MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the literal element "RP". The "P" letter is situated a little bit below and to the right of the "R" letter. Under the letters "R" and "P" is the infinity symbol. The upper edge of the left part of this symbol has a modified form - the top of the left part of the infinity symbol is connected with the bottom elements of the capital letter "R", whereas a right bottom element in the form of a backslash is stretched to the spot of intersection at the center of the infinity symbol. The bottom edge of the capital letter "P" ends by touching the elongated right bottom element of the capital letter "R". As a background for the abovementioned elements, there is a square with rounded corners, except the upper-left corner which is not rounded. The literal and infinity elements are stressed with a frame around their joint perimeter and placed in front of the square, whereas left and right edges of the infinity symbol extend beyond the square. **Color Claimed** Color is not claimed as a feature of the mark.

For Machine parts, namely, bearings; handles for machines, namely, crank handles, clamping handles, and milling control handles; gear wheels, being parts of machines, not for land vehicles; vibration mounts, namely, shock absorbing mounts for machines; hoist rings for machines; printing machines for commercial or industrial use; 3D printing machines for commercial or industrial use; inking apparatus for commercial or industrial printing machines; laminating machines; milling machines and milling machine tools; machine coupling and transmission components except for land vehicles; incubators for eggs; automatic vending machines; leveling devices, namely, leveling mounts for machines; non-metal hand wheels being parts of milling machines; metal feet being parts of milling machines; non-metal feet being parts of milling machines; metal hand wheels being parts of milling machines; metal gear levers being parts of machines; metal cam levers being parts of machines; metal industrial control levers and metal clamping levers being parts of machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Non-metal components for furniture, cabinets, doors, packaging containers, and machinery, namely, bumper feet, bumper guards, plastic door stops, knobs, door handles, hinges, latches, catches, and closures; plastic tube and furniture fittings, namely, plastic tubular furniture legs and support structures being furniture parts; general purpose plastic hardware other than plumbing fittings, namely, washers, bushings, nuts, bolts, screws, washers, clamps, latches, hinges, locks, grommets, ferrules for placement at the ends of tubes and bars, thread protectors for pipes and tubes, retaining rings, retaining clips, and rivets; plastic valves other than valves for machines; containers made of thermoplastics materials for the packing of goods; packaging containers of plastic; plastic boxes; plastic storage containers, namely, plastic storage containers for commercial or industrial use

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Unprocessed synthetic resins, plastics, or adhesives for industrial purposes; chemicals used in industry, science and photography; chemicals for use in the manufacture of inks and coatings; fire extinguishing compositions; alcohols for industrial purposes; tempering preparations and soldering chemicals; carbon for filters; chemical preparations, mineral substances and unprocessed plastics, each in the nature of filtering materials for the life sciences industry, the medical device industry, the cosmetics industry, the water filtration industry, the tobacco industry, or the automotive industry; specialty chemicals, namely, chemical additives for general industrial use in the manufacture of a wide variety of goods; chemical substances for preserving foodstuffs; manures; taggants, namely, inorganic phosphors, for use in manufacture, for authentication and tracking purposes; cell growth media for growing cells for use in scientific research, namely, fibre or porous plastic surface active media used in life science assays

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For ID card printers, namely, thermal printers for printing on plastic ID cards; software for the design and creation of printed ID cards; electronic and magnetic ID cards for use in providing individual identifying information; ID cameras, namely, cameras for generating photos for ID cards, passports and personal identification; security passes, namely, blank smart cards for providing individual identifying information and recording individual access control information; visitor passes, namely, blank smart cards for recording and providing individual identifying information; security wristbands, namely, wearable integrated circuit modules, in the form of wristbands, for authenticating individual identifying information; hologram apparatus; encoded micro particulates, tags and taggants of plastic, metal or silicate for use in the field of passive labeling for authentication purposes; taggant readers, namely, handheld readers for detecting and reading taggants; circuit board hardware, namely, circuit boards and host bus adapters, housings and indicator lights for circuit boards; fibre optic components, namely, fibre optic couplings, fibre-optic cables and junction sleeves for fibre optics; protective headwear, namely, protective helmets; protective head guards for industrial purposes; protective eyewear; protective work gloves; protective gloves for industrial use; protective respirators other than for artificial respiration; hazard warning cones, namely, cones for alerting others about potential hazards; hazard warning triangles; warning flags; fire extinguishers; parts of telephone and computer printer apparatus, namely, plastic or foam feet for telephones and printers; laboratory filters, namely, pipette tip fibre filters; laboratory filters, namely, fibre or porous plastic filters for DNA purifications; laboratory filters, namely, fibre or porous plastic filters for protein isolation; laboratory filters, namely, fibre or porous plastic filters for sample preparation in laboratory; laboratory filters, namely, fibre or porous plastic filters for column chromatography in laboratory; ink-jet printers; inking monitors, namely, monitoring apparatus for measuring ink application, consumption and saturation levels during printing

processes; cross beam depth gauges

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Manufacturing services of new products, namely, custom manufacture of synthetic resins, plastics, adhesives, filters, porous substrates, pressure-sensitive adhesive tapes and closures, adhesive magnetic tape, plastic film and plastic bags for packaging, boxes of paper or cardboard for packaging, ink reservoirs being parts of writing instruments, wicks and connectors being parts of writing instruments, cartons made of paper or cardboard, tamper-evident seals, non-metal pipe couplings and joints, plastic pipe collars, non-metal thread protectors for pipes, tubes, tubular goods, connectors, and casings, filters for use in smoking articles, electronic cigarette cartridges, plastic storage containers and packaging for commercial, industrial and domestic use, tamper-resistant seals, injection molded plastic, vinyl dip molded plastic, semi-processed thermoplastics, semi-processed resins, plastics being semi-processed polymer alloys, metal items and components for industrial, automotive, electronics and construction applications, plastic and foam pipe and flange protectors, insulating tape, tear tape, adhesive tape, foam, bonded fiber and porous plastics, ID card printers, electronic and magnetic ID cards, metal components for use in industry and manufacture in the nature of screws and springs, cable ties for securing wires and cables, locks, latches, clamps, bolts, castors, hinges, and catches for use on cabinets, doors, furniture, containers, packaging, and machinery, and non-metal components for furniture, cabinets, doors, packaging containers and machinery

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Plastic cable ties for fastening and securing objects together, such as bundles of wire

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Cigarette filters; cigar filters; pipe filters being parts of smoking pipes; filters for use in hand-assembled smoking articles; filters for use in machine-made cigarettes; manually assembled smoking articles, namely, kits, containing tobacco and paper, for assembling roll-your-own cigarettes and make-your-own cigarettes; cigarette and cigar holders; filter rods, namely, multiple filters for cigarettes, cigars and hand-assembled smoking articles; smokers articles, namely, electronic cigarettes, electronic cigars, electronic pipes, cartridges, namely, electronic cigarette refill cartridges sold empty; liquids and accessories for electronic cigarettes, electronic cigars, electronic pipes and filter tips, namely, chemical flavorings in liquid form used to refill electronic cigarette cartridges, cartridges sold filled with glycols for electronic cigarettes; matches; electronic cigarette liquids, comprised of glycols

International Classes 34 - Primary Classes **US Classes** 2, 8, 9, 17 **International Class Title** Smokers' Articles

For Tamper evident plastic seals, namely, tamper-evident secure adhesive seals for bottle tops and plastic seals for use in preventing and detecting product tampering; pressure sensitive tapes for industrial or commercial use; plastic fittings for non-metallic flexible pipes, namely, flanges, spacers, seals, chocks, caps, connectors, and plugs; adhesive magnetic tape for industrial or commercial use; adhesive magnetic receptive steel tape for industrial or commercial use; gum for packing, namely, gum, glue and gummed tape for packing for industrial or commercial use; injection moulded plastic, namely, semi-finished injection molded products of plastic for use in a variety of industries; vinyl dip moulded plastic; semi-processed thermoplastics; semi-processed resins; plastics, namely, semi-processed polymer alloys; plastic seals for use in commercial or residential construction; plastic and foam pipe and flange protection, namely, plastic and foam padding for thermal and impact

protection of pipes and flanges; insulating tape; tear tape, namely, narrow ribbons of tape, for commercial or industrial use, that aid in the opening of packaging; adhesive tape for industrial and commercial use; plastic tape for masking; hermetic tape, namely, plastic tape for creating hermetic seals; heat insulation foam; plastic packaging, namely, expanded plastic pellets for packaging; lamination overlays, namely, plastic film for use in laminating paper; lamination film, namely, polyurethane film for use in glass laminations; lamination pouches, namely, polyurethane film, sold in pouch form, for use in glass laminations; adhesive tape, namely, film tape, foam tape, bag sealing tape, laminating tape, all for commercial or industrial use; non-slip foam pads, cushions and bumpers, namely, plastic foam padding for impact protection; shaped foam or rubber strips for reducing light or air; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes not of metal; plastic flexible pipes; foam, bonded fibre and porous plastics, all being semi-processed plastics for further manufacture as wound care apparatus and other medical devices, and as cosmetics and noise attenuation products; foam, bonded fibre and porous plastics, namely, semi-processed plastics for further manufacture as products for the transfer, collection and storage of liquids; plastic components; tubing, namely, flexible tubes of plastic

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Providing laboratory testing services in the fields of cigarettes, cigars, tobacco, tobacco products and electronic smoking devices; providing laboratory research services in the field of tobacco products research; furniture design services; industrial design services; new product design services; design services for packaging; analytical method development, namely, design and development of chemical analysis procedures; chemical analysis; product testing; material testing; quality control for others; research, development, and testing of new products for others; product design and engineering services for others; design of packaging; commercial packaging design; medical packaging design; scientific and technological services, namely, research, and design of filters for cigarettes; scientific and technological services, namely, engineering of production processes for tobacco products; product research and development; research and design services, namely, design and development of computer software

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal components for use in industry and manufacture, namely, screws, springs, cable ties for securing wires and cables, locks, latches, clamps, general-purpose bushings not being machine parts, bolts, castors, hinges, and catches for use on cabinets, doors, furniture, containers, packaging, and machinery; metal components for furniture, cabinets, or doors, namely, cabinet stops, door stops, hinges, catches, metal door handles, metal door knobs; metal structural tubing; metal spacers, namely, general purpose metal spacer brackets; items of metal hardware, other than plumbing fittings, namely, metal ferrules for placement at the ends of tubes or bars; general purpose metal hardware, namely, washers, bushings, nuts, clamps, retaining rings, tie down rings, latches and cable clips; fasteners, namely, metal bolts, screws and rivets; metal chains; metal foil for use on containers and packaging; metal foils for wrapping and packaging; metallic foils, namely, tamper-evident metal foil labels used on shipping boxes; common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; pipes and tubes of metal; metal safes; common metal ores; metal tubing; containers, primarily of metal, for transport, consisting of a steel frame with wood inserts having recesses for protecting tubulars during transport
