**For** Substances for the purification of fluids, namely, chemical agents for use in purifying water; water treatment purifying chemical preparations; water treatment purifying preparations, namely, biologically active enzymes and microorganisms that are aimed at sanitizing water environments and treating the activation and optimization of biological filter systems; bacterial cultures for wastewater treatment; bacteria for waste water treatment; non-chemical biofertilizers for use in soil treatment; diagnostic preparations for scientific purposes; diagnostic preparations for scientific or research use; chemical formulations for use in biological sewage treatment, namely, agents for the treatment of wastewater; chemical preparations for the treatment of industrial and municipal wastewater; mixtures of chemicals and microorganisms for fertilizing compost, namely, nutritive additive to enhance the biological activity of water, soil, seeds and plants for purposes of fertilization and bioremediation pollutants; compost activators, namely, growing media for plants; compost mixtures of mineral based material in particulate form; manure in solid form; manure in liquid form; fertilizer compositions, namely, natural fertilizers; fertilising preparations; fertilizer compositions, namely, fertilizers; manures; fertilizers for the land; microbiotic organisms, other than for medical use, namely, microbes for use in the manufacture of probiotic supplements; microbial inoculants, other than for medical use, namely, inoculants in the nature of biological microorganisms used in fermentation of silage; manures with added microorganisms; liquid fertilisers; organic composts; organic fertilizers; compost mixtures enriched with organic substances; microorganisms for use in water treatment, namely, biological microorganisms used in fermentation of silage for wastewater

treatment; substances for improving the soil, namely, chemical soil conditioners

**International Classes** 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

**For** Wholesale store services featuring sanitary installations; data compilation for others for business purposes; collection and systematisation of information into computer databases; compilation of information into computer databases; data entry and data processing, namely, compiling and analyzing statistics, data and other sources of information for others for business purposes; provision of information relating to data processing, namely, compiling and analyzing statistics, data and other sources of information for others for business purposes; compilation of information into computer databases; systemization of information into computer databases; updating and maintenance of data in computer databases; computerized file management; statistical analysis and reporting services for business purposes; retail store services featuring sanitary installations; compilation of scientific information into computer databases; compilation of information relating to environmental conditions into computer databases

**International Classes** 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

**For** Diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for the detection of pathogens for laboratory or research use; diagnostic apparatus for testing food; separating apparatus for laboratory use, namely, laboratory apparatus in the nature of pre-packed columns for use in separation and purification; integrated software packages for use in the automation of laboratories, namely, downloadable software for use in operating and controlling scientific and laboratory machinery; downloadable computer software for remote monitoring and analysis of scientific and laboratory machinery; downloadable computer software for use in data management; scientific apparatus and instruments, namely, microscopes and laboratory glassware; science software, namely, downloadable software for use in database management in the field of science; electronic databases featuring scientific information about carbon capture and treatment, and removing particulate matter from the air during industrial processing; downloadable database synchronization software; downloadable computer programs for viewing, browsing and searching online databases; downloadable computer software for database management; downloadable computer software for authorising users to view scientific data bases; instruments for diagnosis for scientific use, namely, microscopes; environmental monitoring software, namely, downloadable computer software for use in editing, reviewing, analyzing, tracking, updating and organizing scientific data from particle counters used to determine air quality; environmental control software, namely, downloadable computer software for use in remotely monitoring environmental conditions and controlling devices within a building; downloadable computer software for database and file management

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

**For** Measuring of earth samples, namely, detection of contaminants in soil; soil sampling for analysis purposes; microbiological testing for scientific purposes in the field of soil sampling; conducting sampling and analysis services to check for contamination, namely, detection of contaminants in soil; analytical services relating to the testing of the bacterial content of liquids, namely, detection of bacteriological contaminants in water; analytical services relating to the assessment of the bacterial content of liquids, namely, detection of bacteriological contaminants in water; analytical services relating to the determination of the bacterial content of liquids, namely, detection of bacteriological contaminants in water; condition monitoring relating to fluids, namely, detection of contaminants in water; providing temporary use of on-line non-downloadable software for database management; certification of quality or standards, namely, testing, analysis and evaluation

of the goods and services of others to determine conformity with certification standards; industrial analysis and research services, namely, testing, analysis and evaluation of the goods and services of others to determine conformity with certification standards; services for the development of methods of testing, namely, custom design and development of air quality measurement programs for others; data migration services; conducting scientific research and analysis for others; scientific research conducted using databases in the field of bacteria; provision of information relating to scientific research, namely, provision of scientific information, advice and consultancy in relation to carbon offsetting; preparation of reports relating to scientific research, namely, preparation of scientific reports for others in the field of biotechnology; provision of scientific information in relation to carbon offsetting; scientific services, namely, detection of bacteriological contaminants in water, and research relating thereto; scientific testing services, namely, detection of bacteriological contaminants in water; compilation of scientific information, namely, compiling and analyzing statistics, data and other sources of scientific information for others for business purposes; conducting of scientific research studies for others; design and development of software for others for importing and managing data; design and development of computer database software for others; database design and development for others; hosting of computerized data, files, applications and information, namely, hosting the websites of others on a computer server for a global computer network; quality testing of products of others to determine conformity with certification standards; research in the field of environmental conservation; water analysis; monitoring of water quality; water quality control services; environmental testing services to detect contaminants in water; environmental consultancy services, namely, evaluating and testing the environmental qualities and impact of consumer products of others; providing technological information about environmentally-conscious innovations; environmental testing and inspection services; environmental hazard assessment, namely environmental testing and inspection services; environmental surveys, namely, environmental testing and inspection services; analytical laboratory services, namely, laboratory research in the field of pollution; biological scientific laboratory services; biological research and analysis; biological research laboratory services; biological development services, namely, biochemical research and development; preparation of biological samples for testing and analysis in research laboratories; design services relating to process systems for the biotechnology industry, namely, design and development of new technology for others in the field of biotechnology; consultancy relating to biotechnology, namely, research and development in the biotechnology field; preparation of scientific reports in the biotechnology field; technical consultancy in relation to the technical research in the field of food and beverages; quality control for others regard the hygiene of foodstuffs; professional advisory services relating to food technology, namely, food safety testing and consultation related thereto; inspection of foodstuffs for quality control purposes; testing of foodstuffs for quality control purposes; research of foodstuffs, namely, conducting research on food for others; research relating to waste analysis, namely, evaluating and testing the environmental qualities and impact of consumer products of others; environmental testing and inspection of waste treatment areas; quality checking and testing, namely, product quality testing services; quality checking, namely, product quality testing services; quality control of goods and services; quality control for others; consultancy services relating to quality control for others; conducting of quality control tests for others; laboratory testing, namely, soil percolation testing; scientific laboratory services; laboratory services for analytical testing, namely, laboratory research in the field of pollution; research and development of new products for others relating to fertilisers; scientific laboratory services for soil analysis; materials testing and evaluation; analytical services relating to the determination of the microbiological content of urine, namely, DNA screening for scientific research purposes

## GOODS AND SERVICES INFORMATION

**For** weeding machines, machine tools being gear cutters and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3d printers, concrete construction machines and industrial robot machines for use in construction: bulldozers, Power-operated chain-type trenching machines for digging trenches, excavators, asphalt and concrete road construction and road paving machines, drilling machines, rock drilling machines, road sweeping machines; lifting, loading and transmission machines for use with concrete and robotic machines for lifting, loading and transmission of concrete; elevators, escalators and cranes, machines and robotic machines for use in agriculture and animal breeding, namely, reapers, binders, threshers, tractor-towed reapers, agricultural cultivators, agricultural elevators, agricultural machines, agricultural seed planting machines, balers for agricultural use, couplings for agricultural implements, harvesters for agricultural use, seed drills for agricultural machines, tilling machines for agricultural purposes, windrowers for agricultural machines, robotic mechanisms used in agriculture, agricultural implements other than hand-operated, rubber tracks being parts of agricultural machines, agricultural implements other than hand-operated hand tools, computer numerical control [CNC] machine tools for agricultural machines, drive pulleys for power transmission belts of agricultural machines, rubber tracks being parts of crawlers on agricultural machines, hair clipping machines for animals, hair cutting machines for animals, hair shearing machines for animals, mechanized feeders for animals, shearing machines for animals, electronic feeders for animals other than pets, electronic waterers for animals other than pets; machines and robotic machine for processing cereals, fruits, vegetables and food, namely, choppers and cutters; machines for preparing and processing beverages, namely, industrial coffee machines; engines and motors, other than for land vehicles, parts and fittings therefor: hydraulic and pneumatic controls for

engines and motors, Brakes pads other than for vehicles, brake linings for engines other than for vehicles, crankshafts for engines, gearboxes, other than for land vehicles, cylinders for engines for vehicles, pistons for engines, hydraulic turbines, not for land vehicles, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts pipes for land vehicle engines, exhaust manifolds for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel pumps for land vehicle engines, fuel injectors for land vehicle engines, fuel heat exchangers for land vehicle engines, water pumps for land vehicle engines, Valves being engine parts for introducing fuel-air mixtures into the combustion chambers of internal combustion engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines; machines parts, namely, bearings and roller or ball bearings; power operated machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy; painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispenser machines; electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, electric compressors machines, vehicle washing installations, industrial robots used as compressed air machines; electric and gas-operated welding gun, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots used for soldering; printing machines; packaging machines, filling, plugging and sealing machines for industrial purposes; electronic labeling printing machine for commercial use, sand sorting machines, industrial robots used to print labels for commercial use; electric packing machines for plugging and sealing of plastics for industrial use; electrically powered textile printing; sewing machines, industrial robots used as a sewing machine; centrifugal pumps, axial flow pumps, compressed air pumps, electric pumps, fuel dispensing pumps for service stations, self-regulating fuel pumps for land vehicles; electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, namely, food processors; dish washing machines, laundry washing machines, dishwashers, spin driers that are not heated, electric cleaning polishing machines for cleaning floors, carpets or floorings, vacuum cleaners and replacement parts thereof; automatic vending machines; galvanizing and electroplating machines; electric door openers and closers; metal gaskets for vehicle engines and motors

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 31, 34, 35 **International Class Title** Machinery

**For** Lighting installations; lights for vehicles and interior-exterior spaces, heating installations using solid, liquid or gas fuels or electricity, central heating boilers, boilers for heating installations, heating radiators, heat exchangers, not parts of machines, stoves, kitchen stoves, heating solar thermal collectors, steam, gas and fog generators, steam boilers, other than parts of machines, acetylene generators, oxygen generators, nitrogen generators; installations for air-conditioning and ventilating; air cooling installations and freezers; cooking appliances, namely, gas-powered griddles, installations and apparatus for cooking, drying and boiling, namely, stovetops; gas cookers, electric cooking pots, electric water heaters, barbecues, electric laundry driers, hair driers, electric hand drying apparatus; wash basins being part of sanitary installations, taps, namely, faucets, flexible pipes being part of shower plumbing installations, toilets, shower and bathing cubicles, bath tubs, toilet seats, sinks, wash-hand basins being parts of sanitary installations, washers for water taps, valves, namely, taps being parts for sanitary installations; water softening apparatus; water purification tanks, water purification installations, waste water purification installations; electric warming pans for bed and electric blankets, not for medical use; electric pillow warmers; electric footwarmers in the nature of foot muffs; hot water bottles, electrically heated socks; filters for aquariums and aquarium

filtration apparatus; industrial type installations for cooking, drying and cooling purposes, namely, stovetops, pasteurizers for use in food production industry and sterilizers

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

**For** Advertising, marketing and public relations; organization of exhibitions and trade fairs for commercial or advertising purposes; design for advertising; provision of an online marketplace for buyers and sellers of goods and services, office functions; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machines; systemization of information into computer databases; telephone answering for unavailable subscribers, business management, business administration and business consultancy; accounting; commercial consultancy services; personnel recruitment, personnel placement, employment agencies, import-export agencies; temporary personnel placement services; auctioneering, the bringing together, for the benefit of others, of a variety of goods, namely, machines, machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3d printers, construction machines and robotic mechanisms for use in construction, bulldozers, diggers, excavators, road construction and road paving machines, drilling machines, rock drilling machines, road sweeping machines, lifting, loading and transmission machines and robotic mechanisms for lifting, loading and transmission purposes, elevators, escalators and cranes, machines and robotic mechanisms for use in agriculture and animal breeding, machines and robotic mechanisms for processing cereals, fruits, vegetables and food, machines for preparing and processing beverages, engines and motors, other than for land vehicles, parts and fittings therefor, hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, gearboxes, other than for land vehicles, gearboxes, cylinders for engines, pistons for engines, turbines, not for land vehicles, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts for land vehicle engines, exhaust manifolds for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines, fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines, bearings parts of machines, roller or ball bearings, machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispensers, electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, compressors, vehicle washing installations, robotic mechanisms with the abovementioned functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots with the abovementioned functions, printing machines, packaging machines, filling, plugging and sealing machines, labellers, sorting machines, industrial robots with the abovementioned functions, electric packing machines for plugging and sealing of plastics, machines for textile processing, sewing machines, industrial robots with the abovementioned functions, pumps other than parts of machines or engines, fuel dispensing pumps for service stations, self-regulating fuel pumps, electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, washing machines, laundry washing machines, dishwashers, spin driers not heated, electric cleaning machines for cleaning floors, carpets or floorings, vacuum cleaners and parts thereof, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, gaskets for engines and motors, lighting installations, lights for vehicles and

interior-exterior spaces, heating installations using solid, liquid or gas fuels or electricity, central heating boilers, boilers for heating installations, radiators, heat exchangers, not parts of machines, stoves, kitchen stoves, solar thermal collectors, steam, gas and fog generators, steam boilers, other than parts of machines, acetylene generators, oxygen generators, nitrogen generators, installations for air-conditioning and ventilating, cooling installations and freezers, electric and gas-powered devices, installations and apparatus for cooking, drying and boiling, cookers, electric cooking pots, electric water heaters, barbecues, electric laundry driers, hair driers, hand drying apparatus, sanitary installations, taps, shower installations, toilets, shower and bathing cubicles, bath tubs, toilet seats, sinks, wash-hand basins as parts of sanitary installations, washers for water taps, stuffings, water softening apparatus, water purification apparatus, water purification installations, waste water purification installations, electric bed warmers and electric blankets, not for medical use, electric pillow warmers, electric or non-electric footwarmers, hot water bottles, electrically heated socks, filters for aquariums and aquarium filtration apparatus, industrial type installations for cooking, drying and cooling purposes, pasteurizers and sterilizers; retail store services, wholesale store services, and online retail store services featuring machines, machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3d printers, construction machines and robotic mechanisms for use in construction, bulldozers, diggers, excavators, road construction and road paving machines, drilling machines, rock drilling machines, road sweeping machines, lifting, loading and transmission machines and robotic mechanisms for lifting, loading and transmission purposes, elevators, escalators and cranes, machines and robotic mechanisms for use in agriculture and animal breeding, machines and robotic mechanisms for processing cereals, fruits, vegetables and food, machines for preparing and processing beverages, engines and motors, other than for land vehicles, parts and fittings therefor, hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, gearboxes, other than for land vehicles, gearboxes, cylinders for engines, pistons for engines, turbines, not for land vehicles, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts for land vehicle engines, exhaust manifolds for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines, fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines, bearings parts of machines, roller or ball bearings, machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispensers, electric guns for compressed gas or liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, compressors, vehicle washing installations, robotic mechanisms with the abovementioned functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots with the abovementioned functions, printing machines, packaging machines, filling, plugging and sealing machines, labellers, sorting machines, industrial robots with the abovementioned functions, electric packing machines for plugging and sealing of plastics, machines for textile processing, sewing machines, industrial robots with the abovementioned functions, pumps other than parts of machines or engines, fuel dispensing pumps for service stations, self-regulating fuel pumps, electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, washing machines, laundry washing machines, dishwashers, spin driers not heated, electric cleaning machines for cleaning floors, carpets or floorings, vacuum cleaners and parts thereof, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, gaskets for engines and motors, lighting installations, lights for vehicles and interior-exterior spaces, heating installations using solid, liquid or gas

fuels or electricity, central heating boilers, boilers for heating installations, radiators, heat exchangers, not parts of machines, stoves, kitchen stoves, solar thermal collectors, steam, gas and fog generators, steam boilers, other than parts of machines, acetylene generators, oxygen generators, nitrogen generators, installations for air-conditioning and ventilating, cooling installations and freezers, electric and gas-powered devices, installations and apparatus for cooking, drying and boiling, cookers, electric cooking pots, electric water heaters, barbecues, electric laundry driers, hair driers, hand drying apparatus, sanitary installations, taps, shower installations, toilets, shower and bathing cubicles, bath tubs, toilet seats, sinks, wash-hand basins as parts of sanitary installations, washers for water taps, stuffings, water softening apparatus, water purification apparatus, water purification installations, waste water purification installations, electric bed warmers and electric blankets, not for medical use, electric pillow warmers, electric or non-electric footwarmers, hot water bottles, electrically heated socks, filters for aquariums and aquarium filtration apparatus, industrial type installations for cooking, drying and cooling purposes, pasteurizers and sterilizers
