Subject: \$100 fee for Letter of Opposition
Date: Monday, September 23, 2019 12:58:59 PM

As a Print on Demand seller I'm voicing my opposition to adding any fee to sending letters of opposition to the USPTO. There have been many frivolous Trademarks awarded to words and phrases that do not distinguish a business and its services which is the purpose of a Trademark. Commonly used words and phrases are now given Trademark status which are not in the spirit of Trademark law.
