MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of a generally circular emblem comprised of a plurality of curved and angular graphical elements. In the center of the emblem the graphical elements are oriented in such a way to suggest the form of a tree having curved branches above, a central vertical trunk, and angular roots below. The roots can also suggest a series of buildings, computer towers, or other modern elements with perpendicular corners. The entire emblem is surrounded by an external border which almost completely forms the outer edge of the circular emblem. At two lateral intervals, the border is broken or incomplete. **Color Claimed** Color is not claimed as a feature of the mark.

For Installation, maintenance and repair of apparatus for generating, conducting, distributing, transforming, accumulating, regulating and controlling solar power and electric current; installation, maintenance and repair of photovoltaic solar systems, namely, photovoltaic cells; installation of photovoltaic solar generators; installation of photovoltaic solar modules being photovoltaic cells and photovoltaic hybrid solar modules being photovoltaic cells; information and advice on installing, maintaining and repairing apparatus for producing, conducting, distributing, transforming, accumulating, regulating and controlling solar power and electric current; information and consulting in connection with installing, maintaining and repairing photovoltaic solar systems, namely, photovoltaic cells; installation, maintenance and repair of air conditioning apparatus, lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply apparatus, electrical apparatus for cooling air, climatization apparatus, air-conditioning instruments, hot air apparatus, air reheaters, machine heat accumulators; information and consulting in connection with installing, maintaining and repairing of air conditioning apparatus, lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply apparatus, electrical apparatus for cooling air, climatization apparatus, air-conditioning instruments, hot air apparatus, air reheaters, machine heat accumulators; construction, maintenance and repair of factories, buildings and power stations; construction information; construction management supervision; vermin control and extermination for power plants; installation, maintenance and repair of power plants; information on repairs, installation and maintenance for power plants, factories and buildings; construction, maintenance and repair of installations for providing, generating and distributing power, especially of electricity, heating and water; installation and maintenance of hardware for protection system for security installations especially in buildings and installations for providing, generating and distributing power, also via a telecommunications network; installation and maintenance of hardware for intelligent systems for buildings and individual houses; installation and maintenance of hardware for home automation installations and hardware for programmable automatons and installations for the technical management of buildings; installation and maintenance of hardware for home automation systems as well as hardware for programmable automated systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus and instruments for generating, conducting, supplying, processing, accumulating, regulating and controlling solar power and electrical current, namely, photovoltaic solar modules for production of electricity, solar panels for production of electricity; photovoltaic solar plants, namely, photovoltaic cells, photovoltaic solar generator units in the nature of photovoltaic solar modules for production of electricity, photovoltaic solar modules being photovoltaic cells and photovoltaic hybrid solar modules being photovoltaic cells; photovoltaic cells for producing solar power, photovoltaic and thermal solar sensors for power generation for measuring solar radiation, solar panels for producing photovoltaic solar power being photovoltaic cells, modules for producing photovoltaic solar power being photovoltaic cells, photovoltaic panels for producing solar power being photovoltaic cells; photoelectric sensors; solar batteries, solar battery chargers; electric relays, electric

switches, electric separating switches, branch boxes in the nature of electrical distribution branch boxes, electrical power supply units, namely, power distribution boxes and boards; switchboards, electric distribution consoles, namely, electricity distribution boards; electrical supply systems, namely, electricity distribution panels and boards; switch boxes, electrical distribution branch boxes, induction voltage regulators; inverters

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific and technological services and research, namely, scientific research, development of measures for saving energy using the sun, air, water and earth, technical design of photovoltaic solar and thermal plants; technological consulting relating to solar power and solar and photovoltaic installations; engineering services, namely, industrial measurement and testing services, conducting technical checks and tests, technical measurements; technical research and development services for photovoltaic and solar installations, engineering services, construction drafting, quality control, design of roof and facade for buildings, technical project studies, namely, conducting of feasibility studies, technological consulting relating to alternative energies other than fossil fuels, environmental protection, and environmental assessments, engineering consulting in the field of energy saving

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys, steels; building materials of metal, namely, metal cladding, soffits, fascia for further installation; buildings, transportable, of metal; roofing of metal and component parts thereof; roof coverings of metal, namely, steel decks; photovoltaic solar tiles of metal; metal panels for roofing, metal wall panels, metal floor panels, metal plates, namely, metal wainscots, metal sheathing IN THE NATURE OF SHEET METAL LININGS, metal coverings FOR CEILINGS, and metal sheet plates IN THE NATURE OF STEEL PLATES, metal facings for construction IN THE NATURE OF METAL CURTAIN WALLS, metal claddings for construction; sheets and plates of metal, namely, sheet metal, clad steel plates and sheets; support frames of metal for building and construction and structural parts and components thereof; all support frames of metal and parts and components thereof enabling the attachment of photovoltaic and thermal solar panels, units or cells, especially metal frames, metal strips, metal panels, metal rails; parts and components made of metals, alloys and composites, for photovoltaic and thermal panels, units or cells, namely, metal structure of mounting photovoltaic and thermal panels, units and cells

For [Electronic agendas; bar code readers; central processing units (processors); integrated circuit chips; computer operating programs, recorded; computer peripheral devices; computer software to monitor and control factory manufacturing processes; computers; data processing apparatus; electric arc cutting machines; electric arc welding machines; electric welding machines; galvanizing machines; integrated circuit cards (smart cards); integrated circuits; intercommunication apparatus, namely, apparatus for transmission of communication; juke boxes for computers; lasers, not for medical purposes; blank magnetic data carriers; magnetic encoders; computer monitors; optical character readers; blank optical data carriers; portable telephones; printed circuits; magnetic coded card readers; semi-conductors; telephone apparatus; telecommunications transmitters; video telephones; silicon wafers; color filters for liquid crystal display; flexible printed circuit materials, namely, printed circuit boards; choking coils for use in electrical apparatus; metal surface galvanizing machines; spark plug gap gauges; downloadable electronic publications in the nature of magazines in the field of steel industry; transistors (electronic); electrical power distribution blocks, panels and units; electric transformers; induction voltage regulators; electric reactors; electric meters, electric circuit testers, magnetic field meters, magnetic field testers; wattmeters; watt hour meters; rotary converters; optical phase shifters; electric flat irons; electric hair-curlers, other than hand implements; electric buzzers; telecommunication devices and apparatus, namely, oscillators; magnetic cores; resistance wires; electrodes; electromagnets; photographic instruments and apparatus, namely, cameras cinematographic instruments and apparatus, namely, movie projectors; testing and measuring equipment for use in measuring length, flatness, temperature and hardness of metalware; batteries, electric; lithium-ion secondary batteries; calculating machines; photocopiers (photographic, electrostatic, thermic); printers; facsimile machines; printers for computers; abacuses; slide-rules; ozonisers (ozonators); heat sinks for integrated circuits; heat sinks for semiconductor elements; heat sinks for computers; heat sinks for electronic machines and apparatus; electrodes for welding; electric wires for antennas; meteorological instruments of metal; magnets arranged for converting human effort into mechanical lifting power; power conversion elements, namely, electrical power converters * Electronic agendas; bar code readers; central processing units (processors); integrated circuit chips; computer operating programs, recorded; computer peripheral devices; computer software to monitor and control factory manufacturing processes; computers; data processing apparatus; electric arc cutting machines; electric arc welding machines; electric welding machines; galvanizing machines; integrated circuit cards (smart cards); integrated circuits; intercommunication apparatus, namely, apparatus for transmission of communication; juke boxes for computers; lasers, not for medical purposes; blank magnetic data carriers; magnetic encoders;

computer monitors; optical character readers; blank optical data carriers; portable telephones; printed circuits; magnetic coded card readers; semi-conductors; telephone apparatus; telecommunications transmitters; video telephones; silicon wafers; color filters for liquid crystal display; flexible printed circuit materials, namely, printed circuit boards; choking coils for use in electrical apparatus; metal surface galvanizing machines transistors (electronic); electrical power distribution blocks, panels and units; electric transformers; induction voltage regulators; electric reactors; electric meters, electric circuit testers, magnetic field meters, magnetic field testers; wattmeters; watt hour meters; rotary converters; optical phase shifters; telecommunication devices and apparatus, namely, oscillators; magnetic cores; resistance wires; electrodes; electromagnets; testing and measuring equipment for use in measuring length, flatness, temperature and hardness of metalware; batteries, electric; lithium-ion secondary batteries; calculating machines; photocopiers (photographic, electrostatic, thermic); printers; facsimile machines; printers for computers; heat sinks for integrated circuits; heat sinks for semiconductor elements; heat sinks for computers; heat sinks for electronic machines and apparatus; electrodes for welding; electric wires for antennas; meteorological instruments of metal; magnets arranged for converting human effort into mechanical lifting power; power conversion elements, namely, electrical power converters *]

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For [Coke; industrial oil; all-purpose lubricants; lubricating grease; lubricating oil; ester base oil; cutting oils; solid film lubricants; benzene fuel; xylene fuel]

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For [Electrical insulating materials; soundproofing materials of rock wool (not for building purposes); insulating oils; plastic film other than for wrapping, for commercial and industrial use; semi-finished acrylic molded plastic substances, for use in steel industry; semi-worked synthetic resins as semi-finished products in the form of pellets, rods, foils, foams, fibers, films and sheets; gaskets of metal for vehicle engines]

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For [Architectural consultation; architectural design; construction drafting; urban planning; architectural analysis; engineering services in the field of electrical power plants; engineering services in the field of chemical plants; engineering services in the field of steel plants; engineering services in the field of waste treatment plants; engineering services in the field of polychlorinated biphenyl treatment plants; engineering services in the field of liquefied natural gas plants; engineering services in the field of recycling plants; engineering services in the field of energy plants; engineering services in the field of receiving and storage plants; engineering services in the field of floating structures; engineering services in the field of offshore steel structures; designing for others of base-isolation and vibration-control devices for the construction industry; technical consultation in the field of engineering services in the field of electrical power plants; technical consultation in the field of engineering services in the field of chemical plants; technical consultation in the field of engineering services in the field of steel plants; technical consultation in the field of engineering services in the field of waste treatment plants; technical consultation in the field of engineering services in the field of polychlorinated biphenyl treatment plants; technical consultation in the field of engineering services in the field of liquefied natural gas plants; technical consultation in the field of engineering services in the field of recycling plants; technical consultation in the field of engineering services in the field of energy plants; technical consultation in the field of engineering services in the field of receiving and storage plants; technical consultation in

the field of engineering services in the field of floating structures; technical consultation in the field of engineering services in the field of offshore steel structures; technical consultancy service for steel making in the field of engineering services with respect to steel production; consultancy in the field of design of computer hardware systems for others; computer programming; computer software design; computer system design; computer system analysis; computer virus protection services; maintenance of computer software; updating of computer software; conversion of data and documents from physical to electronic media; creating and maintaining Web sites for others; data conversion of computer programs and data, not physical conversion; duplication of computer programs; installation of computer software; computer services, namely, providing search engines for obtaining data from the Internet; recovery of computer data; computer software consultancy; mechanical research; research on building construction and city planning; testing and research on prevention of pollution; testing and research on electricity; testing and research on civil engineering; testing, inspection and research on agriculture, livestock breeding and fisheries; testing and research on machines, apparatus and instruments; material testing; research in the field of environmental protection; underwater exploration; rental of computer software; rental of Web servers; hosting of web sites of others on a computer server for a global computer network; calibration (measuring); architectural design; surveying; conducting a geological survey and geological research; designing, namely, civil engineering for the design of bridges and roads; testing, inspection and research of pharmaceuticals, cosmetics and foodstuff; testing, inspection and research on metals and their alloys; testing, inspection, and research on steel plates and sheets; engineering services regarding chemical plant and steelmaking plant design and providing information on engineering with respect to; designing of machines, apparatus, instruments (including their parts) and systems composed of such machines, apparatus and instruments; [providing meteorological information; rental of measuring apparatus; rental of laboratory apparatus and instruments;] rental of computers including central processing units, electronic circuits, magnetic discs and magnetic tapes recorded with computer programs and other peripheral devices; engineering services for others in the nature of design of building, namely, pile driving, foundation, column, beam, wall, floor and roof; providing information pertaining to engineering services with respect to the design of design of building, namely, pile driving, foundation, column, beam, wall, floor and roof; research and development in the steel and construction fields; quality control for others; water quality survey; chemical analysis; bacteriological research]

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For [Alloys of common metal; aluminum; aluminum foil; aluminum wire; balls of steel; boxes of common metal; brackets of metal for building; brass, unwrought or semi-wrought; brazing alloys; rods of metal for brazing; building boards of metal, namely, ceiling boards and floor boards; portable buildings made primarily of metal; cast iron, unwrought or semi-wrought; cast steel; common metals, unwrought or semi-wrought; containers of metal for storage; copper, unwrought or semi-wrought; crash barriers of metal for roads; fittings of metal for building, namely, metal pipe fittings for buildings and metal joinery fittings for buildings; flanges of metal (collars); foundry chill-molds of metal; framework of metal for building; gold solder; indium; ingots of common metal; iron ores; iron, unwrought or semi-wrought; iron wire; joists of metal; lead, unwrought or semi-wrought; linings of metal for building purposes; manhole covers of metal; manifolds of metal for pipelines; materials of metal for funicular railway construction; metal powders used in manufacturing; nickel; niobium; pillars of metal for buildings; pipe muffs of metal; poles of metal; posts of metal; railroad ties of metal; rails of metal; Materials of metal for railway construction; railway sleepers of metal; reinforcing materials of metal for building; construction materials, namely, metal piles;

sheet metal and semi-finished plates of metal for use in further manufacture; silver plated tin alloy; silver solder; metal expanding sleeves for affixing screws; soldering wire of metal; steel alloys; steel pipes; steel sheets; steel strip; steel, unwrought or semi-wrought; steel wire; strap-hinges of metal; tantalum (metal); tin; tinfoil; sheets of tin plate; titanium; titanium iron; tombac; trellises of metal; tubes of metal; tungsten ores; vanadium; rods of metal for welding; non-electrical wire of common metal; non-electrical wire of common metal alloys, except fuse wire; wire rope; zirconium alloy tubes and straps; steel bars; steel strands; non-electrical steel cables; wire of metal for welding; heavy steel plates; hot-rolled steel sheets and coils; cold-rolled steel sheets and coils; tin free steel sheets and coils; galvanized steel sheets and coils; bars and plates of copper for further manufacture; bars and plates of zinc for further manufacture; copper sheets; steel in the form of bands for use in further manufacture; advertisement columns of metal; alloy of common metals in roll form; alloy steel for construction and for further manufacture of steel brackets; common metal alloys for further manufacture of battery electrodes; alloys of nonferrous common metals; alloys of common metal, heat-resistant, acid-resistant and corrosion-resistant; aluminum pipes; aluminum and its alloys; anchor plates of metal; anchors; angle irons of metal; metal angle valves not being parts of machines; anti-friction metal common metal for use in the further manufacture of bearings; anvils; armour plate; artificial fish reefs of metal; automatic control valves of metal for regulating the flow of gases and liquids; ball valves of metal for regulating the flow of gases and liquids; bands of metal for tying-up purposes; metal bars for use in further manufacture; bars for metal railings; non-luminous metal beacons; metal bells; metal bells for animals; metal billets; binding screws of metal for cables and tubes; bins of metal; blooms (metallurgy); bolts of metal; containers of metal in the form of bottles for compressed gas or liquid air; branching pipes of metal; brass and its alloys; unwrought or semi-wrought brass in the form of sheets, strips, and bars; works of art of bronze; metal building materials in the form of pipes and tubes, not including boiler tubes or parts of machines; building panels of metal; portable buildings made primarily of metal; mooring buoys of metal; metal valves not being parts of machines; metal, non-electric expansion joints for cables; non-electric cables and wires of common metals; cans of metal; casings of metal for oil wells; cast iron vessels, namely, cast iron material for railroad tracks; casters of metal; metal castings; castings, foils, powder, and rolled, drawn or extruded semi-finished articles of titanium or its alloys; metal ceiling panels; chains of metal (except driving chains for vehicles); metal chains for securing dogs; chimneys of metal; chromium; clad steel plates and sheets; cladding of metal for construction and building; clips of metal for cables and pipes; closures of metal for containers; collars of metal for fastening pipes; collecting pipes of metal; pre-fabricated metal architectural columns; common metal works of art; common metals and their alloys; common metals, unwrought or semi-wrought, for further manufacture; containers of metal for chemicals, compressed gases and liquids; containers of metal for compressed gas or liquid air; containers of metal for liquid fuel; containers of metal for storing acids; containers of metal for transport; copper and its alloys; unwrought or semi-wrought copper in the form of sheets, strips and bars, for further manufacture; metal cotter pins; couplings of metal for use with pipeline for carrying oil and gas; drain pipes of metal; duckboards of metal; ducts and pipes of metal for central heating installations; elbows of metal for pipes; extruded semi-finished articles of steel; metal fishplates in the nature of hardware for fastening rails; joinery fittings of metal for furniture; joinery fittings of metal for windows; fittings of metal for pipework; flanges of metal; flashing of metal, for building; floor tiles of metal; metal forgoings; foundry chill-molds; and anvils made of steel; frame work of metal for prefabrication; frames of metal for building; free cutting steel plates and sheets; modular metallic buildings; metal cylinders for compressed gas or liquids, sold empty; girders of metal; gratings of metal; gravestones of metal; grilles of metal, namely, rockslide retention wire nets; metal guard rails for city streets; guard rails of metal; gutter pipes of metal; gutters of metal; handcuffs; hollow steel bars; barrel hoops of iron; barrel hoops of steel; industrial packaging containers of metal; ingots of metals, not of precious metals; unwrought iron and semi-wrought iron in the

form of sheets, slabs and strips; irons and steels; junctions of metal for pipes; metal keys for locks; loading and unloading pallets of metal; metal locks; locks of metal, other than electric; lubricating nipples, namely, grease nipples; machine belt fasteners of metal; magnesium; materials of metal for railway tracks; metal cylinders for compressed gas, semi-wrought; metal flanges; construction elements made of metal, namely, fabricated metal plates for building foundations; metal frames for packing, for purposes of transport and storage of pipes; metal joinery fittings; metal junctions for pipes; metal latches of gates; metal lids and caps for industrial packaging containers; metal materials for pre-fabricated building; materials of metal for scaffolds; metal moulds for forming foundation of pre-fabricated buildings; metal pipes and tubes; semi-finished steel pipes and tubes for use with boilers; metal pulleys; metal pulleys, springs and valves (not including machine elements); metal sheets for building use; metal stoppers for industrial packaging containers; metal tombs; metal cable wire; metal wires rods for brazing and welding, non-electric; metallic alloy pipes; metallic barrels; metallic bins; metallic caps for containers; metallic containers for compressed gas in the form of capsules, sold empty; metallic road signs, not luminous nor mechanical; metallic pipes; metal swimming pools; metals and their alloys; ores of metal; miscellaneous hardware of metal, namely, pulleys, springs, and nuts; miscellaneous pilings of metal; miscellaneous steel pipes; molybdenum; mooring bollards of metal; nails and screws of metal; non-electric cables and wires of common metal; nonferrous metals and their alloys; oil spray nozzles, fuel spray nozzles, of metal for commercial and industrial use; nuts of metal; nuts and screws made of metal; metal oil pipe; metal ores; ores of common metal; industrial packaging containers of metal; partitions of metal for office use; partitions of metals; pegs of metal; penstock pipes of metal; petroleum and casing pipes of metal; pilings of metal; pipe fittings of metal; pipe joints of metal; pipelines of metal; pipes of metal (not being parts of machines and/or of boilers); pipes and tubes of metal; pipes and tubes of metal and their alloys, not being parts of machines or parts of cooling, warming and distilling installations; pipes of metal; pipes of metal, for central heating installations; pipework of metal; pipework of metal, not included in metal materials for building or construction; mountaineering equipment, namely, pitons of metal; plugs of metal; posts of metal for electric lines; poultry cages of metal; prefabricated metallic houses and other buildings; metallic screens and panels for constructing prefabricated metallic houses and other buildings; prefabricated metal parts for bridges, namely, braces; metal rails and other metallic materials for railway tracks; railway points; railway points; rare-earth alloys for magnets; refractory construction materials of metal; reinforcing materials of metal for machine belts; reinforcing materials of metal for pipes; reinforcing materials, of metal, for concrete; reservoirs of metal; road signs of metal (not luminous nor mechanical); rolled steels; roof coverings of metal; roof flashing of metal; roofing of metal; ropes of metal; safety deposit boxes; cash boxes of metal; screws of metal; sealing caps of metal; semi-finished steel; semi-products of steel; sheet metal; iron sheets; horseshoe nails; metal casting forms for concrete; upright signboards of common metal; slabs of metal; metal hardware, namely, springs; metal springs and valves, not being parts of machines; metal hardware, namely, springs for furniture; spurs; stainless-steel coils; steel; rolled steels for rolling operations; angle irons of steel; steel balls, not included in other classes; steel blooms; steel frames for building; steel joists for use in building; steel materials for railway construction; steel or metallic water and gas pipe; loading and unloading steel pallets; steel panels for flooring; steel tubes; steel plates; steel poles; steel rails; tapered steel poles; steel tubes for boilers, semi-wrought; steel for use as raw materials for automobile parts; semi-finished steel in the form of balls, tubes and plates for use in the further manufacture of bearings; semi-finished steel in the form of tubes for use in the further manufacture of boilers; steels, heat-resistant, acid-resistant and corrosion-resistant; stopper-shaped or lid-shaped metallic shield for protecting screw parts of pipes; straps of metal for handling loads; metal binding strips used on packaging; metal storage tanks; thin metal bands for binding; titanium alloys; titanium bars; tool boxes of metal, empty; transportable

buildings of metal; traps for wild animals; tree protectors of metal; tube and pipe of steel; unwrought and partially wrought common metals and alloys; valves of metal, other than parts of machines; vice benches of metal; wall cladding of metal for building; wall linings of metal for building; wall plugs of metal; water-pipes of metal; wild animals traps; wire nets and gauzes; works of art of common metal; wrapping or binding bands of metal; zinc and its alloys; zinc-coated steel sheets; brass sheets] * Alloys of common metal; aluminum; aluminum foil; aluminum wire; balls of steel; boxes of common metal; brackets of metal for building; brass, unwrought or semi-wrought; brazing alloys; rods of metal for brazing; building boards of metal, namely, ceiling boards and floor boards; portable buildings made primarily of metal; cast iron, unwrought or semi-wrought; cast steel; common metals, unwrought or semi-wrought; containers of metal for storage; copper, unwrought or semi-wrought; crash barriers of metal for roads; fittings of metal for building, namely, metal pipe fittings for buildings and metal joinery fittings for buildings; flanges of metal (collars); foundry chill-molds of metal; framework of metal for building; gold solder; indium; ingots of common metal; iron ores; iron, unwrought or semi-wrought; iron wire; joists of metal; lead, unwrought or semi-wrought; linings of metal for building purposes; manhole covers of metal; manifolds of metal for pipelines; materials of metal for funicular railway construction; metal powders used in manufacturing; nickel; niobium; pillars of metal for buildings; pipe muffs of metal; poles of metal; posts of metal; railroad ties of metal; rails of metal; Materials of metal for railway construction; railway sleepers of metal; reinforcing materials of metal for building; construction materials, namely, metal piles; sheet metal and semi-finished plates of metal for use in further manufacture; silver plated tin alloy; silver solder; metal expanding sleeves for affixing screws; soldering wire of metal; steel alloys; steel pipes; steel sheets; steel strip; steel, unwrought or semi-wrought; steel wire; strap-hinges of metal; tantalum (metal); tin; tinfoil; sheets of tin plate; titanium; titanium iron; tombac; trellises of metal; tubes of metal; tungsten ores; vanadium; rods of metal for welding; non-electrical wire of common metal; non-electrical wire of common metal alloys, except fuse wire; wire rope; zirconium alloy tubes and straps; steel bars; steel strands; non-electrical steel cables; wire of metal for welding; heavy steel plates; hot-rolled steel sheets and coils; cold-rolled steel sheets and coils; tin free steel sheets and coils; galvanized steel sheets and coils; bars and plates of copper for further manufacture; bars and plates of zinc for further manufacture; copper sheets; steel in the form of bands for use in further manufacture; advertisement columns of metal; alloy of common metals in roll form; alloy steel for construction and for further manufacture of steel brackets; alloys of nonferrous common metals; alloys of common metal, heat-resistant, acid-resistant and corrosion-resistant; aluminum pipes; aluminum and its alloys; anchor plates of metal; angle irons of metal; metal angle valves not being parts of machines; anti-friction metal common metal for use in the further manufacture of bearings; armour plate; artificial fish reefs of metal; automatic control valves of metal for regulating the flow of gases and liquids; ball valves of metal for regulating the flow of gases and liquids; bands of metal for tying-up purposes; metal bars for use in further manufacture; bars for metal railings; metal billets; binding screws of metal for cables and tubes; bins of metal; blooms (metallurgy); bolts of metal; containers of metal in the form of bottles for compressed gas or liquid air; branching pipes of metal; brass and its alloys; unwrought or semi-wrought brass in the form of sheets, strips, and bars; works of art of bronze; metal building materials in the form of pipes and tubes, not including boiler tubes or parts of machines; building panels of metal; portable buildings made primarily of metal; metal valves not being parts of machines; metal, non-electric expansion joints for cables; non-electric cables and wires of common metals; cans of metal; casings of metal for oil wells; cast iron vessels, namely, cast iron material for railroad tracks; casters of metal; metal castings; castings, foils, powder, and rolled, drawn or extruded semi-finished articles of titanium or its alloys; metal ceiling panels; chains of metal (except driving chains for vehicles); chimneys of metal; chromium; clad steel plates and sheets; cladding of metal for construction and building; clips of metal for cables and pipes; closures of metal for containers; collars of metal for fastening pipes; collecting pipes of metal;

pre-fabricated metal architectural columns; iron works of art being sculptures; common metals and their alloys; common metals, unwrought or semi-wrought, for further manufacture; containers of metal for compressed gas or liquid air; containers of metal for liquid fuel; containers of metal for storing acids; containers of metal for transport; copper and its alloys; unwrought or semi-wrought copper in the form of sheets, strips and bars, for further manufacture; couplings of metal for use with pipeline for carrying oil and gas; drain pipes of metal; duckboards of metal; ducts and pipes of metal for central heating installations; elbows of metal for pipes; extruded semi-finished articles of steel; metal fishplates in the nature of hardware for fastening rails; joinery fittings of metal for furniture; joinery fittings of metal for windows; fittings of metal for pipework; flanges of metal; flashing of metal, for building; floor tiles of metal; steel forgoings; foundry chill-molds; frame work of metal for prefabrication; frames of metal for building; free cutting steel plates and sheets; modular metallic buildings; metal cylinders for compressed gas or liquids, sold empty; girders of metal; gratings of metal; grilles of metal, namely, rockslide retention wire nets; metal guard rails for city streets; guard rails of metal; gutter pipes of metal; gutters of metal; handcuffs; hollow steel bars; barrel hoops of iron; barrel hoops of steel; industrial packaging containers of metal; ingots of metals, not of precious metals; unwrought iron and semi-wrought iron in the form of sheets, slabs and strips; irons and steels; junctions of metal for pipes; metal keys for locks; loading and unloading pallets of metal; metal locks; locks of metal, other than electric; lubricating nipples, namely, grease nipples; machine belt fasteners of metal; magnesium; materials of metal for railway tracks; metal cylinders for compressed gas, semi-wrought; metal flanges; construction elements made of metal, namely, fabricated metal plates for building foundations; metal frames for packing, for purposes of transport and storage of pipes; metal joinery fittings; metal junctions for pipes; metal latches of gates; metal lids and caps for industrial packaging containers; metal materials for pre-fabricated building; materials of metal for scaffolds; metal moulds for forming foundation of pre-fabricated buildings; metal pipes and tubes; metal pulleys; metal pulleys, springs and valves (not including machine elements); metal sheets for building use; metal stoppers for industrial packaging containers; metal metal cable wire; metal wires rods for brazing and welding, non-electric; metallic alloy pipes; metallic barrels; metallic bins; metallic caps for containers; metallic containers for compressed gas in the form of capsules, sold empty; metallic road signs, not luminous nor mechanical; metallic pipes; metal swimming pools; metals and their alloys; ores of metal; miscellaneous hardware of metal, namely, pulleys, springs, and nuts; miscellaneous pilings of metal; miscellaneous steel pipes; molybdenum; nails and screws of metal; non-electric cables and wires of common metal; nonferrous metals and their alloys; oil spray nozzles, fuel spray nozzles, of metal for commercial and industrial use; nuts of metal; nuts and screws made of metal; oil well pipe of steel; ores of common metal; industrial packaging containers of metal; partitions of metal for office use; partitions of metals; pegs of metal; penstock pipes of metal; petroleum and casing pipes of metal; pilings of metal; pipe fittings of metal; pipe joints of metal; pipelines of metal; pipes of metal (not being parts of machines and/or of boilers); pipes and tubes of metal; pipes and tubes of metal and their alloys, not being parts of machines or parts of cooling, warming and distilling installations; pipes of metal; pipes of metal, for central heating installations; pipework of metal; pipework of metal, not included in metal materials for building or construction; plugs of metal; posts of metal for electric lines; prefabricated metallic houses and other buildings; metallic screens and panels for constructing prefabricated metallic houses and other buildings; prefabricated metal parts for bridges, namely, braces; metal rails and other metallic materials for railway tracks; rare-earth alloys for magnets; refractory construction materials of metal; reinforcing materials of metal for pipes; reinforcing materials, of metal, for concrete; reservoirs of metal; road signs of metal (not luminous nor mechanical); rolled steels; roof coverings of metal; roof flashing of metal; roofing of metal; ropes of metal; safety deposit boxes; cash boxes of metal; screws of metal; sealing caps of metal; semi-finished steel; semi-products of steel;

sheet metal; iron sheets; metal casting forms for concrete; upright signboards of common metal; slabs of metal; metal hardware, namely, springs; metal springs and valves, not being parts of machines; metal hardware, namely, springs for furniture; stainless-steel coils; steel; rolled steels for rolling operations; angle irons of steel; steel balls, not included in other classes; steel blooms; steel frames for building; steel joists for use in building; steel materials for railway construction; steel or metallic water and gas pipe; loading and unloading steel pallets; steel panels for flooring; steel tubes; steel plates; steel poles; steel rails; tapered steel poles; steel for use as raw materials for automobile parts; semi-finished steel in the form of balls, tubes and plates for use in the further manufacture of bearings; semi-finished steel in the form of tubes for use in the further manufacture of boilers; steels, heat-resistant, acid-resistant and corrosion-resistant; stopper-shaped or lid-shaped metallic shield for protecting screw parts of pipes; metal binding strips used on packaging; metal storage tanks; thin metal bands for binding; titanium alloys; titanium bars; transportable buildings of metal; tree protectors of metal; tube and pipe of steel; unwrought and partially wrought common metals and alloys; valves of metal, other than parts of machines; wall cladding of metal for building; wall linings of metal for building; wall plugs of metal; water-pipes of metal; wrapping or binding bands of metal; zinc and its alloys; zinc-coated steel sheets; brass sheets *
