For Land vehicles for transportation by the cement and mineral industry, namely, tipper vehicles with release mechanisms, hopper-cars, mine cars, tipper wagons, tripper cars, maintenance cars for machines; fork lifts trucks; carts; haulage apparatus, namely, ore carts, transfer carts, bottom dump carts, personnel carts, explosive carts, timber carts for mining; structural parts and fittings for all of the above products

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Vinyl, polyester and cloth textiles for use in the manufacture of filters and filter bags

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Motors other than for land vehicles; machines, motors and structural parts thereof in the field of cement manufacturing industries, mining and mineral processes industries; couplings for machines; gears, not for land vehicles, namely, gears for mills, pumps, compressors, and generators, and marine vessels; valves as machine components; industrial motors and structural parts for cement manufacture; industrial motors for use in mines; conveyors machines; mineral dressing apparatus, namely, machines for use in processing minerals; earth moving machines; machine cutters, namely, gear cutters, milling cutters, sheet cutters, dye cutters; machines and apparatus for sedimentation, namely, thickeners, clarifiers, feed dilution systems, surrey mixers and agitators, filtration systems, caustizers, lime slackers; wet separation machines, cyclones, namely, separators for separation of minerals from liquid substances; purifiers for machines, namely, filters and purifiers for removing contaminants in machines in mineral process plants; leveling machines for use in movable conveyors; roller conveyors, movable conveyors and elevator conveyors; conveyance systems, namely, conveyers, belts, pulleys, chains; hoists for mining;

powered ramps to move cement and minerals; elevators and parts of elevator platforms, conveyor belts, namely, conveyor belts for moving liquid substances; conveyors for moving materials, namely, machines for mining and cement manufacture, namely, conveyor belts for horizontal conveyance, fixed and mobile conveyor belts, elevators for conveyance of raw materials, helical conveyors and pressure conveyors, cranes, namely, hoists and lifting devices, namely, cranes for loading and unloading of ships, mechanical and pneumatic conveyors, pendulum conveyors; chain conveyors; feed belt conveyors, namely, tray conveyors; sizing machines, namely, ore processing machines for mining; machines for mining or aggregating processing, namely, vibrating screening filtration machines mounted with metal rollers or drums; machines parts, namely, bearings, fluid bed drying plants, namely, machines for drying of raw materials; presses, namely, filter, roller and belt presses; centrifuges; separators, namely, wet separation machine, high efficiency separators, cyclone, cement mill, dense media separators, heavy media separators, liquid solid separation units, drum separators; flotation machines for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; cutting machines; waste crushing machines; grinding machines for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; feeders and parts for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries and equipment for feeding; fans for motors and machines; cranes; pumps, namely, slurry, vacuum, materials handling, screw pump, nomadic, specify, hydraulic, centrifugal, electric, feed; membranes for pumps; dust removing machines for cleaning purposes; mills, namely, raw mills; rolling mills, grinding mills, ball grinders, namely, ball mills; milling machines, namely, semi-autogenous mills, beater mills and mills for manufacture of cement and minerals; machine parts for milling machines, namely, conductor pipes and liners; machine parts, namely, grinding flanges; wheels being parts of machines, namely, axe wheels, blade wheels, belt mounted driving wheels; slides, namely, powered ramps; machine parts, namely, wear plates and strips for protection of machines; structural parts and fittings for all of the above products

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Apparatus and equipment for heating, namely, rotary kilns and drying kilns; incinerators and gas burners for industrial use, combustion chambers; drying apparatus, namely, electric dehydrators; structural parts and accessories for incinerators, namely, bearings, cylinders, rolls, drums and seal rings; drying apparatus, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; cooling installations and machines, namely, cooling evaporators for slag and stones for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; walk-in coolers, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; industrial air filter machines; cleaning apparatus for all sorts of emissions, namely, exhaust smoke cleaning apparatus and exhaust gas cleaning apparatus and dust cleaning apparatus, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; water cleaning and filtering units for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; industrial air and gas filtering installations, composed of air and gas filter machines, onsite water recycling and wastewater treatment systems for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; gas suspension calcinators, namely, machines for separation and neutralisation of gases, heating apparatus in the form of equipment for grilling, calcination and annealing, namely, limestone calcination equipment, preheater equipment and melting equipment, for use in the cement manufacturing

industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; oxidization reactors, reactor clarifiers, solid waste reactors, exhaust gas cleaning installations for power stations and industrial installations, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; heat-regulating apparatus, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; heat exchangers, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; ventilation apparatus and instruments for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; air purification units; fans, namely, centrifugal fans, exhaust fans and air conditioners; industrial air purifiers; air purification units; sewage treatment plants for sewers and for waste water, water cleaning apparatus and machines, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; water filtering apparatus, combustion chambers, air filters for industrial installations, waste gas scrubbers for power stations, industrial installations and ventilation installations; structural parts and fittings for all of the above products

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Education services, namely, providing classes, seminars, workshops in the fields of cement manufacturing industry, mining, mineral processing, food processing, pharmaceutical manufacturing, chemical manufacturing and power generation industries, waste management; and training services in the field of cement manufacturing industry, mining, mineral processing, food processing, pharmaceutical manufacturing, chemical manufacturing and power generation industries, waste management

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Information relating to business activities; data processing services, namely, sorting and editing information in computer databases; business management in the fields of commercial building and construction

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Contracting business, namely, supervision and management of building construction, leasing of construction equipment, repair and maintenance of cement, power, chemical and materials processing plants; installation, construction of cement, power, chemical and materials plants, namely, turnkey and semi-turnkey plants; building and repair of warehouses, engine rooms and warehouse facilities for storing of cement, minerals and raw materials; installation, maintenance and repair of apparatus, equipment and machines for cement and mineral production; construction, installation, maintenance and repair of apparatus, equipment and machines for mining and mineral dressing installations; installation, maintenance and repair of incinerators and burners, cooling installations and machines, parts of industrial installations, namely, filters; installation, maintenance and repair of mills, namely, raw mills and cement mills for manufacture of cement; maintenance and repair of machines; installation, namely, mounting and start up of machines for manufacture of cement and mineral process installations; maintenance and repair, namely, reconstruction of torn or partly ruined machines; installation, maintenance and repair of computer hardware; installation, maintenance and repair of apparatus and instruments for weighing, measuring, signaling and checking and apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; general construction contracting; providing technical information in the field of mining extraction

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific apparatus and instruments, namely, equipment, instruments and apparatus for laboratories, namely, crucibles; signal processors; transmitters of electronic signals; signal whistles; rotating lights; electric switches; electronic switchers for audio and video signals; high frequency switches; power switches; switch boxes; temperature switches; switchboards; apparatus and instruments for conveying, distributing, transforming, storing, regulating or controlling electric current; transformers; electric accumulators; accumulator boxes; flow regulators for commercial use; voltage regulators; illumination regulators; electric control panels; electrical controllers; electrical controlling devices; electronic control systems for machines; apparatus and instruments for weighing, measuring length; x-y plotters for curve drawing; metal detectors for industrial purposes; dosimeters; scanners for data processing equipment; data processing equipment in the form of computer hardware and software, namely, computer systems for process control and automation, software for chemical analysis, namely, control and adjustment of data for raw materials and manufactured materials; liquid analyzers; acidity analysers; analysis apparatus, namely, UV gas analyzers, thermal analyzers, lime analyzers, flue gas analyzers, sample analyzers, chemical analyzers not for medical purposes, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries; vibration meters; cement testing machines; lasers for measuring purposes; apparatus for testing gas, liquids and solids; optical filters; structural parts and fittings for all of the above products

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Manufacture and treatment of materials and objects, namely, suspension and separation of solid substances for the manufacture of cement and mineral and refining of oil and gas; destruction and recycling of material, namely, waste; decontamination of hazardous substances in materials through filtering; providing technical information in the field of cement manufacturing industry, mineral processing, food processing, pharmaceutical manufacturing, chemical manufacturing and power generation, waste management

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific and technological services and research and design relating thereto in the field of cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries, namely, industrial research in the field of cement manufacturing industry, mining, mineral processing, food processing, pharmaceutical manufacturing, chemical manufacturing and power generation industries, waste management; development and design services in the field of cement manufacturing industry, mining, mineral processing, food processing, pharmaceutical manufacturing, chemical manufacturing and power generation industries, waste management; services of engineers, namely, engineering in the fields of construction management; mineral testing services and mineral dressing testing services; professional advisory services, namely, technological advice on technical solutions in the field of cement manufacturing industry, mining, mineral processing, food processing, pharmaceutical manufacturing, chemical manufacturing and power generation industries, waste management, choice of material, supervision of extraction of raw material, namely, raw material analyses for choice of process equipment and in the form of feasibility studies; technological advice on the management of turnkey plants and process in the field of cement manufacturing industry, mining, mineral processing, food processing, pharmaceutical manufacturing, chemical manufacturing and power generation industries, waste management; product research and development in relation to cement

industry, mining industry and related industries, namely, manufacture of cement, mining and protection of the environment; geological prospecting; geological surveys; architectural consulting and design in connection with construction work, namely, technological planning of construction projects, namely, plan arrangements, namely, foundations steel and concrete constructions, design of process equipment and mounting of process equipment, design of industrial plants, their construction, installation, and start up of process installations; technological consultation in connection with providing turnkey and semi-turnkey cement plants, namely, manufacture installations, plant sections, warehouse facilities, machines, spare parts and in connection with the supply of plant control and operating systems; inspection in the field of quality control with regard to cement manufacture installations; design of machines for manufacture of cement and mining and mineral processing installations; design and development of computer hardware and computer software; design of computer systems, maintenance, installation and updating of computer software; product development and research in relation to the oil, gas and energy supply industry

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Unwrought and partly wrought base metals and their alloys, namely, alloys for use in the manufacture of cement equipment; metal pipes, balls of steel and other goods of base metals, namely, aluminum, iron, tin for spare parts; metal building materials, namely, structural steel, siding, composite panels composed primary of metal, reinforcing materials of metal for building purposes, portable metal buildings and prefabricated buildings made of substantially of metal; metal silos; metal containers for storing and/or transportation; metal pins, namely, metal ball lock pins, metal cotter pins; metal belts to handle loads; structural parts and fittings for the above goods; accessories, namely, metal pipeline fittings, metal baffle plates; metal slides, for use in the cement manufacturing industry, mining, mineral processing, food, pharmaceutical, chemical and power industries
