GOODS AND SERVICES INFORMATION

For Educational services, namely, providing on-line publications, instructional and teaching materials, namely, manuals and guides featuring information about accessing, securing, syncing, sharing and managing files and data from mobile devices; educational services, namely, providing videos, whitepapers, and data sheets about information technology management; online electronic publishing of videos, whitepapers, and data sheets; Instructional and teaching materials in electronic form supplied online from a database or from facilities provided on the Internet or other network, namely, providing a Website featuring non-downloadable books and instruction manuals in the field of software for virtual office implementations, user authentication, managing, using and accessing mobile devices and mobile application software

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment **First Use** Jun. 19, 2013 **In Commerce** Jun. 19, 2013

For Computer software for accessing, securing, syncing, sharing and managing data from mobile devices; computer hardware; computer software, namely, user interface software for use over local and global networks, for managing and implementing virtual office infrastructure platforms, virtual computer systems, virtual networks, and virtual computer environments, authentication software for managing users' office infrastructure platforms; software for managing, accessing and using mobile devices and mobile application software; software for the management of resources via the Internet and

mobile networks; computer programs that manage the delivery of computer applications; computer software for systems administrators to monitor, manage and control computer systems; publications, namely, instructional and teaching materials in the field of information technology in downloadable electronic form supplied on-line from a database or from facilities provided on the Internet or other network

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus **First Use** Jun. 19, 2013 **In Commerce** Jun. 19, 2013

For Computer services, namely, designing, programming, managing, and developing virtual office infrastructure platforms virtual computer systems, virtual servers, virtual networks, virtual computer environments; designing, programming, managing, and developing software applications for use on virtual office infrastructure platforms, virtual computer systems, virtual servers, virtual networks, virtual computer environment; computer hardware and software consultancy services; computer software design and installation services; installation, maintenance and repair services relating to computer software; design, development, repair and maintenance of computer software for securing, syncing, sharing and managing data from mobile devices; computer programming services; computer services, namely, integration of computer software into multiple systems and networks; technical support in the nature of technical advice and consultancy services regarding planning, maintenance, and installation of said software; providing virtual computer environments through cloud computing

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services **First Use** Jun. 19, 2013 **In Commerce** Jun. 19, 2013

Claimed Ownership of US Registrations 4128950, 3043780, 2059897

GOODS AND SERVICES INFORMATION

For Paper printer labels; paper barcode printer labels; business forms; paper identification labels and bands processable through printers such as laser printers and used by healthcare professionals; printable paper stock, namely, blank or partially printed labels, printing machine ribbons; printed matter and printed publications, namely, brochures, instruction and user manuals, written presentations and training materials in the field of computer software, hardware, real time location systems, and printers; printer supplies, namely, blank or partially printed labels not of textile and computer printer ribbons; self-adhering labels made of paper for use for patient identification and patient care in the health care industry; plastic cards imprinted with numbers used to track use of the card; laminated identification cards; transfer film, namely, stickers and transfers; tags, namely, paper identification tags; thermal paper; receipt paper; self-adhesive paper labels

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Paper laminate identification wristbands for use in the healthcare industry; self-adhering labels made of plastic for use for patient identification and patient care in the health care industry; plastic printer labels; plastic barcode printer labels; plastic identification labels and bands processable through printers such as laser printers and used by healthcare professionals; plastic identification tags; self-adhesive plastic labels

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Business consulting services in the field of computer-based printing, computer software and computer products, printers, data security, access control devices, membership cards, gift cards, financial cards and business forms; business consulting services to manufacturers or shipping terminal operators regarding productivity, efficiency, inventory control, operational procedures, and equipment purchases; business development services, namely, assistance in product commercialization for new technologies; business management consulting services and business consulting services; computerized database management services; conducting dealer incentive award programs to promote the sale of printers, printer labels, and supplies; distributorship services in the field of business forms; information management services, namely, shipment processing, preparing shipping documents and invoices, tracking documents, packages and freight over computer networks, intranet, and internet; online retail store services featuring mobile phones, bar code data capture systems, mobile computing and computer hardware and software, pre-recorded audio and audio visual works and related merchandise via the Internet and other computer and electronic communications networks; physical inventory control services; retail store services featuring mobile phones, bar code data capture systems, mobile computing and computer hardware and software for each of the foregoing, pre-recorded audio and audio visual works and related merchandise and demonstrations of products

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Consultation relating to computer repair; installation, maintenance and repair of electronic equipment, namely, communications equipment and bar code data capture systems; label printer repair services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Adaptors, chargers, namely, battery charge devices; rechargeable batteries, printer cradles and cases, printer station; barcode readers and scanners, optical scanners, portable computer terminals, computer interface boards, personal digital assistants, hand held auto identification scanners, wireless local area network hardware, and telephones; operating software and parts and fittings for all of the aforesaid goods, and batteries, battery chargers, power supplies and housings for all of the aforesaid goods; barcode reading devices; bar code printing machines; card printing machines; client/server-based communications system comprised of server software and client-device software to allow users and devices to communicate with each other over wired or wireless networks by real time push to talk style voice over IP, text messaging, handwritten messaging, picture messaging with integrated editing capabilities, voice messaging, broadcast voice messaging, and e-mail; computer and network management operating software and hardware for use with payment devices, secure identification and control devices; fixed and portable radio frequency identification devices and readers; communication systems for providing wireless Internet connectivity, namely, a high speed transceiver, base station, antenna, mounting hardware and software for monitoring and operating the systems; computer and network management software and hardware all for use with the management and monitoring of personal digital assistants, vehicle mounted computers, and electronic personal organizers; computer and network management software and hardware for the management and monitoring of cellular phone devices, VoIP communication devices used for mobile customer relationship management; computer and network management software and hardware for use with GPS-driven mapping and direction finding; computer and network management software and hardware for use with handheld computers, RFID readers, speech-directed devices and speech recognition used for mobile

ticketing, payment processing, personal identification collection and verification, dispatching and scheduling, equipment maintenance, break-fix and repair; computer and network management software and hardware for use with payment devices, secure identification and control devices; computer and network management software and hardware for use with transmitting, receiving, viewing, updating and managing data, inventory and material handling, storage and retrieval, shipping and receiving, ordering, picking and cycle counting of merchandise, asset management and tracking, and general data collection; computer and network management software and hardware for the management and monitoring of mobile computers; computer application software for cellular or mobile phones for managing and operating printers, scanners, bar code readers, and mobile computers; computer cables; computer equipment, namely, scanners, printers, optical character recognition devices and other peripheral computer equipment for processing business forms; computer hardware and communications software for electronic file transfer, remote computer access, and remote network access, all in the fields of wide area and local area networks; computer hardware and data management software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of images, voice, sound recordings, printed text and data all captured from bar codes, radio frequency identification tags, and mobile computing and communication devices; computer hardware and handheld computers for end-to-end mobile computing systems for businesses; computer hardware and software for use in establishing, maintaining and managing wide area and local area computer networks and computer network connections, namely, global computer network connections; computer hardware and computer software real-time location system for use in the field of determining the physical location of a variety of objects such as vehicles, inventory, containers, equipment or products, and personnel; computer hardware and software for identifying, locating or tracking assets, equipment or people; computer hardware and operating software for real-time location systems; computer hardware, namely, hand-held and portable computers; computer operating systems and portable radio receivers and transmitters; computer peripherals for mobile computing and mobile communication devices; computer programs and program manuals all sold as a unit for graphic design, application testing, computer system testing, computer system integration, and printing, for use in the fields of software development tools, sales management systems, financial systems, agricultural systems, sales training, advertising systems, process control, job control, environmental monitoring, order logging, diagnostics, databasing activities, spreadsheet analysis, word processing, communication systems, repair and maintenance systems, presentation systems, quality control systems; computer programs, namely, software for designing printing and creating bar code labels, tags tickets, cards, or wristbands; computer programs for managing printer operation, maintenance or supplies replenishment; computer programs for operating printers; computer software and computer programs used for transmission, reproducing and receiving of sound, images, video and data over a telecommunications network or system between terminals and for enhancing and facilitating use and access to computer networks and telephone networks; computer software and manuals sold as a unit for the management and control of manufacturing, distribution center and warehouse inventory business operations; computer software for assessing and protecting wireless and wired computer networks, servers, applications and desktops against attack, intrusion and misuse; computer software for computer system and application development, deployment and management; downloadable operating software for printers; computer software for driving printers to print labels; computer software, namely, software for use in connection with supply chain management and execution; computer software for operating wireless local area networks and for managing input/output operations on handheld computers; computer software for protecting data/information stored on and/or transmitted across wireless and wired networks, servers, applications and desktops against attack, intrusion and misuse; computer software for recording, managing, retrieving and storing customer data, contact information, preferences and

customer satisfaction information; computer software for the management and control of manufacturing, distribution center and warehouse inventory management operations; computer software for the management and monitoring of handheld computers; computer software for database management in the field of database and information management; computer software offered as a feature of cellular or mobile phones to browse and access commonly used applications on the phone; computer software to create and process business forms; computer software, namely, communications protocol software for mobile computing and mobile communication devices; computer software that enables and provides two-way wireless voice, images, sound recordings, printed text and data communication connections and the wireless transfer of voice, images, sound recordings, printed text and data information; computer telephony software enabling telephone and communication activities to be performed through a network; computer telephony software for displaying and updating data received from the network; computer utility software for performing computer maintenance work; connector to connect printers and computers; digital disc drives; electrical connectors; electrical controllers and data processors; downloadable electronic user manuals sold therewith; fast communication links for data transfer, namely, USB cables, fiber optic cables, parallel cables, serial cables, and DIN cables; fixed and portable radio frequency identification devices and readers; hand held scanners that automatically identify the presence of bar codes and radio frequency identification tags; handheld and integrated laser scanners; computer and network management software and hardware for the management and monitoring of rugged handheld personal computers; integrated voice and data enabled wide area wireless radio; linear and area imagers and digital cameras; magnetic card and smart card reading devices; memory devices, namely, blank flash memory cards; mobile and fixed computers and monitors for end-to-end mobile computing systems for businesses; mobile or handheld printers for labels and business forms; modem devices; near field communication (NFC) technology-enabled devices, namely, printers; pagers; portable and fixed radio frequency computer and network management software and hardware all for use with the management and monitoring of personal digital assistants, vehicle mounted computers and electronic personal organizers; portable and fixed radio frequency receivers and transmitters portable and handheld computers for incorporating bar code and radio frequency identification tag scanners and operating software therefore; portable computers with auto identification functionality and operating software therefore; pressure and temperature sensors; printers, namely, mobile printers and label printers; printers, print engines and printer modules for testing RFID transponders, reading and writing RFID data, and creating encoded smart tags and labels by applying RFID components; printer components, namely, printheads; thermal printers; radar and radar detectors; radio frequency identification printing and encoding machines; radio frequency identification, RFID, smart tags and labels featuring embedded microchips, integrated circuits, antennas and transponders for recording, receiving, storing, encoding, updating and transmitting data; readers and tags for real-time location systems; radio transceivers and operating software therefore; computer interface boards, computer cables, electrical connectors, and computer peripherals therefore, all sold as a unit; computer software containing communications protocols for handheld mobile electronic devices; radio receivers and transmitters; smartphone applications and software to develop smartphone applications for printing labels, receipts, cards, tags and business forms; software for reading bar codes, bar code readers, bar code scanning devices for physical inventory control; software to design, configure, operate and trouble-shoot communications systems; software to design cards; software to design labels and configure label printers; software to manage and drive card printers; software for enabling a general-purpose computer to print and/or read bar codes; software to design, configure, operate and trouble-shoot real-time location system; software to program and manage network printers; telecopier machines; telemetry tag that transmits the location of objects such as vehicles, inventory, containers, equipment or products and personnel; two-way radios; ultra wideband (UWB) radar systems comprising radar; ultra wideband communications systems comprising UWB transmitters and receivers; ultra

wideband signal generators; voice processing devices; digital dictation machines; digital answer telephone machines; wireless Ethernet bridges; wireless local area network hardware equipment, namely, computer parallel and serial ports, access points for connecting network computer users and computer network switches, electronic controllers, electronic mini-controllers and antennas; wristband printers; RFID cards; downloadable software for tracking physical movement for use with motion-detecting sensors; downloadable customized forms for the operation and management of business activities

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Providing access to electronic databases and networks, allowing the user to send, receive and interact with audio, text, digital images, videos, electronic game applications, and social media over a network; providing access to network communications infrastructure to allow the user to receive location based coordinates, namely, providing access to telecommunication and global computer networks; technical consulting in the field of data transmission and Radio Frequency Identification systems (RFID); wireless telecommunications services, namely, wireless data messaging services that allow a user to send and receive instant messages, electronic mail and data; wireless telephone services and electronic transmission of data and documents via communications networks and global computer networks; provision of technical information and technical consultation in the area of telecommunications; telecommunication access services, namely, providing access to, denying access to electronic databases and networks to affect power levels on wireless telecommunication devices; telecommunications network planning

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Basic and applied research in the fields of physics, chemistry, engineering, computer programming, information technology and telecommunications; computer programing and database design for others; computer services, namely, designing and implementing for others wireless local area networks, end-to-end mobile computing systems and computer hardware and software systems for capturing, moving, and managing images, voice, sound recordings, printed text and data all captured from bar codes, radio frequency identification tags, and mobile computing and communication devices; computer services, namely, providing an interactive site featuring technology that allows communications, information download, software download, computer hardware and software support services, and sales support on a global computer network, accessible via computer, land-line and wireless communications devices; computer software design for others; computer software development in the field of mobile point-of-sale transactions; computer software interface design for others; consultation and design services relating to computers in the field of GPS-driven mapping and direction finding; consultation and design services relating to computers in the field of mobile customer relationship management; consultation and design services relating to computers in the field of mobile ticketing, break-fix and repair; consultation and design services relating to computers used for transmitting, receiving, viewing, updating and managing data, inventory and material handling, store and retrieval, shipping and receiving, ordering, picking and cycle counting of merchandise, asset management and tracking, payment processing, personal identification collection and verification, speech recognition, dispatching and scheduling, general data collection and equipment maintenance; consulting services in the field of design, selection, implementation and use of computer hardware and software systems concerning bar code data capture systems, mobile computing and mobile communication devices for others; consulting services in the field of design, selection, implementation, and use of computer hardware and software systems for others; custom design and development of computer hardware, computer software; design

and development of digital telecommunications systems for public and private networks; installation of computer software; installation of computer software concerning bar code concerning code data capture systems, mobile computing and mobile communication devices; non-downloadable software services, namely, providing temporary use of non-downloadable software for real-time location system; printer service plans; providing technical information concerning the features and interoperability of the software of third party software providers concerning bar code data capture systems, mobile computing and mobile communication devices; providing temporary use of non-downloadable software for use in management and operation of manufacturing and shipping container depots, logistics centers, rail terminals, intermodal terminals or airports; research and development of new products for others in the field of telecommunications; service rendered by professionals for product support, namely, the provision of technical information and technical consultation in the area of computers; technical consultation services in the field of bar code data capture systems, mobile computer and mobile communication devices and computer software and hardware for each of the foregoing, including installation of computer software for bar code data capture systems, mobile computing and mobile communication devices; technical consulting and custom design of data transmission, reception and management systems, and material handling systems; technical consulting, design and integration services for Radio Frequency Identification systems (RFID); technological planning and consulting services in the field of telecommunications network planning; up-dating of computer software for bar code data capture systems

GOODS AND SERVICES INFORMATION

For Electronic test and measurement instruments, namely, oscilloscopes and parts therefor; electronic instruments in the nature of signal generators, namely, analog and vector signal generators, waveform generators, function generators, pulse and data generators, arbitrary waveform generators, noise generators, and signal generation devices synthesizing electronic signals, and synchronization modules for various types of signal generators; electronic test and measurement instruments in the nature of analyzers, namely, spectrum, vector, signal, network, power and power source, protocol, radio frequency, microwave, logic, modulation-domain, optical component, light wave component, optical modulation, time-interval, polarization, and photonic dispersion and loss analyzers; automatic test equipment for integrated circuits, circuit boards and electronic equipment, namely, flat panel display testers, system on a chip (SOC) testers, memory testers, parametric testers, automated optical inspection testers, and in-circuit testers; electronic and optical communications instruments, namely, light wave testers and light wave multimeters; electronic component of digital multi-meters for testing and measuring voltage in electrical products; measuring instrumentation and apparatus, namely, digitizers; test and measurement equipment, namely, electromagnetic interference receivers, radio frequency interference receivers, and electromagnetic compliance products, namely, electromagnetic interference receivers for testing electromagnetic compliance and making conductive emission measurements; polarization controller units used to change light from any polarized or unpolarized light source into any well-defined state of polarization; electronic test and measurement instruments, namely, electric meters, inductance meters, capacitance meters, resistance meters, impedance meters, testing meters, wavelength meters, frequency meters, and frequency counters; electrical and electronic measuring and testing devices, namely, DC electronic load measurers and testers. electronic test and measurement instruments in the nature of testers, namely, cable, antenna, voltage, amperage, telephone line, and continuity testers; electronic test and measurement instruments, namely, handheld cable and antenna tester with optional spectrum analyzer, network analyzer, and power meter; electronic testing equipment, namely, power meters for testing radio frequency

and microwave signals; electronic and optical communications instruments and components, namely, communication link testers for testing communication links and telecommunication line integrity testing apparatus; testing apparatus for testing circuit boards; electronic apparatus for testing electromagnetic properties and characteristics of industrial materials; electronic test and measurement instruments, namely, voltmeters and source measure units; test and measurement equipment, namely, one box testers containing a signal source and a signal analyzer for testing microwave and wireless communication devices and designs; electronic test and measurement instruments, namely, interferometers, electrical transducers, and vibration transducers; electronic test and measurement instruments, namely, nano indenters for nanomechanical testing of semiconductors, thin films, wafer applications, hard coatings and DLC films, composite materials, fibers, polymers, metals, ceramics, and biomaterials; component features of electronic testing, signaling, diagnostic and measurement systems and equipment used in signal generators, signal analyzers, arbitrary waveform generators, pulse generators, and one-box testers, namely, mobile cellular and wireless local area network (WLAN) testers and network analyzers; electronic component in the nature of software and hardware, namely, digital signal processor and its controlling algorithm, sold as integral components of waveform generators, for improving signal fidelity and signal breadth; atomic clocks; encoders; data processing equipment, namely, couplers; amplifiers. electrical signal attenuators; electricity limiters; multipliers; testing apparatus for testing fiber optics; electric switches; electronic switches; optical switches; probes for testing integrated circuits, semiconductors, and telecommunication networks; apparatus and instruments, namely, amplifiers, attenuators, filters, conditioners, converters, mixers, modulators, demodulators, prescalers, dividers, combiners, isolators, circulators, integrated diode limiters, switches and routers for performing signal generation, signal processing, signal amplification, signal conversion, or signal control; lasers for measuring purposes and accessories therefor, namely, monolithic laser combiners, laser heads, beam splitters, beam benders, beam translators, retro reflectors, adjustable mounts, plane mirrors, plane mirror converters, plane mirror reflectors, and turning mirrors; lasers not for medical use; microscopes; microscopes, namely, atomic force microscopes; microscopes, namely, scanning electron microscopes; recording apparatus for recording traffic on telecommunications networks; portable electronic recorder for measuring and recording multiple voltage, current and thermocouple readings from various transducers; electric sensors; industrial calibration sensors; optical sensors; timing sensors; ultrasonic sensors; surface acoustic wave sensors; sensors for measuring air pressure, temperature, and humidity; sensors for monitoring the temperature of an object being measured; transmitters of electronic signals; electronic and optical communications instruments and components, namely, optical transmitters and electro-optical transmitters; wireless transmitters and receivers; receivers of electronic signals; electronic and optical communications instruments and components, namely, optical and opto-electrical receivers; remote controls for electronic test, signaling and measurement apparatus, systems, and equipment; computer hardware; computer peripherals; a full line of operating system software programs for non-medical scientific instruments and for electronic test, signaling, and measurement instruments and equipment. a full line of computer software for designing, configuring, calibrating, and testing non-medical scientific instruments and electronic test, signaling, and measurement instruments and equipment; a full line of computer software for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from non-medical scientific instruments and from electronic test, signaling, and measurement instruments and equipment; software, namely, electronic design automation (EDA) software for communications product design, for RF and microwave circuit, high-speed, signal integrity, device modeling, and signal-processing design, and for electro-thermal, electromagnetic, circuit and system design and simulation; data processing apparatus; power supplies; power supplies and power systems used to power and test the operation of electronic equipment and devices under test by providing multiple power levels to the electronic equipment; programmable power supplies and power systems for simulating various operating

conditions of electronic equipment

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus **First Use** Nov. 01, 2014 **In Commerce** Nov. 01, 2014

Mark Literal(s) TALES OF A PEANUT

CASE IDENTIFIERS

Serial Number 86639644 **Application Filing Date** May 22, 2015 **Registration Number** 5032821 **Registration Date** Aug. 30, 2016 **Register** Principal **Mark Type** Service Mark **Publication Date** Nov. 17, 2015 **Notice of Allowance Date** Jan. 12, 2016

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the words "TALES OF A" offset slightly left above the word "PEANUT", with a curvy line connecting the ending of the letter "T" in "PEANUT" to the tip of the quill of a larger feather drawn to the left of the words "TALES OF A PEANUT". The lettering of the words "OF" and "A" is uppercase and in a smaller, printed font. The lettering of the words "TALES" and "PEANUT" is lowercase and in a larger, cursive font. The feather is slightly angled to the left, and its shaft is curved convexly to the left. The feather's barbs are drawn with curved ends that mimic the curves of the line connecting the feather's quill to the ending of the letter "T" in "PEANUT". **Color Claimed** Color is not claimed as a feature of the mark.

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a colorful wreath made up of different colored waves intertwined together to create the circular shape. The wreath has two green leaves on its peak, one light green and the other dark green. The wreath colors are, going clockwise from the top; orange, violet, purple, navy blue, aqua blue, dark green, light green yellow, dark yellow, light orange. There is a thin hollow space in between each of the waves. To the right of the image is the phrase "FRUIT MIX", where "FRUIT" is in black, standard font, capitalized letters and "MIX" is in dark green, cursive font and lower case. Below the word "MIX" are the phrases "SALADS SUBS JUICE BAR" separated by vertical lines in black in between the phrases. The phrases are written in black, standard font, capitalized letters. The color white shown on the thin hollow space between each of the waves represents background and/or transparent areas and is not part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) orange, violet, purple, navy blue, aqua blue, dark green, light green yellow, dark yellow, light orange, and black is/are claimed as a feature of the mark. **Disclaimer** "FRUIT MIX," "SALADS," "SUBS," AND "JUICE BAR"
