FY 2012 Status

FY 2012 President’s Budget request: $2,599 million

FY 2011 reductions are critical to FY 2012

▷ If USPTO is held to a full year CR level of $2,090 million, the agency will be forced to implement significant cuts to avoid a budget deficit.

▷ FY 2011 reductions are being made to ensure a carryover balance for October 1, 2011

Possible FY 2012 scenarios:

▷ Appropriated, flat funding

▷ Appropriated, at President’s Budget request

▷ Appropriated, less surcharge

▷ Revolving fund (S.23, H.R.1249)
American Invents Act (H.R. 1249)

The Act would:

- Allow for fee setting authority
- Establish a Public Enterprise Fund
- Deposit all patent and trademark fees in the fund
- Allow all amounts deposited in the fund to be available for use without fiscal year limitations, within the limits of use set forth in the “Trademark Fence”
