PreZero Lizenz GmbH (GERMANY GESELLSCHAFT MIT
BESCHRÄNKTER HAFTUNG (GMBH))
Stiftsbergstraße 1
Neckarsulm, FED REP GERMANY 74172

CLASS 6: Containers of metal for transportation of goods and packaging articles of metal, namely, containers of metal for storage and transport of goods, commercial waste containers of metal, recycling bins for commercial use, transport pallets of metal, metal packaging trays, industrial packaging containers of metal, all-purpose metal straps; waste bins of metal for industrial use; metal refuse skips in the nature of metal bins; waste paper bins of metal for industrial use; packaging, wrapping and bundling articles, of metal, namely, metal containers for the storage and transportation of goods, binding bands of metal, metal bale net wrapping, laths of metal; storage pallets of metal; all-purpose straps of metal; foils of metal for wrapping and packaging; bands of metal for tying-up purposes; structures, namely, metal canopies, metal partitions for building, metal structures with flexible covers for commercial or industrial storage, portable metal structures with flexible covers for commercial or industrial storage, prefabricated metal structures with flexible covers for commercial or industrial storage and transportable buildings of metal; building and construction materials and elements of metal, namely, soffits, fascia, ceiling boards, floor boards, metal piles; metal pallets; non-electric cables and wires of common metal; common metals and their alloys; small items of metal hardware, namely, nuts, pulleys, springs and washers, carabiners of metal; metal bank vaults and safes

CLASS 7: Machine tools, namely, machine tools for forming, riveting, swaging, and flaring of metal and plastics, machines tools for removing waste and trash; motors, other than for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements other than hand operated hand tools, namely, coulters, hay balers, seed drills and incorporators; straw bailing tightening machines; waste management and recycling machines, namely, waste compactors, machines for separating recyclable waste, waste crushing machines, waste compacting machines, waste disposal units, waste material conveying machines, organic waste composting machines, pneumatic waste oil drainers, food waste disposers in the nature of garbage disposals, electric power generators using waste heat, compressors for recovering and recycling refrigerant gases, machinery for the mechanical recycling of synthetic resinous materials, machinery, namely, for the mechanical recycling of EPS (expanded polystyrene) and synthetic resinous materials, reverse vending machines that automate

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

beverage container recycling by accepting empty containers and refunding the deposit to the consumer, machines for sorting fruit, recycled bottles, machine parts and removing non-conforming materials ; waste and trash separator machines; filtering machines for chemical processing, separators and centrifuges; machines for separating recyclable materials; incubators for eggs; vending machines

CLASS 8: Hand tools and hand-operated implements, namely, chisels, bar cutters, clamps, gouges, drills, pincers, hammers, wrenches, riveters, levers, punches, screwdrivers, planers and saws; hand-operated cutting tools; hand-operated drilling tools, namely, hand drills; hand grinding tools, namely, manually-operated grinding wheels; hand tools, namely, knife sharpeners; surface treatment hand tools, namely, hand-operated sanders and groovers for cement; hand tools, namely, scrapers; cutlery, namely, table cutlery, compostable and biodegradable cutlery, namely, knives, spoons, forks, plastic cutlery, namely, knives, forks, and spoons; razors; side arms, other than firearms, namely, swords and hunting knives

CLASS 9: Sound transmitting apparatus; apparatus for the transmission of images; apparatus for the reproduction of images; sound reproduction apparatus; apparatus for recording images; sound recording apparatus; pre-recorded magnetic data carriers featuring waste recycling instruction, pre-recorded compact discs featuring waste recycling instruction; cash registers; calculators; computers; data processing equipment; fire extinguishers; peripherals adapted for use with computers; diving suits; divers' masks; gloves for divers, namely, diving gloves; breathing apparatus for underwater swimming; pre-recorded CDs, video tapes, laser disks and DVDs featuring waste recycling instruction; downloadable databases in the field of waste recycling; pre-recorded digital media devices in the field of waste recycling; data storage devices, namely, blank tapes for storage of computer data and high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; blank USB flash drives; downloadable electronic maps; magnetically encoded identity cards; electronic card readers; audio visual recordings featuring waste recycling; display devices, namely, electronic displays in the nature of digital signage; television receivers and film cameras and video cameras; downloadable electronic publications, namely, journals, magazines and books in the field of waste recycling; downloadable e-books in the field of waste recycling; downloadable educational media, namely, audio files, video recordings and multimedia files featuring waste recycling instruction; downloadable instruction manuals in electronic format featuring waste recycling instruction; downloadable computer program training manuals in the field of waste recycling ; information technology and audio-visual, multimedia and photographic devices, namely, touch screens, monitors, virtual reality glasses, virtual reality headsets, digital media streaming devices, apparatus for recording and reproduction of sound, images or data, computers and cameras; communications equipment, namely, communication hubs, communication modems and broadband wireless equipment, namely, telecommunications base station equipment for cellular and fixed networking and communications applications; computer networking and data communications equipment, namely, computer network adapters, switchers, routers and hubs; laptop computers; tablet computers; smartphones; smart card readers; digital tablet computers; computer file servers; palmtop computers; internet servers; intranet servers; [car navigation computers;] computer systems comprising computer hardware and computer peripheral devices; data communications apparatus, namely, antennas, phase shifters; digital media video streaming devices; LAN (local area network) hardware; mobile data apparatus, namely, mobile data receivers; mobile data communications apparatus, namely, mobile data terminal (MDT); network boards, namely, computer interface boards, memory boards, circuit boards, computer expansion boards, system boards (mother cards) and processors; point-to-point communications equipment, namely, electronic communications systems comprised of computer hardware and recorded software for the transmission of data between two points; replicating apparatus, namely, digital color copiers; photocopiers; document printers; image scanners; 3D scanners; rapid scan cameras; electrical and mechanical data processing equipment and accessories, namely, data processing couplers; ticket

dispensers, namely, ticket printers; electronic payment terminals, money dispensing and sorting devices, namely, automated teller machines (ATM); computer hardware for processing electronic payments to and from others; secure terminals for electronic transactions; electronic point of sale (POS) systems comprised primarily of point-of-sale terminals, bar code readers, touchscreen monitors, key boards, document printers, scanners and recorded operating software; * all of the aforementioned for use in the sustainable practices and cultural, entertainment and sporting events industries; * stands adapted for tablet computers; interactive computer terminals; data protection backup units, namely, backup drives for computers; audiovisual and photographic devices, namely, audiovisual receivers; audio devices, namely, audio receivers and radio receivers; image capturing and developing devices, namely, interactive photo kiosks for capturing, printing and uploading images for future use, image intensifiers, time lapse image recorder, digital photo image converters, retinal imaging display device, namely, a device using image projection technology that focuses light onto the retina to create afterimages for the user, wireless communication devices for transmitting images taken by a camera; electronic imaging apparatus in the field of iridology, sclerology, rayid and eyology not for medical use and multifunction electronic devices for use in copying, printing, scanning, video capturing and/or transmitting documents and images; [displays for vehicles, namely, digital taxi top advertising display units;] cameras for vehicles; downloadable communication software for providing access to the Internet; downloadable computer software for controlling and managing access web server applications * for use in the sustainable practices and cultural, entertainment and sporting events industries * ; mobile software, namely, downloadable mobile software applications for editing photos, downloadable mobile operating system software, recorded mobile operating system software, downloadable computer game software for use on mobile and cellular phones and recorded computer application software for mobile phones, namely, software for use in database management and use in electronic storage of data; downloadable enterprise software in the nature of a database for non-transactional data and a search engine for database content; downloadable industrial process control software; downloadable computer software that provides real-time business management intelligence * for use in the sustainable practices and cultural, entertainment and sporting events industries * ; downloadable computer e-commerce software for business performance management (BPM) * for use in the sustainable practices and cultural, entertainment and sporting events industries *; downloadable software for business process management (BPM) * for use in the sustainable practices and cultural, entertainment and sporting events industries *; downloadable computer authentication software * for use in the sustainable practices and cultural, entertainment and sporting events industries, * for authenticating user identification; downloadable accounting software for use in the waste removal, disposal and recycling industry for job accounting; downloadable computer communication software * for use in the sustainable practices and cultural, entertainment and sporting events industries, * to allow customers to access bank account information and transact bank business; downloadable computer programs for data processing * for use in the sustainable practices and cultural, entertainment and sporting events industries *; intelligent gateway routers in the nature of computer control hardware for real-time data analysis; downloadable mobile applications for managing bank accounts, editing photos, making restaurant and hotel reservations and for use in database management; downloadable mobile applications using artificial intelligence for home automation; photographic apparatus and instruments, namely, cameras and photographic filters, drying apparatus for photographic prints and slide or photograph projection apparatus; cinematographic machines and apparatus; optical apparatus and instruments, namely, optical cables, optical character readers, optical filters, optical inspection apparatus, optical character recognition apparatus, optical ports for underwater photography, dome ports for underwater photography, wet diopters, adapter lenses for underwater photography; apparatus that employs light concentrating optics to concentrate sunlight and to aid in the conversion of sunlight into electric and thermal energy and photovoltaic installation apparatus, namely, solar modules for production of electricity, solar thermal and electric receivers, tracking mechanisms and concentrating optics, and control algorithms; weighing apparatus and instruments; surveying machines and instruments; measuring

apparatus and instruments, namely, scales; checking and supervision apparatus and instruments, namely, barcode readers and scanners, checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; signalling apparatus and instruments, namely, signal processors, transmitters and receivers of electronic signals, security alarms and warning devices in the nature of warning flags and warning streamers; life-saving apparatus and instruments, namely, life nets, life boats, swim floats for safety purposes, life jackets; scientific apparatus and instruments, namely, microscopes, sensors for scientific use to be worn by a human to gather human biometric data and also including an accelerometer, a gyroscope, sold as a unit and scientific instruments, namely, electronic analyzers for testing and analyzing chemical and biological substances for the presence, absence, or quantity of target chemicals, biologics and contaminants; teaching apparatus and instruments, namely, teaching robots and electronic sports training simulators comprising computer hardware and downloadable computer operating software for use as a teaching apparatus; apparatus and instruments for controlling electricity, namely, electrical controllers; charging stations for electric vehicles; apparatus and instruments for accumulating electricity, namely, accumulators; apparatus and instruments for switching electricity, namely, electric switches; apparatus and instruments for transforming electricity, namely, electric transformers; apparatus and instruments for regulating electricity, namely, voltage regulators; apparatus and instruments for conducting electricity, namely, electrical conductors; photovoltaic apparatus for generating electricity, namely, photovoltaic cells and modules, photovoltaic inverters, photovoltaic solar panels for the production of electricity; electrical and electronic components in the nature of electric contactors; optical devices, enhancers and correctors, namely, optical inspection apparatus, optical filters and optical phase shifters, telescopic aiming sights, apparatus for amplifying images, namely, microscope, apparatus providing night vision, namely, night vision goggles, distance measuring apparatus, fibre optic periscopes, image amplifiers, image intensifiers, telescopic sights, three dimensional viewers; optical enhancers, namely, optical reflectors; lasers for non-medical purposes; navigation, guidance, tracking, targeting and map making devices, namely, navigational instruments for vehicles; apparatus and instruments for geolocation, namely, GPS navigation device; measuring, detecting and monitoring instruments, namely, sensors for measuring air quality; indicators and controllers, namely, indicator lights, electronic speed controllers, temperature indicators, level indicators, gradient indicators and pressure indicators ; electric sensors and metal detectors; testing and quality control devices, namely, apparatus for testing gas, liquids and solids; measuring, counting, alignment and calibrating instruments, namely, industrial calibration sensors; data loggers and recorders, namely, GPS data loggers for recording trips and classifying them into different accounts and electronic data loggers and recorders; weight measuring instruments, namely, scales; distance and dimension measuring instruments, namely, tachometers, length measuring gauges, laser distance meters, sensors for measuring distance, not for medical use, measuring tapes, measuring rules, measuring cups, measuring spoons, measuring buckets and measuring rulers; speed measuring instruments, namely, speedometer; temperature measuring instruments, namely, thermometers, not for medical purposes; time measuring instruments not including clocks and watches, namely, computerized time clock with fingerprint recognition, hourglasses; electricity measuring instruments, namely, electric fuse boxes, clamp meters, electricity meters and digital multimeters; electrical controllers and voltage regulators for electric power; contents gauges, namely, micrometer gauges, depth gauges, level gauges, vacuum gauges, pressure gauges, length measuring gauges, tire pressure gauges, wind pressure gauges, exhaust gas temperature gauges, air/fuel ratio gauges, rain gauges and radiation gauges used for measuring the physical properties of materials; level meters, namely, gas level meters and sound level meters; level indicators; liquid level sensors; filling level detectors; measuring pollutant sensors; infrared scanners; laser speed detectors; gradient load indicators; diagnostic apparatus for the detection of pathogens for laboratory or research use, not for medical purposes; instrumentation simulators for driving or control of vehicles; coin-operated mechanisms for television sets; protective and safety equipment, namely, inflatable flotation devices; signalling apparatus, namely, LED vehicle traffic signals; alarms and

warning equipment, namely, warning bells, personal security alarms that connect to a wireless communications network and parts for anti-theft automotive alarms, namely, electronic sensors; electrical access control systems for interlocking doors * ; all the aforementioned excluding tyre monitoring apparatus, tyre pressure sensors, tyre pressure gauges as well as measuring devices in relation to vehicles *

CLASS 16: Paper and cardboard; copying paper; cardboard containers; packaging materials made of cardboard; bags, boxes, cartons, storage containers and packaging containers for packaging, wrapping and storage of paper, cardboard or plastics; garbage bags of paper or of plastics; plastic film for packaging; printed matter, namely, journals, newsletters and books in the field of waste recycling; posters; banners of paper; display banners made of cardboard; printed teaching materials except apparatus in the field of waste recycling ; books in the field of waste recycling; booklets in the field of waste recycling; manuals for instructional purposes in the field of waste recycling; pamphlets in the field of waste recycling; professional magazines in the field of waste recycling; leaflets in the field of waste recycling; informational flyers in the field of waste recycling; journals in the field of waste recycling; catalogues in the field of waste recycling; instruction sheets in the field of waste recycling; sealing stamps; blank cards; christmas cards; printed patterns for making clothes; name cards; clips for name badge holders; bookbinding material; photographs; printing blocks; stationery; ball pens; photo albums and collectors' event albums; autograph books; gum adhesives for stationery or household purposes; plastic materials for packaging, namely, plastic bags, plastic film and plastic sheets for packaging; recycled bond paper; artists' materials, namely, molds for modeling clays, artists' pens, artists' pencils, artists' pastels, artists' brushes, artists' charcoal, artists' watercolour saucers, gesso, namely, plasters in the nature of artists' materials; paintbrushes

CLASS 18: Leather and imitations of leather; fur pelts; trunks being luggage and suitcases; luggage, all-purpose carrying bags, wallets and other carriers, namely, carriers for suits, shirts and dresses; gym bags; umbrellas and parasols; walking sticks; saddlery; whips; harnesses; collars for animals; covers for animals

CLASS 20: non-metal trash containers for household use and non-metal closures and holders therefor; crates and pallets, non-metallic; mobile pallets made of non-metallic materials; silvered glass mirrors; picture frames; furniture; bench tables; benches; tables; table tops; seating furniture; non-modular containers, not of metal, for use in storage and transportation for commercial and industrial use; meerschaum, raw or partly worked; shells, unworked or semi-worked; yellow amber, raw or partly worked; mother-of-pearl, unworked or semi-worked

CLASS 21: Containers for household or kitchen use; household or kitchen utensils, namely, sieves, skimmers, spatulas, strainers, kitchen tongs, whisks, scoops for household purposes, non-metal flexible lid designed for draining or pressing liquids from a food can and turners, gloves for household purposes, scrapers for household purposes, trays for household purposes, droppers for household purposes, graters, napkin dispensers for household use, bread baskets for household purposes, cheese graters for household purposes, plastic bag holders for household use, empty popcorn tins for household use, non-electric food blenders for household purposes, fruit presses, non-electric, for household purposes, non-electric egg crackers for household use, hand-operated flour sifters for household use, egg separators, non electric, for household purposes, non-electric pasta makers for household purposes, plastic board specially adapted for use in folding laundry for household use; bathroom fittings, namely, dispensing units for household purposes for dispensing disposable diapers and diaper liners, dispensers for cleaning and disinfecting solutions; cookware, namely, pots and pans; tableware, except forks, knives and spoons, namely, coffee and tea services in the nature of tableware, plastic cups, mugs made of plastic, plastic plates, plastic bowls; dusters; eyeglass cleaning cloths; bath accessories, namely, cup holders; cups and mugs; coasters, not of paper or textile; combs; sponges for household purposes; cleaning brushes for household use; material for brush-making; cleaning articles, namely, cleaning cloths, cleaning pads, cleaning rags, cleaning sponges, cleaning combs,

cleaning cotton, cleaning mitts of fabric, metal wool for cleaning, duster sleeves for cleaning, tongue cleaning brushes, interdental brushes for cleaning the teeth, grill scrapers, pre-moistened towelettes for cleaning, hand operated, fabric clean room wipes, power-operated brush used to clean and exfoliate the skin, hand-operated brush used to clean, smooth and exfoliate the skin; glass, unworked or semi-worked, except building glass; earthenware, namely, earthenware jars, mugs and saucepans, earthenware floor vases, figurines, figures, plaques, statuettes, statues, sculptures and busts of earthenware, decorative centerpieces of earthenware, works of art of earthenware, decorative spheres of earthenware

CLASS 22: Textile bags and sacks for packaging, storage and transport of materials in bulk; textile bags for merchandise packaging, namely, envelopes, pouches; sacks for transporting waste in bulk; ropes and strings; commercial nets; tarpaulins, textile awnings, tents, and unfitted covers for boats and marine vehicles; sails; sacks for the transport and storage of materials in bulk; padding and stuffing materials, not of paper, cardboard, rubber or plastics; raw fibrous textile

CLASS 24: Textiles and substitutes for textiles, namely, cotton fabrics, silk fabrics, polyester and nylon fabric; fabrics with printed patterns and designs printed thereon for use in textile applications, namely, for the manufacture of apparel, upholstery, signage, flags, banners and wallpaper; fabrics for use in textile applications, namely, for the manufacture of apparel, upholstery, signage, flags, banners, and wallpaper; textile fabric incorporating waterproof and gas permeable membrane made of expanded polytetrafluoroethylene (ePTFE) for the protection of sensitive equipment and packaging from contaminants; linens; curtain fabric; textile goods and substitutes for textile goods, namely, banners, curtains, flags, table cloth, tablemats, labels, gift wrap, printers' blankets, table runners of textile, plastic or polyester fabric, serviettes of textile, towels of textile, quilts of textile, handkerchiefs of textile, textile signage panels, textile wall hangings, towels made of textile materials, unfitted seat covers of textile, fitted toilet seat covers of textile, bed and table linen of textile

CLASS 25: Clothing, namely, pants, shirts, dresses, skirts and coats; leisurewear, namely, leisure suits and leisure shoes; neckwear; loungewear; shirts; trousers; jackets; short trousers; short-sleeve shirts; long jackets; underwear; nighties; outer clothing, namely, pants, coats, jackets, vests; combinations; neck scarves; skirts; shorts; gym suits; tee-shirts; sweat shorts; hosiery; stockings; uniforms; footwear; work shoes; slippers; leather shoes; canvas shoes; inner socks for footwear; boots; shoe soles; footwear for men and women; headgear in the nature of headwear; hats; hoods; head scarves; caps being headwear

CLASS 26: Lace; embroidery; ribbons, namely, hair ribbons, elastic ribbons, prize ribbons, haberdashery ribbons, ribbons, not of paper, for gift wrapping; braids; buttons; needles; hooks and eyes; pins, namely, hair pins, sewing pins, marking pins, safety pins; accessories for apparel, namely, charms for attachment to zipper pulls and buttons; sewing articles and decorative textile articles, namely, sewing needles, sewing pins, sewing thimbles, decorative cords; ornamental novelty badges; ribbons of textile materials for packaging and wrapping; charms, other than for jewellery, key rings or key chains, namely, decorative charms for eyewear, purses and cellular phones

CLASS 28: Toys, namely, infant toys, plush toys, pet toys, water toys, inflatable toys, electronic action toys, puzzles, board games, playthings, namely, puppet theaters, and novelties, namely, novelty toy items in the nature of pop ups, fake teeth, a dispenser of stream material and electronic novelty toys, toys that electronically record, play back, and distort or manipulate voices and sounds; action skill games; action figure toys; tables for table tennis; video game apparatus, namely, video game joysticks, video game consoles; gymnastic and sporting articles, namely, gymnastic benches, springboards for gymnastics, exercise and gymnastic banners, gymnastic training stools, gymnastics rings, ropes for rhythmic gymnastics, hoops for rhythmic sportive gymnastics, shin pads for use in sports, hand wraps for sports use, sport balls; sporting articles and equipment, namely, protective supports for shoulders and elbows, protective padding for playing

football, soccer, basketball, handball, baseball, volleyball, badminton, hockey and tennis, football or soccer goals, football or soccer gloves, goalkeepers' gloves, soccer ball knee pads, soccer disc cones, soccer ball goal nets, trolley bags specially adapted for soccer equipment, basketball goal sets, baseballs, baseball bats, baseball bases, baseball gloves, bags adapted for holding or carrying sport balls for soccer, football, basketball, handball, baseball, hockey, volleyball and tennis, hockey gloves, handball gloves, badminton game playing equipment, volleyball game playing equipment, exercise equipment, namely, inflatable balls, outdoor activity game equipment sold as a unit comprising sports balls for playing games, sporting goods and equipment for speed training, namely, rings, cones, speed ladders, coaching sticks, training arches, ankle bands, resistance chutes, hurdles; decorations for Christmas trees

CLASS 31: Raw and unprocessed grains; raw and unprocessed edible seeds; fresh fruits, nuts, vegetables and herbs; natural live plants; flowers; unprocessed onions; seedlings; animal foodstuffs; beverages for pets; bird food; live animals; malt for brewing and distilling

CLASS 32: Beer; soft drinks; kvass; mineral water; aerated water; non-alcoholic water-based beverages; fruit drinks; fruit juices; fruit juice concentrates; syrups for making non-alcoholic beverages

CLASS 33: Alcoholic beverages, except beer; preparations for making alcoholic beverages, namely, alcoholic essences, alcoholic extracts, alcoholic bitters, alcoholic fruit extracts, alcoholic cocktail mixes; spirits and liquors; brandy; aperitifs

CLASS 35: Business analysis, research and information services; business assistance, management and administrative services; cost price analysis regarding waste disposal, removal, handling and recycling; consultancy services relating to the procurement of goods and services; goods or services price quotations; providing consumer information relating to goods and services in the field of waste disposal, removal, handling and recycling; commercial information and advice for consumers in the choice of products and services; business administration; clerical services; advertising, marketing and promotional services * all provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; advertising, marketing and promotional consultancy, advisory and assistance services * all provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; marketing studies; market analysis; collection and systematization of business data; business consultancy and advisory services; professional business consultancy; auctioneering services; provision of an on-line marketplace for buyers and sellers of goods and services; business management of wholesale and retail outlets * provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; public relations services * provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; product demonstrations and product display services * provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; organizing, promoting and conducting trade shows for business purposes and commercial exhibition services * provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; providing incentive award bonus programs through the issuance and processing of loyalty points for purchase of a company's goods and services and through the issuance of loyalty rewards cards, issuance and processing of loyalty coupons for frequent use of participating businesses, and distribution of prepaid stored value cards for the purpose of promoting and rewarding loyalty * all provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; retail store services featuring disposable paper products; retail store services featuring clothing; retail store services featuring furniture; retail store services featuring stationery; retail store services featuring food; retail store services featuring clothing; retail store services featuring computer hardware; retail store services featuring computer software * for use in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; retail store services featuring cleaning articles; retail store services featuring sporting equipment; retail store services featuring

fabrics; retail store services featuring headgear; retail store services in relation to foodstuffs; retail store services featuring printed matter; retail store services featuring footwear; retail store services featuring bags; retail store services featuring sporting articles; retail store services featuring construction equipment; retail store services featuring building materials; retail store services featuring clothing accessories; retail store services featuring gardening products; retail store services featuring wearable computers; retail store services featuring horticultural equipment; retail store services featuring horticulture products; retail store services featuring recorded content; retail store services featuring information technology equipment; wholesale store services featuring disposable paper products; wholesale store services featuring clothing; business management of wholesale outlets * provided in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; wholesale store services featuring furniture; wholesale store services featuring stationery supplies; wholesale store services featuring foodstuffs; wholesale store services featuring computer hardware; wholesale store services featuring computer software * for use in relation to the sustainable practices and cultural, entertainment and sporting events industries * ; wholesale store services featuring cleaning articles; wholesale store services featuring sporting equipment; wholesale store services featuring fabrics; wholesale store services featuring headgear; wholesale store services featuring printed matter; wholesale store services featuring footwear; wholesale store services featuring bags; wholesale store services featuring sporting articles; wholesale store services featuring construction equipment; wholesale store services featuring horticulture equipment; wholesale store services featuring horticulture products; wholesale store services featuring information technology equipment; compilation of environmental information into computer databases

CLASS 37: Trash collection, namely, trash clean-up; repair of transport containers; repair information; repair of ironmongery; maintenance and repair of storage tanks; repair of industrial waste treatment machines; repair of machines for treating organic waste; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of loading-unloading machines and apparatus; repair and maintenance of containers, and transportation and packaging articles, of metal; repair and maintenance of waste bins of metal for industrial use; repair and maintenance of refuse skips of metal; repair and maintenance of waste paper bins of metal for industrial use; repair and maintenance of storage pallets of metal; repair and maintenance of structures and transportable buildings of metal; repair and maintenance of metal pallets; repair and maintenance of containers, and closures and holders therefor, non-metallic; repair and maintenance of crates and pallets, non-metallic; repair and maintenance of mobile pallets made of non-metallic materials; building construction services; building construction and demolition; rental of tools, plant and equipment for construction and demolition; extraction of natural resources, namely, extraction of oil and gas; extermination, disinfection and pest control, other than for agriculture, aquaculture, horticulture and forestry; furniture maintenance and repair; lift and elevator installation, maintenance and repair; cleaning and care of fabric, textile, leather, fur and goods made thereof; providing information relating to the repair or maintenance of waste crushing machines and apparatus; waste removal in the nature of waste cleaning; repair or maintenance of waste compacting machines and apparatus; installation of solar powered systems; maintenance and repair of solar power installations; installation of wind power systems; repair services for electric generators and wind turbines; electric appliance installation and repair; repair of electrical equipment and electrotechnical installations; repair of biogas plants and machines

CLASS 39: Transport of goods; packaging and storage of goods; storage of goods; storage of waste; transportation of waste; waste disposal, namely, waste transportation; removal of waste, namely, transportation of waste; rental of waste storage containers; collection of commercial waste; collection and transport of electronic scrap; tracking and tracing of shipments in the nature of warehousing services; paper and cardboard collection for recycling; information services relating to methods of transport; consultancy services relating to transportation; transportation logistics services, namely,

arranging the transportation of goods of others; dumping, namely, transportation of waste; transport and storage of waste; bulk storage of goods; transportation and storage of goods; hire of pallet cages; providing information relating to warehousing services; providing information relating to the rental of warehouse space; transportation information; storage information; GPS navigation services; transportation and delivery of goods; rental of means of transportation, namely, vehicle rental; rescue, vehicle towing and automobile salvage services; filling of machines and containers, namely, replenishment of vending machines; freight loading and unloading of vehicles; rental of recycling containers; refuse collection services; collection of containers for waste materials for recycling; vehicle parking and storage; arranging of transportation for travel tours * ; all the aforementioned excluding transport, packaging and storage of electrical and electronic apparatus and instruments of vehicles and their components, tyre monitoring apparatus, tyre pressure sensors, tyre pressure gauges, tyres, clothing, footwear, headgear and bags *

CLASS 40: Recycling and waste treatment; treatment and recycling of packaging; textile, leather and fur treatment; consultancy relating to the recycling of waste and trash; providing information relating to the recycling of waste; waste management services, namely, recycling of waste; information, advice and consultancy services relating to the recycling of waste and trash; recycling services; sorting of waste and recyclable material; recycling of waste and trash; destruction of waste and trash; incineration of waste and trash; consultancy relating to the incineration of waste and trash; consultancy relating to the destruction of waste and trash; sorting of waste and recyclable material; treatment of waste; treatment of material from waste, namely, metal reclamation services, recycling of waste; waste treatment; treatment of waste, in the nature of recycling ; recycling of valuable materials; air and water conditioning and purification; food and beverage treatment; energy production; printing, and photographic film and cinematographic film development; duplication of audio and video recordings; treatment of waste materials in the field of environmental pollution control; treatment of waste materials; treatment of industrial waste; providing information relating to the rental of waste crushing machines and apparatus; providing information relating to the rental of waste compacting machines and apparatus; recycling of plastics; recycling of paper; reclamation of material from waste, namely, refrigerant reclamation, recycling of waste; rental of waste compacting machines and apparatus; destruction of trash; recycling of clothing

CLASS 41: Teaching in the field of waste recycling; academic mentoring of school age children; training in the field of waste recycling; development of educational courses and examinations in the field of waste recycling; consultancy services relating to the development of training courses in the field of waste recycling; provision of training courses in the field of waste recycling; exercise instruction; entertainment services in the nature of arranging social entertainment events in relation to waste recycling; organizing community sporting and cultural events; coaching services for sporting activities; provision of educational entertainment services for children in after school centers, namely, providing after school education programs for children in grades K-5 and play facilities for children; cultural services, namely, organization of events for cultural purposes

CLASS 42: Scientific and technological services, namely, scientific research, analysis and testing in the field of waste recycling; industrial analysis and research services in the field of waste recycling; technological research in the field of waste recycling; scientific services, namely, research and design in the field of waste recycling; technological services, namely, research and design in the field of waste recycling; scientific research; analysis of industrial fluids; industrial research in the field of waste collection and removal; software design and development * in relation to the fields of sustainable practices, and cultural, entertainment and sporting events * ; design and development of computer hardware * in relation to the fields of sustainable practices, and cultural, entertainment and sporting events * ; research in the field of waste analysis; design of equipment for the transportation of waste; environmental monitoring

of waste treatment areas for scientific research purposes; design and development of regenerative energy generation systems; technological consultancy in the field of product development; design and development of engineering products; development of industrial machinery * all of the aforementioned services in the field of disposable materials, recycling, waste treatment, energy and environmental technology * ; engineering services in the field of environmental technology; engineering services in the field of building technology; engineering services relating to robotics; design of storage systems; programming of software for inventory management * in relation to the fields of sustainable practices, and cultural, entertainment and sporting events * ; energy auditing; providing technical advice relating to energy-saving measures; engineering services in the field of energy technology; research in the field of energy; designing of packaging and wrapping materials; provision of information, advice and consultancy in relation to carbon offsetting; research in the field of environmental protection; environmental testing and inspection services; technical consultancy in the field of environmental science; design services relating to plant for the biotechnology industry; research in the field of ecology; custom development of safe biological agent simulants for use in air quality measurement; IT programming services * in relation to the fields of sustainable practices, and cultural, entertainment and sporting events * ; application service provider (ASP), namely, hosting computer software applications of others * in relation to the fields of sustainable practices, and cultural, entertainment and sporting events * ; software as a service (SAAS) services, featuring software for use in database management * in relation to the fields of sustainable practices, and cultural, entertainment and sporting events * ; rental of software * in relation to the fields of sustainable practices, and cultural, entertainment and sporting events * ; natural science services, namely, biological research * ; all of the aforementioned excluding industrial research and analysis services in relation to vehicles and their parts; all of the aforementioned services in the field of disposable materials, recycling, waste treatment, energy and environmental technology *

CLASS 44: Medical services; animal healthcare services; human hygiene and beauty care; hygienic and beauty care for animals; pest control services for agriculture, horticulture and forestry; farming services in the field of fruits and vegetables; tree planting for carbon offsetting purposes; providing online information about agriculture, horticulture, and forestry services; advisory and consultancy services relating to the use of non-chemical treatments for sustainable agriculture and horticulture

The color(s) dark blue, white and green is/are claimed as a feature of the mark.

The mark consists of the stylized dark blue wording "pre zero", with "pre" appearing above "zero". An incomplete green rectangle with two rounded corners forms a stylized leaf design that partly surrounds the letter "o" in "zero" and appears to the right of "pre". The wording and leaf design appear on a white background that is a feature of the mark.

PRIORITY DATE OF 01-04-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1505032 DATED 07-04-2019,
EXPIRES 07-04-2029

SER. NO. 79-274,680, FILED 07-04-2019

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
