GOODS AND SERVICES INFORMATION

For Downloadable computer software, namely, geographic information system (GIS) software packages that provide geographic and spatial information for providing field users with real-time back-office information, and software for fieldwork processes, namely, for tracking and tracing vehicles, assets and goods, for dispatching goods, for navigation purposes, navigation systems, navigation, positioning and height-tracking equipment, for site planning, for customer service and support, for management of transport fleets and transport planning, and for market planning and market research; downloadable software applications and web applications for smartphones, mobile telephones, notebook computers, computers and media players, namely, software for use in accessing, managing and customizing client information, work opportunities, client accounts, service cases, and workflow checklists for fieldwork processes in the fields of construction, maintenance, transportation, logistics, and utilities; electronic downloadable publications in the nature of newsletters, magazines, articles, brochures and information bulletins in the field of field service processes; navigation, location and height determination apparatus, namely, electronic navigational and positioning apparatus and instruments; navigation systems, namely, global positioning system (GPS) and satellite-aided navigation systems

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Telecommunication services, namely, the transmission, distribution and sending of images, sound and data via computer networks, electronic networks and telecommunications channels; telecommunication services, namely, providing access to electronic communications networks, namely, the Internet; electronic data transfer by telecommunications; rental of telecommunications facilities, telecommunications apparatus and instruments, namely, network apparatus, instruments, interfaces and network communication equipment, for real-time interaction with other computer network users; providing telecommunications connections to the Internet, namely, providing access to online platforms and interactive networks;

providing access to electronic communications networks, computer databases and global computer networks, namely, providing telecommunications connections to internet or databases and providing a high speed access to area networks; data communication by electronic mail, telecommunications networks, wireless communication networks, the Internet, information services networks and data networks; telecommunications consultancy and providing information regarding telecommunications services; digital network telecommunications services and electronic data transmission services provided via electronic networks, namely, the Internet

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For handling and dispatching of goods, namely, cargo handling; logistics transportation planning, namely, providing information on mobile workforces, solely for navigational purposes; providing information and consultancy for storage, transportation and delivery of goods for others, transportation and navigation services; providing information about storage, transportation and delivery of goods for others, transportation and navigation services via electronic networks, namely, the Internet

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Design and development of computers, computer peripheral devices, online computer software systems, computer software, and computer software in the nature of mobile and web applications for geographic information systems and fieldwork processes in the fields of construction, maintenance, transportation, logistics, and utilities; updating, upgrading, maintenance, and implementing of computer software, computer software applications and web application computer software for geographic information systems and fieldwork processes, namely, tracking and tracing, dispatching, navigation purposes, navigation systems, navigation, positioning and height-tracking equipment, site planning, customer service and support, management of transport fleets, transport planning, market planning and market research; providing of temporary use of on-line non-downloadable computer software, computer software applications and web application computer software for geographic information systems and fieldwork processes, namely, tracking and tracing, dispatching, navigation purposes, navigation systems, navigation, positioning and height-tracking equipment, site planning, customer service and support, management of transport fleets, transport planning, market planning and market research; design and development of computer software for fieldwork processes, namely, for accessing, managing and customizing client information, work opportunities, client accounts, service cases, and workflow checklists; design and development of computer software for geographic information systems and fieldwork processes, namely, tracking and tracing, dispatching, navigation purposes, navigation systems, navigation, positioning and height-tracking equipment, site planning, customer service and support, management of transport fleets, transport planning, market planning and market research, and apparatus and instruments that provide geographic and spatial information; offering SaaS (software as a service) services, namely, hosting software for use by others for geographic information systems and fieldwork processes, namely, tracking and tracing, dispatching, navigation purposes, navigation systems, navigation, positioning and height-tracking equipment, site planning, customer service and support, management of transport fleets, transport planning, market planning and market research; IT engineering services, namely, the automation of fieldwork processes in the nature of data automation and collection services using proprietary software to evaluate, analyze and collect service data in the fields of construction, maintenance, transportation, logistics, and utilities; computer data security services in the nature of providing authentication, issuance, validation and revocation of digital certificates; computer technology support services, namely, services of IT and information and communications technology

(ICT) engineers, namely, help desk services relating to geographic information systems regarding assets and fieldwork processes; engineering services for geographic information systems and fieldwork processes in the fields of construction, maintenance, transportation, logistics, and utilities; electronic remote observation services for analysis purposes utilizing remote measuring services, photogrammetry services and digitization of images services in the fields of construction, maintenance, transportation, logistics, and utilities; consultancy relating to spatial materials, namely, providing scientific and technological consultancy for the processing and analysis of geographical information in the fields of construction, maintenance, transportation, logistics, and utilities; mapping services, namely, provision of geographical information about assets; engineering services in the fields of construction, maintenance, transportation, logistics, and utilities; rental of telecommunications interfaces, namely, computer hardware

For Towels of textile; Textile handkerchiefs; Textile material, namely, woven fabrics of nylon for textile use; Woven textile goods for personal use, namely, place mats of textile material; Mosquito nets; Bed sheets; Futon quilts; Quilt covers for Futon; Futon ticks, namely, unstuffed futon covers not of paper; Pillowcases; Blankets, namely, fleece blankets; Mattress covers; Table napkins of textile; Dish cloths; Unfitted seat covers of textile; Wall hangings of textile; Curtains; Table cloths, not of paper; Draperies in the nature of thick drop curtains; Sleeping bags

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Amusement machines and apparatus for use in amusement parks, except arcade video game machines, namely, amusement park rides; Toys for domestic pets; Toys, namely, golf game toys and toy golf sets; Dolls; Go board games; Uta-garuta playing cards, namely, karuta playing cards (Japanese card game); Shogi games in the nature of Japanese chess; Dice; Japanese dice games in the nature of Sugoroku; Cups for dice; Chinese checkers as games; Chess games; Checkers games; Conjuring apparatus in the nature of magic tricks; Dominoes; Playing cards; Hanafuda in the nature of Japanese playing cards; Mah-jong; Game machines and apparatus, namely, video game machines; Billiard equipment; Golf equipment, namely, golf clubs, golf tees, golf balls, golf putters, golf practice nets and golf ball markers; Golf gloves; Golf club bags; Golf bags, with or without wheels; Surfboards

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Sunglasses; Cases for sunglasses; Cases for smartphones; Covers for smartphones; Photographic apparatus and instruments, namely, cameras; Cinematographic apparatus and instruments, namely, cinematographic cameras; Optical machines and apparatus, namely, calibration devices for calibrating optical emission spectrometers; Cases adapted for cameras; Covers for cameras; Electrical cells and batteries; Telecommunication machines and apparatus, namely, telecommunication transmitters; Cases for mobile phones; Covers for mobile phones; Cases for music reproduction players in the nature of protective carrying cases for portable music players; Covers for music reproduction players in the nature of protective covers for portable music players; Electronic machines, apparatus and their parts, namely, computers and computer peripherals; Cases for laptops in the nature of laptop carrying cases; Covers for laptops in the nature of protective covers for laptops; Protective cases for tablet computers; Covers for tablet computers; Eyewear; Spectacle cases; Consumer video game programs in the nature of interactive video game programs; Electronic circuits and CD-roms recorded with programs for hand-held games with liquid crystal displays, namely, multimedia software recorded on CD-ROM featuring interactive video game programs; Phonograph records featuring music; Downloadable music files; Downloadable image files containing artwork; Recorded video discs and video tapes in the nature of video disks and video tapes with recorded animated cartoons

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Clothing, namely, sweaters, polo shirts, short trousers, shirts, trousers, sweatshirts, jackets, tee shirts, underwear, vests, down jackets, blazers, skirts, socks, headwear, gloves, golf pants, golf shirts and golf skirts; Garters; Sock suspenders; Braces for clothing in the nature of suspenders; Waistbands; Belts for clothing; Footwear; Masquerade costumes; Clothing for sports, namely, sports jerseys; Special footwear for sports, namely, sports shoes and golf shoes; Wetsuits for surfing; Wetsuits for windsurfing

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

GOODS AND SERVICES INFORMATION

For Medical, and instruments, namely, electric vaporizers for upper respiratory conditions, medical apparatus for diagnosing and treating respiratory conditions, medical apparatus, namely, respiratory equipment and monitors therefor, medical apparatus for use in treating respiratory diseases surgical apparatus and instruments; medical respiratory apparatus, namely, mechanical ventilation apparatus and respiratory support apparatus, namely, nasal cannula, nasal probes and oxygen concentrators; anesthetic apparatus, namely, anesthesia machines; respirators for artificial respiration; medical apparatus, namely, invasive and non-invasive patient ventilation instruments; medical apparatus, namely, respiratory apparatus and monitors therefor for intensive care units; asphyxia neonates respirators; humidifiers for respiration for medical use; humidification chambers for respiratory apparatus for medical use; connectors for humidifiers, humidification chambers and nebulizers being parts for medical apparatus; fasteners for humidifiers and nebulizers being part of medical apparatus; humidifiers for medical purposes and medical treatments; humidifiers for use with respiratory apparatus for medical use; humidifiers for use with respiratory therapy apparatus; water refill tubes for humidification chambers for medical purposes and medical treatments; water refill tubes for humidifiers for use with respiratory treatment apparatus; nose masks for artificial respiration for medical purposes; respiratory masks for artificial respiration for medical use; respiratory masks for respiratory assistance for medical purposes; masks for non-invasive respiration; anesthesia face masks; sets of respiratory tubes for respiratory apparatus; single-use sets of respiratory tubes for respiratory apparatus for medical use; autoclavable sets of respiratory tubes for medical use; breathing tubes, in particular tubes being accessories for respiration and anesthesia for medical use; respiratory tubes for medical use; surface-heated respiratory tubes for medical use; face masks for medical use; heat and moisture filters for respiratory apparatus for medical use; valves for respiration apparatus for medical use; sprayers for medical purposes; portable nebulizers for medical purposes; pumps and compressors for medical purposes, namely, pumps and compressors for use in respiratory apparatus and instruments; filters for medical purposes for purifying breathing air; membranes for filtration of air and liquids

for medical use; bacteria filters for medical use; water traps being parts and/or accessories for medical apparatus; mechanical air filters for respiration apparatus for medical use; airway adapters for medical use; filters for respiration systems for medical use; connectors for filters for respiration systems for medical use; tube extensions for breathing tubes; humidification chambers for breathing tube systems; tube heaters being part of medical apparatus; adapters for tube heaters being part of medical apparatus; tube clips being part of medical apparatus; gas supply installations and systems for medical purposes, consisting of apparatus and fixed devices for preparing, checking and providing gases for medical purposes; vacuum regulators for medical purposes; spirometry apparatus; medical tubing; compressed air tubes for medical purposes; surface-heated respiratory tube systems, namely, wall-heated breathing circuits for medical use; air filters for medical use; breathing gas analyzers for medical use; testing instruments for medical purposes, namely, medical diagnostic apparatus for testing pulmonary functions; apparatus for measuring body signals in connection with patient analysis, namely, medical devices for monitoring vital signs, blood properties and respiratory events; medical imaging apparatus; monitor holders being accessories for medical apparatus and medical furniture; containers especially made for medical waste; containers especially adapted for disposing of contaminated medical waste; heating plates for humidifiers for use with medical respiratory apparatus; probes for medical purposes; sensors for medical purposes, namely, respiratory sensors; temperature indicators for medical purposes; temperature measuring instruments for medical use; temperature scanners for medical use; temperature monitors for medical use; electronic temperature monitors for medical use; electronic temperature recorders for medical use; temperature regulation instruments for medical purposes, namely, temperature regulation instruments being parts of respiratory gas humidifiers; temperature sensors for medical use; sensors for measuring the temperature of breathing air for use in medical respiratory apparatus; temperature probes for medical purposes; sensors for measuring the humidity of breathing air for use in medical respiratory apparatus; optical temperature measuring instruments for medical inspection purposes; optical fiber temperature probes for medical diagnostic use; temperature-sensitive test instruments and test apparatus for medical purposes, namely, temperature indicator labels for medical purposes; optical scanners for medical inspection purposes; optical sensors for water level detection in humidification chambers for medical respiratory apparatus; structural parts and accessories for all the aforesaid goods, included in this class; none of the above mentioned products being related to extracorporeal blood treatment and renal insufficiency

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Electric control devices for temperature and humidity controllers for warming and cooling medical gases and liquids; checking apparatus and instruments for measuring and checking the temperature, pressure, quantity and concentration of gas and liquids, pressure, quantity and concentration of gas and liquids, measuring apparatus for temperature and humidity levels in gases and solid substances, supervising instruments for measuring and checking the temperature, pressure and concentration of gas and liquids, level switches and level indicators for monitoring and controlling liquids in tanks and vessels, flow switches for monitoring and controlling the flow of gases or liquids, water level indicators, electric, electronic, or electrochemical oxygen monitors; instruments for temperature control, namely, temperature controllers for warming and cooling medical equipment and instruments as well as temperature controllers for controlling the temperature of medical instruments; temperature indicating apparatus, namely, temperature indicators; temperature controlling apparatus, namely, temperature switches and thermostats for heating devices; temperature logging apparatus, namely, digital processor-controlled storage devices which capture and record temperature data over times using built-in or external sensors; temperature sensing apparatus for scientific use, namely, temperature sensors; temperature measuring apparatus for scientific use, namely, temperature meters

not for medical use, thermocouples, thermistors, resistance thermometers and pyrometers; digital cameras; data collecting apparatus namely, optical scanners; data processing apparatus; micro pumps for developing positive fluid pressures; apparatus for analyzing liquids namely, pH sensors, oxygen sensors, carbon dioxide sensors, photometers; sensors and detectors namely, gas sensors for measuring gas concentrations and for measuring the humidity level in and the temperature of gases, temperature sensors used in the medical field, sensors for measuring the temperature of medical solutions and gases, leak detecting devices for water supplied appliances consisting of water sensor and control unit with audible alarm and valves, filing level detectors; sensors for measuring instruments, namely, sensors for technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; touchscreen sensors; optical sensors; electro-optical sensors; optical fiber sensors for measuring strain, temperature, pressure and air flow; optical sensors for water level detection; electronic sensors, namely, gas sensors for measuring gas concentrations, gas sensors for measuring the humidity level in gases, gas sensors for measuring the temperature of gases; electric sensor controllers for the control of gas, liquid and humidity sensors; controllers for gas sensors, temperature sensors and humidity sensors, housings for measuring equipment and sensors; holders adapted for measuring equipment and sensors, namely, holders for technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; protective sleeves for measuring equipment and sensors; computer software programs for medical use, namely, computer software programs for use with respiratory apparatus and respiratory support apparatus for the operation and monitoring of medical ventilators and medical humidifiers; data processing equipment for medical use; data processing equipment for medical use, namely, electronic controls for automatically operating valves for controlling gas or liquids; computer software for scientific use for the analysis of liquids and gases; structural parts and accessories for all the aforesaid goods

RELATED PROPERTIES INFORMATION

International Registration 1436745 **International Registration Date** Jun. 07, 2018

GOODS AND SERVICES INFORMATION

For Motors and engines for land vehicles; steering gears, thrusters, propellers and rudders for watercraft and ships

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Engines and motors, except for land vehicles; generator equipment, namely, electricity generators, solar-powered electricity generators, electric power generators, electric generators and related equipment in the nature of automatic standby electric generator sets and fuel cell power generation units for electric power generation; pumps and compressors as parts of machines for motors, engines, propulsion installations in the nature of engines for boats, and machines other than for land vehicles; propulsion installations in the nature of engines for boats, engines, and motors in particular for marine vessels in the nature of ships and offshore installations being cargo ship tankers; cylinder liners for engines, motors, propulsion installations in the nature of engines for boats, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations; cylinder heads for engines, motors, propulsion installations in the nature of engines for boats, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations; connecting rods for engines, motors, propulsion installations in the nature of engines for boats, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations; camshafts for engines, motors, propulsion installations in the nature of boat engines, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations; gudgeon pins for engines, motors, propulsion installations in the nature of engines for boats, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations; valves for engines, motors, propulsion installations in the nature of engines for boats and machines other than for land vehicles, in particular for

watercraft, including ships and off-shore installations, namely, valves being engine parts for introducing fuel-air mixtures into the combustion chambers of internal combustion engines; injection nozzles for engines, motors, propulsion installations in the nature of engines for boats, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations, namely, combustion engine fuel nozzles; bearings for engines, motors, and propulsion installations in the nature of engines for boats, namely, engine bearings; bearings as parts of machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations; turbo chargers for engines, motors, propulsion installations in the nature of engines for boats, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations, namely, turbo-prop engines not for land vehicles; vehicle engine parts, namely, charge air coolers for engines, motors, propulsion installations in the nature of engines for boats, and machines other than for land vehicles, in particular for watercraft, including ships and off-shore installations; diesel motors and internal combustion engines for power generation, other than for land vehicles, namely, diesel motors and internal combustion engines used in energy-production power plants and in ships as main propulsion engines and as back up or auxiliary engines and structural parts for the foregoing

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Nuclear power plants for the production of electricity and/or heat; installations comprised of fuel cell stacks, valves, pumps, compressors, pressure regulators, sensors, electronic controls, and heat exchangers for lighting, heating, steam generating, refrigerating all powered by fuel cells; installations for drying, namely, drying apparatus for chemical processing powered by fuel cells; installation for water supply, namely, water purification installations powered by fuel cells; water purification, desalination and conditioning installations; gas cleaners and purifiers, namely, gas purification machines; installations for refrigerating and ventilating, all powered by fuel cells, namely, air conditioning units and refrigeration units being refrigerating machines for use in industrial and commercial applications

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Organisation of training and courses in relation to the installation, maintenance and repair of power plants, engines and motors, machinery, propulsion equipment, propellers and fuel cell equipment and parts thereof

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Business management services for operation and maintenance of power plants and equipment on land and at sea

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance and repair of power plants, engines and motors, machinery, propulsion equipment, propellers and fuel cell equipment; installation of solar powered systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric switches, electric conductors, electric transformers; computer-based control systems for power plants comprised of software for collecting data, monitoring, operating and maintenance of power plants, design of ships, computer hardware; computer-based control systems for engines and motors comprised of software for controlling and operating engines, computer hardware; computer-based control systems for propulsion equipment comprised of software for power control and operation of propulsion equipment; navigation systems, namely, a global positioning system; electronic navigation apparatus and instruments; fuel cells for ships and off-shore installations; apparatus and instruments for accumulating and storing electricity, namely, electric storage batteries, electric accumulators; radar apparatus; radar systems comprised of radar apparatus, radar detectors, radar antennas; shipboard radars and components in the nature of radar apparatus, radar detectors, radar antennas; photovoltaics, namely, photovoltaic cells; solar cells for electricity generation; electronic systems for shipboard use for controlling trim and list, propulsion and navigation and maneuvering, comprising control panels, alarm sensors, electronic display interfaces, and sensing apparatus being electronic sensors; electronic sensors and display interfaces for ocean wave height and vessel motion and strain in rough seas; electronic controllers, display interfaces, and sensors for monitoring status and condition of shipboard cargo containers and liquid or bulk cargo; computer hardware and software for shipboard control and monitoring of trim and list, propulsion, navigation and maneuvering, alarms, structural strain and cargo; electric control panels; electronic control systems for machines; electronic controls for motors

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Technological services, namely, technological advisory services in relation to the design, operation and maintenance of power plants, propulsion equipment, navigation systems and energy production units comprising fuel cells; design of ships; scientific and technological services and research and design relating thereto, namely, engineering services, engineering design services; industrial analysis and research services in the field of the design, operation and maintenance of power plants, propulsion equipment, navigation systems and energy production units comprising fuel cells; providing technical on-line support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems for hardware and software used in connection with the design, operation and maintenance of power plants, propulsion equipment, navigation systems and energy production units comprising fuel cells

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1445551 **International Registration Date** Jul. 17, 2018

GOODS AND SERVICES INFORMATION

For Education, teaching and training in connection with evaluating and improving motor vehicle safety; technical training courses, in particular, in connection with safety techniques, quality control and appraisal methods in connection with motor vehicle safety; organisation of award ceremonies in the field of motor vehicle safety; organization of educational events and trainings relating to motor vehicle safety; arranging and conducting of colloquiums, conferences, congresses, seminars and symposiums in connection with motor vehicle safety; editing and publishing of newspapers, pamphlets, periodicals and other printed matter; publication of texts other than advertising texts in connection with evaluating and improving motor vehicle safety; production of films, television programs, videos and sound recording; all of the foregoing in connection with motor vehicle safety, publication of technical tests and studies in connection with evaluating and improving motor vehicle safety for others, and publication of crash test results in connection with motor vehicle safety for others

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Legal consultancy in connection with motor vehicle safety; legal advice and guidance in connection with motor vehicle safety for vehicles manufacturers, automobile associations, public authorities, insurers and researchers; legal advice for setting-up of standards, regulation; and directives in connection with motor vehicle safety

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication services, namely, electronic data transmission services; provision of access to data banks for downloading information via electronic means or over the Internet; telecommunication access services for others that enable them to manage business affairs and business transactions on local and global computer networks and view, display, transmit and download information; video broadcasting over the Internet; providing Internet chatrooms; transmission of news in the

field of motor vehicle safety; all the aforesaid services are provided in connection with motor vehicle safety

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Engineering including engineering tests; scientific tests in the field of motor vehicle emissions and emission tests; quality control services for others, including tests, checks and assessments, as well as certifying systems in connection with evaluating and improving motor vehicle safety; quality control advice for setting- up of standards, regulations and directives in connection with motor vehicle safety; providing technical advice to public authorities, international standards organizations or persons working in conjunction with standards agencies, in the field of motor vehicle safety; conducting of quality control tests for others and evaluation of results from crash tests conducted on new motor vehicles having the purpose to improve the safety thereof as well as the safety of passengers and external users; design and development of computer software in connection with evaluating and improving motor vehicle safety; research and development services in connection with evaluating and improving motor vehicle safety; carrying out technical checks and tests in connection with motor vehicle safety; laboratory research services, conducting trial runs and technical testing in connection with motor vehicle safety; conducting sampling and analysis services to assess pollution levels; technical advice relating to pollution damage; technical advisory services in the field of environmental pollution; technical advisory services in the field of pollution control; technical consulting in the field of pollution detection; conducting sampling and analysis services to assess pollution levels; testing and research services in the field of preventing pollution; quality assessment services for others; hosting e-commerce websites on the Internet which allow the users to share their feedback about products and services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Recharging services for electric vehicles, namely, charging station services for electric vehicles; pumping crude oil; oil pumping and extraction; drilling and pumping of oil; oil well drilling services; oil extraction services; oil pumping services; installation of apparatus for the production of oil; repair and maintenance of vehicles; abrasive cleaning of exterior building surfaces, metallic surfaces, non-metallic surfaces, ; wrecking services; emergency vehicle repair services; rental of car washing installations; rental of car washing apparatus; rental of car washing apparatus and providing information relating thereto; rental of concrete mixers; rental of concrete pumps; rental of drilling and mining apparatus; rental of drilling platforms; rental of mining machines and apparatus; rental of mining machines and apparatus and providing information relating thereto; rental of scaffolding, platforms, molds and machinery for use in construction; rental of machines, tools and apparatus for use in building construction; rental of elevating work platforms for use in construction; rental of lifting apparatus for use in construction; rental of floor cleaning machines and providing information relating thereto; rental of industrial machines; rental of construction equipment, concrete mixers, concrete pumps and cranes; rental of construction machines and tools; rental of construction machines and apparatus and providing information relating thereto; rental of cleaning apparatus; rental of mops and providing information relating thereto; rental of electric washing machines and providing information relating thereto; asphalting; automobile pinstriping; termite and pest control, other than for agricultural, aquaculture, horticulture and forestry

purposes; water or oil well boring; water well drilling; drilling of deep oil or gas wells; oil and gas drilling; oil well drilling; drilling of wells; drilling for crude oil; exterior and interior cleaning of aircraft; erecting of commercial centres, housing areas and manufacturing plants; tapestry repair for others; rebuilding engines that have been worn or partially destroyed; refurbishment of buildings; rebuilding machines that have been worn or partially destroyed; renovation of clothing in the nature of clothing repair; reconditioning of industrial machinery; retreading of tires; custom rebuilding of existing land vehicles and structural parts therefor; repair of automobile tires by vulcanization; repair of tires by vulcanization; building sealing services; pavement sealing; road sealing and stripping; waterproofing of basements; linen ironing; ironing of clothing; pressing of clothing; ironing of textiles; ironing of fabric; disinfecting; disinfecting of telephone handsets; disinfecting of telephone handsets and providing information relating thereto; rat exterminating other than for agriculture, aquaculture, forestry and horticulture; mining extraction for diamonds; mining extraction for diamonds, precious stones or precious metals; mining extraction; mining extraction for precious stones; mining extraction for precious metals; laying of building foundations; refilling of toner cartridges; fueling, washing, cleaning, maintenance and repair of vehicles; fueling of vehicles; fueling of aircraft; vehicle battery charging; lawn mower blade sharpening; drill bit sharpening; knife sharpening; sharpening of scissors; sharpening of scissors and kitchen knives; sharpening of scissors and kitchen knives and providing information relating thereto; installation of insulating materials for internal and external walls, ceilings and roofs; installation of insulating materials for external walls; building insulating, namely, installation of building insulation; providing repair information related to electrical systems, fueling systems; building construction information; bricklaying; riveting; automobile detailing; vehicle detailing; consultancy relating to building construction supervision; consultancy relating to painting of buildings; consultancy relating to the repair and reconditioning of bearings for machines; construction consultancy; consultancy relating to residential and building construction; consultancy relating to vehicle repair; varnishing; furniture varnishing; re-tinning; retrofitting of ventilating installations in buildings; upgrading of computer hardware; retrofitting of air-conditioning installations in buildings; retrofitting of heating, ventilating and air-conditioning installations in buildings; retrofitting of heating installations in buildings; washing and cleaning of vehicles; washing of airplanes; construction of wind power plants; construction of building interiors; construction of dams; construction of roads, sewers and water supply systems; construction of residential buildings; construction of buildings; construction of buildings, dams and bridges; construction of buildings, roads, bridges and dams; construction of buildings and other dwelling structures; construction of energy efficient buildings and dwelling structures; tire rotating and balancing; construction and repair of airports and airport facilities; installation and repair of blinds; construction and repair of residential buildings and houses; construction and repair of buildings and other dwelling structures; construction and renovation of buildings and other dwelling structures; construction and renovation of bridges; construction and maintenance of apartments, studios, bungalows, villas and cottages; construction and maintenance of holiday homes, holiday camps, temporary accommodation, hotels and residential hotels; construction and maintenance of buildings; construction and maintenance of sports centers, health clubs, leisure centers and recreational complexes; construction and maintenance of building complexes, residential buildings, housing estates, commercial buildings, shopping centers, office buildings and parking structures; construction and erection of exhibition stands, stages and booths; construction of sewerage systems; construction of commercial buildings; construction of steel building structures; construction of bridges; construction of public works, namely, municipal buildings, airports, schools, hospitals, refineries, roads, railroads; construction of conservatories and greenhouses; construction of office buildings; construction of industrial buildings; erection of prefabricated buildings and building structures; construction, erection, installation, repair, renovation, servicing, maintenance and dismantling of wind farms; construction of sports arenas; scaffolding erection; construction, maintenance and repair of water

vehicles; construction, maintenance and repair of transportable and prefabricated buildings; construction, maintenance and repair of watercraft; construction, maintenance and repair of heat insulation systems; construction, maintenance and renovation of buildings; construction, maintenance and renovation of public works, namely, municipal buildings, schools, airports, hospitals, refineries, roads, railroads; construction, maintenance and repair of conservatories and greenhouses; installation, maintenance and repair of security and authentication apparatus; installation, maintenance and repair of regulating, monitoring and control apparatus; installation, maintenance and repair of temperature control apparatus; installation, maintenance and repair of remote control apparatus for changing printing plates; installation, maintenance and repair of sealing machines; installation, maintenance and repair of sewerage systems; installation, maintenance and repair of stairway lifts; installation, maintenance and repair of safety equipment; installation, maintenance and repair of security and safety equipment; installation, maintenance and repair of rolling mills; installation, maintenance and repair of rollers for machines; installation, maintenance and repair of systems, machinery and apparatus for working and processing metals and sheet metal; installation, maintenance and repair of solar collectors; installation, maintenance and repair of solar installations for generating power; installation, maintenance and repair of solar installations for generating power, solar collectors and photovoltaic modules; installation, maintenance and repair of solar energy systems; installation, maintenance and repair of sorting machines; installation, maintenance and repair of telecommunications equipment; installation, maintenance and repair of telecommunications apparatus and instruments; installation, maintenance and repair of telephone and communication equipment; installation, maintenance and repair of telephones; installation, maintenance and repair of street lights; installation, maintenance and repair of surgical apparatus and instruments; installation, maintenance and repair of surgical, medical, dental and veterinary apparatus and instruments; construction of trade fair and exhibition stands; construction of shopping centers; erection, installation, maintenance and repair of wind turbines, wind stations and other wind-powered machines; erection, installation, maintenance and repair of windmills, wind power plants, wind turbines and other wind-operated machines; construction of power plants; construction of wave energy power plants; window cleaning; road paving; vehicle washing; construction supervision of building renovation; construction supervision of building reconstruction; construction supervision of building demolition; supervision of the construction of watercraft, yachts, boats, ships and water vehicles; on-site construction supervision; building construction supervision; pavement marking services; pavement striping; cleaning of building exteriors and providing information relating thereto; tuning of musical instruments; upholstering; upholstering of vehicle seats; renovation and restoration of buildings; rustproofing; anti-rust treatment for vehicles; floor sanding; pumicing; emergency servicing of water supply apparatus; emergency servicing of gas supply apparatus; emergency servicing of apparatus for supplying electricity; oil burner servicing and repair; air conditioning vent sealing services; providing laundry washing and drying facilities; safe maintenance or repair and providing information relating thereto; car maintenance; maintenance of water purifying apparatus; maintenance of apparatus and installations for generating power; maintenance, servicing, tuning and repair of motors and engines; maintenance, servicing and repair of apparatus and installations for generating power; maintenance, servicing and repair of vehicles; maintenance, servicing and repair of weapon systems; maintenance and repair of automatic transmissions; car repair and maintenance; maintenance and repair of motor vehicles and airplanes; maintenance and repair of continuously variable transmissions; maintenance and repair of grounded aircraft; maintenance and repair of hydrodynamic transmissions; maintenance and repair of hydrostatic transmissions; maintenance and repair of dual-clutch transmissions; strong-room maintenance and repair; maintenance and repair of power shift transmissions; maintenance and repair of manual transmissions; maintenance and repair of gears; maintenance and repair of control systems for radio systems and networks; maintenance and

repair of hybrid transmissions; maintenance and repair of starters for motors and engines; maintenance and repair of synchronized transmissions; maintenance and restoration of works of art; maintenance and cleaning of mining equipment; maintenance of vehicles and fueling machines; maintenance of water pollution control equipment; maintenance of communications equipment; maintenance of office equipment; maintenance of intruder alarms; maintenance of printing machines and digital printing systems; maintenance of industrial machinery; maintenance, repair and reconditioning of photovoltaic apparatus and installations; maintenance, repair and rebuilding of furnaces; maintenance of plumbing; maintenance of welding machines and equipment; maintenance of telecommunications apparatus; vehicle maintenance; maintenance of vehicle washing installations; maintenance of fire alarm installations; paper hanging; painting and repair of signs; septic tank pumping and cleaning; glazing of windows; pumping septic tanks; installation of yacht interiors; bathtub and bath boiler cleaning; bathtub and bath boiler cleaning and providing information relating thereto; cleaning of buildings exterior surface; clearing and cleaning gutters; cleaning of building exteriors; jewelry remounting; recharging of batteries; recharging of batteries and accumulators; conversion and tuning of production automobiles and their engines; rebricking and rebuilding of furnaces; yacht and boat conversion, renovation, refit and repair; cabinet refacing; automotive refinishing; rebuilding and reconditioning of engines and motors; underwater dredging; underwater building and construction; painting of automobiles; painting of motor vehicles; painting of buildings; painting and rendering in the nature of plastering of interior and exterior walls; painting of metal surfaces; painting of metal surfaces to prevent corrosion; painting of window frames; sign painting; painting of furniture; painting of aircraft; painting of vehicles; floor polishing and providing information relating thereto; vehicle polishing; automobile polishing; floor polishing; vehicle breakdown repair services; mending clothing and providing information relating thereto; self-service laundries; providing information relating to the installation of machinery; providing information relating to the rental of construction equipment; providing information relating to repair services in the aviation sector; providing information relating to the maintenance of measuring and test equipment; providing on-line information relating to the construction of buildings; providing online information relating to the construction and repair of buildings; providing on-line information relating to repair and installation services in the field of gas, oil, chemistry, aviation and aviation fueling; provision of information, advice and consultancy relating to cleaning of automobiles, aircrafts, refineries and industrial and commercial equipment in the fields of gas, oil, chemistry, aviation and aviation fueling; providing building construction information via a web site; providing information relating to the sharpening of scissors and kitchen knives; providing information relating to vermin exterminating, other than for agriculture, aquaculture forestry or horticulture; providing information relating to umbrella repair; providing information relating to the repair or maintenance of musical instruments; providing information relating to the repair or maintenance of sporting equipment; providing information relating to the repair or maintenance of signboards; providing information relating to the repair or maintenance of nuclear power plants; providing information relating to the repair or maintenance of water purifying apparatus; providing information relating to the repair or maintenance of mining machines and apparatus; providing information relating to the repair or maintenance of two-wheeled motor vehicles; providing information relating to the repair or maintenance of railway rolling stock; providing information relating to the repair or maintenance of measuring and testing machines; providing information relating to the repair or maintenance of machines and instruments for making shoes; providing information relating to the repair or maintenance of machines and systems for manufacturing integrated circuits; providing information relating to the repair or maintenance of semiconductor manufacturing machines and systems; providing information relating to the repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; providing information relating to the repair or maintenance of painting machines and apparatus; providing information relating to the repair or maintenance of printing or bookbinding machines and

apparatus; providing information relating to the repair or maintenance of power distribution or control machines and apparatus; providing information relating to the repair or maintenance of waste crushing machines and apparatus; providing information relating to the repair or maintenance of plastic processing machines and apparatus; providing information relating to the repair or maintenance of waste compacting machines and apparatus; providing information relating to the repair or maintenance of tobacco processing machines; providing information relating to the repair or maintenance of medical machines and apparatus; providing information relating to the repair or maintenance of metalworking machines and tools; providing information relating to the repair or maintenance of mechanical parking systems; providing information relating to the repair or maintenance of pumps; providing information relating to the repair or maintenance of non-electric cooking apparatus and installations; providing information relating to the repair or maintenance of optical machines and instruments; providing information relating to the repair or maintenance of office machines and apparatus; providing information relating to the repair or maintenance of printing machines; providing information relating to the repair or maintenance of storage tanks; providing information relating to the repair or maintenance of textile machines and apparatus; providing information relating to the repair or maintenance of telecommunication machines and apparatus; providing information relating to the repair or maintenance of vending machines; providing information relating to the repair or maintenance of packing and wrapping machines and apparatus; providing information relating to the repair or maintenance of water pollution control equipment; providing information relating to the repair or maintenance of photographic machines and apparatus; providing information relating to the repair or maintenance of sewing machines; providing information relating to the repair or maintenance of power generators; providing information relating to the repair or maintenance of vessels; providing information relating to the repair or maintenance of vehicle washing installations; providing information relating to vehicle repair; providing information relating to window cleaning services; providing information relating to the setup or repair of locks; providing information relating to the disinfection of telephone handsets; providing information relating to laundering services; providing information relating to construction, repair, restoration, maintenance and installation services in the field of gas, oil, chemistry, aviation and aviation fueling; providing information relating to floor polishing services; providing information relating to storage tank cleaning services; providing information relating to clothing mending services; providing information relating to clothing repair services; providing information relating to street cleaning services; providing information relating to repair and installation of construction equipment in the field of gas, oil, chemistry, aviation and aviation fueling; providing information relating to building cleaning; providing information relating to septic tank cleaning services; providing information relating to the cleaning of building exteriors; providing information relating to the rental of car washing apparatus; providing information relating to the rental of floor cleaning machines; providing information relating to the rental of construction machines and apparatus; providing information relating to the rental of mops; providing information relating to the rental of electric washing machines; providing information relating to the pressing of clothing; providing information relating to building reconstruction; providing information relating to the repair of bicycles; providing information relating to the repair of game machines and apparatus; providing information relating to the repair of toys or dolls; providing information relating to the repair or maintenance of automobiles; providing information relating to the repair or maintenance of air-conditioning apparatus; providing information relating to the repair or maintenance of bicycle parking apparatus; providing information relating to the repair or maintenance of cooking apparatus; providing information relating to the repair or maintenance of machines and apparatus for processing food or beverages; providing information relating to the repair or maintenance of cooking apparatus and installations; providing information relating to the repair or maintenance of boilers; providing information relating to the

repair or maintenance of bookbinding apparatus and machines; providing information relating to the repair or maintenance of consumer electrical appliances; providing information relating to the repair or maintenance of aircraft; providing information relating to the repair or maintenance of gas water heaters; providing information relating to the repair or maintenance of gasoline station equipment; providing information relating to the repair or maintenance of burners; providing information relating to the repair or maintenance of amusement machines and apparatus; providing information relating to the repair or maintenance of cinematographic machines and apparatus; providing information relating to the repair or maintenance of cooking pots and pans; providing information relating to the repair or maintenance of diving machines and apparatus; providing information relating to the repair or maintenance of laboratory apparatus and instruments; providing information relating to the repair or maintenance of machines and apparatus for manufacturing rubber goods; providing information relating to the repair or maintenance of machines and apparatus for manufacturing glassware; providing information relating to the repair or maintenance of chemical processing machines and apparatus; providing information relating to the repair or maintenance of construction machines and apparatus; providing information relating to the repair or maintenance of loading-unloading machines and apparatus; providing information relating to the repair or maintenance of freezing machines and apparatus; providing information relating to the repair or maintenance of firearms; providing information relating to the repair or maintenance of fire alarms; providing information relating to the repair or maintenance of industrial furnaces; providing information relating to the repair or maintenance of fishing tackle; providing information relating to the repair or maintenance of fishing machines and instruments; providing information relating to the repair or maintenance of agricultural machines and implements; providing information relating to the repair or maintenance of chemical plants; providing information relating to the repair or maintenance of clocks and watches; providing information relating to the repair or maintenance of electric lighting apparatus; providing information relating to the repair or maintenance of electric motors; providing information relating to the repair or maintenance of electric cooking apparatus and installations; providing information relating to the repair or maintenance of electronic machines and apparatus; providing information relating to the repair and maintenance of spectacles; providing information relating to the repair and maintenance of furnaces; providing information relating to the rental of mining machines and apparatus; providing information relating to the repair of land vehicles; providing information relating to the repair of billiard equipment; providing information relating to the repair of spectacles; providing information relating to shoe repair; providing information relating to the repair of fishing tackle; providing information relating to the repair of sports equipment; providing information relating to the repair of bags or pouches; providing information relating to the repair of tatami mats; providing information relating to the repair of personal ornaments in the nature of jewelry; providing information relating to building renovation; providing information relating to furniture restoration; providing information relating to building demolition; providing information relating to building construction; providing information relating to the construction and repair of buildings; providing information relating to the construction, repair and maintenance of buildings; providing information relating to shipbuilding; providing information relating to safe maintenance and repair; providing information relating to roofing installation and repair; providing information relating to the installation of electrical apparatus in the field of gas, oil, chemistry, aviation and aviation fueling; providing information relating to fur repair; providing information relating to fur cleaning and repair; providing information relating to bathtub and bath boiler cleaning services; providing information relating to the cleaning of carpets and rugs; providing information relating to chimney sweeping services; provision of construction advice; providing advice relating to installation, maintenance and repair services related to gas, oil, chemistry, aviation and aviation fueling; provision of construction information; provision of construction information relating to public works; provision of construction information by electronic means; pressing of cloth; pressing of cloth,

clothing, fabric and textiles; pressing of textiles; pressing of fabric; emergency roadside vehicle repair services; roadside repair of automobiles; application of anti-graffiti coatings; cleaning of venues before and after events; street construction; rental of bulldozers; rental of drainage pumps; rental of dish drying machines; rental of road sweeping machines; rental of cleaning machines; rental of construction machines and apparatus; rental of cleaning equipment; rental of oil well drilling tools; rental of earth moving equipment and excavators; rental of construction and building equipment; rental of cranes; rental of floor cleaning machines; rental of dishwashing machines; rental of dishwashers for household purposes; rental of dishwashers for industrial purposes; rental of industrial dish drying machines; rental of laundry washing machines; rental of construction equipment; rental of building scaffolds, working and building platforms; rental of laundry dryers; rental of spin dryers for clothes; rental of mops; rental of excavators; rental of electric washing machines; laying of cable; wiring services for telecommunications; pressing of clothing and providing information relating thereto; plumbing; dredging; masonry; roofing services; painting, interior and exterior; carpentry services; airplane de-icing services; underwater repair; pile driving services; joinery; installation of machines, machine tools and automatic machine systems for treating and processing metals; plastering; excavation services; quarrying services; cleaning services, namely, removal of debris from buildings; renovation of buildings; renovation and maintenance of shopping centers, industrial complexes, office buildings, residential buildings and other real estate developments; repair of automatic livestock feeders; repair of automobiles; repair of vehicles as part of vehicle breakdown services; rebuilding of automobile engines; repair of forklift trucks; repair of water supply apparatus; repair of apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; repair of steam generating apparatus; repair of air filtering apparatus; repair of telecommunication machines and apparatus; repair of apparatus and installations for generating power; repair of heat recovery apparatus; repair of billiard equipment and providing information relating thereto; repair of binoculars; repair of biogas plants and machines; repair of tailboard lifts; repair of tow bars for vehicles; repair of consumer electronics; reconditioning of vacuum pumps and parts thereof; repair of bicycles; repair of bicycles and providing information relating thereto; repair of ventilating apparatus; repair of water purifying apparatus; repair of air filters; repair of air filters and parts thereof; repair of aerial navigation equipment; repair of compressed air machines; repair of intake air filters for machinery; repair of intake air filters and parts thereof; hat repair; repair of mining machinery; repair of trucks; overhaul of engines and motors; suitcase repair; repair of security locks; repair, servicing and maintenance of vehicles and apparatus for locomotion by air; repair of buildings; umbrella repair and providing information relating thereto; umbrella repair; parasol repair; repair and reconditioning of bearings for machines; repair and reconditioning of anti-friction bearings for machines; repair and reconditioning of bearings, ball-bearings, roller bearings and anti-friction bearings for machines; repair of game machines and apparatus; repair of game machines and apparatus and providing information relating thereto; repair of toys or dolls; repair of toys or dolls and providing information relating thereto; reconditioning of machines used in the fields of gas, oil, chemistry, aviation and aviation fueling that are worn or partially destroyed; reconditioning motors and engines that have been worn or partially destroyed; repair and insulation of window joints; maintenance of automobiles; repair or maintenance of nuclear power plants; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of automobiles; repair or maintenance of automobiles and providing information relating thereto; repair or maintenance of cooking apparatus; repair or maintenance of cooking apparatus for industrial purposes; repair or maintenance of cooking apparatus and installations; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of boilers; repair or maintenance of boilers and providing information relating thereto; repair or maintenance of chick brooders; repair or maintenance of consumer electrical appliances;

repair or maintenance of consumer electrical appliances and providing information relating thereto; repair or maintenance of signboards; repair or maintenance of signboards and providing information relating thereto; repair or maintenance of gas water heaters; repair or maintenance of gas water heaters and providing information relating thereto; repair or maintenance of power generators; repair or maintenance of burners and providing information relating thereto; repair or maintenance of mining machines and apparatus; repair or maintenance of mining machines and apparatus and providing information relating thereto; repair or maintenance of two-wheeled motor vehicles and providing information relating thereto; repair or maintenance of milking machines; repair or maintenance of railway rolling stock; repair or maintenance of railway rolling stock and providing information relating thereto; repair or maintenance of amusement machines and apparatus; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of measuring and testing machines and providing information relating thereto; repair or maintenance of egg incubators; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of cinematographic machines and apparatus and providing information relating thereto; repair or maintenance of movie projectors; repair or maintenance of computers; repair or maintenance of conveyors; repair or maintenance of air-conditioning apparatus; repair or maintenance of vessels and providing information relating thereto; repair or maintenance of fodder mills; repair or maintenance of fodder mixers; repair or maintenance of fodder presses; repair or maintenance of fodder cutters; repair or maintenance of cooking pots and pans and providing information relating thereto; repair or maintenance of cooking pots and pans; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of laboratory apparatus and instruments and providing information relating thereto; repair or maintenance of tobacco processing machines; repair or maintenance of diving machines and apparatus; repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; repair or maintenance of painting machines and apparatus; repair or maintenance of painting machines and apparatus and providing information relating thereto; repair or maintenance of plastic processing machines and apparatus and providing information relating thereto; repair or maintenance of plastic processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus and providing information relating thereto; repair or maintenance of machines and apparatus for processing food or beverages; repair or maintenance of machines and apparatus for manufacturing rubber goods; repair or maintenance of tobacco processing machines and providing information relating thereto; repair or maintenance of office machines and apparatus; repair or maintenance of amusement machines and apparatus and providing information relating thereto; repair or maintenance of power distribution or control machines and apparatus and providing information relating thereto; repair or maintenance of packing and wrapping machines and apparatus; repair or maintenance of photographic machines and apparatus and providing information relating thereto; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus; repair or maintenance of chemical processing machines and apparatus and providing information relating thereto; repair or maintenance of machines and instruments for making shoes; repair or maintenance of plant fiber processing machines and implements; repair or maintenance of machines and systems for manufacturing integrated circuits; repair or maintenance of semi-conductor manufacturing machines and systems; repair or maintenance of semi-conductor manufacturing machines and systems and providing information relating thereto; repair or maintenance of waste crushing machines and apparatus and providing information relating thereto; repair or maintenance of waste compacting machines and apparatus and providing information relating thereto; repair or maintenance of medical machines and apparatus; repair or maintenance of medical machines and apparatus and providing information relating thereto; repair or maintenance of metalworking machines and tools; repair or maintenance of metalworking machines and tools and providing information relating thereto; repair or maintenance of mechanical parking systems; repair or maintenance of mechanical parking systems

and providing information relating thereto; repair or maintenance of freezing machines and apparatus and providing information relating thereto; repair or maintenance of musical instruments; repair or maintenance of musical instruments and providing information relating thereto; pump repair or maintenance; pump repair or maintenance and providing information relating thereto; repair or maintenance of non-electric cooking apparatus and installations; repair or maintenance of non-electric cooking apparatus and installations and providing information relating thereto; repair or maintenance of gasoline station equipment and providing information relating thereto; repair or maintenance of gasoline station equipment; repair or maintenance of firearms; repair or maintenance of firearms and providing information relating thereto; repair or maintenance of optical machines and instruments; repair or maintenance of optical machines and instruments and providing information relating thereto; repair or maintenance of office machines and apparatus and providing information relating thereto; repair or maintenance of bookbinding apparatus and machines; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of printing or bookbinding machines and apparatus and providing information relating thereto; repair or maintenance of printing machines; repair or maintenance of loading-unloading machines and apparatus and providing information relating thereto; repair and maintenance of feed or booster pumps; repair or maintenance of diving machines and apparatus and providing information relating thereto; repair or maintenance of fire alarms and providing information relating thereto; repair or maintenance of fire alarms; repair or maintenance of cultivating machines and implements; repair or maintenance of fishing tackle; repair or maintenance of fishing tackle and providing information relating thereto; repair or maintenance of overhead projectors; repair or maintenance of industrial furnaces and providing information relating thereto; repair or maintenance of cooking apparatus for industrial purposes and providing information relating thereto; repair or maintenance of air-conditioning apparatus for industrial purposes and providing information relating thereto; repair or maintenance of industrial furnaces; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of storage tanks; repair or maintenance of fishing machines and instruments and providing information relating thereto; repair or maintenance of fishing machines and instruments; repair or maintenance of agricultural machines and implements and providing information relating thereto; repair or maintenance of agricultural machines and implements; repair or maintenance of power generators and providing information relating thereto; repair or maintenance of snow ploughs; repair or maintenance of construction equipment; repair or maintenance of construction machines and apparatus; repair or maintenance of construction machines and apparatus and providing information relating thereto; repair or maintenance of textile machines and apparatus; repair or maintenance of textile machines and apparatus and providing information relating thereto; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of telecommunication machines and apparatus and providing information relating thereto; repair or maintenance of telecommunication machines and apparatus, other than telephone sets, radio receivers and television receivers; repair or maintenance of telephone apparatus; repair or maintenance of vending machines and providing information relating thereto; repair or maintenance of harvesting machines and implements; repair or maintenance of packing and wrapping machines and apparatus and providing information relating thereto; repair or maintenance of vehicle washing installations and providing information relating thereto; repair or maintenance of bicycle parking apparatus; repair or maintenance of bicycle parking apparatus and providing information relating thereto; repair or maintenance of water pollution control equipment and providing information relating thereto; repair or maintenance of water purifying apparatus and providing information relating thereto; repair or maintenance of photographic machines and apparatus; repair or maintenance of chemical plants; repair or maintenance of chemical plants and providing information relating thereto; repair or maintenance of freezing machines and apparatus; repair or maintenance of storage tanks

and providing information relating thereto; repair or maintenance of clocks and watches; repair or maintenance of clocks and watches and providing information relating thereto; repair or maintenance of sewing machines; repair or maintenance of sewing machines and providing information relating thereto; repair or maintenance of electric cooking apparatus and installations; repair or maintenance of electric motors and providing information relating thereto; repair or maintenance of electric lighting apparatus and providing information relating thereto; repair or maintenance of electric motors; repair or maintenance of electronic machines and apparatus; repair or maintenance of electronic machines and apparatus and providing information relating thereto; repair or maintenance of electric lighting apparatus; repair or maintenance of nuclear power plants and providing information relating thereto; repair and maintenance of gymnastic and sporting equipment; repair and maintenance of toys; repair and maintenance of leather goods; repair and maintenance of furniture; repair and maintenance of footwear; repair and maintenance of clothing; repair and maintenance of spectacles and providing information relating thereto; repair and maintenance of spectacles; repair and maintenance of garden tools; repair and maintenance of sports and fitness equipment; repair and maintenance of textile goods; repair and maintenance of camping equipment; repair and maintenance of jewelry and watches; automobile body repair and finishing for others; repair and restoration of books; repair and restoration of furniture; repair and maintenance of upholstery; motor vehicle maintenance and repair; repair and maintenance of motor vehicles and their engines; repair and maintenance of motor vehicles and parts thereof and of engines for motor vehicles and parts thereof; repair and maintenance of automobiles and parts thereof; repair or maintenance of water purifying apparatus; repair and maintenance of vacuum pumps; repair and maintenance of vacuum pumps and parts thereof; repair and maintenance of bicycles; repair and maintenance of ventilating apparatus; repair and maintenance of wind power plants; repair and maintenance of air vehicles; repair and maintenance of wave energy power plants; repair and maintenance of gas and electricity installations; burner maintenance and repair; repair and maintenance of mining, earth moving, road making, agricultural and farming equipment; repair and maintenance of mining equipment; repair and maintenance of mining machines; repair and maintenance of engines for motor vehicles; repair and maintenance of road making machines; repair and maintenance of rail vehicles; repair and maintenance of residential buildings; repair and maintenance of buildings; repair and maintenance of earth moving equipment; repair and maintenance of earth moving machines; repair and maintenance of horological and chronometric instruments; repair and maintenance of uninterruptible power supplies; film projector repair and maintenance; repair and maintenance of hardware for data processing apparatus; repair and maintenance of compressors; repair and maintenance of computer and telecommunications hardware; repair and maintenance of computer and telecommunications equipment; repair or maintenance of air-conditioning apparatus for industrial purposes; repair and maintenance of air-conditioning apparatus; repair and maintenance of ships; repair and maintenance of laser measuring apparatus; repair and maintenance of boats; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of sericultural machines and implements; repair and maintenance of machines and machine tools for treating and processing metals; repair and maintenance of machines, machine tools and automatic systems for treating and processing metals; repair and maintenance of electronic machines, apparatus and tools used in the fields of gas, oil, chemistry, aviation and aviation fueling; repair and maintenance of medical instruments, apparatus and equipment; repair and maintenance of motors; repair and maintenance of airplane motors and engines; repair and maintenance of motorcycles; repair and maintenance of multimedia apparatus, namely, cameras and multimedia recording, displaying and transmitting instruments of sound and video; repair or maintenance of water pollution control equipment; repair and maintenance of road making equipment; repair and maintenance of public transport vehicles; repair and maintenance of axles and parts thereof; repair and maintenance of heating apparatus; repair and maintenance of heating, refrigerating, air-

conditioning, drying, ventilating and dust extraction apparatus; repair and maintenance of office buildings; repair and maintenance of cooling appliances and installations; repair or maintenance of passenger elevators; repair and maintenance of presses for processing metals; repair and maintenance of industrial machinery; repair and maintenance of dust extraction apparatus; repair and maintenance of radio systems and networks; airplane maintenance and repair; safe maintenance and repair; repair and maintenance of agricultural equipment; repair and maintenance of agricultural machines; repair and maintenance of motor vehicle cooling systems; repair or maintenance of sporting equipment; repair and maintenance of building scaffolds, working and building platforms; repair or maintenance of vessels; repair and maintenance of land vehicles; repair and maintenance of drying apparatus; repair and maintenance of telecommunications apparatus, other than telephone sets, radio receivers and television receivers; repair or maintenance of vending machines; repair and maintenance of shopping centers, industrial complexes, office buildings, residential buildings and other real estate developments; repair and maintenance of transport containers; repair and maintenance of vehicle tires; repair and maintenance of audio frequency amplifiers; repair and maintenance of video frequency amplifiers; repair or maintenance of vehicle washing installations; repair and maintenance of photographic apparatus; repair and maintenance of surgical instruments and apparatus; repair and maintenance of chassis parts and bodies for vehicles; repair and maintenance of refrigerating apparatus; repair or maintenance of elevators; repair and maintenance of electric vehicles; repair and maintenance of electricity generators; repair and maintenance of electronic display panels; repair and maintenance of electronic navigational and positioning apparatus and instruments; repair and maintenance of electronic installations for use in aviation fueling; renovation, repair and maintenance of electrical wiring; repair and maintenance of energy generating installations; repair and maintenance of yachts; clock and watch repair; repair and cleaning of pallets and transport containers; cabinet repair; repair of computers; repair of computer hardware; repair of roofing; repair of cooking apparatus; repair of power lines; repair of personal ornaments in the nature of jewelry; repair of personal ornaments in the nature of jewelry and providing information relating thereto; repair of furniture; repair of medical machines and apparatus; repair of metalworking machines and apparatus; repair of metallurgical plants and rolling mills; repair of bags or pouches and providing information relating thereto; repair of musical instruments; repair of land vehicles; watch repair; pump repair; upholstery repair; repair of billiard equipment; repair of water pollution control equipment; shoe repair; shoe repair and providing information relating thereto; repair of shoes, bags and belts; clothing repair and providing information relating thereto; clothing repair; sign repair; repair of lighting apparatus; repair of axles for machines; repair of axles for vehicles; repair of heating apparatus; repair of heating, air-conditioning and alarm installations; repair of office machines and apparatus; repair of spectacles; repair of spectacles and providing information relating thereto; repair of energy production plants and machines; repair of suspension systems for vehicles; repair of industrial machinery; repair of industrial furnaces; vacuum cleaner repair; repair of radios; repair of radio or television sets; repair of fishing tackle and providing information relating thereto; repair of sanitary installations; repair of fishing tackle; repair of alarms; repair of animal waste treatment systems; repair of electronic cash register systems; repair of damaged computers; repair of hearing aids and hearing protectors; repair of sports equipment; repair of sports equipment and providing information relating thereto; repair of machines for treating organic waste; repair of industrial waste treatment machines; stereo system repair; repair of construction and agricultural machinery; scaffolding repair; repair of construction machines and construction equipment; repair of bags or pouches; repair of drying apparatus; repair of couplings for land vehicles; repair of tatami mats; repair of tatami mats and providing information relating thereto; repair of television apparatus; telephone repair; repair, maintenance and overhaul of automobiles; repair, maintenance, servicing, dismantling, rebuilding and cleaning of vehicle engines and parts

thereof; repair, maintenance, servicing, dismantling, rebuilding, cleaning and varnishing of vehicles and parts thereof; repair of brake systems for vehicles; repair of trailers; repair of toilet bowls with integrated bidet water jets; repair of toilet bowls with integrated bidet water jets and providing information relating thereto; repair of water supply installations; repair of installations for use in metal production, metal processing and metal working; repair of vehicle washing installations; repair of air-conditioning apparatus; repair of energy supply installations; repair of garbage disposals; repair of facsimile machines; repair of filters for machines, motors or engines; repair of filters and parts thereof; photographic apparatus repair; repair of cameras; repair of refrigerating apparatus; refrigerator repair; clock repair; reconditioning of machines being motors and engines for automobiles and airplanes that have been worn or partially destroyed; luggage repair; repair of electrical equipment, namely, electric engines, motors and control panels; repair of electrical equipment and electrotechnical installations, namely, electric engines, motors and control panels; repair of jewelry; hat restoration; restoration of buildings; renovating and constructing homes for low-income families; furniture restoration; furniture restoration and providing information relating thereto; restoration of musical instruments; restoration of works of art; furniture restoration, repair and maintenance; servicing and repair of lifting apparatus; servicing and repair of mechanical access platforms; servicing and repair of elevating work platforms; servicing of apparatus and installations for generating power; servicing of manufacturing machines and apparatus; servicing, cleaning and repair of chemical processing apparatus; automobile greasing; automobile lubrication; vehicle greasing; demolition of civil engineering building structures; demolition of houses and buildings; demolition of buildings; pavement stripping; road stripping; warehouse construction and repair; installation, maintenance and repair of manufacturing plants; vehicle service stations; sterilization of medical instruments; sterilization of surgical instruments; sterilization of surgical equipment; vehicle, clothes, textile washing; washing of linen; washing of cloth, clothing, fabric, linen and textiles; washing, ironing, repairing of textile goods for reuse; washing of clothing; washing of textiles; washing of fabric; washing of cloth; construction of airports; pier construction; construction of hydroelectric factories; pier breakwater building; custom construction of homes; road construction; chimney construction; residential and commercial building construction; construction and renovation of buildings; custom construction and building renovation; construction and repair of houses; construction and repair of buildings; pipeline construction and maintenance; building of canal locks; shipbuilding and providing information relating thereto; construction of porches; building of shops; construction of medical establishments; construction of oil pipelines; construction of decks; underwater construction; harbour construction; factory construction; construction, repair and maintenance of buildings; construction, repair and maintenance of buildings, and providing information relating thereto; construction of sunrooms; construction of structures for the production of crude oil; construction of structures for the production of natural gas; construction of structures for the transportation of natural gas; construction of structures for the transportation of crude oil; construction of structures for the storage of natural gas; construction of structures for the storage of crude oil; construction of telecommunication towers; construction, maintenance and renovation of real property; construction, maintenance and repair of watercraft, yachts, boats and water vehicles; pipeline construction; building of fair stalls and shops; yacht building; shipbuilding; marine construction; custom shipbuilding; routine servicing of ventilating apparatus; routine servicing of air-conditioning apparatus; routine servicing of heating apparatus; routine servicing of heating, refrigerating, air-conditioning, drying, ventilating and dust extraction apparatus; routine servicing of heating, refrigerating, air-conditioning, drying, ventilating and dust extraction apparatus at intervals stipulated by the manufacturer; routine servicing of dust extraction apparatus; routine servicing of drying apparatus; routine servicing of refrigerating apparatus; thermal insulating of buildings; building inspection in the course of building construction; maintenance of aquariums; aircraft maintenance or repair and providing information relating thereto; maintenance and repair of computer hardware; maintenance and repair of

skis; machinery maintenance and repair; maintenance and repair of computer hardware for computer networks; maintenance and repair of heating installations; maintenance and repair of telecommunications networks, apparatus, and instruments; maintenance of computer hardware; maintenance of medical apparatus and instruments; maintenance, repair and cleaning of apparatus and machinery for manufacturing semi-conductors; maintenance of septic systems; tuning of engines for motor vehicles; tuning of motors and engines for automobiles; tuning of motors and engines; cleaning of automobiles; cleaning of building interiors; cleaning of exhibition stands; cleaning of urban areas, namely, street cleaning; cleaning of residential houses; cleaning of residential and commercial properties; cleaning of buildings; cleaning of buildings, industrial sites and building sites; cleaning of building interiors and exteriors; crime scene clean-up services; cleaning of public areas, namely, street cleaning; cleaning of office buildings and commercial premises; cleaning of industrial premises; cleaning of airplanes; street cleaning; street cleaning and providing information relating thereto; cleaning services in the nature of collecting trash, other than transport; asbestos removal; cleaning services, namely, removal of graffiti; rust removal; laying of paving; carpet laying; tile laying, bricklaying or block laying; building reinforcing; vermin exterminating, other than for agriculture, aquaculture, horticulture and forestry; extermination of pests, other than for agricultural, aquaculture, horticulture and forestry purposes; vermin exterminating, other than for agriculture, aquaculture, forestry or horticulture; vermin exterminating, other than for agriculture, aquaculture, forestry or horticulture, and providing information relating thereto; road sealing; garage services for automobile repair; building construction, maintenance, cleaning and repair services; garage services for the maintenance and repair of motor vehicles; information and consultancy services relating to vehicle repair; advisory services in the fields of masonry wall construction, repair, restoration, maintenance and installation; consultancy and information services relating to building construction; consultancy, information and advisory services relating to the construction of public works in the nature of municipal buildings, airports, schools, hospitals, roads, railroads, refineries; advisory services relating to the construction and repair of airports and airport facilities; consultancy relating to the repair and reconditioning of anti-friction bearings for machines; consultancy relating to the repair and reconditioning of bearings, ball-bearings, roller bearings and anti-friction bearings for machines; consultancy and advisory services relating to the repair and maintenance of vacuum pumps and parts thereof; consultancy services relating to the construction of buildings; consultancy relating to masonry wall installation, maintenance and repair services; consultancy relating to the installation, maintenance and repair of windmills and wind turbines; consultancy services regarding the installation and maintenance of telecommunications, transmission and broadcasting equipment, apparatus and instruments; advisory services relating to building demolition; advisory services relating to the construction of buildings; advisory services relating to the construction of buildings and other dwelling structures; advisory services relating to the construction of public works in the nature of municipal buildings, airports, schools, hospitals, roads, railroads, refineries; advisory services relating to the maintenance and repair of mechanical and electrical construction equipment for use in the field of gas, oil, chemistry, aviation and aviation fueling; advisory services relating to the maintenance, repair and renovation of buildings and other dwelling structures; advisory services relating to the installation of audiovisual equipment; advisory services relating to the installation of hydraulic equipment; advisory services relating to the installation of plumbing; advisory services relating to the installation of heating and cooling apparatus; advisory services relating to the installation of building automation equipment; advisory services relating to the installation of security and safety building equipment; advisory services relating to the installation of cellular communication equipment; advisory services relating to the installation of lighting apparatus; advisory services relating to the installation of passenger elevators; advisory services relating to the installation of fire prevention equipment; advisory services relating to the installation of telephone

equipment; advisory services relating to the installation, maintenance and repair of mechanical and electrical construction equipment for use in the field of gas, oil, chemistry, aviation and aviation fueling; painting services; decorative painting services; assembly services relating to the installation of presses for processing metals; automobile undercoating services; vehicle undercoating services; tire balancing; pest control services, other than for agriculture, aquaculture, horticulture and forestry; interior sealing and caulking services; building sealing and caulking services; hydraulic fracturing services; computer and telephone battery recharge services; building construction supervision services relating to shopping centers, industrial complexes, office buildings, residential buildings and other real estate developments; building construction supervision services for real estate projects; building construction supervision services for building projects; machinery retrofit and conversion services; construction services relating to the installation of heating, ventilating and air-conditioning systems; seat covering services; snow removal and de-icing services for airplanes; drain cleaning services; fire extinguisher recharging services; house painting; interior and exterior window cleaning services; assembly services in the nature of installation of machines and machine tools for treating and processing metals; assembly services in the nature of installation of machines, machine tools and automatic systems for treating and processing metals; artificial snow-making services; masonry wall construction, repair, maintenance and installation services; pressure washing services; chemical cleaning services in the field of lubrication and equipment reliability; chemical cleaning services for lubricant reservoirs, tanks, valves, hydraulic lines and piping associated with the circulatory flow path of lubricants and chemicals for turbines, compressors, and hydraulic systems; industrial and commercial building cleaning services; domestic cleaning services, in the nature of building caretaker services; snow removal services; street sweeping services; installation services for building scaffolds, working and building platforms; roofing installation, maintenance and repair services; installation services for elevators and lifts; electrical systems installation services; computer and security systems installation services; removing birds from residential and commercial buildings; swimming pool cleaning services; air duct cleaning services; laundering of cloth, clothing, fabric, linen and textiles; laundering of babies' diapers; laundering of cloth; laundering of clothing; laundering of textiles; laundering of fabric; laundering; laundering and disinfecting of linen; laundering and providing information relating thereto; installation of ventilation and dust extraction systems; installation of apparatus for recording, transmission or reproduction of sound or images; installation of air-conditioning apparatus for use in clean rooms; installation of apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; installation of heating, lighting and cooking apparatus; installation of heating, refrigerating, air-conditioning, drying, ventilating and dust extraction apparatus; installation of apparatus for generating power; installation of dust extraction apparatus; installation of air-conditioning apparatus; installation of gas supply and distribution apparatus; installation of reactive power compensation apparatus; installation of audiovisual equipment; installation of ventilating apparatus; installation of plumbing systems; installation of gas and water pipelines; installation of water pipes; installation of hydraulic equipment in the nature of winches, gear boxes, and load systems; installation of drywall panels; installation of lightning conductors; installation of doors and windows; installation of engines and motors; installation of wood flooring; installation of wallboards; installation of rainwater drainage systems; installation of pipe insulation; installation of insulating materials; installation and maintenance of heating systems; installation and maintenance of solar thermal installations; installation and maintenance of photovoltaic installations; antenna installation and repair; plate glass installation and repair services; installation and repair of door frames; installation and repair of business and office machinery and equipment; Venetian blind installation and repair; setup or repair of locks; setup or repair of locks and providing information relating thereto; irrigation devices installation and repair; installation and repair of computer hardware; computer installation and repair; elevator installation and repair; installation and repair of freezing apparatus; installation and

repair of window blinds; installation and repair of window frames; heating equipment installation and repair; burglar alarm installation and repair; installation and repair of burglar or fire alarms; furnace installation and repair; installation and repair of air-conditioning systems; installation and repair of heating, ventilating and air-conditioning systems; satellite dish installation and repair; installation and repair of television apparatus; telephone installation and repair; furnace and smelter installation and repair; pipeline installation and repair; installation and repair of air-conditioning apparatus; fire alarm installation and repair; freezing equipment installation and repair; electric appliance installation and repair; installation of rainwater collection systems; installation and maintenance of transmission and broadcasting equipment, apparatus and instruments; installation and maintenance of irrigation systems; installation and maintenance of computer hardware for the transfer of data for remote reading of electricity meters; installation and maintenance of computer hardware for computer networks and Internet access; installation and maintenance of burglar or fire alarms; installation and maintenance of industrial plants and equipment in the field of gas, oil, chemistry, aviation and aviation fueling; installation and maintenance of traffic control apparatus; installation of cables for Internet access; installation of cellular communication equipment; installation of computer hardware; installation of computer hardware for Internet access; installation of computer hardware and cables for Internet access; installation, construction, maintenance, servicing and repair of energy and power generating apparatus, equipment and installations; roofing installation; kitchen equipment installation; installation of kitchen appliances; installation of cooking appliances; installation of kitchen cabinets; installation of rainwater tanks; installation of foundry equipment; installation of machinery for generating electricity; installation of machines and machine tools for treating and processing metals; machinery installation; installation of door closers; installation of door openers; installation of door openers and closers; oil well casing, tubing, and drill pipe installation; installation of floor tiles; installation of computer hardware for computer networks; installation of computer hardware for computer systems; installation of laundry and kitchen equipment; installation of building automation systems equipment; installation, maintenance and repair of computer hardware; installation, maintenance and repair of water supply apparatus; installation of fencing; installation of pet containment systems; installation of windows; installation of security and safety building equipment; installation of office machines; installation of lighting apparatus; installation of heating apparatus; installation of heating and cooling apparatus; installation of heating systems; installation of security systems; installation of tents; installation of passenger elevators; installation of fire alarms; installation of presses for processing metals; installation of fixtures and fittings for buildings; installation of industrial machinery; installation of industrial furnaces; installation of fire prevention equipment; installation of radio systems and networks; installation, maintenance and repair of automatic doors and barriers; installation, maintenance and repair of machines for use in the publishing industry; machinery installation, maintenance and repair; installation, repair and maintenance of clean room facilities and equipment; installation, repair and maintenance of heating equipment; office machines and equipment installation, maintenance and repair; installation, maintenance and repair of fire, smoke and heat alarms; installation, maintenance and repair of ventilating systems; installation, repair and maintenance of condensing apparatus, steam condensers, radiators for motors and engines, air reheaters, boiler tubes; installation of siding; custom installation of automobile interiors; installation of sanitary installations; installation of plumbing; installation of septic tanks; installation of commercial cooking apparatus; installation of environmental protection systems; installation of environmental control systems; installation of environmental control systems for clean rooms; installation of air-conditioning control systems; installation of air-conditioning systems; installation of heating, ventilation and air-conditioning systems; installation of electric light and power systems; installation of rainwater harvesting systems; installation of clean room systems; installation, changing, replacement and repair of locks; installation of satellite dishes;

installation of glass in conservatories, windows, doors and greenhouses; installation of drying apparatus; installation of telephone equipment; installation of building insulation; installation of telephone lines; installation of cavity wall insulation; installation of insulating materials in buildings, roofs and structures; installation of insulating glass in conservatories, windows, doors and greenhouses; installation of thermal insulation for buildings; installation, maintenance and repair of automated teller machines; installation of water supply apparatus; installation, maintenance and repair of automation systems in the field of gas, oil, chemistry, aviation and aviation fueling; installation, maintenance and repair of automatic emergency exits; installation, maintenance and repair of automatic doors and gates; installation, maintenance and repair of automatic apparatus for opening and closing ventilation flaps; installation, maintenance and repair of automatic apparatus for opening and closing windows; installation, maintenance and repair of automatic apparatus for opening and closing windows, fanlights, skylights and ventilation flaps; installation, maintenance and repair of automatic apparatus for opening and closing skylights; installation, maintenance and repair of automatic apparatus for opening and closing fanlights; installation, maintenance and repair of anemometers; installation, maintenance and repair of computer hardware for computer networks; installation, maintenance and repair of computer hardware for data communication networks; installation, maintenance and repair of air analysis apparatus; installation, maintenance and repair of apparatus for supplying gas,; maintenance and repair of drilling and mining apparatus; installation, maintenance and repair of electronic monitoring apparatus; installation, maintenance and repair of hardware for data processing apparatus; installation, maintenance and repair of apparatus for processing metals; installation, maintenance and repair of apparatus for heating, purifying air, refrigerating, drying, ventilating, temperature control and air-conditioning; installation, maintenance and repair of energy conversion apparatus and power plants; installation, maintenance and repair of energy conversion apparatus, power plants, wave energy conversion apparatus and wave energy power plants; installation, maintenance and repair of apparatus for generating electricity; installation, maintenance and repair of apparatus for generating power; installation, maintenance and repair of apparatus for authentication of documents; installation, maintenance and repair of apparatus for checking the authenticity of banknotes; installation, maintenance and repair of apparatus for supplying electricity; installation, maintenance and repair of fire detection apparatus; installation, maintenance and repair of quality control apparatus in the field of gas, oil, chemistry, aviation and aviation fueling; installation, maintenance and repair of wave energy conversion apparatus and wave energy power plants; installation, maintenance and repair of mechanically operated apparatus for opening and closing ventilation flaps; installation, maintenance and repair of mechanically operated apparatus for opening and closing windows; installation, maintenance and repair of mechanically operated apparatus for opening and closing windows, fanlights, skylights and ventilation flaps; installation, maintenance and repair of mechanically operated apparatus for opening and closing skylights; installation, maintenance and repair of district heating apparatus; installation, maintenance and repair of electronic data processing apparatus; installation, maintenance and repair of quality control apparatus for printing presses; installation, maintenance and repair of ballast apparatus for ships; installation, maintenance and repair of batteries and accumulators; installation, maintenance and repair of wind towers; installation, maintenance and repair of vacuum pumps; installation, maintenance and repair of ventilating apparatus, namely, for use in electronic and electric controls, control modules, apparatus, circuits and switches for measuring apparatus, aviation fuel and aviation fuel supply; installation, maintenance and repair of weighing apparatus in the field of gas, oil, chemistry, aviation and aviation fueling; installation, maintenance and repair of veterinary apparatus and instruments; installation, maintenance and repair of wind towers and anemometers; installation, maintenance and repair of windmills and wind turbines; installation, maintenance and repair of air filters; installation, maintenance and repair of fiber optic networks; installation, maintenance and repair of blow molding machines; installation, maintenance and repair of high pressure lines, hosing and pipelines for hydraulic systems; installation,

maintenance and repair of gas and electricity systems; installation, maintenance and repair of gas, electricity and water supply apparatus; installation, maintenance and repair of alternators; installation, maintenance and repair of hydraulic systems for machinery; installation, maintenance and repair of hydraulic systems for vehicles; installation, maintenance and repair of hydraulic fracturing equipment; installation, maintenance and repair of doors and fences; installation, maintenance and repair of chassis parts and bodies for vehicles; installation, maintenance and repair of fire, smoke and heat detectors; installation, maintenance and repair of ink metering apparatus for printing presses; installation, maintenance and repair of railroad tracks; installation, maintenance and repair of gaming machines, juke boxes and telecommunication equipment; installation, maintenance and repair of measuring apparatus for measuring fuel and chemicals; installation, maintenance and repair of measuring and testing apparatus and instruments, used in the field of gas, oil, chemistry, aviation and aviation fueling; installation, maintenance and repair of clocks and other horological and chronometric instruments; installation, maintenance and repair of measuring, signalling and monitoring apparatus and instruments in the field of gas, oil, chemistry, aviation and aviation fueling; installation, maintenance and repair of inverters, batteries and electrical connection apparatus for solar energy systems; installation, maintenance and repair of drilling and mining tools; installation, maintenance and repair of card readers; installation, maintenance and repair of catalytic converters; installation, maintenance and repair of compressors; installation, maintenance and repair of compressors, air pumps and vacuum pumps; installation, maintenance and repair of compressors, air pumps, vacuum pumps, air blowers, air filters, alternators, pressure regulators and oil separators; installation, maintenance and repair of computer hardware and electronic teaching equipment and apparatus; installation, maintenance and repair of computer hardware for electronic data processing systems; installation, maintenance and repair of computer hardware for telecommunications systems; installation, maintenance and repair of computer hardware and peripherals; installation, maintenance and repair of air-conditioning apparatus; installation, maintenance and repair of cash registers; installation, maintenance and repair of ink rollers for printing presses; installation, maintenance and repair of kitchen furniture; installation, maintenance and repair of labeling machines; installation, maintenance and repair of machines for processing plastics; installation, maintenance and repair of machinery for the printing industry; installation, maintenance and repair of cleaning machines; installation, maintenance and repair of machinery for the graphics industry; installation, maintenance and repair of medical apparatus and instruments; installation, maintenance and repair of metalworking machines; installation, maintenance and repair of meteorological masts; installation, maintenance and repair of computer network and information technology equipment; installation, maintenance and repair of air blowers; installation, maintenance and repair of heating apparatus; installation, maintenance and repair of heating systems; installation, maintenance and repair of pumps and pumping stations; installation, maintenance and repair of oil separators; installation, maintenance and repair of building automation systems equipment; installation, maintenance and repair of container filling machines; installation, maintenance and repair of apparatus for conveying goods, namely, conveyor systems; installation, maintenance and repair of equipment and apparatus for use in demolition; installation, maintenance and repair of equipment and apparatus for use in mining; installation, maintenance and repair of equipment and apparatus for use in mining, open pit mining and quarrying; installation, maintenance and repair of equipment and apparatus for use in road building; installation, maintenance and repair of air freshening apparatus; installation, maintenance and repair of lighting apparatus; installation, maintenance and repair of burglar alarms; installation, maintenance and repair of air purifying apparatus; installation, maintenance and repair of passenger elevators; installation, maintenance and repair of passenger elevators, moving sidewalks, passenger bridges, moving stairways and stairway lifts; installation, maintenance and repair of printing machines; installation, maintenance and repair of printing machines and parts thereof;

installation, maintenance and repair of printing presses; installation, maintenance and repair of printing presses and other machinery for use in the publishing industry; installation, maintenance and repair of printing presses and parts thereof; installation, maintenance and repair of loading and unloading machines; installation, maintenance and repair of fire and security alarms; installation, maintenance and repair of fire alarms; installation, maintenance and repair of apparatus for distributing electricity; installation, maintenance and repair of apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; installation, maintenance and repair of computer peripherals; installation, maintenance and repair of manufacturing machines and apparatus; installation, maintenance and repair of industrial machinery; installation, maintenance and repair of industrial machinery and manufacturing plants; installation, maintenance and repair of fire and smoke barriers; installation, maintenance and repair of filling machines; installation, maintenance and repair of pressure regulators; installation, maintenance and repair of freestanding lattice towers; installation, maintenance and repair of LED lighting apparatus; installation, maintenance and repair of air-conditioning systems; installation, maintenance and repair of boiler systems; installation, maintenance and repair of boiler systems and solar energy systems; installation, maintenance and repair of exhaust gas reduction systems; installation, maintenance and repair of heat insulation systems; installation, maintenance and repair of dental apparatus and instruments; installation, maintenance and repair of drying apparatus; installation, maintenance and repair of money counting and sorting machines; installation, maintenance and repair of moving sidewalks; installation, maintenance and repair of passenger bridges; installation, maintenance and repair of packaging machines; installation, maintenance and repair of mechanically operated apparatus for opening and closing fanlights; installation, maintenance and repair of molding machines; installation, maintenance and repair of photovoltaic modules; installation, maintenance and repair of photovoltaic cells and modules; installation, maintenance and repair of refrigerating apparatus; installation, maintenance and repair of cooling and air-conditioning systems for temperature-controlled environments; installation, maintenance and repair of electrical and electronic apparatus for use in the field of industrial automation; installation, maintenance and repair of electrical and electronic apparatus and equipment used for automated or partly automated industrial operations; installation, maintenance and repair of electrical lighting apparatus; installation, maintenance and repair of electrical devices used for automated or partly automated industrial operations; installation, maintenance and repair of electrical and electronic measuring and testing apparatus and instruments; installation, maintenance and repair of electrical equipment used for automated or partly automated industrial operations; installation, maintenance and repair of electronic regulating apparatus; installation, maintenance and repair of electronic control apparatus; installation, maintenance and repair of electrical drives and drive systems for machines; installation, maintenance and repair of power plants and power grids; installation, maintenance and repair of escalators; installation, maintenance, repair and reconditioning of industrial machinery; installation, maintenance and repair of equipment and apparatus for use in coal mining; installation of theft prevention devices; installation of photovoltaic cells and modules; installation of refrigerating apparatus; installation of electrical apparatus and generators for use in the field of gas, oil, chemistry, aviation and aviation fueling; installation of electric and electronic equipment in automobiles; installation of electrical wiring; interference suppression in electrical apparatus; installation of ship interiors; swimming-pool maintenance; furniture maintenance; fur repair; fur repair and providing information relating thereto; fumigating; fumigation of buildings against pests; chimney sweeping; car cleaning; chimney sweeping and providing information relating thereto; automobile cleaning and washing; leather cleaning and repair; fur cleaning and repair; boiler cleaning and repair; cleaning of rugs; carpet cleaning; cleaning of carpets and rugs; cleaning of carpets and rugs, and providing information relating thereto; rug shampooing; shoe shining; cleaning of clothing; window cleaning and providing information relating thereto; cleaning of storage tanks; storage tank cleaning and providing information

relating thereto; leather cleaning and repair; fur cleaning and repair; septic tank cleaning; septic tank cleaning and providing information relating thereto; dry cleaning; cleaning of textiles; vehicle cleaning; cleaning of packaging materials, packing containers and transport pallets; diaper cleaning; cleaning of surgical instruments and equipment; floor sanding; buffing and polishing; plastering and painting of building interiors; inspection of automobiles and parts thereof prior to maintenance and repair automobiles; building maintenance; building maintenance and repair services provided by a handyman

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Battery chargers for cellular phones; computer cables; microphone cables; optical cables; radio relay cables; power cables; telecommunication cables; feeder cables; electronic cables; battery cables; protective cases for smartphones; electronic load modules for monitoring electric current and electric signals; 3D spectacles; DVD players; portable DVD players; FM transmitters; Global Positioning System (GPS) tracking and location devices; light-emitting diode (LED) televisions; liquid crystal display (LCD) monitors; liquid crystal display (LCD) televisions; portable MP3 players; Secure Digital (SD) memory cards; SIM cards; universal serial bus (USB) modems; autocollimators; ticket dispensers, namely, electronic parking lot ticket dispensers; coin-operated musical automata juke boxes; fire engines; answering machines; autotransformers; Ethernet adapters; flash memory card adapters; telephone adapters; computer card adapters; radio frequency adapters; computer network adapters; power adapters; accumulators, namely, batteries; batteries for cellular phones; batteries for vehicles; batteries for electronic cigarettes; electrical cells and batteries; nickel-cadmium storage batteries; accumulators, electric; accumulators, electric, for vehicles; electrolytic cells; actinometers; speaker systems consisting of loudspeakers and cabinets for use with loudspeakers; alidades; altimeters; ammeters; research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; anemometers; residual gas analyzers; anodes; antennas; car antennas; antennas for wireless communications apparatus; radio signal antennas; antennas for telecommunications networks; microwave antennas; radio and television antennas; satellite antennas; television antennas; anticathodes; apertometers; automatic telephone exchange apparatus; high-frequency apparatus, namely, high frequency switches and switching power supplies, high-frequency transmitters for transmitting information to personal mobility vehicles, radio, radar detector; testing apparatus, for chemical composition analysis, namely, electronic analyzers for testing and analyzing chemical substance for the presence, absence or quantity of target chemicals, not for medical purposes; apparatus for the input, output, transmission and storage of data; apparatus for broadcasting, recording, transmission or reproduction of sound, data or images; apparatus for the reproduction of sound or images; remote control apparatus for use with heating, lighting, drying, ventilating, air conditioning, fueling, water supply and security apparatus; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; apparatus for recording images; apparatus for recording, transmission or reproduction of sound, images and data; apparatus for recording, transmission or reproduction of data; apparatus for recording, transmission, reception, processing or reproduction of sound, images or data; apparatus for monitoring and recording the performance of machinery; monitoring apparatus, other than for medical purposes, namely, monitoring devices for monitoring battery performance characteristic for use with heating, lighting, drying, ventilating, air conditioning, fueling, water supply and security apparatus; apparatus for processing electronic payments; apparatus for the transmission of sound or images; sound recording apparatus; apparatus and instruments for recording, transmission or reproduction of sound, data or images; apparatus and instruments for transferring, receiving and storing sound, images and data, both in digital and analog form; apparatus and instruments for microscopy; apparatus and instruments for scanning probe microscopy; apparatus and instruments for scanning

ion microscopy; apparatus and instruments for scanning ion conductance microscopy; data processing apparatus and computers; optical viewing and recording apparatus; radio receiving and transmitting apparatus; radio and television apparatus; electronic telephone exchange apparatus; electronic surveillance apparatus; vacuum distillation apparatus for laboratory use; video transmission apparatus; Global Positioning System (GPS) apparatus; holography apparatus; distillation apparatus for scientific purposes; diffraction apparatus for microscopy; air analysis apparatus; apparatus for broadcasting, recording, transmission or reproduction of sound or images; video recording apparatus; video playback apparatus; pressure recording apparatus; sound and image recording apparatus; sound recording and reproducing apparatus; apparatus for recording and reproducing speech; apparatus for recording, transmission or reproduction of sound; apparatus for recording, transmission or reproduction of images; signal transmission apparatus; apparatus to measure franking; word processors; sound transmitting apparatus; apparatus for transmitting and reproducing sound or images; facsimile transmitting and receiving apparatus; apparatus for transmitting radio programs and radio relay messages; facsimile transmission machines; underwater breathing apparatus; testing apparatus for testing printed circuit boards; fermenter apparatus for laboratory use; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration, namely, buoyancy bladders; oxygen breathing units, other than for artificial respiration; record playing apparatus and instruments; digital transmitters; scientific, optical, measuring, signaling and checking apparatus and instruments for aviation fueling; cinematographic apparatus and instruments, namely, cinematographic cameras; remote control apparatus and instruments for monitoring fuel levels; satellite receivers and transmitters; photographic apparatus and instruments, namely, lenses for photographic apparatus; drawing apparatus and instruments adapted for use with computers, namely, computer styluses; electrical and electronic control apparatus and instruments for monitoring fuel levels for airplanes and automobiles; apparatus and installations for the production of X-rays, not for medical purposes, namely, X-ray apparatus; cash registers; electronic cash registers, namely, automatic cash registers; cinematographic machines and apparatus; electric apparatus for commutation, namely, commutators; magnetic resonance imaging apparatus, not for medical purposes; navigation apparatus for boats; intercommunication apparatus, namely, telephones incorporating intercommunication systems; stills for laboratory experiments; projection apparatus, namely, slide or photograph projection apparatus; fire extinguishing apparatus; coin changers; X-ray apparatus not for medical purposes; blueprint apparatus, namely, blueprinting machines; flashing luminous signal lights, namely, flashing and steady safety lights; stereoscopes; manual telegraph apparatus; telecommunications apparatus in the nature of wireless receivers for use with mobile networks; digital telephone switching apparatus; telephone apparatus; cordless telephone apparatuses; mobile telephone apparatus with built-in facsimile systems; facsimile machines; portable facsimile machines; photovoltaic apparatus, namely, solar modules for converting solar radiation to electrical energy; phototelegraphy apparatus; igniting apparatus, electric, for igniting at a distance, namely, electric igniters used in connection with ballasts to start discharge lamps; apparatus for recording, transmission or reproduction of sound or images; electronic controllers for ventilation installations; electronic controllers for heating installations; electronic controllers for air conditioning installations; electric telecommunications apparatus, namely, electrical transformers, electric capacitors and resistors for telecommunication apparatus, modules in the nature of monitor modules for monitoring electric current and electrical signals, integrated circuit modules, rectifier modules, voltage monitor modules, current monitor modules, energy monitor modules, energy price monitor modules, energy price prediction monitor modules, power consumption monitor modules, receivers of electronic signals for controlling, switching and receiving energy data and receiving energy prices, transceivers, connectors, fuses, switches, automatic switching apparatus, plugs, motion and movement sensors, teleruptors and gateway routers for controlling, switching, and measuring energy consumption of devices and appliances in homes remotely; electronic animal identification apparatus; armatures for use

in electrical apparatus; electrical signal attenuators; blank audio discs; audio recordings featuring music; visual and audio recordings featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; audio and video tapes featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; digital media, namely, downloadable audio files and video material featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; audio cassettes featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; prerecorded audio cassettes featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; blank audio cassettes; audio books in the field of information in the field of gas, oil, chemistry, aviation and aviation fueling; blank digital audio tapes; prerecorded music audio tapes; prerecorded non-musical audio tapes featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; blank audio tapes; audio tape recorders; digital audio tape recorders; digital audio players; prerecorded audio tapes featuring music; electronic data base in the field of gas, oil, chemistry, aviation and aviation fueling recorded on computer media; beacons, luminous; luminous beacons for safety or warning purposes; fluorescent lamp ballast for electric lights; ballasts for gas discharge lamps; ballasts for halogen lights; electronic lighting ballasts for lamps; breathing apparatus for divers namely, buoyancy bladders; battery jars; automated teller machines; automatic teller paying-in and deposit machines; barometers; electric storage batteries; anode batteries; galvanic batteries; batteries for lighting; lithium ion batteries; nickel-cadmium storage batteries; rechargeable batteries; solar batteries; solar panels for the production of electricity; ignition batteries; dry cells; batteries, electric; rechargeable electric batteries; electrical cells and batteries; batteries; batteries for pocketlamps; electronic cigar batteries; balances, namely, steelyards; freeware, namely, downloadable software featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; betatrons; binoculars; hunting binoculars; field-glasses; opera glasses; biomicroscopes; bioreactors for research laboratory use; bioreactors for cell culturing; bioreactors for laboratory use; disposable plastic bioreactors for cell culturing; bio-chips for research or scientific purposes; electronic tags for goods; lens hoods for cameras; lens hoods; battery packs; computer chassis; voltage monitor modules; magnetic tape units for computers; computer memory devices; semi-conductor memory units; high-frequency switching power supplies; electronic power supplies for driving electric motors; electric fuse boxes; electrical power distribution blocks; borescopes; borescopes for inspecting work; boots for protection against accidents, irradiation and fire; fire hose nozzles; encoded identification bracelets, magnetic; magnetically encoded identification bracelets; safety tarpaulins; electronic key fobs being remote control apparatus; bullet-proof clothing; trousers for protection against accidents, irradiation and fire; navigational buoys; signalling buoys; life buoys; luminous safety beacons; marking buoys; directional compasses; computer buffers; vacuum gauges; electrolysers; wattmeters; variometers; webcams; fire buckets; internal cooling fans for computers; central processing unit (CPU) fans; verniers; scales; talking scales; baby scales; bathroom scales; letter scales for domestic use; letter scales for office use; weighing scales for medical purposes; pocket scales; letter scales; kitchen scales; electronic weighing scales for kitchen use; personal weighing scales; weighbridges; precision balances; scales with body mass analysers; calculating scales; wireless electronic scales; wireless electronic scales for personal use; portable digital electronic scales; levelling rods for surveying; video multiplexers; video discs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; prerecorded video discs and video tapes featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; prerecorded video discs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; video recordings featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; downloadable video recordings featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; musical video recordings; downloadable video recordings featuring music; camcorders; video baby monitors; digital single-lens reflex (DSLR) cameras; digital video

cameras; video cards being video display cards and video capture cards; blank video cassettes; prerecorded video cassettes featuring music; prerecorded video cassettes featuring cartoons; blank video cassettes; music video recordings; prerecorded video tapes featuring music; blank video tapes; digital video recorders; video sound mixers; video monitors; video equipment, namely, video processors; combination video players and recorders; digital audio and video recorders and players; prerecorded video tapes and video discs featuring animation; prerecorded video tapes featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; prerecorded video tapes featuring music; video receivers; video projectors; video processors; personal video recorders (PVRs); video telephones; video graphics accelerators; electronic LCD display units with multi-networking (TCP/IP) capabilities; downloadable multimedia file containing video relating to information in the field of gas, oil, chemistry, aviation and aviation fueling; video films, namely, downloadable films and movies featuring information in the field of gas, oil, chemistry, aviation and aviation fueling provided via a video-on-demand service; prerecorded video tapes featuring motion picture films about gas, oil, chemistry, aviation and aviation fueling; video screens; range finders for cameras; viewfinders, photographic; electrical plugs and sockets; electric connections, namely, plugs, sockets and electric contacts; electric plugs; micrometer screws for optical instruments; viscosimeters; electric circuit closers; static exciters; wavemeters; polarisation maintaining optical fibers; nonlinear optical fibers; voltmeters; DVD players and DVD recorders; camera flashes; mechanical signs; signs, luminous; backlit signs; high frequency switches; switch boxes; electronic motion sensitive switches; light switches; electric light switches; power switches; rectifier tubes; current rectifiers; rectifiers; downloadable electronic newspapers in the field of gas, oil, chemistry, aviation and aviation fueling; gas testing instruments; gasifiers for laboratory use; gasometers being measuring instruments; headsets, namely, wireless headsets for smartphones, headsets for use with computers; galvanometers; headsets for communicating remotely with other headsets; wireless headsets for use with cellular phones; hands-free kits for phones; telephone headsets; typeface fonts recorded on magnetic media; heliographic apparatus; hygrometers; hydrometers; hydrophones; weights for use with weighing scales; gyrocompasses; gyrometers; gyroscopes; magnifying peepholes for doors; depth gauges; print heads for document printers and plotters; print heads for computer document printers; print heads for ink-jet document printers; hologram apparatus; gravimeters; gramophones; phonograph records featuring music; computer graphic cards; downloadable computer graphics; plotters; X-Y plotters; woofers; loudspeakers with built in amplifiers; loudspeakers; weights for use with weighing scales; scuba diving weights to offset the buoyancy of a user's wetsuit; sounding lead weights for divers; plumb bobs; range finders for golf; electrical transducers; automatic solar tracking sensors; proximity sensors; vibration sensors; vibration sensors for installation in windmill housings; gamma radiation detectors; pressure sensors; motion sensors; motion sensors for security lights; electronic sensors for measuring solar radiation; probes for testing semiconductors; pollutant sensors; electric, electronic, or electrochemical oxygen monitors and sensors for environmental use; optical sensors; sensors for the determination of positions; sensors for the determination of distances; touchscreen sensors; timing sensors; sensors for the determination of velocity; temperature sensors; coolant-temperature sensors; automotive measuring instruments, namely, air/fuel ratio gauges; ultrasonic sensors; ultrasonic object detectors for use on vehicles; level indicators; oil level sensors; acceleration sensors; television decoders; decorative shaped switch plate covers; demodulators; demultiplexers; densimeters; densitometers not for medical use; holders for compact discs; holders and cases for compact discs and DVDs; holders adapted for mobile telephones; in-car telephone handset cradles; gas sensors for measuring gas concentration; smoke detectors; infrared detectors; polygraph machines; magnetic wall stud finders; fire and smoke detectors; safety sensor, namely, combination carbon monoxide and smoke detectors; flame detectors; radiation detectors; radon detectors; heat detectors; carbon monoxide detectors; carbon dioxide detectors; ultrasonic detectors for property and phenomenon; counterfeit coin detectors; ultrasonic flaw detectors; joysticks for use with computers, other

than for video games; downloadable interactive computer software for aviation fueling; photographic transparencies; slide projectors; camera lens diaphragms for use in photography; dictating machines; digital voice recorders; tweeters; audio speakers for computers; audio speakers for portable media players; dynamometers; diodes; force measurement products, namely, digital force gauges; silicon carbide diodes; organic light emitting diodes (OLED); light emitting diodes (LEDs); floppy disks featuring recorded computer programs for use in database management; blank floppy computer discs; blank computer diskettes; blank diskettes; blank CD-ROMs for sound or video recording; pre-recorded CD-ROMs containing electronic telephone directories; prerecorded CD-ROMs featuring computer programs for use in database management; prerecorded CD-Is (compact disc interactive) featuring computer programs for use in database management; pre-recorded DVDs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; blank recordable DVDs; pre-recorded interactive DVDs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; prerecorded physical fitness exercise DVDs; prerecorded exercise DVDs; blank discs for computers; blank hard drives for computers; blank hard discs for computers; hard discs for computers featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; miniature hard disk drive storage units; pre-recorded compact discs featuring sound recordings; laser discs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; magnetic-optical discs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; magnetic discs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; blank magnetic disks; optical discs featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; blank optical disks; backup drives for computers; video game discs; computer game discs; circular slide rules; digital disc drives; DVD drives; disk drives for computers; computer disk drives and device drivers in the nature of downloadable computer software for operating and controlling computer peripherals; optical disk drives; juke boxes for computers; electrophoretic displays; wearable video display monitors; light emitting diode (LED) displays; touch screens, namely, touch sensitive display and control screens; electronic numeric displays; electronic advertisement display unit with multi-networking (TCP/IP) capabilities and remote connectivity; electronic messaging display unit with multi-networking (TCP/IP) capabilities and remote connectivity; laboratory columns for use in distillation; electronic diaries; DNA chips; measurement apparatus, namely, rain gauges; spirit measures; radiation-measuring instruments; electronic docking stations for MP3 players; electronic docking stations for cellular phones; electronic docking stations for laptops; electronic docking stations for digital music players; swim floats for safety purposes; electronic interactive whiteboards; electronic notice boards; daughterboards; choking coils for use in electrical apparatus; opacimeter; harnesses specially adapted for holding electronic devices, namely, electronic cables; electric wire harnesses for automobiles; liquid crystal displays (LCDs) for home theaters; bullet-proof waistcoats; life jackets; water ski safety vests; flotation vests; life-saving vests for use by dogs; reflective safety vests; identification threads for electric wires; microphone boom pole; contact lens blanks; downloadable computer game software; downloadable software to enable instant messaging and electronic mail; downloadable computer game programs; downloadable computer software for remote monitoring and analysis of flight tracking of airplanes and fuel; downloadable podcasts in the field gas, oil, chemistry, aviation and aviation fueling; downloadable computer security software; nose clips for divers; nose clips for divers and swimmers; electric locks for vehicles; radio-frequency controlled locks; electric locks; motor vehicle power locks; electronic locks; shutters for cameras; lens shutters for cameras; optical shutters; magnetic cabinet door catches; alarm bells, electric; electric door chimes; electric door bells; call bells; signal bells; electronic warning bells; audio interfaces; audio recordings featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; musical sound recordings; downloadable musical sound recordings; sound projectors and amplifiers;

acoustic conduits; pickups for telecommunication apparatus; inspection mirrors; display screens, namely, flat panel display screens, LCD large-screen displays; reflectors for microscopes; scientific and technical apparatus, namely, optical mirrors; electric signs; road signs, luminous or mechanical; marine depth finders; probes for scientific purposes; avalanche probes, namely, elongated rods used to manually probe for people or objects covered by an avalanche; electric buzzers; electronic buzzers; needles for surveying compasses; needles for record players; phonograph needles; downloadable computer game software via a global computer network and wireless devices; eyewear; reflective and illuminated clothing for the prevention of accidents; laboratory glassware; measures, namely, spirit measures, tape measures, measuring buckets, measuring rules, distance measurement devices; ampere-hour meters; vibration meters; pressure measuring apparatus; concentration meters; level gauges; sound level meters; simulators for the steering and control of vehicles; inverters; pressure indicators; indicator lights for telecommunication apparatus; temperature indicators; chip electric coils; electrical inductors; incubators for bacteria culture; constant temperature incubators for laboratory use; wire diameter measuring devices; instruments for measuring length; radioactivity measuring apparatus; resistance measuring instruments; material testing instruments, namely, electronic apparatus for testing compression, concentration, pH, strength, hardness, and tensile characteristics of industrial materials; instruments for measuring temperature, pressure, quantity and concentration of gas and liquids; electronic navigational and positioning apparatus and instruments; cosmographic instruments, namely, astrometric measuring machines and devices, zenith telescopes, and astronomic measuring machines and instruments; counterfeit coin detectors, namely, coin acceptors for separating good coins from counterfeits; mathematical instruments, namely, calculators, abacus, slide rules, protractors, ellipsographs, and opisometers; electronic navigational instruments; levelling instruments, in the nature of level measuring machines for surveying, level indicators; instruments containing eyepieces, namely, microscopes, telescopes, photo and video cameras; surveying instruments; azimuth instruments; Internet servers; Internet telephones, namely, voice over internet protocol (VOIP) telephones; downloadable graphical user interface software; interfaces for computers; interferometers; intranet servers; ionization apparatus for scientific or laboratory use; satellite finder meters; spark-guards, namely, electric current switches, electric control panels; uninterruptible electrical power supplies; high-voltage electrical power supplies; AC/DC electrical power supplies; DC input electrical power supplies; electrical power supplies; universal serial bus (USB) cables; guitar cables; Ethernet cables; jump start cables; modem cables; cables for optical signal transmission; cables for electrical or optical signal transmission; cables for electrical signal transmission; cables for electrical and optical signal transmission systems; printer cables; electric cables and wires; coaxial cables; mineral insulated electric cables; fiber optic cables; cables, electric; pocket calipers for measuring; go/no-go gauges being strain gauges; slide calipers; screw-tapping gauges; no-go ring gauges; go ring gauges; master ring gauges; calorimeters; calculating machines; pocket calculators; electronic pocket calculators; electronic desk calculators; electronic calculators; closed circuit TV cameras; decompression chambers; video surveillance cameras; rearview cameras for vehicles; infrared cameras; cinematographic cameras; multi-purpose cameras; film cameras; cameras with linear image sensors; thermal imaging cameras; ducting for electric cables; electrical raceways; mouth guards for sports; life-saving capsules for natural disasters; electronic pens; karaoke machines; electronic card readers; computer monitor frames; mounting racks adapted for computer hardware; holders for electric coils; identity cards, magnetic; blank integrated circuit cards; video game cartridges; ink cartridges, unfilled, for computer printers; ink cartridges, unfilled, for photocopiers; video games cartridges for use with electronic games apparatus; toner cartridges, unfilled, for printers and photocopiers; magnetically encoded debit cards; ethernet cards, namely, ethernet adapters; encoded cards being encoded key cards; sound cards; encoded identity cards; interface circuits for video cameras; interface cards for computers; interface cards for data processing equipment in the form of printed circuits; magnetically encoded key cards;

electronic key cards; magnetically encoded credit cards; local area network (LAN) computer cards for connecting portable computer devices to computer networks; magnetically encoded loyalty gift cards; magnetically encoded cards for carrying data, namely, magnetically encoded identity cards, magnetically encoded key cards; encoded prepaid magnetic cards, namely, pre-paid magnetically encoded debit cards; random access memory (RAM) cards; memory cards for video game machines; memory cards for cameras; memory cards; integrated circuit (IC) memory cards; magnetically encoded gift cards; expansion boards for computers; encoded integrated circuit cards; pre-paid telephone calling cards, magnetically encoded; multimedia accelerator boards; fax modem cards for computers; blank flash memory cards; riding helmets; protective helmets; carriers for dark plates, namely, carriers for plate cameras and accessories thereof; film magazines for cameras; video game tape cassettes; computer game cassettes; cash registers, calculating machines, data processing equipment, namely, couplers, data processors, computers; automated teller machines (ATM); cathodes; computer game cartridges; spools for cameras; choking coils for use in electrical apparatus; magnetic coils; spools for cameras; coils, electric; electric resistors for telecommunication apparatus; electromagnetic coils; quantum dots, namely, crystalline semi-conductor material; prerecorded motion picture films about gas, oil, chemistry, aviation and aviation fueling; cinematographic film, exposed; multifunction computer keyboards; computer keypads; keypads for use with security alarms; keyboards for mobile phones; solenoid valves being electromagnetic switches; electrical terminal blocks; nose clips for swimmers; wire connectors; thin client computers; encoded key cards; books in the field of gas, oil, chemistry, aviation and aviation fueling recorded on discs; books in the field of gas, oil, chemistry, aviation and aviation fueling recorded on tape; digital books downloadable from the Internet in the field of gas, oil, chemistry, aviation and aviation fueling; electronic book readers; downloadable electronic books in the field of gas, oil, chemistry, aviation and aviation fueling; pocket-computers for note-taking, namely, digital notepads; electronic agendas; electronic push buttons for bells being call bells, for warning bells, for electric alarm bells; measuring buckets; encoders; magnetic encoders; visors for helmets; flasks for laboratory use; electric collectors being photovoltaic cells; collimators; loudspeakers; portable vibration speakers; chromatography columns for laboratory use; vacuum distillation columns for laboratory use; colorimeters; calibrating rings for calibrating ultrasonic testers, optical emission spectrometers, automobile and airplane exhaust emissions; adapter rings for attaching objectives on camera lenses; smart rings; ring sizers; protective suits for aviators; downloadable comic strips; commutators; automatic switchboards; hyperbaric oxygen chambers, not for medical purposes; blank compact discs; comparators; magnetic compasses; magnetic compasses for surveying; marine compasses; buoyancy compensator devices for divers; electronic equipment for point-of-sales (POS) systems, namely, point-of-sale (POS) terminals; component parts for antennas; electronic components, sold separately, for gambling machines; electronic components for computers; breathing apparatus for divers, namely, compressed air bailout units; computerized time clock with fingerprint recognition; computer hardware for telecommunications; computer hardware and downloadable software for setting up and configuring local area networks; computer hardware and recorded software for setting up and configuring wide area networks sold as a unit; downloadable computer software to automate data warehousing; downloadable computer software to enhance the audiovisual capabilities of multimedia applications, namely, for the integration of text, audio, graphics, still images, and moving pictures; downloadable computer software for controlling self-service terminals; downloadable computer software that assists computers in deploying parallel applications and performing parallel computations; downloadable computer software to enable the transmission of photographs to cellular phones; computer game programs downloadable via the Internet; downloadable computer application software for use in electronic storage of data for cellular phones; downloadable computer program for enabling access or entrance control; downloadable computer program for processing digital music files;

downloadable computer program for using the internet and the worldwide web; downloadable computer program for user interface design; downloadable computer program for editing images, sound and video; downloadable computer program for connecting remotely to computers or computer networks; downloadable computer program for searching remotely for content on computers and computer networks; downloadable computer program for document management; computers; computers for use in data management; pocket computers for note-taking; handheld personal computers; communications computers; car navigation computers; desktop computers; wearable computers in the nature of smartwatches; personal computers; laptop computers; tablet computers; notebook computers; handheld computers; computers and instructional manuals in electronic format sold as a unit; electronic currency converters; microscope condensers; condensers; contacts, electric; electric contacts of precious metal; disc storage containers; Ethernet controllers; wireless controllers to monitor and control the functioning of other electronic devices, other than controllers for gaming apparatus; RAID (redundant array of independent disks) controllers; highway safety cones; decorative wind socks for indicating wind direction; wind socks for indicating wind direction; wind socks for indicating wind direction and intensity; safety traffic cones; computer network hubs, switches and routers; computer network hubs; boxes adapted for slides namely, photographic slides, microscope slides; branch electrical distribution boxes; electrical distribution boxes; junction boxes; battery boxes; cabinets for loudspeakers; diving suits; fire-resistant flying suits; survival suits, namely, insulated overall wet suits and dry suits; survival suits; waterproof survival suits for the prevention of drowning; mounts and mounting brackets adapted for audio speakers; galena crystals detectors for use in electronics; silicon chips; mounting brackets adapted for flat screen televisions; ring buoys for use in water rescue; measuring cups; decorative covers for smoke detectors; electric outlet covers; covers for electric outlets; central processing unit (CPU) coolers; clothing, namely, jackets for protection against accidents, irradiation and fire; beakers; electronic maritime logs in the nature of navigational apparatus for boats and electronic aeronautical logs in the nature of navigational apparatus for planes; laser diodes; lasers, not for medical purposes; lasers for measuring; lactodensimeters; lactometers; vacuum tubes for radios; flashlamps for cameras; flashlights for use in photography; microscope lamps; photography darkroom lamps; vehicle breakdown warning lamps; thermionic tubes; tube amplifiers; electron tubes; thermionic valves for radios; blank magnetic computer tapes; blank tapes for storage of computer data; head cleaning tapes for video recorders; head cleaning tapes for audio cassette recorders; tape measures; magnetic tapes, namely, magnetic tape units for computers; blank magnetic tapes for tape recorders; audio tapes featuring music; surveying chains; warning streamers; safety equipment, namely, fire escape ladders; computer game tapes; yardsticks; measuring rulers; square rulers for measuring; slide-rules; levelling rods for surveying; graduated rulers; folding rulers; anti-reflective lenses; lenses for microscopes; telescopic lens sights; ophthalmic lenses; lenses for sunglasses; lenses for telescopes; optical condensers; contact lenses; correcting optical lenses; optical lenses; optical lenses for sunglasses; magnifying lenses; electricity conduits; sounding lines, namely, echo sounding devices; measuring spoons; local area network access points for connecting network computer users; magnifying glasses; thread counters; illuminometers; magnetometers; audio cassette recorders; digital audio tape recorders; magnets; decorative magnets; decorative refrigerator magnets; close-up lenses; refrigerator magnets; crash test dummies; resuscitation mannequins; computer curser control device, namely, computer mouse; pressure gauges; high-pressure manometers; automotive measuring instruments, namely, boost gauges; tire pressure gauges; electronic security token in the nature of a fob-like device used by an authorized user of a computer system to facilitate authentication; network routers; computer network routers; ski goggles; motorcycle goggles; skin diving masks; scuba masks; divers' masks; solderers' helmets; protecting masks; oxygen masks, not for medical use; racing safety apparel, namely, flame-retardant balaclavas; swim masks; face protection shields for protection against accidents, irradiation and fire; dust masks; respiratory masks for non-medical purposes; welding masks; snow goggles;

components for electrical mains in the nature of electric wires and cables; automated paper money sorting machines; concrete testing machines; material testing machines, namely, textile testing machines, concrete testing machines, lumber testing machines; plastic testing machines; cement testing machines; credit card encoding machines; ticket canceling machines; voting machines; money counting and sorting machines; coin counting or sorting machines; textile testing machines; time and date stamping machines; cinematographic machines and apparatus; telecommunication machines and apparatus, namely, facsimile transmission machines, telephone call routers; screw-thread measuring machines and instruments; surface roughness testing machines and instruments; material testing instruments and machines, namely, integrated circuit handlers, namely, machines for testing integrated circuits, electronic apparatus for testing strength, hardness and tensile characteristics of industrial materials, machines for testing the material of instruments for recording, transmission or reproduction of sound or images or for testing the material of data processing equipment and computers; metal strength testing machines; metal hardness testing machines; metal compression testing machines; electrostatic copying machines; fire trucks; digital color photocopiers; rotating lights for signalling; furniture especially made for laboratories; megaphones; portable media players; copper panels for circuit boards; acoustic diaphragms, namely, electroacoustic transducers; acoustic membranes used in sound recording or reproducing apparatus; diaphragms for scientific apparatus, namely, electro-optic transducers, acoustic membranes, cellular mixed ester membranes for use in the science and research industry; diaphragms for gas analyzers, battery separators in particular for separating anodes and cathodes in batteries and filters for the separation of different molecules; metal detectors; metal detectors for industrial or military purposes; hand-held security wands, namely, hand-held security device that disables assailants using flashing light emitting diodes; digital weather station instruments; metronomes; carpenters' rules; measuring rules; carpenters' folding rules; bellows for cameras; mechanisms for coin-operated apparatus; vehicle wheel alignment machines; electronic locks for safes; coin-operated mechanisms for vending machines; coin-operated mechanisms for television sets; shutter releases for cameras; microcomputers; microcontrollers; micrometers; microprocessors; secure micro-processors; microchips; microscopes; biological microscopes; metallurgical microscopes; microscopes for use in laboratory operations; polarizing microscopes; electron microscopes; microcircuits; semiconductor chip sets; microtomes; microfiche containing information in the field of gas, oil, chemistry, aviation and aviation fueling; microphones; microphones for telecommunication apparatus; microphones for communication devices; microphone sound mixers; audio mixers; sound mixers with integrated amplifiers; minicomputers; modems; external modems; internal modems; cable modems; rectifier modules; memory expansion modules; integrated circuit modules; lightning rods; atmospheric oxygen monitors, not for medical purposes; computer monitors; downloadable computer software for monitoring performance and equipment in the field of oil and gas drilling and production, wells, gas compressors and equipment, aviation fueling and natural gas compressors; gas flow monitors; digital signage monitors; touchscreen monitors; monocles; selfie sticks; computer network bridges; digital music downloadable from MP3 Internet web sites; digital music downloadable from the Internet; multiplexers; electric cable connectors; electrical terminal being blocks and boxes; junction sleeves for fiber optics; junction sleeves for electric cables; computer mice; wireless computer mice; computer semiconductor chip sets for use in transmitting data to and from a central processing unit; teeth protectors, namely, mouth guards for sports; temperature indicator labels, not for medical purposes; knee-pads for workers; laboratory consumables, namely, pipette tips; headphones; earphones; headsets for use with computers; headsets for cellular phones; headsets for telephones; music headphones; exposed photographic film in the form of photographic negatives; netbooks; surveyors' levels; automatic telephone dialers; prerecorded magnetic data carriers featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; prerecorded magnetic optical and optical data

carriers featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; machine-readable data carriers, namely, machine-readable blank magnetic data carriers and machine-readable prerecorded magnetic data carries featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; blank magnetic data carriers; electronic sheet music, downloadable; downloadable virtual reality software for flight simulation; downloadable virtual reality game software; downloadable wide area network (WAN) operating software; downloadable compiler software; downloadable software for computer telephony; downloadable software for use in GPS navigation; recorded instant messaging software; downloadable instant messaging software; downloadable software for processing images, graphics and text; downloadable software for optical character recognition; downloadable Internet messaging software; recorded electronic mail software; downloadable electronic mail software; downloadable software for use in satellite navigation; downloadable computer game programs; recorded computer game software; downloadable educational software for children; downloadable virtual private network (VPN) operating software; downloadable universal serial bus (USB) operating software; sheaths for electric cables; protective sheaths for fiber optical cables; protective covers for smartphones; protective cover for electronic book readers; identification sheaths for electric wires; clear protective covers adapted for MP3 players; clear protective covers adapted for cellular phones; clear protective covers adapted for personal digital assistants (PDAs); clear protective covers adapted for smartphones; universal serial bus (USB) hardware; virtual private network (VPN) hardware; weighing machines; gas chromatography apparatus for laboratory use; sound reproduction equipment; karaoke equipment, namely, karaoke players, karaoke machines; local area network (LAN) hardware; electric and electronic musical effects equipment, namely, electric and electronic effects units for musical instruments; word processing equipment; paging equipment; electronic apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity; card reading equipment; computer component testing and calibrating equipment; computer hardware; computer hardware for network access servers; punched card machines for offices; computer peripheral equipment and data processing equipment, namely, couplers; semiconductor devices; life saving apparatus and equipment, namely, life saving rafts; telecommunications equipment, in the nature of fiber optic cables, telephones, facsimile apparatus, fiber-optic transceivers, fiber optic repeaters, converters and optimizers, wave division multiplexers, free-space optics transmission systems, switches including Ethernet switches and routers, fiber-to-the-home and ethernet-over-VDSL access aggregators, terminators and repeaters, and remote presence management products, namely, switches, and console, alarm, sensor and power management devices; photographic equipment, namely, cameras; shoes for protection against accidents, irradiation and fire; shoes for protection against accidents and fire; lenses for astrophotography; lenses for video cameras; lens barrels for microscopes; selfie camera lenses; lens barrels for telescopes; objectives, namely, microscope objectives; lenses for photographic apparatus; egg-candlers; fire extinguishers; flashing safety lights; rescue laser signaling flares; electrified fences; electricity limiters; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; clothing for protection against chemicals and radiation; articles of protective clothing for wear by motorcyclists for protection against accident or injury; clothing for protection against accidents; insulated clothing for protection against accident or injury; clothing and footwear for protection against accidents, irradiation and fire; clothing and gloves for use in welding for protection against accidents or injury; reflective and illuminated clothing for the prevention of accidents; protective clothing especially made for use in laboratories; odometers; ozonisers; octants; protective eye pieces; ohmmeters; downloadable computer operating system programs; downloadable computer operating programs; wrist rests for use with computers; wrist rests for use with computer keyboards; eyeglass frames; frames for sunglasses; monocle frames; fiber optics; protective eyewear; sports eyewear; optical disks featuring music; computerized electronic personal organizers; digital electronic personal organizers; oscillographs; oscillators; plumb lines; reflectors for

traffic signals; scientific and technical apparatus, namely, optical mirrors; glacier eyeglasses; diving goggles; safety goggles; safety goggles for welding; goggles and masks for protection against dust; night vision goggles; eyeglasses; swim goggles; dust protective goggles; sunglasses; goggles for sports; electronic collars to train animals; computer software for use in database management; finger sizers; disc memories; liquid crystal display (LCD) panels; thin film transistor liquid crystal display (TFT-LCD) panels; electronic indicator panels; audio and video mixing desks, namely, sound mixers; electronic apparatus, namely, plasma display panels; computer curser control devices, namely, touch pads; touch pads; signalling panels, namely, road signs being luminous or mechanical; plasma display panel (PDP) televisions; electric control panels for elevators; electric luminescent display panels; radio pagers; electronic pagers; pince-nez; electronic pocket translators; intercoms; emergency signal transmitters; wireless transmitters; telecommunications transmitters; telecommunications transmitters for global positioning system (GPS); cable television transmitters; optical transmitters; remote control transmitter for radio controlled devices; radar apparatus; radio-frequency transmitters; satellite transmitters; telephone transmitters; electronic and optical communications instruments and components, namely, digital transmitters; transmitters of electronic signals; Ethernet switches; change-over switches for telecommunication apparatus; electronic components, namely, piezoelectric switches; computer network switches; switches, electric; plug adapters; converters for electric plugs; periscopes; diving gloves; gloves for protection against accidents; gloves for protection against accidents, irradiation and fire; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; disposable latex gloves for laboratory use; fire resistant gloves; disposable plastic and latex gloves for laboratory use; disposable plastic gloves for laboratory use; light pens; furnaces for laboratory use with experiments; furnaces for laboratory use; microwave ovens for laboratory use; laboratory pipettes; pyrometers; electrical component, namely, electron guns in the nature of electron emitters; planetarium projectors; planimeters; surveying instruments, namely, plane tables; computer peripheral in-put devices, namely, graphics tablets; phonograph records featuring music; plates for batteries; silicon wafers for integrated circuits; single-crystal silicon wafers; silicon wafers; silicon wafers; semiconductor wafers; solar wafers; electrical outlet plates, shaped; graphics cards; wafers for integrated circuits; PC cards, namely, printed circuit boards; satellite processors; computer accelerator boards; memory boards; audio circuit boards; motherboards; computer motherboards and daughterboards; computer multilayer printed wiring boards; video circuit boards; electronic circuit cards; printed circuit boards; printed circuit boards incorporating integrated circuits; electrical circuit boards; computer plug-in cards, namely, plug-in connectors; electric switch plates; electronic circuit boards; compact disc players; cassette players; MP3 players; protective films adapted for computer screens; protective films adapted for smartphones; color separation film; sound recording strips, namely, power strips; X-ray films, exposed; films, exposed, namely, exposed camera film, exposed photographic film; life-saving rafts; digital plotters; radio frequency repeaters, namely, electronic devices, namely, radio frequency repeaters used in long range communication for tracking and monitoring energy usage; wrist rests for computer mouse users; laboratory trays; notebook computer cooling pads; wafers for solar cells; arm rests for use with computers; digital signs; racks adapted for amplifiers; computer stands specially designed for holding a computer, printer and computer peripherals; microphone stands; thermosensitive temperature indicator strips; semi-conductors; electronic semi-conductors; polarimeters; personal digital assistants (PDAs); fire pumps; computer parallel ports; computer serial ports; measuring glassware; weight belts for scuba diving; support belts for workers; life belts; fuses for telecommunication apparatus; fuses; circuit breakers; pre-amplifiers; acoustic audio-frequency transformers; analogue to digital converters; transmultiplexers; rotary converters; cable television converters; electric power converters; DC/AC power converters; low profile DC/AC power converters; level electric power converters; digital to analogue converters; frequency converters;

converters, electric; electroacoustic transducers; telerupters being electromechanical relays; distance recording apparatus; apparatus for the recording of sound or images; apparatus for recording, transmission and reproduction of sound or images; apparatus for recording, transmission, processing and reproduction of sound, images or data; sound measuring apparatus, namely, sound level meters; radioactivity measuring apparatus; distance measuring apparatus; speedometers for vehicles; speed measuring apparatus, namely, IP (internet protocol) speed dome cameras; appliances for measuring the thickness of leather; diesel oil emission testers; speed checking apparatus for vehicles, namely, speedometers; apparatus for controlling static electricity, namely, static electricity eliminators; dust emission monitors; apparatus for processing, transmitting and storage of data, namely, blank magnetic data carriers; microhardness testers; smoke alarm testers in the nature of a cool burning smoke generator; voltage testers; continuity testers; time recording apparatus; hemline markers, namely, distance measuring apparatus for measuring the distance from the ground also containing a marking instrument; apparatus for testing vehicle brakes; apparatus for testing vehicle transmissions; magnetic head cleaners; magnetic tape cleaners; electric power distribution units; optical frequency metrology devices; digital panel meters, namely, an electronic instrument that displays an input signal in either a digital or analog form; electronic measuring devices for use in remote inspection and measurement of industrial components using remote control devices; optical frequency metrology devices; surveying machines and instruments; weighing apparatus and instruments; instruments for recording, transmission or reproduction of sound or images; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric transformers, switches, control panels, accumulators and conductors; satellite broadcast receiving antennas and decoding apparatus; checking apparatus and instruments, namely, apparatus for checking flight parameters; navigational apparatus for vehicles and aircrafts; chemistry apparatus and instruments, namely, namely, spectrometers and parts and fittings therefor, pipettes, flasks, gas mixers, laboratory chemical reactors, static mixers for adding additives, for diluting concentrations, for pH control, for flocculation, and for neutralizing matter in fluids, beakers, chromatography apparatus for laboratory use, flasks for laboratory use, furnaces for laboratory experiments, crucibles, cupels, test tubes and thermometers; electric navigational instruments; particle flow monitors; particle emission monitors; boiler control instruments; meteorological instruments; naval signaling apparatus, namely, marking and signaling buoys; navigation apparatus for vehicles in the nature of on-board computers; satellite navigational apparatus, namely, a global positioning system (GPS); optical inspection apparatus for industrial use; LORAN navigation machines; regulating apparatus, electric, namely, voltage regulators for electric power; automatic telegraph apparatus; telecommunications apparatus, namely, electric capacitors; telecommunication apparatus in the nature of wireless receivers in the form of jewelry; precision measuring apparatus, namely, meters to calculate work area, operating speed, time worked, and to monitor and diagnose machine performance and temperature and humidity levels in gases and solid substances; electrical controls for irrigation sprinkler systems; photovoltaic apparatus and installations for generating solar electricity, namely, solar thermal and electric receivers; electronic apparatus for testing the sterility of medical equipment; electronic apparatus for testing the sterility of pharmaceuticals and injectable solutions; electrophoresis apparatus not for medical purposes; CD-ROM drives; CD drives for computers; external computer hard drives; floppy disk drives; hard disk drives; audio- and video-receivers; wireless receivers; Global Positioning System (GPS) receivers; receivers for receiving cable television; optical receivers; radio receivers for remote controls; radar receivers; radar receivers with amplifiers; radio frequency receivers; satellite receivers; television receivers; transceivers; radio transceivers; optical transceivers; prisms for microscopes; prisms for scientific purposes; prisms for telescopes; prisms for optics purposes; photo printers; computer printers for printing documents; xerographic document printers; laser document printers; daisy wheel printers; dot matrix printers; ink-jet document printers; thermal printers; laser color document printers; color laser document printers; ink-jet color

printers for documents; digital color printers for documents; retorts' stands for use in high temperature reactions; apparatus for changing record player needles; wrist rests for use with computers; metering apparatus, namely, dispensers that count or measure output for use with perfumes; boresighters; telescopic sights; telescopic riflescopes; telescopic bow sights for archery; telescopic sights for firearms; telescopic sights for guns; telescopic sights for artillery; test tubes; plug gauges; go/no-go plug gauges; pressure indicator plugs for valves; probes for testing integrated circuits; magnetic wires; winding wires; power wires; resistance wires; telegraph wires; telephone wires; wires, electric; copper wire, insulated; conductors, electric; fuse wire; DVD burners; computer hardware and downloadable computer software for database management; downloadable BIOS (basic input/output system) computer programs; downloadable computer software for computer-aided design/computer-aided manufacturing (CAD/CAM); downloadable computer software for administration of local area networks; downloadable computer software for wireless content delivery; downloadable computer software for wireless network communications; downloadable computer software for two or three-dimensional simulation for use in design and development of industrial products; downloadable decoder software; downloadable software for Internet access; downloadable computer software for accessing information directories that may be downloaded from a global computer network; downloadable software for ensuring the security of electronic mail; downloadable video game software; downloadable computer software for application and database integration; downloadable computer software for use in accessing electronic interactive whiteboards; downloadable computer software for use in programming facsimile machines; downloadable local area network (LAN) operating software; downloadable industrial process control software; downloadable computer software for controlling and managing access server applications; downloadable computer software for encryption; downloadable music composition software; downloadable computer programs and software for image processing used for cellular phones; downloadable computer software for word processing; downloadable computer software for processing digital images; downloadable computer software for processing digital music files; downloadable computer software for converting document images into electronic formats; downloadable credit screening software; downloadable desktop publishing software; downloadable computer software for communicating with users of hand-held computers; downloadable data compression software; downloadable computer software for Global Positioning Systems (GPS); downloadable virus scanning software; downloadable computer software for creating searchable databases; downloadable computer software for use in creating and designing websites; downloadable computer software for organizing and viewing digital images and photographs; downloadable computer software for creating and editing music and sounds; downloadable computer software for controlling the operation of audio and video devices; downloadable computer groupware for use as a spreadsheet, word processing; downloadable communications software for use as a spreadsheet, word processing; downloadable communications software for connecting global computer networks; downloadable communications software for connecting computer network users; downloadable computer software programs for use as a spreadsheet, word processing; downloadable computer graphics software; downloadable computer communications software to allow customers to access bank account information and transact bank business; downloadable computer search engine software; recorded embedded operating software; downloadable computer e-commerce software to allow users to perform electronic business transactions via a global computer network; downloadable computer video game software; downloadable video game programs; downloadable consumer video game programs; downloadable data processing programs; downloadable software for searching and retrieving information across a computer network; downloadable software for creating, facilitating, and managing remote access to and communication with local area networks and global networks; downloadable PDF creation and conversion software; recorded computer screen saver software;

downloadable interactive video game programs; downloadable computer game software; downloadable interactive computer game programs; downloadable electronic game software; downloadable electronic game programs; downloadable interactive multimedia software for playing games; computer hardware and downloadable software for providing secure remote access to computer and communication networks; downloadable computer software for data and document capture, transmission, storage and indexing; downloadable computer software for use in automating and managing business processes; downloadable computer software for use in providing multiple user access to a global computer information network; downloadable computer programs for data processing; downloadable computer software for image processing; downloadable computer software for transmission of sound and video messages; downloadable computer software to enable searching of data; downloadable computer programs for connecting to remote computers and computer networks; downloadable computer software for synchronizing data between hand-held or portable computers and host computers; downloadable computer software for the creation of firewalls; downloadable computer software for database management; computer game software downloadable via a global computer network and wireless devices; downloadable interactive multimedia computer game programs; recorded computer game programs; downloadable computer programs and software for image processing; downloadable computer programs and computer software for electronic trading of securities; downloadable computer software for use in the field of telecommunications for providing electronic transmission of documents and facsimile transmission; downloadable computer software to enable connection to databases and the Internet and telecommunications apparatus, namely, modems; downloadable computer software to enable connection to databases, computer networks and the Internet and telecommunications apparatus, namely, modems; downloadable computer software to enable connection to databases, computer networks, global computer networks and the Internet and telecommunications apparatus, namely, modems; downloadable computer firewall software; downloadable computer operating system software; downloadable computer video game software and manuals in electronic format sold as a unit; downloadable computer game software and manuals in electronic format sold as a unit; downloadable computer software for data processing; data processing programs recorded on machine-readable magnetic data carriers; computer operating programs, recorded; downloadable interactive entertainment software for playing video games; downloadable interactive entertainment software for playing computer games; downloadable web site development software; downloadable network operating system programs; downloadable electronic game software for wireless devices; downloadable electronic game software for hand-held electronic devices; downloadable electronic game software for cellular phones; home theater movie projectors; projectors for the entertainment industry; picture projectors; liquid crystal display (LCD) projectors; cinematographic projectors; multimedia projectors; photographic projectors; digital projectors, namely, digital picture projectors; record players; audio cassette players; automobile audio cassette players; audio cassette and compact disc players; videodisc players; video cassette players; video compact disc players; digital audio tape players; car cassette players; digital compact disc players for use with computers; artificial limbs for medical instruction purposes; gas masks; data processors; raster image processors; digital signal processors; central processing units(CPU); rods for water diviners, namely, levelling rods; downloadable electronic publications in the nature of books, magazines provided on-line from databases or the Internet in the field of gas, oil, chemistry, aviation and aviation fueling; electronic publications, downloadable in the nature of books, magazines in the field of gas, oil, chemistry, aviation and aviation fueling; remote controls for radios, televisions, stereos; infrared remote controls for audio and visual equipment, lights and shades and light dimmers, radios, televisions, stereos; digital mixing desks, namely, sound mixers; electricity distribution consoles; electric control panels for security alarms; remote controls for air-conditioning installations; radar detectors; radar guns for sporting events; radar apparatus; maritime patrol radar; heat sinks for use in computers; radio apparatus and

instruments, namely, radio pagers, radio sets; vacuum tubes for radios; masts for wireless aerials; audio baby monitors; radio transmitters; transmitting sets comprised of sound transmitting apparatus, telegraphic transmitting apparatus; radios; radio receivers; car radios; vehicle radios; radio transmitters and receivers; mobile radios; short range radios; two-way radios; radio telephones; radio signal tuners; sprinkler systems for fire protection; power strips with movable sockets; threaded electrical cable connectors of metal; connectors for electronic circuits; jack cables as part of electric cables; power connectors; plug-in connectors; round plug connectors; electrical connectors; frames for photographic transparencies; slide film mounts; flow gauges, namely, water flow gauges, pressure flow gauges; flowmeters; walkie-talkies; electronic data loggers; voltage surge protectors; regulators for use in scuba diving; oxygen regulators; power controllers; electronic power controllers; voltage regulators; voltage regulators for vehicles; induction voltage regulators; electronic stage lighting regulators; electric light dimmers; static voltage regulators; electrical signal attenuators; speed regulators for record players; electrical charge power controllers; cell switches for electricity; washing trays for photography; resonators; marking gauges for joinery purposes; T-squares for measuring; time switches, automatic; differential switches; relays for radio and television stations; relays, electric; camera lanyards; lanyards being straps for cellular phones; lanyards for safety purposes for fall protection; safety harnesses other than for vehicles or sports purposes; fall protection equipment for fall restraint and fall arrest, namely, lines; chin straps for American football helmets; X-ray photographs, other than for medical purposes; rheometers for measuring the viscosity and viscoelasticity of fluids; rheostats; Ethernet repeaters; respirators for filtering air, other than for artificial respiration; retorts for use in high temperature chemical reactions; repeaters for radio and television stations; reflectors for telescopes; optical reflectors; refractometers; refractors, namely, namely, refracting telescopes; grids for batteries; downloadable ring tones and graphics for cellular phones; ring tones, graphics and music downloadable via a global computer network and wireless devices; security surveillance robots; downloadable ring tones for mobile telephones; laboratory robots; teaching robots; humanoid robots with artificial intelligence; electric sockets; speaking tubes; horns for loudspeakers; subwoofers; subwoofers for vehicles; saccharometers; waveguides for high power beam delivery; optical fibers; lens filters for cameras; polymer light emitting diodes (PLEDs); traffic lights; railway signals; traffic-light apparatus; dog whistles; signalling whistles; sports whistles; sextants; projected capacitive touch screen sensors; infrared sensors; liquid level sensors; level sensors, namely, oil level sensors, fuel level sensors, liquid level sensors; computer network servers; communications servers; network servers; computer servers; Computer hardware for telecommunications, namely, network facsimile servers; electronic mail servers being network servers; electrical inductors; magnetic cores; computer networking hardware; downloadable operating software for network access servers; wide area network hardware, wide area network routers; electrical cables; safety nets; nets for protection against accidents; burglar alarms; fire alarms; gas leak alarms; smoke alarms; security anti-intrusion alarms; personal security alarms; electronic burglar alarms; fire alarms in the shape of Christmas tree ornaments; personal alarms that connect to a wireless communications network; anti-theft burglar alarms, other than for vehicles; signals, luminous or mechanical, namely, aviation signals, traffic signals, railway signals, rotating lights; sirens for vehicles; vehicle driving simulators for training purposes; sirens; downloadable computer operating software; loudspeaker systems; video surveillance systems comprised of cameras; Global Positioning System; public address systems; static grounding systems and apparatus for eliminating static electricity comprised of grounding clamps, grounding reels, plated steel cables, protective electrostatic discharge (ESD) grounding gloves; biometric identification apparatus; laser measuring systems; computer systems, comprised of computers, computer hardware, computer operating systems; access control and alarm monitoring systems; biometric access control systems comprised of biometric identification apparatus; electronic access control systems for interlocking doors; data

processing apparatus; computer operating systems; anti-intrusion alarms; fire-extinguishing systems; biometric voice recognition apparatus; pattern recognition systems composed of computer chips, computer hardware and software; satellite navigation system, namely, a global positioning system (GPS); satellite-aided navigation systems; speakerphones; biometric scanners; biometric fingerprint scanners; image scanners; scanners; optical scanners; hand-held scanners; biometric hand scanners; biometric retinal scanners; snap gauges; slide film, exposed; hand-held electronic dictionaries; downloadable electronic dictionaries; integrated circuit cards; blank smart cards; smartglasses; smartphones; smartwatches; gas mixers for laboratory use; fiber optic couplings; connections for electric lines; fiber optic connectors; couplings, electric; electrical connectors; electronic connectors; plug connectors; sonars; sound locating instruments, namely, namely, speech source multi-dimension location instruments; lighting ballasts; resistances, electric; math coprocessors; spectrograph apparatus; astronomical spectrographs; spectroscopes; electronic spectrophotometers for use in identifying and measuring colors; speed indicators; bicycle speedometers; alcoholmeters; electronic sports training simulators; shutter releases for cameras; satellites for scientific purposes; WAN (wide area network) hardware; head guards for martial arts; head guards for boxing; head guards for karate; downloadable computer software development tools; electronic control gears (ECGs) for LED lamps and light fixtures; voltage stabilizers; measuring glassware, namely, jugs; tire balancing machines for land vehicles; electronic docking stations; charging stations for electric vehicles; radiotelegraphy sets; radiotelephony sets; automatic telephone exchanges; spectacle lenses; anti-glare glasses; optical lenses made of glass; speedometer testers; automobile stereo adapters; microscopes, namely, stereomicroscopes; stereo headphones; stereo receivers; personal stereos; stereoscopes; stereo tuners; stereo amplifiers; computer styluses; racks adapted for loudspeakers; video camera stands; stands for use with operating microscopes; stands for photographic apparatus; mounting racks adapted for telecommunications hardware; laboratory countertops; editing machines for cinematographic films; stroboscopes; fire boats; sulfitometers; carrying cases adapted for computers; bags adapted for laptops; bags specially adapted for cameras and photographic equipment; supercomputers; superminicomputers; drying racks for photography; spherometers; integrated circuits; large scale integrated circuits; electronic integrated circuits; printed circuits; electronic circuits; water meters; gas meters; Geiger counters; parking meters; kilometer recorders for vehicles; revolution counters for measuring tire revolutions, electronic controls and power and voltage supply units for vehicle headlights and their parts, controllers and power and voltage supply units for vehicle lights and their parts, electronic controllers for internal combustion engines and electronic controls for electric motors for land vehicles, lifesaving apparatus and equipment, namely, life-saving rafts, fire escape ladders, safety nets, safety tarpaulins, life belts, life buoys, life jackets, acid hydrometers, fuses, electric relays, lasers not for medical purposes, laser pointers, remote controls for remote operation of a vehicle, solar batteries, compasses, Avionic sensor systems, namely, navigation systems, balancing apparatus, namely, tire balancing units for land vehicles; electricity meters; abacuses; memory card readers; radio-frequency identification (RFID) readers; optical disk readers; electronic indicator boards; electronic scoreboards; mechanical egg timers; digital electric egg timers; kitchen timers; kitchen timers, electronic; sandglasses; electronic timers; taximeters; electronic taximeters; public telephones; ear plugs for divers; satellite dishes; tachometers; radio-frequency identification (RFID) tags; television apparatus for projection purposes; car televisions; plasma televisions; organic light-emitting diode (OLED) televisions; telegraphs; television cameras; television transmitters; telescopes; zenith telescopes; teleprompters; teleprinters; cellular telephone apparatuses; telephones; cordless telephones; cellular phones; cellular phones having large keys and numbers that assist users having impaired vision or dexterity; digital cellular phones; satellite telephones; digital telephones; strain gauges; theodolites; precision theodolites; transits for surveying; electronic terminals for an electronic lottery system which generates lottery tickets; terminals for radiotelephones; secure terminals for electronic transactions; interactive touch screen terminals; computer

terminals; electronic payment terminals; thermistors; thermo-hygrometers; thermometers for laboratory use; meat thermometers; digital meat thermometers; household thermometers other than for medical use; thermometers, not for medical purposes; digital thermometers, not for medical purposes; thermocouples; thermostats; vehicle engine parts, namely, thermostats; thermostats for vehicles; antifreeze testers; laboratory equipment, namely, crucibles; thyristors; ultrasonic thickness gauges; tone arms for record players; toner cartridges, unfilled, for printers; toner cartridges, unfilled, for photocopiers; local area network (LAN) access points for connecting computer users; local area network (LAN) access points for connecting network computer users; transistors; Ethernet transceivers; transponders; protractors; high voltage transformers; electrical transformers for telecommunication apparatus; electric voltage transformers; step-up transformers; step-down transformers; distribution transformers; welding transformers; electronic power transformers; flyback transformers; electric transformers for toy trains; transformers; trackballs; flight simulators; resuscitation training simulators; flight simulators for aircraft; electronic sports training simulators; vehicle breakdown warning triangles; triodes; battery starter cables for motors; discharge tubes, electric, other than for lighting; diving snorkels; scuba snorkels; laboratory storage tubes; capillary tubes being capillary tubes for bloods and samples; neon signs; Pitot tubes; X-ray tubes not for medical purposes; glass tubes for scientific purposes; telephone receivers; photoelectric tubes; meridian transit telescopes; car broadcasting tuners; carbon nano tubes, namely, tubular carbon molecules used in extremely small scale electronic and mechanical applications; angle gauges; squares for measuring; electrical power extension cords; gauges, namely, petrol gauges, depth gauges; quantity indicators, namely, technical measuring, testing and checking apparatus and instruments for measuring, testing, and checking the temperature, pressure, quantity and concentration of gas and liquids; digital torque gauges; automatic indicators of low pressure in vehicle tires; safety markers; fuel gauges; water temperature gauges, namely, automotive and aviation measuring instruments, namely, water temperature gauges; temperature gauges, namely, exhaust gas temperature gauges; exhaust gas temperature gauges; gasoline gauges; water level indicators; vehicle dip sticks; luminous pointers; laser pointers; slope indicators; plastic and cardboard cases adapted for the storage of record albums; spirit levels; water level gauges; mercury spirit levels; plumb levels; urinometers; amplifiers for bass guitars; guitar amplifiers; amplifiers; amplifiers for musical instruments; audio amplifiers; power amplifiers; radio frequency amplifiers; video frequency amplifiers; graphics accelerators; particle accelerators; electric and electronic video surveillance installations; electric installations for the remote control of industrial operations; automatic telephone dialers; automatic switching apparatus for telecommunication; self-timers for cameras; automatic chromatography apparatus for laboratory use; baby monitors; device for testing the function and effectiveness of smoke detectors featuring an aerosol spray; device for testing the function and effectiveness of carbon monoxide detectors featuring an aerosol spray; device for testing the function and effectiveness of heat detectors featuring an aerosol spray; input devices for computers; visual display units, namely, electronic visual advertisement and messaging display unit with multi-networking (TCP/IP) capabilities and remote capabilities; video display units, namely, electronic visual advertisement and messaging display unit with multi-networking (TCP/IP) capabilities and remote capabilities; steering apparatus, automatic, for vehicles, namely, simulators for the steering and control of vehicles; balancing apparatus, namely, precision balances; electronic lock assemblies; video recorders; video recorders for automobiles; video recorders for cars; sound reproduction apparatus; automatic ticket dispensers, namely, electronic parking ticket dispensers; video cassette recorders; tape recorders; apparatus for the recording, transmission, amplification and reproduction of sound; apparatus for recording, storage, transmission and reproduction of sounds and images; protection devices against X-rays, namely, gloves for protection against X-rays for industrial purposes; voltage surge suppressors; radiation measuring instruments; luminoflux meters; battery testers; optical character recognition (OCR)

apparatus; video digitizers being analogue to digital converters; electronic oxygen transvasing apparatus; mobile data receivers; theft prevention installations, electric, namely, anti-theft locks specially adapted to personal electronic devices, namely, laptops, PC tablets; apparatus for checking the authenticity of banknotes; brake fluid testers; circuit testers; film cutting apparatus, namely, apparatus for editing cinematographic film; drying apparatus for photographic prints; optical character readers; card readers for credit cards; card readers for magnetically encoded cards; magnetic tape erasers; flash memory card readers; electronic encryption units; dosage dispensers, namely, machines for dispensing pre-determined dosages of medication; luminous railway signals; mechanical railway signals; CD-ROM writers; programmable digital television recorders; DVD recorders; computer buffers; computer memory devices for use with data processing apparatus; electronic memories; mains chargers, namely, components for electrical mains in the nature of chargers; battery chargers for use with cellular phone in vehicles; battery chargers; battery chargers for use with telephones; chargers for electric batteries; chargers for electronic cigarettes; buzzers, electric; acoustic alarms; audio recorders; electronic sound pickups for guitars and basses; acoustic meters; thermometers for electronic metering faucets; sounding apparatus and machines, namely, sound boards; currency authentication apparatus and equipment, namely, apparatus for checking the authenticity of banknotes; automatic ion-exchange chromatography apparatus for laboratory use; apparatus for editing cinematographic film; cathodic anti-corrosion apparatus, being cathodes, electronic device for eliminating corrosion from a boat left in sea water; encoding and decoding apparatus; data processing equipment, namely, couplers; wireless computer peripherals; Global Positioning System (GPS) navigation device; desk or car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands-free; radio receivers and radio signal tuners; wearable activity trackers; data processing equipment, namely, data processors; signal processors; vehicle tracking devices, namely, vehicle tracking devices comprised of cellular radio modules, computer software and computer hardware, sensors, transmitters, receivers, and global positioning satellite receivers, all for use in connection with vehicle tracking; anti-theft warning apparatus for motor cars; power audio mixers; computer peripheral devices; personnel tracking devices, namely, electronic device for tracking and locating people using radio frequency, global positioning systems, cellular communications networks; semiconductor memory devices; anti-interference devices, namely, filters for radio interference suppression; automated laundry detergent dispensers; demagnetizers for magnetic tapes; event recorders; automotive safety-warning lights, namely, bar lights; acoustic couplers; alarms, namely, gas alarms, fire alarms, acoustic alarms; vibrating alarms as reminders to take medication; fog signals, non-explosive; adding machines; whistle alarms; electronic card readers; chip card readers; readers, namely, optical readers; bar code readers; heat regulating apparatus, namely, electronic control devices for heating and energy management; electronic personal security alarm; photovoltaic installation apparatus, namely, solar modules for production of electricity; photocopying apparatus; data storage devices, namely, external computer hard drives featuring software for electronic storage of data; computer network-attached storage (NAS) hardware; electronic apparatus, namely, computer hardware for wireless reception, storage and transmission of data and messages; electronic imaging devices, namely, image intensifiers, fingerprint imagers; electro-dynamic apparatus for the remote control of signals; electronic circuits and multi-media software recorded on CD-ROM featuring automatic performance programs for electronic musical instruments; electronic circuits and multi-media software recorded on CD-ROM featuring computer game programs for hand-held computers with liquid crystal displays; electric and electronic effects units for musical instruments; electronic apparatus for broadcasting sound or images; ear buds; phase modifiers, namely, optical and electric phase shifter for communications apparatus; downloadable ring tones for mobile phones; anti-glare filters for computer monitors; anti-glare filters for televisions; antenna filters; computer screen filters; filters for optical devices; filters for radio interference suppression; filters for non-medical respiratory masks; filters, being color filters and display screen filters adapted for use with

television sets; filters for ultraviolet rays, for photography; filters for inductance capacitators; optical filters; photographic filters; color filters for liquid crystal display (LCD) screens; color filters for television and cinematographic cameras; warning flags; USB flash drives being blank USB flash drives and being pre-recorded USB flash drives featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; magic lanterns; signal lanterns in the nature of emergency warning lights; optical lamps; phonographs; cameras; 35mm cameras; underwater cameras; photographic cameras for the instant production of pictures; cameras for self-developing films; disposable cameras; view cameras; plate cameras; digital cameras; digital cameras for industrial use; digital single lens reflex cameras; compact digital cameras; photodiodes; photographic equipment, namely, glazing apparatus for photographic prints; camera shutters; photometers; flash bulbs; camera film, exposed; digital photo frames; photoresistors; photographic equipment, namely, photograph enlarging apparatus; photoelectric cells; photovoltaic cells; photovoltaic cells and modules; cases for compact discs; cases for compact discs and DVDs; cases for diskettes and compact discs; containers for contact lenses; cases for laptops; eyeglass cases; carrying cases specially adapted for computer printers; containers for laboratory equipment, namely, microscope slides; cases for smartphones; cases for sunglasses; cases for sunglasses and protective eyewear; cases adapted for photographic equipment; storage wallets adapted for compact discs; cases for electronic diaries; protective cases for MP3 players; protective cases for cellular phones; protective cases for personal digital assistants (PDAs); protective cases for tablet computers; protective cases for electronic book readers; leather cases for cellular phones; cellular phone cases made of leather or imitations of leather; cellular phone covers made of cloth or textile materials; cases adapted for cellular phones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs for use as specialized time recording apparatus; coelostats; laboratory centrifuges; eyeglass chains; chains for sunglasses; chains and cords for sunglasses; cyclotrons; decorative dials for thermostats not for medical use; compasses for measuring; blank digital audio tapes; frequency meters; central processing unit (CPU) clocks; time clocks; polyethylene measuring cups; Petri dishes used in laboratory research; Petri dishes; paper covers for telephone receivers; DVD cases; cases for pocket calculators; binders adapted for compact discs; covers for cellular phones; carrying cases for radio pagers; sleeves for laptops; covers for personal digital assistants (PDAs); covers for tablet computers; covers for smartphones; covers for telephone receivers not made of paper; cases for telephones; fire blankets; dust covers for computers, shaped; chip cards, namely, blank electronic chip cards; encoded electronic chip cards for identifying particular users of computers and cellular phones; computer chips; electronic chips for the manufacture of integrated circuits; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos safety screens for firemen; laminar flow biological safety cabinet hoods for laboratory use; fire hose; baseball catchers' helmets; baseball batting helmets; bicycle helmets; virtual reality headsets; helmets for American football; protective clothing, namely, balaclavas for protection against accidents, irradiation and fire; helmets for motorcyclists; diving helmets; helmets for ice hockey; protective helmets for cyclists; protective helmets for children; protective helmets for motorcyclists; protective helmets for sports; head guards for sports; snorkels; cell phone straps; eyeglass cords; cords for sunglasses; straps for sunglasses; electric cords; disposable dispenser syringes for laboratory use; disposable reusable dispenser syringes for laboratory use; downloadable printing fonts; tripods for surveying apparatus; pipette racks for laboratory use; tripods for telescopes; tripods for cameras; switchboards; power distribution boxes; telecommunications switchboards; telephone switchboards; electricity distribution panels; luminous signs for advertising; hand-held protective shields for use by the police; luminous signs; tire tread depth gauges; spark plug gap gauges; length measuring gauges; spark plug feeler gauges; sound equalizers; graphic equalizers; side shields as parts of eyeglasses; face protection shields, other than for medical purposes; workmen's protective face-shields; face protection shields

for protective helmets; liquid crystal display (LCD) screens; large-screen liquid crystal displays (LCDs); computer screens; computer touchscreens; flat panel display screens; flat panel electric luminescent display screens; projection screens; projection screens for cinematographic films; radiology screens for industrial purposes; touch screens; fluorescent screens; photographic exposure light meters; photographic exposure meters; electric capacitors for telecommunication apparatus; insulated electrical connectors; fuel cell electrodes; electromagnets; cathode ray tubes; downloadable electronic publications in the nature of magazines featuring information in the field of gas, oil, chemistry, aviation and aviation fueling; blank electronic chip cards; electrical ducts; electric phonographs; galvanic cells; downloadable graphics for mobile phones; wet cells; fuel cells; integrated circuit cards and components; solar cells; photovoltaic modules; electronic components in the nature of protection relays; epidiascopes; ergometers not for medical purposes; bar code labels, encoded; labels carrying magnetically, optically, or electronically recorded or encoded information with machine-readable codes; labels encoded with integrated radio frequency identification (RFID) chips; guitar effects processors; echo sounders; armatures for use in electrical apparatus; calibrated photovoltaic reference cells; electronic black boxes for recording data

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Anthracite; benzene fuel; methylated spirits for fuel; petroleum; industrial gasoline; biomass fuel; wood briquettes; combustible briquettes; petroleum jelly for industrial purposes; montan wax; ozokerite; wax for use in coating food packaging materials; illuminating wax in the nature of wax for making candles; industrial wax; belting wax in the nature of paraffin wax; carnauba wax; paraffin wax; beeswax for use in further manufacture; beeswax for use in the manufacture of ointments; beeswax for use in the manufacture of candles; beeswax for use in the manufacture of cosmetics; Japan wax, being sumac wax; wax being raw materials; coal gas; oil-gas, namely, gas oil; liquefied petroleum gas; liquefied petroleum gases to be used for domestic and industrial purposes and in motor vehicles; gasoline; liquefied natural gas; fuel gas; producer gas; gases for use as fuel; solidified gases being fuel; fuels; alcohol and mixed alcohol fuel; solid fuels; wood pellets for heating; pellets of compressed fiber manufactured from a plant crop to be used as fuel; glass granules used as sweeping compounds for chemical and other spills; fuel pellets; lubricating graphite; graphite as a lubricant; methylated spirits for fuel, namely, denaturated fuel alcohols; non-chemical additives for motor oil; additives, non-chemical, to motor fuel; kindling; firewood; fireplace logs; artificial fireplace logs; paper spills for lighting; charcoal lighter fluid; cigarette lighter fluid; cutting fluids; cutting oil for industrial metal working; lighter fluid; fish oil for industrial purposes, not edible; lanolin for use in the manufacture of cosmetics and ointments; greases for the preservation of leather; general purposes greases, namely, illuminating grease; grease for leather; grease for footwear; tallow; industrial grease; kerosene; coke; lanolin for use in the manufacture of cosmetics and ointments; lanolin for use in the manufacture of cosmetics; ligroin; solid lubricants for industrial purposes; wood spills for lighting; wax for skis; mazut; automotive engine oils; hardened oils being hydrogenated oils for industrial use; fuel oil; oils for the preservation of leather; oils for paints, namely, linseed oil, safflower oil, walnut oil, poppy oil, vegetable oil, soybean oil, mineral oil for use in the manufacture of paint; oils for releasing form work for building, namely, mould releasing oils; oils for the preservation of masonry; mold releasing oils; textile oil; leather-preserving oils and greases; mineral oils and greases for industrial purposes not for fuel; industrial oils and greases; lamp oils containing insect repellent; light oils; mineral oil for use in the manufacture of cosmetics and skin care products; mineral oil for use in the manufacture of paint; mineral oil for use in the manufacture of metal cutting fluids; industrial oil for batteries; all-purpose penetrating oil; industrial oils, greases, and wax; lubricating oil; lubricating oil for motor vehicle engines; lubricating oils and greases; industrial oil; conditioning oil for

baseball gloves; moistening oil in the nature of lubricating oil; coal tar oil; coal naphtha; castor oil for industrial purposes; bone oil for industrial purposes; lamp oil; linseed oil for use as a lubricant; motor oil; sunflower oil for industrial purposes; rape oil for lubricating machinery; vegetable oil for use in the manufacture of paints or soaps; soybean oil for use in the manufacture of paints and other coatings; rape oil for industrial purposes; lubricants, namely, lubricating oils and greases; automotive lubricants; lubricants for aircraft engines; motor vehicle lubricants; lubricants for industrial machinery; graphite lubricants; industrial lubricants; all-purpose lubricants; naphtha; petroleum, raw or refined; crude oil; heavy oils; candles for nightlights; Textile oil, namely, oleine; paraffin; dust absorbing, wetting and binding compositions; dust removing preparations; soya bean oil preparations for non-stick treatment of cooking utensils; non-slipping preparations for belts, namely, belt dressings; non-chemical additives for gasoline; non-chemical additives for oils and fuels; non-chemical additives for fuels; non-chemical additives for fuels, lubricants and greases; propane gas sold in cylinders for use in torches; propane gas; coal dust being fuel; fluxant oil for use as an ingredient in asphalt; firelighters in the nature of kindling wood; firelighters in the nature of kindling wood for grills; perfumed candles; aromatherapy fragrance candles; Christmas tree candles; candles; votive candles; candles and wicks for candles for lighting; tealight candles; tallow candles; candles containing insect repellent; automotive greases; drilling lubricants; grease for machines; grease for arms being weapons; lubricating grease; grease for belts; lubricating grease for vehicles; general purpose greases; vaporized fuel mixtures, namely, mixed alcohol fuel, motor fuels, and hydrocarbon fuels intended for refining; petroleum-based dust suppressing compositions for use in road building, sweeping, dust laying, treating roads and environments having air born dust, and as non-chemical additives for fuels, lubricants and greases for mixing with powdered compositions in the fields of agriculture, oil and gas industry, aviation and aviation fueling, construction and in cleaning and sweeping applications; granular absorbent oil-based composition for absorbing spills from floors; dust absorbing compositions; dust binding compositions; dust wetting compositions; petroleum-based dust absorbing compositions; dust binding compositions for sweeping; dust laying and absorbing compositions for use on unpaved roads; alcohol fuel; methylated spirits for denatured fuel alcohols; stearine being industrial oils; wood chips for smoking foods; wood chips for smoking and grilling; wood chips for use as fuel; fuels, including motor spirit, and illuminants; gaseous fuels; liquid fuels; fuels and illuminants; aviation fuel; benzene fuel; diesel oil; fuel for motor vehicles, namely, gasoline, diesel, compositions of isooctane, leaded fuel, unleaded fuel and oxygenated fuel; chafing dish fuel; lamp fuel; fuel for aircraft; fuel for aircraft and ships; fuel for lighters; lighting fuel; fuel for ships; heating oil; xylene fuel; mineral fuel; carburants, namely, fuels; fuel with an alcohol base; fuels derived from crude oil; petrol; hydrocarbon fuels; peat briquettes being fuel; peat for use as fuel; tinder; mineral spirits for use as accelerants; lignite; charcoal briquettes; charcoal for use as fuel; coal; coal briquettes; lamp wicks; wicks for oil lamps; wicks for candles; ceresine wax for making candles; tadon being charcoal briquettes; electrical energy; ethanol fuels; petroleum ether

GOODS AND SERVICES INFORMATION

For Goods and articles of plastic in the nature of machine parts, namely, hoods, sieves, bearings, cylinders, linear shaft supports and spacers, threaded engine rods and nuts therefor, composite fasteners in the nature of threaded nuts for use in generators, refrigeration and air conditioning systems, all for use in conjunction with electric generators, mine working machines, laundry machines, washing machines, dishwashers, road sweeping machines, welding machines, packaging machines, filling machines, sifters, selecting and sorting machines, paper machines, construction equipment, presses, textile machines, dairy machines, brewing machines, butchers' machines, printing machines, and foundry machines; Goods and articles of plastic in the nature of machine parts, namely, pressure rings for pistons, slot wedges, insulating clamps used for holding piece parts on machine tool tables, bus bar supports, cable crane supports, and lead-through insulating boards for maintaining temperature in machine piping systems sold as integral components of finished machines, all for use in conjunction with electric generators, mine working machines, laundry machines, washing machines, dishwashers, road sweeping machines, welding machines, packaging machines, filling machines, sifters, selecting and sorting machines, paper machines, construction equipment, presses, textile machines, dairy machines, brewing machines, butchers' machines, printing machines, and foundry machines; Machine parts of plastic for electromechanical machines for the chemical industry, for loading and unloading machines for onshore/offshore technologies, for electrostatic powder coating installations and for galvanization plants, namely, hoods, sieves, bearings, cylinders, machine parts in the nature of insulating sheets for maintaining temperature in machine piping systems sold as integral components of finished machines, linear shaft supports and spacers, connectors, spacers; O-rings being machine parts for use in conjunction with electric generators, mine working machines, laundry machines, washing machines, dishwashers, road sweeping machines, welding machines, packaging machines, filling machines, sifters, selecting and sorting machines, paper machines, construction equipment, presses, textile machines, dairy machines, brewing machines, butchers' machines, printing machines, and foundry machines; Plastic parts of

winding machines, namely, O-rings, cylinders and bearings; connecting rods and threaded rods of plastic for machines; machine couplings of plastic; parts of machines, motors and engines other than for land vehicles, namely, slot wedges, mounting hangers adapted for exhaust systems for internal combustion engines, and bearing inserts of plastic

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Goods and articles of plastic that are parts of high-voltage transformers, namely, lead supports for furnace transformers; parts of plastic for switching installations, measuring apparatus, high-frequency installations, traffic-light apparatus and electrical ducts, namely, plastic housings for switching apparatus; plastic parts for electric transformers, namely, thermistors

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Extruded plastics in the form of films for use in further manufacture; sheets and rods of extruded plastics for use in further manufacture; low-density polyurethane packaging foam; caulking materials and insulators, not containing cement; semiworked synthetic plastic as semi-finished products in form of pellets, rods, foils, foams, fibers, films and sheets; plastic composite material in the form of profiles for use in manufacturing; soldering threads of plastic; extruded plastics in the form of rods and pipes for use in manufacture

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

GOODS AND SERVICES INFORMATION

For Actuators for mechanisms, namely, linear actuators and pneumatic valve actuators being parts of machines; control installations as part of machine, namely, hydraulic and pneumatic controls for machines; control mechanisms for industrial machines, namely, pressure switches and sensors for monitoring, controlling, and switching hydraulic or pneumatic systems being sold as a unit with manufacturing machines; control mechanisms for machines, engines or motors, namely, hydraulic and pneumatic controls for machines, motors and engines; devices for adapting power driven tools to robots, namely, couplers adapted for use with industrial robots; industrial robots; mechanical control apparatus for robots, namely, power-driven mechanical controls as parts of industrial robots; mechanical control devices, namely, power-driven mechanical controls as parts of industrial robots; mechanical control devices for machines, namely, power-driven mechanical controls as parts of industrial robots; mechanical control installations, namely, power-driven mechanical controls as parts of industrial robots; mechanical control modules, namely, power-driven mechanical controls as parts of industrial robots; mechanical control operating apparatus, namely, power-driven mechanical controls as parts of industrial robots; robots for industrial use; robots for use in industry; none of the foregoing for use with power operated street sweepers; machines for building, namely, concrete placing machines and brick laying machines; machines for use in building, namely, concrete construction machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Actuators being electric switches; electric apparatus designed to control the performance of other apparatus, namely, electric apparatus designed to control the performance of apparatus, namely, electrical controlling devices; apparatus for measuring, namely, distance measuring apparatus; apparatus for programming electronic control apparatus, namely, programmable electronic controllers for industrial operations; apparatus for surface measurements, namely, length measuring gauges; electronic apparatus for the remote control of industrial operations; automated control installations, namely, electric

installations for the remote control of industrial operations; automatic control apparatus, namely, electrical controlling devices; automatic stability control apparatus, namely, electronic control systems for stabilizing machines; Calibration devices, namely, industrial calibration sensors; control apparatus for determining position, namely, Electronic navigational and positioning apparatus and instruments; digital remote controls for robots; digital electronic controls for tools, namely, Electronic interface equipment for machine tools to input or output CNC (computer numerical control) data; digital measuring apparatus for measuring distance; digital measuring instruments for measuring length; distance measuring apparatus; distance measuring instruments; electric control apparatus, namely, electrical controllers for industrial machines; electric control apparatus for robots, namely, remote controls for robots; electric or electronic control modules, namely, electrical integrated control systems for use in the field of robotics; electric installations for the remote control of industrial operations, namely, computer hardware and recorded software system for remotely monitoring environmental conditions and controlling devices within a building, facility, grounds, or designated spatial area pertaining to industrial operations; electronic- based instruments for measuring environmental parameters including humidity, mold, bacteria, air quality and water quality; electronic control apparatus for robots, namely, remote controls for robots; electronic distance measuring devices; electronic equipment for measuring environmental conditions and electronic equipment for testing environmental conditions, namely, Electronic-based instruments for measuring environmental parameters including humidity, mold, bacteria, air quality and water quality; measurement apparatus and devices, not for medical use, for measuring distance; measuring apparatus for surface measuring, namely, length measuring gauges; measuring sensors, namely, sensors for measuring position and orientation and sensors for measuring distance, angles or acceleration; mechanisms for use in positioning systems, namely, electric global positioning system; downloadable computer operating systems for use in the field of robotics; position fixing apparatus and position sensing devices as integral parts of global positioning systems; remote control systems utilising laser beams, not for use with toys, namely, electronic remote control systems for machines; robotic electrical control apparatus, namely, electronic controllers for operating robotics; stabilizing gyroscopes; computer software for use in controlling machines; industrial controls incorporating software, namely, industrial automation controls; downloadable industrial process control software; none of the foregoing for use with power operated street sweepers; digital electronic controls for machine tools; measuring instruments for civil engineering, namely, level measuring machines for surveying

Mark Literal(s) FBR

CASE IDENTIFIERS

Serial Number 79254063 **Application Filing Date** Nov. 28, 2018 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Jul. 21, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the letters "FBR" in stylized font with an incomplete circle design surrounding the letters. In the incomplete circle design are two dots. **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1454990 **International Registration Date** Nov. 28, 2018

GOODS AND SERVICES INFORMATION

For Building materials, not of metal, namely, panels, lintels, glass for panels and windows, non-metallic rigid pipes for building, bricks, concrete or clay blocks, cement slabs, cement for building, sand, cement aggregate, mortar for building, dry mortar mixes for use in brick laying, non-metal doors, non-metal windows, and window glass for building

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Industrial robots; mechanical control apparatus for robots, namely, robotic arms, actuators for robotic arms, and robotic end effectors in the nature of grippers, clamps, vacuum suction pads, buckets, and blades; robots for industrial use; robots for use in industry including robots for operation in outdoor environments; cranes; lifting and hoisting apparatus, namely, self-propelled cranes, power-operated hoists and lifts in the nature of machines for moving bricks, blocks and bulk materials; machines, namely, conveyor machines and lifting installations for the transport of goods, machines for conveying solids, conveyors being machines, electric machines for mixing and applying mortar and adhesive, machines for laying bricks in the nature of industrial construction robots, machines for constructing buildings and walls of brick and block construction in the nature of industrial construction robots; machines in the nature of programmable robotic machines for brick laying, wall building, and construction using bricks and blocks; electric motors for machines, namely, motors for industrial robotic machines, motors for hoists and power-operated lifts for moving objects, items and bulk materials; electric motors for machines, namely, motors for concrete mixers and pneumatic pumps; engines for use in powering stationary land installations, namely, engines for industrial robotic machines, engines for hoists and power-operated lifts for moving objects, items and bulk

materials; engines for construction vehicles, namely, engines for concrete mixers and pneumatic pumps; actuators for mechanisms, namely, actuators for operating robotic end effectors, namely, linear actuators, electric linear actuators, hydraulic linear actuators, pneumatic linear actuators, rotary actuators, electric rotary actuators, hydraulic rotary actuators, pneumatic rotary actuators

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Adhesives for industrial purposes, namely, adhesives for use in industry, adhesives for use in the building construction industry; adhesives for mortar, namely, adhesives for cement manufactured products; adhesives for use in the construction industry; adhesive compositions for use in industry, namely, chemicals for use in the manufacture of adhesives

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Business management of architectural services, business management of design services; business management of construction services; business management of robotic construction and assembly services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Building and construction services; repair of machines; installation of machines; rental of apparatus for use in the construction of buildings; rental of building construction machinery

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Surveying machines and instruments; surveying apparatus, namely, total stations, automated total stations, lasers for surveying, laser trackers, metrology instruments; cameras; computer software, namely, digital image processing software and image analysis software for use with computerised vision systems; computer software for controlling robotics employed in the construction of engineering works, constructions, structures and buildings; computer software for planning, designing and modelling engineering works and constructions; computer software for providing a bill of materials for construction of engineering works, constructions, structures, and buildings; computer software for controlling the assembly of engineering works, constructions, structures and buildings; computer software for architectural modelling of engineering works, constructions, structures and buildings; digital power controllers; electronic controllers for robotic systems; security alarm systems other than for vehicles, namely, security and supervision apparatus and instruments for monitoring engineering work sites and construction sites in the nature of cameras; security alarm systems other than for vehicles, namely, security and surveillance equipment for monitoring work sites, engineering works and construction sites, and detecting unauthorised intrusion and issuing alarm indication or a machine safety stop in the nature of cameras or range of proximity sensors and alarm monitoring systems; security systems other than for vehicles, namely, alarm monitoring systems, unauthorised intrusion detection apparatus in the nature of burglar alarms; data processing apparatus; apparatus for interconnecting data processing equipment, namely, couplers in the nature of data processing equipment, interfaces for computers and computers; video surveillance cameras; distance measuring apparatus; apparatus for sensing movement, namely, electronic controllers for robotic systems

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Insulating material for roofing; materials for insulation other than building glass, namely, insulation materials for use in building construction, roof spaces, and insulated ductwork

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Scientific and technological services, namely, design and development of computer hardware and software for use with industrial robotic construction and assembly equipment; computer software design; computer software development; design of computer hardware; architectural services; design services, namely, structural engineering services; design services, namely, mechanical engineering services; engineering services relating to computers; engineering services relating to computer programming; engineering services relating to architecture; engineering design; design of commercial, industrial and residential buildings for construction by industrial robotic machines; land surveying; Programming of computer software for others

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys unwrought or semi-wrought; metal scaffolding; metal building materials, namely, fascia, cladding, lintels, ties, anchor plates for brick walls, metal door frames, metal window frames, metal lintels, metal building framework, metal roofing framework, metal roofing trusses, reinforcing materials of metal for use in poured concrete, and metal ties for use in building construction; metal hardware for buildings, namely, nuts, bolts, screws and washers

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

For Precious metals and their alloys; jewellery, precious and semi-precious stones; horological and chronometric instruments; clocks and watches; alarm clocks; stopwatches; apparatus for timing sports events; wristwatches; watch bands; atomic clocks; master clocks; clocks incorporating radios; movements for clocks and watches; street clocks; replacement and structural parts and fittings for all the aforesaid goods

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Non-metallic rigid pipes for building purposes; asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal; woods for building, namely, planks; building materials, not of metal, namely, roofing; building materials, not of metal, namely, building materials of glass; plywood; handrails, not of metal for construction purposes; window glass, for building; staircases, not of metal; non-metal doors; soundproofing wall boards and panels; wooden doors; tiles, not of metal; rain gutters not of metal; wall boards, not of metal; wall panels, not of metal; door frames, not of metal; windows, not of metal; window frames, not of metal; partitions, not of metal for building; chutes of non-metal for building purposes for moving trash; posts, not of metal; non-metal posts for gates; floors, not of metal; wooden floors; replacement and structural parts and fittings for all the aforesaid goods

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Lace and embroidery, hair ribbons and braids; buttons, hooks and eyes, sewing pins and needles; artificial flowers; false hair; electric hair curlers, other than hand implements; hair curlers, other than hand implements; hair curling pins

International Classes 26 - Primary Classes **US Classes** 37, 39, 40, 42, 50 **International Class Title** Fancy Goods

For Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants; wood mordants; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; toners; cartridges filled with toner; toner cartridges filled for use with photocopying machines; toner cartridges filled for facsimile apparatus and machines; toner cartridges filled for printers; printing ink; filled inkjet cartridges; ink cartridges filled for photocopying apparatus and machines; ink cartridges filled for facsimile apparatus and machines; ink cartridges filled for printers; ink cartridges filled for multi-function printers; toner cartridges filled for multi-function printers

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Combs and toiletry sponges; brushes, except paintbrushes, namely, body brushes, head scalp cleaning brushes, face cleaning brushes and pet brushes; brush-making materials; articles for cleaning purposes, namely, dishwashing brushes; unworked or semi-worked glass, except building glass; glassware, namely, figured plate glass, not for building; beverage glassware, porcelain and earthenware mugs; electric lint removers; cleaning instruments, hand-operated, namely, squeegees; electric brushes incorporating ionizers, excepts parts of machines; dental cleaning articles, namely, toothbrushes; electric dental cleaning apparatus, namely, toothbrushes; electric pet brushes; electric toothbrushes; replacement heads for electric toothbrushes; dustbins; water apparatus for cleaning teeth and gums for home use; sprinklers for watering flowers and plants; combs; cosmetic utensils in the nature of cosmetic brushes; towel rails and rings; hair brushes; toilet paper holders; strainers for household purposes; oral irrigators, other than for use in dentistry, namely, interdental devices using water; electric oral irrigators, other than for use in dentistry, namely, interdental devices using water; dishes; plates; heat protective glassware, namely, beverage glassware, glass dishes, glass bowls, glass plates; cooking pots and pans non-electric; ironing board covers, shaped; laundry baskets; non-electric trouser presses; electric trouser presses; electric combs; electric traps for insects; electric apparatus for killing insects; wash basins in the nature of bowls, not parts of sanitary installations; applicators sold empty in the nature of cosmetic lotion sprayers for skin; electric facial pore cleaning instruments in the nature of buffing pad; make-up removing appliances; electric make-up removing appliances; household utensils for laundry, namely, hampers for household use; cleaning and washing utensils for household purposes, namely, cleaning sponges; drying racks for laundry; plant pots; indoor terrariums for plant cultivation; indoor terrariums being vivariums; ultrasonic vermin repellent devices; non-metallic electric laundry poles being drying racks; replacement and structural parts and fittings for all the aforesaid goods

International Classes 21 - Primary Classes **US Classes** 2, 13, 23, 29, 30, 33, 40, 50 **International Class Title** Housewares and Glass

For Musical instruments; electronic musical instruments; music synthesizers; electronic organs; replacement and structural parts and fittings for all the aforesaid goods

International Classes 15 - Primary Classes **US Classes** 2, 21, 36 **International Class Title** Musical Instruments

For Carpets, rugs, linoleum; wall hangings being non-textile; bath mats; non-slip bathtub mats; Japanese rice straw mats (tatami mats); gymnastic mats; carpets for automobiles; floor coverings; wall papers; ceiling coverings made of paper

International Classes 27 - Primary Classes **US Classes** 19, 20, 37, 42, 50 **International Class Title** Floor Coverings

For Pharmaceuticals, medical preparations and veterinary preparations for skin care; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for humans and animals; court plasters, materials for medical dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; medicine for skin care; depuratives for the body; detergents for medical purposes; sterilizing preparations; all-purpose deodorants preparations, other than for human beings or for animals; chemical preparations for sanitary use; sanitary sterilizing preparations for personal hygiene, other than toiletries; air deodorants; mineral supplements

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Insurance carrier services; financial affairs, namely, financial information, management, and analysis services; monetary affairs, namely, financial information, management, and analysis services; real estate affairs, namely, real estate agency services; financial services, namely, investment consultancy, management, brokerage; issuance of credit cards; electronic payment services involving electronic processing and subsequent transmission of bill payment data; electronic funds transfer services; providing information in the field of real estate; real estate brokerage; management of buildings; leasing or renting of buildings; real estate agency services relating to the purchase and sale of building; real estate land management services; leasing of land; real estate agency services relating to the purchase and sale of land; providing real estate information; real estate agency services; real estate appraisal; elderly housing agency services; financial loan consultation; insurance consultancy and information; insurance brokerage

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Artificial limbs, eyes and teeth; orthopedic articles, namely, orthopedic walkers, orthopedic supports, orthopedic footwear, orthopedic belts; suture materials; therapeutic and assistive devices adapted for the disabled, namely, mouthpieces; massage apparatus; medical apparatus and instruments, namely, endoscopic equipment for medical purpose; medical therapy instruments, namely, hot therapy wraps; patient monitoring sensors for medical use in diagnosis; lasers for medical purposes; ultrasonic medical diagnostic apparatus; hearing aids; electronic blood pressure meters; blood pressure measuring apparatus; massage chairs; massage beds for medical purposes; esthetic massage apparatus; thermometers for medical purposes; low frequency electric therapy apparatus; high frequency electric therapy apparatus; electrical therapeutic appliances; air mattresses for medical purposes; massage mats for medical purposes; inhalers for medical use; electric heating pads for medical use; draw-sheets for sick beds; electrically heated antibacterial carpets for medical use; air pillows for therapeutic use; blood testing apparatus; apparatus for blood analysis; apparatus for use in medical analysis of vital signs; apparatus for DNA and RNA exams for medical purposes; foot massagers; diagnostic apparatus and instruments for medical purposes, namely, ultrasound machines; blood testing apparatus and instruments for medical purposes; electric blankets for medical purposes; oral irrigators being dental instruments; electric esthetic massagers; beds specially made for medical purposes; testing apparatus for medical purposes; body rehabilitation apparatus for medical purposes; dental intra-oral cameras; incubators for medical purposes; blood pressure monitors; cabinets especially made for instrument for medical use; battery-operated scalp massagers; genetic testing apparatus for medical purposes; invalid lifts; nursing lifts being assistive devices adapted for the disabled; transfer aids being nursing appliances for nursing care use; chairs specially made for nursing care use; body composition monitors; electric facial massagers; replacement and structural parts and fittings for all the aforesaid goods

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Land vehicles; apparatus in the nature of motorized vehicles for locomotion by land, air or water; electric vehicles, namely, cars; automobiles; bicycles; bicycle tires and inner tubes of bicycle tires; electric bicycles; power-assisted motorized bicycles; trolleys; wagons; carts; food-carts, motorized, for serving meal; food-carts for serving meal; wheelchairs; motors and engines for land vehicles; electric motors for land vehicles; motorcycles; wheelbarrows; fitted motorcycle covers; fitted bags for transporting bicycles; vehicle windscreens; stands being structural parts specially adapted for bicycles; handlebar grips for motorcycles and bicycles; bicycle saddles; baskets adapted for bicycles; baskets adapted for cycles; pedals for bicycles; cycle frames; luggage carriers for vehicles; bicycle carriers for vehicles; driving chains for land vehicles; chain guards for bicycles; drive-chain guards for motorcycles; fitted seat covers for vehicles; safety seats for children, for vehicles; child seats for bicycles; mudguards for cycles; brake cables for cycles; electric motorcycles; fitted bicycle covers; bicycle stands; bicycle frames; brake systems for vehicles; vehicle mirrors; airplane seats; anti-theft devices for vehicles; replacement and structural parts and fittings for all the aforesaid goods

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Textiles and substitutes for textiles for the manufacture of clothing, bed linen and furniture coverings; household linen; curtains of textile or plastic; fitted toilet seat covers of textile; bed sheets; bed linen; covers for toilet lids of fabric; pillow cases; unfitted furniture coverings of textile; furniture coverings of plastics; resin impregnated fiber fabrics for use in transportation, armoring, structural reinforcement, and structural repairs

International Classes 24 - Primary Classes **US Classes** 42, 50 **International Class Title** Fabrics

For Meat, salted fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs; milk and milk products excluding ice cream, ice milk, and frozen yogurt; edible oils and fats; processed vegetables; processed fruits; vegetable-based snack foods; fruit-based snack food; fermented vegetables; fermented milk; fermented fruits; fermented soybeans; cut vegetables; cut fruits; vegetable salads

International Classes 29 - Primary Classes **US Classes** 46 **International Class Title** Meats and Processed Foods

For Gaming headsets adapted for use in playing video games; Games adapted for use with television receivers; decorations for Christmas trees except confectionary and electric Christmas lights; video game apparatus, namely, video game consoles, arcade-type electronic video games; stationary exercise bicycles; rollers being parts for stationary exercise bicycles; baseball pitching machines; soft toss pitching machines for baseball; electrically-operated exercise equipment for physical fitness purposes; Fitness exercise machines simulating horse riding; rowing machines for physical exercises; exercise treadmills; body rehabilitation apparatus not for medical purposes, namely, foam exercise rollers; toy robots; replacement and structural parts and fittings for all the aforesaid goods

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Paper and cardboard; printed matter, namely, instruction manual in the field of electronics and electrical engineering; bookbinding material; adhesives for stationery or household purposes; paintbrushes; printed instructional and teaching materials in the field of electronics and electrical engineering; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; office type composing machines; addressing machines; pencil sharpening machines, electric or non-electric; sealing machines for offices; typewriters, electric or non-electric; wet erase writing boards; chalk boards being

blackboards; ink for writing instruments; inking ribbons; thermal paper; electric paper staplers for offices; paper staplers for offices; staples for offices; stickers being stationery; writing instruments; paper sheets being stationery; printing papers; paper coffee filters; paper shredders for office use; books in the field of electronics and electrical engineering; calendars; catalogues in the field of electronics and electrical engineering; geographical maps; newsletters in the field of electronics and electrical engineering; newspapers; pamphlets in the field of electronics and electrical engineering; pictures; packing cushioning, stuffing materials of paper or cardboard; drawing instruments; ink ribbons; plastic films for wrapping and packaging; franking machines for office use; replacement and structural parts and fittings for all the aforesaid goods

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For Machine and machine tools for the cutting and forming of materials; machines and machine tools for the drilling and milling of materials; motors and engines except for land vehicles; machine coupling and transmission components except for land vehicles; agricultural implements, namely, seed drills; incubators for eggs; automatic vending machines; electric welding machines; gas-operated welding machines; industrial robots; soldering apparatus, gas-operated; soldering apparatus, electric; electronic chip mounting machines; semiconductor substrates manufacturing apparatus and machines; electric arc welding machines and apparatus; cutting machines; metal cutting machines and apparatus; electronic component placement machines and apparatus; electronic component insertion machines and apparatus; electronic feeders for machines; electronic component feeding machines and apparatus; bonding machines, namely, die bonding machines and apparatus, and flip chip bonding machines and apparatus; assembly machines for assembling flat panel displays; laser processing machines and apparatus; engraving machines; condensing machines; electric power tools, namely, tool bits, drill sockets, drill tips, drill presses and electric cable crimping tools; chucks for power drills; tool grinding machines; saws being machines; blades for electric power tools; heat exchangers being parts of machines; extracting machine for chemical processing; adhesive tape dispensing machines; medical dispensing machines; printing machines; 3D printers; electric motors for machines, other than for land vehicles; driving motors other than for land vehicles; electricity generators; wind-powered electricity generators; AC generators being alternators; solar power electricity generating apparatus; centrifugal blowers; axial flow blowers; reduction gears other than for land vehicles; lifting machines being elevators; lifting machines for wall cabinets and lightings; elevators being lifts; electric door openers; automatic door closers, electric; curtain drawing devices, electrically operated; electric washing machines for industrial purposes; electric washing machines for household purposes; washing machines for house hold laundry; dish washing machines; drums being parts of machines; electric compressors machines; pumps for machines; electric pumps; mixing machines; food chopping machines for commercial use; food chopping machines for household use; food mixing machines; food cutting machines for commercial use; food cutting machines for household use; apparatus for use in processing food commercial use; apparatus for use in processing food for household use; electric hand mixers for household purposes; electric food processors for household use; electric coffee mills; electric blenders for household purposes; electric juicers for household purposes; electric meat grinders for household purposes; rice polishing machines; electric ice crushers; garbage disposals; machines and apparatus for cleaning, electric, namely, vacuum cleaners and denture cleaning machines; electric vacuum cleaners; electric floor polishers; blowing machines use in dust collection; air suction machines; dust filters and bags for vacuum cleaners; electric dust collecting machines for cleaning purposes; apparatus for aerating water; packaging machines; filters for motors and engines; gas filters for engines; vending machines; temperature-controlled beverage dispensers being vending machines; agricultural seed planting machines; plant growth chambers being machines for agricultural purposes;

composting machines; chemical supplying pumps being machines for use in production lines; exhaust gas treatment apparatus for semiconductor manufacturing machines; urethane foaming machines; painting and coating machines; machines for disposal and recovery of waste products and scraps; replacement and structural parts and fittings for all the aforesaid goods; fermenting machines for food products

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Furniture, mirrors, picture frames; unworked or semi-worked mother-of-pearl; shells, unworked or semi-worked; meerschaum, raw or partly worked; yellow amber raw or partly worked; containers, not of metal, for storage or transport; microwave oven racks being furniture; drying machine racks being furniture; television stands being furniture; audio racks being furniture; hangers for clothes; hanger rails for closets; washstands being furniture; kitchen cabinets; storage cabinets being furniture; wall cabinets; mail boxes, not of metal; chairs being seats; furniture units for kitchen; shoe cabinets; closets accessories, namely, clothes bars; storage boxes being furniture; non-metal storage boxes for home delivery services; kitchen counter table tops; tables; table tops; Japanese style low tables (zataku); kitchen tables; kitchen worktops; pillows; non-metallic shelf dividers; wall partitions being furniture; non-metallic laundry poles; shelves being furniture; wall shelves being furniture; chests, not of metal; carrying storage boxes, non-metallic; steps ladders, not of metal; towel racks being furniture; display counters being furniture; pet houses in the nature of crates; nesting boxes for household pets; step stools, not of metal; water storage tanks, not of metal or masonry; rainwater tanks, not of metal nor of masonry; bathroom stools; towel hooks, not of metal; beds; mattresses; lockers; transport and storage containers, not of metal; replacement and structural parts and fittings for all the aforesaid goods

International Classes 20 - Primary Classes **US Classes** 2, 13, 22, 25, 32, 50 **International Class Title** Furniture and Articles Not Otherwise Classified

For Lighting apparatus and being installations; electric light bulbs; incandescent lamps; miniature light bulbs; flashlights being torches; electric lanterns; motion sensitive security lights; discharge lamps; theatrical stage lighting apparatus; wall lights; ceiling lights; germicidal lamps in the nature of sterilizers; chandeliers; downlights; desk lights; sockets for electric lights; lanterns; spotlights; safety lamps; light diffusers; searchlights; bicycle lights; electric fans; portable searchlights; pen lights; installations for cooking, namely, cooking ranges, cooking stoves, griddles; microwave ovens; bread baking machines; electric kettles; electric cooking pots; electric pressure cookers; electric rice cookers; electric rice warmers; electric food warmers; electric roasters; cooking ovens; electric toasters; electric sandwich toasters; electric coffee makers; electric ice cream makers; electric cooking stoves; gas cookers; electromagnetic induction cookers for household and commercial purposes; electric food cooling pans for household use and commercial use; sinks; faucets; electric frying pans; refrigerators; gas refrigerators; freezers; refrigerated water dispensers; water coolers; electric ice makers; cool boxes in the nature of coolers, electric; refrigerating display cabinets; refrigerating showcases; freezer display cases; heat exchanger-typed air cooling units; ventilating apparatus and instruments, namely, exhaust fans; ventilating fans for household use; dehumidifiers; humidifiers; air curtains; ceiling fans; ventilating fans for household, commercial and industrial use; electrostatic precipitators for cleaning air; electric air blowers for air conditioning or ventilating; air purifying apparatus and machines; filters for air purifiers; range hoods; air filtering installations; installations for air heating; air conditioners; air conditioners for vehicles; air filters for air conditioners; heat exchangers not being parts of machines; electrically heated carpets; electric space heaters; electric blankets, not for medical purposes; electric radiant heaters for household and commercial purposes; hot-water space heating apparatus;

electric floor heating apparatus; electric foot warmers in the nature of foot muffs; floor heating apparatus; heaters for vehicles; electric water heaters; gas fired space heaters; hot water heaters; gas water heaters; heat pumps; solar water heaters; waste water purification apparatus; water supply installations, namely, metered valves; watering installations, automatic, namely, irrigation sprinklers; sanitary installations and apparatus, namely, toilets; toilet stool units with a washing water squirter; saunas; showers; shower apparatus, namely, shower doors, shower head holders, shower head slide bars, shower sprayers; shower heads; water heating boilers; bathtubs; bathroom installations, namely, bath installations; bathtub jets; whirlpool baths; toilets; toilet bowls; water ionizers; bidets; portable toilets; portable bidets; wash-hand basins being parts of sanitary installations; sterilizers; water softening apparatus; water purifying apparatus; drying apparatus; clothes drying machines; electric clothes drying machines; electric hot air hand dryers; hand-held electric hair dryers; electric dish dryers; electric dish dryers; electric hair steamers for household use; electric hair steamers for beauty salon use; steam facial apparatus being saunas; electric autoclaves for cooking; electric sterilization autoclaves; facial saunas; fabric steamers; watering machines for agricultural purposes; fog generators for air conditioning, purifying and sterilising purposes; ventilation hoods; electric air deodorizing apparatus; apparatus for generating ultrapure water; cooling water circulation apparatus in the nature of water chillers; hazardous liquid treatment apparatus, namely, ionization apparatus and chemical sterilization units for industrial, commercial or agricultural use; air nozzles for air conditioning; thermal incineration installations, namely, garbage incinerators; solvent recovery and recycling and purification installations, namely, gas recycling systems comprised primarily of solvent extraction equipment for recovery, purification, and return of gasses in industrial appliances; wash-hand bowls being parts of sanitary installations; automatic temperature regulators for central heating radiators; fan coil units for air conditioning; ionization apparatus for the treatment of air or water; ozone water generators being water purification apparatus; refrigerating containers, namely, transport refrigeration units for trucks, trailers and shipping containers; refrigerating medical containers for storage, transportation, and cooling of medicines and pharmaceuticals; coffee roasters; temperature-controlled beverage dispensers excluding vending machines; sterilizers for dental instruments; replacement and structural parts and fittings for all the aforesaid goods

International Classes 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Providing of business training; providing training of engineers for certification in the field of electronics and electrical engineering; Entertainment services, namely, providing on-line reviews of movies, books, music, computer games; entertainment information; education information; video production services; providing publishing of electronic publications, not downloadable; provision of sports facilities; physical education; rental of sporting equipment, except vehicles; beauty arts instructions; hair dressing instructions; online game services in the nature of providing online augmented reality games; providing recreation facilities; arranging and conducting of seminars in the field of electronics and electrical engineering; photography; providing information on photography; publication of books; presentation of live show performances; direction or presentation of plays; presentation of musical performance; movie showing; production of radio or television programs; providing information on sports facilities; providing information on amusement or entertainment facilities; providing information on educational facilities; rental of sound recordings; rental of videos and films; rental of camcorders; rental of radio and television sets; rental of record players; rental of stadium facilities; rental of lighting apparatus for theatrical sets or television studios; film production, other than advertising films; film distribution; production and distribution of educational and instructional materials in the nature of movies, films, brochures, manuals, textbooks, catalogues, journals, newspapers,

periodicals, photographs, and guide books; consultancy relating to online educational services; business education services, namely, developing customized leadership and executive development programs; technical business training services; production and distribution of digital contents, namely, news and information in the field of entertainment; providing online syndicated non-downloadable newspaper in the field of electronics and electrical engineering; consultancy relating to education in the field of healthcare; consultancy relating to video production; educational services in the nature of seminars relating to foodstuffs, nutrition and health; providing online, non-downloadable digital images and movies

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; non-medicated soaps; perfumery, essential oils, non-medicated cosmetics, non-medicated hair lotions; non-medicated dentifrices; cosmetics and non-medicated toiletry preparations; perfumery, fragrances and incenses; cosmetic soaps; skin lotion; cleaning preparations; cleaning solutions, namely, cleaning preparations for electric shavers; hair care preparations; massage gels other than for medical purposes; dental bleaching gels; house hold detergents other than for use in manufacturing operations and for medical purposes

International Classes 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

For Chemicals used in industry and science, as well as in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances, namely, oils for tanning leather; adhesives used in industry; liquid coatings being chemicals used in the manufacture of printed circuit boards; soldering fluxes; adhesives for industrial purposes; water purifying chemicals; graphite for industrial purposes; chemical reagents, other than for medical or veterinary purposes; reagents for testing aqueous solutions other than for medical or veterinary purposes; industrial minerals, namely, minerals in the nature of additives for water purification; calcium for use in water purifying; bacterial preparations, other than for medical and veterinary use; enzymes for use in fermentation; photographic paper; agricultural chemicals except fungicides, herbicides, insecticides and parasiticides; soil conditioning preparations; manure for agriculture; humus; soil for growing; loam; enzymes substrates for soil-free growing agriculture; compost; plant growth regulating preparations

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Advertising services; business management; business administration services; providing office functions; retail and wholesale store services for air conditioners, featuring electric flat irons, electric toothbrushes and cameras; providing information concerning commercial sales; business information; commercial information agencies; rental of photocopying machines; publicity material rental; rental of vending machines; rental of office machinery and equipment; retail and wholesale store services for nursing care products; retail and wholesale store services for communication apparatus; retail and wholesale store services for sports goods; retail and wholesale store services for building materials; retail and wholesale store services for pharmaceutical, veterinary and sanitary preparations, and medical supplies; retail and wholesale store services for food and beverage; advertising and publicity services; providing employment information; arranging newspaper subscriptions for others; providing information or news in the field of business; data processing services; commercial information and advice for consumers in the choice of products and services; arranging subscriptions to telecommunication services for others; business

information or consulting services relating to the electric energy industry; business management analysis and business consultancy; marketing research or analysis; drawing up, auditing or certification of financial statements for businesses; personnel relocation services; retail and wholesale store services for scientific or laboratory apparatus and instruments; retail and wholesale store services for electric washing machines; retail and wholesale store services for vacuum cleaners; retail and wholesale store services for dish washing machines; retail and wholesale store services for audio visual equipment; retail and wholesale store services for navigation apparatus; retail and wholesale store services for computers; retail and wholesale store services for computer software; retail and wholesale store services for batteries and cells; retail and wholesale store services for medical apparatus and instruments; retail and wholesale store services for electric shavers; retail and wholesale store services for electrical cooking apparatus; retail and wholesale store services for cooling apparatus; retail and wholesale store services for heating apparatus; retail and wholesale store services for refrigerating apparatus; retail and wholesale store services for drying apparatus; retail and wholesale store services for lighting; retail and wholesale store services for beauty implements for humans; business planning services and consultancy relating thereto; business equipment and inventory management services and consultancy relating thereto; sales management services and consultancy relating thereto; business process management services and consultancy relating thereto; client and customer service management for others and consultancy relating thereto; business management and administration of the purchase and sale of goods and consultancy relating thereto; company telephone receptionist services and consultancy relating thereto; providing multilingual business information and consultancy relating thereto; business management relating to computerized production and consultancy relating thereto; administrative services relating to the management of customer information and consultancy relating thereto; Computerized database management services, namely, electronic composition, arrangement of databases and documents for others for posting to websites and other locations on a global computer network; design, production and distribution of advertising materials; billing services in electronic commerce transactions; personnel management services and consultancy thereto; collecting, providing and analysis of customer information for businesses; business information analysis; business research and analysis of behavior patterns of customers, employees and users; business research and analysis of moving patterns of objects, cargos and materials; organization or management of trade fairs for commercial and advertising purposes; business consultancy services in the field of agriculture; clerical employment agency services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Live animals; fresh fruits and vegetables, fresh herbs; natural plants and flowers; foodstuffs and beverages for animals; malt for brewing and distilling; raw and unprocessed grains and edible seeds; bulbs, seedlings and seeds for planting; fresh beans; plants; seedlings; fresh fruits; fresh vegetables; salad vegetables being fresh; plant seeds; raw cocoa beans

International Classes 31 - Primary Classes **US Classes** 1, 46 **International Class Title** Natural Agricultural Products

For Building construction; installation, repair or maintenance of electric appliances; installation, repair or maintenance of radios; installation, repair or maintenance of television sets; installation, repair or maintenance of telecommunication apparatus and machines; installation, repair or maintenance of household electric appliances; installation, repair or maintenance of lighting apparatus; installation, repair or maintenance of power distribution and control apparatus; installation, repair or maintenance of electric motors; installation, repair or maintenance of measuring apparatus and instruments; installation, repair or maintenance of testing apparatus and instruments; installation, repair or maintenance of medical apparatus and instruments;

installation, repair or maintenance of metalworking machines and tools; installation, repair or maintenance of cooking apparatus; installation, repair or maintenance of automatic vending machines; installation, repair or maintenance of water purifying apparatus; installation, repair or maintenance of musical instruments; installation, repair or maintenance of watches and clocks; installation, repair or maintenance of water heaters; installation, repair or maintenance of bath equipment; installation, repair or maintenance of toilet stool units with a washing water squirter; installation, repair or maintenance of computer hardware; installation, repair or maintenance of air-conditioning apparatus; installation, repair or maintenance of office machines and equipment; installation, repair or maintenance of machinery; repair or maintenance of vehicles; installation, repair and maintenance of computers and computer peripherals; installation, repair or maintenance of computer printers; installation, repair or maintenance of printing machines; installation, repair or maintenance of 3D printers; installation, repair or maintenance of telephones; telecommunication wiring; rental of construction equipment; installation, repair or maintenance of laboratory apparatus and instruments; installation, repair or maintenance of electronic apparatus; installation, repair or maintenance of wheelchairs; construction; construction consultancy; construction information; installation, repair or maintenance of freezing machines and apparatus; rental of laundry washing machines; rental of dish washing machines; rental of cleaning machines; rental of drying machines; rental of laundry dryers; rental of dish drying machines; installation, repair or maintenance of audio-visual apparatus and equipment; installation, repair or maintenance of industrial machinery; installation, repair or maintenance of manufacturing machines and apparatus; installation, repair or maintenance of welding machines and apparatus; installation of radio apparatus and instruments; installation of radio systems and networks; consultancy relating to the repair or maintenance of measuring and testing machines and instruments; providing information relating to the repair or maintenance of measuring and testing machines and instruments; rental of lifting apparatus; installation or adjustment of antennas; maintenance and repair of buildings; building construction supervision; installation, repair or maintenance of transport and storage containers; installation, repair or maintenance of lockers; computer hardware system maintenance; computer hardware system installation

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Coffee, tea, cocoa and artificial coffee; rice; tapioca and sago; flour and preparations made from cereals, namely, muesli bars; bread, pastries and confectionery made of sugar; edible ices; sugar, honey, treacle; yeast, bakingpowder; salt; mustard; vinegar, sauces being condiments; spices; ice; breadcrumbs; unroasted coffee; koji being fermented malted rice; by-product of rice for food being sake lees; confectionery made of sugar

International Classes 30 - Primary Classes **US Classes** 46 **International Class Title** Staple Foods

For Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers, blank recording discs; blank compact discs, blank DVDs and other blank digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; Recorded and downloadable computer software for use in the management of multipoint video surveillance systems; Recorded and downloadable computer software for OCR (optical character recognition); Recorded and downloadable computer software for programming, controlling and operating programmable controllers used in production lines; Recorded and downloadable computer software for processing images and graphics; Recorded and downloadable computer operating and managing software for use with medical and beauty care apparatus; Recorded and downloadable computer software for use in the transmission of data and information; Recorded and

downloadable computer software for use in customer relationship management; Recorded and downloadable computer software to monitor and control factory manufacturing processes; Recorded and downloadable computer software for database management software for visible light communication; Recorded and downloadable computer software for database management software for location information; Recorded and downloadable computer software for retail inventory management; Recorded and downloadable computer software for management of enterprise data; Recorded and downloadable computer software for image recognition; Recorded and downloadable computer software for image retrieval; Recorded and downloadable computer software for image management; Recorded and downloadable computer software that enables users to request, share, upload, view, discover, and analyze data and information obtained from electronic devices; Recorded and downloadable computer software for database management, data analysis, document management, document analysis, video management, analysis; Recorded and downloadable computer software, namely, a search engine for video, image, documents and other digital data; Recorded and downloadable computer software to enable connection to databases, computer networks and the Internet; Recorded and downloadable computer software for use in the field of VLC (visible light communications) for the transmission of electronic data, namely, video, music, image, text and sound; Recorded and downloadable computer software in the fields of cooking and household appliance use and operation downloadable software for home automation; Recorded and downloadable computer software for controlling household appliances; Recorded and downloadable computer software for use in controlling heat, moisture levels, and timing of cooking processes and parameters, including communicating various cooking instructions between computers, computer networks, and peripheral communications devices; Recorded and downloadable computer software for use in connection with cooking instruction; Recorded and downloadable computer software for mobile phones, namely, educational software featuring instruction in the field of catering, cookery, food and drink; Recorded and downloadable computer software for simulation of interior space design and planning; Recorded and downloadable computer software for simulation of lighting planning; Recorded and downloadable computer software for operation and control of water treatment systems; Recorded and downloadable computer software for monitoring air contaminants and pollutants; Recorded and downloadable computer software for visualization and analysis of air flow; Recorded and downloadable computer software for managing electrical use and lighting use; Computer operating program; Software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by electronic devices, systems; fire-extinguishing apparatus; cameras; camera cases; digital still cameras; digital photo frames; batteries; dry cells; rechargeable batteries; electric accumulators; electric batteries for vehicles; electric batteries for electric vehicles; batteries for mobile phones; battery chargers; nickel cadmium storage batteries; nickel-metal hydride storage batteries; lithium batteries; lithium ion batteries; fuel cells; solar batteries; electric converters; solar panels for electricity generation; battery chargers for electric vehicles; electric wiring devices and instruments in the nature of receptacles, sockets, switches and controllers; passive infrared sensor switches; electrical connectors; electric switches; electric sockets; electric light dimmer switches; time switches; magnetic electric switches; electric light dimmers; switchboards; electric switch boxes; electric cables; electricity conduits; electricity ducts; electric cable racks; lighting ballasts; circuit breakers; electro-magnetic switches; electric circuit overload protectors; thermal surge protectors; power distributing boxes; electrical outlets; power strips; current converters; electrical outlet covers; electrical outlet plates; antennas; aerials; distribution boards for electricity in the nature of power distribution panels; electric power monitoring units for monitoring electrical current; control panels for electricity; electronic indicator panels; electrical terminals blocks; indicator lights for circuit boards; rotating lights being signalling lamps; modular jacks for telephones; electrical adaptors; power adapters; earth terminals; electrical power extension cords; modular jacks for networks; electric wiring ducts; warning apparatus and instruments in the nature of electronic warning

bells, fire alarms, warning triangles, electric warning lights; video intercoms; intercoms; alarms for the detection of gas leaks; anti-theft warning apparatus not for vehicles; electronic glass break detectors; passive infrared detectors; infrared detectors; electric door chimes; radio receivers and transmitters; electric buzzers; fire alarms; fire detectors; emergency alarms, namely, automated emergency notification equipment for fire and anti-intrusion alarms; electric warning lights; emergency signalling lights; emergency warning lights; electric locks; electronic video surveillance systems consisting of electronic components for security cameras; biometric access control systems and electronic readers and controllers for use in access control systems in the nature of fingerprint scanners; face recognition equipment for access controls in the nature of biometric scanners; iris recognition access control security systems; cameras for iris recognition security; surveillance cameras; illuminated exit signs; apparatus and instruments for remote security monitoring, namely, electronic components of security systems; apparatus and instruments for remote communication, namely, communication modems; apparatus and instruments for remote controlling, namely, transmitters for radio-controlled devices; radios; audio tape recorders and players; digital audio players and recorders; digital video players and recorders; portable media players; MP3 players; protective cases for portable media players; audio speakers; stereo tuners; amplifiers; power amplifiers; microphones; record players; record player turntables; digital voice recorders; digital sound processors; headphones; earphones; car stereos; electrical stereo components; audio mixers; audio head cleaning apparatus in the nature of tapes; optical fiber cables; audio and video cables; wireless microphone systems comprising microphones, transmitters and receivers, speakers, amplifiers and tuners; audio equalizers; electronic audio signal processors; car audio apparatus in the nature of stereos; rearview cameras for vehicles; rearview monitors being cameras for vehicles; woofers; subwoofers; automatic compact disc changers; video transmission apparatus; television sets; plasma televisions; plasma display panels in the nature of televisions; stands being structural parts specially adapted for televisions; mounting brackets adapted for televisions; liquid crystal display (LCD) televisions; liquid crystal displays; liquid crystal display panels; wireless liquid crystal display (LCD) monitors; organic light emitting diodes (OLED) displays; organic light emitting diodes (OLED) televisions; organic light emitting diodes (OLED); 3d televisions; audio and video player-combined televisions; video player tuners; video projectors; liquid crystal display (LCD) projectors; lenses for video projectors; video tape recorders; video tape players; camcorders; tripods for cameras; DVD recorders; DVD players; cable television receivers; set top boxes; computer hardware and recorded and downloadable software for displaying educational materials sold as a unit; electronic display boards; video cameras for broadcasting; computer hardware and recorded and downloadable software for use in DVD authoring sold as a unit; light emitting diode displays; in-vehicle cameras; network monitoring cameras; video surveillance cameras; live electronic image switchers for video signals; downloadable electronic publications in the nature of ebooks and ezines in the field of science and technology; video monitors; electronic video switchers for video signals; video signal mixers; home theater systems, comprising digital video players, audio amplifiers and audio speakers; video signal splitters; image recognition apparatus in the nature of cameras; image recognition apparatus in the nature of endoscopic equipment for industrial purposes; three-dimensional eyeglasses; satellite receivers; optical disc drives; optical disc recorders; optical disc players; communication transmission apparatus; facsimile machines; telephones; mobile phones; smartphones; smart watches; accessories for mobile phones, namely, battery packs, cases, lanyards, chargers, holders, power supply adapters, headsets, earphones and microphones; hands-free kits for mobile phones; cordless telephones; telephone answering machines; private branch exchanges; global positioning system [GPS] apparatus; transceivers; encoding and decoding apparatus; navigation apparatus for vehicles being on-board computers; car navigation systems in the nature of computers; digital signage; remote controllers for emergency call; remote controllers for lighting instruments; remote controllers for audio

and visual equipment; remote controllers for air conditioners; transmitters and receivers for remote controls; apparatus for distributing or controlling electricity; electric power controllers; programmable logic controllers; computers; computer peripheral devices; tablet computers; mobile computers; wearable computers in the nature of smartwatches; hard disc drives; usb cables; image scanners; document printers for computers; empty toner cartridges for computer printers; toner cartridges sold empty; photo printers; video printers; digital color copiers; multi-function copiers; multifunction printers; electronic blackboards; electronic whiteboards; PC memory cards; computer keyboards; floppy disk drives; electronic card readers; electronic card readers and writers; bar code readers; bar code scanners; electronic mobile data terminals; electronic cash registers; electronic calculators; network routers; monitors being computer hardware; ethernet adapters; computer port replicators; downloadable software featuring display and update of electronic maps; downloadable image and video files in the field of music and movies; downloadable electronic data files for computer game programs; pre-recorded dvds featuring electronic maps; Recorded and downloadable computer program for remotely monitoring environment and condition and controlling devices within a building, facility and designated separate area; Recorded and downloadable computer program for remotely controlling lighting devices within a building, facilities and designated separate area; Recorded and downloadable computer program for the purpose of remotely monitoring and controlling electric appliance; Recorded and downloadable computer program for displaying advertisement; Recorded and downloadable computer programs for allowing users to remotely interact with, monitor, and control the operation of electric appliances; Recorded and downloadable computer program for use to connect and control internet of things (Iot) electronic devices; Recorded and downloadable computer programs and software for image processing used for mobile phones; Recorded and downloadable computer programs for accessing and using the internet; Recorded and downloadable computer programs for enabling access or entrance control; Recorded and downloadable computer program for the processing and analysis of pattern recognition data using artificial intelligence and natural language processing; Recorded and downloadable computer program for use as an application programming interface (API); Recorded and downloadable computer program for providing personal concierge services for others via a mobile phone, computer, tablet, smart phone, handheld computer, portable computer, namely, adding and accessing calendar appointments, alarms, timers, reminders and making restaurant, travel, and hotel reservations; Recorded and downloadable computer program for personal information management; Recorded and downloadable computer program for providing consumer assistant for searching, locating and providing directions for the purchase, consumption and use of a wide range of consumer products, services and information over a global communications network; Recorded and downloadable computer programs for remote monitoring of the functioning and use of air conditioning apparatus, water heaters, lighting apparatus and freezing machines and apparatus; scientific research and laboratory apparatus, namely, cell processing equipment for laboratory or research use; computer hardware and recorded and downloadable software for image recognition for security and surveillance sold as a unit; computer hardware and recorded and downloadable software for video surveillance of factory production lines sold as a unit; radio-frequency modulators; computer networks adapters; computer servers; blank data storage media; blank video tapes; head cleaning tapes for audio and video tape recorders and players; blank audio tapes; blank floppy discs; blank optical discs; memory cards; blank integrated circuit memory cards; dosimeters; electronic counters; ammeters; thermometer, not for medical purposes; voltmeters; weighing machines; pedometers; calorie consumption monitors for use during sporting activities in the nature of wearable activity trackers; wearable activity trackers tracking exercise intensity and pitch monitors for use during sporting activities; electricity meters; gas meters; water meters; wattmeters; distance measuring apparatus; electric sensors; light-emitting diodes; microcomputers; semi-conductors; semiconductor memory devices; integrated circuits; oxygen regulators; radio signal tuners; radio frequency modulators; coin

validators; coin sorters; banknote validators; banknote sorters; dc/dc power converters; inductors for electricity; capacitors; power capacitors; diodes; transistors; electric signal filters; electromagnetic noise reduction filters; optical modulators; optical transmitters; optical sensors; optical fiber connectors; optical lenses; electric circuits; transformers; thermistors; varistors; oscillators; acousto-optic modulators; acousto-optic filters; acousto-optic deflectors; electric resistors; potentiometers in the nature of electric resistors; thermal cutoffs in the nature of fuses; encoders; magneto-resistive devices in the nature of electric sensors; electric chip coils; electric choke coils; electrical current sensors; touch panels; duplexers; surface acoustic wave devices; surface acoustic wave filters; baluns; electric power distributors; wireless communication devices for voice, data, or image transmission; radio frequency amplifiers; frequency synthesizers; laser diodes; magnetic cores; fuses; electric relays; solenoids valves in the nature of electromagnetic switches; electric power supplies; electric inverters; electric timers; electric circuit boards; printed circuit boards; circuit overload protector devices; ionization apparatus for scientific or laboratory use; ionization apparatus for eliminating static electricity; magnetron oscillators; internal cooling fans for computers; internal cooling fans for communication devices; lasers, not for medical purposes; marking gauges for joinery purposes; luminous or mechanical road signs; uninterruptible electrical power supplies; time clocks in the nature of time recording devices; power line communication adapters; temperature indicators; electric moisture meters; microscopes; protective helmets; riding helmets; protective helmets for sports; humanoid robots with artificial intelligence; personal humanoid robots with artificial intelligence, namely, interactive social and emotive robots for personal use that provide information, entertainment, education, and communication capabilities; robots for laboratory use; temperature controllers for use in factory automation; computer hardware and recorded and downloadable software for use in image processing sold as a unit; apparatus for inspecting appearance of semiconductors; incubators for bacteria culture; constant humidity incubators for laboratory use; electric plant growth chambers for laboratory use; clean benches for laboratory use; biological safety cabinets for laboratory use; computer hardware and recorded and downloadable software for VLC (visible light communications) for the transmission of electronic data, namely, video, music, image, text and sound sold as a unit; computer hardware and recorded and downloadable computer operating and data processing software for internet of things (IoT) sold as a unit; computer hardware and recorded and downloadable software for machine-to-machine (M2M) communication sold as a unit; computer hardware and recorded and downloadable software for text-to-speech converting sold as a unit; computer hardware and recorded and downloadable software for management of customer information sold as a unit; computer hardware and recorded and downloadable software for point-of-sales [POS] systems sold as a unit; computer database servers; downloadable computer groupware for use in database management; downloadable cloud computing software for deploying virtual machines to a cloud computing platform; electronic control units for vehicles; electronic control units for vehicle batteries; head-up displays for vehicles; sonars; digital panel meters, namely, an electronic instrument that displays an input signal in either a digital or analog form; electronic data archiving apparatus for use in the storage and management of computer data; electronic data storing apparatus in the nature of memory cards; clothing for protection against accidents, irradiation and fire; gloves for protection against accidents, irradiation and fire; replacement and structural parts and fittings for all the aforesaid goods; electronic writing boards

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Legal services; security guard services for the physical protection of tangible property and individuals; security guarding for facilities; home security alarm monitoring services; personal body guarding; night guards services; monitoring of burglar and security alarms; providing fashion information; fortune-telling; rental of safety equipment; rental of security surveillance equipment; rental of fire alarms; legal research; intellectual property consultancy; emergency response medical alert monitoring services; accident investigation; rental of video surveillance cameras

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunications services, namely, personal communication services; satellite communication services; communications by fiber optic networks; communications by computers terminals; transmission of electronic mail; communications by mobile phones; mobile telephone communication services; satellite communication services; rental of telecommunication apparatus and equipment; electronic data transmission; television, radio and internet broadcasting services; news agencies services for electronic transmission; streaming of data; providing access to a computer database; rental of access time to a computer database

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Passenger transport; merchandise packaging for others and storage of goods; travel arrangement in the nature of making bookings for transport; car transport; rental of wheelchairs; electricity distribution; arranging for travel visas, passports and travel documents for persons traveling abroad; travel arrangement services in the nature of coordinating travel arrangements for individuals and for groups; removal of household goods; removal of commercial furniture and office equipment; rental of wheelbarrows; vehicle rental; rental of refrigerators; rental of freezers; GPS navigation services; rental of navigational systems; transport by rail; marine transport; air transport; storage and delivery of goods; parcel delivery; transportation information; rental of containers for transport and storage; rental of lockers; providing digital information in the field of traffic and travel

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Medical services; veterinary services; hygienic and beauty care for human beings or animals; agriculture, horticulture and forestry services, namely, application of fertilizer and agricultural chemicals for others; massage services; provision of medical information; medical equipment rental; dietary and nutritional guidance; physical examination services; beauty salon services; rental of machines and apparatus for use in beauty salons or barbers' shops; providing information about beauty; providing information relating to hairdressing; health care; pet grooming; manicuring; beauty consultancy; public bath services for hygiene purposes; nursing care; physical rehabilitation services; rental of apparatus and instruments for physical rehabilitation; providing information on physical rehabilitation; providing information on health centers; providing information on bath houses; providing information relating to barber's services; consultancy relating to health care; rental of sanitation facilities; barbers' services; providing information relating to nursing care services; consultancy relating to nursing care; home visit nursing care; nursing home services; consultancy and advisory services relating to agriculture, horticulture and forestry

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Duplication of audio and video recordings; custom manufacture of dental prosthetics; assembly of products for others; custom manufacture of semiconductor components, devices and circuits; rental of electricity generators; rental of printing machines and apparatus; rental of 3d printers; rental of water treatment equipment; rental of assembly machine equipment; rental of space heating apparatus; rental of air conditioning apparatus; water treating; air freshening; environmental remediation services, namely, contaminated soil treatment services

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Industrial oils and greases; industrial lubricants; dust absorbing and binding compositions; fuels, namely, gasoline and illuminants in the nature of lighting, namely, candles; candles and wicks for lighting; industrial oil; lubricating oil

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Unprocessed and semi-processed natural rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, firestopping and insulating materials; flexible pipes, tubes of plastic and hoses, not of metal; semi-processed plastics; plastics and resins in the form of sheets, rods, foils, blocks, tubes and films for use in further manufacturing; latex rubber for use in the manufacture of tires; latex rubber for use in the manufacture of medical gloves; packing, cushioning, stuffing materials of rubber or plastics; window stops of rubber; sealing materials; insulating materials; electrical insulating materials; thermal insulators; glass wool for insulation; soundproofing materials; junctions, not of metal, for flexible pipes; laminated plastic sheets for use in manufacture; paper for electrical capacitors; vacuum insulated materials for thermal insulation

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Footwear; trouser strap; children's wear; jackets; jogging pants; sweat pants; suits; skirts; ski jackets; ski pants; trousers; overcoats; topcoats; raincoats; cardigans; sweaters; vests and waistcoats; open-necked shirts; cuffs; sports shirts; blouses; polo shirts; shirts for suits; swimwear; swimming caps; tee-shirts; sleep masks; aprons being clothing; socks and stockings; scarves; gloves and mittens being clothing; neckties; neckerchiefs; bandanas being [neckerchiefs; body warmers; mufflers; ear muffs being clothing; headwear; sock suspenders; suspenders braces; waistbands; belts for clothing; rain boots; leather shoes; sandals being shoes; sneakers; boots; women's shoes; sports shoes; winter boots; infants' shoes and boots; anoraks; karate suits; sports overuniforms; kendo outfits; judo suits; ski suits for competition; headbands being clothing; wind-jackets; uniforms and stockings being special sportswear; wristbands as clothing; wetsuits for surfing; wetsuits for waterskiing; golf shoes; soccer shoes; ski boots; snowboarding shoes; gymnastic shoes; climbing boots being mountaineering boots; bowling shoes; boxing shoes; hockey shoes; baseball shoes; rugby boots; footwear for track and field athletics; horse-riding boots; hairdressing capes

International Classes 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

For Table cutlery; razors; electric shavers; electric razors; razor blades; blades for manually operated hand tools; blades for electric shavers; blades for electric clippers; blades for electric hair trimmers; electric hair clippers for personal use; electric hair clippers for commercial use; hair clippers for animals being hand instruments; electric beard trimmers; depilation appliances, electric and non-electric; fingernail polishers, electric and non-electric; manicure sets, electric and nonelectric; pedicure sets, electric and non-electric; tool belts for electric power tools; hair trimmers being hand operated tools; electric hair trimmers; electric ear hair trimmers; electric nasal hair trimmers; electric hair straightening irons; electric irons for styling hair; electric hair curling irons; eyelash curlers; electric hand implements for hair curling; electric flat irons; blades for electric

razors; electric nail files; replacement and structural parts and fittings for all the aforesaid goods

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Scientific laboratory and technological services and research and design relating thereto in the field of electronics and electrical engineering; industrial analysis and research services in the field of electronics and electrical engineering; design and development of computer hardware and software; computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; testing and research services relating to electric and electronic machines, apparatus and instruments; computer rental; providing temporary use of non-downloadable computer programs on online data computer networks in the field of image recognition, retrieval and management; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for remotely monitoring environment and condition and controlling devices within a building, facility and designated separate area; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for remotely controlling lighting devices within a building, facilities and designated separate area; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for the purpose of remotely monitoring and controlling electric appliance; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for displaying advertisement; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for proposing adequate operation candidate of electric appliance; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for use to connect and control internet of things (Iot) electronic devices; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for image processing used for mobile phones; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for accessing and using the internet; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for enabling access or entrance control; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for the processing and analysis of pattern recognition data using artificial intelligence and natural language processing; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for providing personal concierge services for others via a mobile phone, computer, tablet, smart phone, handheld computer, portable computer, namely, adding and accessing calendar appointments, alarms, timers, reminders and making restaurant, travel, and hotel reservations; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for personal information management; Providing computer programs on data networks, namely, providing temporary use of online non-downloadable software for providing consumer assistant for searching, locating and providing directions for the purchase, consumption and use of a wide range of consumer products, services and information over a global communications network; computer website design; hosting computer sites in the nature of websites of others on a computer server for a global computer network; updating of computer software; recovery of computer data; Computer-aided engineering services for others; hosting and maintaining the websites of others; file sharing services, namely, hosting a website featuring technology enabling users to upload, view and download electronic files; photo sharing services, namely, hosting a website featuring technology enabling users to upload, view, and download digital photos; providing non-downloadable computer software for use in digital image processing; providing non-downloadable computer software for browsing information on the internet; electronic data storage; rental of electronic data storage space on the internet; rental of web servers; providing meteorological information; technical

advice relating to operation of computers, automobiles and other machines, apparatus and instruments; testing and research services in the field of electricity; architectural design; Designing internet sites for others; cartography and mapping services; hosting a website featuring technology enabling users to upload and download electronic files; hosting a website featuring technology enabling users to edit photos, create photo albums and upload photos and photo albums; hosting a website featuring technology that enables online electronic conference systems via cloud computing; computer diagnostic services; providing computer systems for remote desktop solutions through cloud computing; computer system monitoring to detect breakdowns; computer system monitoring by remote access to ensure proper functioning; computer system monitoring for detecting unauthorized access or data breach; computer system design; computer software technical support services, namely, troubleshooting of computer software problems, and technical advice related to operation, management and control of computer systems and database, and backup of computer data; technical advice relating to equipment inspection; technical advice relating to information security diagnosis; technical advice relating to assessment of information security vulnerability; technical advice relating to data and information analysis; technical advice relating to cloud computing; technical advice relating to business information security and protection; technical advice relating to internet of things (IoT); technical advice relating to machine-to-machine (M2M) communication; technical advice relating to digital content distribution; technical advice relating to identification and authentication of persons; technical advice relating to billing in electronic commerce transactions; technical advice relating to remote video monitoring; technical advice relating to operation and control of plant factory systems; technical advice relating to operation and control of agricultural apparatus and systems; t technical advice relating to management and control of plant cultivation; technical advice relating to operation and control of water treatment systems; technical advice relating to monitoring of air contaminants and pollutants; technical advice relating to visualization and analysis of air flow; technical advice relating to operation and control of autonomous-driving vehicles; design, development and maintenance of computer software for remote access to computer terminals and networks; design, development and maintenance of computer software for scanning, detecting and eliminating of viruses, spyware and malware; design, development and maintenance of computer software for search, analysis and detection of security incidents and access logs; design, development and maintenance of computer software for assessment of information security vulnerability; design, development and maintenance of computer software for data and information analysis; design, development and maintenance of computer software for cloud computing; design, development and maintenance of computer software for sales management; design, development and maintenance of computer software for computer database searches; design, development and maintenance of computer software for providing storage, archiving, backup, and management of electronic data via network connection; design, development and maintenance of computer software for detecting and analyzing the presence of individuals or objects; design, development and maintenance of computer software for detecting and analyzing the location, staying time and moving route of individuals or objects; design, development and maintenance of computer software for computer file management; design, development and maintenance of computer software for VLC (visible light communications) for the transmission of electronic data, namely, video, music, image, text and sound; design, development and maintenance of computer software for internet of things (IoT); design, development and maintenance of computer software for machine-to-machine (M2M) communication; design, development and maintenance of computer software for video surveillance; design, development and maintenance of computer software for text-to-speech converting; design, development and maintenance of computer software for remote video monitoring; design, development and maintenance of computer software for management of customer information; design, development and maintenance of computer software for point-of-sales [POS] systems; design, development and maintenance of computer software for operation and control of plant

factory systems; software as a service [SaaS] services featuring software for programming, controlling and operating programmable controllers used in production lines; Software as a service (SAAS) services featuring software for processing images and graphics; Software as a service (SAAS) services featuring operating software for use with medical and beauty care apparatus; Software as a service (SAAS) services featuring software for use in the transmission of data and information; Software as a service (SAAS) services featuring software for use in customer relationship management; Software as a service (SAAS) services featuring software used to monitor and control factory manufacturing processes; Software as a service (SAAS) services featuring database management software for visible light communication; Software as a service (SAAS) services featuring database management software for location information; Software as a service (SAAS) services featuring software for energy management and monitoring; Software as a service (SAAS) services featuring software for use in ensuring security of internet access; Software as a service (SAAS) services featuring software for use in image recognition, sound recognition, voice recognition, internet security, transmission of data, data mining, data query, data analysis and visualizing data; Software as a service (SAAS) service featuring software for image recognition, retrieval and management; Software as a service (SAAS) featuring computer software for uploading, browsing, viewing, classifying, managing and sharing digital video, image or documents; Software as a service (SAAS) services, namely, hosting software for use by others in the field of information security and for the encryption, decryption and authentication of data, for digital certificate issuance, verification, and management, and for the verification and management of digital keys and credentials; Software as a service (SaaS) services featuring computer software for remote monitoring of the functioning and use of air conditioning apparatus, water heaters, lighting apparatus and freezing machines and apparatus; Software as a service (SaaS) services featuring computer software for enable connection to databases, computer networks and the Internet; Software as a service (SaaS) services featuring computer software for use in the field of VLC (visible light communications) for the transmission of electronic data, namely, video, music, image, text and sound; Software as a service (SaaS) services featuring computer software in the fields of cooking and household appliance use and operation downloadable software for home automation; Software as a service (SaaS) services featuring computer software for controlling household appliances; Software as a service (SaaS) services featuring computer software for use in controlling heat, moisture levels, and timing of cooking processes and parameters, including communicating various cooking instructions between computers, computer networks, and peripheral communications devices; Software as a service (SaaS) services featuring computer software for use in connection with cooking instruction; Software as a service (SaaS) services featuring computer software for mobile phones, namely, educational software featuring instruction in the field of catering, cookery, food and drink; Software as a service (SaaS) services featuring software for simulation of interior space design and planning; Software as a service (SaaS) services featuring software for simulation of lighting planning; Software as a service (SaaS) services featuring software for operation and control of water treatment systems; Software as a service (SaaS) services featuring software for monitoring air contaminants and pollutants; Software as a service (SaaS) services featuring software for visualization and analysis of air flow; software as a service [SaaS] featuring software for management and control of mobile computer or communication devices; software as a service [SaaS] featuring software for data storage management; software as a service [SaaS] featuring software for scanning, detecting and eliminating of viruses, spyware and malware; software as a service [SaaS] featuring software for data and information analysis; software as a service [SaaS] featuring software for cloud computing; software as a service [SaaS] featuring software for sales management; software as a service [SaaS] featuring software for client and customer management; software as a service [SaaS] featuring software for detecting and analyzing the presence of individuals or objects; software as a service [SaaS] featuring software for detecting and

analyzing the location, staying time and moving route of individuals or objects; software as a service [SaaS] featuring software for internet of things (IoT); software as a service [SaaS] featuring software for machine-to-machine (M2M) communication; software as a service [SaaS] featuring software for digital content distribution; software as a service [SaaS] featuring software for text-to-speech converting; software as a service [SaaS] featuring software for computerized production management; software as a service [SaaS] featuring software for remote video monitoring; software as a service [SaaS] featuring software for management of customer information; software as a service [SaaS] featuring software for point-of-sales [pos] systems; software as a service [SaaS] featuring software for virtual reality image processing; analysis of computer database performance; Platform as a service (PAAS) featuring computer software platforms for use in image recognition, sound recognition, voice recognition, internet security, transmission of data, data mining, data query, data analysis and visualizing data; Cloud computing featuring temporary use of non-downloadable software for use in image recognition, retrieval and management; Platform as a service (PAAS) services featuring a software platform for uploading, browsing, viewing, classifying, managing and sharing digital video, image or documents; Cloud computing featuring temporary use of non-downloadable software for database management, data analysis, document management, document analysis, video management, analysis; Computer services, namely, providing an online search engine for video, image, document and other data via the cloud database to view digital evidence and upload evidence, log events, bookmark and classify incidents captured in the foregoing files; Platform as a Service (PAAS) featuring non-downloadable software that enables users to request, share, upload, view, discover, and analyze data and information obtained from electronic devices; Cloud computing, namely, providing virtual computer systems and virtual computer environments through cloud computing; Application service provider featuring software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by electronic devices, systems; Application service provider featuring application programming interface (API) software with the function of integration of video content into websites, monitoring, automating and scheduling of smart devices and access to a cloud service solution, home and environmental monitoring, control, and automation; providing virtual computer systems and virtual computer environments through cloud computing; consultancy relating to cloud computing; digitization of documents being scanning; infrastructure as a service [IaaS], namely, providing hardware, data storage, servers, and data center space for others; technical support services, namely, technical server administration for others; design, development and hosting of computer databases; electronic storage of archived data; data security consultancy services related to computer hardware in the nature of firewalls; technical verification and validation of product operation; technical verification and validation of computer networks; technical verification and validation of computer systems; new product design services; technical analysis and evaluation of products of others; structural analysis and evaluation of buildings to determine conformity with certification standards other than for governmental regulatory purposes during construction; materials testing and analyzing; chemical testing, analysis and evaluation services; testing and analysis of network connection; consultancy relating to research and development of products; technical inspection services of computers; consultancy relating to design, programming and maintenance of computer software; creating web sites for others; rental of computer software; technical consultancy relating to the design of computer hardware, software and computer peripherals; computer technology consultancy; providing webhosting platforms on the internet for others for download music and picture; installation of computer software; design of telecommunication machines and apparatus and radio communication machines and apparatus, and consultancy relating to such design; design and development of computer hardware, software and databases; rental of memory space for servers on the internet; rental of computer servers; rental of measuring or testing machines and instruments; engineering relating to measuring or testing machines and instruments; design of measuring or testing machines and

instruments; design and development of navigation systems; architectural research; research on city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; conducting technical surveys on energy consumption and providing information thereof; consultancy and information in the field of energy saving and efficiency; surveying; architectural services; construction drafting; architectural consultation; providing information in the field of architectural design; geological surveys or research; design of building interiors and exteriors, namely, space planning, furniture selection, material and surface selection; monitoring of computer systems by remote access to ensure proper functioning; energy management and monitoring services and consultancy relating thereto; consulting services in the fields of energy consumption and usage conservation to improve energy efficiency; research and development of new products for others; design of digital contents featuring news, traffic and travel information, maps and entertainment

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys, metal ores; metal materials for building and construction, namely, metal tracks and rails for electric cable ducts; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware, namely, high security locks; safes; metal containers for storage or transport; metal building materials, namely, awnings of metal; welding wires of metal; tracks being rails of metal; handrails of metal; doors of metal; staircases of metal; wall boards being panels of metal; door frames of metal; windows of metal; window frames of metal; partitions of metal for building; floors of metal; steel plates and sheets; roof coverings of metal; posts of metal; metal posts for gates; gutters of metal; chutes of metal for building purposes, namely, chutes for moving trash; letter boxes of metal; roofing of metal; steel poles; poles of metal; poles of metal for power lines; poles of metal for laundry; storage boxes of metal for general use; metal storage boxes for home delivery services; bathroom handrail of metal; step stools of metal; towel hooks of metal; bicycle locks; transport and storage containers of metal; replacement and structural parts and fittings for all the aforesaid goods

For 3D spectacles; DVD players; coin-operated musical automata in the nature of juke boxes; fire engines; answering machines; electrical adapters; batteries for electronic cigarettes; accumulators, electric; accumulators, electric, for vehicles; accelerometers; actinometers; alidades; altimeters; ammeters; anemometers; anodes; antennas; anticathodes; apertometers; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; sound recording apparatus; Global Positioning System (GPS) apparatus; distillation apparatus for scientific purposes; diffraction apparatus, namely, microscopes; air analysis apparatus; sound transmitting apparatus; apparatus for fermentation for laboratory use; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration, for underwater swimming; apparatus and installations for the production of X-rays, not for medical purposes; cash registers; electric apparatus for commutation in the nature of handheld computers for running mobile applications for travelers with built-in chat; magnetic resonance imaging (MRI) apparatus, not for medical purposes; intercommunication apparatus in the nature of handheld computers for running mobile applications for travelers with built-in chat; stills for laboratory experiments; projection apparatus, namely, projection screens; fire extinguishing apparatus; X-ray apparatus not for medical purposes; blueprinting machines; flashing lights, namely, luminous traffic signals; stereoscopic apparatus, namely, stereoscopes; telephone apparatus; facsimile machines; phototelegraphy apparatus; acid hydrometers; salinometers; acidimeters for batteries;

aerometers; beacons, luminous; battery jars; barometers; anode batteries; galvanic batteries; batteries for lighting; solar batteries; solar panels for the production of electricity; batteries, electric; balances; betatrons; binoculars; electronic tags for goods; lens hoods; magnetic tape units for computers; computer memory devices; fire hose nozzles; encoded identification bracelets, magnetic; safety tarpaulins; electronic key fobs being remote control apparatus; bullet-proof clothing; signalling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; electrolysers; variometers; verniers; scales; baby scales; bathroom scales; letter scales; weighbridges; precision balances; scales with body mass analysers; levelling staffs in the nature of surveying instruments; camcorders; video baby monitors; blank video cassettes; video telephones; video screens; viewfinders, photographic; micrometer screws for optical instruments; viscosimeters; electric circuit closers; wavemeters; voltmeters; mechanical signs; signs, luminous; switchboxes; current rectifiers; gas testing instruments; gasometers; galvanometers; hands-free kits for telephones; heliographic apparatus; hygrometers; hydrometers; test weights; magnifying peepholes for doors; hologram apparatus; plotters; plumb bobs; range finders for cameras; densimeters; densitometers not for medical use; smoke detectors; infrared detectors; counterfeit coin detectors; joysticks for use with computers, other than for video games; photographic transparencies; slide projectors; diaphragms for photography; dictating machines; dynamometers; light-emitting diodes (LED); blank floppy disks; blank sound recording discs; blank disks, magnetic; blank optical discs; circular slide rules; disk drives for computers; juke boxes for computers; wearable video display monitors; electronic numeric displays; DNA chips; electronic interactive whiteboards; electronic notice boards; electric wire harnesses for automobiles; bullet-proof waistcoats; life jackets; reflective safety vests; identification threads for electric wires; nose clips for divers and swimmers; locks, electric; warning bells; alarm bells, electric; electric door bells; signal bells; audio interfaces; acoustic conduits; mirrors for inspecting work; road signs, luminous or mechanical; marine depth finders; probes for scientific purposes; electric buzzers; needles for surveying compasses; needles for record players; eyewear; reflective articles for wear in the nature of clothing, for the prevention of accidents; pressure measuring apparatus; simulators for the steering and control of vehicles; inverters; pressure indicators; temperature indicators; incubators for bacteria culture; surveying instruments; azimuth instruments; interfaces for computers; ionization apparatus for scientific or laboratory use, not for the treatment of air or water; satellite finder meters; coaxial cables; fiber optic cables; cables, electric; laboratory equipment and supplies, namely, calipers; slide calipers; screw-tapping gauges; calorimeters; calculating machines; pocket calculators; decompression chambers; rearview cameras for vehicles; cinematographic cameras; thermal imaging cameras; mouth guards for sports; life-saving capsules for natural disasters; electronic pens; holders for electric coils; identity cards, magnetic; video game cartridges; toner cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; riding helmets; protective helmets; carriers for photography dark plates; cathodes; spools for photography; choking coils for use in electrical apparatus; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; solenoid valves; wire connectors; thin client computers; encoded key cards; electronic book readers; electronic agendas; warning bell parts, namely, push buttons for bells; magnetic encoders; visors for helmets; smart rings; ring sizers; protective suits for aviators; commutators; blank compact discs; comparators; marine compasses; computers; laptop computers; tablet computers; notebook computers; wearable computers; condensers; contacts, electric; wind socks for indicating wind direction; safety traffic cones; branch boxes, namely, electrical connection boxes; distribution boxes for electrical power; electric junction boxes; battery boxes; cabinets for loudspeakers; diving suits; galena crystals detectors for use in electronics; covers for electric outlets; lasers, not for medical purposes; lactodensimeters; lactometers; vacuum tubes for radios; photography darkroom lamps; thermionic tubes; tube amplifiers; flashlights for use in photography; head cleaning tapes for video recorders; blank magnetic tapes for tape recorders;

blank videotapes; surveying chains; safety equipment, namely, fire escapes ladders; measuring rulers; square rulers for measuring; slide-rules; contact lenses; correcting optical lenses; optical lenses; optical condensers; electricity conduits; measuring spoons; magnifying glasses; thread counters; magnets; decorative magnets; close-up lenses; crash test dummies; resuscitation mannequins; pressure gauges; security token hardware; divers' masks; solderers' helmets; protective masks; respiratory masks, other than for artificial respiration, for non-medical purposes; materials for electricity mains, namely, electric wires and cables; voting machines; money counting and sorting machines; furniture especially made for laboratories; megaphones; portable media players; metal detectors for industrial or military purposes; digital weather station instruments; metronomes; measuring rules; carpenters' rules; dressmakers' measuring rules; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; shutter releases; micrometers; microprocessors; microscopes; microtomes; microphones; audio mixers; modems; lightning rods; computer monitors; selfie sticks, namely, hand-held monopods; electric terminal boxes; junction sleeves for electric cables; teeth protectors, namely, mouth guards for athletic use; temperature indicator labels, not for medical purposes; knee-pads for workers; headphones; surveyors' levels; sound recording carriers in the nature of blank magnetic carriers; magnetic data media in the nature of blank magnetic data carriers; optical data media in the nature of blank magnetic data carriers; electronic sheet music, downloadable; computer software, recorded, for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; microscope objectives; lenses for astrophotography; selfie camera lenses; egg-candlers; fire extinguishers; rescue laser signalling flares; electrified fences; electricity limiters; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; protective clothing especially made for laboratories; ozonisers ; octants; protective eyepieces; ohmmeters; wrist rests for use with computers; eyeglass frames; oscillographs; plumb lines; signal mirrors ; eyeglasses; sunglasses; goggles for sports; electronic collars to train animals; finger sizers; signalling panels, namely, luminous and mechanical signs; radio pagers; pince-nez; electronic pocket translators; transmitters, telecommunication; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; furnaces for laboratory use; pyrometers; planimeters; surveying instruments, namely, plane tables; plates for batteries; computer software platforms, recorded and downloadable, for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; protective films adapted for computer screens; protective films adapted for smartphones; sound recording strips, namely, sound recording apparatus; X-ray films, exposed; camera films, exposed; life-saving rafts; laboratory trays; digital signs; semi-conductors; polarimeters; personal digital assistants (PDA); fire pumps; measuring glassware; life belts; fuses; circuit breakers; converters, electric; telerupters being electromechanical relays; food analysis apparatus, namely, diagnostic apparatus for testing food, not for medical purposes; distance recording apparatus; distance measuring apparatus; speed measuring apparatus for photography; appliances for measuring the thickness of leather; apparatus for measuring the thickness of animal skins; speed checking apparatus for vehicles, namely, speed indicators; teaching apparatus in the nature of handheld computers for running mobile applications for travelers; time recording apparatus; weighing apparatus and instruments; nautical apparatus and instruments in the nature of handheld computers for running mobile applications for travelers; navigational instruments in the nature of handheld computers for running mobile applications for travelers; boiler control instruments; meteorological instruments; navigation apparatus for vehicles; satellite navigational apparatus for vehicles; audio-

and video-receivers; prisms; computer software applications, downloadable, for mobile applications for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; printers for use with computers; retorts' stands for laboratory use; apparatus for changing record player needles; drainers for use in photography; cleaning apparatus for sound recording discs; fire beaters in the nature of fire blankets and extinguishers; telescopic sights for firearms; telescopic sights for artillery; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; computer programs, recorded, for mobile applications for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; computer operating programs, recorded; computer screen saver software, recorded and downloadable; record players; processors, namely, central processing units; rods for water diviners; electricity distribution consoles; electric control panels; radar apparatus; masts for wireless aerials; transmitting sets, namely, telecommunications transmitters; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; projection screens for photoengraving; flowmeters; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; stage lighting voltage regulators; speed regulators for record players; electric cell switches; washing trays for photography; marking gauges for joinery purposes; T-squares for measuring; time switches, automatic; relays, electric; X-ray photographs, other than for medical purposes; rheostats; respirators for filtering air; laboratory glassware, namely, retorts; refractometers; luminaire refractors; grids for batteries; security surveillance robots; laboratory robots; teaching robots; humanoid robots with artificial intelligence; speaking tubes; horns for loudspeakers; subwoofers; saccharometers; optical fibers; traffic-light apparatus; dog whistles; signalling whistles; sports whistles; sextants; electrical inductors; safety nets; nets for protection against accidents; fire alarms; railway signals, luminous or mechanical; sirens; electronic access control systems for interlocking doors; hand-held electronic dictionaries; blank integrated circuit cards; smartglasses; smartphones; smartwatches; connections for electric lines; couplings, electric; sonars; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents in the nature of handheld computers for running mobile applications for travelers; audiovisual teaching apparatus in the nature of handheld computers for running mobile applications for travelers; charging stations for electric vehicles; radiotelegraphy sets; radiotelephony sets; spectacle lenses; anti-glare glasses; optical glasses; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfitometers; bags adapted for laptops; drying racks for photography; spherometers; integrated circuits; printed circuits; thread counters; parking meters; kilometer recorders for vehicles; abacuses; egg timers; taximeters; ear plugs for divers; tachometers; television apparatus for projection purposes; telegraphs; telescopes; teleprompters; teleprinters; cordless telephones; cellular phones; theodolites; interactive touch screen terminals; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; laboratory equipment, namely, crucibles (laboratory); tone arms for record players; transistors; transponders; protractors; transformers; step-up transformers; resuscitation training simulators; vehicle breakdown warning triangles; triodes; battery starter cables for motors; discharge tubes, electric, other than for lighting; laboratory glassware, namely, capillary tubes; neon signs; Pitot tubes; X-ray tubes not for medical purposes; telephone receivers; squares for measuring; depth gauges; quantity indicators; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; slope indicators; level indicators; mercury level indicators; spirit levels; urinometers; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; baby monitors; steering apparatus, automatic, for vehicles, in the nature of on-board computers; balancing apparatus, namely,

balances; video recorders; sound reproduction apparatus; invoicing machines; tape recorders; data processing apparatus; theft prevention installations, electric, namely, theft alarms; film cutting apparatus, namely, apparatus for viewing cinematographic film when editing to determine the best cut-point; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies; dosage dispensers, namely, machines for dispensing pre-determined dosages of medication; battery chargers; chargers for electric batteries; chargers for electronic cigarettes; acoustic alarms; apparatus for editing cinematographic film; data processing equipment, namely, couplers; anti-theft warning apparatus, namely, alarms, not for vehicles; computer peripheral devices; demagnetizers for magnetic tapes; acoustic couplers; sound alarms; fog signals, non-explosive; whistle alarms; adding machines; photocopiers; electric and electronic effects units for musical instruments; bar code readers; downloadable music files; video disks and video tapes with recorded animated cartoons; filters for non-medical respiratory masks; filters for ultraviolet rays, for photography; blank USB flash drives; magic lanterns; optical lamps; signal lanterns in the nature of railway signals; cameras; glazing apparatus for photographic prints; shutters; photography darkroom lamps; photometers; flash-bulbs; digital photo frames; photograph enlarging apparatus; photovoltaic cells; containers for contact lenses; eyeglass cases; containers for microscope slides; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; time recording apparatus; laboratory centrifuges; eyeglass chains; cyclotrons; compasses for measuring; frequency meters; time clocks; petri dishes; sleeves for laptops; covers for personal digital assistants (PDAs); covers for tablet computers; covers for smartphones; fire blankets; chips in the nature of integrated circuits; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos safety screens for firemen; fire hose; virtual reality headsets; protective helmets for sports; head guards for sports; snorkels; cell phone straps; eyeglass cords; tripods for cameras; switchboards; distribution boards, namely, electric circuit boards; equalizers being audio apparatus; workmen's protective face-shields; projection screens; radiology screens for industrial purposes, namely, protective shields against radiation; fluorescent screens; exposure meters for photographic devices; electrical ducts; galvanic cells; downloadable graphics for mobile phones; epidiascopes; ergometers not for medical purposes; armatures for use in electrical apparatus; electronic black boxes for recording data; electric plugs; woofers; loudspeakers with built-in amplifiers; electronic cash registers; mouse pads; blank compact discs; mouse; laboratory pipettes; measuring rulers for marking hemlines; computer game software, recorded; computer game software, downloadable; downloadable computer game programs; computer programs, downloadable, for mobile applications for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; light dimmers, electric; electric sockets; scanners; plug connectors; automatic indicators of low pressure in vehicle tires; wearable activity trackers; optical readers; downloadable ring tones for mobile phones; filters for use in photography; screens for use in photography; shoes for protection against accidents, irradiation and fire

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Water analysis; computer system analysis; handwriting analysis; chemical analysis; energy auditing; recovery of computer data; industrial design; graphic arts design; computer virus protection services; oil-field surveys; geological surveys; engineering; installation of computer software; meteorological information; conducting clinical trials for others; material testing; textile testing; bacteriological research; biological research; geological research; research in the field of environmental protection; cosmetic research; mechanical research; chemical research; research and development of new products for others; scientific research; analysis for oil-field exploitation; underwater exploration; calibration; web site design consultancy;

computer security consultancy; information technology (IT) consultancy; consultancy in the design and development of computer hardware; architectural consultancy; internet security consultancy; computer software consultancy; data security consultancy; technological consultancy in the technology field of mobile applications for travelers; oil-well testing; quality control for others; vehicle roadworthiness testing; land surveying; dress designing; updating of computer software; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems by remote access to ensure proper functioning; software as a service (SaaS) services featuring software for mobile applications for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; maintenance of computer software; authenticating works of art; design of interior decor; quality evaluation of standing timber; quality evaluation of wool; digitization of documents; conversion of data or documents from physical to electronic media; urban planning; providing search engines for the internet; conversion of computer programs and data, other than physical conversion; conducting of feasibility studies in the field of new technologies; computer system design; rental of web servers; computer rental; rental of computer software; unlocking of mobile phones; geological prospecting; oil prospecting; hosting the web sites of others on a computer server for a global computer network; construction drafting; computer software design; software development in the framework of software publishing; cloud seeding; server hosting; creating and designing website-based indexes of information for others using information technology; creating and maintaining web sites for others; computer programming; technical writing; copying of computer programs; cloud computing featuring on-line non-downloadable software for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; architectural services; chemistry services, namely, research in the field of chemistry; outsource service providers in the field of information technology; packaging design; off-site data backup; computer technology consultancy; telecommunications technology consultancy; scientific laboratory services; weather forecasting; styling, namely, industrial design; cartography services; data encryption services; electronic data storage; surveying; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; interior design; providing information on computer technology and programming via a web site; provision of scientific information, advice and consultancy in relation to carbon offsetting; platform as a service (PaaS) featuring computer software for travelers for searching, locating and booking transport, temporary accommodation, entertainment, health care services, medical insurance, and other travel related services; research in the field of physics; geological exploration, namely, geological prospecting

CASE IDENTIFIERS

Serial Number 79266652 **Application Filing Date** Mar. 28, 2019 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** Jul. 21, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of the wording "ANTON" in stylized font. **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1485755 **International Registration Date** Mar. 28, 2019

GOODS AND SERVICES INFORMATION

For Storage devices for use in vehicles, namely, storage bins specially adapted for vehicles; storage devices for luggage compartments of vehicles, namely storage bins specially adapted for vehicles; vehicle tow bars; reversing sound alarms for vehicles; reversing alarm transmitters utilising ultrasonics for use on vehicles, being parts for backup warning alarm for vehicles; trash containers adapted for use in vehicles; fitted liners for the cargo area of vehicles; tumbler holders adapted for use in motor vehicles; rearview mirrors for interior fitting; external cargo load carriers for vehicles; children's car seats; auto accessories, namely, anti-static strips for vehicles; structural parts for automobiles; covers for vehicle steering wheels; anti-theft, security and safety devices and equipment for vehicles, namely, burglar alarms; roof racks; roof rack storage cases for vehicles; interior trim parts of automobiles; vanity mirrors for vehicles; vehicles and conveyances, namely, trucks and trailers; articulated transmissions for land vehicles; luggage nets for vehicles; mud flap holders; glass beverage container holders for vehicles; cup holders for use in vehicles; protective interiors for vehicles, namely, fitted rubber protective sheets for automobile seats; body panels for trucks and SUVs; railway carriage body parts; automobiles and structural parts therefor; land vehicles and conveyances, namely motorcycles and trailers; steering wheel locks; steering wheel covers; license plate holders; hub caps; ornamental wheel covers for vehicles; valves for vehicle tyres; tyre repair outfits consisting of tire inner tubes, tire repair patches; reversing alarms for vehicles; reversing alarm devices for motor vehicles, namely backup beepers; valve stems for vehicle tires; rearview mirrors; spray prevention flaps for vehicles; sunshine roofs for vehicles; windshield wipers; headlight wipers; gear shifts; fitted seat covers for vehicles; shaped protecting covers for vehicles; auto accessories, namely, protective strips for vehicle bodies, protecting strips for vehicle doors; side view mirrors for vehicles; sun shields and visors for motor cars; vehicle bumpers; bodywork parts for motor vehicles; fitted covers for vehicles; air deflectors for vehicles, namely spoilers; cigar lighters for automobiles; automotive interior trim

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Administrative data processing; computerized file management; auctioneering services; business data analysis, research and information services; wholesale and retail store services featuring electronic devices; wholesale and retail store services featuring parts and accessories for vehicles; wholesale and retail store services featuring scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, supervision and checking, life-saving and teaching apparatus and instruments; wholesale and retail store services featuring apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; wholesale and retail store services featuring apparatus for recording, transmission or reproduction of sound or images; wholesale and retail store services featuring magnetic data carriers, recording discs, compact discs, DVDs and laser discs; wholesale and retail store services featuring hardware for data processing, computers, computer software; wholesale and retail store services featuring fire extinguishers; wholesale and retail store services featuring sporting goods; providing commercial information to consumers about the automotive industry; online ordering services featuring automobiles, automotive parts; on-line advertising and marketing services; arranging and conducting of auctions and reverse auctions via computer and telecommunication networks; product demonstrations and product merchandising display services for others; negotiation and conclusion of commercial transactions for third parties via telecommunication systems; publicity and sales promotion services; demonstration of goods and services by electronic means, also for the benefit of the so-called teleshopping and homeshopping services; advertising, marketing and promotional services

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers, recording discs; blank compact discs; blank DVDs; data processing equipment; fire extinguishers; remote monitoring apparatus for measuring battery performance; data processing apparatus; distance sensors, not for medical use; cell phone battery chargers for use in vehicles; acoustic alarms; alarms and warning equipment, namely, alarm sensors horns and bells; peripherals adapted for use with computers; aerial amplifiers; antennas and aerials as components of a sound system; antennas and aerials as communications apparatus; mounting racks for telecommunications hardware; mounts adapted for mobile phones; television receivers; display, film and video devices, namely, television monitors and DVD players; electronic apparatus, namely, plasma display panels; audiovisual apparatus, namely, audiovisual receivers; audio amplifiers; audio devices, namely, audio receivers; radio receivers; dashboard mounts for mobile phones; dashboard mounts for navigation devices; dashboard cameras; car aerials; audio speakers for automobiles; automatic fire extinguishing apparatus; car telephone installations, namely, telephone sets; in-car telephone handset cradles; baby monitors; motion sensor; remote motion controllers for use with vehicles; flat panel display screens; on-board computers for the purpose of aiding the navigation of a vehicle; computer interface apparatus; sensors to measure distance for the purpose of preventing vehicle impact; infrared detection apparatus; encryption apparatus, namely, electronic coding units; electronic and mechanical data processing equipment and accessories, namely, couplings, memories; data storage devices, namely, blank USB flash drives; mobile data terminals; anti-theft alarm apparatus, namely, burglar alarms; anti-theft alarm apparatus, other than for vehicles, namely, personal security alarms; automatic pressure control machines and instruments; pressure measuring apparatus; wireless communication apparatus for voice, data, and image transmission; docking stations for smartphones; tablet docking stations; docking stations for mp3 players; mobile phone docking stations; laptop docking stations; docking stations for digital music players; display modules for mobile phones, namely, electronic display interfaces; pressure measuring apparatus, other than for medical use; burglar alarms; electric

connection units; electric and electronic control modules for controlling electric current and electric signals; electric and electronic information storage apparatus, namely, blank discs for computers; electrical test apparatus, namely, pulse generators for testing electric current; electric smoke sensors; electric locks for vehicles; electrical radio transmitters; electrical signalling apparatus, namely, luminous traffic signals; electric circuit interrupters, namely, circuit breakers; electroacoustic amplifiers; electrical access control apparatus, namely, electronic readers and controllers for controlling access to a premises; electrical amplifiers; electronic variable speed units, namely, speed indicators; electronic animal identification apparatus; electronic load modules, namely, load banks; electronic GPS tracking apparatus and instruments; electronic keys for automobiles, namely, electronic key fobs being remote control apparatus; electronic monitoring instruments for monitoring electric current, other than for medical use; electronic surveillance apparatus, namely, electronic security tags; remote controls for televisions; sirens for vehicles; vehicle GPS tracking apparatus; electronic external memories for cellphones; remote control telemetering apparatus; fire extinguishing apparatus for automobiles; hands-free kits for telephones; hands-free holders for cell phones; hands-free microphones for cell phones; devices for hands-free use of mobile phones; mounting devices for cameras; holders adapted for mobile phones, namely, mobile phone cases; tablet holders adapted for use in cars, namely, mounts for tablets; stands adapted for tablet computers; instruments for indicating directions, namely, directional compasses; information technology and audio-visual, multimedia and photographic devices, namely, laptop computers, film projectors, and infrared cameras; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; communications equipment, namely, cordless telephones; chargers for batteries in laptop computers; mobile phone speakers; audio speakers for vehicles; measuring, speed detecting and monitoring instruments, indicators and controllers, namely, speedometers; mobile telephones for use in vehicles; navigation, guidance, tracking, targeting and map making devices, namely, car navigation computers; optical devices, enhancers and correctors, namely, eye pieces for helmet mounted displays; personal whistle alarms; photosensors for measuring light, not for medical use; photocells; power supply connectors and adaptors for use with portable electronic devices; electronic programmable power controllers; smoke detectors; automotive testing and quality control devices, namely, transmission testing and brake testing equipment; tyre-pressure measurers; tyre-pressure measuring devices; tyre monitoring apparatus, namely, electronic devices for activating and resetting tyre pressure monitoring system sensors; tire tread depth gauges; travel adaptors for electric plugs; survival fire blankets; life jackets; life saving apparatus and equipment, namely, life saving rafts; cases for smartphones; satellite navigational apparatus; satellite communication apparatus to transmit communications from a vehicle to another vehicle, or from a vehicle to a satellite; broadcasting equipment, namely, car broadcasting tuners; protective and safety equipment, namely, safety eyewear; temperature sensors and detectors; safety, security, protection and signalling devices, namely, signal whistles; signalling apparatus, namely, signal processors; sirens; jump start cables; computer storage devices, namely, blank flash drives; memory card readers; voltage controllers and regulators; road vehicle breakdown warning lamps; computer keyboards; power supplies for smartphones; electricity measuring instruments, namely, clamp meters; parts and fittings for musical juke boxes; parts and fittings for video phones; temperature measuring instruments, namely, thermometers not for medical use; ultrasonic transducers; monitoring instruments, namely, electronic tyre pressure monitors; camcorders; video screens; vehicle breakdown warning triangles; rechargeable power storage devices for external power supply of electrical consumers, namely, solar-powered rechargeable batteries; processors, namely, central processing units; electronic access control installations, namely, electronic readers and controllers for controlling access to a premises

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the stylized black lettering "AGOF"; to the left of the lettering appears a light blue square with rounded corners, inside of which appears four vertical white rounded rectangles of varying heights. **Color Drawing** Yes **Color Claimed** The color(s) black, light blue and white is/are claimed as a feature of the mark. **Color Location** Text agof in black, abstract bar chart in light blue (background) and white (bar).

RELATED PROPERTIES INFORMATION

International Registration 1486181 **International Registration Date** May 21, 2019

GOODS AND SERVICES INFORMATION

For education services, namely, providing classes, seminars in the field of advertising, marketing, communication, business, and journalism; providing of training, namely training in the field of advertising, marketing communication, business, and journalism; conducting training events in the field of advertising, marketing communication, business, and journalism; conducting of educational events and cultural events in the nature of exhibitions in the field of advertising, marketing, communication, business, and journalism; arranging and conducting of educational conferences, congresses, concerts and symposiums, seminars, training courses, instructional and lecture events in the field of advertising, marketing, communication, business, and journalism; publication of printed matter, in particular newspapers, magazines and books, and instructional, teaching and information material, all of the aforesaid including publications in the form of recorded audio and image information, including in electronic form and including on the internet; online publishing of non-downloadable works, in particular of electronic books and periodicals

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For marketing services; advertising services; market research, in particular by means of the online surveying of data from particular test groups comprised of individuals and/or households at various points in time, on the basis of the same variables utilizing panel analysis and by means of data analysis; market research, in particular by means of the compilation and analysis of statistics and investigations; systemization of information into computer databases; compilation of information into

computer databases; maintenance of data in computer databases; computerised word processing; data management for use in the fields of marketing strategy development and marketing research, for others; data management in databases and on the internet for use for marketing for others; creating and updating of collation and evaluation methods for market research; statistical information; providing market research data via the internet; market opinion polling studies; compilation of statistics; web indexing for commercial or advertising purposes; market studies

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For telecommunications, namely digital communications services; providing of access to the internet; providing access to databases; videoconferencing services; wireless telecommunications through electronic transmission of data, sound, messages, images, information and documents via the internet; providing access to online computer databases; providing access to electronic publications on the internet; providing access to information on the internet and on the mobile internet, in particular access to downloadable files, namely sound, image, music and video recordings, all the aforesaid files in particular for downloading for mobile telephones and other mobile terminals; providing internet chatrooms; electronic exchange of messages via chat lines, chatrooms and internet forums; telecommunications in the nature of message sending via online blogs

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For research services in the field of information and telecommunications technology; scientific research in the field of social science and marketing; providing online non-downloadable computer programs for managing data networks; scientific investigations and scientific research for social science purposes in databases and on the internet for others; computer programming; maintenance and updating of computer software; research and development in the field of data processing

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Horologic instruments, namely, watches; watch parts and fittings therefor; watches

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Medical and veterinary apparatus and instruments, namely, surgical apparatus and instruments for medical or veterinary use; patient monitoring sensors and alarms; apparatus and instruments for monitoring purposes for medical or veterinary use, namely, patient monitoring sensors and alarms; medical apparatus or instruments for monitoring physical well-being, namely, patient monitoring sensors and alarms; heart monitors; sphygmomanometers; oxygen measuring apparatus in the nature of oxygen monitors for medical use; carbon dioxide measuring apparatus, namely, medical device in the nature of carbon dioxide indicators

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

For Photographic apparatus and instruments, namely, satellite cameras; cinematographic machines and apparatus; optical apparatus and instruments, namely, optical ports for satellite photography; weighing apparatus and instruments; nautical apparatus and instruments, namely, nautical and photographic apparatus and instruments in the nature of underwater housings for cameras, underwater enclosures for cameras and underwater enclosures for photographic lenses; surveying apparatus and instruments; measuring apparatus and instruments, namely, laser distance meters; checking and supervision apparatus and instruments, namely, apparatus for checking flight parameters; signaling apparatus and instruments, namely, scientific apparatus in the nature of sensing and signaling devices for measurement and quality control of materials processing by laser; lifesaving apparatus and instruments, namely, life-saving rafts; scientific apparatus and instruments, namely, proximity sensors; teaching apparatus and instruments, namely, teaching robots; apparatus and instruments for controlling electricity, namely, satellites; apparatus and instruments for accumulating electricity, namely, electric accumulators; apparatus and instruments for switching electricity, namely, switches; apparatus and instruments for transforming electricity; apparatus and

instruments for regulating electricity; apparatus and instruments for conducting electricity, namely, apparatus and instruments for conveying electrical current; apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers, blank recordable DVDs and other blank digital recording media in the nature of blank diskettes; calculating machines and data processing equipment; downloadable computer software for data processing; computers for data processing; downloadable computer software for data management; apparatus, instruments, and devices for recording, storing, transmitting or reproducing data, sound, images, or video; navigation apparatus and instruments, namely, electronic navigational and positioning apparatus and instruments; communications apparatus and instruments, namely, aeronautical radio communication machines and apparatus; apparatus or instruments for navigational purposes being adapted for use in global positioning systems (GPS) or being adapted for use in satellite navigation, namely, satellite and microwave communications apparatus to transmit communications from a vehicle to another vehicle, or from a vehicle to a satellite; navigational apparatus or instruments, namely, electronic navigational and positioning apparatus and instruments; Electronic navigation and positioning equipment, in particular electronic and computer instruments for the accurate determination of geographic locations of air vehicles, marine vessels, land vehicles and human beings; Global positioning system (GPS) apparatus, namely, electronic and computer instruments for surveying, mapping, marine tracking and navigation, aviation navigation and tracking, land vehicles tracking and navigation, and human being tracking and navigation; global positioning system (GPS) apparatus, namely, GPS sensors, receivers, and transmitters; downloadable computer global positioning system (GPS) software; global positioning systems hardware and downloadable computer global positioning system (GPS) software; downloadable computer software for wireless communications global positioning systems and computer hardware for use with global positioning system (GPS); apparatus or instruments for location or identification purposes, namely, global positioning system (GPS) apparatus; computers; data-processing apparatus and instruments; apparatus or instruments for use in avionics, namely, avionic sensor systems in the nature of navigation systems; GPS navigation device, namely, portable and panel mounted electronic navigation instruments for use in navigating an aircraft; primary flight displays and multi-function flight displays, namely, transparent electronic displays for providing consumers with navigational and operational information; Electric navigational instruments, namely, electronic instruments for determining and outputting position and speed; navigation apparatus in the form of global satellite-based positioning systems; apparatus or instruments for measuring or calculating distance; data-processing apparatus and instruments incorporating a time keeping or time measuring function; emergency signal transmitters for emergency response purposes; apparatus, instruments or devices in the form of an emergency notification system comprised of a data processor and a user input device for connecting the data processor to an emergency response entity through a communication network and allowing audio and data communication between the processor and the entity, all for use in providing an emergency call system for human beings; power meters for use in sporting activities, namely, radio-frequency power meters; smart watches incorporating global positioning systems (GPS), altimeters, barometers, and directional compasses

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Home security alarm monitoring services; medical alarm monitoring services; emergency response alarm monitoring services, namely, monitoring of alert devices by a remote monitoring center for the dispatch of emergency public health and security services and notification to third parties; remote monitoring emergency alarms and dispatching emergency personnel to respond to alarms; provision of medical alarm monitoring services; emergency response alarm monitoring services in the nature of monitoring of alert devices by a remote monitoring center for the dispatch of emergency public health and security

services and notification to third parties, namely, monitoring of GNS (global navigation systems) based sensors and alarm devices in the nature of surveillance services relating to the physical safety of persons; advisory and consultancy services relating to all the aforesaid services

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication services, namely, telecommunication access services; services in the field of information technology in the form of transmitting voice, data, images, sound, video and information via worldwide communications networks, namely, electronic data transmission services in the field of information technology; telecommunication access services, namely, the provision of access to a global communications network; electronic data transmission services, namely, transmission of the location of a global navigation systems (GNS) user, to others, via telecommunications and worldwide communications networks; telecommunications access services; electronic data transmission services, namely, transmission of voice, data, images, audio, video, messages and information via telephone and global communications networks; satellite transmissions of messages and data for navigation by air; telecommunication services in the nature of transmission of electronic voice and data communications in the field of air traffic control, aeronautical and aircraft navigation, aeronautical telecommunications, and aeronautical information

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Research and development of technology in the field of satellite radio navigation; weather forecasting; hosting of websites for the providing of information in relation to global positioning systems or in relation to satellite navigation, namely, application service provider services in the nature of hosting the web sites of others in the fields of global positioning systems and satellite navigation; hosting of digital content on the Internet for others, namely, online hosting of personal information in the fields of fitness, training, and personal global navigation systems (GNS) and mapping data; advice and consultancy services in connection with all the aforesaid services

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

CASE IDENTIFIERS

Serial Number 79275424 **Application Filing Date** Jul. 30, 2019 **Register** Principal **Mark Type** Trademark **Publication Date** Jul. 21, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a yellow rectangle outlined in red with a black line in the middle of the border and a black and white dot on the top center of the border. Inside the rectangle, side upper left, there is a woodpecker vertically placed on the trunk of an oak. The woodpecker colored in yellow, green, black, gray, brown and white and with a red tuft on its head. The woodpecker is represented turned on the left side, and the beak and the legs are placed on a black and white trunk. In the lower side of the rectangle there is the word "il picchio", written in red and in cursive. On the bottom there is a fantasy logo composed by the letters "p" and "q" in stylized and golden characters and outlined in brown. These letters are crossed and are both crossed by a branch of oak leaves in red, yellow and black, with some nuts in the center in red, yellow and black. In the lower side there is a banner design in brown and white and outlined in brown, inside of which appears the word "serbolino," in red. **Color Drawing** Yes **Color Claimed** The color(s) yellow, red, black, gray, brown, white, green and gold is/are claimed as a feature of the mark. **Translation** The English translation of "IL PICCHIO" in the mark is "WOODPECKER".

GOODS AND SERVICES INFORMATION

For Games and playthings, namely, board games, toy action figures, play balls; card games; gymnastic and sporting articles, namely, balance beams, springboards, starting blocks for sports; crossbows as sporting apparatus; arrows for shooting bows and crossbows; cases in the form of quivers for sports implements; quivers for crossbow arrows; bows for archery; bowstrings; equipment for shooting bows and crossbows, namely, archery bows, open bow sights for archery, shooting rests for use with crossbows; archery equipment, namely, gloves, arm guards, and finger spacers being finger tabs for shooting bows and crossbows; archery equipment, namely, non-telescopic bow sights for shooting bows and crossbows

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Crossbows as weapons

International Classes 13 - Primary Classes **US Classes** 2, 9 **International Class Title** Firearms

For Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, supervising, life-saving and teaching apparatus and instruments, namely directional compasses, photographic cameras, optical lens sights; spotting scopes for crossbow

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN **Description of the Mark** The mark consists of the stylized wording "OXIWYLE" in violet. **Color Drawing** Yes **Color Claimed** The color(s) violet is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1513865 **International Registration Date** Oct. 30, 2019

GOODS AND SERVICES INFORMATION

For 3D spectacles; abacuses; accelerometers; accumulators, electric; accumulators, electric, for vehicles; acid hydrometers; acidimeters for batteries; acoustic alarms; acoustic conduits; acoustic couplers; actinometers; adding machines; aerometers; air analysis apparatus; alarm bells, electric; sound alarms, smoke alarms, gas alarms, security and fire alarms, anti-intrusion alarms; infant movement alarms, electronic door alarms, burglar alarms except for burglar alarms for motor vehicles; alcoholmeters; alidades; altimeters; ammeters; amplifiers; amplifying tubes; anemometers; downloadable animated cartoons; anode batteries; anodes; answering machines; antennas; anticathodes; anti-glare glasses; electricity anti-interference devices, namely, interferometers, filters for radio interference suppression; anti-theft warning apparatus, namely, theft alarms except for anti-theft alarms for vehicles, burglar alarms except for anti-theft alarms for motor vehicles; apertometers being optics; apparatus and installations for the production of X-rays, not for medical purposes; apparatus and instruments for astronomy, namely, telescopes for astronomy, alidades for astronomy; apparatus and instruments for physics, namely, precision balances for physics, laboratory pipettes for physics; apparatus for changing record player needles; apparatus for editing cinematographic film; apparatus for fermentation being laboratory apparatus, namely, fermenter apparatus for laboratory use; apparatus for measuring the thickness of skins, namely, appliances for measuring the thickness of leather skins; apparatus to check franking, namely, time and date stamping machines; appliances for measuring the thickness of leather; armatures for use in electrical apparatus; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; asbestos safety screens for firemen; audio- and video-receivers; audio interfaces; audio mixers; audiovisual teaching apparatus, namely, downloadable templates for designing audiovisual presentations as an audiovisual teaching apparatus, audiovisual receivers as an audiovisual teaching apparatus, multimedia projectors as an audiovisual teaching apparatus; automated teller machines being ATM; automatic indicators of low pressure in vehicle tires; azimuth instruments; baby monitors; baby scales; bags

adapted for laptops; balances being steelyards; balancing apparatus, namely, dual amplifier balancers, precision balances; bar code readers; barometers; bathroom scales; batteries, electric; batteries for electronic cigarettes; batteries for lighting; battery boxes; battery chargers; battery jars; beacons, luminous; warning, electronic warning bells being warning devices; betatrons; binoculars; biochips for research or scientific purposes; electronic black boxes for recording data being data recorders; blueprint apparatus in the nature of blueprinting machines; boiler control instruments; branch boxes for electricity, namely, electrical junction boxes; underwater breathing apparatus, except for artificial respiration; breathing apparatus for underwater swimming; bullet-proof clothing; bullet-proof waistcoats; electric, wireless queue buzzers; cabinets for loudspeakers; cables, electric; calculating machines; calibrating rings, namely, calibrating ring gauges; slide, electronic sliding calipers; calorimeters; camcorders; cameras for photography; capillary tubes, namely, glass capillary tubes for scientific purposes; carpenters' rules; carriers for dark plates for photography; cases especially made for photographic apparatus and instruments; cases for smartphones; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus in the nature of sacrificial anodes; cell phone straps; electric cell switches for electricity; cellular phones; centering apparatus for photographic transparencies, namely, frames for photographic transparencies; chargers for electric batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemistry apparatus and instruments, namely, scales for chemistry, stills for chemistry purposes, laboratory centrifuges for use in chemistry, homogenizers as chemistry laboratory apparatus and instruments, flasks for chemistry laboratory use, gas mixers for chemistry laboratory use, laboratory chemical reactors for use in chemistry; semiconductor, computer chips being integrated circuits; choking coils for use in electrical apparatus being impedance; chromatography apparatus for laboratory use; chronographs for use as specialized time recording apparatus; cinematographic cameras; cinematographic film, exposed; circuit breakers; circuit closers; circular slide rules; cleaning apparatus for sound recording discs, namely, magnetic tape cleaners for sound recording discs, photographic record cleaning kits comprised primarily of replacement stylus needles and also including cleaning solution and brushes for sound recording discs; climate control digital thermostats; close-up lenses; protective clothing especially made for use in laboratories; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; coaxial cables; coils, electric; coin-operated mechanisms for television sets; coin-operated musical automata as juke boxes, namely, coin-operated musical juke boxes; collectors, electric, namely, photovoltaic cells; commutators; compact disc players; audio-video compact discs featuring science, music, music videos, video games, animated videos, and motion pictures; compact discs with read-only memory, namely, compact discs featuring science, music, music videos, video games, animated videos, and motion pictures with read-only memory, blank compact discs with read-only memory; comparators; compasses for measuring; computer game software, downloadable; computer game software, recorded; computer hardware; computer keyboards; computer memory devices; computer operating programs, recorded; computer peripheral devices; computer programs, downloadable, for use in database management and for word processing, in the field of advertising, social networks, public relations, creative arts, entertainment, recreation, education; computer programs, recorded, for use in database management and for word processing, in the field of advertising, social networks, public relations, creative arts, entertainment, recreation, education; computers; computer screen saver software, recorded; downloadable computer screen saver software; computer software applications, downloadable, for use in database management and for word processing, in the field of advertising, social networks, public relations, creative arts, entertainment, recreation, education; computer software platforms, recorded, for application development, web hosting; downloadable computer software platforms for application development, web hosting; computer software, recorded, for use in database management, and for word processing, in the field of advertising, social networks, public relations, creative arts, entertainment, recreation, education; condensers being capacitors; conductors, electric; connected bracelets being measuring

instruments, namely, wearable activity tracker; connections for electric lines; electric connectors for electricity; contact lenses; contacts, electric; containers for contact lenses; containers for microscope slides, namely, slide boxes for microscope slides; electric control panels for electricity; converters, electric; copper wire, insulated; cordless telephones; correcting lenses being a type of optical lenses; cosmographic instruments, namely, telescopes, spectrometers; counterfeit coin detectors; Geiger, thread counters; couplers being data processing equipment; couplings, electric; covers for electric outlets; covers for personal digital assistants being covers for PDAs; covers for smartphones; covers for tablet computers; crash test dummies; crucibles being laboratory equipment; current rectifiers; cyclotrons; photography darkroom lamps; portable photography darkrooms; data gloves; data processing apparatus; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers not for medical use; radon, metal, motion, Fire and smoke detectors; devices for the projection of virtual keyboards, namely, laser projection virtual keyboards; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing food not for medical purposes, diagnostic apparatus for the detection of pathogens for laboratory or research use; diaphragms for acoustics in the nature of vibration dampeners for electronic audio equipment; diaphragms for scientific apparatus, namely, acoustic membranes for scientific apparatus; photography diaphragms, namely, camera lens adapters; dictating machines; diffraction apparatus for microscopy not for medical purposes; digital photo frames; digital signs; digital weather stations; directional compasses; discharge tubes, electric, other than for lighting; disk drives for computers; blank magnetic disks; distance measuring apparatus; distance recording apparatus; distillation apparatus for scientific purposes; distribution boards for electricity, namely, electrical power distribution units; electrical distribution boxes for electricity; electricity distribution consoles; divers' masks; diving suits; DNA chips; dog whistles; dosage dispensers, namely, machines for dispensing pre-determined dosages of medication; downloadable emoticons for mobile phones; downloadable graphics for mobile phones; downloadable image files containing science, artwork, text, audio, video, games and Internet Web links relating to sporting and cultural activities; downloadable music files; downloadable ring tones for mobile phones; drainers for use in photography; dressmakers' measures, namely, tape measures; droppers for measuring, other than for medical or household purposes; drying apparatus for photographic prints; drying racks for photography; electrical ducts for electricity; DVD players; dynamometers; ear pads for headphones; ear plugs for divers; egg-candlers; mechanical or electric egg timers as sandglasses; electrical adapters; electric and electronic effects units for musical instruments; electric apparatus for commutation, namely, electric conductors; electric door bells; electric installations for the remote control of industrial operations; electricity conduits; electric loss indicators, namely, electrical conductivity monitor for monitoring electric loss; electric plugs; electric sockets; electric wire harnesses for automobiles; electrified fences; electrified rails for mounting spot lights; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; electrolysers; electromagnetic coils; electronic access control systems for interlocking doors; electronic agendas; electronic book readers; electronic collars to train animals; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic notice boards; electronic numeric displays; electronic pens as visual display units; electronic pocket translators; electronic publications, downloadable, in the nature of journals, books, magazines, newsletters, brochures and manuals in the field of science, music, dance, entertainment, musical bands, musical videos, movies, culture, current events recorded on computer media, entrepenuriship and business, business management, business marketing, brand creation and development, economic development, financial improvement, goal setting and achievement, leadership development, lifestyle management, motivation, organizational development, personal development, professional and personal communication skills, sales training, style, beauty salon services, hair care, body care, fashion, beauty, fitness,

and health; electronic sheet music, downloadable; electronic tags for goods; encoded identification bracelets, magnetic; encoded key cards; encoded magnetic cards in the nature of magnetically encoded gift cards, encoded magnetic credit and debit cards; enlarging apparatus for photography, namely, photo printers, photography projectors, green screens being projection screens, grey screens being projection screens and experience walls being projection screens; epidiascopes; equalizers being audio apparatus; ergometers not for medical purposes; photographic exposure meters as light meters; eyeglass cases; eyeglass chains; eyeglass cords; eyeglasses; eyeglass frames; eyepieces, namely, protective eye pieces, eye pieces for helmet mounted displays as optical devices; eyewear; facsimile machines; fiber optic cables; film cutting apparatus, namely, editing machines for movie films; films, exposed, namely, exposed slide films, exposed cinematography films; filters for non-medical respiratory masks; filters for ultraviolet rays, for photography; filters for use in photography, namely, photographic filters; finger sizers; fire alarms; fire beaters, namely, fire blankets, fire extinguishers; fire blankets; fire boats; fire engines; fire escapes in the nature of fire escape ladders; fire extinguishers; fire extinguishing apparatus; fire hose; fire hose nozzles; fire pumps; flash-bulbs for photography; flashing safety lights as luminous signals; flashlights for use in photography; floppy disks in the nature of blank floppy computer discs and floppy discs for computers for database management; flowmeters; fluorescent screens; fog signals, non-explosive; food analysis apparatus, namely, diagnostic apparatus for testing food; frames for photographic transparencies; frequency meters; furnaces for laboratory use; furniture especially made for laboratories; fuses; fuse wire; galena crystals detectors for use in electronics; galvanic batteries; galvanic cells; galvanometers; gasoline gauges; gasometers being measuring instruments; gas testing instruments; depth, micrometer gauges; glazing apparatus for photographic prints; Global Positioning System being GPS apparatus; diving gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; goggles for sports; grids for batteries; teaching apparatus in the nature of hairdressing training heads; hand-held electronic dictionaries; hands-free kits for telephones; head cleaning tapes for audio, video recorder for recording; headgear being protective helmets; head guards for sports; headphones; heat regulating apparatus, namely, electric control devices for heating management; height measuring instruments; heliographic apparatus; hemline markers, namely, seam gauges; high-frequency apparatus, namely, high frequency switches, high-frequency mobile and sea-based communication antennas; holders for electric coils; holograms, namely, electronic machines used to control holograms; horns for loudspeakers; humanoid robots with artificial intelligence; hydrometers; hygrometers; identification sheaths for electric wires; identification threads for electric wires; identity cards, magnetic; igniting apparatus, electric, in the nature of electric igniters used in connection with ballasts to start discharge lamps for igniting at a distance; incubators for bacteria culture; electrical inductors for electricity; infrared detectors; ink cartridges, unfilled, for printers and photocopiers; instruments containing eyepieces, namely, cameras; integrated circuit cards as smart cards; integrated circuits; interactive touch screen terminals; intercommunication apparatus, namely, apparatus for transmission of communication; interfaces for computers; inverters for electricity; invoicing machines, namely, automatic billing machines for generating invoices; ionization apparatus not for the treatment of air or water, namely, ionization apparatus for scientific or laboratory use; jigs as measuring instruments; joysticks for use with computers, other than for video games; juke boxes for computers; junction boxes for electricity; junction sleeves for electric cables; kilometer recorders for vehicles; knee-pads for workers; laboratory centrifuges; laboratory pipettes; laboratory robots; laboratory trays; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes; lenses for astrophotography; lens hoods; letter scales; levelling instruments, namely, level indicators; levelling staffs being surveying instruments; surveyors' levels as instruments for determining the horizontal; life belts; lifeboats; life buoys; lifejackets; life saving apparatus and equipment in the nature of life buoys, life vests; life-saving capsules for natural disasters; life-saving rafts; electric light dimmers as regulators; light-emitting diodes

being LED; light-emitting electronic laser pointers; lighting ballasts; lightning rods; electricity limiters; locks, electric; logs as measuring instruments in the nature of electronic measuring instruments for measuring trees; loudspeakers; magic lanterns; magnetic data media, namely, blank magnetic data carriers and prerecorded magnetic data carriers featuring science; magnetic encoders; magnetic resonance imaging being MRI apparatus, not for medical purposes; blank magnetic computer tapes; magnetic tape units for computers; magnetic wires; magnets; magnifying glasses as optics; marine compasses; marine depth finders; marking buoys; marking gauges for joinery purposes; masts for wireless aerials; materials for electricity mains, namely, electric wires and cables; material testing instruments and machines, namely, electronic apparatus for testing compression, strength, hardness, and tensile characteristics of industrial materials; mathematical instruments, namely, calculators; measures in the nature of spirit measures, tape measures; measuring apparatus, namely, measuring cups, measuring bowls; measuring devices, electric, namely, electric instruments for measuring length; measuring glassware; measuring instruments, namely, measuring cups, measuring bowls; measuring spoons; mechanical signs; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus, namely, mechanisms for coin-operated apparatus; megaphones; memory cards for video game machines; mercury levels, namely, level indicators; metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; metronomes; micrometers; micrometer screws for optical instruments; microphones; microprocessors; microscopes; microtomes; mirrors for inspecting work; optical mirrors as scientific and technical apparatus; modems; money counting and sorting machines; monitoring apparatus in the nature of in-ear monitors, electronic carbon dioxide monitors, other than for medical purposes; computer monitors as computer hardware; computer monitors to display computer programs; computer mouse as computer peripheral; mouse pads; mouth guards for sports; nanoparticle size analysers; nautical apparatus and instruments in the nature of underwater cameras; naval signalling apparatus, namely, signaling buoys, signal mirrors; navigational instruments, namely, navigational buoys, electric navigational instruments; navigation apparatus for vehicles as on-board computers; needles for record players; needles for surveying compasses; neon signs; nets for protection against accidents; nose clips for divers and swimmers; notebook computers; microscope objectives as optical lenses; observation instruments, namely, observation rockets; octants; ohmmeters; optical apparatus and instruments, namely, optical cables, optical reflectors; optical character readers; optical condensers; optical data media, namely, blank CD-ROMs for sound or video recording; optical discs, namely, blank optical discs, optical discs featuring science; optical fibers as light conducting filaments; optical glass; optical lamps; optical lenses; organic light-emitting diodes being OLED; oscillographs; oxygen transvasing apparatus, namely, oxygen regulators; ozonisers being ozonators; parking meters; particle accelerators; pedometers; magnifying peepholes as magnifying lenses for doors; periscopes; personal digital assistants as PDAs; personal stereos; Petri dishes; photographic, electrostatic, and thermic photocopiers; photometers; phototelegraphy apparatus; photovoltaic cells; piezoelectric sensors; pince-nez; Pitot tubes; plane tables as surveying instruments; planimeters; plates for batteries; plotters; plumb bobs; plumb lines; pocket calculators; polarimeters; portable media players; precision balances; precision measuring apparatus, namely, laser distance meters; pressure gauges; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; printed circuit boards; printed circuits; document printers for use with computers; prisms for optics purposes; probes for scientific purposes; micro, data processors as central processing units; projection apparatus; projection screens; protection devices against X-rays, not for medical purposes in the nature of gloves for protection against x-rays for industrial purposes; protection devices in the nature of safety helmets for personal use against accidents; protective films adapted for computer screens; protective films adapted for smartphones; protective helmets; protective helmets for sports; protective masks; protective suits for aviators; protractors as measuring

instruments; punched card machines for offices; push buttons for bells in the nature of electric door bells; pyrometers; quantity indicators, namely, scales, weighing machines; quantum dot light-emitting diodes being QLED; radar apparatus; radiological apparatus for industrial purposes being x-ray apparatus not for medical purposes but for industrial purposes; radiology screens in the nature of flat panel display screens for industrial purposes; radio pagers; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances, namely, sensors and detector units for use in controlling the actuation and operation of railway safety apparatus and equipment; range finders, namely, range finders for golf, range fingers for cameras; electronic card, chip card readers as data processing equipment; rearview cameras for vehicles; record players; reflective articles for wear in the nature of reflective clothing, for the prevention of accidents; reflective safety vests; refractometers; refractors being refractor telescopes; regulating apparatus, electric, in the nature of voltage regulators for electric power, apparatus and instruments for regulating electric current; relays, electric; remote control apparatus, namely, remote control for radios, electronic apparatus for the remote control of industrial operations; rescue flares, non-explosive and non-pyrotechnic; rescue laser signalling flares; resistances, electric; respirators other than for artificial respiration for filtering air; respiratory masks, other than for artificial respiration and other than for non-medical purposes; resuscitation mannequins as teaching apparatus; resuscitation training simulators; retorts for use in high temperature chemical reactions; retorts' stands, namely, stands for laboratory glassware; measuring apparatus, namely, revolution counters; rheostats; riding helmets; ring sizers; road signs, luminous or mechanical; rods for water diviners; tape, measuring rulers as measuring instruments; measuring, slide rules as measuring instruments; saccharometers; safety nets; safety tarpaulins; salinometers; satellite finder meters; satellite navigational apparatus, namely, satellite-aided navigation systems; satellites for scientific purposes; scales; scales with body mass analysers; scanners as data processing equipment; screens for photoengraving, namely, projection screens; touch, video screens for photography; screw-tapping gauges; security surveillance robots; security tokens in the nature of security token hardware as encryption devices; selfie lenses for smartphone cameras; selfie sticks as hand-held monopods; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; shutter releases for cameras in photography; shutters for cameras in photography; signal bells; signal lanterns, namely, electrical annunciators; signalling buoys; luminous signalling panels in the nature of luminous safety beacons; signalling panels, mechanical, namely, mechanical beacon lights as safety equipment; signalling whistles; luminous signals, namely, luminous railway signals, luminous traffic signals; signals, mechanical, namely, mechanical railway signals, mechanical vehicle traffic signals; signs, luminous; simulators for the steering and control of vehicles; sirens; sleeves for laptops; slide calipers; slide projectors; slide-rules; slope indicators; smartglasses; smartphones; smart rings; smartwatches; smoke detectors; snorkels; solar batteries; solar panels for the production of electricity; solderers' helmets; solenoid valves as electromagnetic switches; sonars; sounding apparatus and machines, namely, echo sounding devices; sounding leads, namely, marine depth finders; sounding lines, namely, marine depth finders; sound locating instruments, namely, sound recording and sound reproducing apparatus and instruments; sound recording apparatus; sound recording carriers, namely, blank magnetic data carriers; sound recording discs as a type of sound recording apparatus; sound recording strips as a type of sound recording apparatus; sound reproduction apparatus; sound transmitting apparatus; spark-guards, namely, asbestos safety screens for firemen; speaking tubes; spectacle lenses; spectrograph apparatus; spectroscopes; speed checking apparatus in the nature of speedometers for vehicles; speed indicators; speed measuring apparatus in the nature of speed indicators for photography; speed regulators for record players; spherometers; spirit levels; spools for cameras in photography; sports whistles; sprinkler systems for fire protection; square rulers for measuring; squares for measuring; stage lighting regulators; stands adapted for laptops; stands for photographic apparatus; battery starter cables for motors; step-up transformers; stereoscopes; stereoscopic apparatus, namely, stereoscopes;

stills for laboratory experiments; stroboscopes; subwoofers; sulfitometers; sunglasses; surveying apparatus and instruments; surveying chains; surveying instruments; surveyors' levels; survival blankets to prevent injury due to hypothermia; switchboards; switchboxes for electricity; switches, electric; tablet computers; tachometers; tape recorders; taximeters; teaching apparatus, namely, teaching robots, medical teaching mannequins; teaching robots; teeth protectors in the nature of mouth guards for sports, mouth guards for athletic use; telecommunication apparatus in the nature of wireless receivers in the form of jewellery; telegraphs as apparatus; telegraph wires; telephone apparatus; telephone receivers; telephone transmitters; telephone wires; telepresence robots; teleprinters; teleprompters; telerupters being electromechanical relays; telescopes; telescopic sights for artillery; telescopic sights for firearms; television apparatus for projection purposes; temperature indicator labels, not for medical purposes; temperature indicators; electricity terminals, namely, electrical terminators; testing apparatus not for medical purposes, namely, machines for testing textiles not for medical purposes, machines for testing plastics not for medical purposes; test tubes; theft prevention installations, electric, in the nature of electric theft alarms except for anti-theft alarms for vehicles; theodolites; thermal imaging cameras; thermionic tubes; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; thin client computers; thread counters; ticket dispensers, namely, electronic parking lot ticket dispensers; time clocks as time recording devices; time recording apparatus; time switches, automatic; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; totalizators, namely, digital signage display panels showing the number and amount of bets staked on a race; trackballs as computer peripherals; traffic cones; traffic-light apparatus as signalling devices; transformers for electricity; electronic transistors; transmitters of electronic signals; telecommunications transmitters; telecommunication transmitting sets, namely, sound transmitting apparatus; photographic transparencies; transponders; triodes; tripods for cameras; T-squares for measuring; urinometers; USB flash drives, namely, blank USB flash drives, pre-recorded USB flash drives featuring science; vacuum gauges; vacuum tubes for radio; variometers; vehicle breakdown warning triangles; vehicle radios; verniers; video baby monitors; video cassettes in the nature of blank video cassettes, prerecorded video cassettes featuring music; video game cartridges; video recorders; video screens; videotapes in the nature of blank video tapes, children's video tapes; video telephones; viewfinders, photographic; virtual reality headsets; viscosimeters; visors for helmets; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; wah-wah pedals; walkie-talkies; washing trays for photography; water level indicators; wavemeters; wearable activity trackers; wearable computers in the nature of smartwatches, smartglasses; wearable video display monitors; weighbridges; weighing apparatus and instruments; weighing machines; weights in the nature of test weights, weights for use with weighing scales; whistle alarms; wind socks for indicating wind direction; wire connectors for electricity; wires, electric; workmen's protective face-shields; wrist rests for use with computers; X-ray apparatus not for medical purposes; X-ray films, exposed; X-ray photographs, other than for medical purposes; X-ray tubes not for medical purposes

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Analysis for oil-field exploitation; architectural consultancy; architectural services; authenticating works of art; bacteriological research; biological research; business card design; calibration for measuring; cartography services; chemical analysis; chemical research; chemistry services, namely, chemistry consultation, research in the field of chemistry; clinical trials, namely, conducting clinical trials for others being scientific research; cloud computing, namely, providing virtual computer systems and virtual computer environments through cloud computing; cloud seeding; computer programming;

computer rental; computer security consultancy; computer software consultancy; computer software design; computer system analysis; computer system design; computer technology consultancy; computer virus protection services; conducting technical project studies, namely, conducting scientific feasibility studies; construction drafting; consultancy in the design and development of computer hardware; consultancy in the field of energy-saving, namely, technological consulting services in the field of alternative energy generation; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; cosmetic research; creating and designing website-based indexes of information for others using information technology services; creating and maintaining web sites for others; data encryption services; data security consultancy; design of interior decor; development of computer platforms; digitization of documents as scanning; dress designing; duplication of computer programs; electronic data storage; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; energy auditing; engineering; exploration services in the field of the oil, gas and mining industries; geological prospecting; geological research; geological surveys; graphic arts design; graphic design of promotional materials; International Registration No. being graphology; hosting computer web sites of others on a computer server for a global computer network; industrial design; information technology being IT consultancy; installation of computer software; interior design; internet security consultancy; land surveying; maintenance of computer software; material testing; mechanical research; medical research; meteorological information; monitoring of computer systems by remote access to ensure proper functioning; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; off-site data backup; oil-field surveys; oil prospecting; oil-well testing; outsource service providers in the field of information technology; packaging design; platform as a service being PaaS featuring computer software platforms for use in database management in the field of statistical analysis, database engines, finance, stock trading and artificial intelligence for use on personal computers and mobile devices; providing information on computer technology and programming via a web site, namely, providing information relating to computer technology and programming via a website; providing search engines for the internet; provision of scientific information, advice and consultancy in relation to carbon offsetting, namely, providing scientific information, advice and consultancy relating to carbon offsetting; quality control; quality evaluation of standing timber; quality evaluation of wool; recovery of computer data; rental of computer software; rental of web servers; research and development of new products for others; research in the field of building construction; research in the field of environmental protection; research in the field of physics; research in the field of telecommunications technology; research in the field of welding; scientific and technological research in the field of natural disasters; scientific and technological research relating to patent mapping; scientific laboratory services; scientific research; server hosting; software as a service being SaaS services featuring software for use in database management in the field of statistical analysis, database engines, finance, stock trading and artificial intelligence for use on personal computers and mobile devices; software development in the framework of software publishing; industrial design styling; surveying; technical writing; technological consultancy, namely, technological consulting in the field of cryptocurrency, telecommunications technology consultancy; technological research in the field of computer hardware systems, renewable energy resources; telecommunications technology consultancy; textile testing; underwater exploration; unlocking of mobile phones; updating of computer software; urban planning; vehicle roadworthiness testing; water analysis; weather forecasting; web site design consultancy

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

International Registration 1520673 **International Registration Date** Jul. 25, 2019

GOODS AND SERVICES INFORMATION

For Wholesale store, retail store, online wholesale store, and online retail store services featuring cable screw connections in the form of gable glands, hose screw connections in the form of hose glands, ducts for cables and parts thereof, in particular screw bodies, pressure screws, double nipples, reducer parts, extension parts, angular pieces, sealing inserts, cable inlets, antikink parts, bending protection parts, O-rings, divisible flange-systems, clamping rings, collar bends, shielding contact elements, conical discs, spiral springs, lock washers, threaded fasteners, connection threads, blind plugs, washers, flanges, flange angle parts, frames, pressure equalisation insert plugs, nuts, coupling pieces, clamping nipples, earth tags, bending parts, blind plates, caps, holding parts, bolts, screws, threaded bars, converters, retainers, edge protections, safety cables, telescopes, pendants, support foots, clamps, wall brackets, anchors, potential equalisations, covers for ducts for cables, hinge parts, coupler plates, partitions, angular pieces, T-connections, seals, gaskets, clips, installation profiles, mounting angles as well as hose clamps, conduits of metal and other conduits, including shielding tubes, corrugated conduits, in particular for cable routing as well as shielding braids for screening of electromagnetic radiation, hoses for screening of electromagnetic radiation, hoses, in particular for hose screw connections, including pressure hoses, protection hoses and spiral hoses, as well as seals, in particular for cable screw connections in the form of cable glands and hose screw connections in the form of hose glands, as well as electrohydraulic machines for cutting and punching out ducts for cables, electrohydraulic machines for cutting cables and wires, drill bits for machines, milling tools for machines, hand tools, in particular ratchet wrenches, pliers, torque wrenches, socket wrenches, drill bits being parts of hand tools, knives, as well as hand tools for stripping the insulation and for cutting and punching out ducts for cables, adaptors and connection blocks each with screening

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Electric cable screw connections in the nature of cable glands and divided electric cable screw connections in the nature of cable glands; electric cable screw connection in the nature of cable glands for screening of electromagnetic radiation; adaptors and connection blocks each with screening in the nature of structural competent parts of electric cable screw connections in the nature of cable glands and electric cable screw connections in the nature of cable glands for screening of electromagnetic radiation; structural component parts of electric cable screw connections in the nature of cable glands and cable screws connections in the nature of cable glands for screening of electromagnetic radiation, namely, screw bodies, pressure screws, double nipples, reducer parts, extension parts, angular pieces, sealing inserts, cable inlets, antikink parts, bending protection parts, divisible flange systems, clamping rings, collar bands, shielding contact elements, conical discs, spiral springs, lock washers, breather drain plugs, threaded fasteners, blind plugs, washers, flanges, flange angles, frames, pressure equalisation insert plugs, nuts, sealing plugs, screw plugs, coupling pieces, clamping nipples, earth tags; shielding braids for screening of electromagnetic radiation specifically designed for use with electrical cables; hoses for screening of electromagnetic radiation specifically designed for use with electrical cables; protection hoses specifically designed for use with electric cables; ducts for electric cables, also in the form of wire trays and in the form of drag chains; electric ducts for cables, also in the form of wire trays and in the form of drag chains; structural component parts of ducts for electric cables and electric ducts for cables, also in the form of wire trays and in the form of drag chains, namely, covers for ducts for cables, hinge systems, coupler plates, partitions, angular pieces, T-connectors, seals, clips, installation profiles, mounting angles, bending parts, blind plates, caps, holding parts, bolts, screws, threaded bars, converters, retainers, edge protections, safety cables, telescopes, pendants, support foots, clamps, wall brackets, anchors, potential equalisations; shielding tubes specifically designed for use with electric cables

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Installation materials not of metal, namely, non-electric hose screw connections in the nature of hose glands not of metal and divided hose screw connections in the nature of hose glands; structural component parts of non-electric hose screw connections in the nature of hose glands not of metal, namely, screw bodies, double nipples, reducer parts, extension parts, sealing inserts, O-rings, divisible flange-systems, shielding contact elements, conical discs, lock washers made of rubber, breather drains, threaded fasteners, blind plugs, washers, flanges, flange angle parts, frames, pressure equalisation insert plug, sealing plugs, screw plugs, coupling pieces; non-metal hoses for industrial use, in particular for hose screw connections in the nature of hose glands, pressure hoses, protection hoses and spiral hoses; non-metal seals, in particular for cable screw connections in the nature of cable glands and hose screw connections in the nature of hose glands and for ducts for cables, not of metal; conduits, also in the form of corrugated conduits, not of metal, for routing and protecting cables; structural component parts for non-electric ducts not of metal for cables also in the form of wire trays not of metal and in the form of drag chains, namely, seals; O-rings in the nature of non-metal seals for use as connection seals for non-electric cable screw connections in the form of cable glands and for hose screw connections of metal in the form of hose glands; gaskets in the nature of non-metal seals for use as connection seals for non-electric ducts for cables of metal and wire trays and drag chains; O-rings in the nature of non-metal seals for use as connection seals for electric cable screw connections in the form of cable glands and cable screw connections in the form of cable glands for screening of electromagnetic radiation

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Installation materials of metal, namely, non-electric cable screw connections in the nature of cable glands, hose screw connections in the nature of hose glands, divided non-electric cable screw connections in the nature of cable glands and divided hose screw connections in the nature of hose glands; structural component parts for non-electric cable screw connections in the nature of cable glands and for hose screw connections of metal in the nature of hose glands, namely, screw bodies, pressure screws, double nipples, reducer parts, extension parts, angular pieces, sealing inserts, cable inlets, antikink parts, bending protection parts, divisible flange systems, clamping rings, collar bands, shielding contact elements, conical discs, spiral springs, lock washers, breather drains, threaded fasteners, blind plugs, washers, flanges, flange angle parts, frames, pressure equalisation insert plugs, nuts, sealing plugs, screw plugs, coupling pieces, clamping nipples, earth tags, shielding braids; metal hose clamps; protection hoses of metal; conduits of metal, also in the form of corrugated conduits, in particular for cable routing; non-electric ducts for cables of metal, also in the form of wire trays and in the form of drag chains; structural component parts of non-electric ducts for cables of metal, also in the form of wire trays and in the form of drag chains, namely, covers for ducts for cables, hinge systems, coupler plates, partitions, angular pieces, T-connectors, seals, clips, installation profiles, mounting angles, bending parts, blind plates, caps, holding parts, bolts, screws, threaded bars, converters, retainers, edge protections, safety cables, telescopes, pendants, support foots, clamps, wall brackets, anchors

RELATED PROPERTIES INFORMATION

International Registration 1520775 **International Registration Date** Oct. 29, 2019

GOODS AND SERVICES INFORMATION

For Industrial engines; machines for connecting or clinching pressure joints; machines for stock systems and warehouse girder systems in the nature of connecting machines for welding and gluing; machine frames as integrated component parts of machines; machine parts, namely gear drives; machine tools, namely pneumatic gripper systems and automatic screw units; couplings for machines and drive belts for machines; machines for bonding and gluing pipes; machines for cutting and bending pipes; welding machines namely electric resistance welding machines, mig, mig / mag and tig electric welding machines, electric spot and projection welding machines, electric roller seam welding machines, electric butt welding machines, electric laser hybrid welding machines as well as their integrated components parts; cargo handling machines for loading and unloading; machine parts, namely, welding jigs

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Planning, design and technical consultancy in the field of production automation for projects in resistance welding and in the construction of equipment, in the field of integrated techniques and applications for the plate, wire and tube processing industry, for the automotive industry, sprinkler industry , steel furniture, steel storage systems and steel packaging industry, plastic processing industry, process and chemical industry and the agricultural industry; consultancy and technology supervision in the field of innovation of machines and production lines in the metalworking industry, as well as in small and medium-sized businesses

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Steel and stainless steel in various alloys for application in equipment construction, transport systems, metal pipes, pipe systems, heat exchangers, tanks, baths and filters; Non-electric cables and wires of common metal; metal goods not included in other classes for use in the plate, wire and tube processing industry, bicycle industry, steel furniture, steel storage systems and steel packaging industry, automobile industry, sprinkler industry, plastic processing industry, process and chemical industry and agricultural industry, namely, metal screws and bolts and welding wire

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

Mark Literal(s) KONFETY ZHELEJNYE SO VKUSOM APEL'SINA

CASE IDENTIFIERS

Serial Number 79284742 **Application Filing Date** Feb. 21, 2020 **Register** Principal **Mark Type** Trademark **Publication Date** Jul. 21, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of three vertical, rectangular bands that depict oranges, all in green and orange. The thicker middle band has a repeating orange wreath design. The central wreath has a white oval outlined in black with a yellow band around it. Inside the white oval are a blue word above an orange word, both in Cyrillic lettering that transliterates to "KONFETY ZHELEJNYE". At the bottom of the white oval is a yellow banner on which is the orange Cyrillic wording that transliterates to "SO VKUSOM APEL'SINA". **Color Drawing** Yes **Color Claimed** The colors black, blue, green and orange are claimed as a feature of the mark. **Disclaimer** THE DESIGN OF ORANGES AND THE CYRILLIC WORDING THAT TRANSLITERATES TO "KONFETY ZHELEJNYE SO VKUSOM APEL'SINA" **Transliteration** The non-Latin characters in the mark transliterate to "KONFETY ZHELEJNYE SO VKUSOM APEL'SINA" and this means "JELLY CANDY WITH TASTE OF APELSIN" in English.
