U.S. Department of Commerce Privacy Impact Assessment USPTO RAM

Unique Project Identifier: PTOC-006-00

Introduction: System Description

Provide a description of the system that addresses the following elements:

The response must be written in plain language and be as comprehensive as necessary to describe the system.

(a) a general description of the information in the system The RAM Master system is composed of one AIS:

Revenue Accounting and Management System (RAM) is a Major Application (MA) that collects fees for various USPTO goods and services related to intellectual property and the protection of intellectual property rights. Internet customers can pay these fees by credit card, Electronic Funds Transfer (EFT), or by a USPTO established Deposit Account via USPTO storefronts, with the purchased items and payments recorded by RAM. Fees submitted by mail are processed through the "Core" RAM application by designated USPTO staff. The RAM information will only be shared with Pay.gov for credit card and ACH verification and processing.

(b) a description of a typical transaction conducted on the system

RAM provides payment services to the public as requested through USPTO storefronts, and provides desktop application services internally to designated USPTO users. RAM provides the following functions:

- Process Receipts
- Point-of-Sale Processing
- Process Maintenance Fees
- Process Refunds
- Pass Fees to the World Intellectual Property Organization (WIPO), the European Patent Organization (EPO), the Israel Patent Office (ILPO), IP Australia (IPAU), the Intellectual Property Office of Singapore (IPOS), the Japanese Patent Office (JPO), and the Russian Intellectual Property Organization (RIPO).
- Maintain Customer Deposit Account

(c) any information sharing conducted by the system

Information about customers' credit card transactions are sent to (the U.S. Treasury's) Pay.gov system for authorization (real-time) and settlement (same day) and customers' banking information is sent to the Pay.gov system(daily batch-not real-time) for pre-notifications (new account verification-zero dollar transaction) and for EFT processing. Employee information is not shared with any other system or agency.

(d) a citation of the legal authority to collect PII and/or BII

The USPTO collects customer financial information for fee processing under 35 U.S.C., Section 41 and 15 U.S.C. Section 1113, as implemented in 37 CFR.

(e) the Federal Information Processing Standard (FIPS) 199 security impact category for the system Moderate

Section 1: Status of the Information System

- 1.1 Indicate whether the information system is a new or existing system.
 - \Box This is a new information system.
 - □ This is an existing information system with changes that create new privacy risks. (*Check all that apply.*)
 - This is an existing information system in which changes do not create new privacy risks. *Continue to answer questions, and complete certification.*

Changes That Create New Privacy Risks (CTCNPR)								
a. Conversions		d. Significant Merging		g. New Interagency Uses				
b. Anonymous to Non- Anonymous		e. New Public Access		h. Internal Flow or Collection				
c. Significant System Management Changes		f. Commercial Sources		i. Alteration in Character of Data				
j. Other changes that create nev	vpriva	cyrisks (specify):						

Section 2: Information in the System

2.1 Indicate what personally identifiable information (PII)/business identifiable information (BII) is collected, maintained, or disseminated. (*Check all that apply.*)

Identifying Numbers (IN)					
a. Social Security*		e. File/Case ID		i. Credit Card	\boxtimes
b. TaxpayerID		f. Driver's License		j. Financial Account	\boxtimes
c. Employer ID		g. Passport		k. Financial Transaction	\boxtimes
d. Employee ID		h. Alien Registration		1. Vehicle Identifier	
m. Other identifying numbers	s(speci	fy):			
*Explanation for the need to c form:	ollect,	maintain, or disseminate the Soc	vial Sec	urity number, including truncate	d
*If SSNs are collected, stored collection in the future and ho		cessed by the system, please exp could be accomplished:	lain if t	there is a way to avoid such	
General Personal Data (GPD)				

General Personal Data (GPD))						
a. Name	\boxtimes	g. Date of Birth		m. Religion			
b. Maiden Name		h. Place of Birth		n. Financial Information	\boxtimes		
c. Alias		i. Home Address	\boxtimes	o. Medical Information			
d. Gender		j. Telephone Number	\boxtimes	p. Military Service			
e. Age		k. Email Address	\boxtimes	q. Physical Characteristics			
f. Race/Ethnicity		1. Education		r. Mother's Maiden Name			
s. Other general personal dat	s. Other general personal data (specify):						

W	ork-Related Data (WRD)					
a.	Occupation		d. Telephone Number	g.	Salary	
b.	Job Title		e. Email Address	h.	Work History	
с.	WorkAddress		f. Business Associates			
i.	Other work-related data (s	specify):			

Di	stinguishing Features/Bio	metric	s (DFB)		
a.	Fingerprints		d. Photographs	g. DNA Profiles	
b.	Palm Prints		e. Scars, Marks, Tattoos	h. Retina/Iris Scans	
c.	Voice Recording/Signatures		f. Vascular Scan	i. Dental Profile	
j.	Other distinguishing featu	ires/bio	ometrics (specify):		

Sy	System Administration/Audit Data (SAAD)						
a.	UserID	\times	c. Date/Time of Access	\boxtimes	e.	ID Files Accessed	
b.	IP Address		d. Queries Run		f.	Contents of Files	
g.	Othersystemadministration	on/aud	it data(specify):				

Other Information (specify)

2.2	Indicate sources of the PII/BII in the system.	(Check all that apply.)
-----	--	-------------------------

Directly from Individual about Whom the Information Pertains						
In Person	\boxtimes	Hard Copy: Mail/Fax	\boxtimes	Online	\boxtimes	
Telephone	\boxtimes	Email	\boxtimes			
Other (specify):						

Government Sources			
Within the Bureau	Other DOC Bureaus	Other Federal Agencies	
State, Local, Tribal	Foreign		
Other(specify):			

Non-government Sources				
Public Organizations			Commercial Data Brokers	
Third Party Website or Application				
Other (specify):				

2.3 Indicate the technologies used that contain PII/BII in ways that have not been previously deployed. (*Check all that apply.*)

Technologies Used Containing PII/BII Not Previously Deployed (TUCPBNPD)									
Smart Cards		Biometrics							
Caller-ID		Personal Identity Verification (PIV) Cards							
Other (specify):	-								

There are not any technologies used that contain PII/BII in ways that have not been previously deployed.

Section 3: System Supported Activities

3.1 Indicate IT system supported activities which raise privacy risks/concerns. (*Check all that apply.*)

Activities		
Audiorecordings	Building entry readers	
Video surveillance	Electronic purchase transactions	\boxtimes
Other (specify):		

There are not any IT system supported activities which raise privacy risks/concerns.

Section 4: Purpose of the System

4.1 Indicate why the PII/BII in the IT system is being collected, maintained, or disseminated. *(Check all that apply.)*

Purpose			
To determine eligibility		For administering human resources programs	
For administrative matters	\boxtimes	To promote information sharing initiatives	
Forlitigation		For criminal law enforcement activities	
For civil enforcement activities		For intelligence activities	
To improve Federal services online	\boxtimes	For employee or customer satisfaction	
For web measurement and customization technologies (single-session)		For web measurement and customization technologies (multi-session)	
Other (specify):			

<u>Section 5</u>: Use of the Information

5.1 In the context of functional areas (business processes, missions, operations, etc.) supported by the IT system, describe how the PII/BII that is collected, maintained, or disseminated will be used. Indicate if the PII/BII identified in Section 2.1 of this document is in reference to a federal employee/contractor, member of the public, foreign national, visitor or other (specify).

The USPTO collects customer financial information for fee processing. Under 35 U.S.C, Section 41 and 15 U.S.C. Section 11 13, as implemented in 37 CFR, the USPTO charges fees for processing and services related to patents, trademarks, and information products. In the case of EFT payments, we collect the contact phone number and contact email address in order to communicate with the customer in case there are any problems with the EFT information or the EFT fee sale. Any employee/contractor information is collected in order to identify the RAM fee processor and organization in which they work. The RAM system is set up with role-based privileges, so an employee only has access to those specific functions permitted within their organization or by their required duties.

Section 6: Information Sharing and Access

6.1 Indicate with whom the bureau intends to share the PII/BII in the IT system and how the PII/BII will be shared. (*Check all that apply.*)

Recipient	How Information will be Shared			
Keelplent	Case-by-Case	Bulk Transfer	Direct Access	
Within the bureau	\boxtimes	\boxtimes		
DOC bureaus				
Federal agencies	\boxtimes	\boxtimes		
State, local, tribal gov't agencies				
Public				
Private sector				
Foreign governments				
Foreign entities				
Other (specify):				

 \Box The PII/BII in the system will not be shared.

6.2 Indicate whether the IT system connects with or receives information from any other IT systems authorized to process PII and/or BII.

Yes, this IT system connects with or receives information from another IT system(s) authorized to process PII and/or BII. Provide the name of the IT system and describe the technical controls which prevent PII/BII leakage: U.S. Treasury/Pay.gov: The connection is made using TLS encryption in order to protect the data while it is moving between the two connections.
No, this IT systemdoes not connect with or receive information from another IT system(s) authorized to process PII and/or BII.

6.3 Identify the class of users who will have access to the IT system and the PII/BII. (*Check all that apply.*)

Class of Users			
General Public	\boxtimes	Government Employees	\boxtimes
Contractors	\boxtimes		
Other (specify):			

Section 7: Notice and Consent

7.1 Indicate whether individuals will be notified if their PII/BII is collected, maintained, or disseminated by the system. (*Check all that apply.*)

\boxtimes	Yes, notice is provided pursuant to a sys discussed in Section 9.	temofrecords notice published in the Federal Register and
\boxtimes	Yes, notice is provided by a Privacy Act and/or privacy policy can be found at: ht	t statement and/or privacy policy. The Privacy Act statement ttps://www.uspto.gov/privacy-policy.
	Yes, notice is provided by other means.	Specify how:
	No, notice is not provided.	Specify why not:

7.2 Indicate whether and how individuals have an opportunity to decline to provide PII/BII.

Yes, individuals have an opportunity to decline to provide PII/BII.	Specify how: Customers do have payment options, so they have the opportunity to decline the provision of credit card information if they would rather use a deposit account or a check.
No, individuals do not have an opportunity to decline to provide PII/BII.	Specify why not:

7.3 Indicate whether and how individuals have an opportunity to consent to particular uses of their PII/BII.

	Yes, individuals have an opportunity to consent to particular uses of their PII/BII.	Specify how: All financial information for payment processing described herein is required to obtain services related to intellectual property and the protection of intellectual property rights. Customers do have payment options, so they have the opportunity to decline the provision of credit card information if they would rather use a deposit account or a check. Also, there is no additional use of the information beyond the required us e and therefore no "consent process" is necessary.
	No, individuals do not have an opportunity to consent to particular uses of their PII/BII.	Specify why not:

7.4 Indicate whether and how individuals have an opportunity to review/update PII/BII pertaining to them.

\boxtimes	Yes, individuals have an opportunity to review/update PII/BII pertaining to them.	Specify how: Customers have the opportunity to update account information at any time: https://fees.uspto.gov/
	No, individuals do not have an opportunity to review/update PII/BII pertaining to them.	Specify why not:

Section 8: Administrative and Technological Controls

8.1 Indicate the administrative and technological controls for the system. (*Check all that apply.*)

\boxtimes	All users signed a confidentiality agreement or non-disclosure agreement.
\boxtimes	All users are subject to a Code of Conduct that includes the requirement for confidentiality.
\boxtimes	Staff (employees and contractors) received training on privacy and confidentiality policies and practices.
\boxtimes	Access to the PII/BII is restricted to authorized personnel only.
\boxtimes	Access to the PII/BII is being monitored, tracked, or recorded. Explanation: The USPTO uses the Life Cycle review process to ensure that management controls are in place for the RAM. During the enhancement of any component, the security controls are reviewed, re- evaluated, and updated in the Security Plan. The Security Plans specifically address the management, operational and technical controls that are in place, and planned, during the operation of the enhanced system. Additional management controls include performing national agency check on all personnel, including contractor staff.
\boxtimes	The information is secured in accordance with FISMA requirements. Provide date of most recent Assessment and Authorization (A&A): June 26, 2018 This is a new system. The A&A date will be provided when the A&A package is approved.
\boxtimes	The Federal Information Processing Standard (FIPS) 199 security impact category for this system is a moderate or higher.
\boxtimes	NIST Special Publication (SP) 800-122 and NIST SP 800-53 Revision 4 Appendix J recommended security controls for protecting PII/BII are in place and functioning as intended; or have an approved Plan

	of Action and Milestones (POAM).
\boxtimes	Contractors that have access to the systemare subject to information security provisions in their contracts required by DOC policy.
\boxtimes	Contracts with customers establish ownership rights over data including PII/BII.
\boxtimes	Acceptance of liability for exposure of PII/BII is clearly defined in agreements with customers.
	Other (specify):

8.2 Provide a general description of the technologies used to protect PII/BII on the IT system.

Personally identifiable information in RAM is secured using appropriate administrative, physical, and technical safeguards in accordance with the applicable federal laws, Executive Orders, directives, policies, regulations, and standards.

All access has role based restrictions, and individuals with access privileges have undergone vetting and suitability screening. Data is maintained in areas accessible only to authorize personnel. The USPTO maintains an audit trail and performs random periodic reviews to identify unauthorized access.

Additionally, RAM is secured by various USPTO infrastructure components, including the Network and Security Infrastructure (NSI) system and other OCIO established technical controls to include password authentication at the server and database levels.

PII data is encrypted in transit and while at rest.

Section 9: Privacy Act

9.1 Indicate whether a system of records is being created under the Privacy Act, 5 U.S.C. § 552a. (A new system of records notice (SORN) is required if the system is not covered

by an existing SORN).

As per the Privacy Act of 1974, "the term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual."

\boxtimes	Yes, this system is covered by an existing system of records notice (SORN). Provide the SORN name and number (<i>list all that apply</i>): COMMERCE/PAT-TM-10 Deposit Accounts and Electronic Funds Transfer Profiles.
	Yes, a SORN has been submitted to the Department for approval on (date).
	No, a SORN is not being created.

Section 10: Retention of Information

10.1 Indicate whether these records are covered by an approved records control schedule and monitored for compliance. (*Check all that apply.*)

	There is an approved record control schedule. Provide the name of the record control schedule:
	GRS 1.1:010: Financial transaction records related to procuring goods and services, paying bills, collecting debts, and accounting.
	No, there is not an approved record control schedule. Provide the stage in which the project is in developing and submitting a records control schedule:
\boxtimes	Yes, retention is monitored for compliance to the schedule.
	No, retention is not monitored for compliance to the schedule. Provide explanation:

10.2 Indicate the disposal method of the PII/BII. (Check all that apply.)

Dis pos al			
Shredding	\boxtimes	Overwriting	
Degaussing	\boxtimes	Deleting	\boxtimes
Other(specify):			

Section 11: NIST Special Publication 800-122 PII Confidentiality Impact Levels

11.1 Indicate the potential impact that could result to the subject individuals and/or the organization if PII were inappropriately accessed, used, or disclosed.

	Low – the loss of confidentiality, integrity, or availability could be expected to have a limited adverse effect on organizational operations, organizational assets, or individuals.
	Moderate – the loss of confidentiality, integrity, or availability could be expected to have a serious adverse effect on organizational operations, organizational assets, or individuals.
\boxtimes	High – the loss of confidentiality, integrity, or availability could be expected to have a severe or catastrophic adverse effect on organizational operations, organizational assets, or individuals.

\boxtimes	Identifiability	Provide explanation: Name, home/business address, email address, telephone number, financial information for fee processing
\boxtimes	Quantity of PII	Provide explanation: Collectively, the number of records collected generate an enormous amount of PII and a breach in such large numbers of individual PII must be considered in the determination of the impact level.
	Data Field Sensitivity	Provide explanation: Combination of name and financial information may be more sensitive.
	Context of Use	Provide explanation: USPTO charges fees for processing and services related to patents, trademarks, and information products. PII is collected in order to communicate with the customer in case there are any problems with fee sale or to identify the RAM fee processor and organization.
\boxtimes	Obligation to Protect Confidentiality	Provide explanation: Based on the data collected USPTO must protect the PII of each individual in accordance to the Privacy Act of 1974.
	Access to and Location of PII	Provide explanation: Due to obtaining PII, necessary measures must be taken to ensure the confidentiality of information during processing, storing and transmission.
	Other:	Provide explanation:

11.2 Indicate which factors were used to determine the above PII confidentiality impact levels. (*Check all that apply.*)

Section 12: Analysis

12.1 Indicate whether the conduct of this PIA results in any required business process changes.

	Yes, the conduct of this PIA results in required business process changes. Explanation:
\boxtimes	No, the conduct of this PIA does not result in any required business process changes.

12.2 Indicate whether the conduct of this PIA results in any required technology changes.

	Yes, the conduct of this PIA results in required technology changes. Explanation:
\boxtimes	No, the conduct of this PIA does not result in any required technology changes.
