RULES AND REGULATIONS IN REGARD TO ATTORNEYS PRACTICING  
BEFORE THE UNITED STATES PATENT OFFICE, 1908.

---

EXTRACTS FROM THE RULES OF PRACTICE.

APPOINTMENT.

RULE 17. An applicant or an assignee of the entire interest may prosecute his own case, but he is advised, unless familiar with such matters, to employ a competent patent attorney, as the value of patents depends largely upon the skillful preparation of the specification and claims. The office can not aid in the selection of an attorney.

A register of attorneys will be kept in this office, on which will be entered the names of all persons entitled to represent applicants before the Patent Office in the presentation and prosecution of applications for patent. The names of persons in the following classes will, upon their written request, be entered upon this register:

(a) Any attorney at law who is in good standing in any court of record in the United States or any of the States or Territories thereof and shall furnish a certificate of the clerk of such United States, state, or territorial court, duly authenticated under the seal of the court, that he is an attorney in good standing.

(b) Any person not an attorney at law who is a citizen or resident of the United States and who shall file proof to the satisfaction of the commissioner that such person is of good moral character and of good repute and possessed of the necessary legal and technical qualifications to enable him to render applicants for patents valuable service and is otherwise competent to advise and assist them in the presentation and prosecution of their applications before the Patent Office.

(c) Any foreign patent attorney not a resident of the United States who is a citizen or subject of a country granting the same reciprocal rights to citizens of the United States, who shall file proof to the satisfaction of the commissioner that he is registered and in good standing before the patent office of the country of which he is a citizen or subject, and is possessed of the qualifications stated in paragraph (b).

No foreign patent attorney will be recognized in any application filed after June 30, 1908, unless entitled to registration under the provisions of this rule.

(d) Any firm will be registered which shall show that the individual members composing such firm are each and all registered under the provisions of the preceding sections.

The commissioner may require proof of qualifications other than those specified in paragraph (a) and reserves the right to decline to recognize any attorney, agent, or other person applying for registration under this rule.

Any person or firm not registered and not entitled to be recognized under this rule as an attorney or agent to represent applicants generally may, upon a showing of circumstances which render it necessary or justifiable, be recognized by the commissioner to prosecute as attorney or agent certain specified application or applications, but this limited recognition shall not extend further than the application or applications named.

No person not registered or entitled to recognition as above provided will be permitted to prosecute applications before the Patent Office.

**POWER OF ATTORNEY TO BE FILED.**

**RULE 18.** Before any attorney, original or associate, will be allowed to inspect papers or take action of any kind, his power of attorney must be filed. But general powers given by a principal to an associate can not be considered. In each application the written authorization must be filed.

**NAMES OF MEMBERS OF A FIRM MUST BE GIVEN.**

A power of attorney purporting to have been given to a firm or copartnership will not be recognized, either in favor of the firm or of any of its members, unless all its members shall be named in such power of attorney.

**SUBSTITUTION AND ASSOCIATION.**

**RULE 19.** Substitution or association can be made by an attorney upon the written authorization of his principal; but such authorization will not empower the second agent to appoint a third.

**REVOCATION.**

**RULE 20.** Powers of attorney may be revoked at any stage in the proceedings of a case upon application to and approval by the commissioner; and when so revoked the office will communicate directly with the applicant or such other attorney as he may appoint. An attorney will be promptly notified by the docket clerk of the revocation of his power of attorney. An assignment of an undivided interest will not operate as a revocation of the power previously given, but the assignee of the entire interest may be represented by an attorney of his own selection.

**ACCESS TO PENDING APPLICATIONS.**

*Order No. 1271.*—Hereafter no person except the applicant, the assignee whose assignment is of record, or the attorney of record will be permitted to have access to the file of any application, except as provided for under the interference rules, unless written authority from the applicant, assignee, or attorney, identifying the application to be inspected, is filed in the case to become a part of the record thereof, or upon the written order of the commissioner, which will also become a part of the record of the case. (O. G., April 4, 1899.)
