For Electrical and electronic apparatus and instruments all for processing, logging, storing, transmission, retrieval or reception of data, namely, personal digital assistants (PDAs); apparatus and instruments for recording, transmission, amplifying or reproduction of sound, images, information or encoded data; electrical equipment for controlling, testing, other than in-vivo testing, and checking telephony networks, installations and switchboards and for transmitting signals to and from same; optical and electro-optical apparatus and instruments, namely, television display screens, video screens, television screens, video screens for use with a video phone, video cameras, video cameras for use in a video phone, computer display screens, backlighting units for video display screens and liquid crystal display screens; communications servers; computer servers; VPN (virtual private network) operating hardware; WAN (wide area network) operating hardware; LAN (local area network) operating hardware; computer hardware; computer network hardware; computer hardware for providing secure remote access to computer and communications networks; Ethernet hardware, namely, computer networking hardware, Ethernet adapters, Ethernet controllers, Ethernet switches, Ethernet transceivers; photographic apparatus, instruments and equipment, namely, video cameras; mobile telephones and personal digital assistants (PDAs) having camera and video capabilities; image scanners; mobile phones and personal digital assistants (PDAs) having image scanning capabilities; cameras; video projectors; multimedia projectors; bar code scanners and readers; television and radio apparatus and instruments, namely, television sets, television screens, radios, mobile phones and computers capable of receiving television programs and radio programs; telecommunication, radio and television broadcasting transmitters and receivers; apparatus for access to broadcast or transmitted programs, namely, electronic apparatus and devices for controlling access to digital television and digital radio services; holograms, namely, hologram apparatus; computers; peripheral equipment for computers; programmed-data-carrying electronic circuits; printed circuit boards; memory cards; blank smart cards; blank integrated circuit cards; pre-paid telephone calling cards, magnetically encoded; blank CD ROMS for sound or video recording; computer programs, software and other pre-recorded magnetic data carriers for use in the operation and management of telecommunications and computer equipment, networks and installations; blank magnetic, digital and optical data recording and data storage media, namely, computer disks, magnetic disks, optical disks, audio disks; pre-recorded magnetic, digital and optical data recording and storage media featuring music, films featuring music, dance, drama and comedy, computer games and video clips featuring music, dance, drama and comedy; blank USB flash drives; pre-recorded USB flash drives featuring Information Technology user guides and operational software; devices for playing downloadable music files, namely, computers, MP3 players, tablet PCs, mobile telephones; portable media players; satellite transmitters and receivers; telecommunications and broadcasting satellites; radio telephone beacons and telephone masts; electric wires and cables; optical cables; fiber-optic cables; resistance wires; electrodes; telecommunications systems and installations, namely, telephone switchboard equipment; terminals for telephone networks; telephone switchboards; fixed, transportable, mobile, hands-free or

voice-activated telephones; multimedia terminals, namely, computer, telephone and PDA display screens; interactive terminals, namely, interactive computer, telephone and PDA display screens all for displaying and ordering goods and services; secure terminals for electronic transactions including electronic payment; paging, radio paging and radio-telephone apparatus and instruments, namely, pagers and radio pagers; telephones, mobile telephones and telephone handsets; facsimile machines; personal digital assistants (PDAs); electronic notebook computers; electronic tablet computers; electronic handheld units for the wireless receipt, storage and transmission of data messages and electronic payments; mobile electronic devices that enable the user to keep track of or manage personal information; satellite navigational apparatus, instruments and systems; accessories for telephones and telephone handsets, namely, headsets, memory cards, faceplates adapters for use with telephones; battery chargers for use with telephones; adapters for use with telephones; desk and car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands-free; in-car telephone handset cradles; headphones; hands free devices for telephone handsets and other mobile electronic devices, namely, mobile phones, smart phones, MP3 players, portable media players, tablet computers, cameras, and personal digital assistants; bags and cases specially adapted for holding or carrying portable telephones and telephone equipment and accessories; cell phone straps; computerized personal organizers; aerials; batteries; micro processors; key boards; modems; calculators; flat panel display screens; electronic global positioning systems; electronic navigational, GPS tracking and global positioning apparatus and instruments; electronic monitoring equipment, other than for in-vivo monitoring, for use in relation to telephony networks, installations and switchboards; telemetry monitoring and signaling instruments; radio apparatus and instruments, namely, radios; mobile phones and computers capable of receiving radio programs; computer games cartridges; structural component parts and fittings for all the aforesaid goods; computer software to enable teleconferencing, videoconferencing and videophone services; computer software to enable searching and retrieval of data; computer software for accessing databases, telecommunications services, computer networks and electronic bulletin boards; computer games software; VPN (virtual private network) operating software; WAN (wide area network) operating software; LAN (local area network) operating software; USB (universal serial bus) operating software; computer software for synchronizing data between computers, processors, recorders, monitors and electronic devices and host computers; computer and telecommunications network operating systems programs; computer operating systems programs; computer software for providing secure remote access to computer and communications networks; computer security software for detecting malicious access to device hardware, encryption; computer firewall software; software for ensuring the security of electronic mail; downloadable ringtones for mobile phones; downloadable electronic publications in the nature of articles, newsletters, journals, blogs, books, magazines, and newspapers in the field of general interest, news, politics, business, financial, technology, telecommunications, sports, art, healthcare, advertising, and entertainment, provided on-line from computer databases and the Internet; computer software and telecommunications apparatus, namely, modems to enable connection to databases, local area networks and the Internet; interactive multimedia computer games programs; virtual reality games software; downloadable music files; downloadable photographs, pictures, graphics, image files, sound bites, films, video recordings and audio-visual programs, all in the field of general interest, news, politics, business, financial, technology, telecommunications, sports, art, healthcare, advertising, and entertainment, provided on-line and from computer databases and from the Internet and Internet websites; computer software for use in remote monitoring of patient health and computer and telecommunications network activity; software for GPS navigation

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication services, namely, personal communication services; telecommunication access services; telecommunication services, namely, transmission of webcasts and podcasts; telecommunication services, namely, providing internet access via broadband optical or wireless networks; telecommunication services, namely, wireless telephone services; communication services, namely, transmission of voice, audio, visual images and data by telecommunications networks, wireless communications networks, the Internet, information services networks and data networks; communication by mobile and cellular telephone; telephone communication services; mobile telephone services; facsimile communication services; message collection and transmission services; radio-paging services; call diversion services in the nature of call forwarding services; answerphone services, namely, automatic message collection and transmission from a telephone and voicemail services; electronic mail services; electronic transmission, delivery and reception of sound, data, images, digital music and information via telecommunications means; electronic message delivery services; on-line information services relating to telecommunications; electronic data interchange services; transfer of data by telecommunication; transmission of digital files; satellite communication services; broadcasting services, namely, audio broadcasting, radio and television broadcasting services, internet broadcasting services, video broadcasting services, broadcasting of radio and television programs, broadcasting programs via a global computer network, broadcasting services and provision of telecommunication access to films and TV programs provided via a video-on-demand service, broadcasting services and provision of telecommunication access to video and audio content provided via a video-on-demand service via the Internet, broadcasting and transmission of radio and television programs by satellite and via the Internet; video broadcasting and transmission services, via the Internet, featuring films and interactive games; videotext and teletext services; broadcasting, transmission and delivery of multimedia content and electronic computer games over electronic communications networks; video messaging services; video conferencing services; video telephone services; telecommunication, namely, electronic data transmission of information, computer programs and any other data; rental of access time to a database server; provision of electronic telecommunications connections for telephone hotlines and call centers; telephone communication services provided for hotlines and call centers; providing user access to the Internet; providing telecommunications connections or links to the Internet or databases; Internet service provider services, namely, providing user access to the Internet; provision and operation of electronic web conferencing, discussion groups in the nature of on-line forums for transmission of messages among computer users and Internet chat rooms; providing access to digital music websites on the Internet; providing access to MP3 websites on the Internet; delivery of digital music by telecommunications means; providing access to telecommunications infrastructures and networks for other operators and third parties; rental of telecommunications infrastructure and networks to other operators and third parties, namely, rental of telecommunications cables, network nodes and lines; computer aided transmission of messages and images; communication by computer terminals; transmission and distribution of data or audio visual images via a global computer network or the Internet; providing access to the Internet on a temporary basis for third parties; providing electronic transmission of electronic payment data via a global computer network; news agency services, namely, the transmission of news items to news reporting organizations; transmission of news and current affairs information; leasing, namely, leasing of telecommunications lines and leasing of telecommunications equipment; rental, namely, rental of communication apparatus and implements and rental of equipment for broadcasting; leasing of access time to a computer database; leasing of access time to computer bulletin and message boards and to computer networks; preparation and provision of information via computers

and computer network facilities in the field of telecommunications; provision of access to an electronic on-line telecommunications network for information retrieval; advisory, information and consultancy services relating to all the aforementioned

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Collection in the nature of pick up services, storage and delivery of goods for others; conducting of mail order delivery services of goods; physical storage of electronically-stored archived data, photos, audio files, image files, digital video files, electronic games and documents; travel arrangements; travel ticket reservation services; travel and transport information and advisory services; arranging travel and information therefor, all provided on-line from a computer database or the Internet; vehicle routing by computer on data networks; provision of vehicle rental and parking space arrangements, namely, reservations provided via a telecommunications link; traffic information services; airport passenger check-in services; provision of advice and information in relation to all the aforementioned services

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Scientific and technological services, namely, scientific research, analysis, testing in the field of information technology and computing and research and design relating thereto and provision of information and advice thereon; laboratory research services in the fields of electronics and computers and provision of information and advice thereon; computer project management, namely, management of research, design and development projects and provision of information and advice thereon; product research and development and provision of information and advice thereon; product design, namely, design of computer networks, computer site design, design of computer hardware and computer software, design of multimedia products, design of wireless communications systems for transmission and reception of voice, data and video, design of new products, design of home pages and websites and provision of information and advice thereon; technical research in the field of Information Technology and computing and provision of information and advice thereon; research, design and development services for computers, computer programs, computer systems, computer software application solutions, computer games, virtual reality software, data processing systems, data management in the nature of data file storage solutions for large scale electronic data storage, computerized information processing systems, unified and electronic communications services, communications solutions in the nature of web, audio and video conferencing services and communications applications, communications applications, and communications systems and network interfaces and provision of technical consultancy, information and advice relating to the aforesaid; design and development of operating software for computer networks and servers and provision of information and advice thereon; design and development of operating software for cloud computing networks and provision of information and advice thereon; technical design and planning of telecommunications networks and provision of information and advice thereon; design and development of Internet security computer programs and provision of information and advice thereon; design and development of electronic data security systems and provision of information and advice thereon; technical testing, namely, testing of computer systems to ensure that they function properly and provision of information and advice thereon; industrial testing, namely, testing of computer systems to ensure that they function properly and provision of information and advice thereon; technical writing for others, namely, preparing technical reports and studies and provision of information and advice thereon; computer services, namely, computer hardware development, customization of computer software in the nature of computer programming and provision of information and advice thereon; cloud computing services, namely, the provision of public and private cloud computing environments, provision of storage facilities

for the electronic storage of digital data via a cloud computing environment and provision of temporary access to online non-downloadable software applications for database storage, management, and hosting provider services via a cloud computing environment and provision of information and advice thereon; design of computer hardware and provision of information and advice thereon; maintenance, updating and design of computer firmware, computer software and computer programs and provision of information and advice thereon; computer programming services and provision of information and advice thereon; providing information and advice in the field of information technology as it relates to computers and computer network facilities; technical advice and consultation services in the field of information technology and provision of information and advice thereon; consultancy in the field of cloud computing networks and services; technical consultancy relating to the application and use of computer software and provision of information and advice thereon; consultancy and information services in the field of computer system integration, information technology, information technology architecture and infrastructure and provision of information and advice thereon; computer security consultancy; design and development of computer systems and of telecommunications systems and equipment and provision of information and advice thereon; computer management services, namely, remote management of computer applications for others, computer project management software application management and management of local area networks and provision of information and advice thereon; computer technology support services in the nature of help desk services, namely, operational support services for computer networks, telecommunications networks and data transmission networks, namely, troubleshooting in the nature of diagnosing computer hardware and software problems and troubleshooting in the nature of diagnosing computer hardware and software problems with telecommunications and computer systems and networks for others and provision of information and advice thereon; on-line computer services, namely, design and development of on-line computer software systems, hosting of digital content on the Internet and provision of information and advice thereon; computer programming services given on-line and provision of information and advice thereon; computer programming of Internet security programs and provision of information and advice thereon; computer rental and provision of information and advice thereon; graphic illustrations and commissioned technical writing for others, all for the compilation of web pages on the Internet and provision of information and advice thereon; virtual and interactive image creation services, namely, design and development of multimedia computer products and provision of information and advice thereon; creating, operating and maintaining on-line databases, Intranet servers, web sites, and web pages, and web sites for others and provision of information and advice thereon; creating, maintaining and hosting the web sites of others; hosting of databases, weblogs, web portals for others and provision of information and advice thereon; hosting of platforms on the Internet for training in the use of and the distribution of application program interfaces and software and provision of information and advice thereon; hosting of a variety of web platforms for customers of information technology and telecommunications servers, and for providing information to the public about telecommunications and information technology, and provision of information and advice thereon; application service provider (ASP), namely, hosting computer software applications for others and provision of information and advice thereon; hosting memory space on the Internet, namely, electronic data storage and provision of information and advice thereon; hosting and rental of memory space for websites, namely, hosting, on secure servers accessible via the Internet, of digital customer content and rental of database servers and provision of information and advice thereon; hosting of e-commerce platforms on the Internet and provision of information and advice thereon; application service provider (ASP), namely, hosting of multimedia and interactive computer software applications of others and provision of information and advice thereon; application service provider (ASP), namely, hosting of software of others for use in library management and provision of information and advice thereon; hosting on-line facilities for others for conducting interactive discussions and provision of information and advice

thereon; hosting on-line web facilities for others for conducting interactive discussions and sharing on-line content, and provision of information and advice thereon; hosting, on secure servers accessible via the Internet, of digital content in the nature of computerized data, files, applications and information and provision of information and advice thereon; hosting of servers and provision of information and advice thereon; hosting of servers; installation and maintenance of computer software and provision of information and advice thereon; providing temporary use of online non-downloadable software applications and software tools for use by multi-national corporations for accessing and managing computer network and telecommunications network services and for the management of electronic data, providing temporary use of on-line non-downloadable operating software for computer networks and servers and provision of information and advice thereon; rental of operating software for accessing and using a cloud computing network and provision of information and advice thereon; rental of operating software for computer networks and servers and provision of information and advice thereon; rental of web servers and provision of information and advice thereon; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network and provision of information and advice thereon; providing temporary use of online non-downloadable Internet security computer programs and provision of information and advice thereon; rental of web servers, namely, rental of memory space on servers for hosting electronic bulletin boards and provision of information and advice thereon; compilation, creation and maintenance of a website featuring a register of domain names and provision of information and advice thereon; creating, operating and maintaining web sites, web pages and portals of others for logging text, images and music provided either via computers or mobile telephones and provision of information and advice thereon; monitoring of computer systems by remote access to ensure proper functioning and provision of information and advice thereon; computer security services for protection against illegal network access, namely, restricting access to and by computer networks to and of undesired websites, media and individuals and facilities and provision of information and advice thereon; IT project management and provision of information and advice thereon; configuration of computer networks using software and provision of information and advice thereon; computer systems integration services and provision of information and advice thereon; computer project management in the field of electronic data processing (EDP) and provision of information and advice thereon; technical server administration for others and provision of information and advice thereon; weather forecasting and provision of information and advice thereon; weather information services and provision of information and advice thereon; interior design services and provision of information and advice thereon; operating and providing Internet search engines and provision of information and advice thereon; provision of information and advisory services on-line from a computer database or via the Internet, all in connection with the aforementioned services

CASE IDENTIFIERS

Serial Number 86638046 **Application Filing Date** May 21, 2015 **Registration Number** 5029718 **Registration Date** Aug. 30, 2016 **Register** Principal **Mark Type** Trademark **Publication Date** Jun. 14, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a red engine with a red nose and mouth outlined in black and 2 large black and white eyes. The engine is pulling 5 train cars, each with a letter from the word "happy" on the roof of each compartment: "H"-red, "A"-yellow, "P"-green, "P"-blue, "Y"-red. Each letter is outlined in the color black, and the color of the letter matches the color of the car on which it's placed. The train is on a gray track outlined in black and the wheels are gray, outlined in black with a white dot in the center. Shooting from the train are rays emanating white stars that enclose the words "hilarious", "affectionate", "passionate", people, and "yearning to serve others". All of the wording on the stars is written in black against a yellow background outlined in black. The rays leading to the wording "hilarious" are black against a red background, the rays leading to the wording "affectionate" are black against a yellow background, the rays leading to the wording "passionate" are black against a green background, the rays leading to the wording "people are black against a blue background and the rays leading to the wording "yearning to serve others" are black against a red background. There is white smoke outlined in black coming from the front smokestack and the back of the train, and all elements of the design are outlined in black. **Color Drawing** Yes **Color Claimed** The color(s) red, blue, green, yellow, black, white, and gray is/are claimed as a feature of the mark.

Mark Literal(s) JAYLENSCHALLENGE BULLYING NO WAY! ONE LITTLE BOY, ONE MASSIVE GOAL...YOU CAN HELP! JAYLENS CHALLENGE DONATE!

CASE IDENTIFIERS

Serial Number 86667706 **Application Filing Date** Jun. 19, 2015 **Registration Number** 5029800 **Registration Date** Aug. 30, 2016 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Jun. 14, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a rectangle with blue at the top, and gray shading to yellow on the bottom. The wording "One little boy, One massive goal...You can Help!" appears at the top of the rectangle in the color yellow. The wording "Jaylens Challenge" appears in the center of the rectangle in white outlined in blue. The words "Bullying No Way!" appear below, in the color blue. To the left of the rectangle is a design of a group of boys in front of a row of gray lockers, with one of the boys being pushed to the ground. The boys are dressed in clothing in the colors orange, green, brown, white, blue, red, and tan. The floor beneath the boys is black and white. To the right of the rectangle is a concentric white circle with black outlines, with the color blue outlining the inner ring of the inner circle. The inner circle includes a star shaped design in the colors blue, teal, yellow, purple, and red. White clouds also appear within the circle, as does a blue and white wave design toward the bottom of the circle. A yellow smiley face along with the wording "Jaylens Challenge" in black and two black stars separating the wording appear in the outer ring of the circle. To the left of the circle is a red heart with the word "Donate" appearing in the center in the color white. Just behind the larger wording "Jaylens Challenge" is an incomplete watermark of the smaller circular design. **Color Drawing** Yes **Color Claimed** The color(s) blue, yellow, brown, tan, red, gray, black, green, purple, teal, and white is/are claimed as a feature of the mark. **Disclaimer** "DONATE" **Name Portrait Consent** The name(s), portrait(s), and/or signature(s) shown in the mark identifies "JAYLEN ARNOLD", whose consent(s) to register is made of record.

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of a rightward leaning rhombus with the exception of the lower right edge which is curved in a crescent manner. Encased within the rhombus is the white silhouette of a video game controller tilted towards the left with the bottom left handle of the controller touching the bottom edge of the rhombus, the bottom right handle of the controller touching the right side of the rhombus, and the top right edge of the controller touching the top edge of the rhombus. A white wire leads out from the top of the controller and curves twice into the top edge of the rhombus. A diagonal line extending from the bottom left corner of the rhombus to the top right corner of the rhombus bisects the logo but it does not take a foreground presence to the videogame controller. The color of the rhombus is blue from everywhere between the upper right edges of the controller following the outside outline of the controller until the intersecting line, and dark blue from the intersecting line to where the bottom left handle of the controller intersects with the bottom line of the rhombus. Everything on the outside edge of the controller from the space between the bottom handles of the controller and the bottom edge of the rhombus as well as the outside edge of the right side of the controller up to the intersecting line is colored dark red, and from the intersecting line to the right and top edges of the rhombus is colored red. **Color Drawing** Yes **Color Claimed** The color(s) white, blue, dark blue, dark red and red is/are claimed as a feature of the mark.

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of the design of a fingerprint comprised of a series of curved lines with blurred edges. An area in the center right of the fingerprint contains fewer lines with sharp edges that are surrounded by more space than the lines in the remainder of the design. All of the curved lines in the fingerprint are blue-green, except for the several lines inside this center right portion of the mark. In this portion sits a red line above two orange-yellow lines. Below the orange-yellow lines is a green line, which is above a black line. A blue line appears to the right of the green line. The white in the drawing represents background or transparent areas only and is not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) black, blue, blue-green, red, orange-yellow, and green is/are claimed as a feature of the mark.
