MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the wording "NEL" in a black stylized font, followed by a small violet circle. **Color Drawing** Yes **Color Claimed** The color(s) black and violet is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1368672 **International Registration Date** Jul. 26, 2017

GOODS AND SERVICES INFORMATION

For Fuel pumps and dispensers in the nature of fuel pumps for liquid gas and for gas in gaseous form for land vehicles; electrolysis installations, namely, pumps and machines for hydrogen fueling; fuel dispensing pumps for service stations; Compressed air pumps; pumps as parts of machines, engines or motors; pumps for machines; self-regulating fuel pumps for land vehicle engines and service stations

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Business management relating to petrol stations and filling installations; retail store services featuring gas and fuel for motor vehicles and for fuel cell vehicles; wholesale store services featuring gas and fuel for motor vehicles and for fuel cell vehicles

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Construction and maintenance of petrol stations and filling installations; vehicle service stations; filling services for motor vehicles and fuel cell vehicles, namely, vehicle service stations and fueling stations for fuel cell vehicles

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Transport and storage of liquefied and solid gases and gases in gaseous form, supply of liquefied and solid gases and gases in gaseous form; storage of gas and fuel for motor vehicles and fuel cell vehicles; gas supplying

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Fuel for motor vehicles and for fuel cell vehicles, namely, gaseous fuels; fuel gas; fuels in liquid or gas form, gas mixtures for combustion engines and for fuel cells, namely, gaseous fuels

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Engineering design services, namely, development of hydrogen infrastructures, hydrogen refilling installations and electrolysis installations

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Apparatus for heating, refrigerating, drying, ventilating and water supply purposes in homes and offices, and refrigerated spaces, namely, drying apparatus for use heating, ventilation systems, air conditioning systems and refrigeration systems; automatic temperature regulators for central heating radiators; temperature sensing apparatus, namely, thermostatic valves for central heating radiators; temperature limiters for central heating radiators, namely, thermostatic valves incorporating expansion rods; temperature responsive control apparatus, namely, thermostatic valves for central heating radiators; temperature sensitive switches, namely thermostatic valves for central heating radiators; temperature limiters for central heating radiators, namely thermostatic valves incorporating bimetallic discs; temperature controlling apparatus, namely, for home and office central heating radiators; temperature control valves as parts of central heating radiators; temperature regulators, namely, thermostatic valves for central heating radiators; temperature regulators, namely, thermostatic valves, in particular room temperature regulators for surface heating, surface cooling, wall heating, wall cooling, ceiling heating, ceiling cooling, underfloor pipe cooling, underfloor pipe heating; apparatus for controlling temperature in central heating radiators, namely, valves as part of radiators; automatic temperature regulators for central heating radiators; thermostatic valves for central heating radiators; thermostatic valves, in particular thermostatic valves for room thermostats for surface heating, surface cooling, wall heating, wall cooling, ceiling heating, ceiling cooling, underfloor pipe cooling, underfloor pipe heating; automatic temperature regulators, in particular room temperature regulators for surface heating, surface cooling, wall heating, wall cooling, ceiling heating, ceiling cooling, underfloor pipe cooling, underfloor pipe heating; temperature monitors for central heating radiators, namely, valves as part of radiators; heat regulating apparatus, namely, regulators for central heating radiators

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Measuring, signalling, checking apparatus and instruments, namely, flatness and hardness gauges, reflectivity gauges, namely, apertometers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, conductors, switches, transformers, accumulators, regulators and controllers; electricity indicators, namely, electronic indicator boards; temperature indicators; apparatus and instruments for switching electricity, namely, circuit breakers, load levelers, namely, electric switches; apparatus and instruments for conducting electricity, namely, electrical conductors; apparatus and instruments for transforming electricity, namely, electric transformers; apparatus and instruments for accumulating electricity, namely, electric accumulators; apparatus and instruments for regulating or controlling electric current; automatic control apparatus, namely, overload protection controllers, overload switches, downtime cycling controllers, and resettable fire safety valves; flowmeters; liquid flow control devices, namely, pumps, valves, flowmeters and regulators for laboratories for controlling and regulating the flow of liquids, not being parts of plumbing, heating, cooling installations or machines; flow measuring apparatus, namely, venturi instruments, electronic valves for controlling fluids and viscosity meters; electric regulating modules for plastic processing equipment, namely, operation of light emitting diodes; electronic regulators namely, voltage regulators for electric power; electronic process controlling apparatus; temperature controllers for processing equipment; measuring, sensing and monitoring instruments, devices and regulators for processing equipment, namely, monitoring and detecting contamination; room thermostats; controllers for processing equipment such as viscocity controllers, namely, brake controllers; temperature indicators; temperature monitoring apparatus, namely, thermostats for vehicles; temperature measuring apparatus for industrial purposes, namely, infrared measurement devices such as hand-held devices, namely, thermos-hygrometers, and for household purposes, namely, candy thermometers; temperature control apparatus [thermostats]; thermal controls, namely, thermostats, in particular room thermostats for surface heating, surface cooling, wall heating, wall cooling, ceiling heating, ceiling cooling, underfloor pipe cooling, underfloor pipe heating; thermostat controllers for solar or heat pump operation; thermal sensors, namely, thermostats; heat switches, namely, thermostats; computer software adapted for use in the operation of computers for controlling industrial processes; computer application software for designing furniture, namely, database management; computer application software for cloud computing services; computer application software for social networking services via internet; electronic databases recorded on computer media in the field of smart homes and office buildings; computer games programs recorded on tapes; electronic publications, namely, books recorded on tape in the field of do it yourself projects; downloadable computer software for instruction in green living solutions; computer operating system software; network access server operating software; computer communication software to allow customers to access bank account information and transact bank business; computer programs for connecting remotely to computers or computer networks; computer programmes for image processing; computer programs for project management; computer software for administration of local area networks; computer software designed to estimate costs in the field of heat pump and solar installations; computer software designed to estimate resource requirements in the field of heat pump and solar installations; computer programmes for data processing; computer software for use in remote meter monitoring; computer software for processing market information; computer software for communication between computers over a local network; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software for database management; computer software for document management; computer software in the field of electronic publishing; computer software for creating searchable databases of

information and data; computer software to enable retrieval of data; computer software to enable the searching of data; computer software to automate data warehousing; computer software for analysing market information; computer software for audibly controlling a computer and the operation thereof; downloadable computer software for remote monitoring and analysis of industrial processes; downloadable computer utility programs; industrial software for process control; factory automation software for plastics manufacturing and processing; process controlling software for use in making and processing plastic parts, including automotive parts; computer-aided manufacturing software; training software for use in metal and plastic window and door construction; software for processing images, graphics and text; predictive maintenance software; software to control building environmental, access and security systems; computer software to enhance the audio-visual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images and moving pictures; workflow software for managing the fabrication of window frames and doors; computer software to maintain and operate computer system

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Updating and maintenance of computer software and programs; consultancy in the field of computer security; information technology [IT] consultancy; advice and consultancy in relation to computer networking applications; advisory services relating to computer systems analysis; consultancy and information services relating to information technology architecture and infrastructure; consultancy and information services relating to software maintenance; consultancy and information services relating to information technology; consulting in the field of cloud computing networks and applications; consultancy relating to the design of home pages and Internet sites; consultancy relating to the creation and design of websites for e-commerce; consultancy relating to the creation and design of websites; providing temporary use of online non-downloadable software to enable sharing of multimedia content and comments among users; providing temporary use of on-line nondownloadable software for inventory management; providing temporary use of online non-downloadable software applications accessible via a web site for time management, sharing web documents; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; providing temporary use of web-based software applications for use in database management, for use as a spreadsheet, for word processing; providing or rental of electronic memory space on the Internet and providing electronic memory space on the Internet, namely hosting of digital content on the Internet; provision of security services for computer networks, computer access and computerised transactions, namely, restricting unauthorized access to hard drives, computer networks, websites; providing virtual computer systems through cloud computing; computer firewall services, namely, providing temporary use of online non- downloadable computer software for the creation of firewalls; consultancy and advice on computer software and design and development of computer hardware; electronic data back-up services; design of homepages and websites; data encryption and decoding services; digitization of documents; electronic digitalization of sound and images; electronic storage services for archiving databases, images and other electronic data; development, updating and maintenance of software and database systems; design and updating of home pages and web pages; design and creation of homepages and Internet sites; design and construction of homepages and websites; intranet design, development and maintenance for others; design, creation, hosting and maintenance of websites for others; providing of temporary use of non-downloadable online software for the transmission of information; providing temporary use of online non-downloadable software for the transmission of data; creating and updating of home pages for computer networks; building and maintaining websites; web site design and creation services; designing and

developing webpages on the Internet; hosting an online website for creating and hosting micro websites for businesses; hosting a website for the electronic storage of digital photographs and videos; hosting of digital content on the internet namely, computerized data, and files; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; data conversion of electronic information; conversion of images from physical to electronic media; platform as a service [PaaS] featuring computer software platforms for use in database management, for use as a spreadsheet, for word processing; cross-platform conversion of digital content into other forms of digital content; server hosting; software as a service [SaaS] services featuring software for use in database management, for use as a spreadsheet, for word processing; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access or data breach; monitoring technological functions of computer network systems; website development services for others; recovery of computer data; hosting electronic memory space on the Internet for advertising goods and services; providing temporary use of online nondownloadable computer software for preparing shipping documents over computer networks, intranets and the Internet

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal building material, namely, floor or roof trusses and girders, soffits; materials of metal for railway tracks; manually operated radiator valves of metal other than thermostatic; metal heating ducts, metal drain pipes and tubes and accessories therefor and metal valves, not being parts of machines; metal pipes and tubes and industrial metal hoses, and fittings therefor and valves of metal; couplings of metal for tubing; pipe fittings of metal; metal valves not being parts of machines for controlling the flow of fluids in pipelines; junctions of metal for pipes; pipe support sleeves of metal; collars of metal for fastening pipes; structural joint connectors of metal for pipes; fittings of metal for pipes; pipe extensions of metal; extruded aluminium sections; water- pipe valves of metal

RELATED PROPERTIES INFORMATION

International Registration 1404089 **International Registration Date** Nov. 16, 2017

GOODS AND SERVICES INFORMATION

For Computers; computer mice; computer cabling; computer chips; electronic components for computers; computer servers; computer memory modules; computer printers for printing documents; computer hardware; computer sub-assemblies consisting primarily of printed circuit boards, transistors, capacitors, resistors and electrical connectors; computer screens; computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; computer mainframes, namely racks, motherboards, computer chassis, graphic cards, central processing units, memory expansion modules, memory cards, hard disk drives, power supplies and system internal cooling fans and fanless cooling systems consisting primarily of metal heat sinks or water cooling parts for computers, electrical connectors, electrical cables; computer card adapter; input devices for computers; RAM, being random access memory, cards; computer operating systems; blank recordable optical and digital sound recording discs; electronic LCD display unit with multi-networking (TCP/IP) capabilities; computer programming units, namely, semiconductor devices, semiconductor chips, semiconductors, microprocessors, microprocessor modules; microprocessor subsystems comprised of one or more microprocessors, central processing units (CPUs) and CPU cores; computer application software for mobile phones, namely, software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; interfaces for computers; electronic display interfaces; computer interface boards; electronic game software; computers and computer hardware; computer game cartridges; computer telephony software; tablet computers; wearable computers in the nature of smartwatches, smartglasses and smartwatches; handheld computers; laptop computers; notebook computers; tablet computers;

telecommunications apparatus and instruments, namely, telephones, mobile telephones, smartphones, wireless communication devices for the transmission of voice, data, images, audio, video, and multimedia content; computer peripherals adapted for use with computers; microcomputers; motherboards; computer firmware for operating motherboards; computer operating software for motherboards; BIOS (basic input output system) computer programs; notebook computers; computer touchscreens; computer chipsets; portable computers; computer housings; computer whiteboards; wireless computer mice; mouse being a computer peripheral; interactive computer systems, consisting primarily of motherboards, computer chassis, central processing units, memory expansion modules, memory cards, graphic cards, hard disk drives, power supplies and system internal cooling fans and fanless cooling systems for computers; blank computer discs; computer monitors; multifunction keyboards; interactive computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; communications servers being computer hardware; microchips being computer hardware; computer programs for video and computer games; computer operating programs, recorded; wearable computer peripherals in the nature of wireless mice, microphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems, earphones, wireless keyboards; downloadable computer utility software; interactive multimedia computer game programs; downloadable computer game programs; recorded computer game programs; audio speakers for computers; computer graphics boards; computer programs for connecting remotely to computers or computer networks; computer operating programs; work stations, being computer hardware, consisting of motherboards, computer chassis, central processing units, memory expansion modules, memory cards, graphic cards, hard disk drives, power supplies and system internal cooling fans; electrical connectors, electrical cables; computer memory hardware; computer keyboard controllers; computer memory devices; computer circuit boards; computer central processing units

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Rental of software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; rental of computer hardware; computer rental; consultancy in the field of computer security; computer hardware design services; computer software design services, namely, design of computer software for software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; recovery of computer data; computer software programming services, namely, programming of computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; advisory services relating to computer programming; computer engineering consultancy services; computer software consultancy for software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; computer software, programming and technology consultancy and advisory services in the field of software for setting up, configuring, operating

and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; computer system monitoring services for detecting unauthorized access or data breach; computer research services, namely, providing research for others in the fields of computer consultation, design, testing, research and advisory services; research and development of computer hardware; research and development of computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; maintenance and repair of computer software applications for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; updating of computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; computer programming services; providing information concerning computers and computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems over computer networks and global communication networks; computer services, namely, hosting web sites and providing web site operation and management services in the nature of web publishing in the nature of creating a website and uploading it onto an Internet server for others; computer services, namely, providing search engines for obtaining data on computer networks and global communication networks; leasing of computers, computer peripherals and computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; development of computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; updating of computer programs for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; computer programming of computer games; software design and development for software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; installation and maintenance of computer programs for software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; computer firewall services, namely, design and installation of computer software and hardware in the creation of firewalls; design and development of on-line computer software systems for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; online computer software programming and technology consultancy and advisory

services, in the field of software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; cloud computing featuring software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; integration of computer systems and networks; development of computer hardware for computer games; rental of computer hardware and computer peripherals; design services relating to computer hardware; computer programming and maintenance of computer programs in the field of software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems; information technology consultancy services; development of computers and computer hardware; technology research relating to computers; computer hardware development; writing of computer software for setting up, configuring, operating and controlling computers, computer peripherals, mobile devices, mobile telephones, smartwatches, wearable devices, earphones, headphones, set top boxes, audio and video players and recorders, home theatre systems, and audio and video entertainment systems

GOODS AND SERVICES INFORMATION

For Dispensing machines, namely, machines for dispensing medicine packages, tablets and pills; dispensing machines other than vending machines, namely, machines for dispensing medicine packages and machines for dispensing tablets and pills; hoists; machines for the handling of materials, namely, machines for conveying, sorting and labeling medicine packages, tablets and pills; robotic handling apparatus, namely, industrial robots for handling medicine packages, tablets and pills; vending machines; machines for the handling of materials, namely, machines for handling medicine packages, tablets and pills; assembly nests for conveying goods, namely, machine parts for conveying medicine packages, tablets and pills and machine parts for securing goods during conveying of goods; lifting attachments incorporating mechanisms for the handling of goods, namely, hydraulic, pneumatic and electric lifting conveyors; sorting machines, other than for money, namely, medicine package, tablet and pill sorting machines; optical sorting machines, namely, medicine package, tablet and pill sorting machines; packing machines; packaging apparatus in the nature of machines; packing installations being packing machines; labelers, namely, automatic industrial labeling machines; electronic machines for printing labels for commercial use; label dispensing machines, other than for office use; pneumatic controls for machines; pneumatic system control instruments for machines; hydraulic controls for machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Provision of training courses; providing computer assisted courses of instruction; provision of training courses; training in the field of electronics; services for the provision of training in the use of computers; provision of training services for industry; all the aforesaid services in the field of control software, sensor system software, image recognition software, article management software and warehouse management software and control and sensor system hardware for storage systems,

automatic vending machines, packaging and wrapping machines and apparatus, loading and unloading machines and apparatus, packaging and wrapping machines and equipment, automated machines, commissioning systems, automated goods storage machines, sorting machines, dispensing machines, vending machines, goods lifts, goods conveying machines, robotic goods wrapping machines, automatic vending and dispensing machines, goods wrapping machines, goods conveying devices, elevating apparatus with mechanisms for transporting goods, goods conveying machines, sorting machines, packaging machines, packaging installations and labeling machines; training services relating to the use of computer aided engineering systems

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Computerized stock services in the nature of computerized stock management; electronic stock management services being electronic inventory management; data-based stock management services in the nature of inventory management and storage management being shelf arrangement for product merchandising purposes

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Assembly as a part of installation of dispensing machines; assembling in the nature of installation of storage systems; installation, maintenance and repair of computer hardware, namely, of control and sensor system hardware for storage systems, automatic vending machines, packaging and wrapping machines and apparatus, loading and unloading machines and apparatus, packaging and wrapping machines and equipment, automated machines, commissioning systems, automated goods storage machines, sorting machines, dispensing machines, vending machines, goods lifts, goods conveying machines, robotic goods wrapping machines, automatic vending and dispensing machines, goods wrapping machines, goods conveying devices, elevating apparatus with mechanisms for transporting goods, goods conveying machines, sorting machines, packaging machines, packaging installations and labeling machines; providing information relating to the repair or maintenance of vending machines; providing information relating to the repair or maintenance of packing or wrapping machines and apparatus; machinery installation, maintenance and repair; installation, maintenance and repair of computer hardware, namely, of control and sensor system hardware for storage systems, automatic vending machines, packaging and wrapping machines and apparatus, loading and unloading machines and apparatus, packaging and wrapping machines and equipment, automated machines, commissioning systems, automated goods storage machines, sorting machines, dispensing machines, vending machines, goods lifts, goods conveying machines, robotic goods wrapping machines, automatic vending and dispensing machines, goods wrapping machines, goods conveying devices, elevating apparatus with mechanisms for transporting goods, goods conveying machines, sorting machines, packaging machines, packaging installations and labeling machines; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of vending machines; repair or maintenance of electronic machines and apparatus; maintenance and repair of electronic apparatus; maintenance and repair of electronic installations; repair or maintenance of packing or wrapping machines and apparatus; maintenance of automata; maintenance of industrial machinery; repair of electronic apparatus; repair of electronic apparatus; maintenance of electronic apparatus; installation, maintenance and repair of commissioning systems being machines for dispensing medicine packages, tablets and pills; installation, maintenance and repair of automated goods storage machines; installation, maintenance and repair sorting machines; installation, maintenance and repair of dispensing machines; installation, maintenance and repair of vending machines; installation, maintenance and repair of goods lifts; installation, maintenance and repair of goods conveying

machines in the nature of dispensing machines; installation, maintenance and repair of robot-controlled goods wrapping machines; installation, maintenance and repair of automatic distribution and vending machines; installation, maintenance and repair of goods wrapping machines; installation, maintenance and repair of devices for conveying goods in the nature of dispensing machines; installation, maintenance and repair of elevating apparatus having mechanisms for transporting goods; installation, maintenance and repair of machines for conveying goods; installation, maintenance and repair sorting machines; installation, maintenance and repair of machines for packaging; installation, maintenance and repair of packaging installations; installation, maintenance and repair of labeling machines

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electronic locks; electric locks with alarms; electronic lock assemblies; remote control apparatus for opening and closing doors; electronic door locks; regulators in the nature of controllers for machines for dispensing medicine packages, tablets and pills; electric and electronic structural components for electronic controls for machines for dispensing medicine packages, tablets and pills; electronic sensors, namely, optical sensors and electronic proximity sensors; electric control apparatus machines for dispensing medicine packages, tablets and pills; electronic controllers machines for dispensing medicine packages, tablets and pills; electronic control systems; electronic control systems for machines; software, namely, control software machines for dispensing medicine packages, tablets and pills, sensor system software, image recognition software, article management software and warehouse management software; industrial automation controls incorporating software; electrical controllers; programmable electronic controllers for machines for dispensing medicine packages, tablets and pills; automatic control apparatus, namely, electronic control systems for machines, industrial automation controls; control installations in the nature of programmable electronic controllers for machines for dispensing medicine packages, tablets and pills; electrical control circuits; electric control apparatus machines for dispensing medicine packages, tablets and pills; industrial process control software; programmable logic controllers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Shop interior design; shop interior design services; planning in the nature of interior design of shops; building design services; design of storage systems; programming of software for inventory management; providing temporary use of on-line non-downloadable software for inventory management; software development, namely, for control software for operating dispensing machines, sensor system software, image recognition software, article management software and warehouse management software; development, programming and implementation of software, namely, of control software for operating dispensing machines, sensor system software, image recognition software, article management software and warehouse management software; design and development of computer software for supply chain management; design and development of software for inventory management; repair in the nature of maintenance and updating of software, namely, of control software for operating dispensing machines, sensor system software, image recognition software, article management software and warehouse management software; software engineering, namely, for control software for operating dispensing machines, sensor system software, image recognition software, article management software and warehouse management software; maintenance and updating of software, namely, of control software for operating dispensing machines, sensor system software, image recognition software, article management software and warehouse management software; programming of electronic control systems

For Film heaters being heating elements for further use in electronic devices; lighting apparatus being lighting installations, and lighting installations, and structural parts and fittings for the same; electric luminaires; lighting panels, namely, OLED lighting panel devices, LED light fixture panels and LED light fixture panel arrays

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Chemicals for use in the electrical industry excluding chemicals used for activated and absorbing carbons; Chemical preparations having conductive properties to be used in electronic devices; unprocessed plastics in all forms, namely, electrically conductive plastics as raw materials for purposes to be used in electronic devices; none of the foregoing to be used in the environmental industry

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Touchscreens and associated downloadable computer software to operate touchscreens; optical lenses; optical glasses; chemical sensors being sensors for measuring concentrations of chemicals in aqueous solutions, not for medical use; control boards and panels, namely, touch sensors and switches being pressure sensors as structural parts of electric control panels; electrical and electronic components, namely, electrical contactors, electrical switches, capacitors, connectors, touch sensors being pressure sensors, resistive heaters electronic controls, filters; touch sensitive electronic screens; touch screens and panels; display screens and panels, namely, flat panel display screens and OLED display panels, LCD monitors and LED displays; wearable computers, namely, smart watches and smart glasses; wearable telecommunication equipment, namely, smart watches and smart glasses; touchscreen monitors, flat panel display screens and OLED display panels, LCD monitors and LED displays; displays for vehicles, namely, electronic display interfaces, LCD monitors and OLED display panels, LCD large-screen displays and LED displays; touchscreen sensors; projected capacitive touchscreen sensors

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

International Registration 1424453 **International Registration Date** Nov. 27, 2017

GOODS AND SERVICES INFORMATION

For providing of training and further education in the nature of face-to-face and teleteaching workshops and courses in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; organization, arranging and conducting of training courses, seminars, workshops, symposiums, congresses and educational conferences in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology ; conducting of educational courses relating to computer science, computer programming, edge and fog computing, network management technology and communications technology, research and development; Providing electronic publications, not downloadable, in the nature of papers, reports, white papers and teaching and workshop materials in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; publication of texts, other than publicity texts; Electronic text publishing services for non-publicity purposes; Provision of instruction relating to computer programming; conducting of educational courses relating to computer software; Training in the operation of software systems; Training in the development of software systems; Training in the design of software systems; Training services concerned with the use of computer software; Education services in the nature of face-to-face and teleteaching workshops and courses in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology relating to the application of computer software; training services in the field of computer software development

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Business consultancy services relating to manufacturing; Business advisory services relating to product manufacturing; Business management advice relating to manufacturing business; providing consumer product information relating to software

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Scientific research and laboratory apparatus, educational apparatus and simulators, namely apparatus featuring computer software for edge and fog computing for automation and data exchange in industrial environments; Prerecorded CDROMs, DVDs, digital recording media and optical data media featuring computer software for edge and fog computing for automation and data exchange in industrial environments; computer memory devices, and USB flash drives featuring computer software for edge and fog computing for automation and data exchange in industrial environments; computer apparatus, namely computer apparatus for edge and fog computing for automation and data exchange in industrial environments; data processing apparatus; computer peripheral devices; data processing equipment; Computer hardware; Computer hardware modules for use in electronic devices using the Internet of Things [IoT]; computer software for edge and fog computing for automation and data exchange in industrial environments; computer programs, recorded, for edge and fog computing for automation and data exchange in industrial environments; downloadable computer software programs for edge and fog computing for automation and data exchange in industrial environments; electronic publications, downloadable, in the nature of scientific and technical papers, reports and white papers in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; computer software applications, downloadable for edge and fog computing for automation and data exchange in industrial environments; Mobile apps, namely, software applications for mobile devices for edge and fog computing for automation and data exchange in industrial environments; Industrial controls for edge and fog computing for automation and data exchange in industrial environments incorporating operating software; Computer operating programs; Process controlling software for edge and fog computing for automation and data exchange in industrial environments; Industrial software for edge and fog computing for automation and data exchange in industrial environments; Manufacturing software for edge and fog computing for automation and data exchange in industrial environments; Factory automation software for edge and fog computing for automation and data exchange in industrial environments; Predictive maintenance software for edge and fog computing for automation and data exchange in industrial environments; Software development kit; Computer software for encryption; Compiler software; Science software for edge and fog computing for automation and data exchange in industrial environments; Sensory software for edge and fog computing for automation and data exchange in industrial environments; Simulation software for edge and fog computing for automation and data exchange in industrial environments; security software for edge and fog computing for automation and data exchange in industrial environments; virtual reality software for edge and fog computing for automation and data exchange in industrial environments; image recognition software; speech recognition software; downloadable cloud-computing software for edge and fog computing for automation and data exchange in industrial environments; interfaces for computers; Telecommunications software for edge and fog computing for automation and data exchange in industrial environments; computer application software for cellular phones for edge and fog computing for automation and data exchange in industrial environments; Application software for wireless devices for edge and fog computing for automation and data exchange in industrial environments; testing apparatus not for medical purposes, namely testing apparatus for edge and fog computing for automation

and data exchange in industrial environments; diagnostic apparatus, not for medical purposes, for the diagnosis of edge and fog computing for automation and data exchange in industrial environments; observation instruments, namely observation instruments for edge and fog computing for automation and data exchange in industrial environments; magnetic encoders; chips, namely integrated circuits; integrated circuits; microprocessors; printed circuit boards; printed circuits; sensors for measuring environmental conditions and/or industrial parameters for edge and fog computing for automation and data exchange in industrial environments, other than for medical use; detectors for detecting environmental conditions and/or industrial parameters for edge and fog computing for automation and data exchange in industrial environments; electric installations, namely universal and/or dedicated remote controls for the remote control of industrial operations supported by edge and fog computing for automation and data exchange in industrial environments; regulating apparatus, electric, namely regulating apparatus for industrial operations supported by edge and fog computing for automation and data exchange in industrial environments; measuring devices, electric, for measuring environmental conditions and/or industrial parameters for edge and fog computing for automation and data exchange in industrial environments; measuring apparatus for measuring environmental conditions and/or industrial parameters for edge and fog computing for automation and data exchange in industrial environments; measuring instruments for measuring environmental conditions and/or industrial parameters for edge and fog computing for automation and data exchange in industrial environments; comparators; electric apparatus for commutation; monitoring apparatus, electric, for monitoring environmental conditions and/or industrial parameters for edge and fog computing for automation and data exchange in industrial environments; telerupters; remote control apparatus for the remote control of industrial operations supported by edge and fog computing for automation and data exchange in industrial environments; commutators; switches, electric; telecommunication transmitters; transmitters of electronic signals; Receivers of electronic signals; telecommunications devices, namely telecommunication devices related to edge and fog computing for automation and data exchange in industrial environments; devices for the collection of data, namely devices collecting data in the context of edge and fog computing for automation and data exchange in industrial environments; Data storage devices, namely data storage devices in the context of edge and fog computing for automation and data exchange in industrial environments; Apparatus for the transmission of data; apparatus for the output of data, namely, apparatus for the transmission of data; apparatus for recording, transmission or reproduction of sound or images; Network controlling apparatus, namely network controlling apparatus in the context of edge and fog computing for automation and data exchange in industrial environments; Computer Network hubs; Network management control apparatus, namely network management control apparatus in the context of edge and fog computing for automation and data exchange in industrial environments; Instruction manuals in electronic format in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; Downloadable electronic reports in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; Downloadable electronic brochures in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; downloadable educational course materials in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunications and communications services, namely electronic transmission of messages; Telecommunication gateway services; Electronic transmission of data; electronic transmission of messages; electronic transmission of images; telephone services; Providing access to portals on the Internet; Providing access to platforms on the Internet; Providing access to information on the Internet; Worldwide computer network access services; providing access to computer programs on data networks; Providing telecommunications connections to a global computer network; providing access to databases; Provision and rental of telecommunications facilities and equipment

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Scientific and technological services and research and design relating thereto, namely design of software and hardware, analysis of software and hardware and testing of software and hardware in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; scientific and industrial research in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; scientific consultancy; technological consultancy, namely, computer technology consultancy; Scientific testing services relating to computer science, computer programming, edge and fog computing, network management technology and communications technology ; research and development of new products for others; Computer aided industrial analysis services relating to computer science, computer programming, edge and fog computing, network management technology and communications technology; providing information about industrial analysis and research services in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; development of measuring and testing methods in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; Technological measurement services and analysis services in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; scientific laboratory services; technical measuring and testing laboratory services in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; quality control for others; Preparation of technological reports in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; Provision of scientific surveys relating to computer science, computer programming, edge and fog computing, network management technology and communications technology; Conducting technical project studies in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; Conducting scientific project studies in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; Technical research in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; research in the field of communications technology; Computer software research; Engineering services; programming of data processing programs; IT programming services, namely, computer software programming; Design and development of computer hardware; Design and development of computer software; installation of computer software; Updating of computer software; maintenance of computer software; Software design for others; computer system design; computer programming; Software development, programming and implementation; development and testing of computing methods, algorithms and software; computer technology consultancy; information technology [IT] consultancy; telecommunications technology consultancy; consultancy in the design and development of computer hardware; computer software consultancy; providing information on computer technology and programming via a web site; providing information

about the design and development of computer software, systems and networks; cloud computing, featuring software for edge and fog computing for automation and data exchange in industrial environments; computer system analysis; monitoring of computer systems by remote access to ensure proper functioning; diagnosis of computer hardware problems through the use of software; Troubleshooting of computer hardware and software problems; hosting computer sites and web sites for others; outsource service providers in the field of information technology; software as a service [SAAS] featuring software for edge and fog computing for automation and data exchange in industrial environments; Rental of computer software; Rental of computer hardware; Rental services relating to data processing equipment and computers; Technological services relating to manufacture, namely, software programming and hardware development services relating to manufacturing in the field of computer science, computer programming, edge and fog computing, network management technology and communications technology; Computer aided new product design for manufacturing operations; IT consultancy, advisory and information services; Cloud hosting provider services, in particular hosting memory space on the Internet and hosting computer software applications for others; IT security services in the nature of protection and recovery of computer data

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a stylized letter "U" in red that features a bow-like design at the bottom of the "U" and outlining created by negative space, with the outlining creating sections of curved bands, a triangle, and quadrilaterals. The color white represents the background and/or transparent areas and is not claimed as a feature of the mark. **Color Drawing** Yes **Color Claimed** The color(s) red is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1424628 **International Registration Date** Jan. 15, 2018

GOODS AND SERVICES INFORMATION

For esthetic massage apparatus for commercial use, and their parts and fittings; medical apparatus and instruments, namely, catheter core wires, needles for medical purposes, injection needles for medical purposes, medical stents, component parts for thermometers for medical purposes and component parts for sphygmotensiometers; electric massage apparatus for household purposes, and their parts and fittings

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For loading-unloading machines and apparatus, and their parts and fittings; etching apparatus for use in semiconductor manufacturing machines and systems, and their parts; semiconductor manufacturing machines and systems, and their parts and fittings; non-electric prime movers, not for land vehicles, and parts for non-electric prime movers; 3D printers, and their parts and fittings

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For photographic machines and apparatus, and their component parts and structural fittings in the nature of cameras and their component parts and structural fittings; cinematographic machines and apparatus in the nature of cameras and their component parts and structural fittings; optical machines and apparatus in the nature of photographic projectors and their parts and fittings, namely, aperture plates; measuring or testing machines and instruments, namely, probes for testing semiconductors and electric

contactors and their structural parts and fittings; power distribution or control machines and apparatus, namely, electrical terminals, spring terminals and electrodes and their component parts and fittings; solar batteries, and their component parts and structural fittings; electric or magnetic meters and testers in the nature of electrotechnical vibration meters, pH meters and electricity meters and their component parts and structural fittings; telecommunication machines and apparatus in the nature of cell phones and their parts and fittings, namely, components in the nature of springs for camera modules of mobile phones; electronic machines in the nature of cameras and smartphones, and their component parts and fittings, namely, springs for camera modules of electric agenda

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Semiconductors etching; integrated circuits etching; custom manufacturing, assembling and processing services in the nature of custom manufacturing relating to semi-conductor parts and integrated circuits; precision metal parts treating; electroplating, assembling and precision processing in the nature of custom manufacturing in the field of metal products or metal parts, namely metallic spacers; heat treating of metals; metal plating; heat treatment of metals for bending; custom manufacturing services, namely, washing services for metal parts as part of the metal manufacturing process; electrochemical surface treating of metals; application of coatings using chemical process, namely, anodizing treatment, gold plating, silver plating, tin plating, chromium plating and plasma coating; application of coatings using mechanical process, namely, gold plating, silver plating, tin plating, chromium plating and plasma coating; application of coatings using thermal process, namely, gold plating, silver plating, tin plating, chromium plating and plasma coating; application of coatings using thermomechanical process, namely, gold plating, silver plating, tin plating, chromium plating and plasma coating; metal treating; processing of rubber; processing of plastics; ceramic processing; custom assembling of electronic components and precision treatment of electronic components being the manufacturing of electronic components; treating and assembling of electric or electronic components; custom manufacturing of telecommunication apparatus and their parts; assembling of electronic components for communication apparatus and processing of electronic components for communication apparatus being the custom manufacturing of electronic components for communication apparatus; custom manufacturing of parts for electronic machines and apparatus and their parts, namely, manufacturing of component parts for washing machines; custom assembling of electronic parts for medical apparatus and processing of electronic parts for medical apparatus being the custom manufacture of electronic parts for medical apparatus

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

GOODS AND SERVICES INFORMATION

For Household utensils, namely, chopping boards for kitchen use, dishers, serving spoons, slotted spoons, serving ladles, turners, graters, sieves, colanders, dishes, tenderizers, trivets, scrapers, spatulas, kitchen tongs, hand-operated whisks, rolling pins, garlic presses, non-electric pizza slicers and ice-cream scoops; dustbins; dusting apparatus, namely, dusting brushes and dusting cloths, non-electric; hot pots, not electrically heated; electric combs; bottle openers, electric and non-electric; non-electric deep fryers; fruit presses, non-electric, for household purposes; non-electric griddles being cooking utensils; garlic presses being kitchen utensils; blenders, non-electric, for household purposes; kitchen grinders, non-electric; salt and pepper mills for domestic purposes, hand-operated; noodle machines, hand-operated; hand-operated cleaning implements, namely, brooms and mops; beaters in the nature of food mixers, non-electric; stirring spoons for kitchen use being cooking utensils; cocktail stirrers; scrapers being kitchen implements; household utensils, namely, serving scoops being tableware; household utensils, namely, sieves; household utensils, namely, sifters; waffle irons, non-electric; boxes for sweetmeats; butter dishes; bread baskets, domestic; brushes, namely, hair brushes and toothbrushes, except paint brushes; china ornaments; buckets; cruets; flasks; bottles sold empty; figurines and statuettes of porcelain, earthenware or glass; glass bowls; painted glassware, namely, shot glasses, beer glasses and glass plates; vegetable dishes; spice sets, namely, spice racks; drinking glasses in the nature of receptacles; household or kitchen containers, namely, containers for household use, food storage containers and garbage containers; napkin holders; insulating flasks; cheese-dish covers; cookie jars; ceramics for household purposes, namely, vases and bowls; pitchers; decanters; baskets for domestic use; cake molds; works of art, of porcelain, terra-cotta or glass; cooking pot sets; ice cube, cookery and pastry molds for kitchen use; knife rests for the table; mixers in the nature of cocktail shakers, manual; cups, namely, fruit cups; fitted picnic baskets, including dishes; pepper pots; slabs, namely, chopping boards for kitchen use; porcelain and earthenware, namely, flowerpots and wall plaques; lunch boxes; menu card holders; dishware; salad bowls; salt shakers; soap dispensers; basins in the nature of bowls, soup bowls; lazy susans; tea caddies; meal

trays; pots; toilet paper dispensers and napkin holders; saucers; vases; candle holders; wall-mounted soap dishes; sugar bowls; bakeware; knife blocks; knife rests

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Leather and imitations of leather; animal skins, hides; trunks and travelling bags; handbags, rucksacks, briefcases, trunks, change purses, coin purses, credit card cases, knapsacks, luggage, overnight bags, suitcases, valises, pocketbooks being handbags, purses, travel cases, wallets, tote bags; umbrellas, parasols and walking sticks; parts and fittings for all the aforesaid goods

International Classes 18 - Primary Classes **US Classes** 1, 2, 3, 22, 41 **International Class Title** Leather Goods

For Textiles and textile goods, namely, blankets for household use and bed blankets, towels, face flannels in the nature of washcloths, handkerchiefs, textile fabrics for making articles of clothing; bed covers and table covers of textile or plastic; travellers' rugs; textiles for making articles of clothing; duvets; covers for pillows, cushions or duvets

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Toys, namely, dolls, toy figures, bath toys, toy masks, children's dress-up accessories, toy models, toy houses, toy building blocks, toy modelling dough, wind-up toys, toy tiaras, toy jewelry, puppets, toy robots, toy animals, musical toys, toy whistles, toy pianos, toy construction sets, toy vehicles, party games; plush toys; playing cards; gymnastic and sporting articles, namely, sports balls, golf clubs and appliances for gymnastics; decorations for Christmas trees; children's toy bicycles other than transport

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Paper, cardboard; printed matter, namely, newspapers, photographs, magazines, books, printed periodicals, newsletters, informational cards and brochures all in the fields of music, art, lifestyle, health fashion, finance and business; book binding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials, namely, pencils, color pencils and art paper; paint brushes; typewriters; packaging materials, namely, cardboard packaging, plastic films, plastic bags and plastic bubble packs; printers' type; printing blocks; printed publications, namely, magazines, books, teaching materials, brochures and newsletters in the field of music, art, lifestyle, health, fashion, finance and business; paint boxes for children

GOODS AND SERVICES INFORMATION

For Medical apparatus and instruments for use in clinical laboratories, namely medical diagnostic analyzers for use in the field of hematology; Medical apparatus and instruments for use in clinical laboratories, namely, analyzers for diagnostic medical use in the fields of chemistry, immunoassay, electrophoresis, cytometry and coagulation

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Advertising; business management; business management and administration; office functions

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Computer system comprised primarily of computer hardware and computer software used for managing data from medical analysis automatons in all fields of laboratory work, namely, programs for generating requests, processing and validating patient results by means of rules utilizing several parameters, printing quantitative or qualitative results in different formats, monitoring quality control as well as providing numerous statistics and ensuring result traceability in the fields of chemistry, immunoassay, electrophoresis, hematology, cytometry and coagulation

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Medical analysis services in the field of chemistry, immunoassay, electrophoresis, hematology, cytometry, and coagulation

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Scientific research; scientific and technological design in the field of chemistry, immunoassay, electrophoresis, hematology, cytometry, and coagulation; technological research in the field of chemistry, immunoassay, electrophoresis, hematology, cytometry, and coagulation; industrial analysis and research in the field of chemistry, immunoassay, electrophoresis, hematology, cytometry, and coagulation; design and development of computer software; design and development of computer firmware; design and development of computer software related to medical analysis services; design and development of computer firmware related to medical analysis services

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of a blue square containing a central blue and white prolate spheroid, with a white triangle on the right half of the square. **Color Drawing** Yes **Color Claimed** The color(s) blue and white is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1426776 **International Registration Date** Jun. 15, 2017

GOODS AND SERVICES INFORMATION

For Vehicles, namely automobiles; electrically powered motor vehicles; motors and engines for land vehicles; electric motors for land vehicles; hydraulic circuits for motor cars; axles for vehicles; electric front axle for vehicles; electric rear axle for vehicles; electric traction control drives for land vehicles; power transmissions for land vehicles; electric motors integrated in wheels for vehicles; automotive structural parts, namely, fuel storage cell kinematic chains; starter generator engine with belt transmission with and without integrated inverter for land vehicles; integrated starter generator engine with belt transmission with and without integrated inverter for land vehicles; electric motors integrated in wheels for cars

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Alternators; cylinder blocks for machines ; generators of electricity; fuel injection systems for internal combustion engines comprising fuel injectors, condensers; dynamos; engine parts, namely fuel economizers; fuel ignition devices for internal combustion engines, namely points, condensers; fuel injection devices for internal combustion engines, namely, fuel injectors; fuel injectors for internal combustion engines; air/fuel ratio regulators being parts of machines; fuel lines being machine parts; fuel pumps being machine parts; glow plugs for diesel engines; igniting devices for internal combustion engines, not for land vehicles; igniting magnetos for engines; mechanical devices for checking injectors for engines, namely regulators being parts of machines; mechanical devices for regulating and controlling injectors for engines namely regulators being parts of machines; motors and engines, excluding those for land vehicles; throttle bodies being machine parts; pressure regulators and pressure control valves being machine parts; starter generator engine with belt drive with and without integrated

inverter, other than for land vehicles; integrated starter generator engine with belt drive with and without integrated inverter, other than for land vehicles; electric compressors; electric pumps; energy/exhaust heat recovery electric turbine other than for land vehicles; electric fuel cell blower for motors and engines; fuel cell propellers for machines ; electric ignitions as machine parts for diesel oil or combustible oil combustion equipment; electric starter and ignition coils as machine parts for diesel oil combustion equipment in internal combustion engines other than for land vehicles; electric turbo-compressors as machine parts for engines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Transformers, electric coils, low pass induction electricity filters, electric and electronic components and equipment, namely Ignition coils for injection and/or igniting apparatus systems for industrial diesel oil or combustible oil combustion equipment; electric accumulators for vehicles; car performance test devices, namely speedometers; electric inspection devices for car industry, namely electric current tester; battery unit; chargers for electric batteries; computer peripherals; electric converters; direct current converters; electronic control systems for engines; electronic controllers for engines; electronic dosage controllers for fuel injected into engines; electronic remote controls for land vehicles; electric testing devices for internal combustion engines, namely battery testers; protection circuits inverters for engine ignition systems; solar batteries; solenoid valves; electromagnetic switches; electric inverter; integrated power electronic distribution unit; DC/DC converter; electric current booster unit for use in land vehicles; battery charger; supplementary power distribution unit; wireless battery recharger; electrical power distribution unit; batteries; electronic converter for fuel cells; electronic controllers for fuel cells; fuel cell backup power distribution unit; computerized monitor for fuel cells; fuel cell battery charger; kinetic energy recovery system consisting primarily of batteries, computers; flywheel energy accumulation system consisting primarily of batteries, computers; super-capacitors energy accumulation system consisting primarily of batteries, computers; battery management system consisting primarily of batteries, computers; electrical fuel cell power range extender for land vehicles; fuel cell system consisting primarily of batteries, computers; fuel cells; interface circuits for electrical vehicles; electrical reactor for producing pure hydrogen from hydrocarbons and water; electrical reactor for production of hydrogen; integrated mechatronic electronic controllers for engines and electronic control units

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Engineering consulting; technological consultancy in the field of automotive technology; engineering services; Engineering services, particularly technical project planning in the field of new product design and development; engineering product design and development; technical consultation for others in the field of automotive design; product research and development; analysis of materials namely, metals and plastic; laboratory analysis in the field of chemistry and engineering; new product design analysis and assessment for others in the automotive field; inspection of construction materials and equipment for quality control for others; Testing, analysis, and evaluation of automobiles to assure compliance with automotive industry standards; technical quality control for others

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

RELATED PROPERTIES INFORMATION

International Registration 1429284 **International Registration Date** May 28, 2018

GOODS AND SERVICES INFORMATION

For Pharmaceuticals, namely, pharmaceutical preparations for the treatment or prevention of stress, anxiety, sleeping disorders and cardiac disorders; dietetic foods adapted for medical or veterinary use; dietetic substances adapted for medical or veterinary use, namely, dietetic foods and beverages adapted for medical or veterinary use; food supplements for human beings and animals; dietetic food for healthcare purposes based on vitamins, minerals, trace elements, protein, fats, amino acids and carbohydrates, either singly or in combination; vitamin preparations; preparations of trace elements for human use, namely, vitamin and mineral supplements; amino acid preparations for medical purposes; mineral additives, namely, dietary supplements; medicinal drinks

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Medical analysis and diagnostic apparatus for testing sleep apnea; diagnostic, examination, and monitoring equipment, namely, diagnostic apparatus for the detection of sleep apnea; electronic apparatus for medical purposes, namely, EKG machines; sources of ultrasonic fields for use in medical diagnosis, namely, ultrasonic medical diagnostic equipment; sources of magnetic fields for use in medical diagnosis, namely, magnetic resonance imaging apparatus for medical purposes; medical imaging apparatus; medical diagnostic apparatus for analyzing measured physical signals; body composition monitors; medical instruments for recording and reproducing physiological data, namely, medical instruments for measuring and displaying temperature, blood pressure, heart activity, heart rate variability, and body position during sleep; medical apparatus for recording and analyzing heart rhythm variability, breathing rate, stress, and sleep analysis; electronic sphygmomanometers, blood pressure monitors and blood pressure recording devices for medical purposes; pulse measuring devices; medical

apparatus for determining blood flow; blood testing apparatus; blood glucose meters and blood glucose monitoring apparatus for medical purposes; electronic blood oxygen saturation meters and monitors for medical purposes; apparatus for blood monitoring for medical use; electronic heart rate counters, heart rate monitors and heart rate recording devices for medical purposes; electronic heartbeat monitors and heartbeat recording devices for medical purposes; electronic heart rhythm monitors and heart rhythm recording devices for medical purposes; electrocardiograph instruments; medical instruments for recording heart activity; cardio-pulmonary diagnostic instrumentation for medical use; medical apparatus for measuring lung function; respiration monitors for medical use; electronic carbon dioxide monitors used for medical purposes; electronic temperature measuring apparatus for medical purposes; electronic temperature monitors for medical purposes; electronic temperature recording devices for medical purposes; digital thermometers for medical purposes; medical apparatus for analyzing and recording brain wave frequencies; medical apparatus for measuring electrical activity in the brain; body-fat measuring apparatus, namely, body fat calipers, body fat monitors

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Education services, namely, conducting classes, seminars, conferences, workshops, and field trips in the field of health; providing training services in the field of personal fitness and medicine; sporting and cultural activities, namely, organizing community sporting and cultural events; provision of non-downloadable electronic publications in the nature of magazines in the field of health; publication of printed matter in the nature of books and magazines in the field of health; online electronic publication of periodicals and books; multimedia publishing of books, magazines, journals, software, games in the nature of health; publication of brochures in the field of health; publishing of medical publications in the nature of books, journals, and newsletters; publication of medical texts; publishing of medical journals, books, and handbooks; providing online publications in the nature of books and magazines in the field of health; arranging and conducting of educational conferences in the field of health; arranging of courses of instruction and seminars in the field of healthcare; organization of fitness events being sporting activities; Providing instruction courses in the field of health; providing of training courses, seminars, and workshops in the field of health care and nutrition; training services in the field of medicine; organization of seminars and conventions for cultural or educational purposes in the field of medicine; publishing and issuing scientific papers in the field of medical technology

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Scientific, weighing, measuring, checking and supervision apparatus and instruments, namely, instruments for measuring length, width, weight, height, distance, velocity, acceleration, force, position, time, temperature, humidity, pressure, and position, all not for medical purposes; computers; computer software for the recording, measurement, analysis and tracking of human activity; monitoring apparatus and instruments, namely, sensors for scientific use to be worn by a human to gather human biometric data and also including motion sensors, sold as a unit; Motion recognizing sensors; temperature monitors for scientific use, namely, thermometers not for medical purposes, temperature indicators; medical diagnostic simulators for use as teaching aids for human biometric and health data; apparatus for the transmission of data; apparatus for broadcasting sound, data or images; encryption apparatus, namely, electronic encryption units; data processing apparatus; downloadable electronic recorded data files featuring human biometric and health data; downloadable computer databases in the field of human biometric and health data; data recorded electronically, namely, downloadable video recordings featuring human biometric and health data; downloadable databases for evaluating medical data; downloadable databases for evaluating health data; computer

software to enable retrieval of data; computer programs for data processing; downloadable mobile applications for the transmission of data; prerecorded data carriers for use with computers featuring human biometric and health data; digital thermometers, other than for medical purposes; computer software for use in medical decision support systems featuring human biometric and health data; digital media content, namely, CDs, DVDs, downloadable audio and video files featuring human biometric and health data

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunications, namely, telecommunications consultations, telecommunications access services; providing user access to content, websites and internet portals, all on the internet and in the field of healthcare; providing multi-user access to information in the field of healthcare via data networks; providing of access to information on the internet, in particular in the field of healthcare; provision of on-line forums for healthcare patients and professionals; providing virtual facilities for real-time interaction among computer users, namely, electronic bulletin board services, providing internet chat rooms; electronic transmission of images, photographs, graphic images and illustrations over a global computer network; streaming of data; streaming of audio and video material on the internet; electronic transmission of data, audio, video and multimedia files; sending of emergency messages by electronic means; providing multi-user access to Internet platforms and portals; providing of multi-user access to medical, medicinal and health policy information on the internet; electronic transmission of messages

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Medical services; human and animal healthcare services; conducting of medical examinations; medical and healthcare services; medical services for the diagnosis of conditions of the human body; medical screening; blood pressure screening services; medical services for the testing of blood; physical examination services; health screening services in the field of sleep apnea; medical screening relating to the heart; advisory services relating to health; medical information; information services in the field of health care; conducting health assessment surveys; providing health information; providing medical information, namely, preparation of reports relating to health care matters; medical health assessment services; medical analysis for the diagnosis and treatment of persons; medical information, namely, providing medical records via the internet; medical testing services, namely, fitness evaluation; medical consultations, namely, interpretation of electrocardiographic signals; rental of medical and health care equipment; conducting health risk assessment surveys; telemedicine services; medical information retrieval services, namely, providing medical information to medical patients and medical professionals from remote locations via the Internet and global computer networks through the use of archived medical records and a data storage and retrieval systems

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Design and development of computer hardware and software; medical research; information technology services for the pharmaceutical and healthcare industries; scientific investigations for medical purposes; design and development of medical diagnostic apparatus; consultancy in the field of pharmaceutical research and development; consultancy relating to research and development in the field of therapeutics; research on the subject of pharmaceuticals; clinical research in the field of stress, anxiety, sleeping and cardiac disorders; conducting clinical trials for others; conducting clinical trials for others in the field of cardiovascular disease

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Wind mills, wind power plants, wind turbines and other wind-operated machines in the nature of wind-powered electricity generators; parts and accessories for the foregoing goods, namely, mill towers and masts, blades, blade hubs, mill housings, bottom-mounted and floating mill foundations, rotation devices, yaw rings and gears, devices for setting the pitch of the blades, brakes and brake devices, main shafts, universal joints, transmission devices, clutches and electric generators, helicopter platforms for wind turbines, corrosion protection and reserve power supply plants; blades for wind mills, wind power plants, wind turbines and other wind-operated machines, including blades with embedded heating elements; machines for removing ice formations, including on wind mills, wind power plants, wind turbines and other wind-operated machines; structural parts and accessories for all the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Heating equipment, namely, heating elements for the removal of ice formations in relation to wind mills, wind power plants, wind turbines and other wind-operated machines; structural parts and accessories for all the aforesaid goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Erection, construction, installation, maintenance and repair of wind mills, wind power plants, wind turbines and other wind-operated machines; installation, maintenance and repair of ice detecting and ice removing systems; technical and maintenance advisory, consultancy and information services relating to all the aforesaid services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electrical, electronic and computer equipment for wind mills, wind power plants, wind turbines and other wind-operated machines, namely, for automatically turning on and off power generators and/or monitoring and adjusting operational parameters including de-icing blades; control and monitoring equipment, namely, for operational parameters for automatically controlling and monitoring the formation of ice in relation to wind mills, wind power plants, wind turbines and other wind-operated machines; microprocessor equipment for controlling and monitoring voltage, frequency, phase conditions, rotor speed, efficiency and thickness of brake pads, temperature, wind direction and wind speed, including in relation to the formation of ice on wind mills, wind power plants, wind turbines and other wind-operated machines; vibration and oscillation sensors for installation in wind mill housings; watt-hour meters; computers and computer software for the operation, control and maintenance of wind turbines, including for the control, monitoring and removal of ice formations in relation to wind mills, wind power plants, wind turbines and other wind-operated machines; computer and computer software for supervisory control and data acquisition of wind power and power from other renewable energy sources, including collection, storage and intelligent processing of data from wind mills and wind power plants and for preparations of reports and communication and for exchange of data with external computers or units such as weather stations, other monitoring systems or electrical grids; electric and electronic monitoring, control and operating apparatus and equipment, including sensors, converters, controllers, measuring equipment, data collecting and transmission equipment, all for use in relation to ice detecting and ice removing on wind mills, wind power plants, wind turbines and other wind-operated machines; computer hardware and computer software for the detection and monitoring of ice formation on wind mills, wind power plants, wind turbines and other wind-operated machines; sensors and detectors, namely, for the detection and monitoring of ice formation on wind mills, wind power plants, wind turbines and other wind-operated machines; electronic control systems for ice detecting and ice removing systems in relation to wind mills, wind power plants, wind turbines and other wind-operated machines comprising electrical sensors and/or software; electronic equipment and software for the management of ice detecting and ice removing systems for wind mills, wind power plants, wind turbines and other wind-operated machines; structural parts and accessories for all the aforesaid goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Monitoring and control of wind mills, wind turbines and wind power plants and other renewable energy power plants for control of quality and operation, including monitoring, detecting and controlling the formation of ice in relation to wind mills, wind power plants, wind turbines and other wind-operated machines; research, development and design of computer software and systems for supervisory control and acquisition and treatment of data from wind mills and wind power plants as well as for plants for other renewable energy sources; research, development and design of ice detecting and ice removing systems, including for wind mills, wind power plants, wind turbines and other wind-operated machines; analysis of technical data, including analysis of data for use in connection with the detection, controlling and monitoring of ice formations on wind mills, wind power plants, wind turbines and other wind-operated machines; meteorological research; climatological research; meteorological information, including climate, weather and wind analysis; climatological forecasts; forecasts on ice build-up; collection of information relating to meteorology and climatology; electronic storage of data; supply of weather data and weather forecasts; technical, developmental advisory, consultancy and information services relating to all the aforesaid

services

GOODS AND SERVICES INFORMATION

For Retail and wholesale store services in the fields of food, drink, clothing, headwear, footwear, fashion, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods; providing business information in the field of consumer-to-business, consumer-to-consumer and business-to-business commerce via a web-based system and online portals; provision of business directories, and directories for retail and wholesale purposes, namely, providing on-line web directory services featuring hyperlinks to the websites of others; advertising, marketing and publicity agency services; marketing agency services; advertising agency services; commercial information agency services; purchasing agency services in the nature of procurement, namely, purchasing food, drink, clothing, headwear, footwear, fashion, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods for others; Retail on-line ordering services featuring food, drink, clothing, headwear, footwear, fashion, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods also accessible by telephone, facsimile and mail order; retail on-line ordering services featuring food, drink, clothing, headwear, footwear, fashion, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation

products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods accessible by telephone, facsimile and mail order; computerised retail ordering service featuring food, drink, clothing, headwear, footwear, fashion, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods also accessible by telephone, facsimile and mail order; online and mobile device retail ordering services service featuring food, drink, clothing, headwear, footwear, fashion, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods also accessible by telephone, facsimile and mail order; comparison shopping services; business management consulting services; providing incentive reward programmes for customers and partners for commercial, promotional or advertising purposes, namely, promoting the sale of goods and services of others by means of contests and incentive award programs; customer loyalty services and customer club services, for commercial, promotional and advertising purposes; providing an online marketplace for users to buy, sell and exchange goods and services with other users; business research, management and administration services; writing and publication of publicity texts; market intelligence services; organisation for exhibitions and trade fairs for commercial or advertising purposes; providing office functions; accounting services; Services consisting of the registration, transcription, composition, compilation or systematisation of written communications and registrations; Compiling and analyzing statistics, data and other sources of information for business purposes, namely, compilation of mathematical or statistical data; economic forecasting services; financial auditing; the provision of information, advice and consultancy in relation to all of the above

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Apparatus, equipment and instruments for data processing, recording, transmission or reproduction of sound or images, namely, apparatus for recording, transmission, processing and reproduction of sound, images or data; computer software for making bookings, reservations and ordering goods, services and products in relation to food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; computer hardware for use with software applications and mobile devices for making bookings, reservations and ordering goods, services and products in the fields of food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; computer peripherals; downloadable software applications and software applications for use in making bookings, reservations and ordering goods, services and products in the fields of food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; Downloadable electronic publications in the nature of books, journals, articles, and magazines in the field of food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; pre-recorded audio and audio-visual recordings featuring information and commentary about food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; digital recording media, namely, blank recordable CD-Rs and DVD-Rs; prerecorded discs and other electronic storage devices and media, namely, pre-recorded DVDs, downloadable audio and video recordings, and CDs

featuring audio and video about food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; Downloadable electronic publications in the nature of electronic books, magazines, periodicals, newsletters, newspapers in the field of food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation and downloadable publications in the nature of books, journals, articles, and magazines in the field of food, drink, cafés, restaurants, bars, takeaways, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; apparatus, equipment and instruments for acquisition of and analysing, displaying, converting, reading, receiving, recording, searching, storing, filing, gathering, handling, processing information and electronic information processing, namely, mobile phones, tablets, cameras, GPS navigation devices, Digital photo image converters, Optical disk readers, Audio-video receivers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Travel arrangement, namely, coordinating travel arrangements for individuals and for groups; reservation and booking of seats for travel; operating and organising transportation for travel and travel tours; transport services namely, Transport of goods, Transport of persons, Providing transport for guided tours; rental and arrangement of transport, namely, Vehicle rental, Agency services for arranging the transportation of persons, Arranging of transportation for travel tours; storage services, namely, storage of goods; rental of storage containers; physical storage of electronically stored data or documents; packaging and storage of goods, namely, food, drink, clothing, headwear, footwear, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music CDs, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods; delivery services of goods by land vehicle, air and sea; courier services; vehicle hire services, namely, vehicle rental; vehicle parking services; valet services, namely, valet parking; provision of car parking facilities, namely, parking garages services; food, drink, grocery and goods and product delivery services; monitoring, managing and tracking of package shipments, namely, providing information via a website in the field of delivery of food, drink, clothing, headwear, footwear, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music CDs, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods; providing information and tracking information to third parties regarding pickup and delivery status via the internet and other global communications networks, namely, providing information via a website in the field of delivery of food, drink, clothing, headwear, footwear, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music CDs, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods; provision of information, advice and consultancy in relation to all of the above; bookings for transportation services and for dispatching vehicles to customers in the nature of taxi transport

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Creation, design, consultancy, development, updating, maintenance and updating of computer software, websites, databases, search engines and software applications; website hosting services, namely, hosting an online website featuring information about food, drink, clothing, headwear, footwear, fashion, hair and beauty products, sports goods, pharmaceuticals, appliances, electronics, electrical goods, music, stationery, books, magazines, jewellery, household goods, hardware, vehicles, home renovation products, paints and coatings, cleaning products, plants, personal care products, homeware and houseware, luggage, baggage, leather goods; search engine services, namely, providing search engines for the internet; electronic storage of data, information, text, images, audio and video; Database development services, namely, creating and maintaining databases for others; software as a service services, namely, hosting software for use by others and platform as a service featuring computer software platforms for use in ordering goods, services and products in the fields of food, drink, entertainment, sport, retail, wholesale, travel locations, navigation, promotional services, transport, delivery, accommodation; providing temporary use of online non-downloadable software for use by motorised vehicle operators and passengers and potential passengers, namely, for use in arranging transport and communicating with one another; maintaining websites or web pages for others; provision of information, advice, consultancy, research, advisory, design and development services in relation to all of the above

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Provision of food and drink; café, bar, canteen, restaurant, catering, snackbar, winebar, takeaway food and drink services; rental of food and drink equipment and venues, namely, rental of food service equipment; provision of food and drink as part of hospitality services; Providing temporary accommodation services; reservation and rental of temporary accommodation; agency services for reservation of restaurants and booking hotel accommodation; rental of meeting rooms; rental of venues for holding entertainment and social events, namely, rental of rooms for social functions; the provision of information, advice and consultancy in relation to all of the above

International Classes 43 - Primary Classes **US Classes** 100, 101 **International Class Title** Hotel and restaurant services

GOODS AND SERVICES INFORMATION

For Business efficiency expert services; business data analysis; business appraisal consultancy; marketing research; marketing analysis; business management analysis; business consultancy; provision of information concerning commercial sales by e-commerce; arranging contracts, for others, for the buying and selling of goods on e-commerce; management of computerised files; computerised database management; systemization of information into computer databases; consultation about the systemization of information into computer databases; Business management, namely, service management for the operation of the computer system; Provision of business information about the operation of the computer system

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For General building contractor services; upholstering; machinery installation; electrical installation services; telecommunication wiring; electrical installation services for plant facilities; construction of power plants; construction of chemical plants; construction of food processing plants; construction of machinery manufacturing plant; construction of steel manufacturing plants; construction of non-ferrous metal plants; construction of textile manufacturing plants; construction of petrochemistry plants; construction of medicinal chemical manufacturing plants; construction of nuclear power plant; construction of nuclear reprocessing plant; construction of radioactive waste treatment facilities; construction of production of natural gas plant; construction of transport equipment plant; construction of heat supply plant; construction of plant facilities; construction advisory services in relation to equipment work on industrial production plant; construction advisory services relation to assembly work on industrial production plant; repair or maintenance of optical machines and instruments; repair or maintenance of photographic machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of computers; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines

and apparatus; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of power plants; repair or maintenance of chemical plants; repair or maintenance of food processing plants; repair or maintenance of machinery manufacturing plants; repair or maintenance of steel manufacturing plants; repair or maintenance of non- ferrous metal plants; repair or maintenance of textile manufacturing plants; repair or maintenance of petrochemical plants; repair or maintenance of pharmaceutical manufacturing plants; repair or maintenance of nuclear power plants; repair or maintenance of nuclear reprocessing plants; repair or maintenance of radioactive waste treatment facilities; repair or maintenance of natural gas processing plants; repair or maintenance of transportation plants; repair or maintenance of heat supply plants

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Mathematical instruments, namely, calculators, graphing calculators; fire alarms; gas alarms; Anti-theft warning apparatus, namely, burglar alarms; Laboratory apparatus and instruments, namely, gas chromatography apparatus for laboratory use; laboratory centrifuges; laboratory trays; flasks for laboratory use; microscopes; photographic apparatus and instruments, namely, microscopes, lens for microscopes, surveillance cameras, camera lenses; optical machines and apparatus, namely, optical filters, optical scanners, optical sensors, optical reflectors, optical couplers, optical microscopes, lens for optical microscopes, optical character recognition (OCR) apparatus and optical inspection apparatus; temperature indicators; gasometers; thermometers, not for medical purposes; water meters; pressure gauges in the nature of manometers; level indicators; acoustic meters; tachometers; accelerometers; refractometers; luminous flux meters; actinometers; altimeters; hygrometers; illuminometers; vibration meters; noisemeters; speed indicators; calorimeters; viscosimeters; concentration meters; gravimeters; densimeters; dynamometers; flowmeters; precision measuring machines and instruments in the nature of oscilloscopes, power analyzers, scopecorders, data acquisition systems composed of sensors, measurement hardware and a computer with programmable software, electronic data recorders, signal generators, source measure units, namely, derived-unit measuring machines and apparatus, DC sources in the nature of power supplies, flow calibrators, calibration devices for calibrating voltage and current outputs, digital multimeters, manometers, digital thermometers not for medical purposes, loop powered indicators, clamp-on testers, insulation testers, each ground testers, lux meters, thermometers not for medical purposes, galvanometer, current transformer, voltmeters, Optical Spectrum Analyzer, optical time domain reflectometer, Optical Wavelength Meter, optical power meters, optical light sources for optical fiber testing, gyrocompass, autopilots for ships being GPS navigation device, electromagnetic logs, digital chart plotters; automatic adjusting and regulating machines and instruments for automatic control for supporting the improvement of productivity in manufacturing; Material testing machines, namely, electronic apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials; surveying machines and instruments; automatic control device for supporting the improvement of productivity in manufacturing; electric control panels; batteries and electric cells; electric or magnetic meters and testers; electric wires and cables; transmission machines and apparatus for telecommunication; single-channel radio communication machines and apparatus for fixed stations; radio application machines and apparatus, namely, pressure transmitters, wireless temperature transmitters, wireless gas detectors, wireless adapters, wireless media converter, wireless management station; radio machines

and apparatus, namely, antennas; remote control telemetering machines and instruments; structural parts and fittings for telecommunication machines and apparatus; computer hardware and computer peripherals; semi-conductor elements namely, semi-conductor memory units, structured semi-conductor wafers, semi-conductor memories; electronic circuits, not including those recorded with computer programs; computer programs for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; computer software programs, namely, production and operations management and planning programs for business and industrial scheduling, forecasting, routing, workflow and resource allocation applications; computer software for use in the field of flow measurement, namely, computer software for monitoring and calibrating flowmeters, computer software for flow measurement, computer operating software for use in connection with fluid flowmeters, computer software for database management for use in the field of flow measurement; Recorded computer software for use as a spreadsheet, word processing; communication data processors and computer software of computer network for automatic control devices for supporting the improvement of productivity in manufacturing; computer software for controlling and managing access to servers; downloadable computer programs for use in database management, use as a spread sheet, word processing; downloadable computer software for industrial process control; industrial x-ray apparatus; magnetic object detectors; ultrasonic sensors; magnetic cores; resistance wires; electrodes; downloadable image files containing data from surveillance cameras and microscopes; downloadable electronic publications in the nature of instruction manuals, catalogues

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Architectural services; surveying; geological surveys and research; designing of machines, apparatus or instruments, including their parts, or designing of systems composed of such machines, apparatus and instruments; plant engineering; power plant engineering; chemical plant engineering; engineering on food manufacturing plants; engineering on machinery manufacturing plants; engineering on steel manufacturing plants; engineering on non-ferrous metal plants; engineering on textile manufacturing plants; engineering on petrochemical plants; engineering on pharmaceutical manufacturing plants; engineering on nuclear power plants, nuclear reprocessing plants and radioactive waste treatment facilities; engineering on natural gas processing plants; engineering on transportation plants; engineering on heat supply plants; industrial plant engineering; advisory and consultancy services relating to design of apparatus and machines for the improvement of productivity; design of computer automatic control apparatus; engineering design services; providing information on design, programming or maintenance of computer programs for protecting computer systems against unauthorized access to computers and providing secure networks; computer programming services for the improvement of productivity; adding and expansion of functions of computers and computer programs; configuration and installation of computers and computer programs; design, creation and maintenance of computer programs or systems and providing advice relating thereto; design and development of computer networks and consultancy services relating thereto; advisory and consultancy services relating to introduction of computer programs into equipment used in computer systems and maintenance thereof; consultancy in relation to computer systems; monitoring of computers and computer programs by remote access; design, creation and maintenance of computer programs; design and development of computer software for evaluation and calculation of data; design and development relating to computer software for solutions; provision of information relating to design of computer software for solutions; advisory services relating to design of computer software for solutions; data conversion of electronic information; provision of information on utilization and operation of computers and the Internet through communications by computer terminals;

technological advice relating to computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuff; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing, inspection or research on agriculture, livestock breeding or fisheries; Testing or research on functionality of machines, apparatus and instruments; rental of measuring apparatus; rental of measuring machines and instruments; providing computer programs in a communication network, namely, providing temporary use of online non-downloadable computer software for database management; rental of computers; rental of memory space on computer servers and providing information relating thereto; rental of computer servers and providing information relating thereto; cloud computing featuring software for use in note taking and accessing remotely stored data for such applications; Cloud computing featuring software for use in database management, for use as a spreadsheet and for word processing; Cloud computing featuring software for use in business decision making, for monitoring and aggregating data from multiple sources and applying rules to discover patterns and trends in the data, for processing, filing, organization, modification, research, recalling and analysis of data and data statistics, for data warehousing and data analytics, for statistical analysis and statistical analysis reporting; rental of laboratory apparatus and instruments; Rental of engineering drawing instruments

GOODS AND SERVICES INFORMATION

For Apparatus and devices for gripping, lifting, transporting and lashing, namely, hoists; component and structural parts for the aforesaid goods, in particular chain suspensions, crane crossbeams, lashing chains; conveyors being machines, in particular chain conveyors, discharge conveyors, trough chain conveyors, continuous conveyors, steel plate conveyors, bucket conveyors and parts for the aforesaid goods; chain wheels being parts of machines, chain wheel bearings being parts of machines; handling apparatus in the nature of machines for loading and unloading with integrated data transmitters and data recorders and/or sensors, in particular load sensors

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Building construction; installation of apparatus and machines for lifting, lashing and fastening used in the mining industry, shipping industry, conveying and transport technology; installation, repair, maintenance and refurbishment in the nature of repair of conveyors, hoists, mining machines, drive units; in particular all of the aforesaid services belonging to the mining industry and shipping industry and the field of conveying and transport technology and lifting, lashing and fastening means

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electrical signal transmitters and receivers; transponders; electronic testing systems, in particular inspection testing systems comprised of sensors; load and overload indicators, and indicator elements being sensors for chains, ropes and/or straps; all the aforesaid goods being in particular for the monitoring and/or checking and/or load monitoring of slings and tying devices

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Chains of metal, in particular for lifting, conveying, driving and lashing; individual component parts for chains of metal, in particular connecting links, locks, hooks, feeders, buckets, reels; Sling parts of metal for chains, namely metal slings for loading; lashing rings made of metal; all the aforesaid goods not being parts of machines

International Registration 1447272 **International Registration Date** Nov. 07, 2018

GOODS AND SERVICES INFORMATION

For Soil erosion control services, namely, stabilization, drainage, improvement and maintenance of soils and sub-soils; soil erosion control services, namely, erosion control of soils and sub-soils; soil erosion control services, namely, injection of products in the soil, particularly for consolidation and sealing purposes; soil erosion control services in the nature of reinforcement of the soil, namely, laying of reinforcement and tie rods to consolidate the ground

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific, surveying, signaling, checking, control, monitoring and measuring apparatus and instruments, namely, distance, heights, amplitude and depths measuring apparatus and instruments, distortion of buildings surveying, monitoring and signaling apparatus and instruments, landslide and landforms movements surveying, monitoring, checking and signaling apparatus, apparatus and instruments for surveying, signaling, checking, controlling and monitoring grounds and civil engineering structures in order to detect potential construction issues, gravity measuring instruments; measuring sensors, namely, sensors for measuring distance, heights, amplitude and depths, not for medical use; precision measuring apparatus, namely, distance heights, amplitude and depths measuring apparatus, pressure measuring apparatus, apparatus for measuring the structure of the soils on building sites; soil moisture measuring apparatus; tracking apparatus and instruments, namely, geolocation apparatus and instruments being GPS tracking devices, electronic devices for places locating and tracking programmed to use global positioning systems and cellular communications, radio tomographic imaging apparatus for tracking movements; positioning apparatus and instruments, namely, LED position sensors, electronic navigational and positioning apparatus and instruments, global positioning system; navigation, guidance, tracking, marking and mapping devices, namely, geolocation apparatus being GPS tracking devices, global positioning system, apparatus and instruments for creating maps

based on data gathered on sites in the nature of downloadable augmented reality software for use in mobile devices for integrating electronic data with real world environments for the purpose of creating maps; software for use in database management and for use in geolocation data analysis, soil analysis, soil data analysis, 3D visualization of data; computer programs for use in database management and for use in geolocation data analysis, soil analysis, soil data analysis, 3D visualization of data; downloadable software applications for use in database management and for use in geolocation data analysis, soil analysis, soil data analysis, 3D visualization of data; downloadable graphical user interface software; computer programs and software intended for construction and civil engineering, namely for use in database management and for use in geolocation data analysis, soil analysis, soil data analysis, 3D visualization of data; computer programs and software for soil analysis; computer software and programs for the analysis of building structures and civil engineering structures; decision-making software, namely software for use in database management for use in geolocation data analysis, soil analysis, soil data analysis, 3D visualization of data; software and computer programs for risk management in the construction sector; geotechnical, environmental and structural risk assessment and management software; mapping software; computer programs and software for positioning systems, namely for geolocation data analysis and controlling positioning systems; 3-D animation software, namely, downloadable computer software for creating digital animation and special effects of images; three-dimensional scanners; three-dimensional viewers, namely, digital camera accessory in the nature of a digital photo viewer; three-dimensional graphic software; three-dimensional picture manipulators, namely, portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, image; software for 3D modeling and visualization of data derived from soil analysis and structural analysis of buildings and structures; computer software and programs for creating, downloading, transmitting, receiving, editing, retrieving, encoding, decoding, displaying, reading, analyzing, storing and organizing of data; electronic databases stored on data carriers in the field of soil analysis; apparatus and equipment for processing, transmitting, converting, communicating, recording and storing data, namely, analogue to digital converters, electronic recorders to storing and archiving information related to building constructions, data related to construction transmitting apparatus; telecommunications transmitters, namely, wireless telecommunication devices for data transmission, for access to a browsing service and for downloading of data; the aforementioned set of products being solely related to the field of construction, engineering, geology, positioning and soil analysis

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Soil analysis services, namely, soil sampling for analysis purposes; soil chemical analysis; floor sampling for analysis purposes, namely, soil sampling for analysis purposes; measuring of soil samples, namely, soil sampling for analysis purposes; geological research, namely, analysis of geological samples; geological research, namely, performing geological tests on building sites; soil percolation tests; monitoring and analysis of building structure behavior, namely, monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; measuring assessment services, namely, measurement evaluations in the field of soil analysis; design of measurement systems; geological research, namely, geotechnical testing; geological research, namely, geotechnical, geological and geophysical research; seismography scientific research; surveying research; topographical surveying services; geological prospecting and surveying of lands; cartography services; digital mapping services; monitoring of contaminated lands, namely, monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds and research in the area of environmental protection; design and programming of programs for data processing; browsing in the nature of provision of Internet search engines, recovery of

computer data, data migration services, securing in the nature of data security consultancy, data decoding services, off-site data backup, electronic storage and digital compression of computer data; hosting of digital content on the Internet, namely, hosting of data and databases; conversion of data of electronic information; equipment computer programming for data processing; the above-mentioned set of services being solely related to the field of construction, engineering, geology, positioning and soil analysis

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a dark blue circle containing a red semi-circle and medium blue semi-circle with a dark blue sphere that has a white circle on it between them. The wording "HYGIENE" appears below in light blue and the word "PLUS" appears below this term in dark blue. **Color Drawing** Yes **Color Claimed** The color(s) white, red, dark blue, medium blue, and light blue is/are claimed as a feature of the mark. **Disclaimer** "HYGIENE"

RELATED PROPERTIES INFORMATION

International Registration 1447666 **International Registration Date** Sep. 05, 2018

GOODS AND SERVICES INFORMATION

For Non-electric coffee pots and tea sets; household utensils for the preparation of carbonated waters and beverages, namely, portable beverage dispensers; utensils for household or kitchen purposes comprised of plastic or glass but not made of or plated with precious metal, namely, spouts for pouring and straining; cups, decanters, bottles, namely bottles sold empty; containers with and without filters, namely, containers for household or kitchen use; non-electric coffee and tea pots; drinking glasses, drinking vessels in the form of bottles, dishes; glassware, porcelain and earthenware, included in this class, namely, beverage glassware, porcelain pots and earthenware mugs; heat-insulated containers, namely, heat insulated containers for household use, insulating flasks for beverages, refrigerating bottles, namely, bottles sold empty; hand implements for household purposes and for the production of mineral water and beverages, namely, bottles sold empty

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Beverage-making machines and installations consisting thereof, namely, machines for making aerated beverages, mineral water and carbonated water; electric machines and apparatus for producing carbonated beverages, namely, aerated beverage making machines; apparatus for adding minerals to drinking water, namely, mineral water making machines; vending machines, electric, for beverages; filling machines; dishwashers and their accessories, specifically adapted for dishwashers; filters for automatic vending machines and dishwashing machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Refrigerating and freezing apparatus and installations, refrigerators, freezers, cold and hot water dispensers in the nature of heating and cooling apparatus for dispensing hot and cold water, and components thereof; household apparatus for the production of carbonated water and beverages, namely, water ionizers; appliances and installations for water treatment, namely, water treatment apparatus, water sparkler in the nature of a water saving aerators for faucets, and water filter; installations and filters for water sterilization, removing bacteria and viruses, all in the nature of water sterilizers; water purifying apparatus, filters for drinking water; membrane filters for microfiltration, ultrafiltration, nanofiltration and reverse osmosis in the nature of apparatus for filtering drinking water; components and accessories specifically adapted for apparatus and installations for water treatment, in particular filter disks, bags containing ion exchangers and activated carbon; water treatment devices and installations, namely, cartridge water filtration units, chemical sterilization units, reverse osmosis water filtration units and ultraviolet water sterilization units, and components thereof; water filtering apparatus, water treatment systems, namely, water bars used as water filtration units, and components thereof; drinking water automat, namely, water coolers and water conditioning units for filtering and softening waters, and components thereof; water filters and water filtration apparatus based on membrane technology, reverse osmosis technology, UV technology, ozone technology, carbon technology in particular with activated carbon blocks in the nature of water purification and filtration apparatus; water filters and water filtering apparatus for microbiological sterilization in the nature of water purification and filtration apparatus; pressure-driven water filters, gravity water filters, suction water filter cartridges, hand-operated water filter cartridges, water filter cartridges with a sunken filter mechanism, water filter cartridges with ion exchangers, and components thereof, and/or adsorbents included in this class, all in the nature of water filtration and purification units and replacement cartridges and filters therefor; filters for water kettles, coffee machines, tea machines, espresso machines, samovars, rice cookers, large catering apparatus, ice machines, combination steamers, steam cookers, ovens, percolators, refrigerators, refrigerating apparatus, apparatus for mixing beverages, cold drink dispensers, kitchen fittings, except for filters for machines and engines, all in the nature of water filters; taps with integrated filter systems, all in the nature of tap-water purifying apparatus; water dispensers, cooled beverage dispensers, all in the nature of refrigerated beverage dispensing units; beverage dispensers, except vending machines, all in the nature of refrigerated beverages dispensing units; automatic water treatment equipment with automatic cut-off fitted with consumption indicators, fittings, filters, units for the mineralization of water, heating devices, cooling devices, flavoring devices, carbon dioxide devices, all in the nature of water treatment equipment, namely, water filtration units; water treatment installations consisting of the aforesaid apparatus, in the nature of electrostatic water treatment apparatus, and components thereof; electric kettles; cooling devices for beverages for household use in the nature of beverage cooling apparatus

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Filtering preparations for the beverages industry, namely, chemical preparations in the nature of filtering materials in the beverages industry

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Installation, maintenance and repair of machines; installation of kitchen equipment; installation and repair of refrigerating apparatus; installation and repair of electronic apparatus; repair services of water filters and their components; installation of beverage dispensers and faucets; maintenance and cleaning of water filters, water filter apparatus, coffee, tea and sugar dispensers, filtering products and accessories, beverage dispensers, faucets; provision of information relating to the repair and maintenance of machines, cooking apparatus, refrigerating apparatus and consumer electronic apparatus; installation of bottles, machines, kitchen equipment, refrigerating apparatus, electronic apparatus, beverage dispensers and faucets, water filters, water filtering apparatus, coffee, tea and sugar dispensers, filtration products and accessories, beverage dispensers, faucets, electronic apparatus for consumers; services in the nature of installation, changing and replacement of bottles, machines, kitchen equipment, refrigerating apparatus, electronic apparatus, beverage dispensers and faucets, water filters, water filtering apparatus, coffee, tea and sugar dispensers, filtration products and accessories, beverage dispensers, faucets, electronic apparatus for consumers

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Rental of water filters, water filtering apparatus; processing and recycling of water filters, water filtration apparatus and their components, all in the nature of recycling of water filters, water filtration apparatus and their components; processing of bottles, including their labeling and design according to customer specification, all in the nature of recycling of bottles, including their labeling and design according to customer specification

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Filtered water, included in this class, namely, aerated water, bottled water and drinking water; preparations for making aerated water, table water, drinking water, spring water, mineral water; carbonated beverages, non-alcoholic; non-alcoholic drinks in the nature of carbonated non-alcoholic drinks, fruit drinks and fruit nectars; syrups and other preparations for making beverages in the nature of concentrates, syrups or powders used in the preparation of soft drinks; non-alcoholic beverages made with natural mineral water and non-alcoholic fruit extracts, flavored mineral waters, flavored drinking waters, all the aforesaid beverages also including aromatic flavors for making such beverages

International Classes 32 - Primary Classes **US Classes** 45, 46, 48 **International Class Title** Light Beverages

Mark Literal(s) TIBCHEMICALS

CASE IDENTIFIERS

Serial Number 79254178 **Application Filing Date** Jan. 22, 2019 **Registration Number** 5993074 **Registration Date** Feb. 25, 2020 **Register** Principal **Mark Type** Trademark **Publication Date** Dec. 10, 2019

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a three-dimensional cube outlined in blue with one grey side above the wording "TIBCHEMICALS" in blue stylized form. The color white represents background and is not claimed as a feature of the mark. **Color Drawing** Yes **Color Claimed** The color(s) blue and grey is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1455286 **International Registration Date** Jan. 22, 2019

GOODS AND SERVICES INFORMATION

For Precious metals and their alloys

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood in the nature of a coating; raw natural resins

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Chemicals used in industry and science; catalysts for chemical processes, namely, flame retarding compositions, galvanizing preparations, alkaline earth metals, alkalies, salts of rare earth metals, metalorganic compounds, namely, copper II methanesulphonate, silver I methanesulphonate, bismuth III methanesulphonate, dioctyltin mercaptide, dioctyltin dilaurate, dioctyltin oxide, dibutyltin dilaurate, dibutyltin dicarboxylate, monobubyltin tris-2-ethylhexanoate, dibutyltin diacetate, dibutyltin oxide, dibutyltin sulphide; tin oxide, tin and zinc halides; oxides of metals and metalloids; metalloids, namely, boron, silicon germanium, antimony, tellurium; mixtures of rare earth metals, metal rare earth alloys with oxides and metal rare earth alloys with sulfer compounds, namely, stannous sulphate or halogen compounds, namely, stannous chloride; chemical additives for oils; unprocessed artificial resins, unprocessed plastics; fertilizers and manures; fire extinguishing compositions; metal tempering and soldering chemicals; chemical substances in the nature of chemical preparations for preserving foodstuffs; adhesives used in industry

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Base metals, light and heavy metals

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

International Registration 1457355 **International Registration Date** Sep. 18, 2018

GOODS AND SERVICES INFORMATION

For Business management and administration services; collection of data from wind mills, wind power plants and regarding the effects of meteorological conditions related to icing exposure and icing conditions on business functions and efficiencies; data entry and data processing; data compilation for others; updating and maintenance of data in computer databases; compilation of information into computer databases; business administration and management of energy projects, including wind power projects and projects concerning renewable energy sources; business management of wind power systems in relation to icing challenges; business analysis in relation to the expected loss due to icing on wind mills, wind power plants, wind turbines and other wind-operated machines; compilation and processing of scientific information with respect to business operations of wind power systems, namely, preparation of operation and production statistics for business purposes; consultancy and advisory services relating to the above mentioned services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Computer hardware and downloadable and recorded computer software for use in assessing icing challenges, icing conditions, ice formation on blades and expected icing loss on wind mills, wind power plants, wind turbines and other wind-operated machines; electronic equipment and downloadable software for the collection of data regarding and from wind mills, wind power plants and regarding meteorological conditions, including data regarding icing exposure and icing conditions; measuring, detecting and monitoring instruments, indicators and controllers, for the use in assessing icing challenges, icing conditions, ice formation on blades and expected icing loss on wind mills, wind power plants, wind turbines and other wind-operated machines; and parts for all the aforesaid goods

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific and technological services, namely, providing weather forecasts in connection with production of wind energy, namely, weather predictions in relating to icing conditions, ice formation on blades and expected icing loss on wind mills, wind power plants, wind turbines and other wind-operated machines; analysis of technical data, namely, analysis of data for use in connection with the prediction of icing exposure, icing conditions, ice formation on blades and expected icing loss in connection with production of wind energy; providing of technical scientific information and data relating to conditions relating to the production of wind energy, including in relation to icing challenges; industrial analysis and research services in the field of wind energy; scientific services, namely, scientific research, analysis, and testing in the field of earth sciences; meteorological research; climatological research; meteorological information, including climate, weather, icing and wind analysis; climatological forecasts; forecasts on ice build-up and development hereof on blades for wind turbines; collection of information relating to meteorology and climatology; electronic storage of data; database development and maintenance services; preparation of technical reports, namely, assessment of icing challenges, prediction of icing exposure, icing conditions, ice formation on blades and expected icing loss on wind mills, wind power plants, wind turbines and other wind-operated machines; provision of scientific surveys; monitoring of wind mills, wind turbines and wind power plants and other renewable energy power plants to ensure proper functioning, including for the purpose of assessing icing challenges; supply of weather data and weather forecasts, including prediction of icing exposure and icing conditions; development and design of computer software and control systems for use in connection with monitoring, remote monitoring, controlling and operating wind mills, for collection of data regarding and from wind mills, wind power plants and regarding meteorological conditions, including data regarding icing exposure and icing conditions
