International Registration 1268952 **International Registration Date** Apr. 29, 2015

GOODS AND SERVICES INFORMATION

For Chemicals, namely, lithium hydroxide, lithium compounds; chemicals used in industry, science and photography, agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; metal oxide powders for industrial purposes; minerals, namely, lithium compounds, borate minerals, silicate minerals, metal chlorides, chloride minerals, sulfate minerals, sulfide minerals, carbonate minerals, orthosilicates, disilicates, cyclosilicates, inosilicates, phyllosilicates, and tectosilicates; laminated minerals to be affixed to the surface of furniture; mineral substances in the nature of sorbents; lithium; lithium carbonate; potash; mineral sands, namely, foundry sand, chemically treated sand, sands for use in metallurgy, and sand containing ilmenite, rutile, zircon, monazite, garnet, magnetite and chromite

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Building construction and civil and mechanical engineering construction services; repair of construction machines and apparatus, mines, quarries, buildings, mining equipment; repair of mining and quarrying equipment and installations; installation of mining equipment, quarrying equipment and environmental containment systems; drilling of wells; mining extraction; mining services, namely, the extraction of minerals; quarrying services; machinery installation, maintenance and repair; pipeline construction and maintenance; mining and quarrying services, namely, the extraction of minerals; construction planning services for mining and quarrying operations

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Treatment and blending of minerals, ores, concentrates and mineral substances; chemicals and metals extraction and processing, namely, conversion of targeted substrates into targeted chemical preparation by treatment with enzyme systems and metal treatment; recycling, recovery, purification, treatment and reprocessing services, all for common metals and their alloys and articles made wholly or principally therefrom

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Research, development and technical services in the nature of engineering services for the mining and metallurgical industries; geological and mineralogical prospecting, exploration, research and survey; information and advisory services in relation to research, development and technical services for the mining and metallurgical industries; consultation and research in the field of natural resources in the mining and metallurgical industries; scientific and technological services, namely, research and design relating thereto in the field of mining, metals, geological prospecting; architectural services, industrial design, analysis, testing and research services associated with mining; metallurgical and chemical analysis, testing and research services; construction planning and drafting; engineering services, namely, engineering surveying and the provision of engineering drawings; land surveying, geological research, prospecting and surveys; exploration of mines and ore and metals prospecting and mine exploitation in the nature of consulting services in the field of mining exploration; exploration services relating to mining industries; development and research relating to the mining supply industries; designing and engineering services relating to the exploration, evaluation, development, mining, processing and marketing in the nature of designing and developing websites in the field of metals; research, development and technical services in the nature of engineering services in the field of remote operation in the field of mining and of maintenance of mining equipment

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Financial management of building projects except planning and installation of lighting equipment; financial planning services relating to building projects and preparation of financial reports relating to building projects; Financing of installations for transmission, distribution and generation of energy; Real estate affairs, namely, real estate agencies and real estate appraisal

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Internal combustion engines for land vehicles; Motors for land vehicles

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Electricity power generators; gas turbines not for land vehicles; steam turbines not for land vehicles; Internal combustion engines for power generation, other than for land vehicles; parts of plants for combining heat and power, namely, internal combustion engines, gas-operated, electric, steam operated power generators; Motors other than for land vehicles; Internal combustion engines for power generation at cogeneration plants; Block heating plants, namely, block type thermal power stations for power generation comprised of internal combustion engines with coupled heat exchanger for electricity and heat and power generation as complete units

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Steam generating installations, namely, steam generating boilers, furnaces, industrial hot water heating installations, in particular for producing of hot water for district heating purposes; floor, space, steam heating apparatus; Heating boilers; Gas, fuel, oil and biomass burners; Heat pumps; parts of facilities for cogeneration, namely, fuel cells used in heating; Heat exchangers not being parts of machines; Heat accumulators; Solar thermal installations, namely, solar thermal modules for heat generation

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Education services, namely, providing classes, seminars, workshops in the field of renewable energies and electricity; Training of specialists in the field of renewable energies and electricity; Entertainment services in the nature of competitions, shows, events, fairs and exhibitions in the field of renewable energies and electricity; Publication of books, magazines, brochures in the field of transmission in digital data networks

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Procurement services, namely, procurement of contracts for others for the purchase of energy via the arranging of contracts for the purchase of electricity or gas among energy and electricity suppliers, producers, and consumers; Professional business management and enterprise organization consultancy in the field of energy efficiency; Business management and organization services, namely, managing product distribution and management of parts and components for manufacturers of electric batteries, heating, boilers and burners, facilities for cogeneration of heat and power, heat pumps, block-type thermal power stations, fuel cells, and fuel cell heating apparatus, machinery for the production of electricity and energy, motors other than for land vehicles, measuring, regulating and control devices, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity or gas; Business administration services for processing online measured data for third parties; processing of measured values by systematization in computer databases, namely, compiling of information into computer databases; Providing online and offline business management services, namely, accounting; remote reading of measuring and control devices for accounting purposes, namely, tracking and monitoring energy consumption, fluctuation in prices for others for cost accounting purposes; computerized file management; On-line retail store services featuring computer software and computer software for use on mobile digital electronic devices and consumer electronics devices; Advertising text and multimedia publication services transmitted via digital data networks

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Building construction; plant construction, maintenance and construction project management services for businesses in the energy production and transmission sector; installation and maintenance of power generation apparatus, namely, heating devices, boilers and burners, systems for combined heat and power cogeneration, fuel cells, fuel cell heating appliances, machinery for power and energy, motors other than for land vehicles, measuring, regulating and control devices, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling

electricity or gas; conducting of building projects, namely, construction of turnkey ready buildings for transmission, distribution and generation of energy; installation and maintenance of computer hardware; Installation of electrical systems and appliances

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electric batteries for energy generation; batteries for lighting; solar batteries; fuel cells; photovoltaic installations for generating electricity, namely, photovoltaic inverters, photovoltaic solar modules for production of electricity; solar thermal and electrical receivers, tracking mechanisms and concentrating optics and control algorithms; physical, electrical and electronic measuring and control apparatus, namely, meters for measuring electricity, heat and gas; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, stationary batteries, inverters, electric vehicles and charging stations, photovoltaics, block heating plants, heat pumps, communication components for controlling of decentralized energy systems, smart counting devices, decentralised energy-management systems; Fuel cells as parts of facilities for cogeneration of heat and power; Computer software for use in database management, in the field of measuring, recording and regulating renewable energies for energy production, transmission and supply; downloadable computer software available over the internet and wireless devices for use in database management, in the field of measuring, recording and regulating renewable energies for energy production, transmission and supply; Computer hardware; Apparatus for receiving, recording, transmission, processing and reproduction of data; Transmitter for electronic signals; Electric control devices for heating management

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Licensing of computer software

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication access services; Providing access to telecommunication networks; Transmission services via the Internet and electronic communication networks, featuring transmission of computer software in the form of digital files; transmission and distribution of data or audio visual images via a global computer network or the Internet

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Public utility services in the nature of electricity, natural gas, and heat supplying distribution; Utility services, namely, transmission of electrical power, gas and heating

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Power and energy production; rental of heat generation installations, namely, leasing of heat generation equipment, block heating plants, heat pumps, fuel value marmite, infrared heaters

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Electrical energy

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Scientific and technological services, namely, scientific research, analysis, testing, in the field of renewable energies and electricity; Engineering for the implementation of developments, technical planning, monitoring of manufacturing and assembly in the field of renewable energies and electricity; technical consulting in the field of thermo-technical equipment; Leasing of measuring and control devices, namely, computers; Updating of computer software; Development and design of computer software; Installation, maintenance and rental of computer software; Software as a service (SAAS) services featuring software for use in database management, in the field of measuring, recording and regulating renewable energies for energy production, transmission and supply; Technical project management in the IT field

sandpaper, pumice stone, abrasive pastes, polishing preparations for leather, vinyl, metal, wood, industrial oils and greases, cutting fluids, dust absorbing, wetting and binding compositions, solid fuels, firewood, liquid and gas fuels and their non-chemical additives, candles, wicks, semi-finished wax, wax and paraffin for lighting purposes, pharmaceutical and veterinary preparations for medical purposes, chemical preparations for medical purposes, dietary supplements, including those adapted for medical purposes, nutritional supplements, dietary supplements for slimming purposes, food for babies, herbs and herbal beverages adapted for medicinal purposes, dental preparations and articles, sanitary preparations for medical use, hygienic pads, hygienic tampons, plasters, materials for dressings, diapers, including those made of paper and textiles, preparations for destroying vermin, fungicides, herbicides, deodorants, other than for human beings or for animals, air deodorizing preparations, disinfectants, antiseptics, detergents for medical purposes, ores of non-precious metal, common metals and their alloys and semi-finished products in the nature of castings, foils, powder, and rolled, drawn or extruded semi-finished articles made of these materials, goods and materials of common metal used for storage, wrapping, packaging, sheltering and building purposes, containers of metal for storage and transport, fences and transportable buildings made of metal, ladders of metal, goods of common metal for filtering and sifting purposes in removing solids from liquids, doors, windows, shutters and jalousies and their cases and fittings of metal, non-electric cables and wires of metal, ironmongery, small hardware of metal, ventilation ducts, vents, vent covers, pipes, chimney caps, manhole covers, grilles of metal for ventilation, heating, sewage, telephone, underground electricity and air conditioning installations, metal panels or boards that are non-luminous and non-mechanical used for signaling, route showing and for publicity purposes, signboards of metal, advertisement columns of metal, signaling panels of metal, pipes of metal for transportation of liquids and gas and their metal fittings, valves of metal, drilling pipes of metal, safes in the nature of strong boxes of metal, metal railway materials, bollards of metal, floating docks of metal, mooring buoys of metal, anchors, metal molds for casting, other than machine parts, works of art made of common metals or their alloys, metal closures, bottle caps of metal, metal poles, metal pallets and metal ropes for lifting, loading and transportation purposes, metal hangers, ties, straps, tapes and bands used for load-lifting and load-carrying, wheel chocks made primarily of metal, machines, machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, construction machines and robotic mechanisms in the nature of machines for use in construction, lifting, loading and transmission machines and robotic mechanisms in the nature of machines for lifting, loading and transmission purposes, machines and robotic mechanisms in the nature of machines for use in agriculture and animal breeding, machines and robotic mechanisms in the nature of machines for processing cereals, fruits, vegetables and food, engine and motors, other than for land vehicles, parts and fittings therefor, parts of land vehicle motors and engines, bearings being parts of machines, roller or ball bearings, machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispensers, electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, machines in the nature of compressors, vehicle washing installations, robotic mechanisms in the nature of machines with the abovementioned washing functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots in the nature of machines with the abovementioned welding functions, printing machines, packaging machines, filling, plugging and sealing machines, labelers in the nature of machines, sorting machines, industrial robots in the nature of machines with the abovementioned

labeler functions, electric packing machines for plugging and sealing of plastics, machines for textile processing, sewing machines, industrial robots in the nature of machines with the abovementioned sewing functions, pumps other than parts of machines or engines, fuel dispensing pumps for service stations, self-regulating fuel pumps, electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, washing machines, laundry washing machines, dishwashers, spin driers that are not heated, electric cleaning machines for cleaning floors, carpets or floorings, vacuum cleaners and parts thereof, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, joints being parts of engines, forks, spoons, knives and non-electric cutters, slicers, peelers for kitchen use, including those made of precious metals, side arms and weapons in the nature of blades weapons, tools and apparatus for shaving, epilation, manicure, pedicure and personal beauty care use, electrical hair straighteners and electric hand implements for hair curling, scissors, hand-operated hand tools for the repair of machines, apparatus and vehicles and for use in construction, agriculture, horticultural and forestry, none of them being power tools, electric or non-electric irons, steam irons, measurement apparatus, equipment and indicators including those for scientific and laboratory use, laboratory equipment and apparatus, apparatus for recording, transmission or reproduction of sound or images, data processing apparatus, telecommunication apparatus, sound or image reproducing apparatus, computer peripheral devices, magnetic and optic data carriers and computer software and programmes recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optic cards, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned amplifiers, ticket dispensers, automatic teller machines (ATM), electronic components used in the electronic parts of machines and apparatus, counters and quantity indicators for measuring the quantity of liquid consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and life-saving apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers, for optical lenses, parts and components of optical lens containers, apparatus and instruments for conducting, transforming, accumulating or controlling electricity, electric cables and electrical power supplies, batteries, electric accumulators, alarms and anti-theft alarms, other than for vehicles, electric bells, signaling apparatus and instruments, luminous and mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, metronomes, surgical, medical dental and veterinary apparatus and instruments, furniture especially made for medical purposes, artificial limbs and prostheses, medical orthopaedic articles, surgical gowns and surgical sterile sheets, adult sexual aids, condoms, babies' bottles, babies' pacifiers, teats, teethers for babies, lighting installations, lights for vehicles and interior-exterior spaces, heating and steam generating installations, stoves for heating purposes using solid, liquid or gas fuels, electric stoves for heating purposes, kitchen stoves, installations for air-conditioning and ventilating, cooling installation and freezers, electric and gas-powered devices, installations and apparatus for cooking, drying and boiling, electric laundry driers, hair driers, hand drying apparatus, sanitary installations, taps in the nature of faucets, shower installations, toilets in the nature of water-closets, shower and bathing cubicles, bath tubs, sinks, wash-hand basins being parts of sanitary installations, water softening apparatus, water purification apparatus, water purification installations, waste water purification installations, electric bed warmers and electric blankets, not for medical use, electric pillow warmers, electric or non-electric foot warmers, hot water bottles, filters for aquariums and aquarium filtration apparatus, industrial type installations for cooking, drying and cooling purposes, pasteurizers and sterilizers, motor land vehicles and their component parts, motors and engines for land vehicles, motorcycles, mopeds, bicycles and

their bodies, handlebars and mudguards for bicycles, vehicle bodies, tipping bodies for trucks, trailers for tractors, frigorific bodies for land vehicles, trailer hitches for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner and outer tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, anti-skid chains for vehicles, luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles or motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for vehicles, safety belts for vehicle seats, air bags in the nature of safety devices for automobiles, baby carriages, wheelchairs, pushchairs, wheelbarrows, shopping carts, single and multi-wheeled wheelbarrows, shopping trolleys, grocery carts, handling carts, rail vehicles, locomotives, trains, trams, wagons, cable cars, chair lifts, vehicles for locomotion by water and their parts, other than their motors and engines, vehicles for locomotion by air and their parts, other than their motors and engines, firearms, air pistols in the nature of weapons, spring-loaded firearms, adapted cases and shoulder straps therefor, heavy weapons, mortars and rockets, fireworks, sprays for personal defense purposes, jewellery, imitation jewellery, gold, precious stones and jewellery made thereof, cufflinks, tie pins, statuettes and figurines of precious metal, clocks, watches and chronometrical instruments, chronometers and their parts, watch straps, musical instruments and cases for musical instruments, paper and cardboard, paper and cardboard for packaging and wrapping purposes, cardboard boxes, paper towels, toilet paper, paper napkins, plastic materials for packaging and wrapping purposes, printing blocks and types, bookbinding material, printed matter, printed publications, calendars, posters, printed photographs, paintings, stationery in the nature of stickers, postage stamps, stationery, office stationery, instructional and teaching material at the primary and secondary level but excluding furniture and apparatus, writing and drawing implements, artists' materials, paper products for stationery purposes, adhesives for stationery purposes, office requisites, paint rollers and paintbrushes for painting, rosaries, rubber, gutta-percha, gum, asbestos, mica and semi-finished synthetic goods made from these materials in the form of powder, bars, panels and foils, insulation, stopping and sealing materials, joint sealant compounds for joints, gaskets, O-rings for sealing purposes, flexible pipes made front rubber and plastic, hoses made of plastic and rubber, including those used for vehicles, junctions for pipes of plastic and rubber, pipe jackets of plastic and rubber, hoses of textile material, junctions for pipes, not of metal, pipe jackets, not of metal, connecting hose for vehicle radiators, unworked or semi-worked leather and animal skins, imitations of leather, stout leather, leather used for linings, goods made of leather, imitations of leather or other materials, designed for carrying personal items, carrying bags, boxes and trunks made of leather or stout leather, key cases, umbrellas, parasols, sun umbrellas, walking sticks, whips, harness, saddlery, stirrups, straps of leather in the nature of saddlery, sand, gravel, crushed stone, asphalt, bitumen, cement, gypsum for use in construction, road construction, repair and covering work, building materials as finished products made of concrete, gypsum, clay, potters' clay, natural or artificial stone, wood, plastics and synthetic materials for building, construction and road construction purposes, non-metallic buildings, non-metallic building materials, non-metallic transportable buildings, poles not of metal for power lines, barriers not of metal, doors and windows of wood and synthetic materials, traffic signs nor of metal, non-luminous and non-mechanical, for roads, monuments and statuettes of stone, concrete and marble, natural and synthetic surface coatings in the form of panels and sheets, being building materials, heat adhesive synthetic surface coating, being building materials, bitumen cardboard coatings for roofing, bitumen coating for roofing, building glass, structures in the nature of prefabricated swimming pools not of metal, aquarium sand, furniture made of any kind of material, mattresses, pillows, air mattresses and cushions not for medical purposes, sleeping bags for camping, water beds not for medical purposes, mirrors, beehives, artificial honeycombs and

sections of wood for honeycombs, bouncing chairs for babies, playpens for babies, cradles, infant walkers, display boards, frames for pictures and paintings, identification plates, identification tags, nameplates, identification labels made of wood or synthetic materials, packaging containers of wood or plastics, casks for use in transportation or storage, barrels, storage drums, tanks, boxes, storage containers, transportation containers, chests, loading pallets and closures for the aforementioned transportation containers, of wood and plastics, small hardware goods of wood or synthetic materials, furniture fittings of wood and synthetic materials, opening and closing mechanisms of wood and synthetic materials, ornaments and decorative household goods of wood, wax, beeswax, plastic or plaster bone, ivory or plaster, included in this class, baskets, fishing baskets, kennels, nesting boxes and beds for household pets, portable ladders and mobile boarding stairs of wood or synthetic materials, bamboo curtains, roller indoor blinds, slatted indoor blinds, trip curtains, bead curtains for decoration, curtain hooks, curtain rings, curtain tie-backs, curtain rods, non-metal wheel chocks, hand-operated non-electric cleaning instruments, brushes, other than paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets, mops, electric brushes, except parts of machines, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household and kitchen utensils, clothes-pegs, pots and pans, ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, terrariums and vivariums for animal and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware or clay, vases, mouse traps, insect traps, fly catchers, fly swatter, fly whisks, plastic taps for toilet holes for use against rats and insects, not parts of sanitary installations, electric devices for attracting and killing flies and insects, perfume burners, perfume sprayers, perfume vaporizers, electric or non-electric make-up removing appliances, powder puffs, toilet cases, nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans, unworked or semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation or textile use, coupes as rewards for sports events, ropes, strings, rope ladders, hammocks, fishing nets, tents, awnings, tarpaulins, sails, unfitted vehicle covers, not fitted, bags of textile, for packaging, padding and stuffing materials, except of rubber and plastics, including those of wool and cotton, textile fibers, raw spun fiber, glass fibers for textile use, yarns and threads for textile use, threads and yarns for sewing, embroidery and knitting, thread, elastic yarns and threads for textile use, woven or non-woven textile fabrics, textile goods for household use, curtains, bed covers, textiles in the nature of sheets, pillowcases, blankets, quilts, towels, flags, pennants, labels of textile, swaddling blankets, clothing, including underwear and outerclothing, other than special purpose protective clothing, socks, footwear, headgear, laces and embroidery, guipures, festoons, haberdashery in the nature of ribbons, ribbons and braid, fastening tapes for clothing, cords for clothing, letters and numerals for marking linen, embroidered emblems, badges for wear, not of precious metal, shoulder pads for clothing, buttons for clothing, fasteners for clothing, eyelets for clothing, zippers, buckles for shoes and belts, fasteners, shoe and belt buckles, pins, other than jewellery, adhesive patches for decoration of textile articles, laces, needles, sewing needles, needles for sewing machines, needles for knitting and embroidery, boxes for needles, needle cushions, artificial flowers, artificial fruits, wigs, hair ornaments, hair curlers, other than hand implements, carpets, rugs, mats, prayer rugs, linoleum, artificial turf, linoleum for covering floors, gymnasium mats, wallpaper, wall hangings not of textile, games and toys, arcade video game machines, game apparatus and machines for use with an external display screen and monitor, including those coin-operated, toys for animals, toys for outdoor

playgrounds, parks and game parks, gymnastic and sporting articles not included in other classes, Christmas trees of artificial material, ornaments for Christmas trees, artificial snow for Christmas trees, playthings in the nature of rattles, novelties for parties, party favors for dances, paper party hats, meat, fish, poultry and game, processed meat products, dried pulses, soups, bouillon, processed olives, olive paste, milk and milk products, butter, edible oils, dried, preserved, frozen, cooked, smoked or salted fruits and vegetables, tomato paste, prepared nuts and dried fruits as snacks, hazelnut spreads and peanut butter, tahini in the nature of a sesame seed paste, eggs and powdered eggs, potato chips, coffee, cocoa, coffee or cocoa based beverages, chocolate based beverages, pasta, stuffed dumplings, noodles, pastries and bakery products based on flour, desserts based on flour and chocolate, honey, bee glue for human consumption, propolis for food purposes, condiments for foodstuff, vanilla flavoring, spices, sauces in the nature of condiments, tomato sauce, yeast, baking powder, flour, semolina, starch for food, sugar, cube sugar, powdered sugar, tea, ice tea, confectionery, chocolate, biscuits, crackers, wafers, chewing gums, ice-cream, edible ices, salt, cereals and cereal-based foodstuff, molasses for food, agricultural and horticultural products, seeds, forestry products not included in other classes, live animals, fertilized eggs for hatching, plants, dried plants for decoration, fresh garden herbs, dried garden herbs for decoration, animal foodstuffs, malt not for human consumption, beers, preparations for making beer, mineral water, spring water, table water, soda water, fruit and vegetable juices, fruit and vegetable concentrates and extracts for making beverages, non-alcoholic soft drinks, energy drinks, alcoholic beverages except beers, tobacco and tobacco products, smokers' articles including those made of precious metals, pipes, mouthpieces for cigars and cigarettes, ashtrays, tobacco boxes, pocket apparatus for rolling cigarettes, cigarette paper, tobacco pipes, firestones, lighters for smokers, matches

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Measurement apparatus, equipment and indicators including those for scientific and laboratory use, laboratory equipment and apparatus, namely, distance measuring apparatus, coordinate measuring apparatus, scientific research equipment for use in mass spectrometers, level indicators, temperature indicators, speed indicators and laboratory equipment in the nature of calipers, test tubes, crucibles, spectroscopes, funnels and microarrays; apparatus for recording, transmission or reproduction of sound or images; data processing apparatus, telecommunication apparatus, namely, telecommunication base stations, exchangers, switches, towers and cables; sound reproducing apparatus, image reproducing apparatus, namely, cameras; computer peripheral devices, prerecorded magnetic and optical data carriers featuring computer software and software programs recorded thereto for word processing; downloadable and recordable electronic publications recorded on computer media, namely, magazines, newsletters and books in the field cultural and social activities, art, travel, finance, politics and economy; encoded magnetic and optic cards, namely, magnetically encoded debit and credit cards; antennas, satellite antennas, amplifiers for antennas, component parts of the aforementioned goods; ticket dispensers, namely, video lottery ticket terminals and electronic parking lot ticket dispensers; automatic teller machines (ATM), electronic components used in the electronic parts of machines and apparatus, namely, electronic components for computers, electronic components for juke boxes, and electronic components in the nature of infrared detectors for use in further manufacture; counters, namely, automatic pill counters and Geiger counters; quantity indicators for measuring the quantity of calorie consumption; automatic time switches, clothing for protection against accidents, irradiation and fire, water ski safety vests and life-saving apparatus and equipment, namely, namely, life belts, life jackets,

life preservers, lifesaving rafts and life-buoys; eyeglasses, sunglasses, optical lenses and cases, containers specially adapted for optical lenses, structural parts and components thereof; apparatus and instruments for conducting, transforming, accumulating or controlling electricity; electric cables and electrical power supplies, batteries, electric accumulators, alarms in the nature of acoustic sound alarms and electronic door alarms and anti-theft alarms in the nature of burglar alarms, other than for vehicles; electric door bells; signaling apparatus and instruments, namely, signal mirrors, signal whistles, signaling buoys and signal belts; luminous or mechanical road signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, namely, night vision goggles and night vision system primarily comprising night sensors, night cameras, power sources, communication means, monitors and operating software; decorative magnets, metronomes

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Radio and television broadcasting services, telecommunication services, namely, aeronautical telecommunication services, information about telecommunication, leasing of telecommunication equipment, providing electronic telecommunication connections, transmission of podcasts and webcasts, and providing wireless telephone services; providing access to Internet; news agencies, namely, the transmission of news items to news reporting organizations

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Clothing, namely, underwear and outer clothing in the nature of shirts, shorts, pants, coats, dresses, skirts and mittens; socks, footwear, headgear, namely, hats, caps and visors

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Scientific analysis services, namely, DNA analysis services for scientific research purposes, analysis of industrial fluids, and scientific research services; engineering; engineering and architectural design services; testing services of the goods and services of others to determine conformity with certification standards for the certification of quality and standards, computer services, namely, computer graphics services, computer forensic services and computer diagnostic services; computer programming, computer virus protection services, computer system design; creating, maintaining and updating websites for others, computer software design, updating and rental of computer software, providing search engines for the Internet, hosting websites for others, computer hardware consultancy, rental of computer hardware, industrial design services, other than engineering, computer and architectural design; graphic arts designing, authenticating works of art

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

CASE IDENTIFIERS

Serial Number 79176661 **Application Filing Date** Aug. 11, 2015 **Register** Principal **Mark Type** Trademark **Publication Date** Jul. 05, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a design and the wording "SHARK NEANDER". The design is comprised of a green and white rectangle superimposed over a green and white shield. The rectangle has a green outer border, a white inner border, and a green interior. Inside the rectangle is "NEANDER" in white. The shield has a green outer border, a white inner border, and a green interior. Above the rectangle and inside the top of the shield is the wording "SHARK" in white. Below the rectangle and inside the bottom of the shield is a white design of a horizontal line with two vertical downward lines to the left and right of the center of the horizontal line extending at a slight outward angle ending with two perpendicular curved bars facing downward over a downward facing quarter circle with the outer edge facing the curved bars. The white in the background is not claimed as a feature of the mark. **Color Drawing** Yes **Color Claimed** The color(s) green and white is/are claimed as a feature of the mark.

GOODS AND SERVICES INFORMATION

For Apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers; blank recording discs; data processing apparatus; computer software for use in image processing, analysis and interpretation; computer hardware; computer accessories, namely terminals, monitors, TV displays for use with computer hardware and specialised electronic displays such as purpose-specific displays for use in plant and equipment control rooms, air traffic control towers and road traffic control or dispatch operations computer peripherals namely terminals, monitors, TV displays for use with computer hardware and specialised electronic displays such as purpose-specific displays for use in plant and equipment control rooms, air traffic control towers and road traffic control or dispatch operations; electronic vehicle safety systems comprised of inward and outward facing cameras, back-up sensors, image storage and processing computer hardware and software, console or dashboard indicators, head-up displays and alert and warning devices such a lights, displays and electro-mechanical devices; optical character recognition apparatus incorporating scanners; safety and driving assistant system for mobile vehicles and vessels comprised of imaging processing monitors; computer imaging systems for use in image processing, analysis and interpretation; communications apparatus and equipment, namely, apparatus for transmission of communication; mobile computing and communication devices, namely, personal computing devices, mobile phones, smartphones, personal digital assistants (PDAs), e-book readers, tablet phones, tablet computers, mobile computers, mobile electronic apparatus for recording, transmission, processing and/or reproduction of data, sound

and/or images and parts and accessories therefor; electronic apparatus and equipment for measuring, monitoring, detecting, recording, tracking, assessing or reporting the performance of an operator of land, sea or air vehicles or other plant and equipment or the users of displays for land, sea or air vehicles or other plant and equipment; electronic apparatus and equipment for measuring, monitoring, detecting, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction concentration or performance of an operator of land, sea or air vehicles or other plant and equipment or the users of displays for land, sea or air vehicles or other plant and equipment; apparatus and equipment for measuring, monitoring, detecting, recording, tracking, assessing or reporting the physiological characteristics exhibited by the operator of a land, sea or air vehicle or the operator of computers or other plant and equipment or the users of displays for land, sea or air vehicles or other plant and equipment not for medical use; electronic, optical, measuring and communications apparatus and equipment for use in detecting, monitoring, measuring, analysing, compiling data, transmitting data and reporting the performance, awareness, distraction, drowsiness, fatigue, concentration or the physiological characteristics of an operator of a land, sea or air vehicle or the operator of other plant and equipment or the users of displays for land, sea or air vehicles or other plant and equipment not for medical use; electronic apparatus for detecting, monitoring, measuring, analysing, compiling data, transmitting data and reporting on eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions and vital signs of an operator of a land, sea or air vehicle, machine, computer, or other plant and equipment, or the users of displays for land, sea or air vehicles or other plant and equipment not for medical use; optical character recognition apparatus and software for use in operating this apparatus; cameras; video apparatus, namely, digital video cameras, video screens and video monitors); electric and electronic video surveillance installations; alarm installations and alarms; GPS tracking devices; monitoring devices for use in the field of image processing, analysis and interpretation; electronic cards for processing images; facial recognition devices ; gesture recognition devices; gesture recognition and tracking devices; devices for tracking directional eye movement, pupil dilation or contraction, eyelid movement, gaze or focal point fixation, facial expressions; sensors, namely, electronic sensors for monitoring land sea, or air vehicle operator fatigue, awareness and distraction; sensors, namely, electronic sensors for monitoring fatigue, awareness, distraction or performance of an operator of land sea, or air vehicles or other plant and equipment or the users of displays for land sea, or air vehicles or other plant and equipment; Computer software for use in operating sensor, alert, monitoring and tracking devices, used in the fields of operator safety and performance of land sea, or air vehicle and other plant and equipment or users of displays for land sea, or air vehicles or other plant and equipment; computer software and electronic apparatus for detecting, monitoring, measuring, analysing, compiling data and reporting the performance, awareness, distraction, drowsiness and fatigue of operators of land sea, or air vehicles or other plant and equipment or the users of displays for land sea, or air vehicles or other plant and equipment; computer software for detecting, monitoring, measuring, analysing, compiling data, transmitting data and reporting on eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions and vital signs of an operator of a land sea, or air vehicle or other plant and equipment, or the users of displays for land sea, or air vehicles or other plant and equipment; computer software for use in data management; electronic databases in the field of image processing, analysis and interpretation recorded on computer media; electronic databases of safety information for risk safety assessment and establishing safety behaviours and risk indexes recorded on computer media; electronic databases in the field of risk management recorded on computer media; electronic computer databases,

computer hardware and software for use in image processing, analysis and interpretation in the fields of land sea, or air vehicle fleet monitoring services, operator safety and behaviour recorded on computer media; electronic computer databases, computer hardware and software for use in image processing, analysis and interpretation in the fields of workplace and job site safety recorded on computer media; computer databases, computer hardware and software for use in image processing, analysis and interpretation in the fields of operational safety risk events, including events related to operator safety recorded on computer media; electronic computer databases, computer hardware and software for use in image processing, analysis and interpretation in the fields eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions and vital signs of an operator of vehicles (land, sea or air) or other plant and equipment or the users of displays for land sea, or air vehicles or other plant and equipment recorded on computer media; downloadable electronic publications in the nature of books, magazines, journals, e-books, newsletters, manuals, pamphlets, brochures, texts, audio files and video files in the field of image processing, analysis and interpretation; electronic databases containing electronic publications in the nature of books, magazines, journals, e-books, newsletters, manuals, pamphlets, brochures, texts, audio files and video files in the field of image processing, analysis and interpretation

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific and technological services, namely scientific research and design in the field of image processing, analysis and interpretation; industrial analysis and research services in the field of image processing, analysis and interpretation design and development of computer hardware and software; computer system design; design of computer databases; development and design of computer software, including safety software; development of computer software application solutions ; development for others of computer software and hardware for measuring, monitoring, recording, tracking, assessing or reporting the physiological characteristics exhibited by the operator of a land, sea or air vehicle or of other plant and equipment or for the users of displays for land, sea or air vehicles, or other plant and equipment; development for others of computer software and hardware for measuring, monitoring, recording, tracking, assessing or reporting operator fatigue, alertness, attentiveness, distraction or concentration; development for others of computer software and hardware in the field of land, sea or air vehicle operator safety and risk management and assessment; development for others of computer software and hardware in the fields of plant or equipment operator safety and risk management and assessment; development for others of computer software and hardware that records land, sea or air vehicle operator performance and behaviour for review; development for others of computer software and hardware that records equipment operator performance and behaviour; providing temporary use of online non-downloadable computer software for use in processing data and information, namely, analysing collected audio, video, text and digital content received from on-board vehicle electronic, optical, measuring or computer systems related to land, sea or air vehicle operator or other plant and equipment operator behaviour and habits, and analysis of such data and information for reporting and storage in a database; Providing temporary use of online non-downloadable software for use in operating sensor, alert, monitoring and tracking devices in the fields of eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions and vital signs of the operator of a land, sea or air vehicle or other equipment or the users of displays for land, sea or air vehicles or other plant and equipment; providing temporary use of online non-downloadable software for

customers to remotely access information and data related to the habits and behaviours of an operator of land, sea or air vehicles or other plant and equipment, technical and mechanical operating information of the land, sea or air vehicle or other plant and equipment and to manage, administer, modify and control parameters for collection of data and information from on-board land, sea or air vehicle, or from electronic, optical, measuring or computer systems or other plant and equipment; troubleshooting in the nature of the diagnosis of faults in computer software; testing of computer installations; updating of computer software; installation and maintenance of computer software; electronic data storage; cloud computing featuring software for use in image processing, analysis and interpretation; computerised business information storage; computer consultancy in the field of image processing, analysis and interpretation; computer database consultancy services; computer programming consultancy; computer technical support services, namely, 24/7 service desk services for computer programming issues and repair and maintenance of computer software; technical support services in the nature of troubleshooting of computer hardware and software problems; computer system analysis; consultancy in the design and development of computer software; computer consulting services, in the fields of measuring, monitoring, recording, detecting, tracking, assessing or reporting the physiological characteristics exhibited by the operator of a land, sea or air vehicle, the operator of other plant and equipment, or the users of displays for land, sea or air vehicles or other plant and equipment; computer consulting services, in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction concentration or performance of the operator of a land, sea or air vehicle, the operator of other plant and equipment or the users of displays for land, sea or air vehicles or other plant and equipment; computer consulting services in the fields of land, sea or air vehicle or plant and equipment operator performance or the performance of users of displays for land, sea or air vehicles or other plant and equipment; computer consulting services in the fields of detecting, monitoring, measuring, analysing, compiling data, reporting or measuring the eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions and vital signs of an operator of a land, sea or air vehicle or other plant and equipment, or the users of displays for land, sea or air vehicles or other plant and equipment; hosting ofonline computer databases; hosting computer sites (web sites); creating and maintaining web sites for others; development of computer based networks; hosting of online computer databases of safety information for risk safety assessment and establishing safety behaviours and risk indexes for operators of vehicles and other plant and equipment; hosting of web sites featuring technology that allows users to enter, access and use information and generate reports for use in consulting with businesses; hosting of web sites in the field of risk management; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, in the fields of vehicle fleet monitoring services, vehicle operator or other plant and equipment operator safety and risk management; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of workplace and job site safety; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of operational safety risk events, including events related to the performance of operators of land, sea or air vehicles or other plant and equipment or the users of displays for land, sea or air vehicles, or other plant and equipment; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of measuring, monitoring, recording, tracking, assessing or reporting the physiological characteristics exhibited by the operators vehicles (land, sea or air) or other plant and equipment or the users of displays for land, sea or air vehicles or other plant and equipment; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction concentration or

performance of an operator of land, sea or air vehicles and their displays or other plant and equipment and their displays; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions and vital signs of an operator of a land, sea or air vehicle or other plant and equipment, or the users of displays for land, sea or air vehicles or other plant and equipment; hosting, managing, developing, analysing, and maintaining applications, software, and web sites in the fields of eyelid closure or orientation of equipment operators head and gaze direction; computer services, namely, hosting an interactive web site that allows users to upload, store and manage online records and receive safety alerts; computer services, namely, hosting an online administrative website portal for users to view computer-related safety data collected from mobile or other devices related to the performance of operators of land, sea or air vehicles or other plant and equipment or users of displays for land, sea or air vehicles, or other plant and equipment; computer services, namely, hosting an online administrative website portal for users to view computer-related safety data collected from mobile or other devices related to the physiological characteristics exhibited by the operators land, sea or air vehicles or other equipment or the users of displays for vehicles (land, sea, air) or other plant and equipment; creating, hosting and maintaining a website that features technology in the nature of an online non-downloadable software that enables the review of safety data by users; creating and hosting a website featuring technology in the nature of an online non-downloadable software that enables users to generate audit and compliance reports from data collected from mobile or other devices related to the performance of vehicle and equipment operators or to the physiological characteristics exhibited by the operators of vehicles (land, sea or air) or other plant and equipment or the users of displays for land, sea or air vehicles or other plant and equipment; digitisation and scanning of images; image processing software design; scanning, namely, conversion of data or documents from physical to electronic media; computer services, namely, transfer of images between different media; research services in the field of image processing, analysis and interpretation; research relating to data processing; research relating to technology; medical research ; research related to land, sea or air vehicle operator behaviour and habits; research relating to safety; providing information, including online, about scientific and technological services and research and design relating thereto; conducting of scientific feasibility studies; conducting technical surveys; consumer product safety evaluation and testing; scientific and technological services, namely, analysis in the field of image processing, analysis and interpretation; safety evaluation to assure compliance with industry standards; advisory services relating to scientific products and research; scientific consultancy and advisory in the field of image processing, analysis and interpretation; technological consultation services in the field of image processing, analysis and interpretation; providing information in the field of image processing, analysis and interpretation, about scientific and technological services and research and design relating thereto; accident investigation providing a website featuring technology that allows users to generate scientific reports and scientific information; providing a website featuring technology that allows users to generate technological reports; technical surveying; consulting services for others in the field of implementation of project management of scientific research; providing a website featuring online non-downloadable software that allows for preparation of statistics for scientific research and compilation of scientific information; rental of computer equipment for scientific, electronic, optical, measuring and scanning purposes; rental of data processing systems, rental of computer equipment; rental of computer surveillance equipment; scientific and technological services, namely, testing in the field of image processing, analysis and interpretation; development of electronic surveillance apparatus; design services for others

in the field of image processing, analysis and interpretation; consulting in the field of image processing, analysis and interpretation; design of electronic systems; design engineering; development of electronic surveillance apparatus; design of commercial products; design of land vehicle parts; ergonomics research and design consultancy in relation to occupational health and safety

CASE IDENTIFIERS

Serial Number 86648745 **Application Filing Date** Jun. 02, 2015 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Jul. 05, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of an overall square design comprised of three rows of geometric shapes with gray shading. From left to right, the top row is comprised of three squares with rounded corners. The left most square has a white background and features a close-up of a silver metallic tool with shading. The center square has a white background and features two gray jugs with black cap and white stickers with illegible black writing and a red design atop a horizontal black surface with a white cylindrical tube with black writing and design thereon and black lining and holes on the end. The right square has a white background with a silver metallic machine part with a brown recessed cavity in front of a brown box with the wording "UTZXCHANGE" stylized font on the left side of the fold and "DEUTZ" on the right side of the fold. "UTZ" and "DEUTZ" are in black and "XCHANGE" and "X" are in red. From left to right, the middle row has a gray horizontal rectangle with rounded corners featuring the words "DEUTZ SERVICE LIFE TIME SUPPORT" in black stylized font. The right square has rounded corners, a white background with a pink man with brown hair and eyebrows wearing a white shirt and black jacket pointing at a two-dimensional hologram of the Earth with water represented in blue and land in dark blue with intersecting white lines and curves scattered thereon. The bottom row is comprised of three squares with rounded corners. From left to right, the left most square has a white background and silver metallic piping with copper highlighting. The middle square has a white and gray background and white and light blue foreground with a gray and black metallic engine and red base to the upper left of a gray Greek cross on a dark gray circle design circumscribed by a gray circular band. The left square has a white, beige and green background with the beige appearing to be a wall and the white portion a frame of a door through which a window displays green grass. A black computer monitor frame displays a white background with indecipherable black and red images and text with gray outlining. The bottom left side of the computer monitor has a pink rectangular note attached thereto and is displayed above a white desk with white and silver computer peripheral, keyboard, and mouse. Two pink hands are operating the keyboard and mouse, respectively. A white, black, and gray object is next to a white tube to the

right of the operator's hands. The blurred red, white, and gray plaid design of clothing is visible in the lower right corner of the square. **Color Drawing** Yes **Color Claimed** The color(s) gray, white, black, silver, red, brown, pink, blue, dark blue, copper, light blue, dark gray, beige, and green is/are claimed as a feature of the mark. **Disclaimer** "SERVICE LIFE TIME SUPPORT" **Name Portrait Consent** The name(s), portrait(s), and/or signature(s) shown in the mark identifies Oliver Hopp, a living individual, whose consent(s) to register is made of record.

CASE IDENTIFIERS

Serial Number 86662537 **Application Filing Date** Jun. 15, 2015 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Jul. 05, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the lower case letters "B" and "D" placed next to each other and the letter "V" placed right below them in the center. The letter "V" is surrounded by two parentheses, an open one on the left side and a closed one on the right side, right below the edges of the "B" and "D", respectively. Above the center, where the "B" and "D" face each other are three waves facing upwards, parallel to each other with the center one a little lower than the other two. All of the elements together create an image of an owl. **Color Claimed** Color is not claimed as a feature of the mark.
