United States Patent and Trademark Office

C-BEYOND

Reg. No. 6,258,798

Registered Feb. 02, 2021

Corrected Jul. 11, 2023

Int. Cl.: 9, 37, 38, 41, 42

Service Mark

Trademark

Principal Register

Coperion GmbH (GERMANY LIMITED LIABILITY COMPANY)

Theodorstraße 10

70469 Stuttgart

FED REP GERMANY

CLASS 9: Downloadable computer software for designing, planning, analyzing and optimizing industrial processes for screw machines; downloadable software for controlling and monitoring machines, in particular screw machines; downloadable software for monitoring, controlling and evaluating machining processes and manufacturing processes in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; downloadable software for simulating screw machine manufacturing processes; downloadable software for the simulation of technology performance; downloadable software for optimization of energy loads within machines and industrial processes; downloadable software for three-dimensional simulation of industrial processes, in particular of machining processes and manufacturing systems in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; downloadable software for three-dimensional planning of industrial processes, in particular of machining processes and manufacturing processes in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; downloadable software for the automation of industrial processes, in particular of machining processes and manufacturing processes in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; downloadable software for the optimization of industrial processes, in particular of machining processes and manufacturing processes in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; downloadable databases in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; downloadable computer software for data processing; computer hardware; data processing apparatus; computer peripheral devices, in particular for controlling machines and evaluating manufacturing and machine data * ; none of the aforesaid being for or in relation to interactive game software, computer game software, video game software, computer game hardware, video game hardware and hardware for interactive games *

CLASS 37: Maintenance and repair of production machines, in particular screw machines; machinery retrofit services; installation services for computer hardware, data processing apparatus and computer peripheral devices, all for controlling machines and evaluating manufacturing and machine data; installation of computer networking hardware and cables for Internet access; installation of telecommunication devices, namely, telephone equipment and Internet access equipment; installation of computer network hardware; installation of information technology devices, namely, computer servers and computer hardware clients; installation of technical equipment, in particular computer peripherals for the purpose of automation of machining processes and manufacturing processes and for the networking of machines

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

CLASS 38: Providing access to computer databases; providing telecommunications connection services to databases

CLASS 41: Arranging and conducting of training courses in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry

CLASS 42: Creation, maintenance, updating, preparation, installation, rental and repair servicing of computer software and programs for third parties; provision of temporary use of on-line non-downloadable software and programs for designing, planning, analyzing, optimizing, monitoring, controlling and evaluating machines, in particular screw machines, machining processes and manufacturing processes in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; development, updating and maintenance of software, database systems and computer programs; consultancy services in the field of software design and computer programming; software as a service featuring software for designing and planning machining processes and manufacturing processes, in particular for screw machines; software as a service featuring software for controlling and monitoring machines, in particular screw machines; software as a service featuring software for monitoring, controlling and evaluating machining processes and manufacturing processes using screw machines; software as a service featuring software for simulating screw machines, machining processes and manufacturing processes; information technology consultancy services; development and installation of computer software in the field of chemical, pharmaceutical, plastics, rubber, textile, cosmetic and food industry; customized adaptation, namely, updating of software; technological consultancy services in the field of business technology software; development of customized solutions, namely, [,] development of software in particular for the automation of machining processes and manufacturing processes and for the networking of machines; installation of computer software, in particular for the purpose of automation of machining processes and manufacturing processes and for the networking of machines; installation of computer network software; installation of information technology devices, namely, computer software clients * ; none of the aforesaid being for or in relation to interactive game software, computer game software, video game software, computer game hardware, video game hardware and hardware for interactive games *

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 09-26-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1535100 DATED 03-04-2020, EXPIRES 03-04-2030

SER. NO. 79-287,232, FILED 03-04-2020

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
