

United States of America

United States Patent and Trademark Office

Sclip

Reg. No. 6,303,330

Registered Mar. 30, 2021

Amended Apr. 11, 2023

Int. Cl.: 17, 19

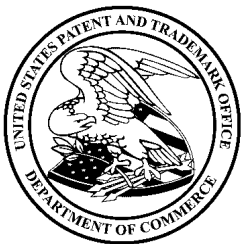

Trademark

Principal Register

Schöck Bauteile GmbH (GERMANY GMBH)
Schöckstraße 1
76534 Baden-Baden
FED REP GERMANY

CLASS 17: Fibreglass fabrics for insulation; fiberglass fabrics for building insulation; fiberglass insulation for buildings; glass fiber insulation for use in construction; glass fibers for use in the manufacture of building insulation; glass fiber insulation materials for use in construction; extruded plastics in the form of bars for use in manufacture; plastics in the form of bars; semi-finished products, namely, plastics materials in the form of rods; semi-finished products, namely, plastics materials in the form of sections; insulating materials for building; polyurethane foam sheeting for use as building insulation; insulators for use in the protection of buildings; insulating materials for insulation against heat; thermal insulating materials; insulation and barrier articles and materials in the nature of glass fiber cloth for insulation, glass fibers for insulation, glass wool for insulation, insulating paints, insulating foils of metal, insulating fabrics, and insulating carbon fibers not for textile purposes, mineral wool for use as a building insulator, soundproofing materials of [rock wool,] * mineral wool, * insulation material of plastic materials for road making, thermally insulating glass fiber reinforcement rods, bars and anchors

CLASS 19: Reinforcement rods, not of metal in the nature of non-metallic reinforcements for concrete and wood building constructions, namely, plates, rods and bars; space frame modular units, not of metal; pre-fabricated non-metal buildings; concrete building elements in the nature of concrete walls for building, prefabricated concrete parts for erecting building works, pre-cast concrete wall forms for use in urban civil engineering; construction elements of plastic in the nature of braces, supports, cantilever plate joining elements; building and construction materials and elements, not of metal in the nature of braces, supports, cantilever plate joining elements; non-metallic building materials and building components in the nature of auxiliary building materials for reinforced concrete and masonry construction, namely, spacers, distance pieces for reinforcements, connecting pieces, namely, adapter sleeves for structural sleeves and connecting sleeves for crimp pins or keyed joints of structural steels, air space anchors, wall cramps for facades and for insulating material, insulating connecting pieces; non-metallic prefabricated building components in the nature of prefabricated concrete parts for erecting building works; non-metallic prefabricated building elements in the nature

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

of prefabricated concrete parts for erecting building works for on site assembly; concrete building materials, namely, blocks, bricks, posts, slabs, panels; building materials of concrete reinforced with plastics and glass fibres, namely, blocks, bricks, posts, slabs, panels; fiber reinforced plastic construction materials in the nature of fiberglass board, fiberglass panels; building materials made of rock fibres in the nature of precast wall elements; building materials of plastics material in the nature of precast wall elements; fireproof seals in the nature of building materials; refractory construction materials, not of metal; non-metallic building materials having acoustic properties in the nature of precast wall elements, insulating connecting pieces; partitions being non-metallic building materials; reinforcing materials, not of metal, for building; non-metallic structural reinforcement for construction purposes; concrete walls for building; expansion joints of non-metallic materials for use in construction; non-metallic building facade elements; non-metallic monocoque buildings; non-metallic modular units for constructing prefabricated buildings; non-metallic beams for building purposes; framework, not of metal, for building; non-metallic building sections in the nature of precast concrete wall elements with reinforcing elements of fiber composite material; non-metallic structural sections for construction purposes in the nature of precast concrete wall elements with reinforcing elements of fiber composite material; reinforcing mesh made of textile fibres for construction purposes; non-metallic modular building units; non-metallic building materials in the nature of rock, crystal, fly ash, fiberglass; non-metallic structural frameworks for buildings; non-metallic reinforcing fabrics for building

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 08-08-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1529310 DATED 01-28-2020, EXPIRES 01-28-2030

SER. NO. 79-284,947, FILED 01-28-2020

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
