MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a rectangular image outlined in black of male athletes waving. The athletes are arranged in two rows that recede from right to left. In the front right is a black-haired athlete with beige and grey skin, red lips, black outlined features and wearing a white and grey cloth around his waist. To the left of the first athlete, and slightly behind him, is a black-haired athlete with beige and grey, red lips, black outlined features also wearing a white and grey cloth around his waist. The second athlete has his hand around the first man's left shoulder. To the left of the second athlete, and partially obscured by him, is a third black-haired beige and grey skinned athlete with red lips and black outlined features. Behind the first row is a mostly obscured second row of athletes with black hair, beige and grey skin and with black outlined features. In total, eight hands are raised in front of a background of billowing cloth. The cloth is blue on the right side, white in the center, and red on the left side with black and grey outlines and shading. In the upper left corner, written in black letters, are the words "VIIIe OLYMPIADE" over the small faint black signature "JEAN DROIT". At the top right of the image, in front of the blue cloth, are small rectangular stamps in, from left to right, blue, pink, and beige. From left to right the stamps contain the number "15", "45" and "60" followed by the cents symbol. Below the athletes are crossed green fronds with black highlights tied together with a red and blue ribbon. The left frond is partially obscured by a shield that is tipped to the left. The shield is predominantly red with a golden border and a blue stripe across the top. Centered on the shield is a yellow double-mast sailing vessel with oars partially submerged in the golden stylized waves. Four rigging lines protrude from the left-side of the vessel to a crenelated tower and flag that protrudes from the tops of the crest. A golden fleur-de-lis design is on the left side of the shield's blue band. At the bottom of the image, written in stylized white font with a black border, are the words "JEUX OLYMPIQUES". The image is set against a beige rectangle. In the top border, written in black stylized letters, are the words "PARIS _ 1924". **Color Drawing** Yes **Color Claimed** The color(s) beige, black, blue, white, red, yellow, pink, green, grey, golden is/are claimed as a feature of the mark. **Translation** The English translation of the various foreign words in the mark is as follows: "JEUX OLYMPIQUES" translates to "Olympic Games"; "VIIIe OLYMPIADE" translates to "8th Olympiad". **Name Portrait Consent** The name "JEAN DROIT" contained in the mark does not

identify a living individual.

electronic interactive whiteboards; electronic notice boards; life jackets; reflective safety vests; identification threads for electric wires; nose clips for divers and swimmers; locks, electric; warning bells; electric warning bells; electric door bells; signal bells; audio interfaces; acoustic conduits; inspection mirrors; road signs, luminous or mechanical; marine depth finders; probes for scientific purposes, namely, avalanche probes featuring sensors for measuring snow depth; electric buzzers; needles for surveying compasses; needles for record players; measures, namely, tire-pressure measures, spirit measures, pressure measuring apparatus; simulators for the steering and control of vehicles; pressure indicators; temperature indicators; incubators for bacteria culture; cosmographic instruments, namely, astronometric measuring machines and instruments; mathematical instruments, namely, calculators; levelling instruments, namely, level gauges; instruments containing eyepieces, namely, microscopes, telescopes, photo and video cameras; surveying instruments; azimuth instruments, namely, compasses for measuring; interfaces for computers; ionization apparatus for scientific or laboratory use but not for the treatment of air or water; coaxial cables; fiber optic cables; cables, electric; laboratory equipment and supplies, namely, calipers; slide calipers; screw-tapping gauges; calorimeters; calculating machines; pocket calculators; decompression chambers; cinematographic cameras; thermal imaging cameras; mouth guards for sports; life-saving capsules for natural disasters; electronic pens; holders for electric coils; identity cards, magnetic; video game cartridges; toner cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; magnetically encoded charge cards; riding helmets; protective helmets; slide film mounts; automated teller machines (ATM); cathodes; spools for cameras; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; wire connectors; encoded key cards; electronic book readers; electronic agendas; push buttons sold as a component part of call bells; magnetic encoders; anti-glare glasses; electric collectors in the nature of electric conductors; smart rings; protective suits for aviators; commutators; compact discs featuring music, cartoons, and TV shows; comparators; marine compasses; computers; laptop computers; tablet computers; notebook computers; contacts, electric; wind socks for indicating wind direction; safety traffic cones; branch boxes, namely, electrical distribution boxes; battery boxes; cabinets for loudspeakers; diving suits; reflecting discs for wear, for the prevention of traffic accidents; covers for electric outlets; lasers, not for medical purposes; lactodensimeters; lactometers; vacuum tubes for radios; photography darkroom lamps; thermionic tubes; amplifying tubes, namely, vacuum tubes for radios; flashlights for use in photography; head cleaning tapes for video recorders; blank magnetic computer tapes; blank video tapes; surveying chains; safety equipment, namely, fire escape ladders; measuring rulers; square rulers for measuring; slide-rules; contact lenses; optical lenses; optical condensers; depth gauges in the nature of marine depth finders; electricity conduits; measuring spoons; magnifying glasses; thread counters; magnets; decorative magnets; close-up lenses; crash test dummies; resuscitation mannequins; pressure gauges; electronic security token in the nature of a fob-like device used by an authorized user of a computer system to facilitate authentication; divers' masks; solderers' helmets; protection masks; respiratory masks for non-medical purposes, other than for artificial respiration; materials for electricity mains, namely, electric wire and cable; voting machines; money counting and sorting machines; furniture especially made for laboratories; megaphones; portable media players; acoustic diaphragms, namely, electroacoustic transducers; diaphragms for scientific apparatus, namely, electro-optic transducers; metal detectors for industrial or military purposes; digital weather station instruments; metronomes; measuring rules; carpenters' rules; tape measures for dressmakers; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; shutter releases; micrometers; microprocessors; microscopes; microtomes; microphones; audio mixers; modems; lightning conductors; computer monitors; computer software to monitor and control factory manufacturing processes; monopods for handheld digital electronic devices, namely, cell phones, MP3 players, selfie sticks; electrical terminators; junction sleeves for electric cables; teeth protectors in the nature of mouth guards for sports; temperature indicator

labels, not for medical purposes; knee-pads for workers; headphones; surveyors' levels; sound recording apparatus; blank magnetic data carriers; blank optical data carriers; electronic sheet music, downloadable; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; microscope objectives; lenses for astrophotography; egg-candlers; fire extinguishers; electrified fences; electricity limiters; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; protective clothing especially made for use in laboratories; ozonisers; octants; protective eye pieces; ohmmeters; wrist rests for use with computers; eyeglass frames; oscillographs; plumb lines; scientific and technical apparatus, namely, optical mirrors; eyeglasses; sunglasses; goggles for sports; electronic collars to train animals; road signs, luminous or mechanical; radio pagers; pince-nez; electronic pocket translators; telecommunications transmitters; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; diving gloves; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; furnaces for laboratory use; laboratory pipettes; pyrometers; planimeters; plates for batteries; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; protective films adapted for computer screens; protective films adapted for smartphones; X-ray films, exposed; life-saving rafts; laboratory trays; digital signs; semi-conductors; polarimeters; fire pumps; measuring glassware; life belts; fuses; circuit breakers; converters, electric; diagnostic apparatus for testing food; distance measuring apparatus; appliances for measuring the thickness of leather; time recording apparatus; astronometric measuring machines and instruments; surveying apparatus in the nature of levelling rods and surveying instruments; weighing apparatus and instruments; nautical and photographic apparatus and instruments, namely, underwater housings for cameras, underwater enclosures for cameras and underwater enclosures for photographic lenses; electric navigational instruments; optical apparatus and instruments, namely, optical ports for underwater photography, dome ports for underwater photography, wet diopters, adapter lenses for underwater photography; apparatus and instruments for physics, namely, gravity measuring instruments, gas testing instruments; chemistry apparatus and instruments, namely, laboratory chemical reactors, pre-packed columns for use in chemical synthesis; measuring apparatus, namely, bevels, angle finders; electric measuring apparatus, namely, clamp meters for measuring electricity; boiler control instruments; meteorological instruments; observation instruments, namely, microscopes, telescopes, binoculars; navigation apparatus for vehicles in the nature of on-board computers; satellite navigational system, namely, a global positioning system (GPS); precision measuring apparatus, namely, laser distance meters; audio- and video-receivers; prisms for optics purposes; computer printers for printing documents; apparatus for changing record player needles, namely, phonographic record cleaning kits comprised primarily of replacement stylus needles and also including cleaning solution and brushes; drainers for use in photography, namely, drying racks for photography; [telescopic sights for firearms;] telescopic sights for artillery; laboratory equipment and supplies, namely, test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; computer game software; computer operating programs, recorded; record players; downloadable electronic publications in the nature of e-books, magazines and newspapers, the foregoing downloadable electronic publications in the field of family entertainment and education; electricity distribution consoles; electric control panels; radar apparatus; masts for wireless aerials; telecommunications transmitters; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; flowmeters; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; electronic regulating and control devices for the operation of light emitting diodes in stage lighting apparatus; speed regulators for record players; electric switches, namely, cell switches in the nature of Ethernet switches for transporting electronic data, electric

current switches for transporting electronic data; washing trays specially adapted for photography usage; marking gauges for joinery purposes; T-squares for measuring; time switches, automatic; relays, electric; X-ray photographs, other than for medical purposes; rheostats; retorts for use in high temperature chemical reactions; refractometers; refractors in the nature of telescopes; grids for batteries; humanoid robots with artificial intelligence; speaking tubes; horns for loudspeakers; subwoofers; saccharometers; optical fibers; traffic-light apparatus; dog whistles; signalling whistles; sextants; electrical inductors; safety nets; nets for protection against accidents; fire alarms; luminous or mechanical road signs; sirens; electronic access control systems for interlocking doors; wearable computer peripherals worn as eyeglasses; smartphones; smartwatches; connections for electric lines; couplings, electric; sonars; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents, namely, nets, gloves, footwear for protection against accidents; audiovisual teaching apparatus, namely, microphones; charging stations for electric vehicles; radiotelegraphy sets; radiotelephony sets; spectacle lenses; anti-glare glasses; optical glasses; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfitometers; bags adapted for laptops; drying racks for photography; spherometers; integrated circuits; printed circuits; Geiger counters; parking meters; kilometer recorders for vehicles; abacuses; egg timers; taximeters; ear plugs for divers; tachometers; television apparatus for projection purposes; telegraphs; telescopes; teleprinters; cordless telephones; cellular phones; theodolites; interactive touch screen terminals; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; laboratory equipment, namely, crucibles; tone arms for record players; electronic components in the nature of transistors; transponders; protractors; electronic components in the nature of transformers; step-up transformers; vehicle breakdown warning triangles; triodes; battery starter cables for motors; discharge tubes, electric, other than for lighting; neon signs; pitot tubes; X-ray tubes not for medical purposes; telephone receivers; squares for measuring; pressure gauges; quantity indicators, namely, water level indicators; automatic indicators of low pressure in vehicle tires; gasoline gauges; water level indicators; light-emitting electronic pointers, namely, laser pointers; slope indicators; spirit levels; mercury switches; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; baby monitors; balances; video recorders; sound reproduction apparatus; calculating machines for invoicing; tape recorders; data processing apparatus; electric theft prevention installations, namely, theft alarms; film cutting apparatus, namely, editing machines for movie films; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies, namely, frames for photographic transparencies; dosage dispensers, namely, machines for dispensing pre-determined dosages of medication; battery chargers; chargers for electric batteries; chargers for electronic cigarettes; acoustic alarms; sounding apparatus and machines, namely, alarm installations and alarms; editing appliances for cinematographic films, namely, editing machines for movie films, apparatus for editing cinematographic film; anti-theft warning apparatus, namely, burglar alarms; computer peripheral devices; anti-interference devices, namely, filters for radio interference suppression; acoustic couplers; personal security alarms; fog signals, non-explosive; whistle alarms; adding machines; central processing unit (CPU) coolers; photocopiers; electric and electronic effects units for musical instruments; bar code readers; downloadable image files containing photos and pictures; downloadable music files; filters for non-medical respiratory masks; filters for ultraviolet rays, for photography; blank USB flash drives; magic lanterns; optical lamps; optical signal lanterns being optical lanterns; cameras; camera shutters; photometers; flash bulbs; digital photo frames; enlarging apparatus, namely, magnifying lenses; photovoltaic cells; containers for contact lenses; eyeglass cases; containers for microscope slides, namely, slide boxes; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs for use as specialized time recording apparatuses;

laboratory centrifuges; eyeglass chains; cyclotrons; compasses for measuring; frequency meters; time clocks; petri dishes; sleeves for laptops; covers for personal digital assistants (PDA); covers for tablet computers; covers for smartphones; fire blankets; electronic chips for the manufacture of integrated circuits; jiggers; pedometers; meteorological balloons; asbestos safety screens for firemen; fire hose; virtual reality headsets; protective helmets for sports; head guards for sports; cell phone straps; eyeglass cords; tripods for cameras; switchboards; electrical distribution systems, namely, power distribution panels; audio equalizer apparatus; workmen's protective face-shields; projection screens; fluorescent screens; exposure meters for photographic devices; electrical ducts; galvanic cells; epidiascopes; ergometers not for medical purposes; armatures for use in electrical apparatus; electronic black boxes for recording data

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For news agency services for electronic transmission; wireless broadcasting; television broadcasting; cable television broadcasting; electronic bulletin board services; information about telecommunication; providing user access to global computer networks; providing access to databases; providing telecommunications connections to a global computer network; computer aided transmission of messages and images; transmission of telegrams; transmission of digital files; videoconferencing services; rental of telecommunications apparatus for sending messages; rental of access time to global computer networks; rental of modems; rental of telecommunication equipment; rental of telephones; rental of facsimile apparatus; radio broadcasting; radio communications; transmission of electronic mail; communications by fiber optic networks; communications by cellular phones; communications by computer terminals; satellite transmission; communications by telegrams; communications by telephone; facsimile transmission; paging services; teleconferencing services; voice mail services; streaming of data; telegraph services; telephone communications services

For Engines for land vehicles; drive units for vehicles, namely, electric drives for land vehicles and vessels in the nature of boats and ships; electric motors for land vehicles; gasoline and diesel engines for land vehicles; electric drives for vehicles; electrical motors for land vehicles * ; except tyres and tyre related items *

International Classes 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Engines for vessels in the nature of boats and ships; alternators for land vehicles and vessels in the nature of boats and ships; generators for land vehicles and vessels in the nature of boats and ships; three-phase generators for generating electrical energy in combustion and hybrid engines; three-phase generators for generating electrical energy in vehicles; three-phase generators for the conversion of mechanical energy into electrical energy in combustion and hybrid machines; three-phase generators for the conversion of mechanical energy into electrical energy in vehicles; machine parts, namely, shut-off components for machines; electric generator sets for motors, namely, boost recuperation machines; machine parts, namely, drives for electric generators; machine parts, namely, electric drives for machines; electrical motor starters for machines and power generators; electrical starter motors for machines for use in land vehicles and vessels in the nature of boats and ships

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Wholesale, retail, mail order retail and online mail order retail store services featuring engines, alternators for vehicles, generators, three-phase generators, shut-off components for machines, systems for automatically switching-off and starting of engines, generator sets for motors, drives for electric generators, electric drives for machines, starters for machines and power generators, apparatus and instruments for conducting, switching, transforming, storing, regulating and controlling electricity, apparatus and equipment for recuperation and conversion of energy, engines for vehicles, drive units for vehicles, starters for vehicles, electric motors for vehicles, gasoline and diesel engines for vehicles, electric drives for vehicles, shut-off components for vehicles, systems for automatically switching off and starting of vehicle engines, electrical motors for land vehicles and apparatus and equipment for conducting, transforming, accumulating, regulating, controlling and conversion of energy for use in vehicles

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Installation, maintenance, servicing and repair of engines, alternators for vehicles, generators, three-phase generators, shut- off components for machines, systems for automatically switching-off and starting of engines, generator sets for motors, drives for electric generators, electric drives for machines, starters for machines and power generators, apparatus and instruments for conducting, switching, transforming, storing, regulating and controlling electricity, apparatus and equipment for recuperation and conversion of energy, engines for vehicles, drive units for vehicles, starters for vehicles, electric motors for vehicles, gasoline and diesel engines for vehicles, electric drives for vehicles, shut-off components for vehicles, systems for automatically switching off and starting of vehicle engines, electrical motors for land vehicles and apparatus and equipment for conducting, transforming, accumulating, regulating, controlling and conversion of energy for use in vehicles; consultancy and provision of information on the above-mentioned installation, maintenance, servicing and repair services

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Industrial analysis and research services, namely, testing, analysis, and evaluation of goods of others to assure compliance with industry standards; conducting technical tests, namely, product validation tests in the nature of product quality and safety testing; conducting industrial tests, namely, product quality tests

GOODS AND SERVICES INFORMATION

For Hydraulic and pneumatic rigid non-metal pipes; Rigid non-metal pipes for inert gas; Non-metal ball joints, brackets, couplings, and adapters specially adapters for use with hydraulic and pneumatic rigid non-metal pipes and rigid non-metal pipes for inert gas; Water-pipe valves, not of metal or plastic; Non-metal air flow adjusters in the nature of valves, not of metal or plastic

International Classes 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials

For Pneumatically operated tools, namely, pneumatic grinding machine tools, and pneumatic cut off machine tools; Pneumatic screwdrivers, pneumatic ratchet wrenches, pneumatic drills, pneumatically operated saws, pneumatically operated files, pneumatically operated rivet guns, and pneumatically operated shears; Electric welding machines and cutting machines; Welding torches and cutting torches; Power sources for welding and cutting machines, namely electric power generators; Electric industrial fans and blowers for motors and engines, not for air conditioning; spray guns for paints; Protective shields and hand-held dosing levers specially adapted for use with power-operated compressed air spray guns; Generators, namely high-voltage generators; all the aforesaid goods other than in connection with heat exchangers; Machine tools, namely, metal suction grippers in the nature of clamps, jaws, and vices for use in the precision clamping and holding of work pieces, and for holding piece parts on machine tool tables; Brackets and articulated brackets for holding metal suction grippers in the nature of brackets and articulated brackets specially adapted for holding clamps, jaws, and vices for use in the precision clamping and holding of work pieces, and for holding piece parts on machine tool tables; Machine parts, namely, nozzles as parts of

pneumatically operated compressed air sprayers

International Classes 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

For Repair and installation of pneumatic hydraulic, and gas installations; Repair and installation of apparatus for electrostatic charging and discharging

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Compressed air pressure measuring apparatus; Compressed air temperature measuring apparatus; Compressed air flow rate measuring apparatus; Inert gas dosage regulating apparatus, namely, control valves for regulating the flow of inert gases; Gas pressure measuring apparatus; Gas temperature measuring apparatus; Gas flow rate measuring apparatus; Static electricity eliminators in the form of antistatic rails, guns, blowers and nozzles for discharging ionized air; Electrostatic charging electrodes; inverters; Electrical transformers; Electric voltage transformers; All the aforesaid goods other than in connection with heat exchangers * in particular generators *

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Scientific research in the field of measuring of gases and of electrostatic fields; Engineering in the field of development of customised pneumatic hydraulic and gas apparatus and installations; All the aforesaid services other than in connection with heat exchangers

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Manifolds and branching tubes of metal for hydraulic pipelines, pneumatic pipelines and inert gas pipelines; Metal pipe fittings in the nature of ball joints, brackets, couplings and adapters for use with hydraulic pipelines, pneumatic pipelines, and inert gas pipelines; Metal pipe fittings in the nature of nozzles for compressed air, gas, and water pipes; Valves of metal other than parts of machines

For Industrial chemicals; ceramic glazings in the nature of a dry chemical preparation for use in the manufacture of ceramics; lithium; cerium; neodymium; praseodymium; industrial non-metallic minerals being industrial chemicals other than purposes of building or construction; chemical compositions for developing, printing and enlarging photographs; reagent paper not for medical purposes; paper pulp

International Classes 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

For Business management analysis; business consultancy; market analysis and research services; providing business information concerning commercial sales; business management services; preparation, auditing and attesting of financial statements; employment agencies; import-export agencies; document reproduction; compilation of information into computer databases; office functions, namely, filing, in particular documents or magnetic tapes; providing business management assistance to others in the operation of data processing apparatus namely, computers, typewriters, data processing machines and other similar office machines; providing employment information; retail services and wholesale store services for automobiles and parts and fittings therefor; retail store services and wholesale store services for electrical machinery and apparatuses; retail store services and wholesale store services for printed matter; retail store services and wholesale store services for paper and stationery; retail store services and wholesale store services for sports goods; retail store services and wholesale store services for toys, dolls, game machines and apparatus; retail store services and wholesale store services for parts and fittings of measuring or testing machines and instruments; retail store services and wholesale store services for measuring or testing machines and instruments; retail store services and wholesale store services for parts and fittings of medical machines and apparatus; retail store services and wholesale store services for parts and fittings of kerosene fan heaters; retail store services and wholesale store services for aspheric glass lenses used for optical communication; retail store services and wholesale store services for parts and fittings of air conditioners; retail store services and wholesale store services for vehicle-mounted devices for electronic toll collection; information processing by means of computers, namely, compilation of information into computer databases

International Classes 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Machinery installation; telecommunication wiring; building construction; repair of buildings; vehicle repair services; vehicle breakdown repair services; vehicle maintenance; vehicle cleaning; anti-rust treatment for vehicles; shipbuilding; repair or maintenance of vessels; repair or maintenance of air vehicles; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of rail vehicles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of fire alarms; repair or maintenance of burglar alarms; repair or maintenance of electronic machines and apparatus in the nature of computers and computer hardware, excluding computer software; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of consumer electric appliances; repair or maintenance of integrated circuit manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems; repair and maintenance of electronic component manufacturing machines and systems; repair and maintenance of electronic component assembling machines and systems; repair and maintenance of electronic circuit assembling machines and systems

International Classes 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Toner cartridges, unfilled, for printers and photocopiers; blueprint apparatus, namely, blueprinting machines; cash registers; coin counting or sorting machines; photo-copying machines; mathematical instruments, namely, calculating machines; time and date stamping machines; time recording devices, namely, time clocks; punched card office machines; voting machines; postage stamp checking apparatus, namely, data processing equipment; fire alarms; gas alarms; anti-theft warning apparatus, namely, burglar alarms; simulators for the steering and control of vehicles; electronic sports training simulators; chromatography columns for laboratory use; apparatus for automatic chromatography for laboratory use; laboratory apparatus and instruments, namely, microscopes; chromatography columns for laboratory experimental machines and apparatus; laboratory ovens and laboratory apparatus, namely, microwave ovens, steam sterilizers and centrifuges as well as their structural parts; biochips for research or scientific purposes; virus testing apparatus for laboratory use, namely, bioreactor for cell culturing; measuring or testing machines and instruments other than for medical use, namely, acidimeters for batteries, hydrometers, actinometers, air analysis apparatus, alcoholmeters, alidades, diagnostic apparatus for testing food, altimeters, anemometers, comparators, automatic indicators of low pressure in vehicle tires, scales, meteorological balloons, barometers, weighing machines, weighbridges, pressure indicator plugs for valves, heat regulating apparatus in the nature of temperature indicators, marine compasses, geiger counters, thread counters, air quality measurement apparatus, namely, particle counters, speed checking apparatus for vehicles in the nature of speedometers, appliances for measuring the thickness of leather, densimeters, infrared detection apparatus, motion detectors, radar detectors, metal detectors for industrial purposes, magnetic object detectors, seismic detectors, photoionization detectors (PIDs), laser speed detectors, radiation detectors, ultrasonic object detectors for use on vehicles, laser object detectors for use on vehicle, distance measuring apparatus, compasses for measuring, dynamometers, water level indicators, balancing apparatus in the nature of precision balances, thermostats, ergometers not for medical purposes, apparatus for testing gas, liquids and solids, plastic testing machines, textile testing machines, concrete testing machines, cement testing machines, lumber testing machines, metal hardness testing machines, refractometers, gas testing instruments, gasometers, measuring rulers, heliographic apparatus, hygrometers, inclinometers, taximeters, quantity indicators in the nature of currency counting machines, vacuum gauges, speed indicators, lactodensimeters, lactometers, letter scales, manometers, pressure gauges, meteorological instruments, level measuring machines for surveying, octants, acid hydrometers, weighing apparatus and instruments, salinometers, photometers, polarimeters, pressure measuring apparatus, pressure indicators, pyrometers, saccharometers, sextants, spherometers, tachometers, thermostats for vehicles, revolution counters, precision balances, urinometers, variometers, viscosimeters, azimuth instruments, directional compasses, densitometers, chronographs for use as specialized time recording apparatuses, accelerometers, wearable activity trackers, connected bracelets in the nature of wearable activity trackers, calorimeters, flowmeters; bacteria testing apparatus not for medical use, namely, bioreactor for cell culturing; liquid analysis apparatus, namely, apparatus for testing liquids; gas testing instruments; chromatography columns for laboratory purposes for measuring or testing machines and instruments; microfluidic chips for research or scientific purposes; pedometers; temperature sensors; humidity sensors; electronic biochip sensors; sensors as being measurement apparatus, other than for medical use, namely, electric current sensors, acceleration sensors, pressure sensors, proximity sensors, electric sensors, position sensors, vibration sensors, alarm sensors, motion sensors, photoelectric sensors, infrared sensors, touchscreen sensors, timing sensors, optical sensors, vehicle mounted GPS sensors for determining the rate of motion for a vehicle; encoders as being measurement

apparatus; wearable activity trackers; diagnostic apparatus, not for medical purposes, namely, machines for detecting and analyzing machine malfunction and breakdown; 3D spectacles; thermal imaging cameras; sound recording apparatus; photographic machines and apparatus, namely, photographic cameras, multiple purpose cameras, camera containing a linear image sensor, endoscopy cameras for industrial purposes, motion-activated cameras, video cameras, dashboard cameras, rearview cameras for vehicles; cinematographic machines and apparatus; optical machines and apparatus, namely, optical apertometers, diffraction apparatus for microscopes, epidiascopes, magnifying glasses, optical glasses, spectroscopes, stereoscopes, binoculars, telescopes, sighting telescopes for firearms, optical condensers, optical character readers, optical phase shifter; optical lenses; automatic control apparatus and remote monitoring apparatus for measuring, monitoring and controlling air condition; event recorders; solar batteries; power distribution or control machines and apparatus, namely, power adapters, electric relays, circuit breakers, current rectifiers, electric capacitors, power distributing boxes, electrical reactors, electrical transducers; rotary converters; phase modifiers; electric switches; regulating apparatus for electric current; control panels for electricity; electrical controlling devices; connectors for electricity; switches, electric; contacts, electric; connections, electric; electrical adapters; electric transformers; battery chargers; DC/DC converters; converters, electric; automatic control apparatus for electrical power supplies, namely, inverters and voltage regulators; variable electric resistors; electric resistors; accumulators, electric; fuses; batteries and photoelectric cells; Lithium ion batteries; electric or magnetic meters and testers, namely, ammeters, galvanometers, electric loss indicators, frequency meters, ohmmeters, oscillographs, voltmeters; oscillators; electric wires and cables; telecommunications apparatus and instruments, namely, phase shifters for telecommunications apparatus, telecommunications transmitters, telecommunication switches, radio-frequency transmitters and receivers for telecommunication, radio-frequency antennas for telecommunication, high-frequency transmitters and receivers for telecommunication, high frequency antennas for telecommunication, high frequency switches for telecommunication, computer hardware for telecommunications; audio speakers and their accessories, namely, electric cables; CD and DVD audio players and recorders; CD and DVD video players and recorders; optical disc video players and recorders; CD and DVD disc changers; optical disc changers; audio amplifiers; audio players and video players incorporating hard disk drives; audio players and video players incorporating IC memory; television receivers for TV sets; radio receivers; equalisers being audio apparatus; navigation apparatus for vehicles [on-board computers]; structural parts and fittings of navigation apparatus for vehicles [on-board computers]; electronic controllers for navigation apparatus for vehicles; navigational instruments, namely, GPS navigation devices; structural parts and fittings for navigational instruments; loudspeakers; camera modules for mobile phones; lens actuators for camera modules of mobile phones; radio beacon machines and apparatus; digital cameras; digital video cameras; radio wave transmitting and receiving machines and instruments for use in the locating of lost pets; video surveillance systems composed of a camera and video monitor for recording and transmitting images to a remote location; radio remote control apparatus for starting automobile engines; car stereos; audio transmitter units for automobiles; electronic controllers for car audio equipment; sound amplifiers; diaphragms, namely, acoustic membranes; portable vibration speakers; electricity limiters; audio speakers utilizing bone conduction technology; headphones utilizing bone conduction technology; frequency converters for actuators; frequency converters for motors; remote controls for telecommunication machines and apparatus, namely, remote controls for phase shifters for telecommunications apparatus, telecommunications transmitters, telecommunication switches, radio-frequency transmitters and receivers for telecommunication, radio-frequency antennas for telecommunication, high-frequency transmitters and receivers for telecommunication, high frequency antennas for telecommunication, high frequency switches for telecommunication, computer hardware for telecommunications; controllers for telecommunication machines and apparatus, namely, controllers for phase shifters for telecommunications apparatus,

telecommunications transmitters, telecommunication switches, radio-frequency transmitters and receivers for telecommunication, radio-frequency antennas for telecommunication, high-frequency transmitters and receivers for telecommunication, high frequency antennas for telecommunication, high frequency switches for telecommunication, computer hardware for telecommunications; remote control apparatus for automobiles, linear actuators, hydraulic valve actuators, pneumatic valve actuators, electric motors, televisions, radios, lighting appliances, electric door/window openers and closers, starters for motors and engines, current generators, car navigation computers, GPS navigation devices, electric control panels, electric rice cookers, microwave ovens, air conditioning installations, washing machines for household purposes, printers for use with computers, photocopiers, navigational instruments, elevators, automatic vending machines, luminous or mechanical road signs, industrial robots, robots for personal, educational and hobby use, automated teller machines (ATM), satellites for scientific purposes, mobile phones, computers, smartphones, smartglasses, smartwatches, virtual reality glasses, scanners in the nature of data processing equipment, steering units for land vehicles; remote control telemetering machines and instruments; data communication apparatus and instruments, namely, wireless communication devices for data transmission; electric coils for telecommunication apparatus; protective covers and cases for tablet computers; computer cases; integrated circuit modules for telecommunication devices and apparatus; personal digital assistants in the shape of a watch; smartphones; cases or covers adapted for smartphones; liquid crystal display [LCD] protection sheets for smartphones; touch panels; touch screens; touch panels for personal digital assistants; magnetic encoders; electronic display units, namely, electronic display interfaces; electronic machines, apparatus and their parts and fittings, namely, data processing equipment and computers; electronic animal identification apparatus; computers; computer peripheral devices; computer programs for controlling and operating automobiles, linear actuators, hydraulic valve actuators, pneumatic valve actuators, electric motors, televisions, radios, lighting appliances, electric door/window openers and closers, starters for motors and engines, current generators, car navigation computers, GPS navigation devices, electric control panels, electric rice cookers, microwave ovens, air conditioning installations, washing machines for household purposes, printers for use with computers, photocopiers, navigational instruments, elevators, automatic vending machines, luminous or mechanical road signs, industrial robots, robots for personal, educational and hobby use, automated teller machines (ATM), satellites for scientific purposes, mobile phones, computes, smartphones, smartglasses, smartwatches, virtual reality glasses, scanners in the nature of data processing equipment, steering units for land vehicles; computer programs for providing geographic information; electronic radio frequency identification tags; electronic tags for goods; electronic tags for tracking cargo and baggage; optical computer mouse; scanners being data processing equipment; visual display units for computers, namely, computer monitors; hard disk drives; document printers; photo printers; electrostatic copying machines; electronic downloadable dictionaries; word processors; electronic control apparatus and instruments for automobiles; electronic control apparatus and instruments for steering wheels for automobiles; electronic control apparatus and instruments for automobile pedals; electronic control apparatus and instruments for gear shifts for automobiles; electronic control apparatus for automobiles, electric rice cookers, microwave ovens, air conditioning installations, washing machines for household purposes, printers for use with computers, photocopiers, navigational instruments, elevators, automatic vending machines, luminous or mechanical road signs, industrial robots, robots for personal, educational and hobby use, automated teller machines (ATM), satellites for scientific purposes, surgical robots, massage apparatus and instruments, physical exercise apparatus for medical purposes, apparatus for artificial respiration, medical radiation apparatus, mobile phones, computes, smartphones, smartglasses, smartwatches, virtual reality glasses, scanners in the nature of data processing equipment, steering units for land vehicles; computer programs for vibration control in automobiles,

linear actuators, hydraulic valve actuators, pneumatic valve actuators, electric motors, televisions, radios, lighting appliances, electric door/window openers and closers, starters for motors and engines, current generators, car navigation computers, GPS navigation devices, electric control panels, electric rice cookers, microwave ovens, air conditioning installations, washing machines for household purposes, printers for use with computers, photocopiers, navigational instruments, elevators, automatic vending machines, luminous or mechanical road signs, industrial robots, robots for personal, educational and hobby use, automated teller machines (ATM), satellites for scientific purposes, mobile phones, computes, smartphones, smartglasses, smartwatches, virtual reality glasses, scanners in the nature of data processing equipment, steering units for land vehicles; computer programs for telecommunication, namely, for data transmission; structural parts for electronic control apparatus and instruments for automobiles; touch pads; thermal printers; touch-sensing input devices, namely, touch pads; touch-sensing input devices for computers, mobile computers and smartphones; electronic touch-sensitive switches; computer software for operating computer touch-sensing input devices; computer software for use with in operating touch pads, touch panels and touch screens; chips, namely, integrated circuits; integrated circuit cards being smart cards; radio frequency identification IC tag readers; electronic pens; inductors for electricity; magnetic cores; resistance wires; electrodes; satellites for scientific purposes; dust protective masks; spectacles being eyeglasses and goggles; prerecorded CD-ROMs featuring computer operation manuals; prerecorded DVDs featuring computer operation manuals; prerecorded magnetic data carriers featuring computer operation manuals; game programs for arcade video game machines; game programs for home video game machines; electronic circuits and CD-ROMs recorded with computer game programs for hand-held games with liquid crystal displays; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; effecters being effects processors for electric or electronic musical instruments; electric and electronic effects units for musical instruments; phonograph records featuring music; downloadable music files and audio files featuring music; downloadable musical sound recordings; downloadable image files and video files featuring soccer players; video recordings, downloadable, featuring music and artistic performances; downloadable electronic data files featuring visual and written data about magazines, books, newspaper, maps, photographs and drawings, downloadable; electronic publications, downloadable, in the nature of books in the field of electronic engineering; electronic publications, downloadable, in the nature of magazines in the field of game software; electronic publications, downloadable, in the nature of geographical maps; exposed cinematographic films; exposed slide films; slide film mounts; vehicle- mounted devices for electronic toll collection, namely, transponders; electronic locks; control apparatus for electronic locks; electronic locks for security purposes; keyless entry systems for automotive vehicles comprised of a microprocessor, electronic signal receiver, and key fob with electronic signal transponder

International Classes 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Assisting in the locating of lost pets; assigning identifying information to affix to luggage and other property to facilitate its recovery following loss; lost pets investigation and recovery services; investigation or surveillance services for checking background profiles, namely, personal background investigations and surveillance services; pet sitting; providing location information, namely, assisting in the location of persons, articles and animals by means of communication terminals for security and safety purposes using a global positioning system; providing location information, namely, assisting in the location of persons, articles and animals for security and safety purposes using a global positioning system; providing location information, namely, assisting in the location of telecommunication devices and radio beacon devices for radio signal sources

and radio access points for security and safety purposes using a global positioning system; providing information from a computer database about investigation services relating to lost or stolen vehicles; stolen vehicle recovery services; stolen vehicle tracking; alarm response and verification services; monitoring of fire, burglar and security alarms; security guarding for facilities; personal body guarding; security screening of baggage; surveillance services; providing information about intellectual property rights; intellectual property consultancy; rental of fire alarms; rental of fire extinguishers

International Classes 45 - Primary Classes **US Classes** 100, 101 **International Class Title** Personal and legal services

For Telecommunication, other than broadcasting, namely, telecommunications access services, telecommunications routing and junction services, data transmission and reception services via telecommunication means; broadcasting, namely, television broadcasting, radio broadcasting and Internet broadcasting services; news agency services for electronic transmission; rental of telecommunication equipment including telephones and facsimile apparatus; rental of access time to computer database and providing information or advice relating thereto

International Classes 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

For Transportation logistics, namely, storage, transportation and delivery of goods for others by air, rail, ship, or truck; transport of goods; transportation information; transport, namely, collection of recyclable goods in the nature of bottles and cans; tracking of passenger or freight vehicles using computers or global positioning systems, namely, transport information services; railway transport; car transport; marine transport; [air transport;] vehicle breakdown towing services; vehicle towing; porterage; truck hauling; freight forwarding; delivery of goods; message delivery; transport and storage of trash; freight brokerage; cargo unloading; warehousing services; temporary safekeeping of personal belongings, namely, storage of goods; temporary storage of deliveries; warehouse storage; storage information, namely, providing information on refrigeration storage; transport reservation; transport brokerage for rental or chartering of vessels; conducting of travel tours, namely, arranging of transportation for travel tours; escorting of travel tours, namely, arranging of transportation for travel tours; travel arrangement and reservation services, excluding those for lodging, namely, arranging for travel visas, passports and travel documents for persons traveling abroad, and travel ticket reservation services, excluding those for lodging; providing road and traffic information; packaging of goods; rental of warehouse space; parking lot services; vehicle rental

International Classes 39 - Primary Classes **US Classes** 100, 105 **International Class Title** Transportation and Storage

For Providing medical information; health consultancy; health care information services, namely, providing health care information by telephone and Internet; managed health care services; physical examination services; dietary and nutritional guidance; animal breeding and medical care; veterinary services; animal grooming; health care services for pets; providing medical information for pets; providing information relating to health maintenance of pets; nursing care; farming equipment rental; medical equipment rental

International Classes 44 - Primary Classes **US Classes** 100, 101 **International Class Title** Medical, beauty and agricultural services

For Treatment or processing of cloth, clothing or fur, including treatment in the nature of drying; sawing of materials, namely, sawmill services; metal treating; processing of rubber; processing of plastics; ceramic processing; wood-working; paper treating and working in the nature of treating; stone treating; processing of bamboo, tree barks, rattan, vines or other natural materials in the nature of herbs other than processing of ingredients; sawmill planing of materials; laminating of metal and of plastic sheets; engraving; recycling of waste; rental of metal treating machines and tools; providing material treatment information; recycling, sorting and disposal being the destruction of industrial waste and trash; custom assembling of electric and electronic components for others; processing of metal surfaces using precision grinding techniques

International Classes 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For Tarpaulins for ships; sails; cotton waddings for clothes; hammocks; cotton batting for Futon; binding bands, not of metal; wrapping or binding bands, not of metal; string; cordage; elastic bands for binding; packing [cushioning, stuffing] materials, not of rubber, plastics, paper or cardboard; industrial packaging containers of textile; packing materials, of straw, for bottles; sawdust; kapok; wood shavings; wood wool; wax waste for stuffing; cattle hair, raccoon dog hair, pig bristles and horsehair being raw material not for textile use or brush-making; feathers and downs

International Classes 22 - Primary Classes **US Classes** 1, 2, 7, 19, 22, 42, 50 **International Class Title** Cordage and Fibers

For Grease for shoes and boots; leather preserving oil and grease; fuels; mineral oils and greases for industrial purposes, not for fuel; non-mineral oils and greases for industrial purposes, not for fuel; waxes being law material; candles

International Classes 4 - Primary Classes **US Classes** 1, 6, 15 **International Class Title** Lubricants and Fuels

For Electrical insulating materials; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; plastic semi-worked products, namely, semi-worked synthetic plastic resins in the form of pellets, rods, foils, foams, fibers, films, and sheets, semi-processed plastic in the form of films, sheets, tubes, bars, or rods; plastic in the form of bars, blocks, pellets, sheets, films, plates and tubes in further manufacture for general industrial use; rubber, raw or semi-worked; soundproofing materials of rock wool, not for building purposes; asbestos boards; asbestos powder

International Classes 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Electric razors and electric hair clippers; egg slicers, non-electric; non-electric planes for flaking dried bonito blocks (Katsuo-bushi planes); can openers, non-electric; spoons being tableware; cheese slicers, non-electric; pizza cutters, non-electric; forks being table cutlery; vegetable slicers; braiders being hand tools; electric flat irons; shaving cases; pedicure sets; eyelash curlers; manicure sets; hair-removing tweezers

International Classes 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Engineering; providing information on computer technology and programming via a web site; computer technology consultancy; information technology [IT] consultancy; scientific laboratory services; conducting technical project studies, namely, conducting of feasibility studies in the field of new technologies; technical research in the fields of electrical and electronic engineering; technical writing; providing research information in the field of science; providing technology research information in the field of electronics; research and development of new products for others; vehicle roadworthiness testing; architectural services; surveying; designing of machines, apparatus, instruments [including their parts] or systems composed of

such machines, apparatus and instruments; computer software design, computer programming, and maintenance of computer software; providing information and advice relating to computer software design, computer programming, and maintenance of computer software; configuration of computer networks; providing information and advice relating to configuration of computer networks; monitoring of computers and computer systems by remote access to ensure proper functioning; installation, duplication, configuration and updating of computer programs; providing information and advice relating to installation, duplication, configuration and updating of computer programs; conversion of text, image and audio information to electronic media text, image and audio signals; computer data conversion for others, namely, data conversion of computer programs and data, not physical conversion; computer data encryption and decoding services; providing information and advice relating to computer data encryption and decoding services; providing search engines for the internet; creating and maintaining web sites for others; providing information and advice relating to creating and maintaining web sites for others; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; material testing for others; quality control for others; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on machines, apparatus and instruments, namely, testing the functionality of machines; measuring, namely, calibration; designing of heat exchangers and interfaces for computers, other than for advertising purposes; technological advice relating to computers, automobiles and industrial machines, namely, technical advice relating to the operation of computers, technology consultation in the technology field of automobiles and industrial machines; rental of measuring apparatus; providing computer application software, namely, providing temporary use of on-line non-downloadable software and applications for word processing; software as a service (SaaS), namely, hosting software for use by others for controlling and operating automobiles, linear actuators, hydraulic valve actuators, pneumatic valve actuators, electric motors, televisions, radios, lighting appliances, electric door/window openers and closers, starters for motors and engines, current generators, car navigation computers, GPS navigation devices, electric control panels, electric rice cookers, microwave ovens, air conditioning installations, washing machines for household purposes, printers for use with computers, photocopiers, navigational instruments, elevators, automatic vending machines, luminous or mechanical road signs, industrial robots, robots for personal, educational and hobby use, automated teller machines (ATM), satellites for scientific purposes, mobile phones, computes, smartphones, smartglasses, smartwatches, virtual reality glasses, scanners in the nature of data processing equipment, steering units for land vehicles; software as a service (SaaS), namely, hosting software for use by others for providing geographic information; rental of computers; providing programs for computers and mobile phones, namely, providing temporary use of non-downloadable computer software for creating music videos; temporary electronic storage of information and data through cloud computing; hosting computer sites being web sites; server hosting

International Classes 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Pipework of metal; common metals, unwrought or semi-wrought; iron and steel; magnetized steel; nonferrous metals and their alloys; metallic materials consisting primarily of magnetized amorphous alloys, namely, iron based amorphous magnetic alloys; metal reinforcement materials for building or construction; containers of metal for transport; hardware of metal, small, namely, bolts, nuts, nails, screws and chains; wire rope; industrial packaging containers of metal; metal nameplates and door nameplates; tool boxes of metal, empty
