## United States Patent and Trademark Office

**Reg. No. 6,115,457**

**Registered Aug. 04, 2020**

**Amended Jan. 23, 2024**

**Int. Cl.: 1, 9, 42**

**Service Mark**

**Trademark**

**Principal Register**

INTRAWAY BUSINESS, S.L.U. (SPAIN SOCIEDAD LIMITADA )

Calle Marie Curie 1,

Parque Tecnológico de Álava E-01510 Vitoria-Gasteiz (ARABA/ÁLAVA)

SPAIN

CLASS 1: Chemical products for industrial purposes, chemical materials and chemical preparations for industrial purposes; manganese dioxide; manganese dioxide catalysts \* ; none of the aforesaid goods for use in connection with any toy vehicles, model vehicles, electric or battery-powered toy vehicles, remote-controlled toy vehicles, or parts and accessories therefor \*

CLASS 9: Apparatus and instruments for conducting electricity, namely, electric conductors; apparatus and instruments for switching electricity, namely, electric switches; apparatus and instruments for transforming electricity, namely, electric transformers; apparatus and instruments for accumulating electricity, namely, electric accumulators; apparatus and instruments for regulating electricity, namely, voltage regulators for electric power; apparatus and instruments for the control or distribution of electricity, namely, electrical controllers; batteries and dry cells; electric voltage testers; Electric current testers in the nature of electronic devices for measuring electronic current; devices for checking and monitoring energy, namely, battery monitors; electric power supplies; electrical adapters; electrical controllers; energy storage modules in the nature of photovoltaic modules; electric batteries and cells; battery chargers; electric cables, particularly connection and charging cables; electric connectors and their connection fittings; electric converters and power inverters; dry cells; Dry alkaline batteries; zinc-manganese dioxide alkaline batteries; lithium batteries and cells; industrial electric batteries; hydrogen cells; battery packs; solar batteries; Hydroelectric cells; fuel cells; rechargeable batteries; electric cells and batteries; battery cables; accumulator boxes; batteries for cars; Batteries for vehicles; rechargeable electric batteries; electric batteries for vehicles; high-voltage batteries; batteries for electric vehicles; auxiliary battery packs ; batteries rechargeable with solar energy; uninterruptible power supply apparatus; Battery charging devices for motor vehicles; secondary lithium batteries; lithium-ion batteries; battery and cell sets in the nature of batteries and dry cells \* ; none of the aforesaid goods being or for use in connection with any toy vehicles, model vehicles, electric or battery-powered toy vehicles, remote-controlled toy vehicles, or parts and accessories therefor \*

CLASS 42: Scientific and technological services, namely, scientific research; Design

*Katherine Kelly Vidal*

Director of the United States  
Patent and Trademark Office

services, namely, design of batteries; scientific and industrial research services and analysis in the field of energy and electricity; technological engineering, namely, analysis and research, research and design services in the field of batteries and components thereof; laboratory analysis in the field of batteries and components thereof; research in the field of energy storage; consulting in the field of scientific research; consultancy in the field of energy storage research; research in the field of integrated energy concepts; research and development of industrial processes in the field of manufacturing batteries; research and development of new products for others; design and development of photovoltaic systems; scientific and technological services, namely, research and design in the field of energy storage, development of electricity sets; computer hardware and software design and development; energy auditing \* ; none of the aforesaid services being in connection with any toy vehicles, model vehicles, electric or battery-powered toy vehicles, remote-controlled toy vehicles, or parts and accessories therefor \*

The color(s) black, blue, red, green, orange and yellow is/are claimed as a feature of the mark.

The mark consists of the wording "EZ8" in stylized form. The "E" is in black, blue, yellow, red, orange and green and the "Z8" is in black.

PRIORITY DATE OF 07-23-2018 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1478360 DATED 07-26-2018,  
EXPIRES 07-26-2028

SER. NO. 79-263,548, FILED 07-26-2018

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
