GOODS AND SERVICES INFORMATION

For Transmitters of electronic signals; transponders; electro-dynamic apparatus for the remote control of signals; locks, electric; smoke detectors; fire alarms; wearable activity trackers; baby monitors; electric door bells; telecommunication transmitters; rods for water diviners; electric plugs; electrical inductors; infrared detectors; electronic access control systems for interlocking doors; audio- and video-receivers; cabinets for loudspeakers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

BASIS INFORMATION

Currently 66A Yes

OWNER INFORMATION

Owner Name ShenZhen HeQiang Electronics Limited **Address** ShenZhen HeQiang Electronics Limited Room L, 9/F, Building B, Fortune Plaza, No. 7002, Shennan Rd, Xiangmihu Rd.,; Fu CHINA **Legal Entity** CORPORATION **State or Country Where Organized** CHINA

INTERNATIONAL REGISTRATION INFORMATION (SECTION 66A)

Owner of International Registration Number 1481270 **International Registration Date** Jul. 09, 2019 **Date of Section 67 Priority Claim** Mar. 29, 2019 **Expiration Date** Jul. 09, 2029

EXAMINING ATTORNEY

Examining Attorney FITZSIMONS, MICHAEL R

REASON FOR PUBLICATION

Trademark Registration Issued - Principal Register

Mark Literal(s)

CASE IDENTIFIERS

Serial Number 79264708 **Application Filing Date** Apr. 05, 2019 **Registration Number** 6109927 **Registration Date** Jul. 28, 2020 **Register** Principal **Mark Type** Service Mark Trademark **Publication Date** May 12, 2020

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) **Description of the Mark** The mark consists of a silhouette of a standing rabbit character wearing a two prong helmet. **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1481315 **International Registration Date** Apr. 05, 2019

GOODS AND SERVICES INFORMATION

For Necklaces being jewellery; jewellery charms; wristwatches; watches; clocks and watches, electric; alloys of precious metal; jewellery rolls; jewellery boxes; key rings being split rings with trinket or decorative fob

International Classes 14 - Primary Classes **US Classes** 2, 27, 28, 50 **International Class Title** Jewelry

For Games, namely, checker games; toys, namely, toy building blocks; chess games; coin-operated billiard tables; body-building apparatus; skateboards; men's athletic supporters being sports articles; bows for archery; swimming pools being play articles

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Advertising; commercial intermediation services, namely, Business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; marketing; personnel management consultancy; relocation services for businesses; compilation of information into computer databases; book-keeping; rental of vending machines; sponsorship search; rental of sales stands; retail store services for pharmaceutical, veterinary and sanitary preparations and medical supplies; presentation of goods on communication media, for retail purposes, namely, providing television home shopping services in the field of general consumer merchandise; provision of an on-line marketplace for buyers and sellers of goods and services; wholesale store services for pharmaceutical, veterinary and sanitary preparations and medical supplies

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Computer peripheral devices; Global Positioning System (GPS) apparatus; electronic sound device in books, namely, sound amplifiers in books; Video disks and video tapes with recorded animated cartoons; cameras for photography; mouse pads; quantity indicators, namely, measuring tapes; measuring instruments, namely, height measuring instruments; ultrasonic sensors; spectacles; electronic calendars

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

BASIS INFORMATION

Currently 66A Yes

OWNER INFORMATION

Owner Name Xiaomi Inc. **Address** Xiaomi Inc. Floor 13,Rainbow City Shopping Mall II of China Resources No. 68 Qinghe Middle Street Haidian District, Beijing CHINA **Legal Entity** CORPORATION **State or Country Where Organized** CHINA

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK

RELATED PROPERTIES INFORMATION

International Registration 1481356 **International Registration Date** May 28, 2019

GOODS AND SERVICES INFORMATION

For Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants, dyes; Inks for printing, marking and engraving; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; bonding agents for lacquers; binding agents for paints; thinners for coatings; thickeners for paints; additives for use in coatings; preservatives; lacquers and varnishes; paints and washes; coating preparations for protection against friction; coating preparations for protection against wear; protective preparations for metals; protective products for use on metals [paints]; stabilising preparations in the nature of coatings; epoxy resins filled with light metal [coatings]; clear protective coatings for vehicles; coatings in the nature of paints for use on vehicles; glazes; resins for coating purposes; metal foil for use in painting, decorating, printing and art

International Classes 2 - Primary Classes **US Classes** 6, 11, 16 **International Class Title** Paints

For Common metals and their alloys, ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; safes; eye bolts; ice screws of metal; self-tapping metal screws; screws of metal; set screws of metal; screw covers of metal; wood screws made of metal; thumbscrews [fasteners] of metal; metal expanding sleeves for affixing screws; caps (metal-) for screws; threaded bars of metal; screw tops of metal for bottles; screw cups of metal; screw-in insert nuts of metal; screw threaded fasteners of metal; screw caps of metal

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

MARK INFORMATION

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK **Translation** The wording "AKUUGO" has no meaning in a foreign language.

RELATED PROPERTIES INFORMATION

International Registration 1481438 **International Registration Date** May 16, 2019

GOODS AND SERVICES INFORMATION

For Stem cells for medical and veterinary purposes; cells for medical and clinical use; living cells for medical purposes; pharmaceutical preparations for the treatment of central nervous system diseases and disorders; pharmaceutical preparations for the treatment of traumatic brain injury, cerebral infarction, cerebral hemorrhage, age-related macular degeneration, retinitis pigmentosa, Parkinson's disease, spinal cord injury, and Alzheimer's disease; biological implants, namely, a vital processed human or animal connective tissue; surgical implants grown from stem cells; implants comprising living tissue; living tissue transplants in the nature of vascular grafts; human allograft tissues; processed human donor skins for the replacement of soft tissue

International Classes 5 - Primary Classes **US Classes** 6, 18, 44, 46, 51, 52 **International Class Title** Pharmaceuticals

For Apparatus for the regeneration of stem cells for medical purposes; medical apparatus and instruments used for cell culture, namely, for cell culture chambers; medical apparatus and instruments, namely, cell testing apparatus in the nature of medical diagnostic apparatus for testing cancer cells, DNA, blood cells and extra cellular contents; medical apparatus and instruments, namely, intracellular material injector for medical purposes in the nature of injection instrument with needles, needle-based and needle-free injection systems; medical apparatus and instruments for monitoring vital signs, for use in orthopedic surgery; medical apparatus and instruments for analyzing substances for medical purposes, namely, blood and cell analyzers for medical diagnostics; medical apparatus and instruments, namely, test tubes for cell separation for medical purposes in the nature of blood testing apparatus, namely, blood sampling tubes; medical apparatus and instruments, namely, apparatus for the regeneration of stem cells for medical purposes; gene and genetic testing apparatus in the nature of apparatus for DNA and RNA testing for medical purposes; and medical apparatus and instruments, namely, cell injector for medical

purposes in the nature of injection instrument with needles; medical apparatus and instruments, namely, needle-based and needle-free injection systems; implants consisting of artificial materials; artificial implants in the nature of surgical implants comprised of artificial materials and artificial vascular grafts

International Classes 10 - Primary Classes **US Classes** 26, 39, 44 **International Class Title** Medical Apparatus

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the blue wording "GEO- INSTRUMENTS" with a stylized design of two sets of yellow and blue shaded triangles stacked beside the wording. **Color Drawing** Yes **Color Claimed** The color(s) blue and yellow is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1481544 **International Registration Date** Nov. 07, 2018

GOODS AND SERVICES INFORMATION

For Machines, plant and appliances namely, concrete construction machines for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; ground improvement machines and equipment, namely, ground surface finishing and compacting machines; machines and appliances, namely, bulldozers, excavating machines and earth drilling machines for use in the improvement of the engineering properties of the ground; lifting platforms, namely, lifting work platforms; drilling platforms, namely, elevating work platforms; excavators, namely, excavating machines; machines for use in digging trenches or building walls, namely, concrete construction machines and power-operated chain-type trenching machines for digging trenches; machines for injecting product into the ground, namely, drilling machines; machines and appliances, namely, pile drivers for use in the construction of piles; pile drivers and earth compacting machines; depth vibrators, namely, concrete vibrators; machines for mixing grout; tunnel grouting machines, namely, machine tools for grouting tunnels; machines and appliances, namely, mixing machines and electric pumps for use in mixing and pumping of bentonite and polymers used as lubricants for microtunnel and pipejack construction; pumps, namely, electric pumps; electric pumps, namely, water pumps, air pumps, grout pumps, and high pressure ram and piston pumps; machines and appliances, namely, concrete construction machines for use in the grouting, construction of slurry and diaphragm walls; machines and appliances, namely, excavating machines, drilling machines and ground compacting machines for use in the formation of ground anchorages; machines and equipment, namely, ground compacting machines for the compaction and stabilisation of soil; vibro compaction machines and equipment, namely, ground compacting machines; depth vibrators for

industrial use, namely, concrete vibrators; machines and equipment, namely, mixing machines for soil mixing and injection; drilling rods in the nature of drilling machines; drilling accessories, namely, core drilling bits; rotary percussive machines and equipment, namely, rotary grinding machines; drilling rigs, floating or non floating; grout pumps, namely, electric pumps; agitation tanks as part of machine, namely, mixing machines with tanks used for mixing grout; floating plants, namely, floating cranes and piling drilling rigs; cranes; structural and replacement parts and fittings for the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Training services and education services, namely, providing classes, seminars and workshops in the fields of building construction, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; training services and education services, namely, providing classes, seminars and workshops in the fields of civil construction, computer sciences and the design, manufacture, and operation of monitoring, measuring and testing instrumentation and sensors; training services and education services, namely, providing classes, seminars and workshops in the fields of building construction in the nature of instrumentation and monitoring solutions for owners, infrastructure operators and engineers to enable them to identify and mitigate risk, optimize designs and methods, and document regulatory compliance in the field of ground engineering, foundation, retention and soil treatment solutions; organisation and management of training and education, namely, organizing events in the fields of building construction, construction, public and civil engineering work, ground engineering, ground improvement, mining, drilling, boring, blasting and piling for educational purposes; organisation and management of training and education, namely, organizing events in the fields of the design, manufacture, and operation of monitoring, measuring and testing construction instrumentation and sensors; safety training, namely, training in the use and operation of construction cranes, excavating machines, drilling machines, piling machines and ground compacting machines; arranging and conducting educational conferences, congresses, seminars, symposiums, and workshops in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; providing non-downloadable on-line electronic information on educational services related to news, education and training matters from searchable indexes and databases of information, including text, electronic documents, databases, graphics and audio visual information, on computer and communication networks in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Collection and analysis of quality metric data for the building and construction industry for business purposes, namely, data collection, data management, commercial and business data analysis, data processing, electronic processing of data using computer software, automated data processing, computerised data verification, data transcription, database management, data retrieval services, compilation of data, data inputting services all being services in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; business management services in the field of civil engineering; business management of construction projects; business management services; business management consultancy services; business support services, namely, providing business support staff services for providing assistance to business; personnel management; outsourcing services; Professional recruitment services, namely, recruitment of computer staff; procurement services, namely, outsourcing services in the nature

of arranging procurement of goods for others; business management services, namely, supplies management services; business management services, namely, stock management services; contract negotiation and management services, namely, negotiation of business contracts for others; and transaction processing services, namely, data processing services; providing office functions; accounting services in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; business auditing, namely, audits relating to property and property management; supply chain management services; business management in the field of transport, namely, rail management services; business management in the field of transport logistics management; fleet management services, namely, billing and business consulting in connection with the administrative management of fleet; vehicle fleet management services, namely, billing and business consulting in connection with the administrative management of fleet; business management in the field of transport, namely, highway network management services; business management in the field of transport, namely, footway management services; business management in the field of transport, namely, traffic sign management services; business management in the field of transport, namely, road furniture management services; business management in the field of transport, namely, transport network management services; business management in the field of transport, namely, transport network operational management services; business management of facilities, namely, the management of energy and utilities, health and safety, receptions, switchboards, building maintenance, security, cleaning, vending, landscaping, waste, pest control, mail systems and portering; business management, namely, built environment management services; business management services relating to the maintenance and provision of rough terrain and mechanical handling equipment; business management services for the collection, treatment and recycling of waste; business project management services; preparing business feasibility studies and reports in relation to the aforesaid services; leasing and renting of office machines and equipment

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Building construction services relating building, public works, civil and geotechnical engineering services; installation of machinery in the nature of scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking and supervision, life-saving, teaching apparatus and instruments, geotechnical and structural apparatus and instrumentation, indicators, controllers, sensors and sensor apparatus and instruments; installation, maintenance and repair services for machinery, namely, the adaptation, integration and deployment of monitoring, measuring and testing instrumentation and sensors; construction, installation and renovation services, namely, building construction, repair and grouting services in the nature of piling, ground improvement, ground reinforcement, cement strengthening, grout reinforcement, maintenance and repair of foundations; earthworks and building foundations construction services, namely, stabilization, underpinning and strengthening of soil, earth and ground by cement and grout injection, by compaction and by insertion of reinforcing materials and piling; building and earthworks construction, namely, construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; earthworks and building foundations construction, namely, sealing of porous ground strata; earthworks and building foundations construction, namely, tunnelling and ground drilling; earthworks construction, namely, tunneling and ground drilling for transportation systems, bridges, roadways, railroads, water, sewage and drains, electricity, gas, telecommunications, baggage handling tunnels, deep water drilling, ground stabilization

and settlement control; earthworks and foundations construction, namely, repair, restoration, maintenance and underpinning of buildings, walls, bridges, tunnels, mines, airport runways, embankments, dams, docks, quays, jetties, piers, groynes and of moles; earthworks and building foundations construction, namely, prevention, diminution and correction of building subsidence and settlement; construction and repair of houses, buildings, transportation systems in the nature of roads, bridges, roadways, railroad tracks and earthworks and foundations construction and repair of dams, seawalls, and tunnels; excavation services, namely, drilling of wells, trenches, enclosures and tunnels; building maintenance and repair, namely, prevention, diminution and correction of building subsidence and settlement; installation of piling foundations and retention systems in the nature of walls; pile driving services, namely, installation of pre-formed piles or piles cast in situ; excavation services, namely, digging trenches; earthworks and building foundations construction, namely, ground improvement services for construction projects; marine construction, namely, constructing foundations for, and the maintenance of, wharves, jetties and other marine structures; earthworks and building foundations construction, namely, ground vibro-compaction services; installation of vibro concrete columns for construction services; earthworks and building foundations construction, namely, ground compaction services; earthworks and building foundations construction, namely, ground stabilisation services; foundation contractor services, namely, underpinning services; earthworks and building foundations construction, namely, installation of rock and soil anchors, nails and minipiles; grouting services, namely, provision of specialty grouting services, compaction grouting, jet grouting and fracture compensation grouting in the ground in new construction projects, repair and maintenance work, excavation support, and settlement control; earthworks and building foundations construction, namely, ground modification services; building construction information; building construction supervision; building construction monitoring, namely, construction supervision; construction supervision, namely, monitoring infrastructure and the development, reconstruction and protection of public infrastructure, namely, mass transit systems, railways, highways, bridges, tunnels, ports, airports, dams, and levies; construction supervision, namely, excavation support monitoring services for the safety of workers within the excavation and for the safety and stability of adjacent structures; underwater construction; provision of geo-environmental services, namely, excavation services; installation of pipeline anchor systems and accessories for the purpose of securing pipelines; blasting operations, namely, demolition of buildings; building construction, repair, maintenance and demolition of buildings and civil engineering building structures; demolition of buildings and building structures; building, scaffolding and concrete construction, maintenance and repair services for roads, tracks, runways, bridges, bridge abutments, stabilized land structures, earth stabilization structures by means of mechanical effect, earth stabilization devices, earthworks, retaining walls, dikes, tunnels, gutters, chambers, retention basins, reservoirs, silos and historical monuments, waste processing facilities; earthmoving, namely, excavation services; land clearing, namely, construction services in the nature of site clearing; dredging; repair and maintenance of aboveground storage tanks; earth pollution removal work, namely, hazardous waste clean-up services; installation of utilities in the nature of sewer drainage systems in construction sites; construction supervision, namely, supervising in the field of construction; earthworks construction, namely, installing, commissioning, maintaining and repairing all types of geotechnical and structural instrumentation, monitoring apparatus and; rental of construction equipment; construction contracting services, namely, project management services; construction facilities management, namely, construction management of the construction of facilities; construction, repair, maintenance and installation of infrastructures in the nature of pipelines; building construction of civil engineered buildings; electric appliance installation and repair; general contractor services, namely, building and public works contractor services; repair, installation and maintenance of computers and computer network systems in the nature of computer networking hardware; repair, maintenance and installation of telecommunications machines; machinery maintenance, namely, maintenance of plant and rough terrain mechanical handling

equipment; installation of computer networking hardware for communications and data networks and systems, fire and safety systems, and security systems; rental of building equipment, namely, rental of tools, equipment and machines for construction, drilling, building, earthmoving, repair, maintenance and installation; leasing and renting of construction equipment, namely, drilling, building, earthmoving, repair, maintenance, installation and construction tools, equipment and machines; consultancy, advisory and information services relating to all the aforesaid services; earthworks construction and building foundations construction services, namely, piling and civil construction services in the infrastructure and mining sectors

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking, life-saving, apparatus and instruments, namely, computer peripheral apparatus; geotechnical and structural apparatus and instrumentation, namely, seismic detectors; indicators, controllers, sensors and sensor apparatus and instruments, namely, electric sensors; geodetic measurement systems, namely, surveying machines and instruments; data acquisition instruments for use in building and construction industry, namely, data processors; instrumentation for excavation support monitoring, namely, strain gauges and load cells in the nature of electrical transducers to monitor struts and braces, automated total stations in the nature of test stations for fuel cells, inclinometers, and shape arrays to monitor deformation of the excavation walls and settlement monitoring for adjacent buildings; instrumentation for deformation monitoring, namely, automated total stations, inclinometers, extensometers in the nature of instruments for measuring length, piezometers in the nature of pressure measuring apparatus, tiltmeters in the nature of inclinometers, and crackmeters in the nature of laser measuring systems; instrumentation for monitoring settlement, namely, rod extensometers in the nature of instruments for measuring length, inclinometers, shape arrays in the nature of electric sensors to monitor subsurface movements, and automated total stations in the nature of instruments for measuring length, electric beam sensors, hydrostatic level cells in the nature of level gauges, tiltmeters in the nature of inclinometers and crackmeters in the nature of laser measuring systems to monitor movements above grade; structural instruments, namely, crackmeters and jointmeters in the nature of laser measuring systems, tiltmeters and beam sensors in the nature of electric sensors, hydrostatic level cells in the nature of level gauges, strain gauges and load cells in the nature of load banks, laser extensometers in the nature of instruments for measuring length and laser scanners, fiberoptic strain gauges and temperature sensors, AMTS automated total stations and prisms in the nature of instruments for measuring length, automated vibration monitors in the nature of electric sensors, project site webcams; geotechnical instruments, namely, shape arrays in the nature of electric sensors and inclinometers, piezometers in the nature of pressure measuring apparatus and pressure cells in the nature of pressure gauges, MPBX rod extensometers and anchors in the nature of instruments for measuring length; test and construction control instruments, namely, thermistors in the nature of thermistor strings for ground freezing, electric sensors for controlling compensation grouting, electric sensors for drilling alignment and borehole deviation; construction control and testing instrumentation in the nature of apparatus for testing gas, liquids and solids for monitoring and measuring surface effects as well as grouting parameters; equipment for measuring tensile stress applied by a prestressed bar, namely, pressure indicators; equipment in the nature of strain gauges for measuring the strain of prestressed or reinforced concrete, and for measuring the strain of steel wires, cables and strands or the like in motion or not; vibration, noise and dust monitoring systems, namely, vibration meters; monitoring systems, namely, vibration meters for retaining walls, large slab movements, sewer deformation and tunnel deformation and track twist and cant calculations; drilling inclination monitoring systems, namely, inclinometers;

autonomous driller-operated drill rig alignment systems, namely, downloadable computer software for operating drill rigs; apparatus and instruments in the nature of strain gauges for structural health monitoring of buildings using fiber optic sensing; downloadable computer software, namely, monitoring software program downloaded from the internet for data analysis by providing full site overviews for use in the building and construction industry; downloadable computer software, namely, application programming interface and accompanying software that enables the monitoring, processing, displaying, storing and transmitting of construction data and information for use in building and construction industry; measurement systems in the nature of pressure measuring apparatus capable of displaying the surface settlement in real time, as well as writing and reviewing grouting instructions to purposefully built grouting pump containers, grout control monitors, grouting data in the nature of borehole position, grouting phases, initial grout pressure, final grout pressure, grout volume per step and cumulated in real time with the site monitoring data; apparatus and instruments in the nature of electricity meters for conducting, switching, transforming, accumulating, regulating or controlling electricity; data processing apparatus consisting of computers and downloadable computer software for data management of electronic information, testing, monitoring and analysing systems; electronic data processing apparatus in the nature of information monitoring and testing apparatus, electronic information gathering apparatus, data gathering apparatus, and data acquisition goods, namely, dataloggers, controllers, interfaces, specialized enclosures, solar panels and batteries, all for the provision and display of data; all being goods for use in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Security services, namely, providing security surveillance of premises; security guard services for the protection of property and individuals; alarm monitoring services, namely, monitoring of security alarm systems provision of burglar alarm monitoring services to authorized users via project websites, email, and messaging; legal services; leasing and renting of safety equipment, security surveillance equipment, namely, crowd control barriers, fire alarms and fire extinguishers; consultancy, advisory and information services relating to all the aforesaid services

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Communication by fiber optic networks and telecommunication access services; providing access to electronic sites in the nature of web sites on the Internet via computers, mobile phones and other electronic devices; electronic data transmission, namely, electronic sending of data, messages and information and documentation via the Internet or other databases; providing access to computer, electronic and online databases; providing online communications links which transfer web site users to other local and global web pages; provision of access to electronic sites, namely, facilitating access to third party web sites via a universal login; providing online chat rooms and electronic bulletin boards for transmission of messages among users in the field of general interest; providing access to computer databases in the fields of business interaction; providing online forums for communication on topics of building construction, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; providing temporary internet access which allows users to access on-line non-downloadable software to enable users to program audio, video, text and other multimedia content; providing wireless telecommunications in the nature of wireless broadcasting via electronic communications networks; wireless digital electronic messaging, paging services, and electronic transmission of mail services, including

services that enable a user to send and/or receive messages through a wireless data network; providing electronic telecommunication connections, namely, provision of connectivity services and access to electronic telecommunications networks, for transmission or reception of audio, video or multimedia content; provision of electronic telecommunications connections to electronic communication networks, for transmission or reception of audio, video or multimedia content; provision of access time to electronic sites, namely, web-sites featuring multimedia materials; electronic transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; providing users with access to telecommunication networks, namely, providing access time to electronic communications networks with means of identifying, locating, grouping, distributing, and managing data and links to third-party computer servers, computer processors and computer users; transmission of digital files namely, electronic media and information via computer and communication networks; all the aforesaid services provided in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Custom manufacture of construction equipment, namely, machines, wind power plants and appliances for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; custom manufacture of construction building materials, namely, stone and concrete components and structures; production of energy, energy generation; custom manufacture of scientific, monitoring, measuring, detecting, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking and supervision, life-saving, teaching apparatus and instruments, namely, machines for drilling, excavating, piling and compacting the ground; custom manufacture of geotechnical and structural apparatus and instrumentation for testing, measuring and monitoring the stability of foundations and earthworks; custom manufacture of construction equipment indicators, controllers, sensors and sensor apparatus and instruments; custom manufacture of measurement equipment, namely, geodetic measurement systems; custom manufacture of construction equipment, namely, monitoring, measuring and testing instrumentation; recycling services; energy recovery services, namely, waste-to-energy generation services; leasing and renting of electricity generators and manufacturing machines for manufacturing, namely, geotechnical and structural apparatus and instrumentation, hydraulic lifts, lifting ramps, load carrying lifting machines, drilling rigs hydraulic excavators, bucket excavators, trencher excavators, trench cutters, underpinning machines, pipe bending machines, pipe threading machines, earth compacting machines, depth vibrators for use with concrete and with granular soils pneumatic and hydraulic pumps, drilling hammers bits, drilling bits and drilling heads bits being parts of machines, pile drivers, pile extractors, tunnel grouting machines, mixing machines, and colloidal grout mixers; consultancy, advisory and information services relating to all the aforesaid services

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Consultant engineer services, namely, consulting in the field of engineering; engineering services, namely, engineering, ground engineering, engineering design services, engineering research, surveying, planning, monitoring, measuring and testing services, all in the fields of building construction, construction, public and civil engineering work, ground improvement and geotechnical work; geotechnical services namely, soil investigations in the nature of soil sampling for analysis purposes; engineering project management services; engineering services, namely, technical consultancy and assistance in the construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the

earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; technical supervision and inspection services, namely, environmental engineering inspection services; product quality testing, namely, technical monitoring, measuring and testing services; surveying the site for unexploded ordnance or unexploded bombs; blasting and explosives engineering services; consulting services in civil engineering and industrial engineering in the fields of stabilizing and sanitation of the ground; consulting in civil engineering and industrial engineering in the fields of sealing and protection against fire and rust; architectural consultancy services; materials testing and evaluation, namely, advisory, consultancy and analytical services relating to material evaluation and testing; scientific and technological services, namely, research and design in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling ; industrial analysis and research services in the field of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; design and development of computer hardware and software for instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; consultation in the field of engineering, namely, provision of pre-design data evaluation for consulting engineers; consultation in the field of engineering, namely, consultation regarding drilling bore holes for soil investigations and providing soil data to consulting engineers for their analysis and provision of advice; civil engineering design services; conducting scientific feasibility studies; technological research and consultancy services in the field of construction engineering all relating to science, technology, engineering, manufacturing, monitoring, measuring and testing; design of land surveys, namely, research and consultancy services, all relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; engineering design services, namely, design of piling and retention systems; engineering design services, namely, design of pre-formed piles or piles cast in situ; engineering design services, namely, design of rock and soil anchors, nails and minipiles; engineering design services, namely, design of prestressed, post-tensioned concrete material; engineering design services, namely, design of pipeline anchor systems and accessories; engineering design services, namely, design of engineered helical screw piles and pipeline anchor systems to control pipeline buoyancy and prevent floating of pipelines in extremely wet areas; engineering design services, namely, design of piling solutions and ground improvement solutions and foundation systems; engineering design services, namely, design of post-tension cable systems to the construction industry; structures design services, namely, structural engineering design services; monitoring and inspection services of construction services in the fields of building, construction, public and civil engineering work and geotechnical work for quality control purposes; inspection services for large oil tanks in the petroleum and petrochemical industries to ensure compliance with applicable codes and standards for quality control purposes; conducting technical tests and checks and technical measurements, namely, material testing; technical surveying, namely, preparation of technical surveys, especially geological surveys, as well as of scientific surveys; construction drafting; subsoil testing, in particular pressure sounding in the nature of soil percolation testing; electronic monitoring of structural health of buildings using computers and sensors with fiber optic sensing; providing temporary use of web based on-line monitoring software for providing a full construction site overview in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; engineering services in the field of building construction, namely, technical consultancy relating to building information modelling services to support digitisation of ground engineering; website security services in the nature of restricting unauthorised access to websites relating to instrumentation and monitoring

in the fields of building, construction, public and civil engineering, ground improvement, mining, drilling, boring, blasting and piling; computer technical support services in the nature of troubleshooting of computer software problems relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; computer programming relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; software development and design services relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; repair, installation and maintenance of computer software relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; technical support services, namely, troubleshooting in the nature of diagnosing problems with computer hardware, computer peripheral, computer software and consumer electronic devices all relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; application service provider (ASP) featuring software to enable and facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing and otherwise providing electronic media and information over communication networks in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; development of computer software modules for processing input from sensing devices and for real-time control of compensation grouting, ground freezing, and tunnel boring machines; electronic data storage and archiving of electronic data on, in or out of computer databases in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; energy auditing, namely, energy efficiency services; energy sustainability services, namely, research in the field of alternative energy generation; technical data analysis, namely, data mining in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; landscaping, namely, landscape architectural design; land surveying; material testing; mechanical engineering and electrical engineering; development and maintenance of computer software related to construction and construction-related processes; back office operations, namely, IT technical support services in the nature of troubleshooting computer software problem; computer software consultancy services for the construction industry; technical research, namely, engineering analysis services and expert appraisals in the field of building, construction, public and civil engineering work, ground improvement and geotechnical work; conducting feasibility studies in the field of new technologies, namely, carrying out expert appraisals, reports, studies, analyses and development of concepts and drafting of preliminary engineering drawing drafts for others in the field of security, environment, energy, building, construction, public and civil engineering work, ground engineering and improvement and geotechnical work; civil engineering computer project management services, namely, computer project management services; product development, namely, commissioning of scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking and supervising, life-saving, teaching apparatus and instruments, geotechnical and structural apparatus and instrumentation, indicators, controllers, sensors and sensor apparatus and instruments; deformation monitoring services of computer systems to assess risk, control for potential damage and evaluate remediation measures to ensure proper functioning; electronic monitoring services of computer

settlement systems to provide early detection, to identify rates of change and risk and to help to control corrective actions using computers and sensors; electronic monitoring services, namely, structural monitoring services to provide data for evaluating changes in the performance of a structure using computers and sensors; electronic monitoring services using computers and sensors, namely, structural monitoring services by documenting and controlling effects from nearby construction, such as vibration or changes in ground support, that might degrade the performance of the structure; electronic monitoring service using computers and sensors, namely, monitoring vibration, dust and noise from construction activities; construction control and testing services, namely, product safety testing of construction equipment; environmental engineering; mechanical and electrical engineering; rental of measuring apparatus, namely, monitoring, measuring and testing instrumentation and sensors

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

Standard Character Claim Yes. The mark consists of standard characters without claim to any particular font style, size, or color. **Mark Drawing Type** 4 - STANDARD CHARACTER MARK **Translation** The English translation of "VIVELACAR" in the mark is "LONG LIVE THE CAR".

RELATED PROPERTIES INFORMATION

International Registration 1481616 **International Registration Date** Jun. 21, 2019

GOODS AND SERVICES INFORMATION

For Insurance agencies; financial affairs and monetary affairs, namely, financial information, management, and analysis services; credit services relating to motor vehicles, namely, vehicle title loans; financial services relating to motor vehicles, namely, money lending; financial services for the purchase of vehicles, namely, financing loans; provision of finance for the purchase of vehicles; financial services for the leasing of vehicles, namely, lease financing; insurance services relating to motor vehicles, namely, insurance claims processing in the field of automobile claims; financial services relating to the insurance of motor vehicles, namely, underwriting automobile insurance; lease-purchase financing of vehicles; automobile lease-financing consultancy; vehicle costs and vehicle investment consultancy, namely, motor vehicle damage appraisal services; information and advice relating to the aforesaid services

International Classes 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

For Vehicles, namely, land vehicles, aircraft, ships; apparatus for locomotion by land, air or water, namely, cars, motorcycles, motorized bicycles, boats, airplanes, boats

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Rental of vehicles for locomotion by air, land or water; rental of cars, bicycles, motorcycles, camping cars, trucks, lorries, vans, coaches, buses, caravans; vehicle hire services, namely, hired car transport; arranging of passenger transportation services for others, namely, arranging for the rental of vehicles for locomotion by air, land or water

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

GOODS AND SERVICES INFORMATION

For Resistance measuring instruments; deformation measuring instruments; vibration measuring instruments; scientific apparatus, namely, sensing and signaling devices for measurement and quality control of materials processing under vacuum conditions; sensing and signaling devices for monitoring the condition of apparatus for use in drilling for oil and gas; technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus, instruments and cables regulating electric current; apparatus and instruments for accumulating and storing electricity; electric cables and wires; devices for testing for deformation and vibration; electricity measuring instruments; computer memory devices and data recording apparatus and instruments; computer memory devices; electronic memory devices; computer memory storage devices; fuel cells; fuel cell electrodes; electrical and electronic components, namely, electronic sensors for measuring deformation, electronic sensors for measuring acceleration, electronic sensors for measuring temperature, electronic sensors for measuring pressure, electronic sensors for measuring position, electronic sensors for measuring humidity, electronic sensors for measuring light intensity, electronic sensors for detecting the chemical composition of fluids, electronic image sensors, and electronic sensors for measuring solar radiation; semi-conductors; batteries; battery charging equipment; battery charging devices for motor vehicles; battery voltage testing apparatus and battery impedance testing apparatus; auxiliary battery packs; capacitors; power capacitors; electrical capacitors; solar panels for production of electricity; solar panels for electricity generation; piezoelectric sensors; electric wires of alloy metals; component and replacement parts and fittings for all the aforementioned

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Treatment and transformation of materials for use in energy storage devices; treatment and transformation of metals; treatment of materials using chemicals; advisory, consultancy and information services in the field of treatment and transformation of materials for use in energy storage devices

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Scientific research; technology consultation and research in the field of energy storage devices; scientific research and development services for others; research relating to science; research in the field of materials science; scientific research in the field of batteries; advisory, consultancy and information services in the field of energy storage devices

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Machines, plant and appliances namely, concrete construction machines for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; ground improvement machines and equipment, namely, ground surface finishing and compacting machines; machines and appliances, namely, bulldozers, excavating machines and earth drilling machines for use in the improvement of the engineering properties of the ground; lifting platforms, namely, lifting work platforms; drilling platforms, namely, elevating work platforms; excavators, namely, excavating machines; machines for use in digging trenches or building walls, namely, concrete construction machines and power-operated chain-type trenching machines for digging trenches; machines for injecting product into the ground, namely, drilling machines; machines and appliances, namely, pile drivers for use in the construction of piles; pile drivers and earth compacting machines; depth vibrators, namely, concrete vibrators; machines for mixing grout; tunnel grouting machines, namely, machine tools for grouting tunnels; machines and appliances, namely, mixing machines and electric pumps for use in mixing and pumping of bentonite and polymers used as lubricants for microtunnel and pipejack construction; pumps, namely, electric pumps; electric pumps, namely, water pumps, air pumps, grout pumps, and high pressure ram and piston pumps; machines and appliances, namely, concrete construction machines for use in the grouting, construction of slurry and diaphragm walls; machines and appliances, namely, excavating machines, drilling machines and ground compacting machines for use in the formation of ground anchorages; machines and equipment, namely, ground compacting machines for the compaction and stabilisation of soil; vibro compaction machines and equipment, namely, ground compacting machines; depth vibrators for industrial use, namely, concrete vibrators; machines and equipment, namely, mixing machines for soil mixing and injection; drilling rods in the nature of drilling machines; drilling accessories, namely, core drilling bits; rotary percussive machines and

equipment, namely, rotary grinding machines; drilling rigs, floating or non floating; grout pumps, namely, electric pumps; agitation tanks as part of machine, namely, mixing machines with tanks used for mixing grout; floating plants, namely, floating cranes and piling drilling rigs; cranes; structural and replacement parts and fittings for the aforesaid goods

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Training services and education services, namely, providing classes, seminars and workshops in the fields of building construction, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; training services and education services, namely, providing classes, seminars and workshops in the fields of civil construction, computer sciences and the design, manufacture, and operation of monitoring, measuring and testing instrumentation and sensors; training services and education services, namely, providing classes, seminars and workshops in the fields of building construction in the nature of instrumentation and monitoring solutions for owners, infrastructure operators and engineers to enable them to identify and mitigate risk, optimize designs and methods, and document regulatory compliance in the field of ground engineering, foundation, retention and soil treatment solutions; organisation and management of training and education, namely, organizing events in the fields of building construction, construction, public and civil engineering work, ground engineering, ground improvement, mining, drilling, boring, blasting and piling for educational purposes; organisation and management of training and education, namely, organizing events in the fields of the design, manufacture, and operation of monitoring, measuring and testing construction instrumentation and sensors; safety training, namely, training in the use and operation of construction cranes, excavating machines, drilling machines, piling machines and ground compacting machines; arranging and conducting educational conferences, congresses, seminars, symposiums, and workshops in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; providing non-downloadable on-line electronic information on educational services related to news, education and training matters from searchable indexes and databases of information, including text, electronic documents, databases, graphics and audio visual information, on computer and communication networks in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Collection and analysis of quality metric data for the building and construction industry for business purposes, namely, data collection, data management, commercial and business data analysis, data processing, electronic processing of data using computer software, automated data processing, computerised data verification, data transcription, database management, data retrieval services, compilation of data, data inputting services all being services in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; business management services in the field of civil engineering; business management of construction projects; business management services; business management consultancy services; business support services, namely, providing business support staff services for providing assistance to business; personnel management; outsourcing services; Professional recruitment services, namely, recruitment of computer staff; procurement services, namely, outsourcing services in the nature of arranging procurement of goods for others; business management services, namely, supplies management services; business management services, namely, stock management services; contract negotiation and management services, namely, negotiation

of business contracts for others; and transaction processing services, namely, data processing services; providing office functions; accounting services in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; business auditing, namely, audits relating to property and property management; supply chain management services; business management in the field of transport, namely, rail management services; business management in the field of transport logistics management; fleet management services, namely, billing and business consulting in connection with the administrative management of fleet; vehicle fleet management services, namely, billing and business consulting in connection with the administrative management of fleet; business management in the field of transport, namely, highway network management services; business management in the field of transport, namely, footway management services; business management in the field of transport, namely, traffic sign management services; business management in the field of transport, namely, road furniture management services; business management in the field of transport, namely, transport network management services; business management in the field of transport, namely, transport network operational management services; business management of facilities, namely, the management of energy and utilities, health and safety, receptions, switchboards, building maintenance, security, cleaning, vending, landscaping, waste, pest control, mail systems and portering; business management, namely, built environment management services; business management services relating to the maintenance and provision of rough terrain and mechanical handling equipment; business management services for the collection, treatment and recycling of waste; business project management services; preparing business feasibility studies and reports in relation to the aforesaid services; leasing and renting of office machines and equipment

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Building construction services relating building, public works, civil and geotechnical engineering services; installation of machinery in the nature of scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking and supervision, life-saving, teaching apparatus and instruments, geotechnical and structural apparatus and instrumentation, indicators, controllers, sensors and sensor apparatus and instruments; installation, maintenance and repair services for machinery, namely, the adaptation, integration and deployment of monitoring, measuring and testing instrumentation and sensors; construction, installation and renovation services, namely, building construction, repair and grouting services in the nature of piling, ground improvement, ground reinforcement, cement strengthening, grout reinforcement, maintenance and repair of foundations; earthworks and building foundations construction services, namely, stabilization, underpinning and strengthening of soil, earth and ground by cement and grout injection, by compaction and by insertion of reinforcing materials and piling; building and earthworks construction, namely, construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; earthworks and building foundations construction, namely, sealing of porous ground strata; earthworks and building foundations construction, namely, tunnelling and ground drilling; earthworks construction, namely, tunneling and ground drilling for transportation systems, bridges, roadways, railroads, water, sewage and drains, electricity, gas, telecommunications, baggage handling tunnels, deep water drilling, ground stabilization and settlement control; earthworks and foundations construction, namely, repair, restoration, maintenance and underpinning of buildings, walls, bridges, tunnels, mines, airport runways, embankments, dams, docks, quays, jetties, piers, groynes and of

moles; earthworks and building foundations construction, namely, prevention, diminution and correction of building subsidence and settlement; construction and repair of houses, buildings, transportation systems in the nature of roads, bridges, roadways, railroad tracks and earthworks and foundations construction and repair of dams, seawalls, and tunnels; excavation services, namely, drilling of wells, trenches, enclosures and tunnels; building maintenance and repair, namely, prevention, diminution and correction of building subsidence and settlement; installation of piling foundations and retention systems in the nature of walls; pile driving services, namely, installation of pre-formed piles or piles cast in situ; excavation services, namely, digging trenches; earthworks and building foundations construction, namely, ground improvement services for construction projects; marine construction, namely, constructing foundations for, and the maintenance of, wharves, jetties and other marine structures; earthworks and building foundations construction, namely, ground vibro-compaction services; installation of vibro concrete columns for construction services; earthworks and building foundations construction, namely, ground compaction services; earthworks and building foundations construction, namely, ground stabilisation services; foundation contractor services, namely, underpinning services; earthworks and building foundations construction, namely, installation of rock and soil anchors, nails and minipiles; grouting services, namely, provision of specialty grouting services, compaction grouting, jet grouting and fracture compensation grouting in the ground in new construction projects, repair and maintenance work, excavation support, and settlement control; earthworks and building foundations construction, namely, ground modification services; building construction information; building construction supervision; building construction monitoring, namely, construction supervision; construction supervision, namely, monitoring infrastructure and the development, reconstruction and protection of public infrastructure, namely, mass transit systems, railways, highways, bridges, tunnels, ports, airports, dams, and levies; construction supervision, namely, excavation support monitoring services for the safety of workers within the excavation and for the safety and stability of adjacent structures; underwater construction; provision of geo-environmental services, namely, excavation services; installation of pipeline anchor systems and accessories for the purpose of securing pipelines; blasting operations, namely, demolition of buildings; building construction, repair, maintenance and demolition of buildings and civil engineering building structures; demolition of buildings and building structures; building, scaffolding and concrete construction, maintenance and repair services for roads, tracks, runways, bridges, bridge abutments, stabilized land structures, earth stabilization structures by means of mechanical effect, earth stabilization devices, earthworks, retaining walls, dikes, tunnels, gutters, chambers, retention basins, reservoirs, silos and historical monuments, waste processing facilities; earthmoving, namely, excavation services; land clearing, namely, construction services in the nature of site clearing; dredging; repair and maintenance of aboveground storage tanks; earth pollution removal work, namely, hazardous waste clean-up services; installation of utilities in the nature of sewer drainage systems in construction sites; construction supervision, namely, supervising in the field of construction; earthworks construction, namely, installing, commissioning, maintaining and repairing all types of geotechnical and structural instrumentation, monitoring apparatus and; rental of construction equipment; construction contracting services, namely, project management services; construction facilities management, namely, construction management of the construction of facilities; construction, repair, maintenance and installation of infrastructures in the nature of pipelines; building construction of civil engineered buildings; electric appliance installation and repair; general contractor services, namely, building and public works contractor services; repair, installation and maintenance of computers and computer network systems in the nature of computer networking hardware; repair, maintenance and installation of telecommunications machines; machinery maintenance, namely, maintenance of plant and rough terrain mechanical handling equipment; installation of computer networking hardware for communications and data networks and systems, fire and safety systems, and security systems; rental of building equipment, namely, rental of tools, equipment and machines for construction,

drilling, building, earthmoving, repair, maintenance and installation; leasing and renting of construction equipment, namely, drilling, building, earthmoving, repair, maintenance, installation and construction tools, equipment and machines; consultancy, advisory and information services relating to all the aforesaid services; earthworks construction and building foundations construction services, namely, piling and civil construction services in the infrastructure and mining sectors

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking, life-saving, apparatus and instruments, namely, computer peripheral apparatus; geotechnical and structural apparatus and instrumentation, namely, seismic detectors; indicators, controllers, sensors and sensor apparatus and instruments, namely, electric sensors; geodetic measurement systems, namely, surveying machines and instruments; data acquisition instruments for use in building and construction industry, namely, data processors; instrumentation for excavation support monitoring, namely, strain gauges and load cells in the nature of electrical transducers to monitor struts and braces, automated total stations in the nature of test stations for fuel cells, inclinometers, and shape arrays to monitor deformation of the excavation walls and settlement monitoring for adjacent buildings; instrumentation for deformation monitoring, namely, automated total stations, inclinometers, extensometers in the nature of instruments for measuring length, piezometers in the nature of pressure measuring apparatus, tiltmeters in the nature of inclinometers, and crackmeters in the nature of laser measuring systems; instrumentation for monitoring settlement, namely, rod extensometers in the nature of instruments for measuring length, inclinometers, shape arrays in the nature of electric sensors to monitor subsurface movements, and automated total stations in the nature of instruments for measuring length, electric beam sensors, hydrostatic level cells in the nature of level gauges, tiltmeters in the nature of inclinometers and crackmeters in the nature of laser measuring systems to monitor movements above grade; structural instruments, namely, crackmeters and jointmeters in the nature of laser measuring systems, tiltmeters and beam sensors in the nature of electric sensors, hydrostatic level cells in the nature of level gauges, strain gauges and load cells in the nature of load banks, laser extensometers in the nature of instruments for measuring length and laser scanners, fiberoptic strain gauges and temperature sensors, AMTS automated total stations and prisms in the nature of instruments for measuring length, automated vibration monitors in the nature of electric sensors, project site webcams; geotechnical instruments, namely, shape arrays in the nature of electric sensors and inclinometers, piezometers in the nature of pressure measuring apparatus and pressure cells in the nature of pressure gauges, MPBX rod extensometers and anchors in the nature of instruments for measuring length; test and construction control instruments, namely, thermistors in the nature of thermistor strings for ground freezing, electric sensors for controlling compensation grouting, electric sensors for drilling alignment and borehole deviation; construction control and testing instrumentation in the nature of apparatus for testing gas, liquids and solids for monitoring and measuring surface effects as well as grouting parameters; equipment for measuring tensile stress applied by a prestressed bar, namely, pressure indicators; equipment in the nature of strain gauges for measuring the strain of prestressed or reinforced concrete, and for measuring the strain of steel wires, cables and strands or the like in motion or not; vibration, noise and dust monitoring systems, namely, vibration meters; monitoring systems, namely, vibration meters for retaining walls, large slab movements, sewer deformation and tunnel deformation and track twist and cant calculations; drilling inclination monitoring systems, namely, inclinometers; autonomous driller-operated drill rig alignment systems, namely, downloadable computer software for operating drill rigs; apparatus and instruments in the nature of strain gauges for structural health monitoring of buildings using fiber optic sensing;

downloadable computer software, namely, monitoring software program downloaded from the internet for data analysis by providing full site overviews for use in the building and construction industry; downloadable computer software, namely, application programming interface and accompanying software that enables the monitoring, processing, displaying, storing and transmitting of construction data and information for use in building and construction industry; measurement systems in the nature of pressure measuring apparatus capable of displaying the surface settlement in real time, as well as writing and reviewing grouting instructions to purposefully built grouting pump containers, grout control monitors, grouting data in the nature of borehole position, grouting phases, initial grout pressure, final grout pressure, grout volume per step and cumulated in real time with the site monitoring data; apparatus and instruments in the nature of electricity meters for conducting, switching, transforming, accumulating, regulating or controlling electricity; data processing apparatus consisting of computers and downloadable computer software for data management of electronic information, testing, monitoring and analysing systems; electronic data processing apparatus in the nature of information monitoring and testing apparatus, electronic information gathering apparatus, data gathering apparatus, and data acquisition goods, namely, dataloggers, controllers, interfaces, specialized enclosures, solar panels and batteries, all for the provision and display of data; all being goods for use in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Security services, namely, providing security surveillance of premises; security guard services for the protection of property and individuals; alarm monitoring services, namely, monitoring of security alarm systems provision of burgler alarm monitoring services to authorized users via project websites, email, and messaging; legal services; leasing and renting of safety equipment, security surveillance equipment, namely, crowd control barriers, fire alarms and fire extinguishers; consultancy, advisory and information services relating to all the aforesaid services

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Communication by fiber optic networks and telecommunication access services; providing access to electronic sites in the nature of web sites on the Internet via computers, mobile phones and other electronic devices; electronic data transmission, namely, electronic sending of data, messages and information and documentation via the Internet or other databases; providing access to computer, electronic and online databases; providing online communications links which transfer web site users to other local and global web pages; provision of access to electronic sites, namely, facilitating access to third party web sites via a universal login; providing online chat rooms and electronic bulletin boards for transmission of messages among users in the field of general interest; providing access to computer databases in the fields of business interaction; providing online forums for communication on topics of building construction, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; providing temporary internet access which allows users to access on-line non-downloadable software to enable users to program audio, video, text and other multimedia content; providing wireless telecommunications in the nature of wireless broadcasting via electronic communications networks; wireless digital electronic messaging, paging services, and electronic transmission of mail services, including services that enable a user to send and/or receive messages through a wireless data network; providing electronic telecommunication connections, namely, provision of connectivity services and access to electronic telecommunications

networks, for transmission or reception of audio, video or multimedia content; provision of electronic telecommunications connections to electronic communication networks, for transmission or reception of audio, video or multimedia content; provision of access time to electronic sites, namely, web-sites featuring multimedia materials; electronic transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; providing users with access to telecommunication networks, namely, providing access time to electronic communications networks with means of identifying, locating, grouping, distributing, and managing data and links to third-party computer servers, computer processors and computer users; transmission of digital files namely, electronic media and information via computer and communication networks; all the aforesaid services provided in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Custom manufacture of construction equipment, namely, machines, wind power plants and appliances for use in building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting, piling, injecting grout, compacting, grouting, mixing, underpinning, pumping and lifting; custom manufacture of construction building materials, namely, stone and concrete components and structures; production of energy, energy generation; custom manufacture of scientific, monitoring, measuring, detecting, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking and supervision, life-saving, teaching apparatus and instruments, namely, machines for drilling, excavating, piling and compacting the ground; custom manufacture of geotechnical and structural apparatus and instrumentation for testing, measuring and monitoring the stability of foundations and earthworks; custom manufacture of construction equipment indicators, controllers, sensors and sensor apparatus and instruments; custom manufacture of measurement equipment, namely, geodetic measurement systems; custom manufacture of construction equipment, namely, monitoring, measuring and testing instrumentation; recycling services; energy recovery services, namely, waste-to-energy generation services; leasing and renting of electricity generators and manufacturing machines for manufacturing, namely, geotechnical and structural apparatus and instrumentation, hydraulic lifts, lifting ramps, load carrying lifting machines, drilling rigs hydraulic excavators, bucket excavators, trencher excavators, trench cutters, underpinning machines, pipe bending machines, pipe threading machines, earth compacting machines, depth vibrators for use with concrete and with granular soils pneumatic and hydraulic pumps, drilling hammers bits, drilling bits and drilling heads bits being parts of machines, pile drivers, pile extractors, tunnel grouting machines, mixing machines, and colloidal grout mixers; consultancy, advisory and information services relating to all the aforesaid services

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Consultant engineer services, namely, consulting in the field of engineering; engineering services, namely, engineering, ground engineering, engineering design services, engineering research, surveying, planning, monitoring, measuring and testing services, all in the fields of building construction, construction, public and civil engineering work, ground improvement and geotechnical work; geotechnical services namely, soil investigations in the nature of soil sampling for analysis purposes; engineering project management services; engineering services, namely, technical consultancy and assistance in the construction of buildings, public works, permanent and civil engineering structures, excavation of trenches or walls in the earth, injection of preparations into soil for their fortification or their waterproofing as well as for the laying of reinforcements or ties to fortify the earth; technical supervision and inspection services, namely, environmental engineering inspection

services; product quality testing, namely, technical monitoring, measuring and testing services; surveying the site for unexploded ordnance or unexploded bombs; blasting and explosives engineering services; consulting services in civil engineering and industrial engineering in the fields of stabilizing and sanitation of the ground; consulting in civil engineering and industrial engineering in the fields of sealing and protection against fire and rust; architectural consultancy services; materials testing and evaluation, namely, advisory, consultancy and analytical services relating to material evaluation and testing; scientific and technological services, namely, research and design in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling ; industrial analysis and research services in the field of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; design and development of computer hardware and software for instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; consultation in the field of engineering, namely, provision of pre-design data evaluation for consulting engineers; consultation in the field of engineering, namely, consultation regarding drilling bore holes for soil investigations and providing soil data to consulting engineers for their analysis and provision of advice; civil engineering design services; conducting scientific feasibility studies; technological research and consultancy services in the field of construction engineering all relating to science, technology, engineering, manufacturing, monitoring, measuring and testing; design of land surveys, namely, research and consultancy services, all relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; engineering design services, namely, design of piling and retention systems; engineering design services, namely, design of pre-formed piles or piles cast in situ; engineering design services, namely, design of rock and soil anchors, nails and minipiles; engineering design services, namely, design of prestressed, post-tensioned concrete material; engineering design services, namely, design of pipeline anchor systems and accessories; engineering design services, namely, design of engineered helical screw piles and pipeline anchor systems to control pipeline buoyancy and prevent floating of pipelines in extremely wet areas; engineering design services, namely, design of piling solutions and ground improvement solutions and foundation systems; engineering design services, namely, design of post-tension cable systems to the construction industry; structures design services, namely, structural engineering design services; monitoring and inspection services of construction services in the fields of building, construction, public and civil engineering work and geotechnical work for quality control purposes; inspection services for large oil tanks in the petroleum and petrochemical industries to ensure compliance with applicable codes and standards for quality control purposes; conducting technical tests and checks and technical measurements, namely, material testing; technical surveying, namely, preparation of technical surveys, especially geological surveys, as well as of scientific surveys; construction drafting; subsoil testing, in particular pressure sounding in the nature of soil percolation testing; electronic monitoring of structural health of buildings using computers and sensors with fiber optic sensing; providing temporary use of web based on-line monitoring software for providing a full construction site overview in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; engineering services in the field of building construction, namely, technical consultancy relating to building information modelling services to support digitisation of ground engineering; website security services in the nature of restricting unauthorised access to websites relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering, ground improvement, mining, drilling, boring, blasting and piling; computer technical support services in the nature of troubleshooting of computer software problems relating to

instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; computer programming relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; software development and design services relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; repair, installation and maintenance of computer software relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; technical support services, namely, troubleshooting in the nature of diagnosing problems with computer hardware, computer peripheral, computer software and consumer electronic devices all relating to instrumentation and monitoring in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; application service provider (ASP) featuring software to enable and facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing and otherwise providing electronic media and information over communication networks in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; development of computer software modules for processing input from sensing devices and for real-time control of compensation grouting, ground freezing, and tunnel boring machines; electronic data storage and archiving of electronic data on, in or out of computer databases in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; energy auditing, namely, energy efficiency services; energy sustainability services, namely, research in the field of alternative energy generation; technical data analysis, namely, data mining in the fields of building, construction, public and civil engineering work, geotechnology, ground engineering, ground improvement, mining, drilling, boring, blasting and piling; landscaping, namely, landscape architectural design; land surveying; material testing; mechanical engineering and electrical engineering; development and maintenance of computer software related to construction and construction-related processes; back office operations, namely, IT technical support services in the nature of troubleshooting computer software problem; computer software consultancy services for the construction industry; technical research, namely, engineering analysis services and expert appraisals in the field of building, construction, public and civil engineering work, ground improvement and geotechnical work; conducting feasibility studies in the field of new technologies, namely, carrying out expert appraisals, reports, studies, analyses and development of concepts and drafting of preliminary engineering drawing drafts for others in the field of security, environment, energy, building, construction, public and civil engineering work, ground engineering and improvement and geotechnical work; civil engineering computer project management services, namely, computer project management services; product development, namely, commissioning of scientific, monitoring, measuring, detecting, sensing, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, counting, alignment, calibrating, signalling, checking and supervising, life-saving, teaching apparatus and instruments, geotechnical and structural apparatus and instrumentation, indicators, controllers, sensors and sensor apparatus and instruments; deformation monitoring services of computer systems to assess risk, control for potential damage and evaluate remediation measures to ensure proper functioning; electronic monitoring services of computer settlement systems to provide early detection, to identify rates of change and risk and to help to control corrective actions using computers and sensors; electronic monitoring services, namely, structural monitoring services to provide data for evaluating

changes in the performance of a structure using computers and sensors; electronic monitoring services using computers and sensors, namely, structural monitoring services by documenting and controlling effects from nearby construction, such as vibration or changes in ground support, that might degrade the performance of the structure; electronic monitoring service using computers and sensors, namely, monitoring vibration, dust and noise from construction activities; construction control and testing services, namely, product safety testing of construction equipment; environmental engineering; mechanical and electrical engineering; rental of measuring apparatus, namely, monitoring, measuring and testing instrumentation and sensors

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a shaded circular design that resembles a moon with craters above the wording "TEATIME FOR" above the wording "A UNIVERSE". **Color Claimed** Color is not claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION

International Registration 1482098 **International Registration Date** May 29, 2019

GOODS AND SERVICES INFORMATION

For Games, toys, namely, board games, plush toys, plastic figurines, card games, parlor games, jigsaw puzzles; video game apparatus, namely, video game machines, video game consoles; gymnastic and sporting articles, namely, manually operated exercise equipment; decorations for Christmas trees

International Classes 28 - Primary Classes **US Classes** 22, 23, 38, 50 **International Class Title** Toys and Sporting Goods

For Paper and cardboard; printing products, namely, comic books, comic magazines, postcards, calendars, notebooks, stationery, posters, illustrated prints, printed cartoons, newspaper cartoons, cartoons printed in newspapers; bookbinding material; photographs; stationery and office requisites, excluding furniture, namely, staplers, paper trimmers, paper clips, hole punchers; adhesives for stationery or household purposes; drawing material and material for artists, namely, drawing pens, pencils; paintbrushes; instructional or teaching material, namely, printed workbooks in the field of art and illustration; sheets, films and bags of plastic materials for wrapping and packaging; printing type, printing blocks

International Classes 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

For · Education services, namely, courses, workshops, and classes in the field of art, cartoons, illustration, culture, current events, history, technology, and personal development; training in the field of art and illustration; entertainment, namely, Providing online non-downloadable cartoon strips, Providing online non-downloadable comics, presenting live lectures in the field of art, cartoons, and illustration, presenting live musical performances; sporting and cultural activities, namely, organizing community sporting and cultural events; providing a website featuring resources, namely a website featuring primarily non-downloadable publications in the nature of pictures, illustrations in the field of cartoons, comics; providing on-line publications in the nature of applications concerning comics, cartoons; Publishing of books, Publishing of e-books, Publishing of illustrations

International Classes 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

RELATED PROPERTIES INFORMATION

International Registration 1482142 **International Registration Date** Feb. 04, 2019

GOODS AND SERVICES INFORMATION

For Machines and machine tools for treatment of materials, gasses and waste, namely, vacuum distillation units, dry cyclones for dust removal from blast furnace/basic oxygen furnace (BF/BOF) gas, de-oxygenation reactors being industrial chemical reactors for oxygen removal from BF/BOF gas, centrifugal decanters for sludge for wastewater treatment, solid handling systems primarily comprised of solid-liquid mixer for preparation of fermentation media for industrial and commercial applications

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Chemicals products used in industry; namely, ethanol, butanediol, isopropanol, acetate and derivatives being ethylene, ethylene oxide, ethylene glycol, ethyl benzene, ethyl alcohol, acetaldehyde, butadiene, methyl ethyl ketone, caproic acid, caprylic acid; bacterial substances, namely, biological preparations and single cell proteins for use in the food industry as an ingredient or a substitute for protein-rich foods, being suitable for human consumption or as animal feeds; alcohols, namely, alcohol for industrial purposes, ethanol not used as a fuel, ethyl alcohol; gas for industrial purposes in the nature of methane, carbon monoxide and carbon dioxide in liquefied and gas form; ethanol not used as a fuel

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Treatment of gas in the nature of compression, separation, fermentation and distillation; chemical processing in the nature of water treatment, namely, biochemical conversion of dissolved and particulate organic material into biogas (methane and CO2), struvite precipitation from liquid digestate, and ammonia recovery through steam stripping and condensing, nitrification and denitrification, and recycling of chemicals, namely, ammonia; production of energy; recycling; processing and production of fuels and ethanol fuels; processing of components of waste fuel; processing of industrial gases

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Ethanol fuels; fuel; fuel gas; alcohol fuels; ethyl fuels; gaseous fuels; liquid fuels; smokeless fuels; biofuels; motor fuels; additives, non-chemical, to motor fuel

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Engineering services in the field of environmental technology, energy technology and energy efficiency; research and development in the field of biotechnology; engineering services in the field of blast furnaces and steel plants

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Common metals and their alloys; steel, unwrought or semi- wrought; iron, unwrought or semi-wrought; iron for direct reduction and directly reduced iron

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

International Registration 1486271 **International Registration Date** Jun. 24, 2019

GOODS AND SERVICES INFORMATION

For Database management; compilation of trade, business, price and statistical information into computer databases; provision of trade, business, price and statistical information in the fields of sea-borne cargoes, ship brokering, charting and leasing of transport for the carriage of bulk goods and cargoes by sea, and the sale and purchase of vessels from online databases via a global computer network; computerised database management; provision of business information relating to ship broking, chartering and leasing of transport for the carriage of bulk goods and cargoes, and the sale and purchase of vessels; preparation and preparation in the nature of compilation of business and market reports; providing information services in relation to all of the aforementioned services, in particular, providing such services on-line from a computer database, Intranets, the Internet, or any other global communications networks

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Downloadable electronic databases in the fields of sea-borne cargoes, ship brokering, charting and leasing of transport for the carriage of bulk goods and cargoes by sea, and the sale and purchase of vessels; electronically recorded data files featuring commercial and market information in the fields of sea-borne cargoes, ship brokering, charting and leasing of transport for the carriage of bulk goods and cargoes by sea, and the sale and purchase of vessels, provided via computer and communication networks; electronic publications in the nature of market reports in the fields of sea-borne cargoes, ship brokering, charting and leasing of transport for the carriage of bulk goods and cargoes by sea, and the sale and purchase of vessels

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

International Registration 1486328 **International Registration Date** May 16, 2019

GOODS AND SERVICES INFORMATION

For gas for use as refrigerants for use in industrial cooling systems and air conditioning systems; reagents for testing the sterility of medical equipment; fluorinating chemical agent for use in the manufacture of pharmaceutical and agricultural products; oxime chemicals used as waterproofing masonry sealant; polymer compositions used in manufacturing semiconductor components; Unprocessed artificial and synthetic resins, namely, nylon resins; chemical solutions to be used as dopants in semiconductors; fluorinated solvents, namely, degreasing and cleaning solvents; Propellant gases for aerosols and dispersants; chemicals for use in agriculture, namely, diammonium sulfate, for use as an adjuvant in herbicides; sulfur-containing nitrogen fertilizer for agricultural use; active chemical ingredients and solvents for use in the manufacture of insecticides; polymers and polymeric additives for use in the manufacture of plastics, cosmetics, adhesives, lubricants wax and coatings; unprocessed polyethylene and ionomer resins used as a color enhancer in the manufacture of plastics and fibers; unprocessed epoxy resin dispersion for the preparation of enamels, coats and primers; unprocessed polyethylene resins

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Life-saving apparatus and equipment, namely, safety harnesses for fall prevention, safety gloves, safety helmets and face shields, safety footwear being protective footwear for the prevention of accident or injury, respiratory protection products, namely, air purifying respirators and rescue breathing apparatus, self-contained breathing apparatus for use by first responders, eye and face protection apparatus, namely, goggles, protective eyewear, protective glasses, and face shields, and electrical safety protective gear, namely, gloves, face shields, and hoods; personal and handheld gas detection systems and devices comprised of sensors, calibrators, displays, and housing of the unit, safety eyewear and goggles; safety, security, protection and signaling devices, namely, electronic lock out devices for controlling access to dangerous areas, and emergency public address systems comprised of speakers, amplifiers; electronic access control devices for controlling entry to buildings and/or

restricted areas of buildings; alarms and warning equipment, namely, anti-intrusion, smoke, fire, water detectors, alert systems; alarms for buildings, namely, gas detectors, smoke detectors, anti-intrusion detectors, fire alarms, water leakage alarms, and security control panels and motion detectors; electronic video surveillance apparatus, namely, cameras, including video cameras, display monitors and peripheral equipment; signaling apparatus and instruments, namely, video surveillance cameras, recorders, and structural hardware and downloadable and recorded computer operating system and monitor software therefor; security control apparatus, namely, security control panels; security alarms; security warning apparatus, namely, building security alarms; control panels for security alarms; security alarm systems other than for vehicles comprised of intruder alarms, and fire/smoke alarms/detectors; wireless controllers for remotely monitoring and controlling the function and status of security systems; automatic access control apparatus for controlling entry to buildings and/or restricted areas of buildings; automatic and electric access control systems comprised of video cameras, video recorders and hardware and downloadable and recorded software used to operate these access control systems; automatic and electric access control units for controlling entry to buildings and/or restricted areas of buildings; electronic access control systems for interlocking doors comprised of electronic data readers, hardware and downloadable and recorded computer software therefore; electronic access control systems for buildings comprised of electronic data readers, hardware, and downloadable and recorded computer software therefor; remote control apparatus for opening and closing doors; security and access control equipment for controlling entry to buildings and/or restricted areas of buildings; motion and light sensors for security or access control systems or equipment; motion and laser detectors for security or access control systems or equipment; computer and video monitors for security or access control systems or equipment; anti-intrusion alarms for security or access control systems or equipment; electric control panels for security or access control systems or equipment; electrical control panel housing for use with security or access control systems or equipment, namely, controllers and switches; keypads for use with security or access control systems or equipment; transceivers for security or access control systems or equipment; radio, data, and wireless transmitters for security or access control systems or equipment; wireless, multi-protocol, digital and radio frequency signal receivers for security or access control systems or equipment; environmental sensors and detectors for detecting heat, temperature, water, smoke, gas, pressure and movement; power supplies; transformers for security or access control systems or equipment; electronic magnetic contacts for security or access control systems or equipment; electronic switch plates for security or access control systems or equipment; electronic motion sensitive switches for security or access control systems or equipment; hardwire sirens; audio speakers for security or access control systems or equipment; electronic drivers in the nature of downloadable and recorded computer software operating systems for security or access control systems or equipment; electronic intrusion detectors for security or access control systems or equipment; electronic glass break pressure sensors for security or access control systems or equipment; electronic vibration sensors for security or access control systems or equipment; electronic motion sensors for alarms, access control and alarm monitoring systems; fire protection and safety equipment, namely, respirators other than for artificial respiration and self-rescue apparatus, namely, oxygen breathing units; fire resistant clothing, namely, gloves, helmets, hoods, footwear; fire protection and safety equipment as components, or together as a system comprising one or more units in the nature of smoke detectors, fire detectors, radio public address systems, water detectors, gas detectors for the sensing, detecting, monitoring, annunciation and reporting of smoke, hazardous gas, temperature, environmental conditions, frozen pipes, and water leakage; downloadable and recorded computer software for monitoring, controlling, and managing security, fire, and access control systems and devices; electronic key fobs being remote control apparatus and readers and encoders therefor; downloadable and recorded computer software for facilities management and controlling facility access systems and structural components therefor; surveillance equipment sold individually, as components, or together as a system, namely,

video cameras and recorders, video hardware and downloadable and recorded video software for handling/processing/storing/transmission of video recordings; downloadable and recorded computer software for controlling and monitoring building systems in the nature of security, air conditioning, heating and lighting systems; communication control hardware, and video transmission devices sold separately or as part of a system for operating closed circuit cameras, namely, video cameras; computer storage devices, namely, data storage devices and data transmission devices for use with security and surveillance systems, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; tracking and control systems comprising one or more radio frequency identification tags, transceivers, and sensors used to determine and monitor the location and movement of tangible assets, inventory and individuals; respirators for non-medical use for protection against contaminants in air; self-contained breathing apparatus not for artificial respiration; protective spectacles; protective goggles; protective face shields against accidents, skin irritation and fire; welding helmets, being protective helmets; protective work headwear for protection against accidents or injury, namely, protective hats and caps being hard hats, bump caps, safety helmets; protective work clothing, in particular, hoods, jackets, pants, overalls, coats for protection against accident, skin irritation and fire; boots for protection against accident or injury; clothing for protection against accident, skin irritation and fire; footwear for protection against accidents, skin irritation and fire; gloves for protection against accidents, skin irritation and fire; disposable gloves for laboratory use; Fall protection equipment for fall restraint and fall arrest, namely, lanyards, harnesses, lines, bars, anchors, life belts, safety nets, beam grips, line tension indicator, turnbuckles, bars, anchors, harnesses, lanyards, cables anchorage connectors, carabiners, lifelines, stanchions, and shock absorbers; gas detection and alarm systems, namely, gas detection control panels and gas sensors and detectors; structural parts and fittings of all the aforesaid goods; downloadable or recorded software for use in connecting, controlling, securing, monitoring, automating, managing, maintaining, analyzing, optimizing and ensuring the safety and enhancing the user experience of industrial and manufacturing processes, assets and facilities, commercial buildings, utilities assets and facilities, aviation and transportation operations and facilities, cybersecurity systems and the related management of industrial and commercial workers and managers; downloadable or recorded software for data collection, analysis and optimization and management in the fields of industrial and manufacturing processes, assets and facilities, commercial buildings, utilities, aviation and transportation operations and facilities, cybersecurity systems and the related management of industrial and commercial workers and managers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Communication services, namely providing electronic transmission of information stored in a database via interactively communicating computer systems; telecommunication services, namely, providing access to pictures, video, alarm status, building plans and other building and security information at a remote station; telecommunication services, namely, transmission of electronic mail; electronic communication services, namely, data communication by electronic mail; computerized communication services, namely, data communication by electronic mail; mobile communication services by telephone, radio, satellite and global computer network; data communication services by electronic mail; electronic data transmission; providing electronic telecommunication connection to a global computer network; transfer of data by telecommunications; transfer of data by wireless telecommunication; communication services, namely, transmission of voice, audio, visual images and data by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks for control and management of people tracking systems, asset and vehicle tracking

systems, alarm and fire detection systems, home and commercial automation building systems, security systems, and environmental controls

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Consultation services for the development of cloud based computer software; cloud computing services, namely, server hosting; software as a service (SAAS) services featuring software for database management, facilities management and control facility access systems; platform as a service featuring computer software programs for database management, facilities management and controlling facility access systems, controlling and monitoring building systems in the nature of security, air conditioning, hearing and lighting systems, connecting devices to software applications to manage and provide added software functionality to the devices, the transfer of information and user defined data; consultation in the field of cloud computing computer networks and software applications; providing temporary use of online non-downloadable operating system software for accessing and using a cloud computing network; providing technical advice relating to the design and development of computer hardware and software; technical support, namely, providing online software troubleshooting support services for computer program users; research and consultancy services relating to the design and development of computer hardware and computer software; software research, development, engineering and design; software development, programming and implementation; software as a service (SaaS) services, namely, hosting software for use by others to manage service scheduling, billing, and the diagnosis and repair of fire alarm control panels, related accessories, and other in-building equipment; software as a service featuring software for use in database management, service scheduling, billing, diagnosis and repair pertaining to applications for fire alarm systems; software as a service services featuring software for use in database management pertaining to applications for automation systems; hosting of digital content on the internet; providing information about scientific research and analysis and preparation of technical reports with respect to industrial process controls, and home, building and environmental controls by means of a global computer network; application service provider (ASP), namely, hosting computer software applications of others; technological consultation services, in the technology field of scientific and technological testing, and design services; cloud computing featuring software for use in scientific and technological testing, and design services; leasing of computer hardware and software for use in scientific and technological and design services, included in the class; electronic data storage service, namely, providing remote storage of user's electronic and digital files and making them available to the user through a global communication network; software as a service (SaaS) featuring software for use in connecting, controlling, securing, monitoring, automating, managing, maintaining, analyzing, optimizing, and ensuring the safety and enhancing the experience of industrial and manufacturing processes, assets and facilities, commercial buildings, utilities assets and facilities, aviation and transportation operations and facilities, cybersecurity systems and the related management of industrial and commercial workers and managers; platform as a service (PaaS) featuring computer software platforms for use in connecting, controlling, securing, monitoring, automating, managing, maintaining, analyzing, optimizing, and ensuring the safety and enhancing the user experience of industrial and manufacturing processes, assets and facilities, commercial buildings, utilities assets and facilities, aviation and transportation operations and facilities, cybersecurity systems and the related management of industrial and commercial workers and managers

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

GOODS AND SERVICES INFORMATION

For Wind installations for producing electricity, namely, wind turbines and windmill pumps; wind apparatus for electricity generation, namely, generators for wind turbines; energy generating installations, namely, electric generators; wind turbine blades for power generation; shovels, mechanical; mechanical shovels

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Simulation apparatus, namely, flight simulators and driving simulators; environmental test chambers, namely, temperature simulation equipment; downloadable and recorded simulation software for simulating driving and flying; apparatus for scientific and laboratory research, educational apparatus and simulators, namely, ionization apparatus for scientific use; downloadable and recorded software for system cleaning and optimization; data storage devices, namely, blank flash memory cards; downloadable and recorded data storage programs for simulating driving and flying; sensors for detecting power surges used for controlling power plants; power modules, namely, power supplies; software for optimization of computers for deploying parallel applications and performing parallel calculations; downloadable and recorded software for use in database management, use as a spreadsheet, word processing; energy banks in the nature of rechargeable battery packs; energy control devices, namely, electrical controllers; accumulators for wind energy; apparatus for controlling electrical energy, namely, electrical controllers; electrical energy transmission apparatus, namely, electrical wires; electric batteries and solar batteries; thread, geiger, counters; electronic meters for measuring wind speed; downloadable and recorded software for use in remote meter reading; downloadable and recorded software for use in remote meter reading; computer hardware for remote meter reading; downloadable and recorded computer software for use in hand-held mobile digital electronic devices and other consumer electronic products for use in database management, use as a spreadsheet, word processing; fuel

consumption meters in the nature of fuel gauges; apparatus for monitoring wind power consumption, namely, electricity meters; downloadable software applications for use in database management, use as a spreadsheet, word processing; downloadable computer applications for use in database management, use as a spreadsheet, word processing; wind energy analyzers in the nature of electricity meters; recorded and downloadable software for monitoring computer systems; apparatus and instruments for monitoring, namely, security cameras; devices for testing and quality control, namely, water testing instrumentation for monitoring and detecting contamination; image digitalization apparatus, namely, optical scanners; audio digitizers namely, digital audio recorders; load cells digitizers, namely, strain gauge; video digitizers, namely, frame grabber de grab; electronic digitizers, namely, graphics tablet; digitizing scanners; inspection apparatus and instruments namely, air analysis apparatus; cameras for checking and inspecting equipment in an installation of wind power; detection apparatus namely, light detection and Ranging (LIDAR) apparatus; detectors, namely, radon detectors, motion detectors; instruments for measuring, detecting and monitoring, indicators and controllers namely, speed indicators; sensors and detectors, namely, vibration sensors for installation in windmill housings; apparatus for recording sound and images namely, chronographs for use as specialized time recording apparatus; computers for managing control devices for aircraft

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Electronic storage of images; development of data storage systems; design of storage systems; design and development of systems for renewable energy generation; computer software development, namely, creation of control programs for electric function control modules and activation modules; computer software development and testing relating to calculation methods and algorithms; design and development of wind and photovoltaic systems; technical project studies, namely, scientific research; engineering project studies, namely, engineering services; technical studies, namely, scientific research; preparation of technical studies, namely, scientific research; provision of scientific information regarding scientific research involving technical project studies relating to the use of natural renewable energy; advisory services in the fields of product development and software programming quality improvement; consultancy in the field of engineering services designed to promote energy saving and energy efficiency; technological consultation in the field of selecting air conditioners, lawn mowers, relating to the energy and power needs of others; technical advice in connection with energy-saving measures, namely, consulting services in the fields of energy measurement to improve energy efficiency; energy auditing; technological consulting services in the field of energy supply; product development of energy management systems; design and development of energy distribution network products; design and development of software for controlling, regulating and monitoring solar and wind energy systems; scientific research in the field of energy; scientific research involving technical project studies relating to the use of renewable natural energy; advisory services relating to energy consumption, namely, consulting services in the field of energy measurement to improve energy efficiency; engineering services relating to production of solar and wind energy; certification, namely, quality control for others; troubleshooting in the nature of diagnosing problems of consumer electronic products; product safety testing and consultancy in the field of consumer product safety testing; safety testing of consumer products; consulting services in the field of energy measurement to improve energy efficiency involving recording data relating to energy consumption in buildings; design and development of consumer products; development of software applications; providing temporary use of online, non-downloadable computer software for tracking merchandise and production, distribution and consumption of energy via computer networks, intranets and the internet; provision of temporary use of online, non-downloadable computer software for tracking parcels and production, distribution and energy consumption on computer

networks, intranet networks and the internet; development of energy and electricity management products; development of computer software for logistics, supply chain management and business portals relating to energy; product design of information systems relating to energy management; design and development of energy management software; product quality testing and quality control for others; temporary electronic storage of information and data; electronic data storage; product design of data storage systems; product design and development of systems for the input, output, processing, display and storage of data; Digitization of documents; digitalization of images and sound, namely, digital transfer services for transferring archives, home videos and film to DVD and the internet; environmental testing and inspection services; remote aerial detection relating to environmental explorations namely, air density and animal detectors; development of aircraft namely, aircraft design; aircraft design; design of computer programs and software relating to aircraft

GOODS AND SERVICES INFORMATION

For Mechanical apparatus, equipment and instruments, namely, electrical soldering stations comprised primarily of electric soldering irons, and soldering tips for use in the manufacture of electrical engineering and electronic products, and their parts and accessories; machines and machine tools, namely, etching tools for material processing and production, in particular for the processing and production of printed circuit boards assembled with electronic components; electrical and electronic apparatus, machines, appliances and equipment, namely, electric soldering irons for manufacturing electrical and electronic components and printed circuit boards assembled with electronic components; autogenous soldering machines, electric and gas-operated soldering apparatus, soldering devices and soldering instruments, namely, soldering irons as well as their parts and accessories; electric soldering apparatus sold as soldering systems comprised of the following items: electric soldering irons, soldering tips, soldering nozzles, soldering nozzle inserts, soldering lamellas, soldering strands as parts of, soldering pots, soldering baths; electric solder pumps, all for use as part of an electric soldering apparatus; overflow, reflow, selective and wave soldering machines and systems comprised primarily of electric soldering irons, electric soldering pumps, and apparatus therefor including a workman's table for soldering, and parts and accessories therefor; 3D printers, 3D stencil printers and soldering stencils, industrial printing machines for printed circuit boards; electric brushes being parts of machines; Reflow, selective, overflow and wave soldering machines and systems comprised of radiators and heating devices for use in soldering machines, in particular infrared radiant heaters, hot-air nozzles and heating plates for use in soldering machines; electric and gas-operated soldering apparatus comprised of support holders for soldering irons, soldering nozzles and soldering tips; suction devices, namely, suction pumps in particular for the suction of welding or soldering fumes; filter devices, namely, filtering machines in particular for filtering welding or soldering fumes; mechanical and hydraulic lifts, namely, lifting and lowering stations as well as height difference and rotating stations as parts of soldering installations; cleaning machines, in

particular for cleaning printed circuit boards, solder joints on printed circuit boards and electronic components for arrangement on printed circuit boards; cutting, drilling, milling, punching, grinding, polishing, sharpening and surface treatment machines and apparatus for industrial purposes; industrial press-in machines, in particular for pressing electronic components into printed circuit boards; industrial cooling machines, namely, cooling devices and cooling bodies in the nature of machine parts that cool and maintain temperature as part of machine piping systems sold as an integral component of finished machines for plants for industrial use; conveying machines and conveyor belts, in particular for printed circuit boards and electronic components as parts of machines and plants; hydraulic, pneumatic or mechanical apparatus, namely, controllers for industrial use and hydraulic controls for machines; industrial robots for handling workpieces, in particular electronic components and printed circuit boards; operating devices¸ namely, controllers as machine parts for the aforementioned machines and spare parts and accessories for all aforementioned machines

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Soldering Fluxes, namely, chemical substances for soldering and desoldering; soldering preparations; chemical solutions for use in industrial cleaning processes, namely, for cleaning and regenerating oxidised solder joints, soldering tips, soldering nozzles, soldering nozzle inserts, soldering grids, desoldering braids; chemical adhesives for bonding for industrial purposes and not for household or stationery purposes; chemical adhesive powders for industrial use and not for household or stationery purposes

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Retail and wholesale store services featuring electrical and electronic manufacturing equipment and installations, as well as material processing machines and machine tools, including their parts and accessories, in particular soldering machines, soldering apparatus, soldering devices and soldering instruments and soldering equipment consisting of printers, stencil printers and soldering stencils, printing machines for printed circuit boards, gluing machines, heating, suction and filtering apparatus, cleaning machines, press-in machines, cooling appliances and cooling bodies, conveyors, conveyor belts, controls, control devices, robots, computer software, measuring, counting, alignment and calibration instruments, thermocouples and thermometers, testing and quality control devices, replication devices, scanners, monitoring instruments and apparatus, diagnostic, examination and monitoring devices, sensors and detectors, soldering accessories, in particular fluxes, chemical substances for soldering and desoldering, cleaning agents, chemicals for gluing, small items of metal hardware, welding and soldering materials

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance and repair of industrial plants, machinery and plants for processing and production engineering, and assembly services relating to the aforesaid installation; construction of industrial plants; installation, maintenance and repair of computer hardware, network servers and information technology computer peripheral equipment and electrical and electronic equipment for use in industrial plants, machinery and equipment for process and production engineering; dismantling services for industrial plants

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Computer hardware, namely, communication equipment for industrial machinery and equipment; electrical and electronic controlling devices; voltage regulators; electronic controllers for machinery and equipment; industrial automation controls with integrated software, industrial automation controls; individually programmable industrial auotomation controls; downloadable computer software, namely, downloadable robotic process automation software, all for the design and modelling of 3D printed products; downloadable mobile application software for use in smart devices, in particular tablet PCs and smartphones, allowing individuals to program software for use in 3D printing; measuring, counting, alignment and calibrating instruments for use in measurement of tools, temperature measuring instruments and measuring instruments for the measurement of physical quantities, other than for medical purposes; thermocouples; thermometers not for medical purposes; test and quality control equipment, namely, testing equipment for electrical eddy current testing of electronic components and for assembled printed circuit boards; photo-copying machines, scanners; monitoring instruments and apparatus not for medical purposes, namely, monitoring instruments for use in monitoring and controlling machines, namely, conveyors, for use in the field of evaluating and manufacturing electric and electronic products; measuring, detecting, inspecting and monitoring instruments, namely, thermometers not for medical purposes, cameras, temperature sensors; audio, visual and photographic monitoring equipment, namely, cameras for monitoring industrial processes, in particular for monitoring a soldering or desoldering process; temperature sensors; motion detectors; 3D printers

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific and technological services, namely, scientific research in the field of manufacturing and process optimisation, as well as related technical consultancy; development, programming and implementation of software and hardware development for products and equipment of mechanical, electrical and electronic engineering, in particular for the printed circuit board industry; structural design services provided by engineers, in particular for the construction of machines, systems and plants for production and process optimisation in the printed circuit board industry; research and development services in the fields of mechanics, electrics, software and optics, in particular for manufacturing technology in the printed circuit board industry; technical drawing engineering services and construction planning engineering services relating to machines and industrial plants, in particular for production technology in the printed circuit board industry; material testing, authentication and quality control, in particular in the field of industrial production machines and plants, including the performance of technical tests and the accompanying preparation of technical-scientific reports relating to the commissioning of production facilities therewith

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Small items of metal hardware, namely, soldering tips and replacement parts for soldering tools; welding and soldering materials of metal, namely, solder wire, solder balls, copper panels for the manufacture of circuit boards, copper wick for use in the electronics manufacturing and repair industries, Copper clad laminates for use in the manufacture of printed circuit boards, tin alloy ingots, zinc alloy ingots, soldering wires of metal, soldering pastes; soldering metals, namely, gold solder and silver solder; metal bars and metal grids for soldering and welding

International Classes 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods
