For Appliqués for haberdashery; buttons; brassards; ornamental novelty badges; buckles being clothing accessories; belt clasps; fastenings for suspenders; heat adhesive patches made of cloth for decoration of textile articles; heat adhesive patches for repairing textile articles; clothing hooks for haberdashery; hat trimmings; lace trimmings; brooches being clothing accessories; pins, other than jewellery being hat pins; bows for the hair; hair bands; hair scrunchies; hair pins; bobby pins; hair ribbons; beads, other than for making jewelry; hair pins; artificial flower wreaths; artificial flowers; artificial garlands; purse charms; frills being lacework for attachment to clothing; haberdashery bows; hook and pile fastening tapes; lace; picot being lace; needles; dress fastenings; zippers for bags; zippers; stud buttons; top-knots being pompoms; fringes; eyelets for clothing; shoe eyelets

International Classes 26 - Primary Classes **US Classes** 37, 39, 40, 42, 50 **International Class Title** Fancy Goods

For Crystal beverage glassware; earthenware, works of art; works of art, of porcelain, terra-cotta or glass; china ornaments; porcelain ware, namely, porcelain mugs; boxes of glass; statues of porcelain, ceramic, earthenware or glass; figurines being statuettes of porcelain, ceramic, earthenware or glass; painted beverage glassware; signboards of porcelain or glass; busts of china, terra-cotta or glass; mosaics of glass, not for building; opaline glass; fibreglass, other than for insulation or textile use; fibreglass thread, not for textile use; ground plate glass as raw material; glass wool, other than for insulation; fused silica as a semi-finished product, namely, ingots, tubes, rods, discs, plates and rings all for general industrial and further manufacturing use other than for building; opal glass; glass incorporating fine electrical conductors; glass, unworked or semi-worked, except building glass; powdered glass for decoration; unfinished glass for vehicle windows; enamelled glass, not for building; covers, not of paper, for flower pots; window-boxes; gardening gloves; watering cans; sprinkling devices in the nature of lawn sprinklers; holders for flowers and plants for flower arranging; watering can sprinklers; vases; flower pots; non-electric polishing apparatus and machines, for household purposes, namely, polishing cloths; gloves for household purposes; polishing gloves; furniture dusters; carpet beaters being hand instruments; basins in the nature of bowls; washing boards; cleaning brushes for household use; broom handles; funnels; brooms; polishing leather; materials in the nature of cloths for polishing; cleaning rags; polishing materials for making shiny, except preparations, paper and stone; soap dispensers; crumb trays; feather brooms; material for brush-making; toothbrushes; nail brushes; non-electric dusting apparatus, namely, dusting brushes; sponges for household purposes; cloth for washing floors; vaporizers for perfume sold empty; perfume burners; waste paper baskets; dustbins; cutting boards for the kitchen; cruets; cooking pot sets; bottles, sold empty; mugs; coffeepots, non-electric; thermally insulated bags for food or beverages; cups of paper or plastic; glass jars in the nature of carboys; egg beaters, non-electric; candlesticks; glass jars; saucepans; fruit cups of glass; mixing spoons being kitchen utensils; kettles, non-electric; strainers for household use; deep fryers, non-electric; whisks, non-electric, for household purposes; kitchen graters; salad bowls; dripping pans; vegetable baking dishes; coffee percolators, non-electric; rolling pins, domestic; serving ladles; mortars for kitchen use; frying pans; scoops for household purposes; basting brushes; plates; saucers; potholders; toothpick holders; table napkin holders; egg cups; fruit presses, non-electric, for household purposes; ceramics plates for household purposes;

heat-insulated containers for household use; heat-insulated containers for beverages; lunch boxes; bread bins; containers for household or kitchen use; kitchen containers; thermally insulated containers for food; portable cool boxes, non-electric; salt shakers; cookie jars; tea caddies; nutcrackers; buckets; coffee services in the nature of tableware; saucepans of earthenware; cups; cookery moulds being kitchen utensils; cookery molds; tea services in the nature of tableware; tea and coffee services in the nature of tableware; spatulas for kitchen use; oil cruets; teapots; place mats, not of paper or textile; tableware, other than knives, forks and spoons; pots; trays for household purposes; cabarets in the nature of serving trays; drinking glasses being receptacles; sugar bowls; beverage glassware; bottle openers, electric and non-electric; drinking flasks; pitchers; straws for drinking; cocktail shakers; flasks; ice tongs; drinking vessels; siphon bottles for carbonated water; ice buckets; piggy banks; rails and rings for towels; shaving brushes; cosmetic brushes; combs; stands for shaving brushes; soap dishes; sponge holders; toilet roll holders; toilet sponges; eyebrow brushes; eyelash brushes; cosmetic spatulas; electric toothbrushes

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Vehicles for locomotion by land, air, water or rail namely, spaceships, automobiles, freight trains, sail boats, airplanes; electric vehicles, namely, electric cars; water vehicles, namely, hydrofoil boats supported by single or multi hulls, and structural parts therefor; bicycles; electric bicycles; cars; pushchairs; prams; mopeds; motor scooters in the nature of vehicles; motorbikes; trailers in the nature of vehicles; sleighs in the nature of vehicles for transport purposes; tricycles not being toys; driverless cars in the nature of autonomous cars; remotely controlled land vehicle for transport; aeroplanes; civilian drones; parachutes; space vehicles; air-cushion vehicles; tubeless tires for bicycles, cycles; repair outfits for inner tubes, namely, adhesive rubber patches for repairing inner tubes; freewheels for land vehicles; vehicle wheels; wheels for bicycles, cycles; pumps for bicycles, cycles; bicycle tires, tyres for motor vehicles; pneumatic tyres; inner tubes for bicycles, cycles; inner tubes for pneumatic tires; rims for vehicle wheels; rims for wheels of bicycles, cycles; tires for vehicle wheels; casings for pneumatic tires ; spare wheel covers; air bags being safety devices for automobiles; anti-theft alarms for vehicles; anti-theft devices for vehicles; safety seats for children, for vehicles; horns for vehicles; electric reversing alarms for vehicles; seat safety harnesses for motor cars; safety belts for vehicle seats; panniers adapted for cycles; bags adapted for pushchairs; saddlebags adapted for bicycles; panniers adapted for motorcycles; bicycle bells; hoods for vehicles; automobile hoods; automobile bodies; chains for bicycles, cycles; motorcycle chains; bicycle stands; kickstands for motorcycles; baskets adapted for bicycles; saddle covers for motorcycles; covers for bicycle saddles; handle bars for bicycles, cycles; motorcycle handlebars; mudguards; bumpers for automobiles; cycle mudguards; vehicle windscreens; luggage carriers for vehicles; fitted footmuffs for pushchairs; fitted footmuffs for prams; cycle saddles; motorcycle saddles; frames for bicycles, cycles; motorcycle frames; steering wheels for vehicles; robotic cars; camera drones; bicycle trailers (riyakah); aerodynamic cars

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Lithographs; paintings being pictures, framed or unframed; graphic representations; reproductions of paintings; paper die cut shapes; portraits in the nature of drawings; sculptures made from papier mâché; ornamental sculptures made of papier mâché; art prints; graphic art prints; silk screen prints; prints in the nature of engravings; etchings; aquarelles; architectural models; paintings; drawings; graphic drawings; photo-engravings; pictures; engravings and their reproductions; lithographic engravings; print engravings; engravings; lithographic works of art; oleographs; writing or drawing books; square rulers for drawing; drawing rulers; drafting rulers; squares for drawing; drawing instruments; French curves; photograph stands; sketch boards in the nature of sketching pads; drawing boards; wrapping materials made of paper; paper gift wrap; food wrappers;

cardboard packaging; plastic wrap; paper gift-wrapping ribbons; paper gift wrap bows; plastic pages with pockets for holding photographs; plastic pages with pockets for holding trading cards; plastic pages with pockets for holding receipts; conical paper bags; paper gift bags; bags made of plastics for packaging; gift cartons; cardboard packaging boxes in collapsible form; cardboard packaging boxes in made-up form; paper gift boxes; paper boxes; boxes of cardboard or paper; collapsible boxes of paper; cardboard boxes; boxes of cardboard or paper; printed year planners; printed agendas; printed desk diaries; pocket secretaries; printed desktop planners; diaries; printed monthly planners; personal organizers; printed weekly planners; pocket paper notebooks; writing stationery; office paper stationery; stationery; gift stationery; document portfolios; cases for stationery; printed instructional and teaching materials in the field of aerospace; writing and stamping implements; stickers being stationery; pencil tins; printed note pads; printed notepads being stationery; adhesive note pads; loose-leaf pads; blank paper notebooks; envelopes being stationery; plastic envelopes; printed wall calendars; printed desk calendars; printed calendars; folders being stationery; illustrated printed wall maps; desk pads; folders for papers; paper folders; file sorters; folders for blueprints; paper stationery; postcards; printed study guides; document files being office requisites; ring office binders; pen clips; clips for name badge holders being office requisites; desktop stationery cabinets being office requisites; manifold paper being stationery; letter-openers; compasses for drawing; desktop business card holders; memo pad holders; file covers, file cases; name badge holders being office requisites; adhesive paper labels; labels of paper; cardboard labels; labels of paper or cardboard; highlighting markers; marker pens; paperweights; staples for offices; clips for paper being stationery; commemorative postage stamps being seals; printed log books; protractors as drawing instruments; protractors for drawing; printed quick reference pocket guides in the field of aerospace; noteboards; memorandum boards; printed flip books; printed guest books; signature books in the nature of printed guest books; pocket memorandum books being stationery; printed daily planners; mounting boards; coloured pens; fiber-tip markers; highlighter pens; pen and pencil holders; holders for printed notepads; letter holders; copyholders; desk organisers for stationery use; desk organizers for stationery use; pen trays; document stamp racks; office binders; document files being stationery; bookends; printed ledger books; printed logbooks being ship's logs; printed index cards; bookmarkers; desk sets; desktop document stands; paper picture mounts; calendar stands; correspondence holders; stands for writing implements; paper notebooks; printed note pads; pocket paper notebooks; letter-openers; paper cutters being office requisites; writing tablets; desk file trays; document file racks; file trays; paper racks being office requisites; ball pens; pen and pencil boxes; date stamps; address stamps; commemorative postage stamps; slate pencils; drawing materials for blackboards; automatic pencils; color pencils; pencils with erasers; pencil leads; coloured lead pencils; brush pens; pens; pens being office requisites; pencil holders; pencil lead holders; penholders; gift cases for writing instruments; pencil cases; pencil sets; pen sets; writing instruments; rubber erasers; writing board erasers; blackboard erasers being chalk erasers; correcting fluids for documents being office requisites; correction pencils; dry erase markers; paper cutters for office use; pencil sharpeners, electric or non-electric; printed atlases; printed index cards; printed geographical maps; illustrated printed wall maps for educational purposes; printed maps; printed diagrams; printed period table of elements; celestial globes; printed teaching activity guides in the field of aerospace; blackboards; small blackboards; printed educational books in the field of aerospace; printed manuals for instructional purposes in the field of aerospace; globes; printed teaching materials in the field of aerospace; printed instructional and teaching material in the field of aerospace; printed correspondence course materials in the field of aerospace printed educational materials in the field of aerospace; paper teaching materials in the field of aerospace; three dimensional models for educational purposes; printed exercise books; scrapbooks; adhesives for stationery; adhesives for do-it-yourself purposes; adhesives for art use as stationery; glues for office use; adhesive materials for office use; printed seminar notes; printed stationery; printed calendars; printed tear-off calendars; printed road maps; printed

trivia cards, other than for games; printed plans; printed catalogues in the field of aerospace; printed news releases in the field of aerospace; paper report covers; magazine covers; printed flow sheets for accounting; printed diagrams for building computer circuits; printed diplomas for use as novelty awards; printed lessons for in the field of aerospace printed gazetteers; printed directories in the field of aerospace printed instruction sheets in the field of aerospace; printed informational sheets in the field of aerospace; photographs; printed photographs; printed comic books; printed newspapers; printed books in the field of aerospace sticker activity books; printed manuals in the field of aerospace; maps made of flexible plastics, dry erase boards with the outlines of maps included; printed teaching materials in the field of aerospace; forms, printed; printed monographs in the field of aerospace; printed pamphlets in the field of aerospace; printed information booklets in the field of aerospace; printed brochures in the field of aerospace; printed timetables; photograph album pages; scrapbook pages; blank writing journals; printed periodicals in the field of aerospace; events programmes; posters made of paper; printed souvenir programmes; printed publications in the nature of books and magazines in the field of aerospace; educational printed publications in the nature of books and magazines in the field of aerospace; framed art pictures; printed questionnaires in the field of aerospace; printed daily newspaper; printed comic strips; printed stories in illustrated form; printed research reports in the field of aerospace; printed reports in the field of aerospace; printed art reproductions; photographic reproductions; graphic framed art reproductions; printed magazines in the field of aerospace; printed professional journals in the field of aerospace; printed billbooks; printed telephone directories; printed address books; printed matter for instructional purposes in the nature of books and magazines in the field of aerospace; cartoon prints; color prints in the nature of printed photographs; printed photographs; lithographic prints; printed magazine supplements for newspapers in the field of aerospace; wall charts in the nature of printed flip charts for walls; printed reporters' notebooks; printed flash, index, special note cards; printed baby books; printed school yearbooks; book-cover paper; jackets of paper for books; leather appointment book covers; passbook covers; book covers; printed dictionaries; printed encyclopaedias; printed booklets in the field of aerospace; printed story books; printed non-fiction books on a variety of topics; printed children's storybooks; printed textbooks in the field of aerospace; printed picture books; printed books for children; printed children's books incorporating an audio component; printed gift books in the field of aerospace; printed manuals in the nature of handbooks in the field of aerospace, broadsheets; paper sheets being stationery; metal money clips; money clips of precious metals; money holders; money holders in the nature of money clips; place cards; place mats of paper; pastes and other adhesives for stationery or household purposes; franking machines for office use; hand-held labeling devices; document laminators for office use; bookbinding apparatus and machines being office equipment, namely, bookbinding machines for office use; apparatus for mounting photographs in the nature of photograph mounts; drawing sets comprised of cases for stationery; document portfolios; gummed tape for stationery use; adhesive bands for stationery or household purposes; spools for inking ribbons; inkwells; paper; carbon paper; copying paper; modelling wax, not for dental purposes; starch paste in the nature of an adhesive for stationery or household purposes; page holders; drawing materials; correcting ink for heliography; engraving plates; writing slates; printed matter in the nature of books and magazines in the field of aerospace; typewriters; pencil sharpening machines, electric or non-electric; pencils; adhesive tapes for stationery or household purposes; self-adhesive tapes for stationery or household purposes; pen nibs; writing brushes; paint brushes; office perforators; lithographic stones; graining combs; polymer modelling clay; chalk holders; pen boxes; square rulers for drawing; paint boxes being articles for use in school; T-squares for drawing; seals being stamps; fountain pens; blotting paper; stamp pads; ink pads; gummed cloth for stationery purposes; canvas for painting; sealing stamps; address stamps; drawing pens; paper shredders for office use; finger moisteners for gummed surfaces being office requisites; printed

children's activity books

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Electric motors for use in the field of aerospace; power-operated tools being drills, motors and engines, except for land vehicles; incubators for eggs; automatic vending machines; self-lubricating bearings for use in aerospace engines; diesel engines for air vehicles; geared electric motors for aircraft; airplane motors; engines for aerostats; airplane motors; motors for aeronautical purposes; articulated transmissions for aircraft; power transmissions for aircraft; rocket engines for aircraft; drive chains for driving aircraft; power transmission couplings for aircraft; gearing for air vehicles; airplane motors; aerial platforms for use with hoists being elevating work platforms and construction hoists in the field of aerospace; power transmissions for aircraft; differential gear mechanisms for air vehicles being spur gear train in the nature of gearing for machines; transmissions for air vehicles

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Providing on-line electronic publications, not downloadable, in the nature of books and magazines in the field of aerospace; layout services, other than for advertising purposes; publication of books; publication of texts, other than publicity texts; publication of electronic books and journals on-line; electronic desktop publishing; publication of manuals; publication of training manuals; publication of booklets; electronic publication of books and magazines in the field of aerospace; publication of online magazines in the field of aerospace on the Internet; publication of magazines; publication of online of books and magazines; publication of printed matter, other than publicity texts, in electronic form; publication of printed matter, other than publicity texts; publishing of journals; publication of scientific information journals; publishing of magazines in electronic form on the Internet; multimedia publishing of magazines, journals and newspapers; multimedia publishing of printed matter; multimedia publishing of books; book publishing services; electronic desktop publishing; digital video, audio and multimedia entertainment publishing services; conducting guided moped tours; production of television shows; presentation of live show performances; photographic reporting; organization of sports and electronic game competitions for education or entertainment; organization of exhibitions for cultural or educational purposes; arranging and conducting of congresses in the field of aerospace; arranging and conducting of conferences in the field of aerospace; arranging and conducting of seminars in the field of aerospace; arranging and conducting of symposiums in the field of aerospace; tutoring in the field of aerospace; photography; physical education; health club services, namely, providing instruction and equipment in the field of aerospace fitness training; sport camp services; organisation of sports competitions; gymnastic instruction; coaching in the nature of training in the field of aerospace; arranging and conducting of colloquiums in the field of aerospace; arranging and conducting of workshops for training in the field of aerospace; providing information about education; providing on-line videos, not downloadable in the field of aerospace; training services provided via simulators in the field of aerospace; electronic publishing services, namely, publication of text and graphic works of others on CD, DVD, on-line in the field of aerospace; entertainment in the nature of ongoing television programs in the field of aerospace news; providing entertainment information via websites; providing a computer game that may be accessed network-wide by network users; production of podcasts and on-line publication of journals or diaries in the nature of blogs in the field of aerospace education and entertainment; arranging and conducting exhibitions of aeroplanes for entertainment purposes; production of podcasts and on-line publication of journals or diaries in the nature of blogs in the fields of science, astronomy, technology, aeronautics,

oceanography, meteorology, geology, history and biography; providing educational information in the fields of history and historical biography for learning purposes via a website

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Hologram apparatus; downloadable ring tones for mobile phones; electronic diaries; smart rings; electronic interactive whiteboards; humanoid robots with artificial intelligence; interactive touch screen terminals; power amplifiers; digital organizers, namely, electronic personal organizers; electric signal attenuators; pickups for telecommunication apparatus; electronic encryption units; analogue to digital converters; analogue to digital converters; demultiplexers; data storage devices, namely, blank USB flash drives, Secure Digital (SD) Memory Cards and hard drive disks; preamplifiers; optical receivers; transmultiplexers; acoustic transformers being power transformers for amplification based on acoustic emission and systems comprised of electroacoustic and electrical transducers; optical transmitters; electromagnetic coils; decorative magnets; magnets; magnetic coils; electromagnets; electrolysers; ozonisers in the nature of ozonators; accumulators, electric; electric batteries for vehicles; chargers for electric batteries; anode batteries; batteries for lighting; batteries, electric; battery chargers; battery boxes; galvanic cells; galvanic batteries; solar batteries; electrical adapters; commutators; comparators; converters, electric; electric anti-interference devices namely, filters for radio interference suppression; inverters for electricity; circuit breakers; limiters for electricity; time switches, automatic; electricity control panels; electric distribution boards in the nature of circuit boards; current rectifiers; voltage surge protectors; voltage regulators for vehicles; electric light regulators being dimmers; electric relays; telerupters being electromechanical relays; Electricity reducers, namely, electronic controllers used to reduce power consumption; step-up transformers; electricity transformers; photovoltaic cells; solar panels for the production of electricity; anodes; anticathodes; electric inductor coils; coils, electric; cathodes; electric couplings; condensers in the nature of capacitors; electrical conductors; connectors for electricity; contacts, electric; light-emitting diodes (LED); fuses; armatures for use in electrical apparatus; electrical inductors; electric switches; electric circuit closers; electricity terminals, namely, electrical terminators and electrical terminal blocks; thermionic tubes; lighting ballasts; solenoid valves in the nature of electromagnetic switches; tube amplifiers; vacuum tubes for radio; discharge tubes, electric, other than for lighting; X-ray tubes not for medical purposes; triodes; electronic transistors; holders for electric coils; semiconductors; junction boxes for electricity; resistances, electric; rheostats; electric connections in the nature of sockets and plugs; branch boxes, namely, electric junction boxes; electrical switch cabinets; cabinets adapted to hold computers; cabinets adapted to hold electrical apparatus; physics apparatus and instruments in the field of aerospace; optical apparatus and instruments, namely, periscopes, telescopes and cameras; astronomy apparatus and instruments, namely, spectrographs and interferometers; optical condensers; optical lenses; microscope objectives in the nature of optical lenses; smartglasses; prisms for optics purposes; mirrors for inspecting work; mirrors for optics purposes; stereoscopes; protective eyepieces; optical glass; micrometer screws for optical instruments; distance measuring apparatus; stereoscopic apparatus in the field of aerospace ; containers specially adapted for microscope slides; binoculars; magnifying glasses; microscopes; lenses for astrophotography; eyepieces in the nature of optical glasses, periscopes; refractors, namely, refracting telescope; spectrograph apparatus; magnifying peepholes for doors; observation instruments in the field of aerospace; telescopes; light-emitting electronic pointers; lasers for industrial use; correcting optical lenses; frames for spectacles and sunglasses; prescription sunglasses; containers for contact lenses; spectacle cases; pince-nez chains; spectacle cords; contact lenses; spectacle lenses; spectacle frames; spectacles for optics; optical glasses; sunglasses; smoke detectors; acoustic alarms; fire alarms; burglar alarms; warning devices being warning bells; alarm

bells, electric; sound alarms; electronic key fobs being remote control apparatus; electric locks; whistle alarms; marker buoys; signaling buoys; beacons, luminous; signal bells; electric door bells; luminous or mechanical traffic signals; optical lanterns; flashing luminous safety lights; optical signal lanterns; sirens; signalling whistles; mechanical signs; luminous signs; shoes for protection against accidents, irradiation and fire; headgear being protective helmets; lifebelts; protective gloves for protection against X-rays for industrial purposes; life saving rafts; reflective safety vests; life vests; bullet proof jackets; gloves for protection against X-rays for industrial purposes; gloves for protection against accidents; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; protective face masks for the prevention of accident or injury; protective industrial respirators for filtering air; nets for protection against accidents; safety nets; workmen's protective face-shields; protective suits for aviators; protective helmets for sports; anti-glare glasses; sports glasses; underwater breathing apparatus; breathing apparatus for underwater swimming; respiratory masks, other than for artificial respiration, namely, respiratory masks for the prevention of accident or injury; navigation apparatus for vehicles in the nature of on-board computers; global positioning system (GPS); nautical apparatus and instruments, namely, gyro compass, radar, magnetic compass and echo sounder; global positioning system [GPS] apparatus; directional compasses; marine compasses; compasses for measuring; sextants; octants; sundial; cosmographic mirrors; electric navigational instruments; wearable activity trackers; air analysis apparatus; diagnostic apparatus for testing food; dosimeters; temperature indicator labels, not for medical purposes; stroboscopes; meteorological instruments; pressure indicator plugs for valves; radar apparatus; virtual reality headsets; infrared detectors; smoke detectors; seismic detectors; motion detectors; sonars; egg-candlers; gas testing instruments; material testing instruments and machines, namely, electronic apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials; aerometers; alcoholmeters; altimeters; calibrating rings for aerospace vehicles; anemometers; apertometers for optics; precision measuring apparatus, namely, precision balances; level and angle gauges; actinometers; barometers; weighbridges; screw-tapping gauges; calorimeters; gradient indicators; revolution counters; vibration meters; densimeters; densitometers not for medical use; manometers; weighing machines; surveyors' levels; plumb levels; bubble levels; vacuum gauges; hydrometers; hygrometers; protractors in the nature of measuring instruments; gasometers in the nature of measuring instruments; frequency meters; photometers; flowmeters; plumb lines; ergometers not for medical purposes; hemline markers; dynamometers; planimeters; polarimeters; square rulers for measuring; measuring glassware; refractometers; marine depth finders; spectroscopes; azimuth instruments; viscosimeters; variometers; range finders for golf; taximeters; surveying instruments; remote control apparatus, namely, electronic key fobs; electro-dynamic apparatus for the remote control of signals; decompression chambers; electric apparatus for remote ignition, namely, keyless entry system and keyless ignition switch system for automotive vehicles comprised of a microprocessor, electronic signal receiver, and keyfob with electronic signal transponder; electric installations for the remote control of industrial operations; temperature switches and sensors for monitoring, controlling, and switching hydraulic or pneumatic systems; thermostats for vehicles; stills for laboratory experiments; chromatography apparatus for laboratory use; diffraction apparatus in the nature of microscopes; fermenter apparatus for laboratory use; audiovisual teaching apparatus, namely, educational apparatus being blocks used as teaching aids for modeling chemical compounds and visualization of math concepts; distillation apparatus for scientific purposes; clothing especially made for laboratories, namely, protective clothing especially made for use in laboratories; furniture especially made for laboratories; laboratory robots; satellites for scientific purposes; simulators for the steering and control of vehicles; probes for scientific purposes; digital weather station instruments; telecommunication apparatus in the nature of wireless receivers in the form of jewelry; magnetic resonance imaging [MRI] apparatus, not for medical purposes; hand-held electronic dictionaries; optical fibers in the nature of light conducting filaments; ; downloadable graphics for mobile phones; selfie lenses; satellite

finder meters; wearable video display monitors; personal digital assistants; teaching robots; security surveillance robots; rearview cameras for vehicles; anti-dazzle sunglasses; viewfinders; sound and film recording apparatus; downloadable video recordings featuring music, self-improvement and mathematics instruction

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Transportation information; rental of aircraft engines; transport brokerage; piloting; supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of documents, packages, raw materials, and other freight for others by air, rail, ship or truck; transport by air; passenger transport; transport of travellers; consultancy in the field of aerospace air transport; providing information relating to air transport; rental of navigational systems; air traffic control services; global positioning system navigation services; GPS navigation services in the nature of tracking of passenger or freight vehicles by computer or via GPS; GPS navigation services in the nature of tracking of passenger vehicles by computer or via GPS; GPS navigation services in the nature of tracking and tracing of shipments; transport of goods; launching of satellites for others; freight-forwarding services by air; air cargo transport; delivery of parcels by air; launching of spacecraft for others; launching of satellites for the benefit of others; launch and placement in prescribed orbit of satellites of others; piloting of commercial aeroplanes; air transport for scientific missions

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Bandanas being neckerchiefs; caps being headwear; berets; skull caps; hats; hoods being clothing; bathing caps; headbands being clothing; muffs being clothing; mantillas; turbans; veils being clothing; rainproof clothing being coats; clothing for gymnastics being gym shoes, gym shorts, gym boots, gym suits, gymnastic shoes; tracksuit clothing, namely, tracksuit bottoms; tracksuit tops; motorists' clothing, namely, motorcycle gloves; motorcycle jackets; motorcyclist boots; motorcycle riding suits; motorcycle rain suits; boots for motorcycling; waterproof suits for motorcyclists; gowns; bathrobes; underwear; suspenders; leotards; stockings; socks; breeches; swimming trunks; sweat-absorbent socks; sweat-absorbent stockings; sweat-absorbent underwear; shirts; albs; bodices being lingerie; sports singlets; coats; stuff jackets being clothing; belts being clothing; tights; swimming costumes; beachwear; neckties; pocket squares; scarves; jackets being clothing; fishing vests; neck scarves being mufflers; fishermen's jackets; skirts; aprons being clothing; mittens; gloves being clothing; leg warmers; maillots; hosiery; sweaters; trousers; parkas; ear muffs being clothing; pyjamas; tee-shirts; topcoats; sashes for wear; shawls; brassieres; stocking suspenders; sock suspenders; combinations being clothing; robes; goloshes; training shoes; mules; sandals; bath sandals; shoes; bath slippers; gymnastic shoes; beach shoes; football boots; training shoes; ski boots; half-boots; boots; wooden shoes; ankle boots
