1. Introduction

This guide is for Third-Party Preissuance Submissions under 37 CFR 1.290. For general information on submitting applications electronically via EFS-Web please review the EFS-Web Quick Start Guide located at <http://www.uspto.gov/patents/process/file/efs/guidance/EFS-WebQuickStartGuide.pdf>

35 U.S.C. 122(e) provides a mechanism for third parties to submit patents, published patent applications, or other printed publications of potential relevance to the examination of a patent application with a concise description of the asserted relevance of each document submitted. Under 35 U.S.C. 122(e), such submissions must be made (1) before the later of (i) 6 months after the date the application is first published by the Office, or (ii) the date of a first Office action on the merits rejecting any claim, and (2) before the date a notice of allowance is given or mailed. Section 122(e) also provides for such fees as the Director may prescribe. This new provision is effective September 16, 2012, and applies to any patent application filed before, on, or after September 16, 2012.

The microsite for Third-Party Preissuance Submissions can be located at:
http://www.uspto.gov/patents/init_events/preissuance_submissions.jsp.

Here you may initiate the Third-Party Submission by clicking the “**Click Here to File**” button located on the right side of the Preissuance Submissions banner shown below.

Preissuance Submissions ("Third Party Submissions")

35 U.S.C. 122(e) provides a mechanism for third parties to submit patents, published patent applications, or other printed publications of potential relevance to the examination of a patent application with a concise description of the asserted relevance of each document submitted. Under 35 U.S.C. 122(e), such submissions may be made before (1) the later of (i) 6 months after the date of publication or (ii) the date of a first Office action on the merits rejecting any claims, or (2) before the date of a notice of allowance, if earlier. Section 122(e) also provides for such fees as the Director may prescribe. This new provision was effective on September 16, 2012, and applies to any patent application.

After clicking the “**Click Here to File**” button, you will be directed to the EFS-Web Landing page for Unregistered eFilers where the “**Third-Party Preissuance Submission under 37 CFR 1.90**” radio button is preselected for filing purposes. Unregistered eFilers should follow the instructions set forth in Section 3.1.2 below. Registered eFilers should follow the instructions set forth in Section 3.1.1 below.

This Quick Start Guide will provide you with the information you need in order to rapidly understand how to file a Third-Party Preissuance Submission, including a brief overview of the process and screen shots that identify critical aspects of the submission.

A more comprehensive guide on how to use EFS-Web can be found at the EFS-Web Guidance and Resources page located at: <http://www.uspto.gov/patents/process/file/efs/guidance/index.jsp>

2. Basic Guidelines for Filing a Third-Party Preissuance Submission

- You must be able to access EFS-Web.
- The radio button “Third-Party Preissuance Submission under 37 CFR 1.290” **must** be selected.
- You can be either a Registered or Unregistered eFiler. Only Registered eFilers may save a submission as a work-in-progress for up to 7 days.
- A Third-Party Submission under 37 CFR 1.290 may be made in any non-provisional utility, design, or plant application, including any continuing application. The application may be pending or abandoned and need not be published.
- Third-Party Submissions under 37 CFR 1.290 are **not** permitted in reissue applications and reexamination proceedings.
- Before being entered into the image file wrapper (IFW) record of an application, Third-Party Submissions will be reviewed for compliance with 35 U.S.C. 122(e) and 37 CFR 1.290.
- Consult the current fee schedule available at <http://www.uspto.gov/about/offices/cfo/finance/fees.jsp> for the correct fee amounts. The regular undiscounted fee for a Third-Party Submission is currently \$180 for every 10 documents listed or fraction thereof, as set forth in 37 CFR 1.290(f) and 37 CFR 1.17(p) and will be due upon filing of the completed submission. If the third party qualifies as a small entity (e.g., a person, a small business, or a nonprofit organization), the fee is reduced by half.
- There is no fee required if the first submission by a third party in an application lists three or fewer items, and is accompanied by the statement set forth in 37 CFR 1.290(g).
- If a Third-Party Submission has been submitted but a required component has been omitted, the omitted component cannot be submitted as a follow-on paper. Instead, the third party may file another complete submission which includes the omitted component, provided the time period for doing so has not closed. See Section 3.2.6 for information regarding the fee required for a resubmission made in response to a notification of non-compliance.

Warning: EFS-Web sessions will time-out after one hour of inactivity. A Third-Party Submission that has not been submitted or saved after one hour of inactivity will be lost. You will need to login to EFS-Web again and re-enter the information from the start.

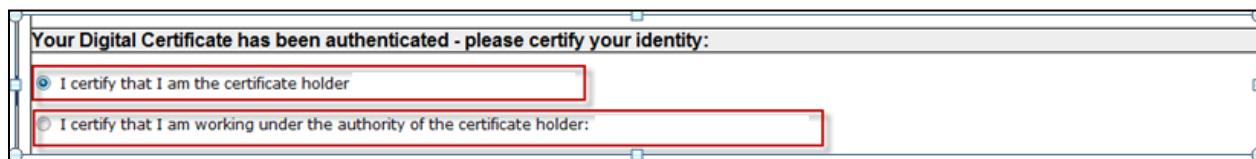

3. Filing a Third-Party Preissuance Submission

3.1 Signing-On to EFS-Web

Third parties have the option of signing-on to EFS-Web as either a Registered or Unregistered eFiler.

3.1.1 Registered eFiler

Once you have signed-on to EFS-Web as a Registered eFiler, you will need to certify that you are the certificate holder or working under the authority of the certificate holder. Registered eFilers who authenticate can save “In-progress” submissions and return to edit them prior to completing the submission, but any required payment will be due upon filing of the completed submission.

To submit a Third-Party Preissuance Submission, select the “**Existing application/patent**” radio button. The Web screen will expand to display additional options. Select the radio button located next to “**Third-Party Preissuance Submission under 37 CFR 1.290**” and enter the Application Number and Confirmation Number. The Confirmation Number can be obtained by looking up the application number in the Public Patent Application Information Retrieval (PAIR) System located at <http://portal.uspto.gov/external/portal/pair> and viewing the Bibliographic Data. If the Confirmation Number is not available or not known, the Third-Party Submission cannot be filed electronically and may be filed in paper instead. Instructions on how to file a third-party submission in paper are available at: http://www.uspto.gov/patents/init_events/preissuance_submissions.jsp.

3.2 Entering Data for a Third-Party Submission

On the “**Application Data**” screen, only the application number will be displayed. On this screen, enter the data for the items that are being submitted in the Third-Party Submission in the appropriate sections of the screen (e.g., U.S. Patents, U.S. Patent Application Publications, Foreign Patents and Published Foreign Patent Applications, and Non-Patent Publications). A minimum of 1 item and a maximum of 10 may be listed per electronic submission. If you need to list more than 10, please make a subsequent submission to add the additional items. A form PTO/SB/429 will be automatically generated based on the data entered on this screen. You will be able to review the auto-generated PTO/SB/429 later on the “**Review Documents**” screen.

Note: For each item entered, a Concise Description of Relevance must either be entered as text in the provided text box or uploaded as a separate document on the “**Attach Documents**” screen. Failure to include a Concise Description of Relevance for each item will result in a non-compliant submission. When entering a Concise Description of Relevance in the provided text box, up to 1000 characters may be entered, and a counter will reveal how many characters you have left. A Concise Description of Relevance that exceeds 1000 characters must be uploaded as a separate document on the “**Attach Documents**” screen. A concise description of relevance is not an invitation for the third party to participate in the prosecution of the application. The concise description must not include arguments against patentability or set forth conclusions regarding whether one or more claims are patentable, and must not include proposed rejections of the claims or arguments relating to an Office action or an applicant’s reply in the application.

3.2.1 U.S. Patents

In the “**U.S. Patents**” section, a valid 7 digit U.S. patent number must be entered in the Patent Number field. The patent number entered will be validated against the USPTO database and the First Named Inventor and Issue Date fields will be automatically filled in upon selecting the “**Add Another**” or “**Continue**” button. The Kind Code is an optional field. If known, enter the kind of U.S. patent by the appropriate symbols indicated on the document under WIPO Standard ST.16. See Section 4.2 for a listing of Kind Codes.

3.2.5 Request for Notification Regarding Third-Party Preissuance Submission

By completing the “**Request for Notification Regarding Third-Party Preissuance Submission**” section, you will be notified by e-mail if the submission is found to be compliant or non-compliant. This section is not required to be completed. To request electronic notification regarding your submission, you must select the check box and enter an e-mail address. The request for notification and the e-mail address provided will not be made of record in the application.

REQUEST FOR NOTIFICATION REGARDING THIRD-PARTY PREISSUANCE SUBMISSION

Check the box and enter an e-mail address to request notification when the third-party submission is determined to be compliant or non-compliant. The request for notification and e-mail address will not be made of record in the application.

The undersigned requests notification via e-mail to the following address regarding whether the third-party submission is found to be compliant or non-compliant.

E-mail Address:

3.2.6 Statements

To facilitate compliance, the “**Statements**” section includes the statements required by 37 CFR 1.290(d)(5)(i) and (ii). The party making the submission must state that the party is not an individual who has a duty to disclose information with respect to the application (i.e., each individual associated with the filing and prosecution of the patent application) under 37 CFR 1.56. The party making the submission must also state that the submission complies with the requirements of 35 U.S.C. 122(e) and 37 CFR 1.290.

Fee Radio Buttons:

Additionally, one of the fee radio buttons must be selected. The regular undiscounted fee for a Third-Party Submission is currently \$180 for every 10 documents listed or fraction thereof, as set forth in 37 CFR 1.290(f) and 37 CFR 1.17(p). If the third party qualifies as a small entity (e.g., a person, a small business, or a nonprofit organization), the fee is reduced by half. There is no fee required if the first submission by a third party in an application lists three or fewer items, and is accompanied by the statement set forth in 37 CFR 1.290(g).

First Fee Radio Button: Select the first fee radio button to indicate that the required fee is attached. If the first radio button, “The fee set forth in 37 CFR 1.290(f) has been submitted herewith” is selected, Unregistered eFilers will be required to electronically pay the required fee during the active session. See Section 3.2.11. Registered eFilers may save a submission as a “work-in-progress,” but must electronically pay the required fee upon filing the completed submission. See Section 3.3. Failure to pay the fee will result in a non-compliant submission.

Second Fee Radio Button: Select the second fee radio button if no fee is required because the submission lists three or fewer total items and, to the knowledge of the person electronically signing the statement after making reasonable inquiry, the submission is the first and only Third-Party Submission filed in the identified application by the party making the submission or by a party in privity with the party. See 37 CFR 1.290(g).

Third Fee Radio Button: The appropriate fee for the number of documents being submitted (e.g., \$180 for 1-10 documents) must accompany any resubmission made in response to a notification of non-compliance. However, to satisfy the fee requirement for a resubmission after a finding of non-compliance where the proper fee set forth in 37 CFR 1.290(f) accompanied the non-compliant submission, select the third fee radio button to request that the Office apply the previously-paid fee to the resubmission. Similarly, to satisfy the fee requirement for a resubmission after a finding of non-compliance where the non-compliant submission of three or fewer documents was accompanied by the fee exemption statement set forth in 37 CFR 1.290(g), select the third fee radio button to state that the

fee exemption applies to the resubmission. By selecting this statement, the party making this resubmission: (1) requests that the Office apply the previously paid fee set forth in 37 CFR 1.290(f), or (2) states that no fee is required to accompany this resubmission as the undersigned is again making the fee exemption statement set forth in 37 CFR 1.290(g). The corrections in the resubmission must be limited to addressing the non-compliance, and the resubmission must be another complete submission, as the Office will not accept amendments to the non-compliant submission. The determination of whether the fee requirement for a resubmission is satisfied will be made at the sole discretion of the Office. Note that the resubmission must be made before the statutory time period for filing a third-party submission has closed.

Signature:

Third-Party Submissions are required to be signed. At the bottom of the “**Application Data**” screen, provide a valid S-signature, and complete the Name and Registration Number (if applicable) fields. (*Please refer to EFS Web Legal Framework, Section F. Signature Policy.*) The submitter of a Third-Party Submission will be identified but a real party in interest need not be identified. A real party in interest can remain anonymous by having someone else make the third-party submission for them, but the submitter cannot remain anonymous. The signature requirement of 37 CFR 1.4 for papers filed in a patent application, which require a person’s signature, apply to third-party submissions. Third-party submissions must be signed due to statements that are required to be made under 37 CFR 1.290(d)(5) and 37 CFR 1.290(g) (if applicable) by the party making the submission.

Click on the “**Save & Continue**” button to proceed to the next screen.

The screenshot shows a user interface for a "STATEMENTS" section. It includes the following elements:

- A statement: "The party making the submission is not an individual who has a duty to disclose information with respect to the above-identified application under 37 CFR 1.56."
- A statement: "This submission complies with the requirements of 35 U.S.C. 122(e) and 37 CFR 1.290."
- Three radio button options:
 - The fee set forth in 37 CFR 1.290(f) has been submitted herewith.
 - The fee set forth in 37 CFR 1.290(f) is not required because this submission lists three or fewer total items and, to the knowledge of the person signing the statement after making reasonable inquiry, this submission is the first and only submission under 35 U.S.C.122(e) filed in the above-identified application by the party making the submission or by a party in privity with the party. See 37 CFR 1.290(g).
 - No fee is required because this submission is a resubmission after a finding of non-compliance, and the proper fee set forth in 37 CFR 1.290(f) was submitted with the non-compliant submission or was not required to be submitted because the non-compliant submission was accompanied by the statement set forth in 37 CFR 1.290(g).
- A "Signature" field with a placeholder "(EXAMPLE: John Smith)".
- A "Name" field.
- A "Registration Number, if applicable" field.
- A "Privacy Policy" link.
- Buttons: "Cancel", "Save for Later Submission", and "Save & Continue" (which is highlighted with a red border).

3.2.7 Attach Documents

Once you have provided all of the necessary information on the “**Application Data**” screen, up to three PDF documents will be auto-generated: (1) a concise description of relevance document (“Concise-description-generated.pdf”) that includes each concise description of relevance entered (or indicates “See Attached”), (2) a form PTO/SB/429 document listing (“Third-party-preissuance-submission.pdf”) that identifies each document entered, and (3) if applicable, a request for notification regarding third-party submission (“Third-party-notification-request.pdf”).

You may click on the respective PDF hyperlink to preview these documents. If you need to make any corrections, go back to the “**Application Data**” screen by clicking on the “**Application Data**” tab at the top of the screen. After making any corrections, you must click on the “**Save & Continue**” button located at the bottom of the “**Application Data**” screen in order to apply any changes.

On the “**Attach Documents**” screen, note the reminder above the “Files to be Submitted” section. For each item entered on the “**Application Data**” screen, a Concise Description of Relevance must either be entered as text in the provided text box or uploaded as a separate document on this screen. Also, copies of any Foreign Patent, Published Foreign Patent Application, and/or Non-Patent Publication entered on the “**Application Data**” screen, as well as any corresponding English-language Translation and Evidence of Publication documents, must be uploaded on this screen. **Failure to upload the required documents will result in a non-compliant submission.** See 37 CFR 1.290(d).

How to Upload Documents:

Step 1: Click on the “**Browse**” button to search your computer for the document to be uploaded. Note: it would be beneficial to use a file name representative of the document being uploaded (e.g., “Jones.pdf” for a copy of a document authored by Jones, “Jones_translation.pdf” for an English language translation of the Jones document, etc.).

Step 2: Once the document is uploaded, you will need to index it correctly. For the “**Category**” drop down menu select “**EProcessing**” and on the “**Document Description**” drop down menu select the correct document description for the document being filed. The following document descriptions are available:

- Concise Description of Relevance (if not previously entered in the Concise Description of Relevance field)
- Evidence of Publication
- Foreign Reference (for copies of Foreign Patents and Published Foreign Patent Applications)
- Non Patent Literature (for copies of Non-Patent Publications)
- Translation of Foreign Patent Document
- Translation of Non-Patent Publication

Once the appropriate selections have been made, click on the “**Upload & Validate**” button. You will need to repeat Steps 1 and 2 for each document to be uploaded. Click on the “**Review**” button after all documents have been uploaded.

If you do not have any required documents to upload, click on the “**Review**” button.

The screenshot shows the 'Upload & Validate' step of the EFS-Web process. At the top left, there's a file selection dialog with the path 'H:\Testing\PDFs\Test_Document_1' and a 'Browse...' button. Next to it is a 'View All Categories' dropdown with 'Yes' selected. Below these are two radio buttons: 'Yes' (unchecked) and 'No' (checked). To the right is a list of document types: 'Concise Description of Relevance', 'Evidence of Publication', 'Foreign Reference', 'Non Patent Literature', 'Translation of Foreign Patent Document', and 'Translation of Non-Patent Publication'. A 'Delete' button is located at the top right of this list. Below the list is a note: 'Users are advised not to submit credit card payment form PTO-2038 via EFS-Web. Submission of the credit card payment form via EFS-Web may result in the form being included among the patent or trademark records open for public inspection. Users choosing to pay with a credit card should instead utilize the on-line payment method available through EFS-Web.' At the bottom are links for 'Privacy Policy', 'Cancel', 'Upload & Validate' (which is highlighted with a red box), and 'Review'. A message 'Please Upload & Validate before Review' is displayed below the buttons.

3.2.8 Review Documents

On the “**Review Documents**” screen, confirm that all of the necessary documents uploaded properly. If you receive any validation errors you will not be able to proceed to the next screen until the errors are fixed. However, you will be able to proceed to the next screen if you receive any validation warnings.

Once you have uploaded all of the necessary documents for your submission and received no validation errors, click on the “**Continue**” button to advance to the next screen.

The screenshot shows the 'Review Documents' step of the EFS-Web process. At the top, there's a navigation bar with links for 'Registered eFilers' (selected), 'Please Read Announcements', 'Application Data', 'Attach Documents', 'Review Documents', 'Calculate Fees', 'Confirm & Submit', 'Pay Fees', and 'Receipt'. Below the navigation bar is a section titled 'Review Documents' with the sub-instruction: 'This is the application data associated with your filing. If any information is incorrect, please click [Cancel](#)'. It shows application details: 'Application Number' (5900000) and 'Filed By' (Joe Inventor). Below this is a section for reviewing documents, with the instruction: 'To Review a Document, please click on the document name. To add more files please [Attach Files](#)'. There are two entries in this section:

Validation Status	Files to be Submitted	Multi-Doc PDF	Document Description	Page Count	Size
PASS	Concise-description-generated.pdf	NO	Concise Description of Relevance	2	28512 bytes

Below the table, a note says: 'No validation errors found.' The second entry has a similar structure:

PASS	Third-party-preissuance-submission.pdf	NO	THIRD-PARTY SUBMISSION UNDER 37 CFR 1.290	2	43060 bytes
------	--	----	---	---	-------------

Below this, another note says: 'No validation errors found.' At the bottom of the page, there are links for 'Privacy Policy', 'Cancel', 'Attach Files', 'Revalidate', and 'Continue' (which is highlighted with a red box). A note at the bottom says: 'No Error(s) ▲ Warning(s) ▼ Error(s) found'. Below that is a section for help: 'If you need help:' with three bullet points: 'To ask questions about Patent e-Filing, or to suggest improvements to the online system, or report technical problems, please call the Patent Electronic Business Center at (866) 217-9197 (toll free) or send email to [EBC@uspto.gov](#)', 'Send general questions about USPTO programs to the [USPTO Contact Center \(UCC\)](#)', and 'For general questions regarding a petition, or requirements for filing a petition, contact the Office of Petitions Help Desk at 1 800-786-9199.'

If your document could not be validated, an error message will appear informing you of the reason for the validation failure. Attaching a document that is not a PDF or TXT will cause a failure to validate, as will not choosing a document description. For more information, please review the EFS-Web Quick Start guide located at <http://www.uspto.gov/patents/process/file/efs/guidance/EFS-WebQuickStartGuide.pdf>.

3.2.9 Calculate Fees

On the “Calculate Fees” screen, the fee for the submission will appear in the “Total Fees Due” box. If you selected the radio button that fees are due for the submission on the “Application Data” screen, the “Total Fees Due” box will be populated with the fee set forth in 37 CFR 1.290. By selecting “Regular Undiscounted,” the regular undiscounted fee is populated in the “Total Fees Due” box below.

The screenshot shows the 'Calculate Fees' screen with the following details:

- Fees Displayed:** Regular Undiscounted
- Entity Status for Fee Purposes:** [Small Entity](#)
- Miscellaneous Patent Fees:** Third-Party Preissuance Submission under 37 CFR 1.290
- Total Fees Due:** \$180
- Help Text:** If you need help:
 - To ask questions about Patent e-Filing, or to suggest improvements to the online system, or report technical problems, please call the Patent Electronic Business Center at (866) 217-9197 (toll free) or send email to EBC@uspto.gov.
 - Send general questions about USPTO programs to the [USPTO Contact Center \(UCC\)](#).
 - For general questions regarding a petition, or requirements for filing a petition, contact the Office of Petitions Help Desk at 1 800-786-9199.

By selecting “**Small Entity**,” the small entity fee is populated in the “Total Fees Due” box. By selecting “**Small Entity**” and paying the applicable small entity fee, the party making the submission asserts that the party qualifies as a small entity. If the third party qualifies as a small entity (e.g., a person, a small business, or a nonprofit organization), the fee is reduced by half as shown below. Note: A third party is not eligible for the micro entity discount.

The screenshot shows the 'Calculate Fees' screen with the following details:

- Fees Displayed:** Small Entity
- Entity Status for Fee Purposes:** [Small Entity](#)
- Miscellaneous Patent Fees:** Third-Party Preissuance Submission under 37 CFR 1.290
- Total Fees Due:** \$90
- Help Text:** If you need help:

 - Send general questions about USPTO programs to the [USPTO Contact Center \(UCC\)](#).
 - For general questions regarding a petition, or requirements for filing a petition, contact the Office of Petitions Help Desk at 1 800-786-9199.

Also, note that if you selected either of the second or third fee radio buttons in the “Statements” section of the “Application Data” screen, the “Total Fees Due” box will indicate no fee is due. See Section 3.2.6. Click on the “Continue” button to proceed to the next screen.

3.2.10 Confirm and Submit

On the “**Confirm & Submit**” screen, you will be presented with a review of the content of the active Third-Party Submission request. This will include all of the items entered on the “**Application Data**” screen, the fee indicated on the “**Calculate Fees**” screen, as well as any additional documents uploaded on the “**Attach Documents**” screen.

If payment is required, click on the “**File & Pay Third Party Submission**” button.

If no payment is required, click on “**File Third Party Submission**” button.

This submission complies with the requirements of 35 U.S.C. 122(e) and 37 CFR 1.290.

The fee set forth in 37 CFR 1.290(f) has been submitted herewith.

The fee set forth in 37 CFR 1.290(f) is not required because this submission lists three or fewer total items and, to the knowledge of the person signing the statement after making reasonable inquiry, this submission is the first and only submission under 35 U.S.C.122(e) filed in the above-identified application by the party making the submission or by a party in privity with the party. Note: You will not be able to view the “Pay Fees Screen” if no fee is due. Instead you will be forwarded to the “**Receipt**” screen.

The screenshot shows the "EFS Unregistered" interface for paying fees. At the top, there are several tabs: "Unregistered eFilers", "Please Read Announcements", "Application Data", "Attach Documents", "Review Documents", "Calculate Fees", "Confirm & Submit", "Pay Fees", and "Receipt". Below these tabs, a message says "Review fees and select payment method". There are three small icons: "review fees" (highlighted with a red box), "make payment", and "fee receipt". A note below the tabs states: "Your Acknowledgement Receipt (evidence of this submission) will be provided upon completion of this payment transaction." The next section, titled "This is the application for which you are paying fees.", lists the following information:

- EFS ID: 1298085
- Application Number: 59000000
- Filed By: Joe Inventor

Following this, a table shows the fees to be collected:

Fee Description	Fee Code	Quantity	Fee Amount	Fee Total
Document fee for third-party submissions	1818	1	180	180

A note at the bottom of this section says "Total Payment \$ 180". The next section, "Select method of payment", contains a note about SSL security and three radio buttons for payment methods:

- Charge USPTO Deposit Account
- Charge Credit Card
- Electronic Funds Transfer

At the bottom of the page is a large red-bordered button labeled "Start online payment process".

3.2.12 Acknowledgement Receipt

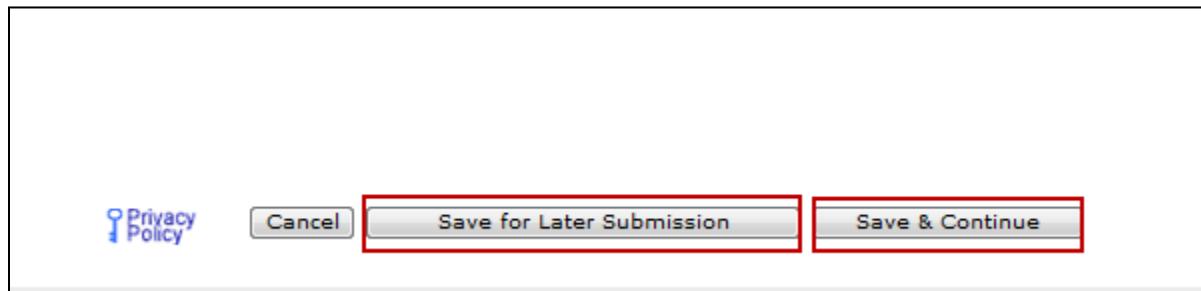

Once you have provided all of the necessary payment information and your payment is processed successfully, you will receive your Acknowledgement Receipt on the “**Receipt**” screen. You may print or save the receipt. Registered eFilers will also have the option of viewing the Acknowledgement Receipt under “My Workplace” on EFS-Web. If you click on **“Save & Continue”** the submission will be saved on the EFS-Web server. You are then allowed to advance to the next screen towards finalizing the submission.

If you click on **“Save for Later Submission”** the following pop-up warning will appear.

After clicking on the “OK” button, the next screen will display the saved application for later submission. There is a notification statement that explains that the submission has not been filed officially at the USPTO until the Submit function is executed. A statement at the bottom of the screen details that the submission will be saved for up to 7 days.

- (1) Intergovernmental organizations (regional patent offices) acting for certain Contracting States under the PCT (Patent Cooperation Treaty). In case of the European Patent Office, it also acts as International Searching Authority and International Preliminary Examining Authority under the PCT.
- (2) The Benelux Office for Intellectual Property (BOIP) (former Benelux Trademark and Designs Offices) have replaced the national Offices of Belgium, Luxembourg and the Netherlands with regard to actions relating to marks and industrial designs.
- (3) In the electronic database of the International Register of Marks, the International Bureau of WIPO uses the following additional codes, not part of the active codes of Standard ST.3: "DD" to designate Germany without the territory that, prior to October 3, 1990, constituted the Federal Republic of Germany; "DT" to designate Germany without the territory that, prior to October 3, 1990, constituted the German Democratic Republic.
- (4) The code "WO" is used in relation to the international publication under the Patent Cooperation Treaty (PCT) of international applications filed with any PCT receiving Office, as well as in the publication of international deposits of industrial designs under the Hague Agreement Concerning the International Deposit of Industrial Designs. In this regard, reference is made to INID code (33) given in WIPO Standards [ST.9](#) and [ST.80](#). The code "WO" is also the appropriate code to be used with respect to international registrations of marks under the Madrid Agreement and the Madrid Protocol Concerning the International Registration of Marks. The code "IB" is used in relation to the receipt of international applications under the PCT filed with the International Bureau of WIPO in its capacity as a PCT receiving Office.
- (5) Provisional name.
- (6) Code BF adopted in 1984..
- (7) Code CD adopted in 1997.
- (8) Code MM adopted in 1989.
- (9) Code TL adopted on May 20, 2002.
- (10) Code SY used before 1.1.1978.
- (11) Code DL used before 1.1.1978.
- (12) Subsequent to the country name change of "Yugoslavia" to "Serbia and Montenegro", that took effect on February 4, 2003, and to the decision by the ISO 3166/MA to use the new country name and new two-letter code "CS" (to replace "YU"), which was announced on July 23, 2003, the SCIT Standards and Documentation Working Group agreed, at its fifth session, in November 11, 2004, to recommend that the two-letter code "YU" continue to be used for "Serbia and Montenegro" in the industrial property field because code "CS" raised certain problems due to its former use to represent "Czechoslovakia" until 1993.
