United States Patent and Trademark Office

Reg. No. 6,776,737

Registered Jul. 05, 2022

Amended May 16, 2023

**Int. Cl.: 6, 7, 8, 9, 16, 17, 35,
39, 40, 42**

Service Mark

Trademark

Principal Register

MISUMI Group Inc. (JAPAN CORPORATION)

6-5, Kudanminami 1-chome,
Chiyoda-ku Tokyo 102-8583
JAPAN

CLASS 6: Iron and steel; nonferrous metals and their alloys; ores of metal; metal materials for building or construction, namely, gratings of metal, fences of metal, hinges of metal, doors of metal, door handles of metal, pillars of metal for building, windows of metal, window frames of metal, gates of metal; prefabricated building assembly kits of metal; loading and unloading pallets of metal; turn-tables, namely, stretchers for metal bands and tension links, braces of metal for load handling; traversers, namely, tension links and braces of metal for load handling; artificial fish reefs of metal; prefabricated sectional poultry houses of metal; paint spraying booths of metal; metal moulds for forming cement posts for building; metal pulleys for windows and blinds; metal hardware, namely, springs and valves not being parts of machines; metal junctions for pipes; metal flanges; keys of metal for locks; cotter pins of metal; railway points; road signs of metal, non-luminous and non-mechanical; beacons of metal, non-luminous; reservoirs of metal; anchors; mooring bollards of metal; containers of metal for transport; anvils; swage blocks; metal hardware, namely, pegs, nuts, plugs, bolts, chains, washers, screw rings and casters; wire ropes; wire nets and gauzes; industrial packaging containers of metal; metal nameplates and door nameplates; metal stepladders and ladders; letter boxes of metal; hat-hanging hooks of metal; water tanks of metal for household purposes; tool boxes of metal, empty; towel dispensers of metal; metal joinery fittings; safes; upright signboards of metal; transportable greenhouses of metal for household use; metal tombs and metal tomb plaques; ferrules of metal for canes and walking-sticks; crampons being climbing irons; carabiners of metal; rock pitons of metal; diving platforms of metal; spurs; sculptures of metal

CLASS 7: Metalworking machines, namely, bending machines for metalworking, boring machines for metalworking, broaching machines for metalworking, cutting machines for metalworking, drilling machines for metalworking, grinding machines for

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

metalworking, honing machines for metalworking, milling machines for metalworking, perforating machines for metalworking, planing machines for metalworking, shaping machines for metalworking, slotting machines for metalworking; metalworking machine tools; concrete construction machines; construction apparatus, namely, truck cranes, power shovels, rammers being machines, concrete vibrators, concrete mixers being machines; loading and unloading machines; loading-unloading machine apparatus, namely, cranes and hoists; industrial fishing machines, namely, fish-netting machines; chemical processing machines, namely, agitators for chemical processing, blending machines for chemical processing; apparatus for chemical processing machines, namely, agitators for chemical processing, blending machines for chemical processing; textile machines, namely, textile bonding machines; and textile machine apparatus, namely, machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles; beverage processing machines and apparatus in the nature of components for food processing machines, namely, sand, chemical and reverse osmosis filters; lumbering, woodworking, veneer, and plywood making machines and apparatus in the nature of sawtooth setting machines; pulp making, papermaking or paper-working machines and apparatus, namely, wood chipping machines, industrial paper cutting machines; printing machines and bookbinding machines for commercial or industrial use; sewing machines; agricultural machines, namely, power tillers and weeders; agricultural implements other than hand-operated, namely, power tillers and weeders; shoe making machines; leather tanning machines; tobacco processing machines; glassware manufacturing machines and apparatus; painting machines and apparatus; packaging and wrapping machines and parts thereof; power-operated potters' wheels; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; machines and apparatus for manufacturing rubber goods, namely, rubber manufacturing machines; stone working machines and apparatus; vehicle pneumatic and hydraulic compressors; pneumatic and hydraulic machines and instruments, namely, pumps being parts for machines, vacuum pumps, blowers for use with conveying systems, compressors for machines; adhesive tape dispensing machines; automatic stamping machines; vending machines; fuel dispensing machines for service stations; dishwashers; machines for wax-polishing, electric, for household and industrial purposes; washing machines for laundering clothes; vacuum cleaners; electric food blenders for household purposes; repairing or fixing machines and apparatus, namely, machines for repairing shoes; mechanical parking systems; vehicle washing installations; power-operated sprayers for disinfectants, insecticides and deodorants not for agricultural purposes; machine elements, not for land vehicles, namely, shaft couplings being parts for machines, shaft bearings being parts of machines, bearings for machines, shock absorbers for machines, springs being parts of machines, brakes for machines, valves being parts of machines; lawnmowers; curtain drawing devices electrically operated; electric door openers; waste compacting machines and apparatus for industrial purposes; waste crushing machines and apparatus for industrial purposes; starters for motors and engines; AC motors and DC motors in the nature of electric motor for machines and elevators; AC generators being alternators; DC generators; dynamo brushes

CLASS 8: Tweezers; braiders, namely, hand-operated tools for braiding rope; hand-operated hoes; digging forks; lawn rakes, hand-operated; lasts for shoe-making, hand-operated; electric flat irons; electric razors and electric hair clippers; hand implements for hair curling, electric; blades for manually-operated hand tools; hand tools, namely, bush hammers being stone hammers, hammers, hand-operated spanners, screwdrivers, non-electric, adjustable spanners, hand-operated wrenches, trowels, vices, carpenters' pincers being nail pullers, nippers, pliers, cutting pliers, fire tongs, pickaxes, picks, spades, shovels; egg slicers, non-electric; non-electric planes for flaking dried bonito blocks, namely, katsuo-bushi planes; can openers, non-electric; spoons, being tableware; cheese slicers, non-electric; pizza cutters, non-electric; forks being table cutlery; irons, namely, non-electric flat irons; dressmakers' chalk sharpeners; juno, namely, fire pans in the nature of fireplace shovels for carrying live charcoal; fireplace bellows; fire tongs; bludgeons; hand-operated insecticide sprayers; shaving cases; pedicure sets; eyelash curlers; manicure sets; diving knives; diving knife holders; ice axes; palette knives

CLASS 9: Ozonisers being ozonators; electrolyzers being electrolytic cells; egg-candlers; blueprint apparatus being blueprinting machines; cash registers; coin counting or sorting machines; photo-copying machines; mathematical instruments, namely, calculators; time and date stamping machines; time clocks being time recording machines; punched card office machines; voting machines; billing machines, namely, automated billing machines for processing accounting information; postage stamp checking apparatus to check for the presence of postage stamps; mechanisms for coin-operated car parking gates; life-saving apparatus and equipment in the nature of life-saving capsules for natural disasters and life-saving rafts; fire extinguishers; fireplugs, namely, fire extinguishing apparatus; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; anti-theft warning apparatus being burglar alarms; protective helmets; railway signal apparatus, luminous or mechanical; vehicle breakdown warning triangles; road signs, luminous or mechanical; breathing apparatus for underwater swimming; simulators for the steering and control of vehicles; electronic sports training simulators; laboratory apparatus and instruments, namely, constant temperature incubators for laboratory use, constant humidity incubators for laboratory use; photographic machines and apparatus, namely, slide or photograph projection apparatus; cinematographic machines and apparatus; optical machines and apparatus, namely, microscopes, magnifying glasses; measuring or testing machines and instruments, namely, temperature indicators, gasometers being measuring instruments, balances, tape measures, pressure gauges, tachometers, photometers, hygrometers, illuminometers, speed indicators, viscosimeters, flowmeters, surface roughness testing machines and instruments, metal hardness testing machines, laser level measuring apparatus; power distribution or control machines and apparatus, namely, relays electric, circuit breakers, current rectifiers, lightning arresters, electric transformers; rotary converters; phase modifiers; electrical batteries and cells; electric or magnetic meters and testers, namely, circuit testers, magnetometers, resistance measuring instruments; electric wires and cables; electric buzzers; telecommunication machines and apparatus, namely, intercoms, telephone sets, sound recording apparatus; computers and computer peripherals; computer programs, recorded for developing, designing, manufacturing, processing, ordering or delivering products or their parts; electronic machines apparatus, namely, computers, hard disk drives, electronic circuits, mouse pads for computers and parts for said machines; downloadable computer software for organizing and viewing digital images via a global computer network; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; fire boats; fire engines; gloves for protection against accidents; dust masks; gas masks; welding masks; fireproof garments; spectacles; electronic circuits; blank magnetic disks; blank optical disks; magnetic optical disks featuring manuals in the field of designing, ordering and quotation of products; blank CD-ROMs for sound or video recording; pre-recorded DVD-ROMs and magnetic computer tapes pre-recorded with programs featuring arcade video game information for use with arcade video game machines, machine-readable; downloadable computer programs for computer video games; pre-recorded magnetic disks featuring information in the field of designing, ordering and quotation of products, machine-readable; optical disks, magnetic optical disks, CD-ROMs, DVD-ROMs and magnetic tapes recorded with video game programs for consumer video games; pre-recorded CD-ROMs recorded with video game programs for hand-held games with liquid crystal displays; weight belts for scuba diving; protective helmets for sports; air tanks for scuba diving; regulators for scuba diving; metronomes; electronic circuits and CD-ROMs recorded with automatic performance computer programs for electronic musical instruments; slide-rules; exposed cinematographic films; exposed slide films; slide film mounts; pre-recorded video discs and video tapes featuring manual in the field of designing, ordering and quotation of products; downloadable electronic publications in the nature of books, catalogs and manuals featuring machine parts, machine elements, factory machines and factory automation and metalworking business

CLASS 16: Pastes and other adhesives for stationery or household purposes; sealing wax; printers' reglets being interline leads; printing type; addressing machines; ink ribbons; automatic stamp affixing machines in the nature of postage stamp meters for office use; electric staplers for offices; envelope sealing machines for offices; stamp

obliterating machines; drawing instruments; typewriters; checkwriters in the nature of office check writing and engraving machines; mimeographs; relief duplicators, namely, duplicating paper; paper shredders for office use; franking machines; rotary duplicators; marking templates; electric pencil sharpeners; decorators' paintbrushes; containers of paper, for packaging; food wrapping plastic film for household purposes; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns, namely, embroidery design patterns printed on paper; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; shipping tags being paper tags in the nature of mailing labels; printed paper, namely, printer paper signs featuring numbers for use in special events; tablecloths of paper; paper and cardboard; stationery; printed matter, namely, catalogs in the field of manufacturing; paintings and calligraphic works; printed photographs; photograph stands

CLASS 17: Mica, raw or partly processed; valves of rubber or vulcanized fiber, not including machine elements; pipe gaskets; junctions for pipes not of metal; joint packing for hydraulic piston; asbestos fire curtains; floating anti-pollution barriers; electrical insulating materials; washers of rubber or vulcanized fiber; chemical fiber not for textile use; asbestos; [rock wool;] * mineral wool * slag wool for use as a building insulator; rubber thread and covered rubber yarn, not for textile use; chemical fiber yarn and thread, not for textile use; asbestos yarn; asbestos fabrics; asbestos felt; insulating gloves; rubber cords and laces; asbestos cords and strings; asbestos nets; industrial packaging containers of rubber; rubber stoppers for industrial packaging containers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper in the nature of insulators used as insulating materials; asbestos paper; vulcanized fiber; plastic substances, semi-processed; rubber, raw or semi-worked; soundproofing materials of [rock wool,] * mineral wool *, not for building purposes; asbestos boards; asbestos powder

CLASS 35: Advertising and publicity services; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; business management analysis and business consultancy; marketing research; providing commercial information concerning commercial sales; business management of hotels; employment agency services; auctioneering; import-export agency services; arranging newspaper subscriptions for others; shorthand services; stenographic transcription; document reproduction in the nature of digitization of documents; office functions, namely, filing particular documents or magnetic tapes; providing business assistance to others in the business operation of data processing apparatus, namely, computers, typewriters, teleprinters and other similar office machines; publicity material rental; rental of typewriters, copying machines and word processors in the nature of typewriters; providing employment information; rental of vending machines; retail store services and wholesale store services featuring pastes and other adhesives for stationery or household purposes; retail store services and wholesale store services featuring metalworking machines and tools; retail store services and wholesale store services featuring laminators for offices and paper shredders for office use; retail store services and wholesale store services featuring machine elements not for land vehicles; retail store services and wholesale store services featuring machine elements for land vehicles; retail store services and wholesale store services featuring electrical machinery and apparatuses; retail store services and wholesale store services featuring chemicals; retail store services and wholesale store services featuring pharmaceutical, veterinary and sanitary preparations and medical supplies; retail store services and wholesale store services featuring laboratory apparatus and instruments; retail store services and wholesale store services featuring optical apparatus and instruments; retail store services and wholesale store services featuring photographic instruments and apparatus; retail store services and wholesale store services featuring cinematographic instruments and apparatus; retail store services and wholesale store services featuring measuring or testing machines and instruments; retail store services and wholesale store services featuring medical machines and apparatus and veterinary apparatus and instruments; retail store services and wholesale store services featuring

gloves for medical purposes; retail store services and wholesale store services featuring printed matter; retail store services and wholesale store services featuring measuring or testing machines and instruments for pets; retail store services and wholesale store services featuring animal foodstuffs; retail store services and wholesale store services featuring clothing for medical and surgical purposes; retail store services and wholesale store services featuring cosmetics, toiletries, dentifrices, soaps and detergents; retail store services and wholesale store services featuring paper and stationery; retail store services and wholesale store services featuring furniture; retail store services and wholesale store services featuring disinfectant dispensers for toilets; retail store services and wholesale store services featuring wet tissues; retail store services and wholesale store services featuring nameplates and door nameplates

CLASS 39: Railway transport; car transport; providing road and traffic information; vehicle-driving services; marine transport; air transport; packaging of goods; freight brokerage; cargo unloading; animal removal services; transport brokerage of vessels; refloating of ships; ship piloting; arranging of transportation for travel tours; escorting of travel tours; travel arrangement services, namely, arranging for travel visas, passports and travel documents for persons traveling abroad; warehouse storage services; temporary safekeeping of personal belongings; gas supplying; electricity distribution; water supplying distribution; heat supplying distribution; rental of warehouse space; parking garage services; providing vessel mooring facilities; airport services; operating parking lots, namely, parking lot services; rental of loading-unloading machines and apparatus; car rental; rental of vessels; rental of wheelchairs; rental of bicycles; aircraft rental; rental of mechanical parking systems; rental of packaging and wrapping machines and apparatus; rental of freezers for household purposes; rental of refrigerator-freezers for household purposes; rental of freezing machines and apparatus for industrial purposes; rental of gasoline station fuel storage container equipment for not for repair and maintenance of automobiles

CLASS 40: Removal of radiation rays in the nature of radiation area decontamination services; treatment or processing of cloth, clothing or fur; custom tailoring and dressmaking; embroidering; metal treating; processing of rubber; processing of plastics, and processing of epoxy resin; ceramic processing; woodworking; paper treating and paper-working; treatment of materials in the nature of stone and nonmetallic minerals by mechanical or chemical means; taxidermy; treatment of materials in the nature of shells, crusts, animal teeth, tusks, animal horns or other animal materials by chemical means for cryogenic preservation; processing of bamboo, tree barks, rattan, vines and other mineral vegetable materials for photographic preservation and conservation; food processing; custom manufacturing of prosthetics in the nature of artificial limbs and artificial teeth; processing of cinematographic films; photographic enlarging; photographic printing; photographic film development; bookbinding; water treating; recycling of waste; nuclear fuel reprocessing; engraving of sealing stamps; photogravure; photographic processing for plate making; rental of textile machines and apparatus for treating textiles; rental of machines and apparatus for film development, photograph printing, photograph enlargement or photograph finishing; rental of metal treating machines and tools; rental of bookbinding machines; rental of machines and apparatus for processing foods or beverages; rental of machines and apparatus for lumbering, woodworking, or veneering or plywood making; rental of machines and apparatus for pulp-making, papermaking or paper-working; rental of water purifying apparatus; rental of waste recycling machines and apparatus; rental of waste compacting machines and apparatus; rental of waste crushing machines and apparatus; rental of chemical processing machines and apparatus; rental of glassware manufacturing machines and apparatus; rental of shoe making machines; rental of tobacco processing machines; providing material treatment information; printing; sorting and disposal by destruction and incineration of waste and trash; rental of knitting machines; rental of sewing machines; rental of space cooling apparatus for household purposes; rental of printing machines and apparatus; rental of air-conditioning apparatus

CLASS 42: Providing meteorological information; architectural design; surveying;

geological surveys and research; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; design services, namely, interior styling, industrial design, graphic design of promotional materials; computer software design, computer programming, and maintenance of computer software; technical advice relating to the design of computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuff; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on the functionality of machines, apparatus and instruments; rental of measuring apparatus; rental of computers; providing temporary use of online non-downloadable cloud computing software for use in electronic storage of data in the field of design, testing, research, evaluation and analysis of industrial products or their parts; rental of laboratory apparatus and instruments; rental of technical drawing instruments

The color(s) blue, yellow, white and black is/are claimed as a feature of the mark is/are claimed as a feature of the mark.

Top plane surface of the left box is depicted in blue, while front is depicted in yellow and right side is depicted in white with a thick rim colored in black; the right box is the same color combination.

The mark consists of two stylized irregular quadrilaterals appearing in three dimensional drawing with the colors blue, yellow, and white and outlined in black. The white background is not claimed as a feature of the mark.

OWNER OF INTERNATIONAL REGISTRATION 1545274 DATED 03-10-2020,
EXPIRES 03-10-2030

SER. NO. 79-291,514, FILED 03-10-2020

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
