

CLASS D27, TOBACCO AND SMOKERS' SUPPLIES**SECTION I - CLASS DEFINITION**

This class provides for design patents claiming ornamental designs for:

1. Tobacco Product
2. Ash Receiver, Snuffer, or Support Therefor
3. Igniter
4. Remote, or Water Treated, Smoking Article
5. Pipe
6. Mouthpiece for Cigar or Cigarette
7. Holder or Receptacle for Smoker's Article of Tobacco Product
8. Element, Attachment, or Accessory Not Elsewhere Specified

- (1) Note. Design patents in this class are classified by what is claimed and shown in full lines only. Broken, hatched, or stippled lines, which may be included in design patent drawings, are considered as environment only.

SECTION II - REFERENCES TO OTHER CLASSES**SEE OR SEARCH CLASS:**

- D2, Apparel and Haberdashery, subclasses 828 through 839 for smoker's jacket.
- D3, Travel Goods and Personal Belongings, subclasses 226 through 230 for belt-attached holder for cigarette package or lighter.
- D6, Furnishings, subclass 517 for cigarette package dispenser; and subclasses 657-662.1 for slotted holder for multiple matchbooks.
- D7, Equipment for Preparing or Serving Food or Drink Not Elsewhere Specified, subclass 416 for fire starter for grill, fireplace, etc.
- D9, Packages and Containers for Goods, subclass 682 for liquid gas cartridge for a cigarette lighter, subclass 701 for matchbox or matchbook, and subclasses 713 and 714 for packaging wrapper for cigar or cigarette.

- D15, Machines Not Elsewhere Specified, subclasses 10 through 33 for commercial tobacco growing or processing machinery.
- D20, Sales and Advertising Equipment, subclasses 1 through 9 for coin-operated cigarette package dispenser.
- D25, Building Units and Construction Elements, subclasses 4 through 33 for tobacco storage building.
- D26, Lighting, subclass 53 for smoker's article combined with a lamp.
- D29, Equipment for Safety, Protection, and Rescue, subclasses 125 through 128 for fire extinguisher.
- D32, Washing, Cleaning, or Drying Machine, subclass 74 for silent butler.
- D34, Material or Article Handling Equipment, subclass 2 for spittoon or cuspidor.

SUBCLASSES**100 TOBACCO PRODUCT:**

This subclass is indented under the class definition. Design for organic article for smoking or consumed as smokers' type product.

101 Cigar, cigarette or wrapper therefor:

This subclass is indented under subclass 100. Design for compact roll of tobacco leaves for smoking or outer thin cover therefor.

SEE OR SEARCH CLASS:

- 131, Tobacco, subclass 365 for tobacco wrapper.
- D9, Packages and Containers for Goods, subclass 713 and 714 for packaging wrapper for cigar or cigarette.

102 ASH RECEIVER, SNUFFER OR SUPPORT THEREFOR:

This subclass is indented under the class definition. Design for holding tobacco ashes, to extinguish a tobacco-type product or support therefor.

- (1) Note. Classified by full-line disclosure only.

SEE OR SEARCH CLASS:

- 131, Tobacco, subclass 231, 235.1, and 240.1 for miscellaneous ash receiver.

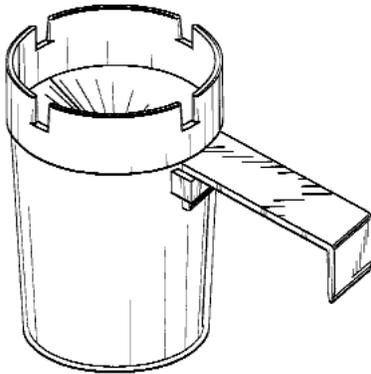

- D32, Washing, Cleaning, or Drying Machine, subclass 74 for silent butler.
 D34, Material or Article Handling Equipment, subclass 2 for spittoon or cuspidor.

103 Attachable to tobacco product or to holder therefor:

This subclass is indented under subclass 102.
 Design that connects to a product for smoking or support therefor.

104 Wall, post or clamp mount:

This subclass is indented under subclass 102.
 Design that connects to a vertical structure or support, or grip-type support.

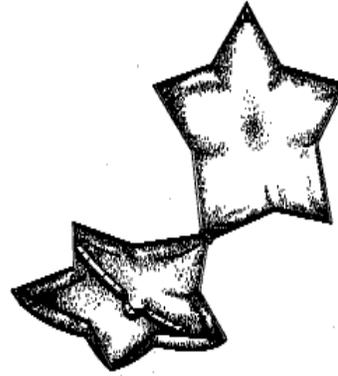

Example of a design for an ash receiver that includes a provision for wall, post or clamp mount.

105 With closure or cover:

This subclass is indented under subclass 104.
 Design that includes a lid or top.

106 Simulative:

This subclass is indented under subclass 102.
 Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.

Example of a design for a simulative ash receiver that includes a provision for wall, post or clamp mount.

107 Floor type:

This subclass is indented under subclass 106.
 Design that sits directly on the lower or supporting surface of a room.

108 Combined:

This subclass is indented under subclass 106.
 Design that includes the disclosure of another article.

- (1) Note. Includes combination with subject matter internal to this class, e.g., lighter, holder, humidor, etc.

SEE OR SEARCH THIS CLASS, SUBCLASS:

136, for snuffer type.

109 With coaster or glass holder:

This subclass is indented under subclass 108.
 Design that includes the disclosure of a disk or small mat placed under a beverage vessel or a support for beverage.

SEE OR SEARCH CLASS:

D7, Equipment for Preparing or Serving Food or Drink Not Elsewhere Specified, subclasses 624.1 through 625 for coaster.

110 With enclosed case, humidor or individual server:

This subclass is indented under subclass 108.
 Design that includes the disclosure of a storage case of presentation holder.

SEE OR SEARCH CLASS:

D9, Packages and Containers for Goods, subclass 713 and 714 for packaging wrapper for cigar or cigarette.

111 With holder for match or cigarette pack:

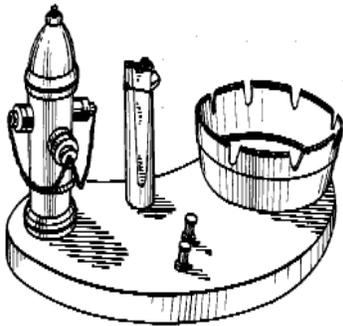

This subclass is indented under subclass 108. Design that includes the disclosure for a support for a matchbook or tobacco product package.

SEE OR SEARCH CLASS:

131, Tobacco, subclass 239 for ash receiver with match holder.
D9, Packages and Containers for Goods, subclass 701 for matchbook-type package.

112 With lighter:

This subclass is indented under subclass 108. Design that includes the disclosure for a device for igniting a smoking product.

Example of a design for a simulative ash receiver that includes a provision for wall, post or clamp mount and a lighter.

SEE OR SEARCH THIS CLASS, SUBCLASS:

139 through 161, for igniter.

SEE OR SEARCH CLASS:

131, Tobacco, subclass 234 for ash receiver with igniter.

113 Animate:

This subclass is indented under subclass 106. Design that simulates the appearance of an animal.

SEE OR SEARCH CLASS:

D11, Jewelry, Symbolic Insignia, and Ornaments, subclasses 100 through 107 for medal that includes a simulation of an animal.
D21, Games, Toys, and Sports Goods, subclasses 576 through 657 for toy representation of animal.

114 Humanoid:

This subclass is indented under subclass 113. Design that simulates the appearance of a human being.

SEE OR SEARCH CLASS:

D11, Jewelry, Symbolic Insignia, and Ornaments, subclasses 101 through 105 for medal that includes a simulation of a human being.
D21, Games, Toys, and Sports Goods, subclasses 621 through 649 for toy representation of human being.

115 Aquatic:

This subclass is indented under subclass 113. Design that simulates the appearance of an animal that lives in the water.

SEE OR SEARCH CLASS:

D21, Games, Toys, and Sports Goods, subclasses 597 through 603 for toy representation of aquatic animal.

116 Quadruped:

This subclass is indented under subclass 113. Design that simulates the appearance of a four-legged animal.

SEE OR SEARCH CLASS:

D21, Games, Toys, and Sports Goods, subclasses 576 through 657 for toy representation of animal.

117 Architectural or geographic:

This subclass is indented under subclass 106. Design that simulates the appearance of a building, structure, or map.

SEE OR SEARCH CLASS:

D5, Textile or Paper Yard Goods; Sheet Material, subclass 15 for unidirectional sheet material that simulates or

- shows an architectural or geographic theme.
- 118 Beverage or food container:**
This subclass is indented under subclass 106. Design that simulates a package or enclosure for a liquid or solid edible product.
- SEE OR SEARCH CLASS:
D7, Equipment for Preparing or Serving Food or Drink Not Elsewhere Specified, subclasses 500 through 588 for beverage or china, glassware, serving vessel or tray; and subclasses 601-641 for food holder or storage receptacle.
- 119 Plant life:**
This subclass is indented under subclass 106. Design that includes an ornamental feature that simulates organic life cultivated for flower or foliage.
- SEE OR SEARCH CLASS:
D11, Jewelry, Symbolic Insignia, and Ornaments, subclass 115 and 117-120 for artificial plant life and subclass 151 for flower or plant holder with plant life motif.
- 120 Sports or game:**
This subclass is indented under subclass 106. Design that includes an ornamental feature or features that simulate athletic contest or event.
- SEE OR SEARCH CLASS:
D21, Games, Toys, or Sports Goods, appropriate subclasses for sports equipment, accessories, and games.,
- 121 Vehicle or component thereof:**
This subclass is indented under subclass 106. Design that simulates a means of transportation or accessory therefor.
- SEE OR SEARCH CLASS:
D12, Transportation, subclasses 1 through 132 for vehicles and means of transportation.
D21, Games, Toys, or Sports Goods, subclasses 424 through 435 for riding-type toy vehicle and subclasses 533-560 for toy representation of a vehicle.
- 122 Floor type:**
This subclass is indented under subclass 102. Design that sits directly on the lower or supporting surface of a room.
- 123 Singular unitary vertical support:**
This subclass is indented under subclass 122. Design that has one leg.
- 124 Three or more repeats, or uniform configuration, about axis:**
This subclass is indented under subclass 123. Design that includes ornamentation that is reproduced three or more times on the circumference of the leg.
- 125 Combined:**
This subclass is indented under subclass 102. Design that includes the disclosure of another article.
- (1) Note. Includes combination with subject matter internal to this class, e.g., lighter, holder, humidior, etc.
- (2) Note. Includes combination with gambling chip holder.
- SEE OR SEARCH THIS CLASS, SUBCLASS:
136, for snuffer type.
- 126 With coaster or glass holder:**
This subclass is indented under subclass 125. Design that includes the disclosure of a disk or small mat placed under a beverage vessel or a support for beverage support.
- SEE OR SEARCH CLASS:
D7, Equipment for Preparing or Serving Food or Drink Not Elsewhere Specified, subclasses 624.1 through 625 for coaster.
- 127 With enclosed case, humidior or individual server:**
This subclass is indented under subclass 125. Design that includes the disclosure of a storage case or presentation holder.

- SEE OR SEARCH CLASS:
D9, Packages and Containers for Goods, subclass 713 and 714 for packaging wrapper for cigar or cigarette.
- 128 With pipe support:**
This subclass is indented under subclass 125. Design that includes a holder for a smoking device consisting of a tube with a small bowl at one end.
- 129 With holder for match or cigarette pack:**
This subclass is indented under subclass 125. Design that includes the disclosure for a support for a matchbook or tobacco product package.
- SEE OR SEARCH CLASS:
D9, Packages and Containers for Goods, subclass 701 for matchbook-type package.
- 130 With lighter:**
This subclass is indented under subclass 125. Design that includes the disclosure for igniting a smoking product.
- 131 With signal or sign:**
This subclass is indented under subclass 125. Device that includes the disclosure for indicator or written means for conveying information.
- 132 With game or scorer:**
This subclass is indented under subclass 125. Device that includes a means for entertainment, amusement, or pastime, or a device for keeping numerical record of a competitive event.
- SEE OR SEARCH CLASS:
D10, Measuring, Testing, or Signalling Instruments, subclass 46.1 for scorer or indicator for a game or sport.
D21, Games, Toys, and Sports Goods, subclasses 300 through 397 for game.
- 133 Three or more repeats, or uniform configuration, about axis:**
This subclass is indented under subclass 102. Design that includes ornamentation that is reproduced three or more times on the perimeter, or consistently reproduced around a central axis.
- 134 Symmetrical on two axes:**
This subclass is indented under subclass 102. Design that shows a configuration where each side of the design is substantially a mirror image of the other.
- 135 Bilaterally symmetrical:**
This subclass is indented under subclass 102. Design that shows an arrangement along a central axis so that the design is divided into equivalent right and left halves by only one plane.
- 136 Snuffer type:**
This subclass is indented under subclass 102. Design that includes a tight, confined area for smashing the lit area of a tobacco product.
- SEE OR SEARCH CLASS:
131, Tobacco, subclass 256 for cigar or cigarette extinguishers.
- 137 Element or attachment:**
This subclass is indented under subclass 102. Design for part or attachment for ash receiver, snuffer, or support therefor.
- 138 Cigar or cigarette retainer or support:**
This subclass is indented under subclass 137. Design directed to a part of an ash receiver or snuffer for holding an elongated tobacco product.
- 139 IGNITER:**
This subclass is indented under the class definition. Design to light or enflame a tobacco product such as a cigar or cigarette.
- (1) Note. Includes match.
- SEE OR SEARCH CLASS:
D3, Travel Goods and Personal Belongings, subclasses 226 through 230 for belt-attached holder for cigarette package or lighter.
D6, Furnishings, subclasses 657 through 662.1 for slotted holder for multiple matchbooks.

- D7, Equipment for Preparing or Serving Food or Drink Not Elsewhere Specified, subclass 416 for fire starter for grill, fireplace, etc.
- D9, Packages and Containers for Goods, subclass 682 for liquid gas cartridge for a cigarette lighter and subclass 701 for matchbox or matchbook.
- 140 Match striker:**
This subclass is indented under subclass 139. Design for roughly textured surface for igniting a match with friction.
- SEE OR SEARCH THIS CLASS, SUBCLASS:
173 through 179, for striker combined with match or matchbook holder.
- 141 Lighter or body therefor:**
This subclass is indented under subclass 139. Design for mechanical device for igniting a tobacco product.
- 142 Combined:**
This subclass is indented under subclass 141. Design that includes the disclosure of another article.
- SEE OR SEARCH CLASS:
431, Combustion, subclass 253 for lighter combined with accessories.
- 143 With additional smokers' accessory:**
This subclass is indented under subclass 142. Design combined with another article pertinent to the use of tobacco.
- SEE OR SEARCH CLASS:
431, Combustion, subclass 253 for lighter combined with accessories.
- 144 Holder, case or pouch:**
This subclass is indented under subclass 143. Design that includes a pocket or receptacle.
- SEE OR SEARCH CLASS:
D3, Travel Goods and Personal Belongings, appropriate subclasses for storage containers for personal belongings.
- 145 With timepiece:**
This subclass is indented under subclass 142. Design that includes a means for telling the passage of time.
- SEE OR SEARCH CLASS:
D10, Measuring, Testing, or Signalling Instruments, subclasses 1 through 29 for clock or clock case and subclasses 30-39 for watch.
- 146 With writing implement:**
This subclass is indented under subclass 142. Design that includes a means for marking or making written communication.
- SEE OR SEARCH CLASS:
D19, Office Supplies; Artists' and Teachers' Materials, subclasses 41 through 51 for marking instruments.
- 147 Separable lighter wand:**
This subclass is indented under subclass 141. Design that includes an elongated ignition member.
- 148 Simulative:**
This subclass is indented under subclass 141. Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.
- 149 Animate:**
This subclass is indented under subclass 148. Design that simulates the appearance of an animal.
- (1) Note. Includes humanoid.
- SEE OR SEARCH CLASS:
D11, Jewelry, Symbolic Insignia, and Ornaments, subclasses 101 through 105 for medal that includes a simulation of a human being.
D21, Games, Toys, and Sports Goods, subclasses 621 through 649 for toy representation of human form.
- 150 Architectural or geographic:**
This subclass is indented under subclass 148. Design that simulates the appearance of a building, structure, or map.

SEE OR SEARCH CLASS:

D5, Textile or Paper Yard Goods; Sheet Material, subclass 15 for unidirectional sheet material that simulates or shows an architectural or geographic theme.

151 Plant life:

This subclass is indented under subclass 148. Design that includes an ornamental feature or features that simulate organic life cultivated for flowers or foliage.

SEE OR SEARCH CLASS:

D11, Jewelry, Symbolic Insignia, and Ornaments, subclass 115 and 117-120 for artificial plant life and subclass 151 for flower or plant holder with plant life motif.

152 Three or more repeats, or uniform configuration, about axis:

This subclass is indented under subclass 141. Design that includes ornamentation that is reproduced three or more times on the perimeter, or consistently reproduced around a central axis.

153 Symmetrical on two axes:

This subclass is indented under subclass 141. Design that shows a configuration where each side of the design is substantially a mirror image of the other.

154 Thumb lever, push button or plate for ignition or for gas release:

This subclass is indented under subclass 141. Design that includes a stick or disk or switch for a finger to touch in order to initiate a flame.

155 Pivotal connection between actuation lever and burner cover:

This subclass is indented under subclass 154. Design for switch that oscillates from the striking member and the flame area enclosure.

156 With visible friction wheel:

This subclass is indented under subclass 154. Design for rotating, visible circular member.

SEE OR SEARCH THIS CLASS, SUBCLASS:

158, for direct friction wheel actuation (i.e., without lever, button, etc.).

157 With burner cover:

This subclass is indented under subclass 154. Design that includes a lid or top for flame area.

158 Friction wheel or roller ignition:

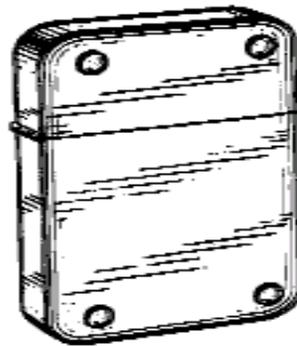

This subclass is indented under subclass 141. Design that includes a rotating circular striking member or that includes a provision for a rotating igniter.

159 With burner cover:

This subclass is indented under subclass 158. Design that includes a lid or top for flame area.

160 Bilaterally symmetrical:

This subclass is indented under subclass 141. Design that shows an arrangement along a central axis so that the design is divided into equivalent right and left halves by only one plane.

Example of a design for a lighter that is bilaterally symmetrical.

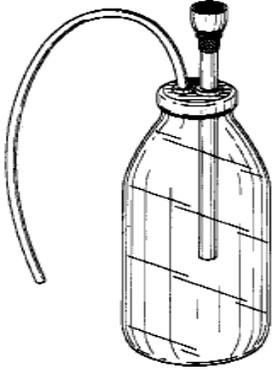

161 Element or attachment:

This subclass is indented under subclass 141. Design for part of lighter.

162 REMOTE, OR WATER TREATED, SMOKING ARTICLE (I.E., WATER PIPE, HOOKAH, ETC.):

This subclass is indented under the class definition. Design to smoke tobacco or tobacco-type product at distance from the user or that includes liquid or fluid treatment of smoke.

- (1) Note. An example of a remote or water-treated smoking article is a water pipe or hookah.

Example of a design for remote or water treated smoking article.

SEE OR SEARCH THIS CLASS, SUBCLASS:

163 through 169, for pipe.
170, and 171, for mouthpiece for cigar or cigarette.

SEE OR SEARCH CLASS:

131, Tobacco, subclass 173 for smoke washing-type appliance.

163 PIPE:

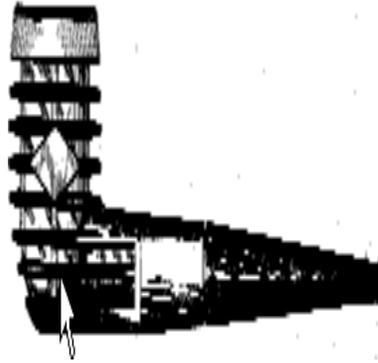

This subclass is indented under the class definition. Design for a narrow tube with a bowl at one end used to burn and smoke tobacco-type materials.

SEE OR SEARCH CLASS:

131, Tobacco, digest 1 for pipe literature.

164 With heat exchange feature:

This subclass is indented under subclass 163. Design that includes repeating ribs or grooves for the dissipation of heat.

Example of a design for a pipe with a heat exchange feature.

165 Simulative:

This subclass is indented under subclass 163.

Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.

Example of a design for a simulative pipe.

166 Plural stem or provision therefor:

This subclass is indented under subclass 163.

Design that includes two or more narrow tube members.

167 Element or attachment:

This subclass is indented under subclass 163.

Design for part of pipe.

168 Bowl cover:

This subclass is indented under subclass 167.

Design for top or lid for tobacco-containing member.

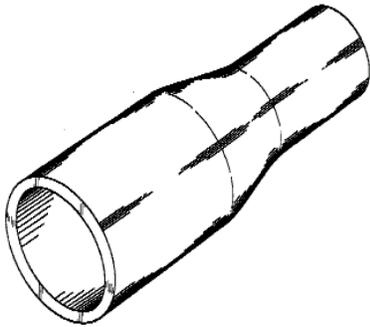

- 169 Stem or mouthpiece:**
This subclass is indented under subclass 167. Design for tube member or part of the tube that fits or is placed in the user's mouth.

SEE OR SEARCH CLASS:

- 131, Tobacco, subclasses 277 through 229 for stem, bit, or tip.

- 170 MOUTHPIECE FOR CIGAR OR CIGARETTE:**

This subclass is indented under the class definition. Design for supporting tobacco-type materials in the hand or mouth.

Example of a design for a mouthpiece for a cigar or cigarette.

SEE OR SEARCH THIS CLASS, SUBCLASS:

- 103, for support in combination with ash receiver or snuffer.

SEE OR SEARCH CLASS:

- 30, Tobacco, subclasses 197 through 190 for cigar or cigarette holder.
206, Special Receptacle or Package, appropriate subclasses for end cover for cigar or cigarette.,
D24, Medical and Laboratory Equipment, subclass 110.5 for inhalation tube or mouthpiece for respirator.

- 171 Simulative:**
This subclass is indented under subclass 170. Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.

- 172 HOLDER OR RECEPTACLE FOR SMOKERS' ARTICLE OR TOBACCO PRODUCT:**

This subclass is indented under the class definition. Design to store or contain tobacco product or smoking accessory.

SEE OR SEARCH CLASS:

- 206, Special Receptacle or Package, subclasses 242 through 276 for tobacco holders.
D2, Apparel and Haberdashery, subclasses 828 through 839 for smoker's jacket.
D3, Travel Goods and Personal Belongings, subclasses 226 through 230 for belt-attached holder for cigarette package or lighter.
D6, Furnishings, subclass 517 for cigarette package dispenser; and subclasses 657-662.1 for slotted holder for multiple matchbooks.
D9, Packages and Containers for Goods, subclass 701 for matchbox or matchbook and subclasses 713 and 714 for packaging wrapper for cigar or cigarette.
D15, Machines Not Elsewhere Specified, subclasses 10 through 33 for commercial tobacco growing or processing machinery.
D20, Sales and Advertising Equipment, subclasses 1 through 9 for coin-operated cigarette package dispenser.
D25, Building Units and Construction Elements, appropriate subclasses for tobacco storage building.,
D26, Lighting, subclass 53 for smoker's article combined with a lamp.
D32, Washing, Cleaning, or Drying Machine, subclass 74 for silent butler.
D34, Material or Article Handling Equipment, subclass 2 for spittoon or cuspidor.

- 173 For match or matchbook:**

This subclass is indented under subclass 172. Design for a narrow piece of material coated at one end with a compound that ignites when scratched against a rough or chemically treated surface, or package of same.

SEE OR SEARCH CLASS:

D9, Packages and Containers for Goods, subclass 701 for matchbox or matchbook and subclasses 713 and 714 for packaging wrapper for cigar or cigarette.

174 Combined:

This subclass is indented under subclass 173. Design that includes the disclosure of another article.

175 With tobacco product holder:

This subclass is indented under subclass 174. Design that includes a device or support for tobacco product.

SEE OR SEARCH CLASS:

D3, Travel Goods and Personal Belongings, appropriate subclasses for storage and travel containers.

176 Attachable to vertical surface:

This subclass is indented under subclass 173. Design that may be secured to an upright member.

177 Simulative:

This subclass is indented under subclass 176. Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.

178 Simulative:

This subclass is indented under subclass 173. Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.

179 Animate:

This subclass is indented under subclass 178. Design that simulates the appearance of an animal.

(1) Note. Includes humanoid.

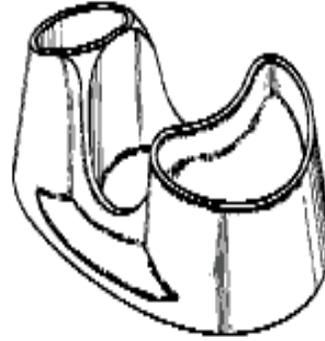

SEE OR SEARCH CLASS:

D11, Jewelry, Symbolic Insignia, and Ornaments, subclasses 100 through 107 for medal that includes a simulation of an animal.

D21, Games, Toys, and Sports Goods, subclasses 576 through 657 for toy representation of animal.

180 For pipe:

This subclass is indented under subclass 172. Design for holder of narrow tube with a bowl at one end used to burn and smoke tobacco-type materials.

Example of a design for a pipe stand or holder.

181 Combined:

This subclass is indented under subclass 180. Design that includes the disclosure of another article.

182 Simulative:

This subclass is indented under subclass 180. Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.

183 For cigar, cigarette or tobacco:

This subclass is indented under subclass 172. Design for compact roll of tobacco leaves or product for smoking.

SEE OR SEARCH CLASS:

131, Tobacco, subclasses 257 through 260 for tobacco supports.

184 Provision for measured or sequential discharge:

This subclass is indented under subclass 183. Design that includes a vending or dispensing feature.

SEE OR SEARCH CLASS:

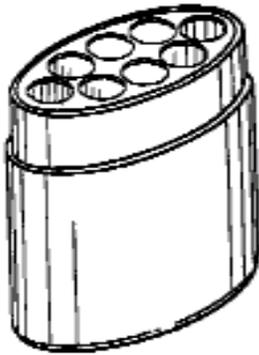

D20, Sales and Advertising Equipment, subclasses 1 through 7 for vending machine.

- 185 Pouch type (i.e., with flaccid walls, etc.):**
This subclass is indented under subclass 183. Design for pocket-type container or container that includes flaccid walls.

SEE OR SEARCH CLASS:

206, Special Receptacle or Package, subclass 260 for pouch.

- 186 Case or receptacle:**
This subclass is indented under subclass 183. Design for box-type storage or humidor.

Example of a design for a cigarette case.

SEE OR SEARCH CLASS:

D3, Travel Goods and Personal Belongings, subclasses 226 through 230 for body-attached receptacles, subclass 302 for separable closure type, and subclass 303 for pocket or pouch type.

- 187 Combined:**
This subclass is indented under subclass 186. Design that includes the disclosure of another article.

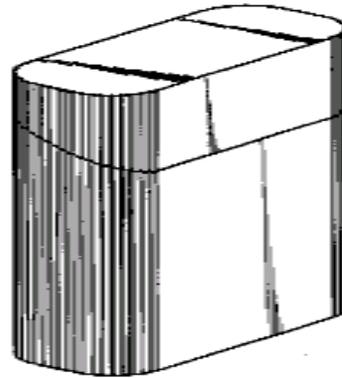

SEE OR SEARCH THIS CLASS, SUBCLASS:

175, for combination with match or matchbook holder.

- 188 Simulative:**
This subclass is indented under subclass 186. Design that includes an ornamental feature or

features that show the ornamental appearance of another article either as applied ornamentation or form.

- 189 Fully enclosed:**
This subclass is indented under subclass 186. Design that is completely contained or covered.

Example of a design for a fully enclosed cigarette case.

SEE OR SEARCH CLASS:

206, Special Receptacle or Package, subclasses 265 through 270 for tobacco, pipe, or cigarette container with closure.

D3, Travel Goods and Personal Belongings, subclass 302 for separable closure type and subclass 303 for pocket or pouch type.

- 190 Three or more repeats, or uniform configuration, about axis:**

This subclass is indented under subclass 189. Design that includes ornamentation that is reproduced three or more times on the perimeter, or consistently reproduced around a central axis.

- 191 Symmetrical on two axes:**
This subclass is indented under subclass 189. Design that shows a configuration where each side of the design is substantially a mirror image of the other.

- 192 Simulative:**
This subclass is indented under subclass 183. Design that includes an ornamental feature or features that show the ornamental appearance of another article either as applied ornamentation or form.

193 Element or attachment:

This subclass is indented under subclass 172. Design for part of holder or receptacle for smoker's article or tobacco product.

SEE OR SEARCH CLASS:

131, Tobacco, subclass 184.1 for cleaner, stirrer, or tamper combined with another article; subclasses 243-246 for pipe cleaner; and subclass 247 for tamper.

194 ELEMENT, ATTACHMENT OR ACCESSORY NOT ELSEWHERE SPECIFIED:

This subclass is indented under the class definition. Design for element, attachment, or accessory for a tobacco product or smoker's supplies not elsewhere provided for.

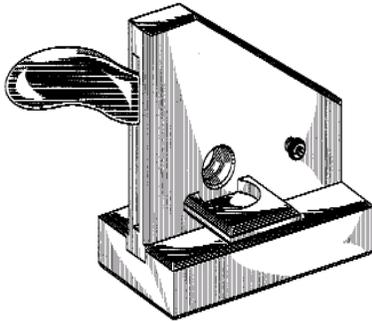

END

SEE OR SEARCH CLASS:

D29, Equipment for Safety, Protection, and Rescue, subclasses 125 through 128 for fire extinguisher.

195 Cutter or perforator for tobacco product:

This subclass is indented under subclass 194. Design for device for trimming or slicing an article for smoking or otherwise consumed as smokers' type product.

Example of a design for a cigar cutter.

SEE OR SEARCH CLASS:

30, Cutlery, subclasses 109 through 113 for cigar cutters.
 131, Tobacco, subclasses 248 through 255 for combined cigar cutter and punch.
 D8, Tools and Hardware, subclass 93 for knife or scissors.

196 Pipe tamper or cleaner:

This subclass is indented under subclass 194. Design for device to pack tobacco tightly or bending wire-type device for cleaning a tobacco pipe or vessel.
