DEGADUR

Reg. No. 7,198,172

Registered Oct. 24, 2023

Corrected Jan. 09, 2024

Int. Cl.: 1, 2, 17, 19

Trademark

Principal Register

Röhm GmbH (GERMANY LIMITED LIABILITY COMPANY)

Deutsche-Telekom-Allee 9

64295 Darmstadt

GERMAN DEM REP

CLASS 1: Industrial chemicals; Industrial chemicals, namely, methacrylic polymers and artificial unprocessed resins for use as molding compounds and for use in the manufacture of glass laminates and decorative and protective coatings; chemical preparations for scientific purposes; chemical preparations for use in photography; chemicals for use in agriculture except fungicides, herbicides, insecticides and parasiticides; chemicals used in horticulture except fungicides, herbicides, insecticides and parasiticides; chemicals used in forestry except fungicides, herbicides, insecticides and parasiticides; chemical preparations and materials for films, photography and printing, namely, Chemicals for use in industry, namely, the photography industry; chemical additives for use in the manufacture of cosmetics; chemicals for use in industry, namely, the construction industry; Waterproofing membranes in liquid chemical form for use in construction; compounds for use in construction, namely, construction industry adhesives; chemical compounds for water treatment; synthetic resins, unprocessed for the building industry; synthetic resins, unprocessed for the building industry, namely, synthetic resins in liquid form for use as binders for coating compositions, street markings, and drying agents for concrete and plaster surfaces; unprocessed plastics in all forms; unprocessed and synthetic resins for the building industry; adhesives for use in industry; plastics in unprocessed liquid form as binders for road markings and as sealants for concrete and screed surfaces; unprocessed plastics as raw materials, namely, methyl esters of acrylic and methacrylic acid; unprocessed silicone casting resins, unprocessed silicone casting resins for use in the manufacture of injection moulding and moulding compounds; Dispersions of plastics for use in the manufacture of lacquer based on the aforementioned plastics; unprocessed plastics in liquid form as binders for mineral fillers

CLASS 2: Paints; varnishes, lacquers; resin-based coatings compositions in the nature of paints; binding preparations for paints; thickeners for paints; fixatives in the nature of varnishes, paints and surface coatings for use in the marking of walkways and roads; dyestuffs; pigments; binding agents for paints, varnishes and lacquers; plastics in liquid form used as binding agents for road marking paints; plastics coatings being paints for use in construction; paints in the nature of sealing preparations; sealing preparations for floors being paints; concrete waterproofing compounds being paints; liquid plastics surface coatings being paints; preservatives against rust and against deterioration of wood in the nature of coatings; colorants; wood mordants; raw natural resins; paint thinners and thickeners for paints, varnishes and inks * ; all the aforementioned goods excluding thermosetting powder coatings *

CLASS 17: Raw and semi-processed rubber, gutta-percha, gum, asbestos, and mica; semi-finished injection molded products made of plastics for use in manufacture in a

Patent and Trademark Office

variety of industries; packing and insulating materials; flexible hoses, not of metal; flexible pipes, tubes, hoses, and fittings therefor, not of metal; sealing materials, sealants for buildings and fillers for expansion joints; building insulation and acoustical insulation barrier panels; unprocessed and partially processed materials, namely, insulating fabrics made from polyester, mineral plastic fibres not for textile use, elastomer expansion joints, plastic fibres not for textile use impregnated with synthetic resins; synthetic resins, semiprocessed, namely, carbon fibres not for textile use, cellulose acetates, glass wool for insulation for use in further manufacture; chemical fiber thread and yarn not for textile use; microporous semi-processed plastic synthetic sheets for the manufacture of protective clothing, work protective clothing, rain protective clothing and for use in further manufacture; microporous semi-processed plastic synthetic strips for the manufacture of protective clothing; viscose films and sheets, other than for packaging and wrapping purposes, made from semi-processed plastic for use in the manufacture of circuit boards; yarns of ceramic enamel fibre insulation for industrial molten metal furnaces; semi-processed synthetic resins; semi-processed plastics; shock-absorbing insulating and packing materials, joint packaging for flexible pipes being pipe jointing compounds; vibration dampening blankets; waterproofing membranes and semi-processed films of plastic in the nature of semi-processed synthetic filtering materials for foundations of buildings; adhesive tapes, strips, bands and plastic films for industrial or commercial packing use; clutch lining and semi-processed brake linings; tire restoration and repair materials, namely, rubber materials for recapping tires; anti-corrosion tapes; floral foam, namely, foam supports for floral arrangements; fixation films used as an industrial or commercial packing; floor marking tapes; glass fibres for insulation; insulating tapes; protective asbestos screen sheets; protective padding materials made of rubber; rubber bands for commercial and industrial uses; handles and supports of rubber being rubber bars and rods; threads of plastic for soldering; decorative plastics films being semi-finished products; joint casting compounds being pipe jointing compounds; sound vibration damping compounds

CLASS 19: Non-metal building and construction materials and elements, namely, wall panels, non-metallic reinforcements for concrete and wood building construction, namely, rigid pipes, rods and bars, non-metal-cladding for construction and building, wood and artificial methacrylate paneling and non-metal casings for use in building or construction; doors, gates, windows and window coverings, not of metal; rigid pipes, not of metal, for building; asphalt; pitch; bitumen; unprocessed and semi-processed materials, namely, pitch, tar, bitumen and asphalt, stone, rock, clay and minerals, wood and artificial wood; acid and alkali resistant, jointless wall and floor coverings, namely, waterproofing and environmental membranes for floors and walls; road surfacing materials in liquid form as well as in the form of foils and slabs, namely, parking area waterproofing and environmental membranes for weather resistance, abrasion resistance and compressive strength

OWNER OF INTERNATIONAL REGISTRATION 1551651 DATED 04-23-2020,
EXPIRES 04-23-2030

SER. NO. 79-344,020, FILED 05-30-2022

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
