular in regard to occupational safety and the operation, use, repair and maintenance of vehicles, equipment and machinery, as well as parts thereof; Providing defensive driving instruction, driver improvement training, and driver education courses

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Chemicals for purifying exhaust gases in chemical processes; Chemicals for reducing the emission of pollutants in exhaust gases from combustion engines; Chemical additives for fuels, lubricants and industrial oils; Hydraulic fluids; Transmission fluid

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Commercial consultancy services in the fields of road construction and road construction machinery; Import-export agency services; Computerized on-line ordering services in the fields of road construction materials and construction machinery; Providing an interactive web site for persons to register complaints against companies and/or services in the fields of road construction and road construction machinery; Providing consumer product information relating to the fields of road construction and road construction machinery; Operating an information, complaints and emergency hotline in the nature of a telephone call center for others; Providing business data analysis, information and research services in the fields of road construction and road construction machinery; Data processing services; Business administration and office work; Business analysis, namely, conducting cost/benefit analyses, cost/price analyses and business capacity utilization surveys in the fields of road capacity, road construction and road construction machinery; Statistical evaluations of marketing data in the fields of roadway advertising, road construction and road construction machinery; Marketing the goods and services of others and sales promotion for others in the fields of road construction and road site construction machinery; Provision of commercial and business contact information; Business planning in the fields of mechanical engineering, electrical engineering, structural engineering and civil engineering and mining products, industrial plants, vehicles, consumer electronic devices and machinery; Business project management services; Business administration of fleets of vehicles and machinery and related consultancy services; Product demonstrations and preparing audiovisual presentations for use in advertising in the fields of road construction and road construction machinery; Business quality management, namely, business process improvement consulting services; Business administration services; Organising trade fairs for commercial or advertising purposes in the fields of road construction and road construction machinery; Negotiation of commercial transactions for third parties; Advertising services in the fields of road construction and road construction machinery; Advertising and business advice relating to telematics' services; Advertising business especially in the field of telematic and telephone networks; Compiling and systematising of data and information in electronic databases

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Maintenance and repair of roads and road construction machinery; Application of protective coatings to roads and road construction machinery; Consulting in the fields of road construction and maintenance and repair of road construction machinery; Road and site management, namely, construction project management services in the field of road construction and storage facilities for road construction machinery; Construction and demolition of roads and road construction machinery; Custom construction of roads and custom manufacture of road construction machinery; Installing, repairing and maintaining roads and road construction machinery; Construction of above ground structures, namely, roads and building for use at road construction sites; Road construction, paving, stripping and sealing; Installation, repair, cleaning and maintenance of roads and road construction machinery; Sewer construction services; Road construction; Lending, renting and leasing road and road construction equipment; Providing advice and information in regard to road construction and maintenance and repair of road construction machinery; Technical support services, namely, providing technical advice in the fields of road construction and maintenance, and repair of road construction machinery; Construction planning in the field of road construction

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Surveying instruments; Devices, apparatus and instruments for conducting, switching, transforming, accumulating, regulating and checking electricity, namely, devices for measuring electric current, electric conductors, electric switches, electric transformers, electric accumulators, electric transducers; Apparatus for recording, transmitting, receiving and reproducing sound, images and data; Aerials; Aerial systems comprised of amplifiers, cables, and antennas; OLED display panels; Audio equipment, namely, radio receivers, cables, mixers, recorders, digital audio tape players; Batteries; Battery chargers; Bracket sensing equipment, namely, electronic proximity sensor; Electrical controller area network (CAN) modules; Computers; Computer peripheral devices; Blank magnetic data carriers for recording images, sound and data; LED displays; Dosing systems, namely, mechanical dispensers of preset portions of fluids, solid granules and powder for dosing purposes, all not for medical use; Dosage dispensers, namely, machines for dispensing pre-determined dosages of medication; Insulated copper wire, electrical wires; Pressure switches and sensors for monitoring, controlling, and switching hydraulic or pneumatic systems; Data processors; Telematics apparatus, namely, wireless Internet devices which provide telematic services and have a cellular phone function; Optical communication equipment, namely, optical character recognition apparatus, optical sensors, optical scanners; Electro-dynamic apparatus for the remote control of signals; Electronic circuits and printed circuit boards (PCBs); Electrical amplifiers; Voltage monitor modules, memory modules, computer memory modules, integrated circuit modules; Electrostatic emission control devices, namely, electrostatic precipitators for reducing particulate emission in industrial applications; Audiovisual receivers; Remote controls for font-end loader, paver, road material feeder, and paving screed machines; Fire extinguishers; Prerecorded motion picture films featuring instruction in the field of road and site construction; Filter components, namely, optical filters; Air traffic control radio equipment; Graphic equalizers; Computer hardware; Optical sensors for determining elevation grades of roads; Pulse generators for testing electric current; Joysticks for use with computers, other than for video games; Computer cables; Safety harnesses other than for vehicles or sports purposes; Cable connectors; Computer terminals; Communication equipment, namely, hubs, modems and computers and devices in the field of telematics, namely, wireless Internet devices which provide telematic services and have a cellular phone function; Lasers, not for medical use; Laser, infra-red and ultrasound equipment, devices and instruments, namely, ultrasonic sensors,

infrared cameras, and lasers for industrial use; Light-emitting diodes; Luminous beacons; Magnets; Magnetisation and demagnetisation devices, namely, magnets and demagnetizers for demagnetizing ferrous metal objects; Navigation devices and instruments, namely, compasses; Orientation devices and instruments, namely, global positioning system; Location and target tracking devices and instruments, namely, GPS tracking devices; Mapping devices and instruments, namely, surveying instruments; Levelling apparatus, devices and instruments, namely, level gauges, plumb levels, spirit levels, leveling rods; Levelling systems comprised of level measuring machines, tripod and optical scope; Oil level indicators; PCBs; Proportional power amplifiers; Testing and quality control devices and instruments, namely, bar code scanners, circuit testers, ultrasonic instrumentation for testing machines, and machines and instruments for testing asphalt, bitumen, concrete, and plastics, none for medical purposes; Calculating machines; Optical reflectors; Electric relays; Scanners; Commutators; USB computer security key; Electronic key cards; Protective covers for cell phones; Radio transmitters; Safety devices and equipment, namely, reflective safety vests, safety helmets, safety tarpaulins, safety nets; Security equipment, namely, theft prevention installations comprising cameras, computers, sensors, and electric relays, sold as a unit; Fuses; Signaling equipment and code charts, namely, digital voice signal processors, signaling whistles, encoded bar code labels; Computer software for operating construction machines in the field of road and site construction; Electric buzzers; Ultrasonic sensors; Blank USB cards; Scales; CPUs; Level indicators

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Providing access to electronic databases and telecommunication networks; Telematic sending of information; Information transmission by telematic codes; Transmission of information via computers connected to the same telematic network; Communication services, namely, electronic transmission of data and documents among users of computers; Communication by means of radio, computer terminals, satellite, and digital transmission; Transmission and delivery of voice, data, graphics, images, audio, video, digital music and satellite images via cable television, wireless communication networks, and the internet; Telecommunication services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; Renting of access time to electronic databases and telecommunication communication networks; Leasing and renting satellite transmission capacity; Leasing and renting of telecommunications lines; Leasing and renting of telecommunication equipment; Leasing and renting commercial fixed wireless spectrums; Providing advice and information, namely, telecommunication consultancy in the fields of road maintenance, construction and road construction machinery; Telecommunications consultation services, namely, technical consultancy with regard to information transmission by telematic codes

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Engine oil; All-purpose lubricants; Industrial greases; Industrial oils and fats

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Sealing, packing and insulating material; Tubing consisting of plastic films for rehabilitating pipelines and plumbing systems; Hoses made of rubber or plastic for the road and site construction industry; Non-metal seals for rigid and flexible pipe connections; Packing materials of rubber for protection during storage and shipping; Hydraulic hoses made of rubber or plastic; Pipe gaskets; Insulating materials

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Hand-operated hand tools, namely, chisels, screwdrivers, shovels, wrenches, hammers, nail punches, nail pullers, bill-hooks, locking clamp tools, cutting tools, riveting tools, saws; Hand tools, namely, hand-operated pumps; Pocket knives; Filling and lubricating accessories, namely, manually-operated grease guns; Hand tools, namely, wedges; Hand tools in the nature of screeds as guides for the even application of masonry; Hand tools, namely, tampers; Hand tools, namely, files

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Engineering design consultancy in the fields of road construction and road construction machinery and replacement components thereof; Engineering design services; Design and development of computer hardware and software; Conducting research and development of products; Development of new products, products in the fields of mechanical engineering, electrical engineering, structural engineering, and civil engineering and mining, industrial factory plants, vehicles, and machinery, and replacement components thereof; Development of new technology for others in the fields of industrial manufacturing machinery, road construction and road construction machinery; Conducting engineering surveys and preparing expert opinion letters therefrom; Technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems relating to product development in the fields of mechanical engineering, electrical engineering, structural engineering, civil engineering and mining, industrial factory plants, vehicles, machinery, and replacement components thereof; Research in the fields of mechanical engineering, electrical engineering, building construction, road construction and road construction machinery; Analysis of roads and road construction sites of others to assure compliance with industry standards; Industrial research in the field of road, building, and bridge construction; Engineering services; Information technology IT consulting services; Measuring services, namely, measurement evaluations in the road, building, and bridge construction industry; Product quality and safety testing services; Quality control for others; Authentication in the field of construction machinery; Developing customized software for others incorporating computer modelling and manufacturing concepts implemented in the operation, production and logistics of commercial enterprises; Think tank services, namely, providing new ideas and concepts for web-based applications for others; Computer systems analysis; Weather forecasting; Scientific research; Scientific and technological services, namely, research and design in the field of integrated system architecture that allows for the rapid development of highly interactive and customizable learning applications; Lending, renting and leasing of computers, and computer facilities; Civil engineering; Lending, renting and leasing of computers and telematics apparatus, namely, wireless internet devices which provide telematic services and have a cellular phone function

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Structural joint connectors of metal; Wrapping or binding bands of metal; Containers of metal for liquid gas; Sheet metal; Sheets of metal including those from alloy steel and titanium; Metal plates for further manufacturing; Metal bolts; Metal expanding sleeves for affixing screws; Metal dowels; Belts of metal for handling loads; Metal hooks; Non-electrical metal cables and wires; Metal chains; Metal lines in the nature of cable wire; Metal storage items, namely, metal storage tanks; Metal pipes; Metal nuts; Metal rivets; Metal pallets; Metal casters; Metal hinges; Metal clamps; Metal rails; Ironmongery, namely, metal axe spacers, metal screws, screw rings of metal, and small items of metal hardware, namely, pulleys, springs, screws, screw rings of metal; Metal locks; Metal keys for locks; Metal key rings; Metal screws; Structural joint connectors of metal;

Metal guard rails, metal canopies, and metal binding strips used on packaging; Metal ball lock pins; Metal cotter pins; Metal plugs; Metal tubes for telescopic goods; Metal closures for containers; Wall panels of metal; Ceiling supports of metal; Metal floor panels; Steel strips; Casings of metal for filters for use in machines; All-purpose metal straps; Tool boxes of metal; Cans of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

GOODS AND SERVICES INFORMATION

For Organizing and administering healthcare plans for employers; providing information about insurance plans as they relate to healthcare cost transparency

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Managed healthcare services, namely, electronic processing of healthcare information; arranging of managed care contractual services for facilities, namely, hospitals and urgent care centers, primary care, including family practice, internal medicine, OB/GYN, and pediatrics, specialists, namely, cardiology, dermatology, ear, nose, and throat, gastroenterology, general surgery, hematology and oncology, nephrology, neurology, ophthalmology, orthopedic surgery, podiatry, pulmonology, rheumatology, and urology; and ancillary services, namely, imaging, labs, and dialysis; cost management for the healthcare benefit plans of others; medical claims management services, namely, processing of healthcare information in the nature of administering claims of healthcare benefit plans and generating reports based thereon; administration of a discount program enabling participants to obtain discounts on the goods and services of others in the field of health and wellness; business services provided to the healthcare industry, namely, the collection, reporting, and analysis of healthcare insurance data to insurance providers, members, partners and customers for business purposes; providing an online directory of healthcare providers in a healthcare provider network; health care utilization management services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Case management services, namely, the coordination of necessary medical services, for qualified individuals, namely, members requiring medical attention; concierge services for others comprising making requested personal healthcare arrangements and appointments and providing customer-specific information to meet the customer's needs pursuant to the customer's healthcare plan

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Health care services, namely, establishing and maintaining a health care provider network for others for the provision of healthcare services; providing information in the field of healthcare; managed healthcare services, namely, health and wellness counseling, smoking cessation counseling, weight loss counseling, disease management, and transition of care services; health care services, namely, assessing a patient's realtime healthcare information and intercepting the patient to encourage healthy decisions

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

GOODS AND SERVICES INFORMATION

For Metal powders for 3D printers; Protective coatings comprising organic and non-organic materials, namely, coatings comprised of polymers, polyurethanes, paints, glass, preservatives, resins, acrylics, elastomerics, epoxies, and aluminum for additive manufacturing of protective coatings, clear coats, anti-corrosive coatings, fire retarding coatings, and decorative coatings especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion involving laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For 3D printers; machines, machine parts, namely, blades, bearings, bushings, cylinders, gear drives, bus interfaces, shafts, couplings, molds, nozzles, fasteners, regulators, spindles, pulleys, cams, wheels, and wire brushes, wires for additive manufacturing, specifically for additive manufacturing especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion in the nature of laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Chemicals used in industry and science, being powders or dispersions for generative manufacture of parts, prototypes, models, moulds and tools, and other kinds of three-dimensional objects, in particular by means of laser sintering, laser melting, electron beam sintering and electron beam melting; Chemical coatings for use in additive manufacturing, namely, coating materials and thin layers of organic and non-organic materials for applying a coating to substrates, including metal, glass, ceramic, plastic; Chemical compounds in the nature of coating materials consisting of pure metal coating powder, alloyed coating powder, and coating powder mixtures for use in for applying a coating to substrates in the manufacture of a wide variety of metal, glass, ceramic, and plastic goods, and as an additive in manufacturing metal, glass, ceramic, and plastic goods; Chemical preparations for use in industry, namely, organometallic compounds of bonded carbon and metal for industrial use

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Custom manufacturing and product assembly for others of 3D printing machines; material machining, namely, machining parts for others by means of 3D printing; renting of 3D printers; additive manufacturing of parts, workpieces, prototypes, models, shapes, tools and other kinds of three-dimensional objects from powders, wires and dispersions, especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion in the nature of laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition; additive manufacturing especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion in the nature of laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition; heat coating of workpieces, prefabricated parts, material webs, tools and parts of machines of metal, ceramics, plastics, fiber-reinforced plastics, in particular applying heated layers of materials of metal, of ceramic materials, of plastic and composites of two or more of these materials; manufacture and preparation of parts, prototypes, models, moulds and tools and other kinds of three-dimensional objects by means of a generative manufacturing process; Manufacture for others of powders for generative manufacturing of three-dimensional objects, in particular by means of laser sintering, laser melting, electron beam sintering and electron beam melting; Treatment of materials by means of applying of functional protective layers to workpieces, prefabricated parts, material webs, tools and parts of machines, including pre- and post-treatment steps

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Powders of common metal, alloys of metal and dispersions principally of metals, mixtures of common metals, alloys and mixtures comprising common metals or alloys, all for generative manufacture of parts, prototypes, models, moulds and tools and other kinds of three-dimensional objects, in particular by means of laser sintering, laser melting, electron beam sintering and electron beam melting; Common metals and metal alloys and dispersions and layers and layer sequences consisting thereof, all for use in further manufacturing, namely, for use in manufacturing the surface layers on workpieces, tools, and parts of machines; Common metal powders and alloys of common metals in powder form powder, and mixtures thereof, all for use in further manufacturing, namely, in manufacturing the surface layers on workpieces, tools, and parts of machines; Wires and panels consisting of pure common metals and common metal alloys, all for use in in manufacturing the surface layers on workpieces, tools, and parts of machines

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of the mark "Oerlikon AM" in a red stylized font. **Color Drawing** Yes **Color Claimed** The color(s) red is/are claimed as a feature of the mark. **Disclaimer** "AM" **Translation** The wording "OERLIKON AM" has no meaning in a foreign language.

FOREIGN INFORMATION

Priority Claimed Yes **Foreign Application Number** 017663477 **Foreign Application Filing Date** Jan. 04, 2018 **Foreign Registration Number** 017663477 **Foreign Registration Date** Jun. 10, 2022 **Foreign Application/ Registration County** EUROPEAN UNION **Foreign Expiration Date** Jan. 04, 2028

GOODS AND SERVICES INFORMATION

For Metal powders for 3D printers; Protective coatings comprising organic and non-organic materials, namely, coatings comprised of polymers, polyurethanes, paints, glass, preservatives, resins, acrylics, elastomerics, epoxies, and aluminum for additive manufacturing of protective coatings, clear coats, anti-corrosive coatings, fire retarding coatings, and decorative coatings especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion involving laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For 3D printers; machines, machine parts, namely, blades, bearings, bushings, cylinders, gear drives, bus interfaces, shafts, couplings, molds, nozzles, fasteners, regulators, spindles, pulleys, cams, wheels, and wire brushes, wires for additive manufacturing, specifically for additive manufacturing especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion in the nature of laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Chemicals used in industry and science, being powders or dispersions for generative manufacture of parts, prototypes, models, moulds and tools, and other kinds of three-dimensional objects, in particular by means of laser sintering, laser melting, electron beam sintering and electron beam melting; Chemical coatings for use in additive manufacturing, namely, coating materials and thin layers of organic and non-organic materials for applying a coating to substrates, including metal, glass, ceramic, plastic; Chemical compounds in the nature of coating materials consisting of pure metal coating powder, alloyed coating powder, and coating powder mixtures for use in for applying a coating to substrates in the manufacture of a wide variety of metal, glass, ceramic, and plastic goods, and as an additive in manufacturing metal, glass, ceramic, and plastic goods; Chemical preparations for use in industry, namely, organometallic compounds of bonded carbon and metal for industrial use

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Custom manufacturing and product assembly for others of 3D printing machines; material machining, namely, machining parts for others by means of 3D printing; renting of 3D printers; additive manufacturing of parts, workpieces, prototypes, models, shapes, tools and other kinds of three-dimensional objects from powders, wires and dispersions, especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion in the nature of laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition; additive manufacturing especially by means of VAT photopolymerisation, material jetting, binder jetting, material extrusion, powder bed fusion in the nature of laser sintering, laser melting, electron beam sintering, heat sintering and electron beam melting, sheet lamination and directed energy deposition; heat coating of workpieces, prefabricated parts, material webs, tools and parts of machines of metal, ceramics, plastics, fiber-reinforced plastics, in particular applying heated layers of materials of metal, of ceramic materials, of plastic and composites of two or more of these materials; manufacture and preparation of parts, prototypes, models, moulds and tools and other kinds of three-dimensional objects by means of a generative manufacturing process; Manufacture for others of powders for generative manufacturing of three-dimensional objects, in particular by means of laser sintering, laser melting, electron beam sintering and electron beam melting; Treatment of materials by means of applying of functional protective layers to workpieces, prefabricated parts, material webs, tools and parts of machines, including pre- and post-treatment steps

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Powders of common metal, alloys of metal and dispersions principally of metals, mixtures of common metals, alloys and mixtures comprising common metals or alloys, all for generative manufacture of parts, prototypes, models, moulds and tools and other kinds of three-dimensional objects, in particular by means of laser sintering, laser melting, electron beam sintering and electron beam melting; Common metals and metal alloys and dispersions and layers and layer sequences consisting thereof, all for use in further manufacturing, namely, for use in manufacturing the surface layers on workpieces, tools, and parts of machines; Common metal powders and alloys of common metals in powder form powder, and mixtures thereof, all for use in further manufacturing, namely, in manufacturing the surface layers on workpieces, tools, and parts of machines; Wires and panels consisting of pure common metals and common metal alloys, all for use in in manufacturing the surface layers on workpieces, tools, and parts of machines

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

CASE IDENTIFIERS

Serial Number 88320811 **Application Filing Date** Feb. 28, 2019 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Oct. 25, 2022

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a triangular design formed by three lowercase letter "P""s, the upper portions of which are joined together to form a circle with the three stems protruding equidistantly from the circle. The three protruding stems create an equilateral-triangular shape surrounding the circle, thus appearing like a propeller and reminiscent of a three-legged speakerphone. **Color Claimed** Color is not claimed as a feature of the mark.

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Scientific, research, navigation, photographic, optical, signaling, measuring, checking as in supervision, life-saving apparatus and instruments, namely, telephones, punch clocks, time recording devices, namely, time clocks, weighing equipment, namely, scales and balances, graduated rulers, electronic pocket translators, neon signs, electronic notice boards, transparency projection apparatus, kilometer recorders in the nature of odometers for vehicles, telescopes, mechanisms for counter operated apparatus, namely, point-of-sale terminals, fire extinguishers, acoustic alarms, namely, smoke and fire alarms, eyeglasses, batteries, exposed films, namely, exposed camera film; downloadable software for processing electronic payments to and from others; authentication software, namely, downloadable software for authenticating the identity of a payer; downloadable computer software applications for mobile devices and computers, namely, downloadable software for financial analysis, planning and management, downloadable software for securing and protecting data on mobile devices and computers, software for authenticating user identification, downloadable software for controlling access to and communications with mobile devices and computers; software applications for use with mobile devices, namely, downloadable software for use in database management, for use as a spreadsheet, for word processing, for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data in the field of shopping, purchasing, communication, product and service reviews, entertainment, health and fitness, lifestyle, media and video, music and audio, photography and social network; downloadable computer software for posting information, creating electronic product catalogs, responding to requests and placing and fulfilling orders for products, services and business opportunities via local and global computer networks, for use in document management, for searching, browsing and receiving transmissions of text, electronic documents, graphics and audiovisual information on local and remote area networks and global computer networks, on intranets, or on directories of information available on computer networks, for use in software development and web authoring, for use in exchanging information via global computer networks and online from a computer database and the internet, for business use for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances, and marketing information management, for data mining, for high-speed massive e-commerce data processing, and for data customization, all of the foregoing for use by third parties in connection with an interactive website in the field of e-commerce; downloadable computer software applications for use with mobile devices and computers, namely, software for use in database management, for use as a spreadsheet, for word processing, for recording, collecting, organizing, storing,

archiving, reproducing, searching, retrieving and displaying digital data in the field of e-commerce, data management, customer relationship management, entertainment, education and telecommunications provided via the Internet; downloadable instant messaging software; downloadable file sharing software; downloadable communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless and telecommunication networks; downloadable computer software for processing images, graphics, audio, video and text; downloadable computer software applications for downloading and transmitting video files, audio files, films, movies and television programs featuring children's entertainment, family entertainment, drama, action, adventure and fantasy; downloadable computer software for use in the field of business for financial management and financial planning; downloadable cloud-computing software for deploying virtual machines to a cloud computing platform, managing virtual machines on a cloud computing platform; downloadable cloud-based software for storing and managing electronic data, accessing databases and internet security; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing and controlling remote computers and computer networks; downloadable computer software for use in the search and retrieval of computerized information from global information networks and network systems about hobbies, collectibles, auctions and products; data storage programs, namely, downloadable software used for the storage of electronic data and documents and data on hard discs, compact discs, tapes and optical discs; downloadable computer software for use with global positioning system (GPS) navigation systems for navigation, route guidance and electronic mapping; downloadable computer software for use with route planners, electronic maps and digital dictionaries for navigation and translation purposes; downloadable computer programs and downloadable computer software for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances and marketing information management, all in the field of e-commerce and business; digital music downloadable from the Internet; downloadable computer game software and pictures in the field of aircrafts, automobiles, buildings, natural scenery and pets, downloadable motion picture films and movies in the field of children's entertainment, family entertainment, drama, action, adventure and fantasy and music via the internet and wireless devices; downloadable computer game programs, electronic and video games programs and software game programs via the Internet; downloadable computer board game software; computer game software, downloadable; computer game software, recorded; downloadable computer video game programs; downloadable computer applications for streaming videos, music and images; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric wires, electric switches, and electrified fences, namely, electric fences; apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers and recording discs, namely, CD-R, CD-RW, DVD-R and DVD-RW discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; on-line downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials in the nature of flyers, booklets, and instructional materials in the nature of textbooks in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; notebook computers; laptop computers;

portable computers; handheld computers; personal digital assistants; personal portable media players; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations comprising computers and computer monitors; servers, namely, computer servers; computer and telecommunications networking computer hardware; computer network adaptors, switches, routers, hubs; wireless and wired modems and communication cards and devices, namely, cable modems, computer fax modem cards, external modems, internal modems, modem cables, modems; laptop holders in the nature of protective sleeves and carrying cases, computer bags; fire-extinguishing apparatus; computer hardware and firmware for use in the field of business for financial management and financial planning; satellite-aided navigation systems in the nature of automobile navigation system featuring interactive digital map displays, interactive instructions and user generated information; blank compact discs; re-recorded compact discs featuring music; telecommunications apparatus, namely, VOIP phones, network telephones, electronic facsimile machines, portable digital electronic device for sending and receiving electronic mails, and instant messaging communication tool in the nature of portable telecommunication instant messaging devices; mouse pads; mobile phone handsets; mobile phone accessories, namely, battery chargers, cases, covers, ear phones, headsets and hands-free calling devices; alarm monitoring systems; security cameras; mobile radio and television broadcasting units, namely, transmitting and receiving apparatus for radio and television broadcasting and for long-distance transmission; television broadcasting equipment, namely, video cameras, film cameras, monitors, flat panel display screens, audio monitors, audio recorders, video recorders, electronic switchers, cables for the transmission of sounds and images, lights for use with video cameras and film cameras, camera lenses, camera tripods, camera cases, blank videotape, audio mixing boards and video editing computer hardware; cameras; video cameras; headphones; ear pieces, namely, ear buds; speakers, namely, loud speakers; global positioning system (GPS) apparatus and equipment, namely, GPS systems; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control for radios, televisions, stereos, computers, video recorders, audio systems and audio and video playback machines; spectacles and sunglasses; electronic signboards; magnetically encoded bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; digital media streaming devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunications services, namely, providing telephone communication, Internet telephony services, network telephone, electronic facsimile, electronic transmission of electronic mails, and instant messaging communication services; telecommunications services, namely, transmission and delivery of digital data, photographs, audio files, data, information and image signals by means of computers, cable radio and satellite transfer, all in particular for navigation systems, route planners and the use of electronic maps; providing web-based multimedia teleconferencing and videoconferencing that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with multiple user access to a global computer network to access online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services, namely, providing multiple user access to global computer network which allows users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet

broadcasting services; Internet service provider services; provision of telecommunication access and on-line communications links to computer databases, the Internet and world-wide web; electronic communication services, namely, information transmission via electronic communication networks; interactive telecommunications services, namely, transmission of voice, audio, visual images, audio-visual content, text and SMS messages, documents, and data by communication networks; telecommunication of information in the nature of transmission of database information via telecommunication networks; providing telecommunication connections to the Internet or databases; communication by computer terminals; communication by fibre optic networks; electronic transmission of messages and images by computer; facsimile transmission; paging services; rental of modems; transmission of data by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; transmission and delivery of data by electronic means; electronic transmission and delivery of mail messages, still picture and moving picture information, namely, characters, messages, music and images, telegrams, information, and data by electronic, telephone, telegraph, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data via telecommunication means whether in compressed or uncompressed form and whether in real or delayed time; electronic messaging services; telephone, video and web conferencing services; electronic order transmission services; video conferencing services; electronic bulletin board services, namely, providing an electronic bulletin board for real-time interactive talk in the nature of communication among users between a computer terminal and an electronic board for transmission of still picture and moving picture information and voice information, including characters in the field of general interest; providing electronic bulletin boards and message boards for transmission of messages among users concerning business and e-commerce; provision of online discussion forums for transmission of messages among computer users concerning business and e-commerce; television broadcasting services; broadcasting and transmission of radio and television programs; music broadcasting; transmission of music, films, interactive programs, videos, electronic computer games via a global computer network or the internet; electronic transmission of information in the field of online shopping and general retail services; video-on-demand transmission services; news agency services for electronic transmission; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing multiple user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; providing chat room services for transmission of messages among computer users concerning business and e-commerce; providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric wireless digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services, namely, virtual chat rooms established via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning consumer products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items in the field of clothing, personal care products, computers, computer equipment, computer software, telecommunication apparatus, game machines, food and beverages via a global computer network; electronic transmission of e-mail services; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; providing computer access to online interactive

bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; teleconferencing services, namely, distant video and telephone conferencing; providing access to electronic calendar, address book and notes feature, via local and global computer networks; providing facilities and equipment for video and telephone conferencing; providing computer links in the nature of on-line communication links to third party web sites to facilitate e-commerce and real world business transactions; computerized communication network security services in the nature of providing private and secure real time electronic communication over a computer network; and consultancy, information and advisory services provided in connection with the aforesaid services; streaming of data; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Scientific and technological services, namely, research and design in the field of telecommunication software and hardware design, Internet technology, the design of websites for advertising, software design, and e-commerce software and hardware design, and industrial research and scientific analysis services in the field of e-commerce computer software networking systems; industrial research services in the field of business and e-commerce; scientific, technological, research and design services, namely, new product design and development related to telecommunication and navigation signals; design and development of computer hardware and software; software as a service (SaaS) services featuring software for monitoring and management of computer-based information systems and networks; software as a service (SaaS) services featuring software for database management, data analysis, document management, document analysis, project management, project planning, budget management and electronic storage of data; providing temporary use of on-line non-downloadable cloud computing software for database management, data analysis, document management, document analysis, project management, project planning, budget management and electronic storage of data; cloud computing featuring temporary use of online, non-downloadable software for database management, data analysis, document management, document analysis, project management, project planning, budget management; providing temporary use of on-line non-downloadable cloud-based software for storing and managing electronic data, accessing databases and internet security; providing virtual computer systems and virtual computer environments through cloud computing; computer services, namely, design and development of computer systems for transmitting information, data, documents and images over the Internet; computer services, namely, design and development of semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services featuring software for web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical support services, namely, providing backup computer programs and facilities, troubleshooting of computer software problems to end users by means of telephone or global computer network; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual

communities, and engage in social networking; computer technology advice provided to Internet users by means of a support hotline; computer services, namely, creating online indexes of information, sites and resources on computer networks; providing search engines for the Internet; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players for others; design of mobile telephones and smart phone for others; design of digital cameras for others; computer services, namely, computer system administration for others; computer programming; computer systems integration services; computer systems analysis services; computer programming in relation to the defense against virus, namely, computer virus protection services; computer system software services, namely, design and development of online computer software systems; design, development, updating and upgrading of computer and video games software; providing direct connection services between computer users for exchanging data, namely, providing temporary use of online non-downloadable software for the exchange of data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for others for use in searching and retrieving information from databases and computer networks; computer software consultancy; computer services, namely, providing customized searching services in the nature of searching and retrieving information from computer databases and websites at the customer's specific request via the Internet, creating, maintaining and hosting websites for others, creating an online community for registered users to develop and collaborate on address books and calendars, software design and development for others, hosting online interactive public calendars, address books and notes that allow multiple participants to share event schedules, facility reservations and transportation requests via local and global computer network; customized searching of computer databases and websites, namely, research in the fields of search engines and on-line web links to other web sites; webpage development services, namely, providing customized online web pages featuring user-defined information which includes online links to third party web sites; customized searching of computer databases and websites, namely, providing search engines for obtaining data from computer files on a global computer network; computer and electronic signal coding and decoding; computer code conversion for others; conversion of physical data and documents into electronic media format; testing and evaluation services of the goods and services of others to assure compliance with industry standards; architectural design services; interior design services of buildings, offices and apartments; computer security services, namely, the provision of user certification authority services for others to ensure the security of transmitted information, namely, providing a website that features technology that enables the secure exchange of information by users; providing technological information about computers and computer networks in the field of business and e-commerce; computer security risk management programs, namely, updating of computer software relating to computer security and prevention of computer risks; computer security information, knowledge and testing services, namely, computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; providing quality assurance services in the field of computer software; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; providing platform as a service (PAAS) services, namely, providing web-based computer software platform for complaint submission; computer consultancy in the field of data security; consultancy concerning data security in the field of telecommunications technology; electronic document and e-mail authentication services; computerized communication network security services, namely, providing temporary use of non-downloadable computer software for conducting private and secure electronic communication over a private or public computer network; providing technological information in the field of Internet, the world wide web, and computerized communication network security; computer security consultancy, namely, consulting services in the fields of Internet, world wide web and computerized communication network security services, information

security services; authentication in the field of computer security, namely, authentication of user identity for computer security; computer services in relation to on-line authentication of electronic signatures, namely, design, development, and implementation of software for authenticating digital signatures; off-site data backup; electronic data storage, namely, archiving business documents, personal documents and corporate documents; providing information on computer technology and programming via a web site; cartography services; rental of entertainment software; monitoring and follow-up for quality control purposes for web based educational events, conferences, training programs, learning programs and seminars; document reproduction in the nature of digitization of documents; consultancy, information and advisory services relating to the aforesaid services; providing temporary use of non-downloadable computer software for use in the search and retrieval of computerized information from global information networks and network systems about hobbies, collectibles, auctions and products

EXAMINING ATTORNEY

Examining Attorney THOMAS, JULIE

REASON FOR PUBLICATION

Published for Opposition

Mark Literal(s) JUMP STARTER

CASE IDENTIFIERS

Serial Number 90274906 **Application Filing Date** Oct. 23, 2020 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Oct. 25, 2022

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of the wording "JUMPSTARTER" in stylized font, with the wording "JUMP" in orange with a yellow circle dotting the letter "J", the letters "ST" and "RTER" in black, and the letter "A" in black and blue. **Color Drawing** Yes **Color Claimed** The color(s) orange, black, blue and yellow is/are claimed as a feature of the mark.

GOODS AND SERVICES INFORMATION

For (Based on Intent to Use) Insurance agencies; financial and monetary affairs, namely, financial information, management, and analysis services; real estate affairs, namely, leasing of real estate; clearing and reconciling financial transactions via a global computer network; funds transfer services; transmission of funds by electronic means for others; transfer of electronic payments for others via the internet; electronic banking services via a global computer network; online payment services, namely, electronic processing of credit card transactions and electronic payments via a global computer network; provision of electronic funds transfer services; brokerage of currency, namely, currency exchange services; financial transactions in the nature of investment of funds via blockchain; online banking services and financial planning services; provision of financial information via the Internet; online banking; banking services provided on-line from a computer databases or the Internet; financial clearing house services; credit card verification via global computer information network; electronic credit risk management services; electronic purchase payment and electronic bill payment services; information services relating to finance and insurance, provided online from a computer database or Internet; credit card services, namely, processing of credit card payments, processing and transmission of bills and payments thereof, and underwriting warranty for financial transactions; financial services in the nature of billing and payment processing services; safety deposit and issuing of travel vouchers services; capital investment services; financial evaluation in the field of insurance, banking, and real estate; financial and asset management services; insurance brokerage and financial investment brokerage services; financial services provided by telecommunication means, namely, providing an internet website portal in the field of financial transaction and payment processing service; financial consultancy and advisory services; securities brokerage services; stock exchange quotation services; stocks and bonds brokerage, financial analysis; debit card services in the nature of issuance of debit cards and debit card transaction processing services, charge card services in the nature of issuance of charge cards and payment processing

services and check payment guarantee services; banking, savings account and financial investment services; merchant services in the nature of payment transaction processing, namely, financial accounts debiting and crediting services in the nature of credit card and debit card transaction processing services and lines of credit; issuance of stored value cards, charge cards and debit cards; telephone credit cards services, namely, issuing prepaid telephone calling cards; arranging finance for construction projects; arrangement and management of leases and tenancy in the nature of arranging of leases and rental agreements for real estate and management of commercial property, offices, and office space; renting and leasing of real estate; real estate appraisal; real estate valuation; real estate financing; real estate investment; real estate brokerage services; real estate agency services; housing agency services; actuarial services; real estate management and consultancy services; rent collection; rental of office space; rental of apartments and flats; agency for collection of gas and electricity utility payment fees; antique appraisal; art appraisal; jewellery appraisal; used car appraisal; charitable fund raising; organizing of charitable collections, namely, charitable fundraising services by means of organizing and conducting special events; charitable collections, namely, charitable fundraising services; rental of paper money and coin counting and processing machines; rental of cash dispensers or automated-teller machines; issuing of vouchers, namely, providing vouchers for payment of transportation expenses; cash dispensing services, namely, rental of cash dispensers or automated teller machines; provision of prepaid cards and tokens of value; monetary exchange services; money transfer services; foreign currency transfer services; foreign currency exchange; currency trading; currency dealing, namely, currency exchange services; charitable fundraising; provision of charitable fundraising services in relation to carbon offsetting; brokerage of carbon offsets; financial sponsorship of carbon offset programmes; funding of and investment in emissions reduction projects; financial investment in carbon offset programmes and projects; financial investment in emissions reduction funds; provision of loans secured by commercial paper; providing temporary loans; including all of the aforementioned services provided by electronic means; consultancy, information and advisory services relating to the aforesaid services

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For (Based on Intent to Use) (Based on 44(d) Priority Application) Newspapers; magazines, namely, printed general feature magazines; printed periodicals in the fields of business and e-commerce; journals, namely, blank journal books, blank journals, blank writing journals, customizable blank journal books, printed journals concerning business and e-commerce, personalized blank writing journals, printed trade journals in the field of business and e-commerce, blank writing journal sheets; paper, cardboard and goods made from these materials, namely, printed calendars, computer paper and cardboard boxes; printed matter, namely, printed calendars and photographs; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials, namely, artists' brushes, pastels, pencils, pens, canvas panels, electrical wood burning pens, gesso, namely, plasters, and molds for modeling clays; paint brushes; typewriters and office requisites, namely, adhesive tape dispenser, correcting fluid for type, electric paper hole punch, office paper drill machines, and office perforators, finger-stalls, franking machines, envelope sealing machines, paper embossers, paper folding machines, and paper trimmers, rubber bands, and staplers; printed instructional and teaching material in the field of mathematics, science, literature, music, art, and writing; plastic materials for packaging, namely, plastic bags for packing and plastic bubble packs for packaging; printers' type; printing blocks; printed books and pamphlets in the field of business and e-commerce; printed posters, printed cards, namely, business cards and greeting cards; printed circulars in the field of business and e-commerce, printed catalogues in the field of business and e-commerce, printed calendars, printed price tags, printed paper price labels; carry bags of paper, namely,

general purpose bags of paper and cardboard; cardboard and plastic wrap; printed telephone and facsimile number directories, namely, electronic mail and web site directories; cards in the form of debit cards, credit cards, charge cards and telephone cards not magnetically encoded; printed visuals in the nature of marketing and promotional materials, namely, flyers, leaflets, and brochures; printed advertisements, namely, advertising pamphlets and advertising signs of paper or cardboard in the nature of flyers, leaflets, and brochures; printed user manuals in the field of business and e-commerce; packaging materials made of recycled paper; tissues, namely, facial tissue and toilet tissue; handkerchiefs made of paper; paper architectural models that are not toys and paper mache figurines; paper party bags; paper party favors

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For (Based on Intent to Use) Education, namely, providing live and online seminars and conferences in the field of business and e-commerce; providing of training in the field of business and e-commerce; entertainment, namely, providing online video games and non-downloadable playback of digital music; organizing community sporting and cultural events; publication of texts, books and journals; organizing sporting events, namely, baseball games, soccer matches, tennis tournaments, basketball games, golf tournaments and swimming competitions; organizing cultural events and comedy, fashion, entertainment shows; publication of newspapers, magazines and periodicals containing diagrams, images and photographs; education, namely, training courses and instructional classes in the field of telecommunications hardware and software, operation of computers, computer programming, web site design, e-commerce, cloud computing, financial management, business management and advertising; providing education, instruction and training via online interactive and non-interactive courses, classes, workshops and seminars in the field of business and e-commerce; design of educational courses, namely, development of curriculum and educational examinations for others in the field of business and e-commerce; entertainment provided via electronic and digital interactive media, namely, providing online non-downloadable computer games; electronic games services provided by means of the Internet, namely, providing online non-downloadable computer games; providing information about education and entertainment; providing information in the field of sports, sporting events, recreation activities, leisure activities, cultural activities and exhibitions; providing online non-downloadable electronic publications, namely, books, journals, newsletters and articles in the field of business and e-commerce; arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting live musical concerts; arranging, organizing, hosting and conducting events and competitions for education purposes, namely, providing educational conferences, competitions and symposia in the field of business and e-commerce; entertainment services, namely, production and distribution of a game show; entertainment ticket agency services; providing entertainment information and education information from a computer database or the Internet; providing non-downloadable prerecorded digital music from the Internet; providing non-downloadable prerecorded digital music from MP3 Internet web sites; entertainment and education services, namely, conducting courses of instruction relating to planning, production and distribution of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communications; music entertainment services, namely, live music concerts; rental of sound recordings; entertainment in the nature of on-going television programs in the fields of business and e-commerce; producing entertainment, educational, documentary and news television programs in the fields of business and e-commerce for broadcasting; news reporters services; providing news in the field of sporting or cultural events, and in the field of current events news reporting provided by satellite television transmission, the Internet or radio; production of television and radio programs and film production; production of

television programs; provision of information, data, graphics, sound, music, videos, animation and text for entertainment purpose, namely, production of animation movies rendered by means of a global computer network; provision of facilities for recreational activities in the nature of movie viewing, ice skating, and sporting and gymnasium facilities; live performances by a musical band; night club services; discotheques; fashion shows for entertainment purposes; club services relating to entertainment, namely, comedy club, dance club, fan club, night club services; education services, namely, arranging and conducting educational conferences, conventions, seminars and training workshops in the field of business, e-commerce, telecommunications, computers, computer programs, cloud computing, web site design, financial management and advertising; providing research in the field of education and information about education; organizing and conducting exhibitions for cultural or educational purposes; art exhibition services; art gallery services, namely, rental of artwork; training services in the field of occupational health and safety, and environmental conservation; provision of cigar appreciation classes, wine tasting classes; providing research in the field of education; providing information relating to research in the field of education; arranging, organizing, planning and conducting of educational seminars in the field of business and e-commerce; animal training; direction in producing broadcasting programs, namely, production of television and radio programs and film production; instructional services, namely, providing training in operation of audiovisual machines and equipment used for the production of broadcasting programs; providing audio and video studios; providing sports facilities; providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies, namely, booking of seats for shows and sports events; rental of motion pictures; rental and leasing of musical instruments; rental and leasing of television programs in the nature of provision of non-downloadable television programs via video on-demand service; rental and leasing of television sets; lending libraries; subtitling services, namely, preparing subtitles for movies; sign language interpretation services; rental of entertainment software, namely, rental of computer game software; providing non-downloadable music and non-downloadable movies in the field of animation, children's entertainment, family entertainment, comedy, drama, documentary, action, adventure, fantasy and horror via the internet; providing online non-downloadable computer games; entertainment services, namely, conducting contests; rental of pre-recorded video tapes; rental and leasing of game machines; rental of arcade game machines; photography; translation; language interpretation; providing educational and training programs in the field of risk management; lottery services; provision of facilities for shows and performances, namely, performance venues, studios, sets, dressing rooms; providing educational and training programs in the field of certification for information technology, computer security, business management, law, financial management and financial planning; providing on-line non-downloadable videos in the field of news, sports, entertainment, popular culture, lifestyles, music, artwork, education, information technology, finance, architecture, law, psychology, business administration, marketing, financial literacy and financial planning; providing tutoring in the field of business, e-commerce, music, artwork, education, information technology, finance, architecture, law, psychology, business administration, marketing, financial literacy and financial planning; provision of on-line electronic publications in the nature of newspapers, magazines in the fields of current event news streaming from the Internet or on a computer network or a computer database; and providing consultancy, information and advisory services in connection with the aforesaid services; development, set up, staging, production, audio and video recording, monitoring and follow-up for education purposes for web based educational events, conferences, training programs, learning programs and seminars

For (Based on Intent to Use) Advertising services; business administration; providing office functions; online trading services in which sellers post products to be auctioned and bidding is done via the Internet, and providing independent online business evaluations in the nature of ratings and reviews of other business relating thereto for commercial purposes; online retail store services featuring a wide variety of consumer goods of others; providing an online business directory of third party web sites to facilitate business transactions; business consultancy services in the field of operating an electronic marketplace for the buyers and sellers of goods and services on a global computer network; business assistance for others concerning business issues relating to facilitating business transaction via local and global computer networks; business management services relating to electronic commerce; providing an online marketplace on a global computer network by which third parties can offer goods and services, place and fulfill commercial orders in the field of e-commerce and online ordering featuring a wide variety of general consumer, business, and industrial products and merchandise, negotiate contracts with service providers, buyers and sellers in the field of e-commerce and online ordering featuring a wide variety of general consumer, business, and industrial products and merchandise, and transact business in the field of e-commerce and online ordering featuring a wide variety of general consumer, business, and industrial products and merchandise; search engine optimization for sales promotion; web site traffic optimization; providing business information via a web site; administration of customer loyalty programs and incentive award programs that provide discounts, coupons, rebates, vouchers and special offers for the goods of others; advertising services provided via the Internet; preparing television and radio advertisements; accountancy services; auctioneering; consultation relating to trade fairs; public opinion polling; data processing services; provision of business information via global computer networks; advertising agency services; advertising services provided for others; database management; compilation of information into computer databases in the field of business and e-commerce; business consulting services in the field of e-commerce; business consulting services in the field of web based events, conferences, training programs, learning programs, and seminars; business consulting services in the field of delivering web-based knowledge; business consulting services in the field of online collaboration and collaboration technologies; business consulting services in the fields of sales and marketing; business project management services relating to the development, set up, staging, production, attendance recording, monitoring and follow-up for business purposes for web based business events, business conferences; market research and business consulting services in the field of business and e-commerce; business consultancy services relating to business issues concerning facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; providing business information concerning the goods and services of others via local and global computer networks; business consultancy services in the field of global computer web sites where third parties can offer and source goods and services, place, determine the status of and fulfill trade leads and orders, enter into contracts and transact business; providing computerized online ordering services featuring a wide variety of general consumer, business, and industrial products and merchandise; advertising of goods and services of others via local and global computer networks; international import and export agency services; rental of advertising space on communication media; commercial administration of the licensing of the goods and services relating to semi-conductors, microcontrollers, computer chips and central processing units of others; corporate business management consultancy services; marketing and promotion services; publication of publicity materials; marketing services, namely, providing videos to promote vacant premises; dissemination of advertising materials, updating of

advertising materials, and compilation of advertisements for use as web pages on the Internet; rental of advertising space; computer data processing; providing information concerning commercial sales, providing business information, providing a database of business information pertaining to the promotional products industry; telephone answering service; auctioneering provided on the Internet; personnel management; provision of commercial sales, business, advertising and promotional information through a global computer network and via the Internet; presentation of goods of others for retail purposes via the Internet, namely, retail store service featuring a wide variety of consumer goods of others; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from online retail stores particularly specializing in the marketing of the sale of goods and services of others; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of online retail stores in the field of clothing, lingerie, cosmetics, jewelry, watches, music and media products, food and beverages, home entertainment electronics, home appliances, phones, PDAs, MP3 players, video games, consoles, books, crafts, furniture, tools, house wares, photographic equipment, computers, kitchen wares, toys, sporting goods, bikes and automobiles; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods from online retail stores in the field of clothing, lingerie, cosmetics, jewelry, watches, music and media products, food and beverages, home entertainment electronics, home appliances, phones, PDAs, MP3 players, video games, consoles, books, crafts, furniture, tools, house wares, photographic equipment, computers, kitchen wares, toys, sporting goods, bikes and automobiles; retail and wholesale store services in the field of bleaching preparations and other substances for laundry use, leather bleaching preparations, fabric softeners for laundry use, cleaning, polishing, scouring and abrasive preparations, shining preparations, abrasive cloth, polishing paper, glass cloth, glass paper, floor wax, shoe wax, polish for furniture and flooring, detergents other than for use in manufacturing operations and for medical purposes, dry-cleaning preparations, canned pressurized air for cleaning and dusting purposes, color-removing preparations, varnish-removing preparations, wallpaper cleaning preparations, windscreen cleaning liquids, air fragrancing preparations, joss sticks, soaps, medicated soap, perfumery, extracts of flowers, essential oils, massage gels other than for medical purposes, sunscreen preparations, sun-tanning preparations, cosmetics, lipsticks, lipstick cases, cosmetic preparations for skin care, cosmetic preparations for slimming purposes, adhesives for cosmetic purposes, nail care preparations, make-up removing preparations, shampoos, dry shampoos, shampoos for pets, hair lotions, after-shave lotions, shaving preparations, dentifrices, dental bleaching gels, mouth washes not for medical purposes, hair spray, hair dyes, antiperspirants, deodorants for human beings or for animals, pharmaceutical and veterinary preparations, vaccines, sunburn ointments, sanitary preparations, sterilizing preparations, solutions for contact lenses, panty liners, remedies for foot perspiration, dietetic food and substances adapted for medical or veterinary use, yeast for pharmaceutical purposes, sugar for medical purposes, royal jelly dietary supplements, food for babies, dietary supplements for humans and animals, nutritional supplements, vitamin preparations, tanning pills, slimming pills, tobacco-free cigarettes for medical purposes, plasters, materials for dressings, surgical cloth, surgical implants, material for stopping teeth, teeth filling material, dental wax, mouthwashes for medical purposes, disinfectants, preparations for destroying vermin, fungicides, herbicides, rat poison, repellents for dogs, semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture, telephones, mobile phone handsets, mobile phone accessories, electronic and telecommunications goods, automobile navigation systems, satellite

navigational apparatus, global positioning system (GPS) navigation devices, navigational instruments, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, surgical, medical, dental and veterinary apparatus and instruments, obstetric apparatus, X-ray apparatus for medical purposes, hot air therapeutic apparatus, electric blankets for medical purposes, testing apparatus for medical purposes, blood testing apparatus, hearing aids for the deaf, hearing protectors, massage apparatus, air pillows for medical purposes, air cushions for medical purposes, physical exercise apparatus for medical purposes, vaporizers for medical purposes, fumigation apparatus for medical purposes, thermal packs for first aid purposes, armchairs for medical or dental purposes, artificial limbs, eyes and teeth, orthopedic articles, suture materials, supportive bandages, babies' bottles, tongue scrapers, X-ray photographs for medical purposes, precious metals, jewelry, precious stones, printed matter, stationery, magnetically and non-magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, chemicals used in science, chemicals used in photography, chemicals used in agriculture, paints, varnishes and lacquers, personal hygiene products, hair and body lotions, cleaning and bleaching preparations, lubricants, fuels, candles, ironmongery and small items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazines, cards, paper and cardboard products, namely, computer paper, cardboard boxes, paper office stationery, pictures, typewriters and office requisites, packaging materials, rubber and plastics for manufacturing use, packing and insulating materials, leather and imitations of leather, handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; direct mail advertising services; purchasing and procurement services, namely, buying and selling agency services in the nature of purchasing a wide variety of consumer, business and industrial products and services for others, and selection of goods and procurement of goods for individuals and businesses, namely, purchasing of a wide variety of consumer, business and industrial products and services for individuals and businesses; online ordering services featuring a wide variety of consumer goods of others; retail department store services; retail supermarket services; secretarial services; provision of business statistical information; organization of exhibitions for commercial or advertising purposes; organization of fashion shows for commercial purposes; organization of fashion shows for promotional purposes; business assistance services, namely, preparing marketing mailing lists and rental of advertising material in the nature of marketing mailing lists; business investigation; business administration consultation services in the field of processing of sales made on the Internet; business networking referral services, namely, promoting the goods and services of others by passing business leads and referrals among group members; personnel placement; import-export agency services; arranging newspaper subscriptions for others; document reproduction in the nature of photocopying services; transcription, namely, conference call, message and stenographic

transcription; rental of office equipment; customer relationship management; business management and administration services relating to promotional sponsorship programs; accounting services; charitable services, namely, organizing and conducting volunteer programs and community service projects; rental of sales stands; provision of commercial and business contact information; pay per click advertising; commercial intermediation services, namely, negotiation and settlement of commercial transactions for third parties, business management advisory services relating to franchising, provision of commercial and business contact information; business management for freelance service providers; negotiation and conclusion of commercial transactions for third parties; updating and maintenance of data in computer databases; business project management services for construction projects; import-export clearance agencies, namely, customs clearance services; providing tax information

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For (Based on Intent to Use) Scientific, research, navigation, photographic, optical, signaling, measuring, checking as in supervision, life-saving apparatus and instruments, namely, telephones, punch clocks, time recording devices, namely, time clocks, weighing equipment, namely, scales and balances, graduated rulers, electronic pocket translators, neon signs, electronic notice boards, transparency projection apparatus, kilometer recorders in the nature of odometers for vehicles, telescopes, mechanisms for counter operated apparatus, namely, point-of-sale terminals, fire extinguishers, acoustic alarms, namely, smoke and fire alarms, eyeglasses, batteries, exposed films, namely, exposed camera film; downloadable software for processing electronic payments to and from others; authentication software, namely, downloadable software for authenticating the identity of a payer; downloadable computer software applications for mobile devices and computers, namely, downloadable software for financial analysis, planning and management, downloadable software for securing and protecting data on mobile devices and computers, software for authenticating user identification, downloadable software for controlling access to and communications with mobile devices and computers; software applications for use with mobile devices, namely, downloadable software for use in database management, for use as a spreadsheet, for word processing, for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data in the field of shopping, purchasing, communication, product and service reviews, entertainment, health and fitness, lifestyle, media and video, music and audio, photography and social network; downloadable computer software for posting information, creating electronic product catalogs, responding to requests and placing and fulfilling orders for products, services and business opportunities via local and global computer networks, for use in document management, for searching, browsing and receiving transmissions of text, electronic documents, graphics and audiovisual information on local and remote area networks and global computer networks, on intranets, or on directories of information available on computer networks, for use in software development and web authoring, for use in exchanging information via global computer networks and online from a computer database and the internet, for business use for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances, and marketing information management, for data mining, for high-speed massive e-commerce data processing, and for data customization, all of the foregoing for use by third parties in connection with an interactive website in the field of e-commerce; downloadable computer software applications for use with mobile devices and computers, namely, software for use in database management, for use as a spreadsheet, for word processing, for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data in the field of e-commerce, data management, customer relationship management, entertainment, education and telecommunications provided via the Internet; downloadable

instant messaging software; downloadable file sharing software; downloadable communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless and telecommunication networks; downloadable computer software for processing images, graphics, audio, video and text; downloadable computer software applications for downloading and transmitting video files, audio files, films, movies and television programs featuring children's entertainment, family entertainment, drama, action, adventure and fantasy; downloadable computer software for use in the field of business for financial management and financial planning; downloadable cloud-computing software for deploying virtual machines to a cloud computing platform, managing virtual machines on a cloud computing platform; downloadable cloud-based software for storing and managing electronic data, accessing databases and internet security; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing and controlling remote computers and computer networks; downloadable computer software for use in the search and retrieval of computerized information from global information networks and network systems about hobbies, collectibles, auctions and products; data storage programs, namely, downloadable software used for the storage of electronic data and documents and data on hard discs, compact discs, tapes and optical discs; downloadable computer software for use with global positioning system (GPS) navigation systems for navigation, route guidance and electronic mapping; downloadable computer software for use with route planners, electronic maps and digital dictionaries for navigation and translation purposes; downloadable computer programs and downloadable computer software for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances and marketing information management, all in the field of e-commerce and business; digital music downloadable from the Internet; downloadable computer game software and pictures in the field of aircrafts, automobiles, buildings, natural scenery and pets, downloadable motion picture films and movies in the field of children's entertainment, family entertainment, drama, action, adventure and fantasy and music via the internet and wireless devices; downloadable computer game programs, electronic and video games programs and software game programs via the Internet; downloadable computer board game software; computer game software, downloadable; computer game software, recorded; downloadable computer video game programs; downloadable computer applications for streaming videos, music and images; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric wires, electric switches, and electrified fences, namely, electric fences; apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers and recording discs, namely, CD-R, CD-RW, DVD-R and DVD-RW discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; on-line downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials in the nature of flyers, booklets, and instructional materials in the nature of textbooks in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V computer chips and central processing units; computer chips and central processing units with instruction set architecture; computer peripherals; notebook computers; laptop computers; portable computers; handheld computers; personal digital assistants; personal portable media players; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations comprising computers and computer monitors;

servers, namely, computer servers; computer and telecommunications networking computer hardware; computer network adaptors, switches, routers, hubs; wireless and wired modems and communication cards and devices, namely, cable modems, computer fax modem cards, external modems, internal modems, modem cables, modems; laptop holders in the nature of protective sleeves and carrying cases, computer bags; fire-extinguishing apparatus; computer hardware and firmware for use in the field of business for financial management and financial planning; satellite-aided navigation systems in the nature of automobile navigation system featuring interactive digital map displays, interactive instructions and user generated information; blank compact discs; re-recorded compact discs featuring music; telecommunications apparatus, namely, VOIP phones, network telephones, electronic facsimile machines, portable digital electronic device for sending and receiving electronic mails, and instant messaging communication tool in the nature of portable telecommunication instant messaging devices; mouse pads; mobile phone handsets; mobile phone accessories, namely, battery chargers, cases, covers, ear phones, headsets and hands-free calling devices; alarm monitoring systems; security cameras; mobile radio and television broadcasting units, namely, transmitting and receiving apparatus for radio and television broadcasting and for long-distance transmission; television broadcasting equipment, namely, video cameras, film cameras, monitors, flat panel display screens, audio monitors, audio recorders, video recorders, electronic switchers, cables for the transmission of sounds and images, lights for use with video cameras and film cameras, camera lenses, camera tripods, camera cases, blank videotape, audio mixing boards and video editing computer hardware; cameras; video cameras; headphones; ear pieces, namely, ear buds; speakers, namely, loud speakers; global positioning system (GPS) apparatus and equipment, namely, GPS systems; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control for radios, televisions, stereos, computers, video recorders, audio systems and audio and video playback machines; spectacles and sunglasses; electronic signboards; magnetically encoded bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; digital media streaming devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For (Based on Intent to Use) (Based on 44(d) Priority Application) Telecommunications services, namely, providing telephone communication, Internet telephony services, network telephone, electronic facsimile, electronic transmission of electronic mails, and instant messaging communication services; telecommunications services, namely, transmission and delivery of digital data, photographs, audio files, data, information and image signals by means of computers, cable radio and satellite transfer, all in particular for navigation systems, route planners and the use of electronic maps; providing web-based multimedia teleconferencing and videoconferencing that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with multiple user access to a global computer network to access online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services, namely, providing multiple user access to global computer network which allows users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services; Internet service provider services; provision of telecommunication access and on-line communications links to computer databases, the Internet and world-wide web;

electronic communication services, namely, information transmission via electronic communication networks; interactive telecommunications services, namely, transmission of voice, audio, visual images, audio-visual content, text and SMS messages, documents, and data by communication networks; telecommunication of information in the nature of transmission of database information via telecommunication networks; providing telecommunication connections to the Internet or databases; communication by computer terminals; communication by fibre optic networks; electronic transmission of messages and images by computer; facsimile transmission; paging services; rental of modems; transmission of data by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; transmission and delivery of data by electronic means; electronic transmission and delivery of mail messages, still picture and moving picture information, namely, characters, messages, music and images, telegrams, information, and data by electronic, telephone, telegraph, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data via telecommunication means whether in compressed or uncompressed form and whether in real or delayed time; electronic messaging services; telephone, video and web conferencing services; electronic order transmission services; video conferencing services; electronic bulletin board services, namely, providing an electronic bulletin board for real-time interactive talk in the nature of communication among users between a computer terminal and an electronic board for transmission of still picture and moving picture information and voice information, including characters in the field of general interest; providing electronic bulletin boards and message boards for transmission of messages among users concerning business and e-commerce; provision of online discussion forums for transmission of messages among computer users concerning business and e-commerce; television broadcasting services; broadcasting and transmission of radio and television programs; music broadcasting; transmission of music, films, interactive programs, videos, electronic computer games via a global computer network or the internet; electronic transmission of information in the field of online shopping and general retail services; video-on-demand transmission services; news agency services for electronic transmission; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing multiple user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; providing chat room services for transmission of messages among computer users concerning business and e-commerce; providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric wireless digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services, namely, virtual chat rooms established via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning consumer products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items in the field of clothing, personal care products, computers, computer equipment, computer software, telecommunication apparatus, game machines, food and beverages via a global computer network; electronic transmission of e-mail services; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; providing computer access to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning

products, services and business opportunities; teleconferencing services, namely, distant video and telephone conferencing; providing access to electronic calendar, address book and notes feature, via local and global computer networks; providing facilities and equipment for video and telephone conferencing; providing computer links in the nature of on-line communication links to third party web sites to facilitate e-commerce and real world business transactions; computerized communication network security services in the nature of providing private and secure real time electronic communication over a computer network; and consultancy, information and advisory services provided in connection with the aforesaid services; streaming of data; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For (Based on Intent to Use) Scientific and technological services, namely, research and design in the field of telecommunication software and hardware design, Internet technology, the design of websites for advertising, software design, and e-commerce software and hardware design, and industrial research and scientific analysis services in the field of e-commerce computer software networking systems; industrial research services in the field of business and e-commerce; scientific, technological, research and design services, namely, new product design and development related to telecommunication and navigation signals; design and development of computer hardware and software; software as a service (SaaS) services featuring software for monitoring and management of computer-based information systems and networks; software as a service (SaaS) services featuring software for database management, data analysis, document management, document analysis, project management, project planning, budget management and electronic storage of data; providing temporary use of on-line non-downloadable cloud computing software for database management, data analysis, document management, document analysis, project management, project planning, budget management and electronic storage of data; cloud computing featuring temporary use of online, non-downloadable software for database management, data analysis, document management, document analysis, project management, project planning, budget management; providing temporary use of on-line non-downloadable cloud-based software for storing and managing electronic data, accessing databases and internet security; providing virtual computer systems and virtual computer environments through cloud computing; computer services, namely, design and development of computer systems for transmitting information, data, documents and images over the Internet; computer services, namely, design and development of semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services featuring software for web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical support services, namely, providing backup computer programs and facilities, troubleshooting of computer software problems to end users by means of telephone or global computer network; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking; computer technology advice provided to Internet users

by means of a support hotline; computer services, namely, creating online indexes of information, sites and resources on computer networks; providing search engines for the Internet; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players for others; design of mobile telephones and smart phone for others; design of digital cameras for others; computer services, namely, computer system administration for others; computer programming; computer systems integration services; computer systems analysis services; computer programming in relation to the defense against virus, namely, computer virus protection services; computer system software services, namely, design and development of online computer software systems; design, development, updating and upgrading of computer and video games software; providing direct connection services between computer users for exchanging data, namely, providing temporary use of online non-downloadable software for the exchange of data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for others for use in searching and retrieving information from databases and computer networks; computer software consultancy; computer services, namely, providing customized searching services in the nature of searching and retrieving information from computer databases and websites at the customer's specific request via the Internet, creating, maintaining and hosting websites for others, creating an online community for registered users to develop and collaborate on address books and calendars, software design and development for others, hosting online interactive public calendars, address books and notes that allow multiple participants to share event schedules, facility reservations and transportation requests via local and global computer network; customized searching of computer databases and websites, namely, research in the fields of search engines and on-line web links to other web sites; webpage development services, namely, providing customized online web pages featuring user-defined information which includes online links to third party web sites; customized searching of computer databases and websites, namely, providing search engines for obtaining data from computer files on a global computer network; computer and electronic signal coding and decoding; computer code conversion for others; conversion of physical data and documents into electronic media format; testing and evaluation services of the goods and services of others to assure compliance with industry standards; architectural design services; interior design services of buildings, offices and apartments; computer security services, namely, the provision of user certification authority services for others to ensure the security of transmitted information, namely, providing a website that features technology that enables the secure exchange of information by users; providing technological information about computers and computer networks in the field of business and e-commerce; computer security risk management programs, namely, updating of computer software relating to computer security and prevention of computer risks; computer security information, knowledge and testing services, namely, computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; providing quality assurance services in the field of computer software; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; providing platform as a service (PAAS) services, namely, providing web-based computer software platform for complaint submission; computer consultancy in the field of data security; consultancy concerning data security in the field of telecommunications technology; electronic document and e-mail authentication services; computerized communication network security services, namely, providing temporary use of non-downloadable computer software for conducting private and secure electronic communication over a private or public computer network; providing technological information in the field of Internet, the world wide web, and computerized communication network security; computer security consultancy, namely, consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication in the field of computer security, namely, authentication of user

identity for computer security; computer services in relation to on-line authentication of electronic signatures, namely, design, development, and implementation of software for authenticating digital signatures; off-site data backup; electronic data storage, namely, archiving business documents, personal documents and corporate documents; providing information on computer technology and programming via a web site; cartography services; rental of entertainment software; consultancy, information and advisory services relating to the aforesaid services; monitoring and follow-up for quality control purposes for web based educational events, conferences, training programs, learning programs and seminars; document reproduction in the nature of digitization of documents; providing temporary use of non-downloadable computer software for use in the search and retrieval of computerized information from global information networks and network systems about hobbies, collectibles, auctions and products

SENSORY MARK

CASE IDENTIFIERS

Serial Number 90401636 **Application Filing Date** Dec. 22, 2020 **Register** Principal **Mark Type** Service Mark **Publication Date** Oct. 25, 2022

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 6 - NO DRAWING-SENSORY MARK **Description of the Mark** The mark is a sound. The mark consists of a 5-second-long sound with a total length of three bars. The first bar features a synthesizer playing a Bb7sus4 chord which then reaches a crescendo. In bar two we hear two voices speak "NUVERSE" as two half notes over a half note Asus4 chord followed by a half noted Asus2 chord performed on synthesizer. The third bar has a final note of Foley percussion which rings out to create an echo.
