

1	<b>BARRIER OPENING WITH FLEXIBLE SEAL FOR OPERATOR</b>	9.16	...Activated by manually pushing the ejecting mechanism
3	<b>CANOPY OR CURTAIN TYPE</b>	9.17	....Including individual support
4	.Wall	9.18	.....Tilting support causes recording medium to roll out
5	..Knockdown or foldable		
6	..Knockdown or foldable	9.19	....Ejector returned by a spring
7.1	<b>RADIO TYPE</b>	9.21	....Movable blocking member
7.2	<b>TELEVISION TYPE</b>	9.22	.....Spring biased recording medium
8.1	<b>FOR PHONOGRAPH RECORD PLAYER</b>		
8.2	..Having pivoted or rotating player support	9.23	....Lifting ejector
		9.24	....Fulcrum ejector
8.3	..About a vertical axis	9.25	.....Including interactive linkage
8.4	..Portable		
8.5	..Having sliding player support	9.26	....Horizontally oriented recording medium
8.6	..Having separate phonograph record compartment	9.27	...Activated by manually pulling out the ejecting mechanism
8.7	..Including interconnected or interrelated player and record compartment doors	9.28	....To eject recording medium together with holder
8.8	..Including movable record support	9.29	..Removed by a master ejector
		9.31	...Stored in a carousel
8.9	..Record compartment situated above or beside player compartment	9.32	...Supported on a shelf
		9.33	....Including a manual rotary selector
8.11	..Record compartment situated under player compartment	9.34	....Including a manual sliding selector
8.12	..Player accessible through front of cabinet	9.35	.....And a manual pull-out operator
8.13	..Player accessible through top of cabinet	9.36	.....And a manual push fulcrum operator
8.14	..Removable closure	9.37	.....Including interactive linkage
8.15	..Pivoted closure		
8.16	..Having a movable speaker compartment closure	9.38	...Multiple recording media ejector
9.1	<b>FOR STORING AUDIO OR VISUAL RECORDING MEDIUM (E.G., COMPACT DISC, PHONOGRAPH RECORD, FILM, TAPE)</b>	9.41	..Recording medium shifted with the closure
		9.42	...Support integral with the closure
9.2	.Cylinder	9.43	...Plural recording media shifted with the closure
9.3	..On a sliding shelf		
9.4	..Pivoting or rotating support	9.44	....Support integral with the closure
9.5	..Including a drive belt		
9.6	...Rotating closure type	9.45	..On rotary support
9.7	...Rotatable about a vertical axis	9.46	...About a vertical axis
		9.47	..Manually slidable recording medium or medium support
9.8	..Portable		
9.9	..Disk or parallelepiped shape	9.48	...Horizontally oriented recording medium
9.11	..Removed by individual ejector		
9.12	...And a master selector	9.51	....On terraced shelves
9.13	....Removable key-type selector	9.52	....Plural recording media on shelf
9.14	....Sliding selector		
9.15	....Pivoting or rotating selector	9.53	...Vertically oriented recording medium

9.54	....And removed vertically	34.12	....Electrical drive means for supply or take-up roll
9.55	....Holder for multiple recording media	34.13	....Stop-timer mechanism
9.56	....Stored in individual holder	34.14	.....Dash pot
9.57	...Spring biased	34.15	.....Suction cup
9.58	..Manually pivotable recording medium or medium support	34.16	....Stop-manual-release mechanism
9.59	...Suspended medium support	34.17	....Spring driven take-up roll
9.61	...Removable support	34.18	..Drawer magazine type
9.63	..Spring retainer	34.19	..Including external manual operating means
9.64	..Portable	34.21	...And plural outlets
10.1	<b>FOR PROJECTOR</b>	34.22	..Including a reserved supply roll
21	<b>DISAPPEARING-INSTRUMENT TYPE</b>	34.23	..Having plural outlets
22	.Combined closure and support	34.24	..For mounting in a wall-recess
23	..Interconnected closure and support	35	<b>REMOVAL FACILITATING MAGAZINE TYPE</b>
24	...On swingable link or linkage	36	.Article cooling
25	...With trackway	42	.Stacked article type
26	...Pivoted support	43	..Cup shaped article
27	.On swingable link or linkage	45	..Cylindrical article
28	..With trackway	49	..Ball
29	.With trackway	50	..Card or sheet
30	.Pivoted support	59	...Rotatable
31	<b>WITH GAS OR VAPOR TREATMENT OF MATERIAL</b>	60	...Chute or column
31.01	.By wetted surface exposed to material chamber and continuously contacted by unconfined gas	61	....With follower
31.02	..Knockdown	71	..With follower
31.03	..Moistened chamber wall	72	.Cylindrical article
31.04	...Of porous mass only	73	..Slender article
31.05	...Of porous fabric sheet only	86	...With igniter
31.06	....Liquid down flow with bottom gutter	91	.Web conveyer
31.1	.Mounted on container closure	97	.Endless carrier
31.2	.Externally accessible	97.1	.Rotating magazine
31.3	..Movably mounted holder	100	<b>OUTDOOR TYPE</b>
33	<b>WORSHIP</b>	101	.Wall or window
34.1	<b>FOR SHEET MATERIAL (E.G., TOWEL)</b>	102	..Show-case
34.2	.Rotatable cabinet	107	<b>SECTIONAL-UNIT TYPE</b>
34.3	..Having plural outlets	107.5	.With gang-bar type lock or latch
34.4	.Stacked or folded	108	.Knockdown
34.5	..Including means for storing used portion of a continuous towel	109	.Door or closure constructions
34.6	...Including a take-up roll	110	..Equalizers
34.7	..Having plural outlets	111	.Connectors
34.8	.In roll form	114	<b>SHOW-CASE TYPE</b>
34.9	..Including means for storing used portion of a continuous towel	115	.With sprinklers
34.11	...Including a take-up roll	116	.Refrigerator
		117	.With compartments
		118	..Stock and sample
		119	...Sliding compartment
		120	...Pivotally mounted compartment
		121	...Chute
		122	..Sliding compartment
		123	..Pivotally mounted compartment
		124	..Chute

125	..Rotatable	206	<b>FOR BRUSH, BROOM OR MOP</b>
126	.With trays	207	.Projecting article handle
127	..Interconnected closure and tray	208.1	<b>FOR KEY-BOARD WRITING MACHINE (E.G., TYPEWRITER)</b>
128	.With racks	208.2	.Including work-sheet storing area
129	..Combined closure and rack	208.3	.Having particular machine-cover detail
130	...Interconnected closure and rack	208.4	.Portable
131	...On trackway	208.5	<b>FOR SEWING MACHINE</b>
132	..On trackway	208.6	.Portable
133	...Pivoted support	209	<b>LABORATORY, DENTAL, BARBER OR MEDICAL</b>
134	..Endless carrier	210	<b>MASK OR SCREEN TYPE</b>
135	..Rotatable	210.5	<b>WITH SIFTER</b>
136	..Pivoted	211	<b>WITH DEPOSIT AND COLLECTION COMPARTMENT</b>
137	.Counter protectors or guards	212	.Movably mounted
138.1	.With closure (e.g., door)	213	<b>FORAMINOUS EXTERIOR WALL</b>
139	..And operator	400	<b>SPACED INSULATED WALL</b>
139.1	..Movable sequentially, pivotally and rectilinearly	401	.Refrigerator cabinet
139.2	..Rectilinear movement	402	..Including exterior-access drawer
140	.Joints and connectors	403	..Including hot compartment
140.1	<b>COUNTERS</b>	404	..Including particular storage compartment
140.2	.Portable	405	..Closure structure
140.3	.Tops	405.1	...Having article support
140.4	..Attachments	406	..Wall structure
183	<b>WITH CARD OR SHEET RETAINERS</b>	406.1	...Including means to relieve thermal stress
184	.Suspended sheets	406.2	...Wall-ends connection
185	.Sheets gripped in housed position	407	...Refrigerating-zones divider
186	..Rotatable drum with card retainers actuated by rotation	407.1	...Having opening
187	..Retainers on housing	408	..Shelf or shelf-supporting structure
188	.Formed by closure operable when closed	409	.Fire-resistant cabinet
189	.Sheet impalers	410	.Particular oven shelf, rack, or support therefore
190	.Spring urged	215	<b>WITH LOCK OR LATCH SELECTOR- OPERATOR</b>
191	..Relatively, sequentially movable carriers	216	<b>GANG-BAR TYPE LOCKING OR LATCHING MEANS</b>
192	..Horizontally swinging support	217	.Concealed
193	.Fixed non-gripping retainers	218	..With push or pull rod as operator
193.4	.And a card selector	219	..With separable key as operator
194	<b>SPACED PEDESTAL TYPE (E.G., KNEEHOLE DESKS)</b>	220	..With closure as operator
195	.Knockdown, set-up, or sectional	221	..With movable compartment as operator
196	.With structure above table	222	<b>LATCH ACTUATED BY COMPONENT OR ITS LATCH</b>
197	.Rotary pedestal compartment	224	<b>WITH MIRROR</b>
198	<b>ARRANGEMENTS OF PLURAL CABINETS</b>	225	.Plural
199	.Adjacent mutual closures		
200	..Movable as a unit		
201	..Relatively movable		
202	..Axially rotary		
203	.With interposed table		
204	<b>SIMULATION, ORNAMENTATION OR WITH SECRET COMPARTMENT</b>		
205	<b>EXPANSIBLE</b>		

226	.Movably mounted	262	..Sidewalls hinged to rigid backwall
227	..With, on, or forming, closure	263	.Adjacent walls rigidly interlocked
228	<b>WITH BASIN OR TUB</b>	264	.Opposite walls rigidly interlocked
228.1	.Having particular shelf or rack	265	..Interior tie members, externally accessible
229	<b>WITH LIQUID DRAIN, DUST COLLECTOR OR GUARD</b>	265.1	.Skeletal frame
230	<b>WITH ERASABLE SURFACE (E.G., BLACKBOARD)</b>	265.2	..Parallel panels connected by skeletal frame members
231	<b>WITH DRAFTING BOARD</b>	265.3	...Parallel panels are vertically oriented
232	<b>WITH INKWELL</b>	265.4	..Free-standing in final configuration
233	<b>WITH BOOK SUPPORT</b>	265.5	.Connecting panels
234	<b>WITH EXHIBITOR, INDICATOR OR SAMPLE</b>	265.6	.Removable panel
234.1	.With contents indicia	266	<b>WITH CONTINUOUSLY LEVEL REVOLVABLE COMPONENTS</b>
234.2	..Correlated list	267	.Continuously housed
234.3	...On closure	268	..On flexible endless conveyor
234.4	..Labels affixed to shelves and/or partitions	269	.Interconnected with pivoted rigid housing wall
234.5	..Labeled movable supports	270.1	<b>HAVING A MOVABLE COMPARTMENT WITH IN-HOUSED COVER</b>
235.1	<b>WITH STEP</b>	270.2	.Pivotally movable compartment
235.2	<b>WITH SEAT OR REST</b>	270.3	.Horizontally movable compartment
235.3	.Seat storable within cabinet	271	<b>CONSTRAINED, INTERCONNECTED COMPONENTS</b>
235.4	.Component rearrangeable to form seat	272	.Vertically movable
235.5	.Cabinet with seat structure	272.5	..With rigid housing wall
235.6	..Cabinet forming armrest	273	.Horizontally movable
235.7	..Cabinet forming backrest	274	..With rigid housing wall
235.8	.Diverse cabinet adapted to be mounted upon seat	275	.Rigid housing wall
235.9	.Diverse seat and cabinet fixedly connected (e.g., classroom desk)	276	..Horizontal axis
236	<b>WITH HEATING, COOLING OR HEAT EXCHANGE MEANS</b>	277	<b>WITH SEPARABLE TABLE</b>
237	<b>COMBINED</b>	278	<b>EXTERNALLY STEPPED OR SET-BACK</b>
238	<b>ROOM CORNER TYPE</b>	279	.Single set-back upper portion
239	<b>WITH USER ACCOMMODATING RECESS</b>	280	<b>CONTINUOUSLY EXTERNAL ARTICLE SUPPORTS</b>
240	<b>CONVERTIBLE</b>	281	.Projecting table or shelf
241	.To table only	282	..Movable onto housing top or sidewall
242	<b>MOUNTED IN WALL OR PANEL RECESS</b>	283	<b>ACCESSIBLE FROM PLURAL SIDES</b>
243	<b>SELECTIVE DIVERSE CABINET SUPPORTS</b>	284	.Dome cover type cabinet
244	<b>WITH CARRYING HANDLE</b>	285	.Perimetrically
245	<b>MOUNTED ON WALL, CEILING OR SPACED PANELS</b>	286	.Alternately through opposite sides
246	.Movably mounted housing or compartment	287	.Opposite of four vertical sides
247	..Vertically	289	..And one additional side
248	..Pivotally only	290	.Top and vertical side
257.1	<b>KNOCKDOWN OR SETUP TYPE</b>	249.1	<b>MOVABLY MOUNTED CABINET HOUSING</b>
258	.Foldable	249.2	.Revolvable on vertical axis
259	..Flexible cardboard-type walls		
260	...Slidable closure or guides		
261	...Slidable compartment or guide		

- 249.3 ..Having closure situated at top of cabinet housing
- 249.4 ..Having sliding drawer
- 249.5 ...And exterior shelf
- 249.6 ..Having exterior shelf
- 249.7 ..Pivotal cabinet housing
- 249.8 ..Wheeled
- 249.9 ..Including roll-out assembly
- 249.11 ..Having sliding drawer
- 249.12 ...And exterior shelf
- 249.13 ..Having exterior shelf
- 291 **WITH INNER AND OUTER CLOSURES**
- 292 **WITH AUXILIARY CLOSURE IN A CLOSURE**
- 293.1 **HAVING A CLOSURE AND A DETACHABLE COMPONENT**
- 293.2 ..Pivotal closure
- 293.3 ..Removable closure
- 294 **WITH MOVABLE COMPONENTS**
- 295 ..Sequential closing, opening
- 296 ..With wiper or seal
- 297 ..Flexible material, plural strips or connected panels
- 298 ..Plural, movable relatively and as a unit
- 299 ..Continuously housed
- 300 ..Pivotal and non-rectilinear
- 301 ..Horizontally movable, non-pivoted
- 302 ...Pivoting components
- 303 ....Transverse axis
- 304 ..Continuously housed
- 305 ..Axially pivoted (e.g., rotary)
- 306 ..Vertically movable, non-pivoted
- 307 ..Track guided for non-rectilinear motion
- 308 ..Plural, one removably supported on the other
- 309 ..Plural, diverse types
- 310 ..Sequentially movable
- 311 ...Pivoted closure, horizontally movable component
- 312 ..Non-horizontally, non-pivotally movable
- 313 ..Shelf or table pivotal to non-horizontal position
- 314 ..Support contacting supporting surface
- 315 ..Pivoted housing wall
- 316 ...Subjacently supported
- 317.1 ..Support for movable component contacts cabinet's supporting surface
- 317.2 ..Component supported independently of cabinet
- 317.3 ..Component forms horizontal planar support (e.g., table)
- 318 ..Continuously external guide
- 319.1 ..Having biasing means
- 319.2 ..For a pivotal structure
- 319.3 ...Continuously leveled
- 319.4 ..Counterbalance weight
- 319.5 ..Having power driven means
- 319.6 ..Pivotal operator
- 319.7 ..Rotary operator
- 319.8 ..Linear operator
- 319.9 ..Having foot-operated means
- 321 ..Spaced horizontal guides for article supports
- 321.5 ..Door-type closure having article support
- 322 ..Pivotal and rectilinear sequential movement
- 323 ..Horizontally and about horizontal axis
- 324 ..Plural, oppositely pivoted, parallel axes
- 325 ..Pivotal, on pivoted link
- 326 ..Pivotal, fixed axis (e.g., door)
- 327 ..Horizontal axis
- 328 ...In plane of accessible side of housing
- 329 ..In plane of accessible side of housing
- 330.1 ..Horizontally movable (e.g., drawer)
- 331 ..With equalizer
- 332 ..Transversely yieldable guides
- 332.1 ..Having handle cooperating with a latch
- 333 ..With latch, lock, or gravity closer
- 334.1 ..Having guide assembly
- 334.2 ...Lever type
- 334.3 ....Lazy-tong
- 334.4 ...Vertically adjustable
- 334.5 ...Horizontally adjustable
- 334.6 ...At bottom corner
- 334.7 ...Between vertical sidewalls of drawer and cabinet
- 334.8 ....Pull-out guide assembly
- 334.9 .....Including roller and ball bearing
- 334.11 .....Ball bearing
- 334.12 .....Roller bearing
- 334.13 .....Including a carriage

334.14	....And below a bottom wall of the drawer	351	<b>COMPONENTS SPACED FROM BOTTOM WALL</b>
334.15	.....Including roller or ball bearing	223.1	<b>FOR PARTICULAR ELECTRICAL DEVICE OR COMPONENT</b>
334.16	....Having anti-friction feature	223.2	.Housing for computer or computer related equipment
334.17	.....Ball bearing	223.3	.Work station or support furniture for computer or computer related equipment
334.18	.....Roller bearing	223.4	.Telephone
334.19	.....On cabinet and drawer	223.5	.Illumination means
334.21	.....On drawer	223.6	.Particular electrical wiring feature
334.22	....Including plural diverse guide assemblies	351.1	<b>HAVING PARTICULAR CABINET SUPPORT</b>
334.23	...Suspension guide	351.2	.Single pedestal
334.24	....And subjacent guide	351.3	.Legs
334.25	.....Including roller or ball bearing	351.4	..In U-shaped form
334.26	....Including roller or ball bearing	351.5	..Interconnected
334.27	...Subjacent guide	351.6	...Pivotally
334.28	....And superjacent guide	351.7	...Support base frame
334.29	....Including vertically separable slide and guide	351.8	...By a horizontally exterior cross member
334.31	....Including guide enclosed by a slide	351.9	..Pivotally connected to cabinet housing
334.32	....Pull-out guide assembly	351.11	.Wheel mounting feature
334.33	.....Including roller or ball bearing	351.12	..Detachable
334.34	.....Slide having drawer`s length	351.13	..And means to prevent moving
334.35	.....Including slide integral with sheet metal drawer	351.14	..Attached to building structure
334.36	....Having anti-friction feature	352	<b>MISCELLANEOUS</b>
334.37	.....Including ball and roller bearing		
334.38	.....Ball bearing		<b><u>CROSS-REFERENCE ART COLLECTIONS</u></b>
334.39	.....Roller bearing	901	<b>FAN-OUT HOLDERS FOR RECORDING MEDIA</b>
334.41	.....On cabinet and drawer	902	<b>CARRYING CASE</b>
334.42	.....On drawer		
334.43	.....Single roller		
334.44	...And particular stop means		
334.45	....Engaging roller or ball bearing		
334.46	....Resilient releasable stop		<b><u>FOREIGN ART COLLECTIONS</u></b>
334.47	....Pivot stop		
348.1	..Knockdown or setup type	FOR 000	<b>CLASS-RELATED FOREIGN DOCUMENTS</b>
348.2	...Plurality of parts, held together by distinct fastening elements (e.g., bolts)		
348.3	..Compartmented		
348.4	..Facing (e.g., drawer front or face plate)		
348.5	..For holding document or pad		
348.6	..Including a particular handle		
349	<b>WITH EXTERNAL GUIDES OR TRACKWAYS</b>		
350	<b>WITH INTERNAL GUIDES OR TRACKWAYS</b>
