United States Patent and Trademark Office

Reg. No. 5,742,147

Registered May 07, 2019

Amended Aug. 29, 2023

**Int. Cl.: 1, 3, 4, 6, 7, 9, 11, 12,
17, 21, 37, 39, 42**

Service Mark

Trademark

Principal Register

ENEOS Holdings, Inc. (JAPAN CORPORATION)

1-2, Otemachi 1-chome,

1-2, Otemachi 1-chome

Chiyoda-ku, Tokyo, JAPAN 100-8161

CLASS 1: Chemical additives for lubricating oils; antimony; selenium; thallium; tellurium; lithium; silicon for solar batteries; silicon for semiconductors; rare earth metals; surface preparation agents for metals, resins, ceramics or rubber, for the purposes of sealing, anti-tarnish, anti-rust and anti-oxidation; Unprocessed heat storage phase change material resins in the form of pellets for building material; detergents for use in manufacturing processes; detergents for industrial use as part of manufacturing operations; solvents for detergents for industrial use as part of manufacturing operations; solvents for cleaning machines and apparatus and machine parts for industrial use; detergents for machines and apparatus and machine parts for industrial use as part of manufacturing operations; carbon powder for condensers or rechargeable batteries; carbon powder for oil absorbent; chemical plating solutions, namely, electro nickel plating solutions, electro tin plating solutions, electro gold plating solutions, electro rhodium plating solutions, electro ruthenium solutions; metal oxides for sputtering targets; high purity copper sulfate; chemicals used in industry; plastic adhesives for industrial use, not for stationery or household purposes; plant growth regulating preparations, fertilizers; ceramic glazings in the nature of a dry chemical preparation for use in the manufacture of ceramics; priming putty, namely, oil cement; higher fatty acids for industrial purposes; Non-metallic minerals, namely, sulphur, foundry sand, kaolin, talc, rock salt, barytes (barite), saltpeter (salpetre), natural graphite, dolomite, bauxite, fluorite (fluorspar), magnesite, alunite, rock phosphate, silicate, agricultural lime, lime acetate, lime carbonate, or lime chloride; chemical compositions for developing, printing and enlarging photographs; chemical test paper; artificial sweeteners; flour and starch for industrial purposes; unprocessed plastics in primary form; cellulose pulp; wood pulp for manufacturing purposes; wood pulp, namely, dissolving wood pulp for manufacturing purposes, chemiground wood pulp; lactose for industrial purposes; lactose being raw material for industrial purposes; lactose being raw material for the food industry; lactose being raw material for use in the manufacture of foodstuff; lactose for the food industry; chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry, except fungicides, herbicides, insecticides and parasiticides; unprocessed artificial resins, unprocessed plastics; manures, fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances for use in the manufacture of leather; adhesives used in industry; chemical additives for motor fuel; chemical additives for oils; anti-boil preparations for engine coolants; anti-knock substances for internal combustion engines; detergent additives to

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

gasoline petrol; coolants for vehicle engines; fuel saving preparations, namely, octane booster fuel chemical additives, chemical additives for fuel treatment; oil-purifying chemicals; transmission oils, brake fluids; oils for hydraulic circuits; power steering oils

CLASS 3: Aromatic hydrocarbon detergents for household use and other than for use in manufacturing processes or for medical purposes; cleaning agents for machines and apparatus and machine parts other than for use in manufacturing processes or for medical purposes; anti-static preparations for household purposes; de-greasing preparations for household purposes; rust removing preparations; stain removing benzine; fabric softeners for laundry use; laundry bleach; adhesives for affixing false hair; adhesives for affixing false eyelashes; laundry starch; seaweed gelatine for laundry use (funori), paint stripping preparations; shoe cream; shoe black being shoe polish; polishing preparations; non-medicated industrial soap; non-medicated soaps; detergents for household use; dentifrices; cosmetics; toiletry, namely, non-medicated toiletry preparations; natural perfumery prepared from vegetables; natural perfumery prepared from animals; synthetic perfumery; blended perfumery; food flavorings prepared from essential oils; incenses and fragrances; abrasive paper being sandpaper; abrasive cloth; abrasive sand; artificial pumice stone for personal use; polishing paper; false nails; false eyelashes; detergents for automobiles; cleaning agents other than for use in manufacturing processes and for medical purposes; bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; non-medicated soaps; perfumery, essential oils, cosmetics, hair lotions

CLASS 4: Lubricating oils; all-purpose lubricants and lubricating grease; industrial lubricants; industrial lubricating oils; lubricants and lubricating oils for automobiles; moistening oil in the nature of lubricating oil; liquefied petroleum gas; solid lubricants for industrial purposes; lubricating graphite; grease for shoes and boots; leather preserving oil and grease; solid fuels; liquid fuels; gaseous fuels; industrial gasoline; industrial grease; industrial oils; non-mineral oils and greases for industrial purposes not for fuel; waxes being raw material; lamp wicks; candles, industrial oils and greases; lubricants, namely, lubricating oils, lubricating graphite, synthetic lubricating oils; fuels, namely, motor spirit and illuminants; candles and wicks for lighting; engine oil; fuels; engine oils and greases for industrial purposes not for fuel; fuel gas; fuel oil; lubricating grease; coal; cutting fluids; gas oil in the nature of fuel oil; gasoline; kerosene; motor oil; oil-gas, namely, liquefied petroleum gas; petrol; petroleum, raw or refined; non-chemical additives for motor fuel; non-chemical additives for oils

CLASS 6: Copper ores, copper unwrought or semi-wrought and copper alloys; indium and its alloys; titanium and its alloys; tungsten ores, tungsten iron and tungsten alloys; cobalt ores and cobalt alloys ; cadmium and its alloys; outdoor blinds of metal; iron and steel; nonferrous metals and their alloys for sputtering targets; nonferrous metals and their alloys; ores of metal; metal materials for building or constructions, namely, linings of metal for building purposes, metal partitions for building, frames of metal for building, building boards of metal; pre-fabricated metal building assembly kits; loading and unloading pallets of metal; metal turntables for load handling; metal traversers for load handling; artificial fish reefs of metal; prefabricated sectional poultry houses of metal; paint spraying booths of metal; metal molds for forming cement products; pulleys of metal, not machine elements; valves of metal, not machine elements; metal junctions for pipes; metal flanges; metal keys being a mechanical element of a keyway and a keyseat; metal cotter pins; railway points; road signs of metal not luminous nor mechanical; beacons of metal non- luminous; liquid storage tanks or reservoirs of metal; liquid storage tanks or reservoirs of metal, not of masonry, industrial water storage tanks of metal; industrial water tanks of metal, not of masonry; liquefied gas storage tanks of metal; gas storage tanks of metal; internal floating lids of aluminum for use with gas or liquefied gas storage tanks; anchors; metal mooring bitts; mooring bollards of metal; containers of metal for transport; anvils; swage blocks; metal hardware, namely, springs, washers, pulleys, nuts; wire ropes; wire nets and gauzes; industrial packaging containers of metal not including metal stoppers, lids and caps; metal stoppers for industrial packaging containers; metal lids and caps for industrial packaging containers;

metal nameplates and door nameplates; metal chains for dogs; metal stepladders and ladders; letter boxes of metal; hat-hanging hooks of metal; water tanks of metal for household purposes; tool boxes of metal empty; towel dispensers of metal; metal joinery fittings; safes; upright signboards of metal; transportable greenhouses of metal for household use; metal tombs and metal tomb plaques; ferrules of metal for canes and walking-sticks; crampons being climbing irons; metal carabiners being metal hardware; rock pitons of metal; diving platforms of metal; spurs; sculptures of metal, man-made garden ponds of metal structures; common metals and their alloys; metal building materials, namely, tiles of metal for building, frames of metal for building, brackets of metal for building, metal reinforcement materials for building ; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; pipes and tubes of metal; ores of metal

CLASS 7: Machines for cleaning the inside of engines of automobiles; machines and apparatus for cleaning engine cooling systems of automobiles, namely, cleaning machines for automobile engine cooling systems; machines and apparatus for collecting, reproducing and filling chlorofluorocarbon for car air-conditioners, namely, machines for collecting, reproducing, and filling chlorofluorocarbon for car air- conditioners; metalworking machines and metalworking machine tools; mining machines and apparatus, namely, mining bits, mine borers; construction machines and apparatus, namely, nail extractors, concrete construction machines; loading and unloading machines ; industrial fishing machines; apparatus for purifying liquid fuels of biomass, namely, machines for purifying liquid fuels of biomass; oil refining apparatus, namely, machines for oil refining; chemical processing machines and apparatus, namely, machines for chemical processing; textile machines and apparatus, namely, machines for dyeing textiles, textile bonding machines; food or beverage processing machines and apparatus, namely, electric food choppers, electric food processors, electric food grinders, beverage processing machines; lumbering, woodworking, or veneer or plywood making machines and apparatus, namely, machines for lumbering, woodworking, veneer, or plywood making; pulp making, papermaking or paper-working machines and apparatus, namely, machines for papermaking or paper-working; printing or bookbinding machines and apparatus, namely, industrial inkjet printing machines, bookbinding machines for industrial purposes; sewing machines; plowing machines and implements other than hand-held tools, namely, plows, plow blades for vehicles; cultivating machines and implements, namely, motorized cultivators, power-operated cultivators; harvesting machines and implements, namely, combine harvesters, harvest drying machines; plant fiber processing machines and implements for agricultural purposes, namely, combine harvesters, harvest drying machines; fodder presses; fodder cutting machines being feed cutters; fodder mixing machines being feed mixers; cake-fodder crushing machines being feed mills; milk filtering machines; milking machines; chick brooders; incubators for eggs; sericulture machines and implements, namely, sericulture machines; shoe making machines; leather tanning machines; tobacco processing machines; glassware manufacturing machines and apparatus, namely, glassware manufacturing machines; painting machines and apparatus, namely, painting machines, paint sprayers; packaging or wrapping machines and apparatus, namely, liquid container fillers, packaging machines; power- operated potters' wheels; plastic processing machines and apparatus, namely, plastic processing machines; semiconductor manufacturing machines and systems, namely, machines for manufacturing semiconductor; machines and apparatus for manufacturing rubber goods, namely, machines for manufacturing rubber goods; stone working machines and apparatus, namely, stone working machines; non-electric prime movers, not for land vehicles other than water mills and wind mills, namely, internal combustion engines not for land vehicles and except for water mills and wind mills; parts for non-electric prime movers for land vehicles; water mills, namely, gaskets for internal combustion engines, pistons being internal combustion engine parts; wind mills; pneumatic or hydraulic machines and instruments, namely, centrifugal pumps, reciprocating pumps, rotary pumps; adhesive tape dispensing machines; automatic stamping machines; washing machines for industrial laundry purposes; food mixing machines for commercial use; food peeling machines for commercial use; dishwashers for industrial purposes; food

cutting, chopping and slicing machines for commercial use; electric wax-polishing machines for industrial purposes; vacuum cleaners for industrial purposes; dishwashers for household purposes; electric wax-polishing machines for household purposes; washing machines for household laundry purposes; vacuum cleaners for household purposes; electric food blenders for household purposes; mechanical parking systems; vehicle washing installations; power operated sprayers for disinfecting, insecticides and deodorants not for agricultural purposes; shafts, axles or spindles not for land vehicles, namely, cam shafts, spindles being parts of machines; bearings being machine elements not for land vehicles; shaft couplings or connectors being machine elements not for land vehicles; transmissions for machines; shock absorbers being machine elements not for land vehicles; springs being machine elements not for land vehicles; brakes being machine elements not for land vehicles; valves being machine elements not for land vehicles; lawnmowers; curtain drawing devices electrically operated; waste compacting machines and apparatus, namely, waste compactors; waste crushing machines; starters for motors and engines; AC motors and DC motors not including those for land vehicles but including parts for any AC motors and DC motors; AC generators being alternators; DC generators, dynamo brushes; electric arc welding machines; electric metal cutting machines by arc, gas or plasma; electric arc welding apparatus; vending machines; fuel dispensing machines for service stations, namely, fuel pumps; electric door openers; boilers for non-electric prime movers and engines, namely, steam engine boilers for power generation other than for land vehicle; fuel cell being generators; motors and engines except for land vehicles; machine coupling and transmission components except for land vehicles; automatic vending machines; pulleys being machine elements not for land vehicles

CLASS 9: Batteries and cells for electric cars; electrical batteries and cells for vehicles; magnetic disks and magnetic tapes whereon computer software is recorded administration of computer networks, for database management, for application and data base integration, to maintain and operate computer systems; computer peripheral devices; computers; automated billing machines for processing accounting information; slide-rules; semiconductor wafers; solar batteries; fuel cells; electronic card readers; films for liquid crystal displays to expand viewing field, namely, polarizing films specially adapted for liquid crystal displays; batteries for automobiles; optical glasses; ozonisers being ozonators; electrolyzers being electrolytic cells; egg-candlers; blueprinting machines; cash registers; coin counting or sorting machines; electric sign boards for displaying target figures, current outputs or the like; photo-copying machines; manual calculator; mathematical instruments, namely, calculators; time and date stamping machines; time clocks being time recording devices; punched card office machines; voting machines; postage stamp checking apparatus; mechanisms for coin-operated car parking gates; life-saving apparatus and equipment, namely, life jackets, life rafts, decontamination showers; fire extinguishers; fire extinguishing apparatus, namely, fireplugs; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; anti-theft warning apparatus, namely, theft alarms; protective helmets; railway signal apparatus, luminous or mechanical; vehicle breakdown warning triangles; luminous or mechanical road signs; breathing apparatus for divers, namely, rebreathers; breathing apparatus for divers, namely, compressed air bailout units; simulators for the steering and control of vehicles; electronic sports training simulators; cinematographic machines and apparatus; measuring or testing machines and instruments, namely, measuring machines and instruments, screw thread measuring machines and instruments; rotary converters; phase modifiers; electrical batteries and cells; electric or magnetic meters and testers, namely, electric meters, electrical outlet tester, magnetometers; electric wires and cables; electric buzzers; telecommunication devices and apparatus, namely, telecommunication towners, telecommunication exchangers, electrical transformers, portable telecommunication instant messaging devices; electronic machines, apparatus and their parts, namely, electronic taximeters, electronic plotters; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; fire engines; gloves for protection against accidents; dust masks; gas masks; welding masks; fireproof garments; spectacles being eyeglasses and goggles for safety; spectacles being eyeglasses and goggles for driving; spectacles being eyeglasses

and goggles for ski; spectacles being eyeglasses and goggles for snow; spectacles being eyeglasses and goggles for swimming; electronic circuits and CD-ROMs recorded with game programs for hand-held games with liquid crystal displays; weight belts for scuba diving; protective helmets for sports; air tanks for scuba diving; regulators for scuba diving; phonograph records featuring music; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; downloadable music files; exposed cinematographic films, exposed slide films; slide film mounts; downloadable image files in the field of oil, energy and gas; recorded video discs and video tapes in the field of oil, energy and gas; electronic publications, namely, magazines, manuals, books, newsletters in the field of oil, energy and gas; fire hose; ear plugs for swimmers; ear plugs for divers; observation rockets; nautical, surveying, photographic, cinematographic, optical, weighing, measuring, life-saving and teaching apparatus and instruments, namely, surveying instruments, optical receivers, optical readers, weighing scales, weighing machines; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, power switches, electrical controllers; apparatus for recording, transmission or reproduction of sound or images, magnetic data carriers; blank recording discs; blank compact discs, DVDs and other digital recording media; compact discs, DVDs and other digital recording media featuring digital recordings; computer software for creating searchable databases of information and data, for computer system and application development, deployment and management; fire-extinguishing apparatus

CLASS 11: Apparatus for storing heat, namely, heat accumulators, heat exchangers; heat accumulating tanks for air conditioning apparatus; toilet bowls and seats sold as a unit; bathroom sinks; bathroom installations, namely, bathroom heaters, bathroom exhaust fans; bathroom basin being parts of sanitary installations; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; milk sterilizers; industrial furnaces; nuclear reactors being atomic piles; forage drying apparatus; air-conditioning apparatus for industrial purposes; laundry dryers electric, for industrial purposes; hair steamers for use in beauty salons; cooking apparatus and installations for commercial use, namely, industrial cooking ovens, electric autoclaves for cooking, industrial cooking ranges; industrial dish drying apparatus and installations, namely, industrial dish drying machines; dish disinfectant apparatus for industrial purposes; tap water faucets; plumbing fittings, namely, pipe line cocks; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; garbage incinerators for industrial purposes; garbage incinerators for household purposes; solar water heaters; water purifying apparatus, water purification units, water purification installations; electric lamps; lighting apparatus, namely, lighting fixtures, lighting installations; floor heating appliances for household use; household electrothermic appliances, namely, fabric steamers, electrically heated mugs; washers for water taps; gas water heaters for household purposes; cooking ovens for household purposes; kitchen worktops with integrated sinks; kitchen sinks; ice chests for household purposes, non-portable; ice-cooling refrigerators for household purposes; household tap-water filters; standing paper lanterns (andon); portable paper lanterns (chochin); gas lamps; oil lamps; lamp chimneys; warming pans non-electric; pocket warmers non-electric, namely, chemically-activated heating packets for warming hands; Japanese pocket warmers filled with fuel; hot water bottles for warming one's feet in bed; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seatings for use with Japanese style toilet bowls; waste water treatment tanks for household purposes; septic tanks for household purposes; heating or cooling packs filled with chemical substances ready to react when required; boilers other than parts of prime movers, engines, namely, boilers for heating installations, electric boilers; stoves for household purposes non-electric; lighting apparatus, namely, lighting installations; Drying apparatus for use in heating, ventilation systems, air conditioning systems and refrigeration systems; steam heating apparatus for industrial purposes; Refrigerating appliances and installations; Refrigerating machines and installations

CLASS 12: Rearview mirrors with antidazzle devices for automobiles; ropeways specifically adapted for vehicles for cargo or freight handling; pusher cars for mining; puller cars for mining; traction engines ; traction engines, non-electric prime movers for land vehicles not including their parts; shafts, axles or spindles for land vehicles; bearings for land vehicles; shaft couplings or connectors for land vehicles, shock absorbers for land vehicles; springs for land vehicles; brakes for land vehicles; parachutes; anti-theft alarms for vehicles; wheelchairs; AC motors or DC motors for land vehicles not including their parts; vessels and their parts and fittings other man air cushion vehicles; air-cushion vehicles; aircraft and structural parts therefor; railway rolling stock and structural parts therefor; automobiles and structural parts therefor; two-wheeled motor vehicles and structural parts therefor, bicycles and structural parts therefor; baby carriage being prams; rickshaws; trolleys; carts; horse drawn carriages; bicycle trailers (riyakah); adhesive rubber patches for repairing tubes or tires; cigar lighters for automobiles

CLASS 17: Mica raw or partly processed; valves of rubber or vulcanized fiber not including machine elements; pipe gaskets; non-metal gaskets for use in the oil and energy field; gasket material in sheets for use in the oil and energy field; junctions for pipes not of metal; asbestos fire curtains; safety curtains of asbestos, namely, asbestos fire curtains; floating anti-pollution barriers; electrical insulating oils; electrical insulating materials; washers of rubber or vulcanized fiber; chemical fiber for insulating purposes not for textile use; asbestos; [rock wool;] slag wool for use as a building insulator; rubber thread and covered rubber yarn not for textile use; chemical fiber yarn and thread not for textile use; asbestos yarn; asbestos fabrics; asbestos felt; insulating gloves; rubber cords and laces; asbestos cords and strings; asbestos nets; industrial packaging containers of rubber; rubber stoppers for industrial packaging containers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper, namely, flame retardant paper used to insulate buildings; asbestos paper; vulcanized fiber; plastic semi-worked products including carbon fibers, namely, semi-worked synthetic plastic and synthetic resins as semi-finished products in form of pellets, rods, foils, foams, fibers, films and sheets; plastic semi-worked products, namely, semi-worked synthetic plastic and synthetic resins as semi-finished products in form of pellets, rods, foils, foams, fibers, films and sheets; rubber raw or semi-worked; [soundproofing materials of rock wool not for building purposes;] asbestos boards; asbestos powder; unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, and mica; plastics in extruded form for use in manufacture; flexible pipes, not of metal; plastic substances, semi-processed; insulating oils; Materials for storing heat for air conditioning apparatus, namely, insulating sleeves for air conditioners

CLASS 21: Polishing cloth

CLASS 37: Mining extraction; installation of air conditioning apparatus; installation of air conditioning systems; installation of machines and apparatus; anti-corrosion treatment services for construction purposes, namely, application of protective coatings; car washing services; rental of coin-operated washing machines; rental of coin-operated drying machines; repair works of underground tanks and buried piping; earth pollution removal work; advisory services relating to earth pollution removal work; repair, refurbishment and maintenance of automobiles or two-wheeled motor vehicles; providing information relating to the repair, refurbishment and maintenance of automobile or two-wheeled motor vehicles; advisory services in the fields of repair, refurbishing and maintenance of automobiles or two-wheeled motor vehicles; cleaning the inside of automobiles and polishing, waxing and washing of automobiles, and other cleaning services of automobiles; application of coatings for the maintenance or repair of automobiles; replacement services of oils, batteries, tires and structural components of automobiles or two-wheeled motor vehicles; repair or maintenance of automobiles, namely, attaching glass film onto automobile windows, repair and maintenance services relating to the protecting and treating and polishing of coating films on the bodies of automobiles, vehicle body repair and other repair and maintenance of automobiles;

construction consultation; building construction; construction planning; construction supervision; construction consultancy; construction or maintenance of buildings; shipbuilding; repair or maintenance of vessels; aircraft repair or maintenance; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of railway rolling stocks; repair or maintenance of two- wheeled motor vehicles; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of optical machines and apparatus; repair or maintenance of photographic machines and apparatus; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of office machines and equipment; repair or maintenance of air-conditioning apparatus for industrial purposes; repair or maintenance of burners; repair or maintenance of boilers; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus; repair or maintenance of electronic machines and apparatus ; repair or maintenance of telephone apparatus; repair of radio receivers or television receivers; repair or maintenance of telecommunication machines and apparatus, other than telephone sets, radio receivers and television receivers repair or maintenance of construction machines and apparatus; repair or maintenance of consumer electric appliances ; repair or maintenance of electric lighting apparatus; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of electric motors; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments; repair or maintenance of firearms; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus; repair or maintenance of fishing machines and instruments; repair or maintenance of metalworking machines and tools; repair or maintenance of shoe making machines; repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of rubber-goods manufacturing machines and apparatus; repair or maintenance of integrated circuits manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of machines and apparatus for processing foods or beverages; repair or maintenance of machines and apparatus for lumbering, woodworking, or veneer or plywood making; repair or maintenance of textile machines and apparatus; repair or maintenance of tobacco processing machines; repair or maintenance of painting machines and apparatus; repair or maintenance of plowing machines and implements other than hand-held tools; repair or maintenance of cultivating machines and implements, repair or maintenance of harvesting machines and implements; repair or maintenance of plant fiber processing machines and implements; repair or maintenance of fodder presses; repair or maintenance of fodder cutting machines; repair or maintenance of fodder mixing machines; repair or maintenance of cake-fodder crushing machines; repair or maintenance of milk filtering machines; repair or maintenance of milking machines; repair or maintenance of chick brooders; repair or maintenance of egg incubators; repair or maintenance of sericultural machines and implements; repair or maintenance of machines and apparatus for pulp-making, papermaking or paper-working; repair or maintenance of plastic processing machines and apparatus; repair or maintenance of packaging or wrapping machines and apparatus; repair or maintenance of sewing machines; repair or maintenance of reservoirs; repair or maintenance of gasoline station equipment; repair or maintenance of mechanical parking systems; repair or maintenance of bicycle parking apparatus; repair or maintenance of dishwashers for industrial purposes; repair or maintenance of cooking equipment for industrial purposes; repair or maintenance of electric washing machines for industrial purposes; repair or maintenance of vehicle washing installations; repair or maintenance of vending machines; repair or maintenance of power-driven floor cleaning machines; repair or maintenance of amusement machines and apparatus; repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines; repair or maintenance of divers' apparatus; repair or maintenance of nuclear power plants; repair or maintenance

of chemical plants; furniture restoration; umbrella repair; repair or maintenance of musical instruments; safe maintenance or repair, shoe repair; clock and watch repair or maintenance; sharpening of scissors and kitchen knives; setup or repair of locks; repair or maintenance of gas water heaters; repair or maintenance of non-electric cooking heaters; repair or maintenance of cooking pots and pans; repair or maintenance of signboards; repair of bags or pouches, repair of personal ornaments; repair of toys or dolls; repair of sports equipment; repair of billiard equipment; repair of game machines and apparatus; repair or maintenance of bath fittings; repair of toilet stool units with a washing water squirts; repair of fishing tackle; repair of spectacles; fur care and repair, namely, mending of fur garments, cleaning fur garments; laundering; pressing of clothing; clothing repair in the nature of mending clothing; fluffing of cotton batting for futon, repair of tatami mats; chimney sweeping; cleaning of building exterior surfaces; window cleaning; carpet and rug cleaning; floor polishing; septic tank cleaning; bathtub and bath boiler cleaning; street cleaning; reservoirs cleaning; disinfecting of telephone hand-sets; vermin exterminating, other than for agriculture, forestry or horticulture; sterilization of medical machines and apparatus; rental of construction machines and apparatus; rental of floor cleaning machines; rental of mops; rental of car-washing apparatus; rental of electric washing machines; rental of laundry dryers; rental of spin dryers for clothes; rental of mining machines and apparatus; rental of electric irons for household purposes; rental of drainage pumps ; rental of pumps; rental of compressing machines; building constructions; installation of oil production apparatus; oil well casing, tubing, and drill pipe installation; installation of renewable energy generation equipment; technical consulting related to the installation of oil and gas equipment, control systems and machinery; vehicle service stations, vehicle maintenance; vehicle lubrication; vehicle greasing; vehicle polishing; vehicle cleaning; vehicle washing; car washing; vehicle repair; anti-rust treatment for vehicles

CLASS 39: Propane gas supplying; liquefied natural gas supplying ; liquefied petroleum gas supplying; railway transport; car transport; providing road and traffic information ; vehicle-driving services; marine transport; air transport; packaging of goods for transportation; merchandise packaging for others; freight brokerage; cargo unloading; removal of home furnishings for relocation purposes; removal services, namely, moving home furnishings; removal of furnishings of offices, shops, stores and factories for relocation purposes; removal services, namely, moving furnishings of offices, shops, stores and factories; brokerage of vessels; rental of vessels; chartering of vessels; refloating of ships; ship piloting; arranging and booking of travel tours; escorting of travel tours; travel arrangement and reservation services excluding those for lodging, namely, travel route planning, booking seats for travel; warehousing services; temporary safekeeping of personal belongings; temporary storage of deliveries; gas supplying; electricity distribution; water supplying; heat supplying; rental of warehouse space; parking services, namely, vehicle parking, parking place rental, parking lot services, parking garage services; providing toll roads; providing vessel mooring facilities; airport services; operating of parking places; rental of loading-unloading machines and apparatus; car rental; rental of vessels; rental of wheelchairs; rental of bicycles; rental of aircraft; rental of mechanical parking systems; rental of packaging or wrapping machines and apparatus; rental of refrigerator-freezers for household purposes; rental of freezers for household purposes; rental of freezing machines and apparatus; rental of gasoline station equipment not for repair and maintenance of automobiles, namely, equipment for gas supplying; rental of non-electric prime movers for vehicles; packaging and storage of goods; travel arrangement, namely, coordinating travel arrangements for individuals or groups

CLASS 42: Inspection of automobiles for automobile safety purposes; agency services for inspection of automobiles for automobile safety purposes; research and provision of scientific technology information; design of air conditioning systems; design of machines and apparatus; research on soil pollution, design of industrial processing plants; plant engineering; engineering services in the nature of design and development of refinery plants of oil; chemical analysis of petroleum products; chemical analysis of metals; research, exploration and development of petroleum oil and natural gas

resources; research, development, testing and analysis relating to manufacturing, processing and using of petroleum products and raw materials thereof; providing meteorological information; architectural design; surveying; geological surveys or research; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; computer software design, computer programming, or maintenance of computer software; technological advice relating to computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs for quality control purposes; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research concerning the functionality of machines, apparatus and instruments; rental of measuring apparatus; rental of computers; providing temporary use of non-downloadable computer programs for creating searchable databases of information and data, for computer system and application development, deployment and management; rental of laboratory apparatus and instruments; rental of technical drawing instruments; design and development of computer hardware and software

The color(s) grey and turquoise is/are claimed as a feature of the mark.

The mark consists of the letters "JXTG" where, "J" "TG" are in grey and the "X" is formed of two parts, a grey left side and an overlapping turquoise right side. The white in the mark is background area which is not a part of the mark.

PRIORITY DATE OF 11-22-2016 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1405038 DATED 02-08-2017,
EXPIRES 02-08-2027

SER. NO. 79-233,380, FILED 02-08-2017

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
