CASE IDENTIFIERS

Serial Number 88694634 **Application Filing Date** Nov. 15, 2019 **Register** Principal **Mark Type** Trademark **Publication Date** Mar. 17, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a caricature of a man's face on the upper left portion of the logo...smiling and pointing to a flower. The flower center is actually a vagina and the surrounding portions make up the rest of the vagina. This image of the "flower" is about half the size of the caricature. In print is the name "BILDO'S DILDOS" in bubble letters. The name "BILDO'S" is about half the size of the name "DILDOS", and smaller than the "flower" image. The "DILDOS" name portion actually is 2-tone with the lower section of the words darker than the upper. The "L" letters are actually that of a dildo. Below that in normal type, all capital letters, is the slogan: "THE ORIGINAL SELFIE STICK". **Color Claimed** Color is not claimed as a feature of the mark. **Disclaimer** "DILDOS" AND "ORIGINAL" **Name Portrait Consent** The name(s), portrait(s), and/or signature(s) shown in the mark identifies William Zigler, whose consent(s) to register is made of record.

CASE IDENTIFIERS

Serial Number 88720472 **Application Filing Date** Dec. 09, 2019 **Register** Principal **Mark Type** Trademark **Publication Date** Mar. 17, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a large flame-like design positioned in the center of the logo and partially enclosed in a large circle. The flame's outline is a thick orange line, while its contents are occasionally red with white blotches and occasionally brown with white and brown blotches. The circle that encloses the flame's circumference is a thick orange line and it is shaded in a brown and white color around those sections that are not superseded by the flame. At the bottom of the design, cutting the lower part of the circle enclosing the flame, and just below the flame, is the word "GASOLINA" written in full round characters and shaded in a color red that gradually turns to white at the top of the words and outlined in yellow. The letter "G" and "L" appear larger than the rest of the words, and the letters "ASO" and "INA" are underlined by a thick red line. The dot of the "I" is a flame like drawing. The color black represents background and is not a part of the mark. **Color Drawing** Yes **Color Claimed** The color(s) orange, red, yellow, brown, white is/are claimed as a feature of the mark. **Translation** The English translation of "GASOLINA" in the mark is "GASOLINE".

GOODS AND SERVICES INFORMATION

For Rigid pipes and valves therefor, not of metal; rigid pipes, not of metal, for building; non-metal structures for mounting heating, cooling, water heating and ventilation installations and transportable buildings, not of metal; structural parts and fittings for all the aforementioned goods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Apparatus for heating, cooling, water heating and/or ventilation, namely, heating elements, heating installations, hot water heating installations, air-conditioning, air cooling and ventilation apparatus and instruments, heating, cooling, water supply and ventilation systems for residential buildings primarily comprising heat pumps, heating units for industrial purposes and for heating commercial buildings, cooling units for industrial purposes and for cooling commercial buildings, heating and cooling systems primarily comprising heat pumps for intelligent waste heat utilization being used for industrial and commercial buildings as well as for industrial and commercial purposes; apparatus for waste heat utilization, namely, heating installations, hot water heating installations; heat pumps; heat pumps for waste heat utilization; heat pumps for utilization of waste heat, air, water and/or geothermal energy; residential heat pumps; industrial heat pumps; commercial heat pumps; solar thermal collectors for heating; solar energy powered apparatus for heating, cooling, water heating and/or ventilation, namely, solar-powered heaters for domestic, commercial or industrial use, solar water heaters, solar-powered cooling units, solar-powered room ventilation units; regenerative heat generators; storage units for thermal energy, namely, storage heaters; heat accumulators; heat regenerators; heat exchangers not being parts of machines; heating installations and systems consisting of heating installations; heating radiators; fan heaters; installations for technology and process cooling, in particular for industrial, commercial or medical-technical applications, namely, cooling units for industrial purposes, cooling units for industrial

process cooling and air-conditioning, industrial process chilling units, cooling units for cooling machines, machine tools and production lines, cooling units for cooling laser and high-tech applications, cooling units for cooling medical devices and medical diagnostic equipment, cooling units for cooling laboratories, cooling units for storerooms, refrigerators and cooling apparatus for medical storage purposes and none of the foregoing being parts of machines; cooling equipment, namely, evaporative air cooling units for residential purposes; refrigerating machines; cooling apparatus and installations, namely, air cooling units for industrial and commercial purposes, air cooling apparatus, cooling installations for water; cooling installations for liquids; water heaters; storage water heaters; ventilation installations, namely, room ventilation and air distribution units, ventilating fans for commercial and industrial use, ventilating exhaust fans, ventilation hoods, and ventilation systems consisting of room ventilation, air distribution and air purification units for buildings, in particular for residential buildings; residential ventilation apparatus, namely, ventilating fans for household use; air distribution apparatus, namely, air conditioners and installations consisting of air distribution apparatus, namely, air-conditioning installations; air-conditioning installations; air-conditioning apparatus; ventilating fans for commercial and industrial use; filtration instruments, namely, filters for water filtration, filters for air conditioning, air filters for room ventilation and for air distribution units in buildings; pipes being parts of sanitary installations; water supply installations, namely, faucets; gas burners, electric boilers and hot water heaters; food and beverage cooking, heating, cooling and treatment equipment, namely, thermoelectric cooler and heater for food and beverages; fireplaces; filters for industrial and household use, namely, water filters, air filters; industrial treatment installations, namely, industrial process chilling units, cooling units for cooling machines, machine tools and production lines, cooling units for cooling laser and high-tech applications, and none of the foregoing being parts of machines; industrial installations for the filtration of liquids being part of heating installations, cooling units, air-conditioning and ventilation installations; installations for the collection of gases being part of heating installations, cooling units, air-conditioning and ventilation installations; installations for the collection of liquids being part of heating installations, cooling units, air-conditioning and ventilation installations; industrial apparatus using air to assist in the drying of components in the electronics, semiconductor, circuit board, pharmaceutical, medical, food and beverage industries; refrigerating and freezing equipment, namely, electric refrigerators and freezers; regulating and safety accessories for water and gas installations, namely, pressure regulators for water installations, gas regulators, flashback arrestors and reverse flow check valves; structural parts and fittings for all the aforementioned goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Installation, repair and maintenance of apparatus for heating, water heating, cooling, ventilation, waste heat utilization and energy management; consultancy, advisory and information services relating to the aforementioned services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electrical conductors, electrical switches, electrical transformers, electrical accumulators, electrical voltage regulators, and electrical controllers; accumulators for electrical energy; programming modules, namely, electric control panels containing programming used for controlling the operation of heating, cooling and/or ventilation apparatus; electric control panels; electronic components in the nature of radio control switches and radio internal receivers for ventilation installations, heating installations, heat pumps and air-conditioning installations; controllers and regulators for energy supply systems in buildings,

namely, electronic controllers used to reduce energy consumption; electronic control systems for the management of heating, ventilation, temperature and/or energy; air quality sensors, not for medical use; measuring, detecting and monitoring instruments, apparatus and controllers, namely, electronic-based measuring instruments and apparatus for measuring environmental parameters including temperature, humidity and air quality, monitoring systems for buildings comprised of meters and sensors that measure temperature, humidity, air quality and include alarm and reporting functions, electronic regulating and control devices for energy supply and management in buildings, energy meters for tracking and monitoring energy usage, and electronic monitors to collect operational data and settings from heating, cooling and ventilation systems to ensure proper functioning; software and downloadable mobile applications for controlling heating, cooling and/or ventilation apparatus and installations, and for energy management; interfaces for computers, in particular for the communication between central server and applications such as heat pumps or ventilation apparatus; photovoltaic solar modules for generating electricity by solar energy; photovoltaic apparatus and installations for generating solar electricity, namely, photovoltaic systems that convert sunlight into electric and thermal energy, photovoltaic inverters and cells, and electronic device for monitoring and optimizing photovoltaic arrays; photovoltaic solar modules for production of electricity; solar cells for generating electricity; apparatus for recording, storage, transmission and/or reproduction of sounds and images; data processing equipment and computers; information technology and audio-visual, multimedia and photographic devices, namely, data display screens, touch screen user interfaces, computers, audiovisual receivers, and multimedia projectors; recorded content, namely, recorded operating programs for heating, cooling and/or ventilation apparatus; electric and electronic components, namely, electronic control panels, electric cables, electrical wires, electrical conductors and connection fittings therefor; structural parts and fittings for all the aforementioned apparatus

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Loaning and rental of heating, cooling, ventilating, energy production and energy management devices and systems, namely, of space heating apparatus, heating installations, hot water heating equipment, hot water heating installations, space cooling apparatus, cooling units for industrial purposes, room ventilation and air distribution units, air-conditioning apparatus, air purification equipment, heat pumps, power-generating equipment and power-control equipment; air and water conditioning and purification; energy production; consultancy, advisory and information services relating to the aforementioned services

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Flexible hoses, not of metal; flexible pipes, tubes, hoses and fittings therefor, namely, valves, and fittings for rigid pipes, all non-metallic; seals, namely, non-metal sealing rings for use as connection seals, non-metal seals for water or air pipe connections; sealants, namely, sealants for buildings, waterproof sealants, and fillers, namely, polyurethane sealants; insulation and barrier articles and materials, namely, building insulation, insulating materials; structural parts and fittings for all the aforementioned apparatus

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Consultancy in the field of energy-saving, namely, consultancy in the fields of energy measurement to improve energy efficiency; advisory services relating to the use of energy, namely, energy auditing; advisory services relating to energy efficiency, namely, advisory services in the fields of energy measurement to improve energy efficiency; technological consulting services in the field of alternative energy generation; technical development of integrated energy concepts, namely, engineering services in the field of energy efficiency; technical design and planning of cooling, heating and ventilation systems; energy auditing; auditing of the efficient use of energy; recording data for others relating to energy consumption on optical, digital and magnetic media for electronic storage; measurement evaluation services in the field of energy; research in the field of energy; IT services, namely, development, programming and implementation of computer software, development of computer hardware, server hosting and hosting of internet databases, software as a service (SaaS) services featuring software for controlling heating, cooling and/or ventilation apparatus and installations, and for energy management and rental of computer software, rental of computer hardware; IT consultancy, advisory and information; IT security services in the nature of protection and recovery of computer data, media duplication of data and data conversion of electronic information, computer system analysis and diagnostics, research and development of computers and computer systems, implementation of computer systems, computer project management services, data mining, digital watermarking, computer engineering services, computer technology consultancy, computer network services, namely, computer network configuration services and computer network design for others, data migration services, updating of websites for others, monitoring of computer systems by remote access to ensure proper functioning; electronic monitoring of energy supply systems by remote access to ensure proper functioning and to evaluate system data; conducting surveys, namely, engineering services in the field of cooling, air-conditioning, energy and heating technology; scientific and technological services, namely, scientific research, scientific analysis, and scientific testing in the fields of energy, heating, cooling and ventilation; testing in the field of energy, heating, cooling and ventilation products; quality control for others; design services for others in the field of heating, cooling and ventilation systems; consultancy, advisory and information services relating to the aforementioned services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Pipes, tubes and hoses, and fittings therefor, namely, valves, all of metal; metal structures for mounting heating, cooling, water heating and/or ventilation installations and transportable buildings of metal; structural parts and fittings for all the aforementioned goods

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

RELATED PROPERTIES INFORMATION

International Registration 1421202 **International Registration Date** Mar. 07, 2018

GOODS AND SERVICES INFORMATION

For Electrical metalworking machines, electrical motion machines, electrical mechatronics machines, Linear motions machines for moving objects, machines for manufacturing semiconductors, motors for machines, manufacturing machines, assembling machines, component for machines and electrical machine tools for metalworking, for manufacturing semiconductors, for motors, for manufacturing machines, for assembling machines; drives for machines, excluding computer drives; electrical motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; torque converters other than for land vehicles; catalytic converters; current generators; generators of electricity; emergency power generators; linear actuators

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Scientific apparatus and instruments, namely, electrical test equipment for circuit boards and measurement devices in the nature of measuring an electrical parameter; nautical apparatus and instruments, namely, radar equipment and communication equipment in the nature of electronic and optical communications instruments and components, wireless communication devices for voice, data or image transmission, and parts thereof; surveying apparatus and instruments, namely, digital camera systems, digital video camera systems, image processors in the nature of image optimization, object detection and recognition, motion detection, measurements and autofocusing and alarm monitoring systems; photographic apparatus and instruments, namely, digital camera systems and image processors in the nature of image optimization, object detection and recognition, motion detection, measurements and autofocusing; cinematographic apparatus and instruments, namely, digital video camera systems and image processors in the nature of image optimization, object detection and recognition, motion detection, measurements and autofocusing; optical apparatus and instruments, namely, optical inspection apparatus, optical sensor;

weighing apparatus and instruments, measuring apparatus and instruments, namely, electrical test equipment for circuit boards and measurement devices in the nature of measuring electrical parameter; signaling apparatus and instruments, namely, alarm monitoring systems, technical checking and supervision apparatus and instruments, for checking optical properties, mechanical properties, electronics temperature, pressure, quantity and concentration of gas and liquids, quantity and concentration of particulate matter; life-saving and teaching apparatus and instruments, namely, defibrillators; sensors for air quality measurements, namely, particle sensors; electronic control systems for machines or engines in semiconductor, medical, industrial, transport, automotive, infrastructure, domestic and energy markets; tracking and tracing apparatus to collect, process and present data of multiple sources of vehicles, comprised of antenna and radio transmitter; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity with applications in semiconductor, medical, industrial, transport, automotive, infrastructure, domestic and energy markets, namely, connectors, insulated copper wire, conductive fibers for conducting electrical charges, automatic transfer switches, electrical switches, electrical transformers, electric accumulators, circuit boards, printed circuit boards, integrated circuits; electric converters; inverters for electricity; chargers for electric batteries; charging stations for electric vehicles; battery chargers; wireless charging systems; electric current sensors; electric drives , namely, dual head drive, dual servo drive for motors; DC power amplifier, power amplifier DC; electrical power supplies; plasma power supplies; power distribution systems for medical systems, namely, power distribution panels or power distribution units, semiconductor systems; thermostats; thermostats for vehicles; apparatus for recording, transmission and reproduction of sound and images; safety and security cameras; calculating machines, data processing equipment, computers; computer operating software and parts thereof; computer operating software applications; computer operating programs; interfaces for computers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Treatment of materials by chemical treatment, electrical treatment, mechanical treatment, heat treatment, light treatment; custom assembling of electronic components for others

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific and technological services and research and design relating thereto, namely, scientific laboratory services, research services, development services, qualification services in the field of electrical engineering, mechanical engineering, process engineering, software engineering, manufacturing engineering; industrial analysis and research services, namely, testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; engineering; mechanical research; mechatronics research; research and development of new products for others; conducting technical project studies, namely, conducting scientific feasibility studies; material testing; design and development of computer hardware and software; electronic data storage; cloud computing featuring software for use in connecting, operating, and managing networked cars, homes, home automation systems, kitchen appliances, HVAC systems, central heating systems, in the internet of things; computer programming; computer software design; computer system analysis; computer software consultancy; computer technology consultancy; consultancy in the design and development of computer hardware; data security consultancy

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Education services, namely, providing classes, seminars, and workshops in the field of news, special interest features, sports, people, art, culture, entertainment in the nature of entertainment news, gossip, video games and tv shows, night life, travel, adventure, music and photography; providing of training, including practical training in the field of sports, athletic competition, physical fitness, music, photography, nature, science, history, mobile electronic devices, art, nutrition, information technology, business and management, engineering, architecture, health, agriculture, creative arts, gaming, television and radio broadcasting, filming and editing of video content; entertainment, namely, live music concerts, providing on-going radio programs and on-going television shows in the field of news, special interest features, sports, people, art, culture, night life, travel, adventure, music and photography; sporting and cultural activities, namely, organizing community sporting and cultural events; digital video, audio, and multimedia publishing of books, magazines, journals, software, games, music, and electronic publications, news syndication reporting, and providing news in the nature of current event reporting; organisation of conferences, exhibitions and competitions in the fields of education, culture, sports and organizing of entertainment festivals for non-business and non-commercial purposes, news reporting, special interest foreign travel, sports, interpersonal skills, art, night life, travel, adventure, music and photography, not downloadable; gambling; audio and video production, and photography; educational seminars and workshops and instruction services relating to sports, conducting fitness classes and coaching in the field of sports; library services; translation and interpretation; film production, other than advertising films; electronic game services provided on-line from a computer network; organisation of racing and sporting teams services, namely, operating races and tournaments for teams taking part in competitions

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Scientific apparatus and instruments, namely, satellites for scientific purposes, distillation apparatus for scientific purposes, probes for scientific purposes; marine compasses, navigational apparatus for boats; surveying apparatus and instruments; photographic apparatus and instruments, namely, photographic cameras, photographic projectors, photographic filters, lenses for photographic apparatus; cinematographic machines and apparatus; optical apparatus and instruments, namely, optical frames, optical sensors, optical readers, optical receivers, optical tables; weighing apparatus and instruments; measuring apparatus and instruments, namely, anemometers, hydrometers, measuring tapes, measuring rules; signalling apparatus and instruments, namely, signalling whistles, signalling buoys, signaling rotating lights; checking apparatus and instruments, namely, apparatus for checking flight parameters, technical checking apparatus and instruments for checking the temperature, pressure, quantity and concentration of gas and liquids; life-saving apparatus and instruments, namely, life jackets, life preservers, protective eyewear; teaching apparatus and instruments, namely, children's educational music CDs and DVDS and blocks used as teaching aids for visualization of math concepts; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electrical switches, transformers, accumulator boxes, battery charging devices; apparatus for recording of sound; apparatus for transmission of sound; apparatus for reproduction of sound; apparatus for recording of images; apparatus for transmission of images; apparatus for reproduction of images; magnetic data carriers, namely, blank magnetic data carriers and prerecorded magnetic data carriers featuring medicine, health, philanthropy, fundraising, current events, pop culture, sports, people, namely, celebrities, athletes, artists, musicians, and photographers, art, culture, entertainment in the nature of entertainment news, gossip, TV shows, video games, music and radio, night life, travel, adventure, music, lifestyle, fashion, beauty and photography; blank sound recording discs; prerecorded sound recording discs in the field of medicine, health, philanthropy, fundraising, current events, pop culture, sports, people, namely, celebrities, athletes, artists, musicians, and photographers, art, culture, entertainment in the nature of entertainment news, gossip, TV shows, video games, music and radio, night life, travel, adventure, music, lifestyle, fashion, beauty and photography; blank recordable compact discs; compact discs featuring music and voice recordings; blank recordable DVDs; pre-recorded DVDs featuring music and voice recordings; pre-recorded DVDs featuring games; digital recording media, namely, blank flash memory cards, blank USB flash drives, blank CD-ROMs, blank optical disks, blank video tapes, and blank computer floppy discs; mechanisms for coin-operated apparatus; cash registers; calculating machines; data processing equipment; computers; computer software for use in providing information, accessing and downloading electronic publications, and for data acquisition in the fields of current events, pop culture, sports, people, namely, celebrities, athletes, artists, musicians, and photographers, art, culture, entertainment, night life, travel, adventure, music, lifestyle, fashion, beauty and photography; fire-extinguishing apparatus; recordings of multimedia content, namely, pre-recorded video cassettes, digital video discs, digital versatile discs, downloadable audio and video recordings, DVDs, and high definition digital discs featuring current events, pop culture, sports, people, namely, celebrities, athletes, artists, musicians, and photographers, art, culture, entertainment in the nature of entertainment news, gossip, TV shows, video games, music and radio, night life, travel, adventure, music, lifestyle, fashion, beauty and photography; information technology and audiovisual equipment, namely, computers, audiovisual receivers; magnets, magnetizers and demagnetizers; scientific devices for treatment using electricity, namely, electrolysers; apparatus, instruments and cables for electricity, namely, electricity limiters, wire connectors, electrical cables; optical devices, enhancers and correctors, namely, optical couplers, optical fibers, optical lenses; safety, security,

protection and signalling devices, namely, safety goggles, safety headphones, hard hats, safety helmets, safety markers, life jackets, life belts, reflective safety vests, flashing safety lights, signaling whistles; diving equipment, namely, diving suits, diving helmets; navigation, guidance, tracking, targeting and map making devices, namely, directional compasses, GPS tracking devices; measuring apparatus and instruments, namely, distance measuring apparatus, measuring, detecting and monitoring instruments in the nature of time keeping apparatus, namely, time clocks, angle finders, laser distance meters and antenna parameter measuring apparatus, indicators and controllers, namely, devices generating signals to control synthesizers, sound modules or sample playback units and dial indicators; scientific research and laboratory apparatus, namely, spectrometers, crucibles; educational apparatus and simulators, namely, medical teaching mannequins, flight simulators and computer hardware and software-based teaching apparatus, namely, electronic sports training simulators; mobile telephones; SIM cards, software for mobile phones, namely, software for obtaining publications and multimedia content in the field of music; interactive multimedia computer game programs; portable media players; machine readable data carriers containing computer programs for use in obtaining publications and multimedia content featuring current events, pop culture, sports, people, namely, celebrities, athletes, artists, musicians, and photographers, art, culture, entertainment, night life, travel, adventure, music, lifestyle, fashion, beauty and photography; computer programs, namely, software for obtaining publications and multimedia content in the field of news, special interest features, sports, people, art, culture, entertainment, night life, travel, adventure, music and photography; computer game software; protective clothing, namely, body armour; protective spectacles; protective masks, namely, protective face mask not for medical purposes; protective helmets; spectacles; sunglasses; goggles for sports; headphones; covers for smartphones; cases for smartphones; selfie sticks, namely, hand-held monopods; smartglasses; smartwatches; wind socks for indicating wind direction; luminous signs; electronic notice boards; loudspeakers; wearable activity trackers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication services, namely, transmission of voice, data, graphics, images, podcasts, webcasts, audio and video by means of telecommunication networks, wireless communication networks, broadband optical or wireless networks; radio and television broadcasting services; communication by electronic computer terminals; providing internet access; provision and rental of telecommunications facilities and equipment; streaming of data; video-on-demand transmission; electronic bulletin board services

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

RELATED PROPERTIES INFORMATION

International Registration 1424442 **International Registration Date** Feb. 13, 2018

GOODS AND SERVICES INFORMATION

For Paper, cardboard; adhesives for stationery or household purposes; adhesive labels; plastic materials in the nature of plastic sheets, plastic films and plastic bags for packaging; packaging materials, namely, cardboard packaging; paper tags; paper identification tags; labels of paper or cardboard

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Dissemination of advertising for others via the Internet; on-line retail store services featuring a wide variety consumer goods of others; advertising and promoting the goods and services of others via a global computer network; promoting the goods and services of others by providing a website featuring coupons, discount offers, rebates, issuance of loyalty reward cards, links to the retail websites of others, online catalog services featuring a wide variety of consumer goods of others, comparison shopping services, and discount information; providing commercial business assistance to advertisers in creating, managing, and organizing online advertising and online product listings; advertising, marketing, and promotion services; advertising and marketing services, namely, promoting the goods and services of others; computerized database and file management; compiling indexes of information, sites and other resources available on global computer networks and other electronic and communications networks for others all for business purposes; administrative order processing, namely, administrative processing of purchase orders; promoting the goods and services of others by providing, searching, browsing and retrieving information, sites, and other resources available on global computer networks and other electronic and communications networks for others; providing consumer product information for the purpose of selecting general consumer

merchandise to meet the consumer's specifications; retail store and online retail store services featuring a wide variety of consumer goods

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Scientific and optical apparatus and instruments, namely, near field communications tags and chips in the nature of blank near field communication (NFC) tags, programmable NFC tags and NFC tags for providing identification and/or advertising information, radio frequency identification tags and chips, labels carrying magnetically or electronically recorded or encoded information, and near field communications and radio frequency identification technology-enabled readers; apparatus and instruments for surveying, weighing, measuring, signaling, checking and supervision, namely, near field communication and radio frequency identification tags and chips for recording, transmitting, processing, storing and exchanging data; apparatus for recording, transmission or reproduction of data, sound and images; software for reading near field communications and radio frequency identification tags and chips; software for near field communication and radio frequency identification; mobile data communications apparatus, namely, near field communications tags in the nature of blank NFC tags, programmable NFC tags and NFC tags for providing advertising information, and related software for measurements and communication with near field communications readers and transmitting coded identification information; blank digital data storage media; radio-frequency identification (RFID) readers; radio-frequency identification (RFID) tags; labels with integrated RFID chips, namely, labels carrying electronically, magnetically or optically recorded or encoded information; ultra-high frequency (UHF) tags, namely, near field communications (NFC) tags in the nature of blank NFC tags, programmable NFC tags and NFC tags for providing advertising information and radio-frequency identification (RFID) tags, and labels with sensor chips, namely, labels carrying electronically, magnetically or optically recorded or encoded information, for RF communication including RFID, NFC and/or UHF; RF devices, namely, radio-frequency receivers and radio-frequency transmitters including communication with RFID, NFC and/or UHF; radio-frequency identification (RFID) tags including communication with RFID, NFC and/or UHF; radio-frequency identification (RFID) labels including communication with RFID, NFC and/or UHF; electronic data carriers, namely, blank semiconductor data carriers, blank ferroelectric data carriers; electronic tags for goods; bar code labels carrying electronically recorded or encoded information; bar code labels carrying magnetically recorded or encoded information; bar code labels carrying optically recorded or encoded information; bar code labels with machine-readable codes; temperature indicator labels, not for medical purposes; printed electronic circuits; portable electronic transmitters and communication devices, namely, radio-frequency transmitters, transmitters of electronic signals, audio transmitter units and smartphones for transmitting, storing, organizing, manipulating, recording, and reviewing text, images, audio, video and data, including via global computer networks, wireless networks, and electronic communications networks; electronic transmitters and communication devices, namely, radio-frequency transmitters, transmitters of electronic signals, audio transmitter units and smartphones for transmitting, storing, displaying, and uploading information regarding potential purchases via a global communications network; personal digital assistant (PDA); electronic key fobs being remote control apparatus; barcode readers; barcode scanners; handheld scanner; mounts, case, and specialty holsters for portable and handheld electronic devices, namely, computer mounts and telephone cases; protective covers for portable and handheld electronic devices, namely, smartphones and computers; batteries and battery chargers for use as external power sources for handheld electronic devices; rechargeable batteries integrated into a protective case or housing with an electrical connector for use with handheld electronic devices; data processing systems, namely, data processing equipment; computer software for transmitting, storing,

manipulating, organizing recording, and reviewing text, images, audio, video and data, including via global computer networks, wireless networks, and electronic communications networks; computer software enabling content, text, and other data to be downloaded to and accessed on a computer or other portable consumer electronic device, including multimedia devices; computer software for use in barcode scanning and price comparison; portable electronic devices, namely, smartphones, audio transmitter units and computers for receiving, transmitting and reading text, images and sound through wireless Internet access; digital audio players; audio recorders; digital video players; portable apparatus for recording, transmission and reproduction of music; portable apparatus for recording, transmission and reproduction of video; apparatus for recording, transmission and reproduction of video; television and radio signal transmitters and receivers; remote controls for computers; computer software, namely, computer software for assigning and managing NFC tags, for associating products, product information, identification information and advertising information with NFC tags, and for database management; downloadable desktop and mobile publishing software; replacement parts and fittings for all the aforesaid goods; downloadable software application for transmitting, storing, manipulating, organizing recording, and reviewing text, images, audio, video and data, including via global computer networks, wireless networks, and electronic communications networks; downloadable software application enabling content, text, and other data to be downloaded to and accessed on a computer or other portable consumer electronic device; downloadable software application for voice recognition and speech to text conversion; downloadable software application for processing voice commands, and creating audio responses to voice commands; downloadable computer application software for use in implementing the Internet of things (IoT); computer hardware modules for use in electronic devices using the Internet of things (IoT)

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication gateway services; access services, namely, providing access to telecommunication networks showing content, websites and portals; providing access to platforms and portals, namely, providing users with access to an Internet website or temporary access to a supercomputer or cloud computer for the purpose of running a mobile application where electronic messages for mobile devices equipped with near field communication can be written, sent, received and reviewed; providing access to e-commerce platforms on the Internet, namely, Internet access provider services; digital transfer services in the nature of transfer of data by telecommunications and electronic transmission services of data via the Internet, namely, via near field communications; providing access to databases; providing electronic bulletin boards; telecommunications services, namely, delivery of messages by electronic transmission, electronic transmission of information and data via wireless communications networks; provision of information, consultancy and advisory services relating to the aforesaid

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Scientific and technological services, namely, research and design in the field of printed electronic circuits, printed sensors and near field communications; scientific and technological services and research and design relating thereto, namely, technology solutions in the nature of computer hardware and software systems for the purpose of consumer messaging and building, monitoring and extending consumer interactions and engagement; industrial analysis and research services, namely, analysis of containers for the purpose of product authentication in the field of commerce and tracking to protect against tampering, to assess use and to ensure the integrity of genuine product, excluding tracking and recovery of stolen property; design and development of computer hardware and software; electronic data storage; consultancy in the field of computer

software; cloud computing, namely, software as a service (SAAS) services featuring software for digital and mobile marketing; cloud computing, namely, software as a service (SAAS) services featuring software for use in consumer messaging, for identifying, displaying, and transmitting information about products and services, and for use in supply-chain management, inventory management and sensory applications; cloud computing, namely, software as a service (SAAS) services featuring software that allows third parties to create and publish automated consumer messaging and provide promotional and informational materials associated with retail products and services; cloud computing, namely, software as a service (SAAS) services featuring computer application software for delivery of content provided by brand owners and businesses to consumers via the Internet or a consumer's mobile and wireless device; cloud computing, namely, software as a service (SAAS) services featuring software enabling consumer engagement by transmission and receipt of advertising, promotions and product information; cloud computing, namely, software as a service (SAAS) services featuring software for use in retail spaces by retailers and retail brands to facilitate and track consumer engagement and for displaying product information and monitoring and tracking product interest and transactions; cloud computing, namely, software as a service (SAAS) services featuring software for processing and analyzing consumer interaction and engagement with a retail product or service; technological services, namely, research in the field of computer hardware for customer engagement; technical support services, namely, troubleshooting in the nature of diagnosing portable and handheld electronic device problems and assisting with resolution; providing online temporary use of non-downloadable computer software for managing the sale of goods and services, namely, managing purchase order and fulfilment workflow, publishing and managing product and services offerings, tracking of sales and inventory, categorizing of merchandise, merchandising and presentation of product and service offerings, analyzing and reporting data relating to managing the sale of goods and services; providing online temporary use of non-downloadable computer software for managing the sale of goods and services, namely, managing purchase order and fulfilment workflow, publishing and managing product and services offerings, tracking of sales and inventory, categorizing of merchandise, merchandising and presentation of product and service offerings, analyzing and reporting data relating to managing the sale of goods and services; providing an on-line network environment that features technology that enable users to share content, text, and other data; design and development of computer hardware and software, application services provider, namely, remote hosting of computer operating systems and computer applications of others; application services provider, namely, computer hosting operating systems and computer applications of others through the Internet and providing temporary use of online non-downloadable software for managing computer applications; computer services, namely, hosting a computerized on-line search and ordering service website for others featuring the wholesale and retail distribution of household and consumer goods; providing temporary use of online non-downloadable mobile communications device software for enhancing mobile access to the Internet via computers, mobile computers, and mobile communications devices; technical support, namely, troubleshooting in the nature of diagnosing computer hardware and software problems and mobile computer and mobile communications device hardware and software problems,; computer hardware and software development consultation and computer hardware and software design services, computer software design for others; software consultation and design, mobile computer and mobile communications device software design for others, cloud computing featuring software for use in database management; application service provider (ASP) featuring software for use in database management, platform as a service (PAAS) featuring computer software platforms for use in database management; software as a service (SAAS) services featuring software for use in database management, consultancy and advisory services relating to the aforesaid; providing temporary use of online non-downloadable computer software for creating and providing user access to searchable databases of information and data; providing temporary use of non-downloadable computer software for wireless

content delivery; providing temporary use of non-downloadable computer software for online shopping; providing temporary use of non-downloadable computer software that provides retail and ordering services for a wide variety of consumer goods; providing temporary use of non-downloadable computer software for use in disseminating advertising for others; providing temporary use of non-downloadable computer software for use in sharing information about products, services, and deals; providing temporary use of non-downloadable computer software for use in barcode scanning and price comparison; hosting of digital content on the Internet
