U.S. Department of Commerce Privacy Impact Assessment USPTO MicroPact Employee Relations Labor Relations System (ERLR)

Unique Project Identifier: [2396] PTOC-009-00

Introduction: System Description

Provide a description of the system that addresses the following elements: The response must be written in plain language and be as comprehensive as necessary to describe the system.

(a) a general description of the information in the system

The MicroPact Employee Relation and Labor Relation System (ERLR) is a web application suite used by the USPTO Office of Human Resources (OHR). Both OHR divisions use the same system, but logical access controls are employed to manage the sharing of records and documents between the ER & LR divisions in accordance with the business rules defined in relevant workflows. The ERLR is an application information system, and provides a business need to have one case management system that has business process flows built into it for both Employee Relations (ER) and Labor Relations (LR) organizations.

(b) a description of a typical transaction conducted on the system

MicroPact Entellitrak software is used as the Case Management tool with automatic workflow functions using business rules to route work to the proper person and/or organization and to define the steps to be taken. A graphical user interface is used for inputting case data, events, and dates associated with a case. A dashboard displays all of the cases, the status of the cases, and all of the up-coming events associated with the cases assigned to an ER or LR staff member. The system automatically generates template letters, and reports for upcoming and past events based upon business rules and the division workflows. The ER group uses the system to manage employee relation issues, to include disciplinary actions, conduct actions, and administrative grievances (for non-union employees). The LR group uses the system to manage the negotiated grievance processes and management initiatives. Managing management initiatives is similar to managing an information system's project.

(c) any information sharing conducted by the system

Information will be shared internally with OHR and in some cases the USPTO Office of General Counsel (OGC). Information will not be shared with external customers and business areas.

(d) a citation of the legal authority to collect PII and/or BII

5 U.S.C. 301; 44 U.S.C. 3101; E.O. 12107, E.O. 13164, 41 U.S.C. 433(d); 5 U.S.C. 5379; 5 CFR Part 537; DAO 202–957; E.O. 12656; Federal Preparedness Circular (FPC) 65, July 26, 1999; DAO 210–110; Executive Order 12564; Public Law 100–71, dated July 11, 1987.

(e) the Federal Information Processing Standard (FIPS) 199 security impact category for the system is **Moderate**.

Section 1: Status of the Information System

- 1.1 Indicate whether the information system is a new or existing system.
 - \Box This is a new information system.
 - □ This is an existing information system with changes that create new privacy risks. *(Check all that apply.)*
 - This is an existing information system in which changes do not create new privacy risks. *Continue to answer questions, and complete certification.*

Changes That Create New Privacy Risks (CTCNPR)							
a. Conversions		d. Significant Merging		g. New Interagency Uses			
b. Anonymous to Non- Anonymous		e. New Public Access		h. Internal Flow or Collection			
c. Significant System Management Changes		f. Commercial Sources		i. Alteration in Character of Data			
j. Other changes that create new privacy risks (specify):							

Section 2: Information in the System

2.1 Indicate what personally identifiable information (PII)/business identifiable information (BII) is collected, maintained, or disseminated. (*Check all that apply.*)

Identifying Numbers (IN)							
a. Social Security*		e. File/Case ID	\boxtimes	i. Credit Card			
b. Taxpayer ID		f. Driver's License		j. Financial Account			
c. Employer ID		g. Passport		k. Financial Transaction			
d. Employee ID	\boxtimes	h. Alien Registration		1. Vehicle Identifier			
m. Other identifying numbers (specify):							
*Explanation for the need to collect, maintain, or disseminate the Social Security number, including truncated form:							
*If SSNs are collected, stored, or processed by the system, please explain if there is a way to avoid such collection in the future and how this could be accomplished:							

General Personal Data (GPD)						
a. Name	\boxtimes	g. Date of Birth		m. Religion		
b. Maiden Name		h. Place of Birth		n. Financial Information		
c. Alias		i. Home Address		o. Medical Information		
d. Gender	\boxtimes	j. Telephone Number		p. Military Service		
e. Age	\boxtimes	k. Email Address	\boxtimes	q. Physical Characteristics		
f. Race/Ethnicity	\boxtimes	1. Education		r. Mother's Maiden Name		

s. Other general personal data (specify):

W	ork-Related Data (WRD)						
a.	Occupation	\boxtimes	d. Telephone Number	\boxtimes	g.	Salary	
b.	Job Title	\boxtimes	e. Email Address	\boxtimes	h.	Work History	
с.	Work Address	\boxtimes	f. Business Associates				
i. Other work-related data (specify):							

Dis	Distinguishing Features/Biometrics (DFB)							
a.	Fingerprints		d. Photographs		g. DNA Profiles			
b.	Palm Prints		e. Scars, Marks, Tattoos		h. Retina/Iris Scans			
c.	Voice Recording/Signatures		f. Vascular Scan		i. Dental Profile			
j. Other distinguishing features/biometrics (specify):								

Sys	System Administration/Audit Data (SAAD)								
a.	User ID	\boxtimes	с.	Date/Time of Access	\boxtimes	e.	ID Files Accessed	\boxtimes	
b.	IP Address	\boxtimes	d.	Queries Run	\boxtimes	f.	Contents of Files	\boxtimes	
g.	g. Other system administration/audit data (specify):								

Other Information (specify)

2.2 Indicate sources of the PII/BII in the system. (*Check all that apply.*)

Directly from Individual about Whom the Information Pertains								
In Person	\boxtimes	Hard Copy: Mail/Fax		Online				
Telephone	\boxtimes	Email	\boxtimes					
Other (specify):								

Government Sources					
Within the Bureau	\boxtimes	Other DOC Bureaus	\boxtimes	Other Federal Agencies	\boxtimes
State, Local, Tribal		Foreign			
Other (specify):					

Non-government Sources									
Public Organizations		Private Sector		Commercial Data Brokers					
Third Party Website or Applica									
Other (specify):									

2.3 Indicate the technologies used that contain PII/BII in ways that have not been previously deployed. (*Check all that apply.*)

Technologies Used Containing PII/BII Not Prev Smart Cards		Biometrics	
Caller-ID		Personal Identity Verification (PIV) Cards	
Other (specify):	1		

There are not any technologies used that contain PII/BII in ways that have not been previously deployed.

Section 3: System Supported Activities

3.1 Indicate IT system supported activities which raise privacy risks/concerns. (*Check all that apply.*)

Activities		
Audio recordings	Building entry readers	
Video surveillance	Electronic purchase transactions	
Other (specify):		

There are not any IT system supported activities which raise privacy risks/concerns.

Section 4: Purpose of the System

4.1 Indicate why the PII/BII in the IT system is being collected, maintained, or disseminated. *(Check all that apply.)*

Purpose			
To determine eligibility		For administering human resources programs	
For administrative matters	\boxtimes	To promote information sharing initiatives	
For litigation	\boxtimes	For criminal law enforcement activities	\boxtimes
For civil enforcement activities	\boxtimes	For intelligence activities	
To improve Federal services online		For employee or customer satisfaction	
For web measurement and customization technologies (single-session)		For web measurement and customization technologies (multi-session)	
Other (specify):	·		

Section 5: Use of the Information

5.1 In the context of functional areas (business processes, missions, operations, etc.) supported by the IT system, describe how the PII/BII that is collected, maintained, or disseminated will be used. Indicate if the PII/BII identified in Section 2.1 of this document is in reference to a federal employee/contractor, member of the public, foreign national, visitor or other (specify).

The information will be used to document, track and manage the flow ER and LR cases more efficiently. Both organizations will use the same system, and they will be able to control the sharing of records and documents among them in accordance with the business rules defined in relevant workflows. The system will automatically generate template letters, and reports for upcoming events, and reports can be shared between ER to LR as approved by the relevant Human Resource (HR) business area or Human Resource Senior Management. The systems pull PII from the database to automatically generate these files and reports.

<u>Section 6</u>: Information Sharing and Access

6.1 Indicate with whom the bureau intends to share the PII/BII in the IT system and how the PII/BII will be shared. (*Check all that apply.*)

Recipient	How Information will be Shared			
Recipient	Case-by-Case	Bulk Transfer	Direct Access	
Within the bureau	\boxtimes			
DOC bureaus				
Federal agencies				
State, local, tribal gov't agencies				
Public				
Private sector				
Foreign governments				
Foreign entities				
Other (specify):				

□ The PII/BII in the system will not be shared.

6.2 Indicate whether the IT system connects with or receives information from any other IT systems authorized to process PII and/or BII.

\boxtimes	Yes, this IT system connects with or receives information from another IT system(s) authorized to process PII and/or BII. Provide the name of the IT system and describe the technical controls which prevent PII/BII leakage:
	HR data is resident within the National Finance Center (NFC). NFC feeds the MicroPact Data Warehouse – and MicroPact pulls data fields from this data warehouse. There is no direct connection between the two systems – it requires human intervention to upload this data. This was a recent update.
	No, this IT system does not connect with or receive information from another IT system(s) authorized to process PII and/or BII.

6.3 Identify the class of users who will have access to the IT system and the PII/BII. (*Check all that apply.*)

Class of Users		
General Public	Government Employees	\boxtimes
Contractors		
Other (specify):		

Section 7: Notice and Consent

7.1 Indicate whether individuals will be notified if their PII/BII is collected, maintained, or disseminated by the system. (*Check all that apply.*)

\boxtimes	Yes, notice is provided pursuant to a system of records notice published in the Federal Register and discussed in Section 9.		
\boxtimes	Yes, notice is provided by a Privacy Act and/or privacy policy can be found at:	statement and/or privacy policy. The Privacy Act statement https://www.uspto.gov/privacy-policy	
	Yes, notice is provided by other means.	Specify how:	
	No, notice is not provided.	Specify why not:	

7.2 Indicate whether and how individuals have an opportunity to decline to provide PII/BII.

Yes, individuals have an opportunity to decline to provide PII/BII.	Specify how:
No, individuals do not have an opportunity to decline to provide PII/BII.	Specify why not: PII that is processed or stored by ERLR is pulled from internal USPTO personnel records. This information is needed for case management, and individuals cannot decline having this information input in to the system.

7.3 Indicate whether and how individuals have an opportunity to consent to particular uses of their PII/BII.

	Yes, individuals have an opportunity to consent to particular uses of their PII/BII.	Specify how:
\boxtimes	No, individuals do not have an opportunity to consent to particular uses of their PII/BII.	Specify why not: PII that is processed or stored by ERLR is pulled from internal USPTO personnel records. This information is needed for cases to be processed, and individuals cannot consent to any particular use of that information within the ERLR system.

7.4 Indicate whether and how individuals have an opportunity to review/update PII/BII pertaining to them.

\boxtimes	Yes, individuals have an opportunity to review/update PII/BII pertaining to them.	Specify how: Users can request to update information through a formal process through the USPTO OHR.
	No, individuals do not have an opportunity to review/update PII/BII pertaining to them.	Specify why not:

Section 8: Administrative and Technological Controls

8.1 Indicate the administrative and technological controls for the system. (*Check all that apply.*)

	All users signed a confidentiality agreement or non-disclosure agreement.
\boxtimes	All users are subject to a Code of Conduct that includes the requirement for confidentiality.
\boxtimes	Staff (employees and contractors) received training on privacy and confidentiality policies and practices.
\boxtimes	Access to the PII/BII is restricted to authorized personnel only.
\boxtimes	Access to the PII/BII is being monitored, tracked, or recorded. Explanation: The ERLR Administrator conducts monthly audits of the system, to include when and by whom the system was accessed and what info was updated, changed, or corrected.
\boxtimes	The information is secured in accordance with FISMA requirements. Provide date of most recent Assessment and Authorization (A&A): May 23, 2017 This is a new system. The A&A date will be provided when the A&A package is approved.
	The Federal Information Processing Standard (FIPS) 199 security impact category for this system is a moderate or higher.
	NIST Special Publication (SP) 800-122 and NIST SP 800-53 Revision 4 Appendix J recommended security controls for protecting PII/BII are in place and functioning as intended; or have an approved Plan of Action and Milestones (POAM).
	Contractors that have access to the system are subject to information security provisions in their contracts required by DOC policy.
	Contracts with customers establish ownership rights over data including PII/BII.
	Acceptance of liability for exposure of PII/BII is clearly defined in agreements with customers.
	Other (specify):

8.2 Provide a general description of the technologies used to protect PII/BII on the IT system.

Automated operational controls include securing all hardware associated with ER/LR in the Micropact Data Center. The Data Center is controlled by access card entry and all use of the card is audited through the access system to restrict access to the servers, their Operating Systems and databases. In addition, physical access points to the Micropact Data Center is controlled by physical locking mechanism including separate door locks, an alarm control contact monitored twenty-four (24) hours a day, a motion detector at each door and hallway and a video camera at each hallway.

Contingency planning has been prepared for the data. Backups are performed on the processing databases. All backup tapes that contain PII or information covered under the Privacy Act are encrypted with FIPS 140-2 compliant algorithms by the MicroPact Database Administration Team.

Technical controls:

Information is also secured through the application itself, by only allowing authorized users access to the application and to data to which they have access and privilege. Also, the information system controls attacks and unauthorized attempts on the application and database through strict logins, AV protection, and through firewalls.

Section 9: Privacy Act

9.1 Indicate whether a system of records is being created under the Privacy Act, 5 U.S.C. § 552a. (A new system of records notice (SORN) is required if the system is not covered by an existing SORN).

As per the Privacy Act of 1974, "the term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual."

Yes, this system is covered by an existing system of records notice (SORN). Provide the SORN name and number (<i>list all that apply</i>): Employees Personnel Files not covered by Notices of Other Agencies – COMMERCE/DEPT-18.
Yes, a SORN has been submitted to the Department for approval on (date).
No, a SORN is not being created.

Section 10: Retention of Information

10.1 Indicate whether these records are covered by an approved records control schedule and monitored for compliance. (*Check all that apply.*)

	There is an approved record control schedule.
	Provide the name of the record control schedule:
	Yes. ERLR files that relate to employee relation and labor relations are covered by the "NARA GRS Schedule 2.3: Employee Relations Records, Item 060, Administrative Grievances, Disciplinary, and Adverse Action Files; Item 050, Labor Management Relations Agreement Negotiations Records."
	No, there is not an approved record control schedule.
	Provide the stage in which the project is in developing and submitting a records control schedule:
\boxtimes	Yes, retention is monitored for compliance to the schedule.
	No, retention is not monitored for compliance to the schedule. Provide explanation:

10.2 Indicate the disposal method of the PII/BII. (*Check all that apply.*)

Disposal		
Shredding	Overwriting	\boxtimes
Degaussing	Deleting	\boxtimes
Other (specify):		

Section 11: NIST Special Publication 800-122 PII Confidentiality Impact Levels

11.1 Indicate the potential impact that could result to the subject individuals and/or the organization if PII were inappropriately accessed, used, or disclosed.

	Low - the loss of confidentiality, integrity, or availability could be expected to have a limited adverse
	effect on organizational operations, organizational assets, or individuals.
\boxtimes	Moderate - the loss of confidentiality, integrity, or availability could be expected to have a serious
	adverse effect on organizational operations, organizational assets, or individuals.
	High – the loss of confidentiality, integrity, or availability could be expected to have a severe or
	catastrophic adverse effect on organizational operations, organizational assets, or individuals.

\boxtimes	Identifiability	Provide explanation: Details information of employee work related data and system administration and audit data.
	Quantity of PII	Provide explanation:
	Data Field Sensitivity	Provide explanation:
\boxtimes	Context of Use	Provide explanation: Use of PII and work / system audit data in combination for tracking and reporting of employee and labor relations cases.
	Obligation to Protect Confidentiality	Provide explanation:
	Access to and Location of PII	Provide explanation: Because the information containing PII must be transmitted outside of the USPTO environment, there is an added need to ensure the confidentiality of information during transmission.
	Other:	Provide explanation:

11.2 Indicate which factors were used to determine the above PII confidentiality impact levels. *(Check all that apply.)*

Section 12: Analysis

12.1 Indicate whether the conduct of this PIA results in any required business process changes.

	Yes, the conduct of this PIA results in required business process changes. Explanation:
\boxtimes	No, the conduct of this PIA does not result in any required business process changes.

12.2 Indicate whether the conduct of this PIA results in any required technology changes.

	Yes, the conduct of this PIA results in required technology changes. Explanation:
\boxtimes	No, the conduct of this PIA does not result in any required technology changes.
