GOODS AND SERVICES INFORMATION

For Paper printer labels; paper barcode printer labels; business forms; paper identification labels and bands processable through printers such as laser printers and used by healthcare professionals; printable paper stock, namely, blank or partially printed labels, printing machine ribbons; printed matter and printed publications, namely, brochures, instruction and user manuals, written presentations and training materials in the field of computer software, hardware, real time location systems, and printers; printer supplies, namely, blank or partially printed labels not of textile and computer printer ribbons; self-adhering labels made of paper for use for patient identification and patient care in the health care industry; plastic cards imprinted with numbers used to track use of the card; laminated identification cards; transfer film, namely, stickers and transfers; tags, namely, paper identification tags; thermal paper; receipt paper; self-adhesive paper labels

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Paper laminate identification wristbands for use in the healthcare industry; self-adhering labels made of plastic for use for patient identification and patient care in the health care industry; plastic printer labels; plastic barcode printer labels; plastic identification labels and bands processable through printers such as laser printers and used by healthcare professionals; plastic identification tags; self-adhesive plastic labels

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Business consulting services in the field of computer-based printing, computer software and computer products, printers, data security, access control devices, membership cards, gift cards, financial cards and business forms; business consulting services to manufacturers or shipping terminal operators regarding productivity, efficiency, inventory control, operational procedures, and equipment purchases; business development services, namely, assistance in product commercialization for new technologies; business management consulting services and business consulting services; computerized database management services; conducting dealer incentive award programs to promote the sale of printers, printer labels, and supplies; distributorship services in the field of business forms; information management services, namely, shipment processing, preparing shipping documents and invoices, tracking documents, packages and freight over computer networks, intranet, and internet; online retail store services featuring mobile phones, bar code data capture systems, mobile computing and computer hardware and software, pre-recorded audio and audio visual works and related merchandise via the Internet and other computer and electronic communications networks; physical inventory control services; retail store services featuring mobile phones, bar code data capture systems, mobile computing and computer hardware and software for each of the foregoing, pre-recorded audio and audio visual works and related merchandise and demonstrations of products

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Consultation relating to computer repair; installation, maintenance and repair of electronic equipment, namely, communications equipment and bar code data capture systems; label printer repair services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Adaptors, chargers, namely, battery charge devices; rechargeable batteries, printer cradles and cases, printer station; barcode readers and scanners, optical scanners, portable computer terminals, computer interface boards, personal digital assistants, hand held auto identification scanners, wireless local area network hardware, and telephones; operating software and parts and fittings for all of the aforesaid goods, and batteries, battery chargers, power supplies and housings for all of the aforesaid goods; barcode reading devices; bar code printing machines; card printing machines; client/server-based communications system comprised of server software and client-device software to allow users and devices to communicate with each other over wired or wireless networks by real time push to talk style voice over IP, text messaging, handwritten messaging, picture messaging with integrated editing capabilities, voice messaging, broadcast voice messaging, and e-mail; computer and network management operating software and hardware for use with payment devices, secure identification and control devices; fixed and portable radio frequency identification devices and readers; communication systems for providing wireless Internet connectivity, namely, a high speed transceiver, base station, antenna, mounting hardware and software for monitoring and operating the systems; computer and network management software and hardware all for use with the management and monitoring of personal digital assistants, vehicle mounted computers, and electronic personal organizers; computer and network management software and hardware for the management and monitoring of cellular phone devices, VoIP communication devices used for mobile customer relationship management; computer and network management software and hardware for use with GPS-driven mapping and direction finding; computer and network management software and hardware for use with handheld computers, RFID readers, speech-directed devices and speech recognition used for mobile ticketing, payment processing, personal identification collection and verification, dispatching and scheduling, equipment maintenance, break-fix and repair; computer and network management software and hardware for use with payment devices,

secure identification and control devices; computer and network management software and hardware for use with transmitting, receiving, viewing, updating and managing data, inventory and material handling, storage and retrieval, shipping and receiving, ordering, picking and cycle counting of merchandise, asset management and tracking, and general data collection; computer and network management software and hardware for the management and monitoring of mobile computers; computer application software for cellular or mobile phones for managing and operating printers, scanners, bar code readers, and mobile computers; computer cables; computer equipment, namely, scanners, printers, optical character recognition devices and other peripheral computer equipment for processing business forms; computer hardware and communications software for electronic file transfer, remote computer access, and remote network access, all in the fields of wide area and local area networks; computer hardware and data management software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of images, voice, sound recordings, printed text and data all captured from bar codes, radio frequency identification tags, and mobile computing and communication devices; computer hardware and handheld computers for end-to-end mobile computing systems for businesses; computer hardware and software for use in establishing, maintaining and managing wide area and local area computer networks and computer network connections, namely, global computer network connections; computer hardware and computer software real-time location system for use in the field of determining the physical location of a variety of objects such as vehicles, inventory, containers, equipment or products, and personnel; computer hardware and software for identifying, locating or tracking assets, equipment or people; computer hardware and operating software for real-time location systems; computer hardware, namely, hand-held and portable computers; computer operating systems and portable radio receivers and transmitters; computer peripherals for mobile computing and mobile communication devices; computer programs and program manuals all sold as a unit for graphic design, application testing, computer system testing, computer system integration, and printing, for use in the fields of software development tools, sales management systems, financial systems, agricultural systems, sales training, advertising systems, process control, job control, environmental monitoring, order logging, diagnostics, databasing activities, spreadsheet analysis, word processing, communication systems, repair and maintenance systems, presentation systems, quality control systems; computer programs, namely, software for designing printing and creating bar code labels, tags tickets, cards, or wristbands; computer programs for managing printer operation, maintenance or supplies replenishment; computer programs for operating printers; computer software and computer programs used for transmission, reproducing and receiving of sound, images, video and data over a telecommunications network or system between terminals and for enhancing and facilitating use and access to computer networks and telephone networks; computer software and manuals sold as a unit for the management and control of manufacturing, distribution center and warehouse inventory business operations; computer software for assessing and protecting wireless and wired computer networks, servers, applications and desktops against attack, intrusion and misuse; computer software for computer system and application development, deployment and management; downloadable operating software for printers; computer software for driving printers to print labels; computer software, namely, software for use in connection with supply chain management and execution; computer software for operating wireless local area networks and for managing input/output operations on handheld computers; computer software for protecting data/information stored on and/or transmitted across wireless and wired networks, servers, applications and desktops against attack, intrusion and misuse; computer software for recording, managing, retrieving and storing customer data, contact information, preferences and customer satisfaction information; computer software for the management and control of manufacturing, distribution center and warehouse inventory management operations; computer software for the management and monitoring of handheld computers; computer software for database management in the field of database and information management; computer

software offered as a feature of cellular or mobile phones to browse and access commonly used applications on the phone; computer software to create and process business forms; computer software, namely, communications protocol software for mobile computing and mobile communication devices; computer software that enables and provides two-way wireless voice, images, sound recordings, printed text and data communication connections and the wireless transfer of voice, images, sound recordings, printed text and data information; computer telephony software enabling telephone and communication activities to be performed through a network; computer telephony software for displaying and updating data received from the network; computer utility software for performing computer maintenance work; connector to connect printers and computers; digital disc drives; electrical connectors; electrical controllers and data processors; downloadable electronic user manuals sold therewith; fast communication links for data transfer, namely, USB cables, fiber optic cables, parallel cables, serial cables, and DIN cables; fixed and portable radio frequency identification devices and readers; hand held scanners that automatically identify the presence of bar codes and radio frequency identification tags; handheld and integrated laser scanners; computer and network management software and hardware for the management and monitoring of rugged handheld personal computers; integrated voice and data enabled wide area wireless radio; linear and area imagers and digital cameras; magnetic card and smart card reading devices; memory devices, namely, blank flash memory cards; mobile and fixed computers and monitors for end-to-end mobile computing systems for businesses; mobile or handheld printers for labels and business forms; modem devices; near field communication (NFC) technology-enabled devices, namely, printers; pagers; portable and fixed radio frequency computer and network management software and hardware all for use with the management and monitoring of personal digital assistants, vehicle mounted computers and electronic personal organizers; portable and fixed radio frequency receivers and transmitters portable and handheld computers for incorporating bar code and radio frequency identification tag scanners and operating software therefore; portable computers with auto identification functionality and operating software therefore; pressure and temperature sensors; printers, namely, mobile printers and label printers; printers, print engines and printer modules for testing RFID transponders, reading and writing RFID data, and creating encoded smart tags and labels by applying RFID components; printer components, namely, printheads; thermal printers; radar and radar detectors; radio frequency identification printing and encoding machines; radio frequency identification, RFID, smart tags and labels featuring embedded microchips, integrated circuits, antennas and transponders for recording, receiving, storing, encoding, updating and transmitting data; readers and tags for real-time location systems; radio transceivers and operating software therefore; computer interface boards, computer cables, electrical connectors, and computer peripherals therefore, all sold as a unit; computer software containing communications protocols for handheld mobile electronic devices; radio receivers and transmitters; smartphone applications and software to develop smartphone applications for printing labels, receipts, cards, tags and business forms; software for reading bar codes, bar code readers, bar code scanning devices for physical inventory control; software to design, configure, operate and trouble-shoot communications systems; software to design cards; software to design labels and configure label printers; software to manage and drive card printers; software for enabling a general-purpose computer to print and/or read bar codes; software to design, configure, operate and trouble-shoot real-time location system; software to program and manage network printers; telecopier machines; telemetry tag that transmits the location of objects such as vehicles, inventory, containers, equipment or products and personnel; two-way radios; ultra wideband (UWB) radar systems comprising radar; ultra wideband communications systems comprising UWB transmitters and receivers; ultra wideband signal generators; voice processing devices; digital dictation machines; digital answer telephone machines; wireless Ethernet bridges; wireless local area network hardware equipment, namely, computer parallel and serial ports, access points for

connecting network computer users and computer network switches, electronic controllers, electronic mini-controllers and antennas; wristband printers; RFID cards; downloadable software for tracking physical movement for use with motion-detecting sensors; downloadable customized forms for the operation and management of business activities

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Providing access to electronic databases and networks, allowing the user to send, receive and interact with audio, text, digital images, videos, electronic game applications, and social media over a network; providing access to network communications infrastructure to allow the user to receive location based coordinates, namely, providing access to telecommunication and global computer networks; technical consulting in the field of data transmission and Radio Frequency Identification systems (RFID); wireless telecommunications services, namely, wireless data messaging services that allow a user to send and receive instant messages, electronic mail and data; wireless telephone services and electronic transmission of data and documents via communications networks and global computer networks; provision of technical information and technical consultation in the area of telecommunications; telecommunication access services, namely, providing access to, denying access to electronic databases and networks to affect power levels on wireless telecommunication devices; telecommunications network planning

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication **First Use** Oct. 24, 2013 **In Commerce** Oct. 24, 2013

For Basic and applied research in the fields of physics, chemistry, engineering, computer programming, information technology and telecommunications; computer programing and database design for others; computer services, namely, designing and implementing for others wireless local area networks, end-to-end mobile computing systems and computer hardware and software systems for capturing, moving, and managing images, voice, sound recordings, printed text and data all captured from bar codes, radio frequency identification tags, and mobile computing and communication devices; computer services, namely, providing an interactive site featuring technology that allows communications, information download, software download, computer hardware and software support services, and sales support on a global computer network, accessible via computer, land-line and wireless communications devices; computer software design for others; computer software development in the field of mobile point-of-sale transactions; computer software interface design for others; consultation and design services relating to computers in the field of GPS-driven mapping and direction finding; consultation and design services relating to computers in the field of mobile customer relationship management; consultation and design services relating to computers in the field of mobile ticketing, break-fix and repair; consultation and design services relating to computers used for transmitting, receiving, viewing, updating and managing data, inventory and material handling, store and retrieval, shipping and receiving, ordering, picking and cycle counting of merchandise, asset management and tracking, payment processing, personal identification collection and verification, speech recognition, dispatching and scheduling, general data collection and equipment maintenance; consulting services in the field of design, selection, implementation and use of computer hardware and software systems concerning bar code data capture systems, mobile computing and mobile communication devices for others; consulting services in the field of design, selection, implementation, and use of computer hardware and software systems for others; custom design and development of computer hardware, computer software; design and development of digital telecommunications systems for public and private networks; installation of computer software; installation of computer software concerning bar code concerning code data capture systems, mobile computing and mobile

communication devices; non-downloadable software services, namely, providing temporary use of non-downloadable software for real-time location system; printer service plans; providing technical information concerning the features and interoperability of the software of third party software providers concerning bar code data capture systems, mobile computing and mobile communication devices; providing temporary use of non-downloadable software for use in management and operation of manufacturing and shipping container depots, logistics centers, rail terminals, intermodal terminals or airports; research and development of new products for others in the field of telecommunications; service rendered by professionals for product support, namely, the provision of technical information and technical consultation in the area of computers; technical consultation services in the field of bar code data capture systems, mobile computer and mobile communication devices and computer software and hardware for each of the foregoing, including installation of computer software for bar code data capture systems, mobile computing and mobile communication devices; technical consulting and custom design of data transmission, reception and management systems, and material handling systems; technical consulting, design and integration services for Radio Frequency Identification systems (RFID); technological planning and consulting services in the field of telecommunications network planning; up-dating of computer software for bar code data capture systems

GOODS AND SERVICES INFORMATION

For Professional business consulting services in the fields of management, operation and maintenance of industrial facilities of others in the fields of product manufacturing, pharmaceutical manufacturing, chemical manufacturing, petroleum extraction, petroleum refining, aerospace manufacturing, automotive manufacturing, building material manufacturing, consumer products manufacturing, food and beverage manufacturing, metals manufacturing; business management; business consulting in the fields of management, planning and supervision; business consulting in the field of economic feasibility studies in relation to planning, design and operations for businesses, utilities and governments, for estimating, measuring and verifying the environmental, social and economic impact of alternatives in infrastructure design, construction and operation and for estimating, measuring and verifying the environmental, social and economic impact of practices in the fields of energy, construction, manufacturing, transportation, product distribution and utilities; business management services; advisory services for others for business purposes in the fields of architecture, interior design and urban planning design; business advisory services in the fields of architecture, interior design and urban planning design; cost analyses; economic feasibility studies; business advisory services in the fields of airfield planning and design, aviation and transportation management consulting, transportation master planning and feasibility studies, drainage and storm water management, environmental documentation, public involvement, transportation seismic analysis, and sustainability and investment planning in the field of transportation; efficiency experts; business management consulting services in the fields of transportation oil and gas, renewable energy, power, chemicals, biofuels, gasification, energy management, hazardous waste, wastewater treatment, water supply, nuclear liabilities, environmental science, air pollution control, environmental management, laboratory analysis, environmental sustainability, facilities management, government, advanced technology, manufacturing, scientific labs, transportation facilities, sports facilities, energy facilities, building materials, chemicals, metals, mining, water resources, aviation, transit and rail, intelligent transport, highways and bridges, sustainable transportation services, ports and maritime, highway and traffic safety, aerospace manufacturing, automotive manufacturing, water conveyance, utility management, drinking water

infrastructure, water resources and system management, and wastewater infrastructure; project management services for others for business purposes in the fields of architecture, interior design, and urban planning design; project management services for others for business purposes in the fields of nuclear development, nuclear maintenance, nuclear cleanup, and closure of nuclear sites; value engineering, namely, cost analysis; business management services, namely, managing logistics, reverse logistics, supply chain services, supply chain visibility and synchronization, supply and demand forecasting and product distribution processes for others; business services, namely, procuring qualified and credentialed third-party experts, professionals and other qualified personnel, and documentation and information all on behalf of others; business services, namely, providing computer databases regarding the purchase and sale of a wide variety of products and services of others; business services, namely, registering, screening, credentialing, and organizing third-party vendors, suppliers, and contractors, and documentation and information on behalf of others; compilation and systemization of information into computer databases; database management; integrated tracking and management of commercial transactions on a global computer network; inventory control; inventory control in the field of database management; inventory management; inventory management in the field of database management; management and compilation of computerized databases; procurement, namely, purchasing software, construction materials, construction equipment, and environmental treatment equipment for others; business management planning; business succession planning; business management of air and water processing systems and facilities for others; consulting services related to the administration of water purification strategies; management of waste water collection systems for others; business consulting and advisory services in the field of energy efficiency; consulting services in the field of energy usage management and energy efficiency; management and operation assistance to commercial businesses; operation of telephone call centers for others; updating and maintenance of data in computer databases

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business **First Use** Mar. 17, 2015 **In Commerce** Mar. 17, 2015

For Building construction; construction management; construction of facilities for environmental management; maintenance of industrial facilities for others in the fields of product manufacturing, pharmaceutical manufacturing, chemical manufacturing, petroleum extraction, petroleum refining, aerospace manufacturing, automotive manufacturing, building material manufacturing, consumer products manufacturing, food and beverage manufacturing, metals manufacturing; consultation in the field of land development and redevelopment; construction of roads, bridges, tunnels, railways, underground railways, airports, power stations, structures, buildings, ports, harbors and other infrastructure projects; construction of coastal protection and offshore structures; building construction, repair and installation services; supervising and inspecting major construction projects for others; building construction supervision; building remodeling services; building inspection; building maintenance and repair; building reinforcing; building restoration; construction and construction management of tunnels and underground structures; construction and renovation of buildings; construction consultancy; construction of roads, highways, bridges and underground utilities; construction planning; construction services, namely, planning, laying out and custom construction of commercial buildings; construction supervision; construction, maintenance and renovation of property; consultation in building construction supervision; consulting in the field of building construction; consulting services for repair and restoration of historic buildings and structures; inspection services in the course of construction of airports, highways and bridges; pipeline construction and maintenance; pipeline installation and repair; planning and laying out of factory buildings; planning and laying out of production facilities; refurbishment of buildings; technical consultation in the field of building construction; construction of water treatment facilities; consulting services for the

construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; environmental remediation services, namely, waste disposal; pump repair and maintenance; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus; sanitation consultation; construction of commercial and industrial facilities associated with water treatment and power plants; construction of pipelines, water treatment and wastewater treatment facilities; maintenance of building equipment; demolition of buildings

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair **First Use** Mar. 17, 2015 **In Commerce** Mar. 17, 2015

For Engineering services; engineering and engineering consulting services in the fields of industrial design, product manufacturing, pharmaceutical manufacturing, chemical manufacturing, petroleum refining, aerospace manufacturing, automotive manufacturing, consumer products manufacturing, food and beverage manufacturing, metals manufacturing; consultation in the fields of civil engineering, environmental engineering, mechanical engineering, manufacturing engineering, design engineering, process engineering, pollution abatement and land use planning; engineering services related to planning, designing, building, upgrading, expanding, modernizing, renovating, retooling, optimizing, and operating infrastructure and facilities; architectural services and architectural consultancy services; architectural and design engineering consulting services; architecture and urban design planning services; environmental engineering and technical consulting in the field of environmental engineering; mechanical, electrical and energy engineering services; industrial research in the field of engineering; planning and design of highways, bridges, tunnels, airports, rapid transit systems, water resources programs, and waste disposal systems, namely, providing engineering services regarding proposed projects, and preparing preliminary designs, final designs and specifications related thereto; traffic engineering and traffic planning services; civil engineering; civil engineering for the design of airports, highways and bridges; computer aided design for others; conducting engineering surveys; conducting of scientific and engineering feasibility studies; construction drafting; consulting in the field of structural engineering; consulting in the fields of engineering and architecture; consulting services in the field of architectural design; consulting services in the field of sustainable building design; design for others in the field of engineering; design of tunnels and underground structures; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the construction of airports, highways and bridges; inspections of airports, highways and bridges; land surveying; land use planning services; material testing; materials testing and analyzing; materials testing and evaluation; mechanical engineering; mechanical research; monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; monitoring of erosion and sedimentation; pipeline inspection services; planning of buildings and infrastructure systems for buildings; research and development of technology in the field of civil engineering; research on building construction or city planning; research relating to mechanical engineering; research, development, engineering and testing services in the fields of welding and material joining; structural engineering design services; design of land surveys; surveying; technical consultancy regarding the field of road cutting technology; technical surveying; testing or research on civil engineering; testing, analysis and evaluation of the goods and services of others for the purpose of certification; urban planning; analysis of stream water quality; bacteriological consultation and research; bacteriological research; calculating and simulating flood flows, modeling of areas likely to be inundated, and preparing related reports and technical documentation;

civil engineering for the design of wastewater treatment facilities; civil engineering relating to water irrigation; consulting services in the field of environmental assessment and planning; engineering and hydrological design of restoration of stream channels, marshes, estuaries, and wetlands; engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of environmental compliance; engineering services, namely, engineering for the water distribution systems and wastewater systems; environmental services, namely, detection of contaminants in water; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; environmental services, namely, technical consultation in the field of environmental science; engineering services, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others; environmental testing and inspection services; hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; hydrologic and hydraulic modeling and design of storm drainage infrastructure; hydrologic study of surface and ground water; hydrological calculations and simulations of flood flows in streams, marshes, and wetlands; hydrological research; inspections of water treatment facilities; land use planning services; landscape architectural design; mapping; material testing; materials testing and analyzing; materials testing and evaluation; planning of buildings and infrastructure systems for buildings; providing environmentally friendly automation solutions, namely, site evaluations, control design analysis, and integrated installation services for monitoring and controlling respective innovative devices within a designated area; providing quality assurance services in the field of wastewater treatment; providing technological and scientific information about environmentally-conscious and green innovations; providing technological information about environmentally-conscious and green innovations; business risk assessment and business risk management services for industries and companies; research on building construction or city planning; research relating to mechanical engineering; sewer overflow monitoring services; sewer system monitoring services; structural engineering design services; survey design and research; surveying and engineering; technical consultancy in the field of environmental science; technical monitoring services for conditions of water; technology consultation and research in the field of water resources; technology consultation in the field of water resources; technology supervision and inspection in the field of water resources; testing of filters; testing of raw materials; underwater structural inspection services; urban planning; water quality control services; landscape architectural design; civil engineering relating to water irrigation; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; environmental services, namely, technical consultation in the field of environmental science, hydraulic engineering and design; hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; technical supervision and inspection in the field of product quality control, industrial services, water, and environmental engineering; quality control for others in the field of water and waste water treatment and irrigation systems; consulting services in the field of environmental assessment and planning, consulting services for others in the field of design of production facilities, consulting services for others in the field of architectural design, consulting services for others in the field of engineering services for building and property condition

assessment, facility management, repair and restoration, building instrumentation and monitoring, and environmental consulting, and technical analysis of a product or process to determine how to make it more environmentally sound; architectural design services in the fields of traffic and transportation; engineering services in the fields of traffic and transportation; traffic and transportation engineering; transportation and traffic planning services; consulting services in the fields of energy measurement to improve energy efficiency; conducting feasibility studies in the field of environmental engineering; professional consulting services in the fields of engineering, land use planning, surveying, landscape architecture, and environmental sciences; designing plant components and equipment for nuclear power plants; design of commercial and industrial facilities associated with water treatment and power plants; engineering of coastal protection and offshore structures **International Classes** 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services **First Use** Mar. 17, 2015 **In Commerce** Mar. 17, 2015

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the wording "FAMILY" in stylized font with a leaf over the "I" and the wording "ME" inside a tear-drop shaped leaf. **Color Claimed** Color is not claimed as a feature of the mark. **Disclaimer** "FAMILY"

GOODS AND SERVICES INFORMATION

For Providing computer, electronic and on-line databases in the fields of cultural commentary, social entertainment events and education, all relating to genealogical information for networks of family members

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment **First Use** Feb. 2014 **In Commerce** Feb. 10, 2015

For Electronic databases in the field of genealogical data, family history data, census data, birth, marriage and death records, photographs and graphical representations of family trees recorded on computer media; computer software for creating, managing, recording, searching, indexing, filtering and retrieval of genealogical historical data, family history data, census data, birth, marriage and death records, as well as military records, yearbooks and academic records, immigration data, and creating and reviewing new reports in the aforesaid fields; computer software for creating, managing, recording, searching, indexing, filtering and retrieval of sound and image files; computer software for use in creating, displaying, sharing and storing multimedia presentation files that include photographs and sound; computer software for graphically depicting genealogical historical data and family history data; computer software to enable searching of data and for connection to databases and the Internet; computer software that allows interaction between Internet sites; computer software for production of genealogical tables and charts; downloadable reports, tables and charts relating to genealogical historical data, family history data, census data, birth, marriage and death records

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus **First Use** Feb. 2014 **In Commerce** Aug. 28, 2014

For Genealogical services, namely, genealogy research provided via a network of linked computers; providing computer, electronic and on-line databases in the field of genealogical research, namely, provision of genealogical information to and within a network of family members; genealogical services, namely, genealogy research, provided via a network linked computer

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services **First Use** Feb. 2014 **In Commerce** Feb. 10, 2015

For Providing access to computer, electronic and online databases; providing access to computer databases in the fields of social networking and introduction, genealogical historical data, family history data, census data, birth, marriage and death records, as well military records, yearbooks and academic records, immigration data, and new reports; providing on-line forums for transmission of messages among computer users; providing peer-to-peer photo sharing services, namely, electronic transmission of digital photo files among internet users; communication services, namely, electronic transmission of data in the field of genealogical information to and within a network of family members

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication **First Use** Feb. 2014 **In Commerce** Feb. 10, 2015

For Application service provider services featuring software for use in creating, displaying, sharing and storing presentations in the field of genealogy and family history; providing temporary use of non-downloadable computer software for use in creating, displaying, sharing and storing presentations in the field of genealogy and family history; providing temporary use of non-downloadable computer software that enables family groups to create and maintain databases for the purpose of sharing information regarding family members; computer services, namely, hosting and maintaining an online website for others to access photos and updates

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services **First Use** Feb. 2014 **In Commerce** Aug. 28, 2014
