CPC NOTICE OF CHANGES 982

DATE: JANUARY 1, 2021

PROJECT DP0225

**The following classification changes will be effected by this Notice of Changes:**

<u>Action</u>	<u>Subclass</u>	<u>Group(s)</u>
<b>DEFINITIONS:</b>		
Definitions New:	H04M	1/27495
Definitions Modified:	H04M	1/2745, 1/2746, 1/2747, 1/27475, 1/2748, 1/27485, 1/2749, 1/275, 1/2755

**No other subclasses/groups are impacted by this Notice of Changes.**

**This Notice of Changes includes the following [Check the ones included]:**

1. CLASSIFICATION SCHEME CHANGES

- A. New, Modified or Deleted Group(s)
- B. New, Modified or Deleted Warning(s)
- C. New, Modified or Deleted Note(s)
- D. New, Modified or Deleted Guidance Heading(s)

2. DEFINITIONS

- A. New or Modified Definitions (Full definition template)
- B. Modified or Deleted Definitions (Definitions Quick Fix)

3.  REVISION CONCORDANCE LIST (RCL)

4.  CHANGES TO THE CPC-TO-IPC CONCORDANCE LIST (CICL)

5.  CHANGES TO THE CROSS-REFERENCE LIST (CRL)

DATE: JANUARY 1, 2021

PROJECT DP0225

## 2. A. DEFINITIONS (new)

Insert the following new definition.

### H04M1/27495

#### References

#### Limiting references

*This place does not cover:*

Management of directories	<a href="#">H04M 1/27457</a>
Sorting, e.g. according to history or frequency of use	<a href="#">H04M 1/2746</a>
Predictive input, predictive dialling by comparing the dialled sequence with the content of a telephone directory	<a href="#">H04M 1/27463</a>
Methods of retrieving data	<a href="#">H04M 1/27467</a>
Appending a prefix or inserting a pause to a dialling sequence	<a href="#">H04M 1/27485</a>
Automatic call origination and retry systems	<a href="#">H04M 1/2749</a>

## 2. A. DEFINITIONS (modified)

Update the following existing definitions.

### H04M1/2745

#### Relationships with other classification places

Delete: The entire “Relationships with other classification places” section.

Insert: The following new section: “References: Application-oriented references and Informative references”.

#### References

##### Application-oriented references

*Examples of places where the subject matter of this place is covered when specially adapted, used for a particular purpose, or incorporated in a larger system:*

For facsimile machines	<a href="#">H04N1/32037</a>
------------------------	-----------------------------

##### Informative references

*Attention is drawn to the following places, which may be of interest for search:*

Addressing and accessing memory systems	<a href="#">G06F12/00</a>
---	---------------------------

## H04M1/2746

### Definition statement

Replace: The existing text in the “Definition statement” section with the following updated text.

Sorting telephone directory items according to their frequency of use or other criteria.

### Relationships with other classification places

Delete: The existing “Relationships with other classification places” section.

Insert: The following new “Informative references” section.

#### Informative references

*Attention is drawn to the following places, which may be of interest for search:*

Arrangements for providing access to frequently wanted subscribers at the exchange	<a href="#">H04M 3/44</a>
--	---------------------------

## H04M1/2747

### Definition statement

Replace: The existing text in the “Definition statement” section with the following updated text.

Retrieving a telephone number by scrolling a list of items, e.g. names or corresponding telephone numbers, on a display.

### Relationships with other classification places

Delete: The existing “Relationships with other classification places” section.

Insert: The following new “References/Informative references” section.

**References**

**Informative references**

*Attention is drawn to the following places, which may be of interest for search:*

Devices for scrolling or navigating through a menu display	<a href="#">G06F3/033</a>
Scrolling or panning	<a href="#">G06F 3/0485</a>
using a touch-screen or digitiser, e.g. input of commands through traced gestures	<a href="#">G06F 3/0488</a>

**H04M1/27475**

**Definition statement**

Replace: The existing text in the “Definition statement” section with the following updated text.

Selecting a called party by means of a pictorial representation of the called party or by using interactive graphical means for accessing a directory on a display.

**H04M1/2748**

**Definition statement**

Replace: The existing text in the “Definition statement” section with the following updated text.

Retrieving a telephone number by matching character strings, e.g. the first letters of the name of a party to be called, with the entries of a directory.

**Relationships with other classification places**

Delete: The existing “Relationships with other classification places” section.

DATE: JANUARY 1, 2021

PROJECT DP0225

Insert: The following new “References/Informative references” section.

### References

### Informative references

*Attention is drawn to the following places, which may be of interest for search:*

Characters input methods by using selection from displayed items or retrieval techniques based on prediction	<a href="#">G06F 3/023</a>
--	----------------------------

## H04M1/27485

### Definition statement

Replace: The existing text in the “Definition statement” section with the following updated text.

Calling a subscriber in a different area or country by appending an area code or international prefix to the telephone number before dialling.

## H04M1/2749

### Definition statement

Replace: The existing text in the “Definition statement” section with the following updated text.

Automatic dialling or redialling systems, also for automatic dialling of a list of telephone numbers.

### Informative references

Replace: In the second row, first column, only the text “Arrangements for recalling a calling subscriber when the wanted subscriber ceases to be busy” with the following updated text.

When the wanted subscriber ceases to be busy	<a href="#">H04M3/48</a>
--	--------------------------

DATE: JANUARY 1, 2021

PROJECT DP0225

## H04M1/275

### Definition statement

Replace: The existing text in the “Definition statement” section with the following updated text.

Using portable electronic directories, e.g. smart card storing a telephone directory and including acoustic coupling means for generating DTMF tone sequences corresponding to telephone numbers stored in the memory.

## H04M1/2755

### Definition statement

Replace: The existing text in the “Definition statement” section with the following updated text.

Using optical scanning, e.g. for scanning bar codes corresponding to telephone numbers.

### Informative references

Insert: The following new row in the existing Informative references table.

Methods or arrangements for reading or recognising printed characters having additional code marks or containing code marks	G06K 9/18
---	-----------
