PIXELMATTERS

Reg. No. 5,203,301

Registered May 16, 2017

Corrected Sep. 26, 2023

Int. Cl.: 42

Service Mark

Principal Register

Pixelmatters - Unipessoal, Lda. (PORTUGAL LIMITED LIABILITY COMPANY), DBA Pixelmatters
Avenida dos Aliados, nº 168, 4º Andar
Porto, PORTUGAL 4000-064

CLASS 42: Design and development of computer game software and virtual reality software; Design and development of computer hardware and software; Design and development of computer software; Design and development of computer-modeled versions of human beings using computer animation for use in movies, television, internet and other applications; Design and development of computers and programs for computers; Design and development of multimedia products; Design and development of on-line computer software systems; Design and development of software and hardware for processing and distribution of multimedia contents; Design and development of software and hardware for the clients; Design and development of computer software, graphic arts, web content, websites and mobile applications; Design and maintenance of web sites for others; Design and testing of new products for others; Design and writing of computer software; Design for others in the field of computer software, graphic arts, web content, websites and mobile applications; Design of computer databases; Design of computer hardware, integrated circuits, communications hardware and software and computer networks for others; Design of computer networks and software for others for the computer software, graphic arts, web content, websites and mobile applications; Design of home pages; Design of home pages and web sites; Design of home pages, computer software and web sites; Design of homepages and websites; Design services for packaging; Design, creation, hosting and maintenance of internet sites for third parties; Design, creation, hosting, maintenance of websites for others; Design, development and implementation of software; Design, development, and implementation of software for the clients; Design, development, installation and maintenance of computer software; Design, installation, updating and maintenance of computer software; Design, maintenance, development and updating of computer software; Design, updating and rental of computer software; Design, upgrading and rental of computer software; Designing and creating web sites for others; Designing and developing webpages on the internet; Designing and modifying computer programs and video games for others; Designing internet sites for others; Designing web pages for others; Designing websites for others; Designing, creating, maintaining and hosting online retail and electronic commerce websites for others; Developing and updating computer software; Developing computer software; Developing customized software for others; Developing customized web pages featuring user-defined information;

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

Development, design and updating of home pages; Development, updating and maintenance of software and database systems; Programming of computer software for others; Programming of multimedia applications; Software design and development; Software development for others in the field of software configuration management; Web site design; Web site design consultancy; Web site development for others; Business technology software consultation services; Computer programming; Computer programming and maintenance of computer programs; Computer programming and software design; Computer programming services for others in the field of software configuration management; Computer software consulting; Computer software design; Computer software design and updating; Computer software design for others; Computer software design, computer programming, and maintenance of computer software; Computer software development; Computer software development and computer programming development for others; Computer software development in the field of mobile applications; Computer software installation and maintenance; Computer and computer software rental; Computer graphics design services; Computer hardware and software design; Computer hardware and software design; Computer network design for others; Computer programming and software design; Computer programming and software design; Computer services in the nature of customized web pages and other data feed formats featuring user-defined information; Computer services, namely, designing and implementing web pages for others; Computer services, namely, designing and implementing web sites for others; Computer services, namely, creating, maintaining, designing and implementing web sites for others; Computer services, namely, creating, maintaining, designing and implementing web sites for others; Computer services, namely, designing and implementing web pages for others; Computer services, namely, designing and implementing web sites for others; Computer services, namely, designing and implementing websites, webpages, home pages, internet sites for others; Computer services, namely, integration of computer software into multiple systems and networks; Computer services, namely, managing web sites for others; Computer site design; Computer software design; Computer software design and updating; Computer software design for others; Computer software design, computer programming, and maintenance of computer software; Computer software development; Computer software development and computer programming development for others; Computer software development in the field of mobile applications; Computer software design, computer programming, and maintenance of computer software; Computer software development and computer programming development for others; Computer technology consultancy; Computer website design; Consultancy in the field of software design; Consultancy in the field of software design; Consultancy with regard to webpage design; Consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; Consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; Consulting services in the field of software as a service (SAAS); Consulting services in the fields of selection, implementation and use of computer hardware and software systems for others; Consulting services, namely, designing, creating, implementing and maintaining computer software for owners, managers and other personnel to set-up, open, operate and manage a commercial climbing facility; Consulting services, namely, designing, creating, implementing and maintaining computer software for owners, managers and other personnel to set-up, open, operate and manage a commercial climbing facility; Consulting services, namely, designing, creating, implementing and maintaining computer software for owners, managers and other personnel to set-up, open, operate and manage a commercial climbing facility; Creating web pages for others; Creating and designing web pages for others; Creating and designing web pages for others; Creating and maintaining internet sites for others; Creating, designing and maintaining web sites; Creating, designing and maintaining web sites; Creating, maintaining, and modernizing computer software; Creation and maintenance of web sites for others; Creation, design, development and maintenance of Web sites for third parties; Creation, design, development and maintenance of Web sites for third parties; Creation, design, development and maintenance of Web sites for third parties; Custom design and development of computer software, graphic arts, web content, websites and mobile applications;

Customizing computer software; Debugging computer software for others; Design and development of computer game software and virtual reality software; Design and development of computer hardware and software; Design and development of computer software; Design and development of computer software for the improvements of purchasing functions of business; Design and development of computer-modeled versions of human beings using computer animation for use in movies, television, internet and other applications; Design and development of computers and programs for computers; Design and development of multimedia products; Design and development of on-line computer software systems; Design and development of software and hardware for data and multimedia content conversion from and to different protocols; Design and development of software and hardware for processing and distribution of multimedia contents; Design and development of software and hardware for clients; Design and development of multimedia products; Design and development of software and hardware for processing and distribution of multimedia contents; Design and development of software and hardware for clients; Design and development of computer software; Design and development of computer game software and virtual reality software; Design and development of computer hardware and software; Design and development of computer-modeled versions of human beings using computer animation for use in movies, television, internet and other applications; Design and development of computers and programs for computers; Design and development of on-line computer software systems; Design and development of software and hardware for compression and decompression of multimedia contents; Design and development of software and hardware for data and multimedia content conversion from and to different protocols; Design and development of software and hardware for processing and distribution of multimedia contents; Design and maintenance of web sites for others; Design and testing for new product development; Design and writing of computer software; Design of home pages and web sites; Design of home pages, computer software and web sites; Design of home pages, computer software and web sites; Design, development and implementation of software; Design, development, and implementation of software for clients; Design, development, installation and maintenance of computer software; Design, creation, hosting and maintenance of internet sites for third parties; Design, development and implementation of software; Design, development, and implementation of software for clients; Design, development, installation and maintenance of computer software; Design, installation, updating and maintenance of computer software; Design, maintenance, development and updating of computer software; Design, maintenance, development and updating of computer software; Design, updating and rental of computer software; Design, upgrading and rental of computer software; Designing internet sites for others; Designing web pages for others; Designing and developing webpages on the internet; Designing and creating web sites for others; Designing and creating web sites for others; Designing and developing webpages on the internet; Designing and modifying computer programs and video games for others; Developing and updating computer software; Developing computer software; Developing customized software for others; Developing customized web pages featuring user-defined information; Development, design and updating of home pages; Development, updating and maintenance of software and database systems; Development, updating and maintenance of software and database systems; Engineering services, particularly technical project planning and design engineering of lines for the processing of web products; Engineering services, particularly technical project planning and design engineering of lines for the processing of web products; Graphic design; Graphic design services; Graphic arts design; Graphic arts designing; Homepage and webpage design; Outsource service provider in the field of information technology consulting; Packaging design; Planning, design and implementation of computer technologies for others; Planning, design and management of information technology systems; Planning, design, development and maintenance of online websites for third parties; Planning, design, development and maintenance of online websites for third parties; Planning, design, development and maintenance of online websites for third parties; Product development; Product development consultation; Product development for others; Product development; Product development for others; Product research and development; Programming of multimedia applications; Programming of computer

software for others; Providing a secure, web-based service featuring technology that enables individuals to remotely create and manage their own accounts so that whatever private content they upload now can be encrypted, then delivered to their intended recipients, at the time and in the manner requested; Providing a secure, web-based service featuring technology that enables individuals to remotely create and manage their own accounts so that whatever private content they upload now can be encrypted, then delivered to their intended recipients, at the time and in the manner requested; Providing a web site that features information on computer technology and programming; Providing an Internet website portal in the fields of technology and software development; Providing an Internet website portal offering information in the field of computer aided design; Providing an Internet website portal in the fields of technology and software development; Providing an Internet website portal in the fields of technology and software development; Providing graphic and multimedia design services for the purpose of promoting the goods and services of others; Providing graphic and multimedia design services for the purpose of promoting the goods and services of others; Providing information in the fields of technology and software development via an on-line website; Providing information on computer technology and programming via a web site; Providing temporary use of on-line non-downloadable software development tools; Providing temporary use of on-line non-downloadable software development tools; Providing temporary use of on-line non-downloadable software development tools; Research and development of advanced learning technologies and teaching methods; Research and development of computer software; Research and development of new products for others; Research and development of advanced learning technologies and teaching methods; Research, development, design and upgrading of computer software; Research, development, design and upgrading of computer software; Research, development, design and upgrading of computer software; Software design and development; Software development for others in the field of software configuration management; Software design and development; Updating and design of computer software; Updating and design of computer software; Updating, design and rental of software; Updating, design and rental of software; Visual design services in the nature of designing visual elements for on-line, broadcast, print, outdoor and other communication media; Web site design; Web site design consultancy; Web site development for others; Website design and development for others; Website design consultancy; Website development for others; Website design and development for others

FIRST USE 12-19-2013; IN COMMERCE 12-19-2013

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

SER. NO. 87-064,000, FILED 06-08-2016

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
